We've been having trouble with our telephone bills here at the office the past couple of months.

Last month we had a phone call charged to us to Japan in the amount of about \$50.00 and since we do not have a foreign correspondent in Japan, we declined to pay it.

This month, there were three calls to Memphis, Tenn. all on the same day, all for the same amount, and since we don't have any suppliers in Memphis, I decided to check with the phone company. Come to find out the calls were made from a third station charging the calls to our number. When I inquired as to whom the calls were made, the telephone lady checked and the number was "Swinger's Hotline" in Memphis. I haven't been able to find a swinger around here that will admit to these calls, but if you need their number I have it.

I certainly need some clean up done around my yard and I would appreciate it if whoever throws the beer cans, etc. in my yard would refrain from
