

Gruver To Vote On School

Junior Choir To Sing In State Festival

The Junior Choir of the First Baptist Church in Spearman will represent this area in the State Music Festival at Wichita Falls this weekend.

The choir, under the direction of Richard Fancher, Music and Educational Director, received this honor by being a "Superior" choir in the district Music Festival at Borger in March.

Sixteen choir members and five adults will leave here Friday at 5:30 p. m. and return sometime Saturday night.

Choir members making the trip are Deborah Hazelwood, David Holland, Donnie Mach, Richard Mach, Mark Massie, Betty Mathis, Patty Mathis, Susan Uptergrove, Glenda Adkison, Carol Gray, Sherri Guthrie, Truitt Gates, Tim Fisher, Jackie Word, Lynn Stafford and Benny McCullough.

Sponsors for the trip will be Mr. and Mrs. Richard Fancher, Mrs. Pete Fisher, Mrs. Bill Massie and Mrs. Willie Mathis.

2 Boys Going To State Meet

Two Hansford County boys will be in Austin competing in the Interscholastic League Spring State Meet.

Wesley Jarvis of Spearman High School will be competing in the prose interpretation event of the literary meet. Wesley Eddleman of Gruver will be entered in the 100 yard dash track event.

Jarvis is going to need the "running ability" to compete. He is going to be in Enid, Okla., with the Lynx Band in the Tri-State Music Festival and will have to fly to Austin to compete in the state meet, then return to Enid for the band competition.

Jarvis placed first in the regional meet in Lubbock. Eddleman ran his best time of the year, 10 seconds in the 100, to qualify for the state event.

Wheat Meeting

A wheat program meeting will be held in Gruver at 7:30 p. m. Friday in the Memorial Building Ellzey Vanderburg, County ASC Office Manager and County Agent Robert Adamson will conduct the meeting.

VISITING SHRINERS---Spearman Shrine Club President Gene Cudd, left, greets Khiva Shrine Temple Potentate Al Whitaker, Oriental Guide Dick Roberts, and President of the Patrol Charlie Pinkston. The three men visited the Spearman Club last week.

Morse Wins District Community Contest

Months of hard work by Morse residents, both young and old, has made it the most improved community in the Panhandle area.

This was the opinion of the judges in the Texas Community Improvement Program after they visited the community last week.

Morse was selected as the District I winner in the contest and will now be entered in the state contest. The state contest judging will be done May 20-31.

In past years the record books from all of the district community winners are studied by the judges, then the top communities are visited by a state judging team.

The judges in the contest were taken on a tour of the community including stops at the new park, new community center, and the newly remodeled home of the Earl Hendersons.

The youth of the community were the leaders in the improvement program. They presented the reports on the community progress. The report meeting was held in the new community building.

Refreshments were served at the Methodist Church by the Women's Society of Christian Service.

For winning the district con-

test the Morse Community was awarded a \$100 cash award by the Texas Power and Light Co.

Fire Department Seeks Volunteers

The City of Spearman is now taking applications for membership on the Volunteer Fire Department.

Anyone who would like to serve on the organization is asked to turn in his application to the City Hall.

A new plan for fighting rural fires is being implemented by the city and county. The county is purchasing a small fire truck designed to fight grass fires and it will be operated by county appointed firemen. The city will help only when asked. During the past week the fire department fought five fires. There were three grass fires, one was a small fire at a house and the fifth was a car fire.

The largest grass fire was at Morse where approximately three-quarters of a section of grass was burned.

Senior Party Monday

The Time for Fun Party will be held in the Home Demonstration Club room on North Bernice at 7:30 p. m. Monday.

The Jonquil Flower Club will be host for the occasion.

37 4-H Members In District Meet

Thirty-seven Hansford 4-H members will enter the district demonstrations and share-the-fun elimination contest Saturday in Canyon.

The group is made up of all the different winners in the county contests held last Saturday in Morse. (See County Agent's column for county winners.)

Both the junior and senior winners will be competing for district honors. Winners in the senior division will compete in the state 4-H demonstration contests.

Judges and 4-H leaders said the demonstrations and acts presented this year represented some of the best work done by 4-H members in many years.

Youth Clinic Precedes Revival

A Youth Soul Winning Clinic will be held Saturday, April 27 at the First Baptist Church in Gruver.

The meetings will begin at 6:30 with a conference on "Study Plans of Salvation". The other meetings, beginning at 7:15, are "Questions and Answers with the Bible", 8:00, "Soul Winning Skit", 8:15, "Movie on Witnessing" and 9:00, "Prayer for the Revival".

The revival begins Sunday, April 29 and lasts through May 5.

\$575,000 Bond Issue Election Set May 4

Gruver school district voters are being asked to provide the money needed for facilities to meet the needs of a rapidly increasing school enrollment.

A bond election on May 4, will decide if Gruver is to

have a new high school and other improvements of the facilities on its large school campus.

A \$575,000 bond election has been called for the construction of a new high school, band house, and field house, renovating the gymnasium, enlarging the school cafeteria, building a new athletic stadium and field lighting system, and making some changes in the present high school building.

The new high school building will have 10 classrooms with laboratories and homemaking department.

Supt. W. H. Willoughby said the new building will relieve the crowded conditions in some areas of instruction in the high school and allow more sections in each subject. At the present time the high school is overcrowded in the English, Math and Science departments.

The Greyhound Band has completely outgrown its present band house at the rear of the auditorium building. Willoughby said band director Larry Sparks has 125 band students and his band house is designed for 40. The band has to practice in the auditorium.

A fieldhouse will be built at the football stadium where a new stadium will be constructed and also a seven-foot fence will be built around the park. New lights will also be put on the field.

The small high school cafeteria will be enlarged from its present capacity of 100 to 150 and other remodeling will be done on the present building.

The gym will have the dressing room facilities remodeled and the front entrance corridor will be renovated.

Willoughby said the requested facilities will allow the school to be ready for the increasing number of students enrolling in the Gruver School each year.

With no new students coming in, the enrollment at the school is increasing by about 30 students per year. With just the present elementary students Gruver High School will have 220 students by 1967.

The superintendent said there had been no decrease in enrollment in several years. Even when several families living at the plants in the north part of the district moved to Guymon, the Gruver enrollment increased.

Farm Bureau Plans Building

Hansford County's Farm Bureau organization will start construction soon on a new office building on Davis Street, just north of its present office.

The building will have a 70 foot front and will be 60 feet deep. It will have off-street parking for the people transacting business and working in the offices in the building.

One side of the building will be occupied by the Farm Bureau Insurance office and meeting rooms for the Farm Bureau.

Other offices will be rented by the Chamber of Commerce and the Credit Bureau. There will be other office space available.

The Farm Bureau board of directors voted this week to go ahead with building the structure.

Donkey Basketball Here Friday Night

If you like more comedy and fewer baskets in your basketball, then you will want to see the Donkey Basketball game Friday night at the old High School Gym.

The game is being sponsored by the Veterans of Foreign Wars and will start at 8 p. m.

Besides the game, there will be races on mechanical donkeys and trick donkey acts between quarters of the game.

If you have never seen this funniest kind of basketball, then you are in for a treat.

Riding Club Plans Auction Saturday

The Spearman Riding Club is holding a public auction at 7:30 p. m. Saturday at the football field.

Anyone wishing to donate articles to be auctioned is asked to call the Hobi-Den and a wagon will come around to pick up the items.

The Modern Woman

"Man, have you taken a close look at your wife lately? According to TV commercials, the American woman is plagued by tired blood and denture breath, the laxative habit, and lower back pains, not to mention clogged sinuses; rough red hands and whiskered legs. Her hair is dull, her scalp is itchy, her eyes are lifeless, her pores are enlarged and her skin is dry. She's cursed by three-way headaches and remedies that completely ignore her cranial control center.

"Her stomach valve keeps letting out more A's than B's, and stomach acid keeps burning holes in her near-white handkerchiefs. She's never really clean and still feels only half-safe.

"Is it any wonder she's sometimes a little grumpy when you come home from work?"

Drivers Must Learn

Many Spearman drivers must learn new driving patterns or the super abundance of stop signs will produce the opposite of the desired effects.

In the past several weeks an entirely new traffic pattern has been set up by the city police department. By the use of many stop signs, the old pattern of through streets have been completely changed. Streets that were once the "main drags" have now yielded to what were "stop streets".

Although the traffic pattern has been changed on the streets, it has not changed in many local drivers minds. Many, who have driven the streets until they can drive them by almost remote control, are finding the new stop

signs to be surprises. And, many times, when pre-occupied, the drivers fail to observe the new stops.

Until everyone has the time to get their local driving radar re-adjusted, it is a good plan when driving on new through streets to approach the old through street with caution. Be prepared to stop, just in case someone in another car is still driving on the old traffic pattern.

You might win the lawsuit for damages, but who wants to go to all the trouble.

NOTICE

The Executive Board of the Parent-Teachers Association County Council will meet Friday April 26 at 3 p. m. in the school cafeteria.

It may be a little early to talk about vacations, but it is not too early to discuss possibilities for vacations. What started us to thinking along this line was a beautiful color booklet we received from the Texas Department of Public Safety about the Texas Fun-tier.

You know this old sprawling State of Texas has some real vacation spots in it. We never realized there were so many different places of interest over the state.

If Texas was as interested in developing its tourist attractions as some of our neighboring states are, there would be few places that could out-do us.

If you would like one of these beautiful books and also a fine road map with lots of pictures, you can write for one at the Travel Division, Texas Highway Department, Austin, Texas.

You'll be surprised at what there is to see in Texas.

We suppose there might be some prejudice connected with the following opinion, but we still have it.

After seeing many of the county art winners in the Panhandle

Texas cattlemen were pleased when Governor John Conally told them at their recent convention that something should be done about the large amounts of imported beef that were helping to depress prices on the US market.

According to a news story in Tuesday's San Antonio Light, the Department of Agriculture has issued a new order which requires that all frozen meat being received from Mexico must be thawed and inspected before it is cleared for shipment into this country. 300,000 pounds were held up at Laredo Monday. Those importing the meat are objecting, and according to the same story, Senator John G. Tower has asked the Department of Agriculture for an explanation.

Senator Tower needs to be working up a story that he can pass on to Texas ranchers who may be wondering why anybody would need an explanation when the USDA does something that slows down the importation of beef.

A Sense of Humor

What is the greatest of gifts, in the field of an individuals' personality? In our opinion, the greatest is the sense of humor that produces the contagious smile, the genuine laugh.

A smile and a laugh can achieve what the greatest exertion often fails to accomplish. It can set the mood at a meeting, or in a group, and it can bring about a warm response quicker than anything else.

Have you ever wondered why you enjoy being around certain people, while you dread the sight of others? Maybe it is because you enjoy the company of the former and you enjoy it because they are pleasant and bring you pleasure.

The person with a sense of humor, who can laugh at himself as well as others, possesses a matchless gift. He will live longer, he will get more out of life, and he will go further. He can make friends readily, and will usually be good company.

Try cultivating a genuine smile and a gentle affection for people to go along with it, and you will soon be amazed at the results. And if you do not have a finely developed sense of humor, and are all business, for example, try cultivating a sense of humor.

Do not put it off! The longer you wait in life the harder it is to develop that neglected sense of humor. And of all the personality traits, the most valuable by far, (after personal integrity of course) is the ready smile, the genuine sense of humor.

Heritage Contest for historical pictures, we think Ray Kelly's entry for Hansford County is one of the best of the 40 winners selected from each county.

After looking at many of the winners in the Amarillo paper, it is our opinion that Ray's drawing was one of the best on both a technical and historical story basis.

The physical facilities for educating our youth took another step forward this week. The Gruver School is putting a bond issue before the people of the

district for a new high school building and other improvements.

Some people are of the opinion that education is getting too expensive. As long as we are having to donate our tax money to every two-bit nation around the world to squander, and millions to support non-workers here at home, then we are not spending too much on the education of our children.

Every dollar spent for local and school taxes is just a few dollars less that can go into the federal wastebasket.

THE MORSE CODE

Mr. and Mrs. Robin Giblin of Morse were honored with an open house on their 25th wedding anniversary Sunday. The daughter of the Giblins, Mrs. David Reid, and the sister of Mr. Giblin, Mrs. Frank Womble of Dalhart were hostesses.

The serving table was covered with a white linen cloth and centered with an arrangement of blue carnations flanked by candles. A silver punch bowl and crystal appointments completed the table arrangement.

Mrs. Giblin wore a corsage of blue carnations.

Presiding at the serving table were Mrs. Leroy Smith of Perryton, sister of the honoree, and Mrs. Monte Harbour of Spearman, sister-in-law of Mrs. Giblin.

Many people called during the receiving hours. Attending

from out of town were Mr. and Mrs. Virgil Turner of Sunray, Mrs. Gloria Souders of Cactus, Mr. and Mrs. Bill Sloan of Dumas, Mr. and Mrs. Dane Cambren and Cindy of Pampa, Mrs. Ben Foster, Mr. and Mrs. W. T. Womble, and Mr. and Mrs. Ernest Leib of Stinnett; Mr. and Mrs. Ira Harbour of Spearman, Mrs. Ella Womble of Dalhart, Mr. and Mrs. Jack Giblin and Mr. and Mrs. Jerry Womble of Goodwell, Okla.

Morse Grade School was host to the tract meet for the North Plains Grade School Meet Friday of last week.

In the 7 and 8 grades Plemons placed first with 48 points, Morse second with 29½; Bivins third with 26; Waka fourth with 17 points; Springcreek fifth with 8 and Pringle sixth with 6½ points.

Students from Morse placing

in this division were shot put, Mike Johnson, fifth; high jump, Don Kelly, fourth; pull-ups, Philip Fleming, tied for first; Bill McCloy, third in same event, broad jump, Eddie Papay, fourth; 100 yard dash, Eddie Papay, second, Alva Henderson, fifth; 75 yard dash, Eddie Papay first and Bill McCloy fifth; 50 yard dash Bill McCloy, third, Alva Henderson, fourth and Bobby Womble fifth.

In grades 5 & 6 Bivins was high point school with 51; Morse second with 39; Springcreek third with 18; Plemons fourth with 16; Waka fifth with five and Pringle sixth with 4.

Morse students placing in this division were 440 relay, second, composed of Jimmy Dale Womble, J. D. Schick and Mark and Monte McCloy; 100 dash, J. D. Schick, first; 75 dash, Mark McCloy, first and J. D. Schick third; pullups, Mark McCloy, second; broad jump, J. D. Schick first and Monte McCloy, fifth; 50 yard jump, Mark McCloy first and Monte McCloy fifth and Monte McCloy fourth in high jump.

Another request was made for a pay telephone booth to be located somewhere in the town of Morse. Many instances of people desiring to use a phone at night or using someones phone and failing to pay the long distance charges were cited.

Turner agreed that the people did have a problem and a just cause for concern and stated he would help to solve the problems in any way that he could. He is to let Gene Brothers know of his findings in the near future.

WSCS of the Morse Methodist church met Wednesday afternoon at the church to hear a guest speaker, Mrs. Lou Wanda Allred of Buenavista, speak on "World Federation of Methodist Women," Mrs. Allred is president of the WSCS at Buenavista.

Mmes. Gene Dixon and Lynn Davis presented the devotional. Those attending were Mmes. Jack Johnson, Jim Hensley, M. W. McCloy, H. H. Jones, Pearl Dixon, Lynn Davis, Gene Dixon and the guest Mrs. Allred.

Paul Preall of the Morse Lion's club was elected as a director of the Hi-Plains Eye Bank at the District 2-T convention held in Shamrock over the weekend.

Attending the convention from Morse were Mr. and Mrs. Paul Preall and Mr. and Mrs. H. B. Parks, Sharon Parks represented the Morse Lions in the queen's contest.

The Morse Cafe is now open for business. This is a welcome addition to the town of Morse. Mr. and Mrs. Jones are running the cafe, with the assistance of a lady from Stinnett.

Misses Patricia Henderson and Mary Lee Jackson were presented in a piano recital at the Morse Baptist church Sunday afternoon by their teacher, Mrs. Rita Kirby of Borger.

Misses Peggy Giblin and Barbara Hiller of Morse attended the Texas Girls' Auxiliary Queen's Court held at the Municipal Auditorium in Amarillo over the weekend.

The theme of the Court was "You Are Witnesses" and several noted Baptist leaders were featured speakers during the sessions.

Several hundred girls, 13 through 15 years of age, with their sponsors from the Plains area gathered in Amarillo for the opening session Friday night. Miss Gloria Price sponsored the girls from Morse.

Morse Stage band will present a program Monday night at 7:30 in the school auditorium. The band is under the direction of C. A. Bundrant. The public is invited.

Morse had a grass fire on Saturday and Sunday that required the services of the Gruver fire department to extinguish.

The fire originally broke out late Saturday afternoon along the Rock Island right of way. This fire was soon extinguished but on Sunday the high winds fanned some of the smoldering matter into flames again and the fire burned about two miles north of town on the Pearl Dixon place before fire fighters were able to control the flames.

The Morse Community was host to the district judges of the Texas Community Improvement contest this past Wednesday. Mrs. Joyce Curtis, home economist for Southwestern Public Service, and Bob Angelie of KGNC of Amarillo were judges for the contest. They were accompanied by Miss Edith Lois Wilson,

district home demonstration agent.

The judges were taken on a tour of the community and then met with the junior leaders and adult representatives of the community improvement group to hear the reports. Those giving reports were Mike Johnson, Judy Gillispie and Sylvia Parks on the telephone project; David Johnson on the rural directory; Sharon Parks and Patricia Henderson on the community building; Delbert McCloy on the park; and Alax Dixon on the cleanup project. Allen McCloy, chairman, presided over the meeting and told how the interest in the contest began. Judy Reiswig and Peggy Giblin summarized all of the projects in a demonstration at the conclusion of the program. Suzanne Dixon led the pledges.

The WSCS served the group refreshments at the Methodist Church.

On Tuesday night a group meeting was held at the school auditorium for people interested in securing a telephone or getting better service. Richard Turner, manager of Southwestern Bell Telephone, was present to answer questions.

There are a number of people living right in Morse who do not have telephone service at the present time and this was one of the problems discussed. Mr. Turner stated that if eight people could be secured who want telephones, then they would be put in free of charge, otherwise less than eight would have to pay some construction charge.

Another problem was that of eight party lines with which Morse is serviced. Citizens informed the manager that it was almost impossible to make business calls and it was difficult to use the phone in case of an emergency.

Stewardship Week Theme Is Challenge of The Future

By Donald A. Williams

"We Turn Our Eyes to the Future" is a fitting theme for the observance of Soil Stewardship Week, May 19 through 26, for we face major decisions as to the management of our soil and water in a swiftly changing pattern of land use. What we decide today will have far-reaching effects tomorrow.

Soil Stewardship Week is a time to reflect on the pleasures and benefits we derive for God's life-giving gifts of soil and

water. It is a time to remember that these gifts were given to us for continuing use--not just for today. That they were bestowed on all of us--not just a few. That we all are utterly dependent on them for our very existence to say nothing of our standard of living.

These are the material things. We should never cease to be grateful also for the richness that land and water add to our lives. What greater source of inner pleasure and serenity has our Creator given us than a beautiful landscape or a rippling stream? We have been blessed with much, and much is expected of us as stewards of these blessings.

Today we are placing more demands on our land and water resources than ever before. New housing spreads out from cities into once-agricultural lands. New industries look for locations where water is plentiful. Nonfarm folks look for open, green places for recreation and relaxation. Air conditioning systems and other improvements call for increasing amounts of water. These plus demands not yet envisioned provide the challenges and opportunities.

It is up to us, as good stewards, to develop the potential richness of our soil and water resources. Conserve them we

must, but conserving them means using them to fulfill our needs. Future generations will thus be grateful for the blessings that have been ours and are theirs.

Land owners and operators in the more than 2,900 soil and water conservation districts across the Nation are looking to the future. They have broadened their concepts to include resource conservation planning for community-wide benefits. Urban people, too, are coming to recognize their direct role in resource development and are joining the team.

We have been endowed with a great trust. All of us--not just a few of us--have the responsibility for stewardship and to plan for our needs for today and the future.

Morse P-TA Closes Year

Morse PTA met for its final meeting of the year Monday night.

The controversial PTA ballot was discussed at the business meeting. The executive committee presented a recommendation stating the Morse PTA return the ballot unmarked with a letter of explanation stating the Morse PTA is opposed to federal aid and believes the PTA should not enter into anything political.

Payroll

When the Bonham Cotton Mill announced it would close its doors finally in early 1962, that North Texas city stood to lose a 61-year old industry with a \$14,000 weekly payroll.

Bonham's vigorous enterprise in the face of crisis is another reason we say big things are happening in General Telephone towns.

Aggressive citizens of the 7357 population community arose to the emergency. Today, little more than a year later, Red River Textile Mill, Inc., is not only continuing the operation of its predecessor, but is talking plans for an eventual major expansion.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

Flower Show Planned To Highlight Celebration

The annual Flower Show sponsored by the Delphinium Flower Club will be held May 10 at the fellowship hall of the First Christian Church. This will be on Friday, the first day of the Spearman Celebration, and will be open to the public from 2:00 p. m. to 6:30 p. m. All guests will be welcome, come as you are "in your western regalia", and share the beauty of this Flower Show.

Mrs. Seibert Worley of Shamrock came Monday evening for a few days visit with her sister, Mr. and Mrs. Winfred Lewis.

Mr. and Mrs. Lee Keys spent from Thursday till Sunday visiting her parents and brother at Ponca City, and her brother in Wichita, Kans.

Mr. and Mrs. Canara Carruth and son, and his mother, Mrs. Willie Carruth, of Pampa were Sunday afternoon visitors of Mr. and Mrs. Garrett Allen. The Carruths were former residents of Spearman many years ago.

Many parents of the Band members of the High School band met Sunday afternoon at the High School to discuss and make plans for transportation for the band to Enid, Okla. on May 1.

The theme of the show this year will be "The Music of the Flowers". The Iris will be featured, and everyone may vote on their favorite Iris shown. American Iris Society ribbons will be given for the first, second and third place winners in both the horticultural and arrangement classes. Sweepstakes rosettes will be presented. These awards and the meals for the judges will be through the courtesy of the local TG&Y Co. Door prizes will also be given.

Accredited Federated Flower Show judges from out-of-town will judge the show.

DAY BY DAY

BY DAY Mc CLELLAN

How is it that the days pass so slowly when you're very young and then race by like quicksilver after you pass 21?

I know April must be slipping away because there are only 15 more days until the floats must be ready for the celebration parade. That's the "deadline" that haunts my thoughts and dreams and occupies nearly every waking moment.

I was feeling sorry for myself and my committee until the minutes of our sorority meeting were read and I realized who made the motion to build a float.

That's always my weakest moment, when civic-mindedness overcomes the real down-to-earth realization that hours and hours and hours of planning and work go into building anything from scratch.

In the meantime, I guess my

committee will have numerous meetings and countless cups of coffee as we try to envision how crepe paper and paint and boards and nails can be assembled to give some impression of fiesta time, the parade theme.

It sounds as if the Hansford County Celebration is really going to be better this year than ever. There are several added attractions including even a flower show.

It really wasn't planned as a celebration event but the women of the Delphinium Flower Club always stage a flower show in May and usually have a crowd of both local people and out-of-towners. It seemed wise to combine it with the celebration events this year to draw a bigger crowd for the

show and also to give the celebration an added dimension.

The flower show will be at the First Christian Church Friday, May 10 from 2 until 6:30 p. m.

The public will be invited and I assure you, it's thoroughly enjoyable even to someone like me. (I only grow grass in the flower beds and weeds in the lawn.)

If you've seen two somewhat "Aged" children riding around town on rickety bicycles the past week, you'll understand why two publishers I know have strained leg muscles this week. They were really enjoying themselves until a little girl about five years old yelled out "Looky there, you mean you ride a bicycle!"

Tommy Taylor of Englewood, Colo. visited his parents the Jack Taylors over the weekend. Tommy is field engineer for IBM out of Denver.

H D Clubs Celebrate Anniversary

The twenty-fifth anniversary of Home Demonstration Clubs in Hansford County will be celebrated Monday, April 29.

The celebration will begin at 2 p. m. in the club room and the public is invited to attend.

The highlight of the meeting will be a book review "The Man Who Spoke the Truth" given by Mrs. Birdine Crawford.

Charter and 25 year members will be introduced.

The five home demonstration clubs in Hansford County are the Spearman Club, the Hansford Club, the Happy Homes club, the Town and Country club and the Morse Club.

Mrs. Barbara Kenney is the county's home demonstration agent.

Some new ovens have removable doors — to make cleaning easier. And they have no cracks or crevices to harbor grease and grime.

Engaged

Mr. and Mrs. J.C. Cluck of Gruver announce the engagement and approaching marriage of their daughter, Marianna Lee to Dr. James Otis Lively, Jr., son of Mr. and Mrs. J.C. Lively of Navasota. The ceremony will take place in the First Baptist Church of Gruver at 7:00 p. m. July 6.

The bride-elect is a graduate of Gruver High School and is a senior student at TCU and Harris College of Nursing in Fort Worth. The bridegroom is a 1962 graduate of Texas A&M School of Veterinary Medicine and is now 1st. Lieutenant in the U.S.A.F. at March Air Force Base, Riverside, Calif.

Expected guests in the home of Mr. and Mrs. Johnnie Lee and Mrs. Ralph Maglaughlin, Debbie and Wanda of Collinsville, and family on Saturday are Mr. and Mrs. Ralph Maglaughlin, Debbie and Wanda of Collinsville.
