Girls Capture Most 8th Grade Honors

Girls again captured a big share of the scholastic honors in the Eighth Grade of Spearman Junior High School.

Principal James Pendergraft announced Friday that Miss Toni Hudson is the Valedictorian of the graduating class, Miss Linnie Bollinger is Salutatorian and James Lemons is the highest ranking boy.

Randy Collard was the only other boy to make the honor ranks. There were seven girls with averages of 90 or above.

Miss Hudson has an average of 94, Miss Bollinger's average is 93 and James Lemons had a 92. The other six students were bunched between

90 and 92.

The six remaining honor students are Marilyn Blodgett, Barbara Bramlett, Randy Collard, Debra Largent, Sue Sloan and Connie Trindle.

The valedictorian is the daughter of Mr. and Mrs. Dick Hudson and she has attended Spearman schools since she was in the second grade.

Miss Bollinger is the daughter of the Rev. and Mrs. George Bollinger and she has been in the Spearman schools since mid-term in the sixth grade.

Lemons is a first year student in Spearman. He attended Muleshoe before moving to Spearman. He is the son of Mr. and Mrs. Louis Lemons.

All of the remaining honor students, with the exception of Barbara Bramlett, have been educated in the Spearman schools.

Randy Collard is the son of Mr. and Mrs. George Collard.

Sue Sloan is the daughter of Mr. and Mrs. Troy Sloan.

Connie Trindle is the daughter of Mr. and Mrs. John Trindle.

Marilyn Blodgett is the daughter of Mr. and Mrs. Ralph Blodgett.

Debra Largent is the daughter of Mr. and Mrs. F. J. Largent.

Barbara Bramlett is the daughter of Mr. and Mrs. James Bramlett. She attended the sixth, seventh and eighth grades in Spearman. She moved here from Albany.

SUNDAY, APRIL 25, 1965

Mercury Plunges After Hot Flash

It was a short summer! Most Hansford County residents were hunting their coats and wondering where summer went Saturday morning as the temperatures dropped into the cold range after being hot for the past few days.

At noon Saturday, the tem-

perature stood at a cold, windy, 45 degrees with a very light mist falling occasionally.

The cold front and heavy overcast came on the heels of very unseasonably hot weather that had people trying to remember when they had experienced such a hot April.

Thursday the mercury here climbed to a probable April record of 97 degrees.

The high temperature had set the irrigation of wheat behind schedule and many farmers said they were having trouble keeping up with the rapidly growing crops' demand for water.

Dryland wheat is in serious need of more moisture as the high temperatures sapped the submoisture.

THE TALL TEXAN

"The people in Spearman do a lot of complaining about their school and what it costs, but they just don't know how good a school they have."

That is the way a man who has lived here about one year sums up his feelings about the local educational system.

My boy has made good grades this year, he said, but he has had a really work for them. Where we lived last year he just fooled around and made better grades than here, but he was not learning anything."

"The school is why I came to Spearman to work," the man stated.

Now, teachers, administrators and school board members, you know that your work is appreciated.

Some of you may not appreciate this unseasonably hot weather, but we do. After our remarks Thursday about class reunions, it would ordinarily be cold sleeping out back in the dog house. We do not have a dog house.

Our nomination for the "Talking when you should be listening" award this week goes to Lew Fitzgerald, manager of the Amarillo Sonics.

Wednesday he told a luncheon meeting that "The Amarillo Sonics are going to improve and win the close games."

That night the team went out and got smashed about 14 to five.

Well, he did not mention the one-sided affairs.

Conrey Youngster Recovering From Heart Surgery

Calvin Conrey will be released from the Children's Hospital in Fort Worth early this week after undergoing heart surgery April 16.

The boy is the six-year-old son of Mr. and Mrs. Ken Conrey, formerly of Spearman and now of Weatherford.

Surgeons at the hospital did a coarctation of the aorta operation on the boy. In laymen's terms, this is the removal of growths on the inside of the large main artery near the heart.

The problem was found by a local physician shortly before the Conreys moved from Spearman, but they delayed surgery until they completed their move to Weatherford.

Musicians Going To Tri-State

More than half of the students in Spearman High School will be in Enid, Okla. late this week for the Tri-State Music Festival.

The 160-piece Lynx Band and sponsors will leave Spearman Wednesday. The 85-voice Choir will go to the festival Thursday.

HONOR STUDENTS- These five students all had averages above 90 and are honor students of the Spearman Eighth Grade class. They are (left-right) Sue Sloan, Marilyn Blodgett, Debra Largent and Randy Collard. The sixth student, Barbara Bramlett was not available for a photograph. Plainsman photo

Mule Train Rolls Wednesday For Three-Day Guymon Trip

Spearman's Rolling Plains Mule Train will roll out of Spearman with 17 to 20 wagons at 9 a.m. Wednesday on the first trip of the 1965 trail season.

The train will be making a short three-day run to Guymon for the Pioneer Days Celebration of the Oklahoma Panhandle.

Besides the wagons there will be numerous outriders making the trip through Gruver to Guymon.

Train members will be camping three nights while they are on the trip. They will camp twice on the road and one night at the Fairgrounds in Guymon.

Zebbies Barbecue of Pampa will cater the trip and be serving evening meals to all who want to eat with the train.

There will be entertainment both nights at the campsite for members of the train and guests.

John Wade of Stinnett will be the Wagonmaster for this trip. He was assistant wagonmaster, then moved up when Gerald

Hoffman moved away.

This year the wagon train will be a featured part of the Pioneer Day Parade Saturday.

For the trip the train will form on the east side of the courthouse in Spearman, parade up Main and then be on the road to Gruver.

Thursday they will go on the Coldwater Creek and camp there. Friday, the train will

make the last six miles to Guymon, be there all day and then Saturday, take part in the parade and celebration.

This year's big trip for the Mule Train will be in June when they make a 20-day trip to Oklahoma City for the dedication of the Cowboy Hall of Fame.

No Results On Regional

No results from the Regional Interscholastic League athletic and literary contests in Lubbock were not known at press time Saturday.

Spearman had 19 students competing in the Regional activities. There were 16 students in literary events, two in tennis and one in track events.

Riding Club Will Elect Officers

Spearman's Riding Club will meet in the dining room of Miller's Cafe at 7:30 p.m. Tuesday to elect officers for this year. Memberships for this year will also be taken at the meeting.

Anyone wishing to take part in the club's summer activities is invited to join. The dues are \$10 for a family plus \$5 for each child over 12. Individual memberships are \$5.

Four Taken To Prison

Sheriff J. B. Cooke took four prisoners to the state prison in Huntsville Friday.

Three of the men were sentenced in District Court Wednesday afternoon and one had been sentenced earlier.

The four men are Pedro Garcia, Claude Cahill, J.C. McClendon and Buck Seitz.

Garcia will begin serving two terms to run concurrently. He received a 10-year inchoate exposure before a minor and 20-year sentence for assault with intent to rape.

Cahill received a three-year sentence for forgery. He pleaded guilty to forging four checks on a Spearman man.

J. C. McClendon had a three year probation revoked Thursday and was sent to prison to serve the sentence. He received the sentence on Sept. 20, 1963. The probation was revoked after he was arrested and convicted for driving while intoxicated.

Buck Seitz had been convicted earlier for forgery.

Sheriff Cooke was accompanied to Huntsville by Bruce Sheets.

Library Sets Open House

Open house will be held Tuesday and Tuesday night in the Spearman High School Library as part of the observance of National Library Week.

Miss Dorothy Roden, high school librarian extended an invitation to everyone to visit the school Tuesday and see the students using the library facilities of the school.

Miss Roden said everyone is invited to visit the High School and Junior High libraries any day during the week.

The hours Tuesday will be from 8 a.m. until 4 p.m. and from 7 p.m. until 9 p.m.

Control Building To Be Shown In Palo Duro

The new control building in the Pioneer Amphitheatre in the Palo Duro Canyon State Park will be open for inspection Sunday, April 25 from 7 to 9:30 p.m. The building houses some of the finest sound and light equipment which has ever been used in such an installation, and is equipped to create whatever sound and light effects are desired in the theatre. The control building is sealed to prevent dust, and carpeted to absorb sound. This is an interesting place to visit.

Members of the board of the Texas Panhandle Heritage Foundation will receive visitors between seven and nine to direct them and answer questions and the public is cordially invited to attend. The only charge will be the regular park gate admission fee of \$1 per car.

This will be the only occasion on which visitors will be admitted to the light and sound building while the equipment is in use, to see how the storms, and echos and lighting effects are produced.

The equipment is being put in readiness for the show which will be in the theatre this summer from June 17th through Sept. 6 every night except Tuesdays "Thundering Sounds of the West".

Wheatheart Entertainment Series Begins Ticket Sales Campaign

The officers of the recently organized Wheatheart Entertainment Series have set the two week period beginning April 19 as a ticket sale campaign designed to finance three appearances of outstanding live entertainment for the Perryton area this fall.

Two entertainment groups have already been booked for fall dates. On October 30, Stan Freeman, pianist from New York, will appear. The first half of his program will be devoted to lighter classical selections, while the second half is strictly comedy, Victor Borge style. Freeman has received rave notices from all parts of the country.

The Levee Singers, popular group from Dallas, are booked for November 19. They regularly perform in The Levee Club in Dallas and have appeared on such television programs as Ed Sullivan and the Tonight Show.

The third concert, which will be a large classical group either vocal or instrumental, will be lined up at the close of the membership drive. All of the programs will be at 8 p.m. in the Perryton High School Auditorium.

The season ticket campaign will close at the end of the two weeks period and the mem-

berships will be closed. There will be no tickets sold at the door this fall.

Tickets are priced at \$8 for adults and \$4 for students and the season ticket entitles the

holder to attend all three concerts.

The officers of the Series include George Mather, Perryton Junior High Choral Director, president; Dr. Eugene Waide, vice president; Mrs. Giltner LaMaster, secretary; Harold Hudson, publisher of the Ochiltree County Herald; Rev. Bill Johnston, Trinity Presbyterian minister; Miss Moina Caldwell, First National Bank; and Mrs. Henry Hale.

Those interested in tickets may call Mrs. Winfred Lewis at the Spearman Cable TV office, 3363; or Mrs. E.T. Read 2217. In Gruver, the representative is Mrs. Ralph Mathis.

Waka P-TA Receives Awards At District

Three awards were received by the Parent Teacher Association of Waka at the district meeting held in Shamrock April 12-13.

The Yearbook under Mrs. Bill Shelby as program chairman, received a Superior Rating which is the highest rating, and the Publicity Book received a Good Rating.

An "Award of Honor for Local Unit Achievement" rated an Excellent Rating. This was awarded for excellence in achieving and promoting the Objects and Policies of the National and Texas Congress of Parents and Teachers for the year 1964-65.

Mrs. David Wilson, local secretary and Mrs. Eldon Boese attended the meeting as delegates.

One reason people become quieter when older — they know no one is listening anyway.

A rummage sale is where you buy stuff from other people's attic to put in your own.

LAST CLEAN RIVER

The St. Croix River, convenient to Minneapolis and St. Paul, is the last large clean river near a major metropolitan area in the Midwest.

Men may come and go, and Empires may crumble, but the circus goes on forever.

The Fairyland circus will appear in Spearman, Texas on May 5 east of the courthouse under the auspices of the Spearman Lions Club.

The Fairyland circus this year presents its performance in a European style tent. WHERE EVERY SEAT IS A GOOD ONE AND NO EXTRA CHARGE FOR ANY SEAT.

The periodic visit of the circus is always like a visitor from another world, it is a creation of fact and fantasy, of experience and a tonic of perpetual youth. It produces an incomparable thrill and still continues in its unique ability to evoke delight, amazement, and incredulity.

The circus is the most ancient and persistently popular form of entertainment devised by man. And today it remains the only form of amusement that has never required a censor. It caters strictly to the family.

The Fairyland Circus does not lay any pretentious claims to being the largest circus in the world. But! They do maintain that they have spared neither time nor expense to make it the very best pices of the Spearman Lions Club.

Among the twenty big displays will be found such outstanding circus celebrities as; The Rawls (Disneyland) Kids, The Miller Military Ponies, the largest and the smallest performing Elephants in the world, Miss Louis and her canine pets, The Ricardos, Wild Animal subjugators, A Battalion of funny clowns. Monkeys galore, Cutie, the pony with the human brain, Bostocks educated chimpanzies, Basara and her beautiful Aerial Ballet. These and many others go to make the Fairyland circus the finest family show on the road. There will be two full and complete performances daily, at 4 p.m. and 8:30 p.m. The colorful midway and menagerie will open one hour prior to circus time.

Grain Producers Approve Continuation Of Current Law

Farmer-directors of the Grain Sorghum Producers Association at a meeting in Amarillo Tuesday, April 20, unanimously approved the continuation and extension of the current feed grain law.

The law provides for a program of diversion payments, price support loans and certificate payments for farmers who divert parts of their crop land from farm production. The action is in effect an endorsement of the program outlined by Secretary Freeman before Congress several days ago and it is now known as the Agricultural Act of 1965.

The directors also endorsed several changes asked by Freeman from the current operation of the law including:

Removal of a 20% minimum requirement for participation

in the program.

The number of certificates received by each farm to be based on the "projected farm yield" rather than the "normal yield."

The taking into account "the extent of participation by the producer" in determining the scale of payments, which in effect moved to a graduated scale rather than a fixed percentage of participation scale.

The permission for producers to have acreage devoted to soybeans considered as devoted to feed grains and still be eligible for feed grain payments within limits set by the Secretary.

The provision for distributing certificates on a "fair and equitable basis" instead of requiring them to be distributed on the basis of respective shares

between landlord and tenant, but added that the provision should not in any way alter the contractual agreement for the farm rental.

The establishing of a "tolerance" between sign up for participation in the program and slight errors in acreage planning.

The limitations of payments of 50% of the price support rate to be removed from the acreage diversion program.

A continuation of the current provision for permitting substitution of wheat and feed grain.

The grain sorghum growers took exception to the Secretary's request that soybeans be allowed to be planted on "diverted acres" from feed grains in that it was felt that he had adequate opportunity for ex-

panding soybean production from the provision allowing soybeans to be planted on feed grain acres.

The growers also agreed to request a "four year" Bill instead of the "two year" program asked by U.S.D.A. Officers of the GSPA have been invited and are scheduled to appear before the House Committee on Agriculture Wednesday, April 28, 1965.

In other business, GSPA endorsed U.S.D.A. continuing the present Uniform Grain Storage Agreement with country and terminal elevators in order that the current level of services being provided the farmers might be continued.

Mr. and Mrs. Troy Mays and children of Amarillo spent Easter Sunday with her parents, Mr. and Mrs. W. A. Ellsworth.

Mr. and Mrs. Harold Tucker and daughter of Oklahoma City spent the Easter weekend with Mr. and Mrs. M.D. McLaughlin.

Stripes are "in", some bold, some muted as in this smart shirt that makes the man look right in style. This silk shirt from Italy by Countess Mara.

Frank Phillips Tennis Tourney

April 29 Deadline

The last date to enter the Frank Phillips College Tennis Tournament is April 29. Drawings will be held at 6 that evening.

Send entries to: Tennis Tournament, Frank Phillips College, Borger, Texas.

Events include: Girls and Boys Singles and Doubles (16 and under). Men and women's Singles and Doubles (35 and under). Senior men's Singles and Doubles (over 35). Mixed Doubles, (All Ages).

Limit entries to three events in two age groups i.e. one person may enter two events, say boys Singles and Doubles and then one event in the men's age group, plus Mixed Doubles as a fourth event. Entry fee is \$2.50 per person for each event.

Trophies will be awarded to each individual winner of each event for first place, and second place will receive medals.

Mr. and Mrs. Wayne Ellsworth and girls spent the Easter weekend with her parents, Mr. and Mrs. Pester of Longdale, Okla.

Sports Favoring Patternless Coats

Unpatterned spring and summer sport coats have taken a definite upswing this year. Patternless wools, silks, cottons, linen blends, denims, and man-made fibers are among the season's new fashion leaders.

The plain shades, frequently with textured surface weaves, are made in both traditional and contemporary models and the colors range from deep navy blues and blacks to pale pastels and off-whites.

Men who favor the bright bold plaids, checks and stripes in their casual coats will find no lack of those, either. Brighter madras on lighter grounds, big district checks, blazer stripes and classic glen plaids are all present.

Traditionalists will like the newly developed combination weaves incorporating alternating tracks of seersucker and denim. Regular seersuckers will score again in both stripes and plaids.

Last, but far from unimportant, is a revival of the subtly colored and modestly patterned coats made of blends of polyesters with either worsted or cotton. These make fine travel coats and frequently find their way into the office on summer Fridays.

Mrs. Frank Allen, Mrs. R. A. McCrory and the latter's grandson, Mike Stewart went to Portales, N.M., over the Easter holidays to visit the women's mother and sister, Mrs. Susie Dacus and Miss Della Dacus.

Mr. and Mrs. Everett Tracy have spent the past two weeks in Corpus Christi and in Louisiana where he is looking after Horizon Gas interests.

Here's comfort and good looks in a stretch pullover ideal for all spring activity, at the tee or by the sea. This pullover is of polyester, cotton and Lycra spandex by Zero King.

Special stitch emphasizes the good looks of this light and airy spring sweater. It's Kodol blend with 65% mohair, by Brentwood.

10 BALES OF NEW
Eastman
PLASTIC TWINE

Eastman Plastic Twine has been thoroughly laboratory and field-tested for two years by Eastman Chemical Products, Inc., subsidiary of Eastman Kodak. Uniform in size, it ties more surely than natural-fiber twine, makes extra-strong knots. It is resistant to rot, mildew and weathering. Non-toxic to cattle. Rodents and insects don't like it. You can see it at your Case dealers, and if you buy a new Case 220 now, you'll get 10 bales free—enough to make 5000 14" x 18" x 36" bales.

TIE YOUR FIRST 5000 BALES FREE
if you buy a New **CASE 220 Sweep Feed** Baler now!

There's an important step forward in baler design too... Case 220 Sweep Feed. There are no leaf-shattering augers, kickers, or complicated drives. The single fork moves hay from pickup to bale chamber in one clean gentle sweep. The sweep fork is direct-connected to the plunger which helps eliminate over 50 conventional drive parts that might require service or adjustment. The 220 turns out 1200 firm, securely tied 14" x 18" bales in an easy afternoon's work. Yet it is priced within easy reach of the family-sized farm. Available with or without automatic bale launcher. See your Case dealer today. J. I. Case Co., Racine, Wisconsin.

There will be a meeting Wednesday night, April 28 at 9 p.m. All couples interested in bowling in the summer mixed league attend this meeting please

Military Look

Trench coats continue to find approval with fashion-minded men who like the smart military lines of those belted double-breasted models. These, too, are available in a wide range of fabrics and colors.

Public Invited To Attend Open House for Artists

An open house honoring Mrs. L.M. Womble and her art students will be held at Perry Memorial Library at Perryton Sunday (today) between the hours of 3 and 5 p.m.

Paintings of Mrs. Womble and her students have been or exhibit during April in the library.

New Spring Wardrobes Have 'Press and Stretch' Features

In the world of sports terms "press and stretch" are usually associated with weightlifters. However, in the field of men's wear they relate to the newest advancements in the construction of clothing, furnishings and sportswear.

Permanent press applied to suit trousers, slacks and rainwear needs little, if any, explanation of its advantages. The latest of the permanent press processes is baked into the garment after it has been tailored. It is said to be impervious to washing and dry cleaning and will even defeat the heaviest summer deluge. No need for unkempt, wrinkled pants or raincoats from this time on.

Stretch, introduced a year ago, has made rapid strides both in usage and acceptance.

Its most recent use has been in dress shirts where the expandable yarns give for extra collar comfort and also provide an expansion plus to the popular tapered shirt bodies.

Stretch also scores strongly in summer slacks. Here it offers the wanted trim look with added freedom of action. Stretch raincoats have a double value. First is the no-bind elasticity of the coat, second is the fabric itself.

The fabrics are woven at their greatest expanse, then allowed to contract to their normal width. This gives them a dense, highly compacted construction that, aided by water repellent treatments, helps in shedding the heaviest rains. So, stretch seems to have brought the answer to comfort with the pressed look.

Values for Tues. & Wed., April 27-28

DEKALB. Has the BIG HEAD

**The Kind
Farmers Like
and it's OPEN too!**

Those Big, Open Heads of DeKalb Sorghum allow early drying, early harvest. Open heads leave few places for insects to hide, or for molds to flourish.

DeKalb Sorghums are bred to stand straight for the combine, to put more grain in the hopper—sound, plump, heavy grain for top feeding value, or top prices.

**DEKALB.

LEADERS — These Seventh Grade students in Spearman Junior High School have been elected as officers for the Eighth Grade class this fall. They are (left-right) Dusty Field, treasurer; Karen Baggerly, secretary; Hazel Leslie, vice-president and Joe Bill Cochran, president.

QUALITY CERTIFIED— Decker out with officer's hat and shield, Lorna Dwyer helps "police" ceramic tile under a new Quality Certification program conducted by Tile Council of America. Triangular hallmark certifies that tile meets the highest quality standards of the U. S. government, including good size and shape, as demonstrated here.

Crawford Finishes Fort Eunice School

Second Lieutenant Mike Crawford has recently completed a transportation officers' orientation course at the Army Transportation School in Fort Eunice, Va.

He is the son of Mr. and Mrs. Cecil Crawford of Spearman and is a 1960 graduate of Spear-

man High School and a 1964 graduate of West Texas State University.

Crawford was student commanding officer of the ROTC unit at West Texas and was named the outstanding cadet while at the University.

While in the Army school, he received instruction in the duties and responsibilities of a transportation officer. He was also trained in operational procedures of transporting Army personnel and equipment.

MAJOR CITIES

There are 135 cities throughout the world which are either national capitals or have populations exceeding one million.

SETTLERS SOUGHT

Australia expects to attract 142,000 new settlers this year from Britain and Europe under its revised immigration policy.

Underripe? Watch 'Em

A stained berry container should be avoided when purchasing berries as this indicates wet or leaky berries. You want plump, solid berries of good color. Strawberries without caps may be too ripe. Blackberries and raspberries with caps clinging may be underripe.
