Poll Tax Drive Set Saturday

A door-to-door canvass will be made here Saturday in an effort to increase the sagging poll tax sales in the county.

Tuesday there had been only 650 poll taxes sold out of a possible 2,000 to 2,500 persons eligible to pay the tax and vote in the county.

Mrs. Emmett Sanders said the door-to-door campaign will be conducted from 10 until 11 a.m. Saturday.

More volunteers are needed to help with the work. Twelve people have agreed to help, but more are needed. The drive will last one hour.

Workers will meet at the tax office at 10 a.m. Saturday for instructions and to be issued receipts.

Anyone wishing to help with this drive should contact Mrs. Emmett Sanders.

The payment this year has fallen to the lowest point in many years, according to Sheriff J.B. Cooke.

A poll tax is not required for federal offices voting, but a person must get a receipt showing he has registered and not paid the tax.

This is election year in Texas. There will be elections for all state offices. Also, every seat in the Texas Senate and House of Representatives will be elected this year.

Locally there will be elections for the school board, city council and mayor, county and district clerk, justice of peace, county treasurer, county judge and county commissioners for precincts two and four. Also, county and precinct chairmen.

Poll taxes are also required for voting in bond elections.

Rig Accident Injures Man

An employee on a Moran drilling rig was injured Tuesday morning in an accident on the rig.

Bob Witcher of Perryton received chest injuries and head lacerations, according to the attending physician.

He was given treatment in Hansford Hospital, then taken to Amarillo for more extensive treatment.

Witcher was working on a Moran rig drilling on Gulf's Cox No. 1, four miles south of Gruver.

A piece of equipment struck the man on the face and chest.

Firm Moving To New Location

Burton Schubert is moving his business, Burton's TV, to a new location at 111 E. Kenneth this weekend.

Schubert has had the firm on Davis street behind the County ASC office.

The new location will give Schubert much more floor space, he said.

Schubert bought the building formerly occupied by Spearman Glass and Marine.

Schubert said his store would be closed Thursday, Friday and Saturday. He will open in his new location Monday.

F.F.A. --- These FFA boys, (left-right) Phillip Renner, Glenn Blodgett and Jock Lee will take their angus steers to the Amarillo Stock Show this week. Other local F.F.A. boys will enter about 40 barrows in the show.

March of Dimes Drive, Auction Will Be County-Wide Effort

Hansford County's drive for the March of Dimes will be a county-wide effort Sunday afternoon, campaign chairman Edward Dear announced this week.

The drive will consist of a radio-television auction and Mothers' Marches in Spearman, Gruver and Morse.

This year the annual March of Dimes Auction will be conducted from 2 until 6 p.m. on KBMF-FM radio and Channel Three of the Spearman Cable TV system.

Dear said the auction will consist of merchandise from the stores, paintings by local artists and cakes and pies.

The auction will be held in the junior high school cafeteria.

Safe Crackers Are Failures

It was a frustrating night for would-be safe crackers at Morse Tuesday night.

Burglars broke into the Equity Elevator office in Morse Tuesday night and made a feeble attempt to open the floor safe in the building.

They left with the knob from the safe, some change from the soft drink machine and a livestock whip, according to Sheriff J.B. Cooke.

The burglary was discovered Wednesday morning by Equity employee Everett Maple. Officers said the burglars entered the building through a window.

Officers said the burglars took a key and opened the drink machine and took the change.

Nothing else was missing from the office.

Officers said the safe attempt was very amateur.

Dear said the auction was moved so it could be televised on the local cable system.

He urged everyone to attend the auction.

Four More Candidates Have Filed

Four more candidates have filed for places on the Democratic primary ballot, Chairman J.D. Helms announced this week.

Two candidates have filed for local offices and two have filed for state offices.

Guy W. Remy of Spearman has filed for Justice of Peace, Precinct 1, Place 1. Remy is a retired Skelly employee who lives at 1016 S. Evans in Spearman.

Representative A.C. Hallmark of Dalhart has filed for re-election as State Representative from this district.

Bill W. Barton of Borger has filed for the representative post in opposition to Hallmark. Barton is an attorney in Borger. He was associated with Linn and Helms here for a short time.

Under the redistricting order Hansford County is now in the district with Hartley, Dalam, Sherman, Moore, Hutchison and Ochiltree counties. Oldham County was dropped from the district.

Fritz Thompson of Borger is not seeking re-election this year to the House of Representatives.

The other local candidate is Don McLain. He has filed for chairman of precinct three. McLain farms and lives north of Gruver.

In Spearman the Rho Rho and Xi Zeta chapters of Beta Sigma Phi sorority will conduct the mothers' march. Mrs. Brad Beedy and Mrs. George Collard are heading the drive.

Mrs. Lou Chapman is chairman of the march in Gruver.

At Morse Mrs. Tom Dortch will be chairman of the drive.

J.C. Harris of Gruver will be the chief auctioneer. He will have several assistants.

Vern Laws and Lewis Tilford of the Spearman Public Schools are in charge of the entertainment for the auction.

Last year Hansford County was first in Texas and fifth in the nation in the per capita contribution to the March of Dimes drive.

Bowling Tourney Here Saturday

The Hansford County Men's Bowling Association City Tournament will begin Saturday, Jan. 22, in the local bowling lanes.

The first part of the tournament will be Saturday and Sunday, the second half will be conducted Saturday and Sunday, Jan. 29-30.

About 60 bowlers are expected to enter the team, double and single events.

PERMIT DENIED

The City Zoning Board refused a request by Mrs. Maude Mathews for a permit to put a trailer behind her home on Roland street.

The request was refused after people living in the area made verbal or written protests of the permit.

Big Crowd Expected For Banquet Tonight

Snow is on the ground and the weather is cold, therefore it is time for the Spearman Chamber of Commerce banquet tonight (Thursday) at 7:30 p.m. in the grade school cafeteria.

John Armstrong, noted humorist from the Chicago Institute of Electronics will be the principal speaker.

Besides the traditional exchange of the gavel from President J.L. Brock, to the new president, Kenneth Evans, there will be the presentation of the Man of the Year award.

This award will be presented this year to a man or woman who has contributed much

to the betterment of Spearman and its trade territory. Roy L. McClellan will present the award.

Chamber manager Don Floyd said this week that ticket sales have been good and a large crowd is expected to hear Armstrong. Floyd said the speaker has entertained some of the largest gatherings in the nation. There is nothing but acclaim for him everywhere he has spoken.

J.D. Helms will be the master of ceremonies. Entertainment will be by Lewis Tilford and Jim Cherry. Coy Palmer will play dinner music.

The meal is being prepared by the cafeteria staff and will be served by the Future Homemakers of American chapter of Spearman High School.

Tickets for the banquet are \$5 per person and they may be purchased at the door.

Firemen Answer Two Alarms

Firemen answered two fire alarms this week.

Tuesday morning firemen found a small fire in the Johnny Gaither home at 904 S. Eressen and Tuesday afternoon they answered a car fire in the country.

Mrs. Gaither called the firemen when she returned home and found her house full of smoke, but could find no fire.

Firemen searched the house until they found a small gas lead in a line to a water heater. The leak had ignited and the small flame had burned through a 2x6 inch board in the wall.

Boyd's Purchase

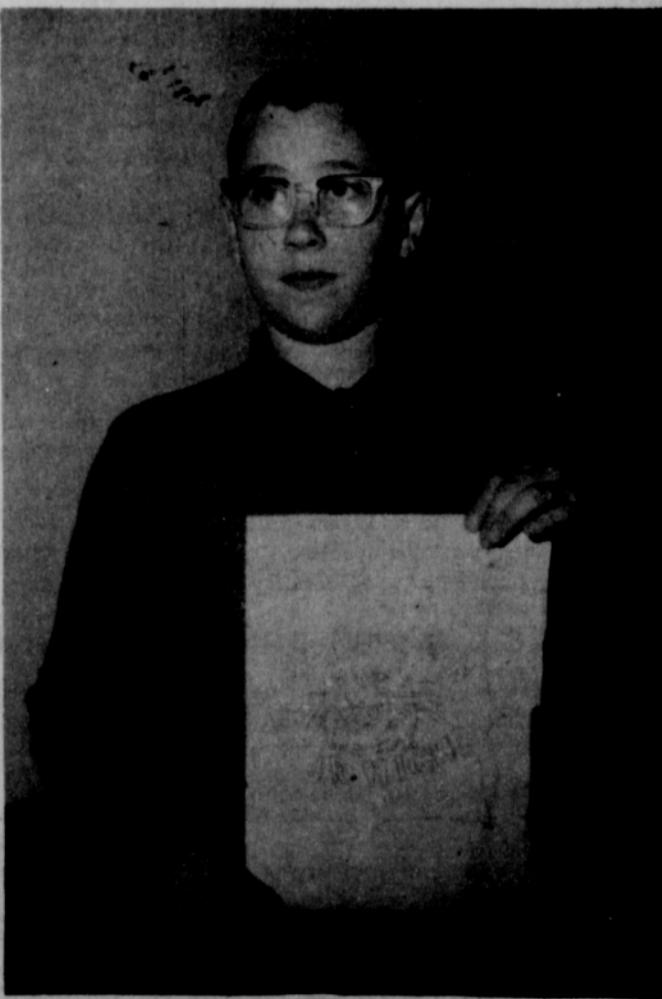

Donut Shop

The donut shop in Spearman now has a new owner.

Mr. and Mrs. Roy Gene Boyd purchased the business this week from Mr. and Mrs. Carter.

Mrs. Boyd will operate the business as Boyd's Sweet Shop in its same location on West Kenneth.

Mr. and Mrs. Carter have moved to Shamrock where he will be in business there.

OFFICIAL SIGN—Scott Latham is shown with his winning design in the contest to choose a sign to represent Spearman Junior High. The sign is a purple shield with S.J.H. and a Lynx head. Scott is a fifth grader and the son of Mr. and Mrs. Orville Latham.

Ersatz Sour Cream

You can prepare ersatz sour cream by blending together (in an electric blender) creamy style cottage cheese with a little buttermilk. After blending, cover and chill so the mixture will thicken.

Rice Cooking Time

Remember that wild rice takes a much longer cooking period than ordinary white rice.

Day by Day

by Day McClellan

There are a couple of reminders with which I'll begin.

First, if you're looking for a library petition to sign, one has been left at The Plainsman office. Then, if you're concerned about the very small number of Hansford County residents who have paid their poll taxes and if you're free Saturday morning, you may want to help in a door-to-door poll tax campaign. Mrs. Emmett Sanders is heading the project, in case you'd like to call and let her know you can spare an hour.

Eleanor says an hour is the limit they're asking anyone to work, so perhaps many of you can help.

If you haven't paid your \$1.50 poll tax yet, don't wait until they come by door-to-door to remind you. You just might miss the volunteers and there you'd be still without the necessary means to vote. The deadline is just 12 days off, by the way. (I can afford to voice a loud warning because my husband has already paid mine for me.)

When the weatherman warned of possible snow Tuesday night, I was reminded of wishing for cold weather back before Christmas.

A local service station owner read my comments and reportedly said "If she's so anxious for cold weather, she ought to have to get out in the snow and ice and change a flat!"

I guess I should apologize for registering a wish for cold weather when we were enjoying Indian summer, but honestly, I wouldn't enjoy changing a flat even on a warm, sunny day.

And besides, I've got to talk about something. You just don't write "I love the weather, it's dreamy, perfect for flat changing or whatever else you're doing out there."

I found out a long time ago that I had to complain about something now and then or I just didn't sound natural.

Could be it's just my nature... is that what you were thinking too?

Did you know there are from six to eight million items in your local supermarket... 123 of which you give a hard look... and less than 30 with which you make it to the checkout counter? It makes me tired just thinking about all those decisions.

Average shopping time in the store is 30 minutes - and for every minute past a half-hour you linger, you'll probably spend 50 cents more.

You can tell I don't linger very long by any counter except the ones with frozen or very-very-easy-to-prepare foods, by my recipes. They usually begin with some kind of mix or prepared food and go from there.

This one, quick cinnamon twists, starts with a can of refrigerator biscuits. It also calls for 2 tablespoons butter, 1/2 cup finely chopped nuts and 2 tablespoons cinnamon sugar.

Pull each biscuit to about six inches in length. Dip in melted butter, then in mixture of nuts and cinnamon sugar. Twist, place on ungreased baking sheet and bake at 475 degrees eight minutes. Delicious with mid-morning coffee.

Lastly, to make a very good fruit salad dressing, blend 2 cups sour cream and a 6 ounce can of frozen lemonade concentrate. It's tart and tangy over a mixture of fresh and canned fruits.

Engagement Told

Announcement of the engagement and approaching marriage of their daughter, Marlene, to Garrett Briggs of Alpine, is being made by her parents, Mr. and Mrs. Albert Dietrich of Tulia. Mr. Briggs is the son of Dr. and Mrs. F. Allen Briggs of Alpine. Their vows will be solemnized in the First Presbyterian Church in Tulia.

The bride-to-be is a graduate of Tulia High and West Texas State University and is presently teaching girls physical education in the elementary and junior high schools of Spearman.

Mr. Briggs is a graduate of Alpine High and will receive his degree from West Texas State University in May.

TIE BALL--A Perryton Rangerette in dark uniform, makes a dive for the ball as Marcia Shieldknight tries to keep it away from her. Watching is Karen Gibson (42) and Cecilia Wilson. Spearman won 65-36.

Lynxettes Run Over Rangerettes

It was no contest Monday night as the Spearman Lynxettes ripped the Perryton Rangerettes 65-36.

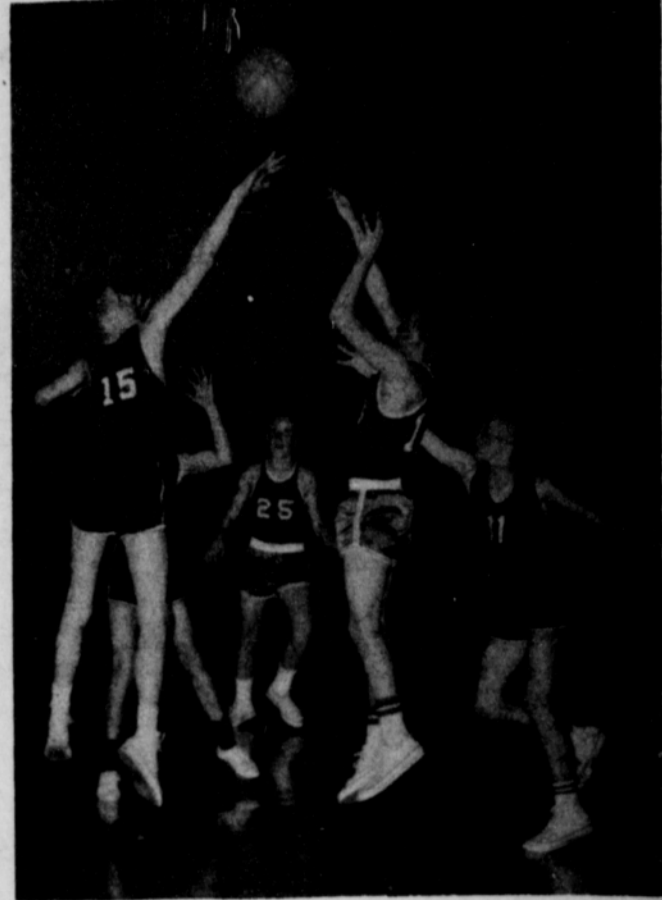

Barbara Wilde got the Lynxettes off to a 10-0 lead and Perryton only got close one time. Spearman bogged down at 12 points and Perryton pulled to a 12-10 score early in the second quarter.

Marcia Shieldknight, Linn Ann Robinson and Celia Wilson got the Lynxettes moving and they were never headed. Shieldknight got eight quick points on driving lay-ups.

Wilde led the scoring with 30 points. Karen Gibson had 14 and Marcia Shieldknight had 12. Susan Hutchison had four, Robinson had 2 and Wilson two.

The Lynxettes hit only 19 of 31 free shots.

Friday night the girls play Tyrone, Okla., in a non-district contest. Tyrone is constant state contender in the Oklahoma races.

Mr. and Mrs. Jim Womble visited with friends in East Texas recently.

Mr. and Mrs. Bill Seaton and family of near Ada, Okla. were in Morse Sunday visiting with friends.

Mr. and Mrs. A.C. Womble left Tuesday for Truth or Consequences, N.M.

Lynx Lose To Phillips

The tall and talented Phillips Blackhawks were too much for the Spearman Lynx in Phillips Tuesday night. The Hawks won 68-41.

With four players ranging from 6'4" to 6'8" inches, the Hawks outshot and held the Lynx on defense.

Phillips led at the quarters 18-4, 41-10, 54-21 and 68-41.

Monte Black was the leading Lynx scorer with 12 points. Larry Butts had eight, Mike Hendricks and Carl Close each had seven, Dave Clement hit four and Charles Shieldknight had three.

Spearman's Lynx will play Tyrone here Friday night in a non-district contest.

REPRESENTING SPEARMAN----The Rolling Plains Mule Train won all these trophies and prizes as they represented Spearman last year at Ft. Worth, Guymon, Oklahoma City, Muleshoe, Dalhart, Waco, Perryton, Pampa, and various other places.

PLAINSMAN PHOTO

Rolling Plains Mule Train Plans Trip to Cheyenne Frontier Days

The Rolling Plains Mule Train members have voted to take their train to the 70th annual Frontier Days in Cheyenne, Wyo., this summer.

This decision was reached at a meeting last week and 18 members indicated they would have wagons in the train.

Wagonmaster Earl Riley expects more wagons from members living all over the country to be included in the trip.

Riley said the train has tentative plans to haul the wagons to La Junta, Colo., and begin the drive from there. By starting there, the trip will take about three weeks.

Frontier Days are the last of July and the train will leave La Junta about July 3.

In 1965 the train or representatives from the organization participated in parades and celebrations over a wide area. They collected a large number of trophies and prizes for their activities.

They were voted the outstanding organization by the Spearman Chamber of Commerce for their activities in

promoting and advertising Spearman throughout the Southwest.

They participated in the Guymon Pioneer Days, the Fort Worth Fat Stock Show parade and were the only club invited to participate in the Grand Entry at the Fort Worth rodeo.

The big trip of the year was a 20-day trip to the opening of the Cowboy Hall of Fame opening and dedication in Oklahoma City. This was an extremely rough trip with the train traveling in rain for all but two days of the trip.

After Oklahoma City part of the train went to Muleshoe to be in the celebration for the dedication of the statue of "Old Pete", the only statue of a mule in the country. Here Mrs. Mina Rinehart of Borger and Mrs. Rena Miller were selected as the best dressed pioneer women.

The train was also in the XIT celebration in Dalhart, the Perryton parade, the Top O' Texas celebration in Pampa where they won first place. Other trips took the train

to the Will Rogers celebration in Higgins, the Elks Rodeo in Woodward, Okla. and the Beaver, Okla. rodeo.

Some of the members went to Dublin to go on the Cedar Breaks trail ride from Dublin to Waco, a 100 mile trip to the Heart of Texas Fair in Waco.

This year the train is listed as a tourist attraction of Spearman in the Texas Almanac.

Internal Revenue Reminds Public To Use Numbers

A taxpayer's number is the principal method of identification under the Internal Revenue Service's Automatic Data Processing, according to Ellis Campbell, Jr., District Director for Internal Revenue Service's northern Texas District. Mr. Campbell says all individual taxpayers should verify their Social Security numbers by reference to their Social Security cards or by contacting the Social Security Administration if there is any question of the correctness of a number.

If there has been any change in marital status or in the taxpayer's name, the nearest Social Security office should be contacted to make any of these changes on his or her Social Security records.

The taxpayer's 1965 income tax return will be matched with his Social Security records before a refund is made. Therefore, if a discrepancy exists in the name and Social Security number, there will probably be a delay in issuing a refund.

By making any of these corrections at an early date, the taxpayer could avoid any delay in receiving a refund.

Riley says the train organization is a non-profit organization that is carried on as a hobby by the members. There are members from many states, two being from California.

The train and its activities have been featured in magazines, newspapers and on television over the nation.

Come in and take on a tiger!

The only way we could make a Catalina look even better would be to show you its price tag.

Because stretching back for nearly 18 feet behind that dashing front end is everything that would make pricing a Catalina the next logical step: A 389-cu. in. V-8. Wide-Track wheels. Nylon carpets. A package of safety features including seat belts front and rear. And one of the roomiest trunks in the field. Come in, take on and price out a tiger at your Pontiac dealers—a good place to buy used cars, too.

What About Those Unsolved Blackouts?

What is your opinion of those unsolved "blackouts"? Did they just happen or was communism behind them?

The largest "blackout" occurred in the northeastern states and Canada. It covered approximately 80 sq. miles and left nearly 30 million people without heat, light and transportation. There have been two other "blackouts": one was centered around Omaha, Neb., leaving a large area in several states powerless in the dead of winter for several hours. The other one centered around El

Paso, Texas, left the southwest and parts of Mexico powerless.

There is reason to believe that the "power failures" were triggered by communists in key positions within the electrical power systems. In 1934 a professor at Colorado University said at a communist party meeting that party members had been planted in the T.V. A. program and the U.S. must have more programs like T.V. A. until the nation's light and power is controlled from a central point. Then the party can place members at vital spots where, at a given signal, by merely pushing a button or pulling a lever, they can plunge the country into darkness and disaster.

With the possibility of the foregoing statement being true, an investigation should be made of all persons involved in the Federal Power Commission, especially those of known previous leftist sympathies, as well as the mechanical devices used in the transmission of power.

Baby-doll shoes are in the spotlight this year for both spring and summer. Besides wearing this plastic, round toe shoe with your dresses, you can go on into the water in them for swimming. Great problem solver for a tenderfoot!

With skirts going still higher above the knee for the summer months of '66, watches have gone lower. For a switch from the popular necklace watches of this season, how about a garter watch for summer? They are worn slightly below the hemline of the short, short skirts and are held in place by jeweled lace elastic.

Horace And Hortense Are Happy

"Horace is a good fellow to have around the house. He might be shy to an extent, but I couldn't get along without him." Thus spoke Hortense Turtle in a recent interview in the science laboratory.

Hortense continued "Before Horace and I met, I had given up ever getting married and rearing little tortoises. Now, I'm a happy new bride! We live in the sweetest aquarium; our surroundings are just perfect. We enjoy all the children who come to see us every day. The children always smile when they see Horace and me.

"Horace is much nicer to me now that we know each other better. When we first met, he was too scared even to talk to me. He is rather retarded concerning the facts of proper social behavior; but the 'Dr. Robert Barker' course is helping him immensely. Because Horace has such a recessed personality, we don't go out much. We're content to stay in our watery cottage and while away the hours, just the two of us."

When Mrs. Turtle, an extremely pretty female, was asked what her future plans were she replied "Horace and I have plans for a small family of seven; but for now we will just live our lives day by day—under the nosy supervision of humans."

Mrs. Kilgore Leads Program

The Kezzia Mae Seawright Circle of WMU met Wednesday at the Baptist Church for their circle program.

The prayer calendar was given by Wanda McIver, who also led the group in prayer.

Mrs. Dick Kilgore presided at the business session and was also leader of the program titled "What is Missionary Education." She was assisted by Betty Uptergrove and Wanda McIver.

Others present were Marguerite Nelson and Joan Eaton.

Homemaking Notes

By Linda Webb, H.D. Agent

Are we in danger of losing our precious American freedoms? Perhaps we are if we continue to take them so much for granted.

Preserving our freedoms will be of concern to the 89th Congress, which convenes this month for its second session. It should also be of concern to you as an American citizen. But--are you going to be one of the many who will continue to sit back and let Congress do it--a congress elected by other people who are concerned about their freedom.

Voting is a rare privilege. By voting we each have a voice in our government. Don't let someone else do your voting for you--do it yourself and mark this year. Your vote counts only one, but it does count.

Poll taxes are still required for voting in local and state elections. January 31 is the deadline for paying poll tax--

only 10 days left. Pay your poll taxes now; 1966 will be a big election year. Be ready to make your own decisions on the ballot. Don't leave it up to someone else.

The beginning of a New Year is an ideal time to take a quick look at your financial affairs. This review will indicate whether your estate plan needs revision.

Tax experts suggest that you ask yourself four questions. If the answer to any of them is "yes", consult your attorney to make needed changes in your legal papers.

1. Have your assets increased in value since you made your will? Don't overlook changes in the value of property.

2. Has the status of any of your beneficiaries changed? Have any married, died or had children?

3. Have there been any major changes in state or federal tax laws since you last revised your estate plan? There have been some recent changes in federal laws that do affect estate planning.

4. Have you moved to another state? State laws differ widely. A plan valid in one state may not have the same result in another.

A wife should have a will even if she holds no property in her name. Plans should be made because of the possibility of a common disaster in which both husband and wife

die does exist. If both have wills, they can protect the marital deduction state-tax break, which sometimes can amount to as much as 50 percent of their gross estate.

Foods in the news this month show grapefruit among plentiful items at the market. Besides using grapefruit as a breakfast appetizer, recipes are being developed for grapefruit which you might enjoy. If your family likes light desserts, here for a new taste treat is Fresh Grapefruit Jello.

You will need 2 envelopes unflavored gelatin, 2 cups fresh grapefruit juice, 1 cup hot water, 1/4 teaspoon salt, 3/4 cup sugar, 1 cup fresh lemon juice and 1 cup fresh grapefruit sections.

Soften gelatin in fresh grapefruit juice. Add hot water and stir until gelatin is dissolved. Blend in salt, sugar and fresh lemon juice. Chill until about as thick as fresh egg whites. Fold in fresh grapefruit sections. Chill until ready to serve. Serve in sherbet glasses for dessert. Garnish with fresh grapes in season. Serves 8. Chill about an hour before serving.

THE LAST NOTE: It's not hard to find things to be thankful for this year. For instance, we're still here, and they're still there.

THE WAY I SEE IT

Robert Cordes, Pastor Faith & Oslo Lutheran

"THE STORM CENTERS"

We tremble and complain when the storms strike, but we become bored and petty when everything runs on, smooth and uneventful. We were built for storms.

In and of ourselves we are fragile craft, easily capsized. But we were not intended to go it alone in life. The Lord is with us, with Him we become the kind of craft that can weather any storm; in fact, with Him we head for the storms.

One of the perils that faces the Christian church today is that it may steer its people out of the storm centers. Christ said that we should not be of the world; that is, we are not to be like the world, driven here and there by worldly gales. But He also commanded us to be in the world, in the thick of its problems and woes. We were not to anchor ourselves in some sheltered cove and let the storm-tossed world go by.

The Lord's call is not to an easier task, not to peace but to battle, not to a cozy harbor but to a sea of storms.

If the church is to capture its people, and especially its youth, it will need to invite them to danger, risk and mission. Jesus calls us to take His yoke upon us, to learn of Him, to deny ourselves, to take up our cross and to follow Him. All the world's sins and woes became His. He exempted Himself from nothing. He identified Himself totally with mankind, the thief, the pharisee and the harlot. Their sorrows became His sorrows.

There will be a struggle, fierce struggle. But there will be victory too. For the victory lies in our faith. Relying on Him as we navigate with Him in life, His strength and peace and victory will be His gifts to us.

Thus we live in the world, the storm center but His presence and guidance and assurance are always with us. With Him we must win the battle in the world.

view farmers are becoming interested in the High Plains Foundation Farming System. This system of planting two rows of cotton, skip row, two rows of grain sorghum or castor beans, then one row, and back to two rows of cotton, has proven to increase quality and yields of interplanted crops and save 20 to 50 per cent of the fertilizer necessary to make the crop. The Foundation has completed eight years of extensive research in perfecting this system of farming. It has been successfully by farmers in the past four years. The next speaker for the program will be W. Lewis David, Executive Director, Agricultural Stabilization and Conservation Service (A.S.C.).

S.). Mr. David will answer questions for the farmers and explain just how the Foundation Farming System will fit into the new farm program. At this time it is indicated that there will be no penalty in using the High Plains Foundation Farming System so far as the Government Farm Program is concerned.

Others slated to speak on Feb. 10th are: Loyd Langford, Associate Agronomist to discuss the results of area commercial field plantings in conjunction with 17 West Texas farmers who tried the High Plains Foundation Farming System during 1965; Dr. Arthur Bohlke, Senior Soil Scientist, will speak on "Air Temperature, ITS EFFECT ON COTTON QUALITY AND YIELD, as influenced by interplanting;" a panel of four farmers who used the system will tell how it worked for them; James S. Parker, Textile Consultant, Plains Cotton Growers, Inc., will discuss what the improved cotton quality can mean to the West Texas cotton farmer; James Valliant, Water Engineer, will discuss research results with irrigation and fertilizer application to cotton and the interplanted crops; Mr. Frank Moore, President of the High Plains Research Foundation will conclude the meeting with a report on the economic value of the High Plains

Mrs. Keesee Richardson Is Candidate for Re-Election

Mrs. Keesee C. Richardson has announced for the office of County and District Clerk, subject to the action of the Democratic Primary on May 7. In making her announcement Mrs. Richardson states: "The office of County and District Clerk is vitally important to every citizen of the county. I feel that most voters are already aware of my qualifications to perform the duties of this office capably.

"I have had many years experience in performing the duties of public office and am now completing the term of office to which I was elected in 1962. The Clerk's office has been operated economically and efficiently during this time.

"I have lived in Hansford County many years and am deeply interested in the progress of Hansford County. I seek Re-Election to the Clerk's office on the basis of my experience, ability and character.

Fourteen people were injured in rural accidents in Hansford County during 1965, according to a report released this week by the district Texas Highway Patrol.

No one was killed this year, but the 10 accidents which injured the 14, did an estimated property damage of \$11,730.

The county ended the year with no accidents in December.

Ochiltree County had seven accidents in December to bring their year's total to 52. There were 29 people injured in the 52 accidents and three people killed. Total damage was estimated at \$45,817.

Sherman County had only 12 rural accidents during the year and 13 injured with no deaths. The estimated damage in the wrecks was \$42,540.

Heavily populated Hutchinson County was the four county leader with a total of 118 rural accidents. There were 68 persons injured and two killed in the accidents. Property damage was set at \$87,725.

In the 31-county Panhandle district there were 2,377 accidents on highways and rural roads. In these wrecks 83 persons were killed and 1,577 injured. Total property damage was estimated at \$2,013,757.

Six of the 31 counties in the THP's Amarillo district had no traffic fatalities in 1965. These were Briscoe, Donley, Foard, Hansford, Lipscomb and Sherman—but 90 persons were injured and property damage reached \$156,448 in automobile accidents in those six counties during the year.

"It is estimated when the final reports are tabulated, we will find that less people were killed in Texas traffic accidents during 1965 than in 1964," W. J. Sergeant stated. The final count is expected to be about three per cent less than the 1964 all time high of 3,906 traffic deaths.

The patrol supervisor reminded all motorists to think about reducing the deaths even more in 1966 than in 1965. This reduction can be brought about by strict observance of traffic laws and defensive driving practices. Remember, everytime you drive you have a motive, that is, drive to live.

Indestructible

Pictures and other mementos are treasured, for they serve to remind us of someone we love, some occasion or rich experience. If these mementos be lost or destroyed we do not lose our love nor does the loss erase from our minds the memories.

Discovery of additional religious manuscripts from time to time is of value, both to Hebrew and Christian scholars, for it enables them to make corrections in the Bible, make additions and alterations and correct omissions. While some may become alarmed lest these discoveries disclose something that might weaken or destroy their faith, the scholar knows that the value of the Bible does not depend upon newly found manuscripts.

No manuscript, old or new, can throw discredit upon the authority of religion, of doing justly, loving mercy and walking humbly with God. No translation in any language can black out the Sermon On The Mount or destroy the authority of the two great Commandments, love God with all your heart and your neighbor as yourself. You can help perpetuate this authority in your own mind by regular attendance at the church of your faith.

Social Security Office Is Open Late Thursday

The Pampa social security office is now remaining open from 4:45 to 8:30 p.m. on Thursday nights for the added convenience of residents of this area, Virgil Holloway, Officer-in-charge, announced today.

The evening hours are in addition to the regular 8:30 a.m. to 4:45 p.m. schedule of office hours, Monday thru Friday.

Mr. Holloway pointed out that it is difficult for many people who should file applications to establish their eligibility for medicare benefits to call at his office during regular hours.

These include, he said, people who are over 65 and still working. They should file applications now even though they have no immediate plans for retirement.

Another large group include those over 65 who have worked very little or not at all under social security. Holloway emphasized that even those who have never had a social security account number may qualify for medicare benefits. The evening hours will make it possible for many older people who have to depend on relatives, friends or neighbors for transportation to visit the office.

The address of the Pampa office is 400 W. Kingsmill in the Hughes Building.

4-Square Snack

Quick canapes: First cut slices of bread into small squares — four from each slice. Fix soft yellow cheese with salad dressing and spread over bread. Bake in a moderate oven for about 15 minutes.

VINEGAR FOR SHINE

Vinegar added to the water in which you rinse crystal or window panes helps to make them sparkle.

Roasting Beef Ribs

Roasting several ribs of beef? At carving time, leave plenty of meat on the ribs. Spread the reserved ribs with prepared mustard, sprinkle with fine dry bread crumbs and broil until hot and brown. Served with a salad, the ribs will make a fine "second" meal the day after the beef is served.

Fresh okra may be sliced and simmered in butter in a heavy covered skillet. After washing the okra, cut off the stem ends before slicing.

A modern marriage is one in which the wife works so she can afford clothes to wear to the office.

Mr. and Mrs. Roy Dobbs visited Tuesday in the home of his grandfather, Mr. and Mrs. W. R. Shaull. They have been living in Las Vegas, Nevada but are being transferred to Chicago.

Recently, everybody loved a fat man if he had long whiskers and a hearty laugh.

Card of Thanks

In a time of deep sadness, there is much solace in the knowledge that real friends are all around us. Our grief at the sudden loss of both mother and father has been softened by every word and deed of kindness offered by more of you than we can count. Each tender tribute, every flower and every understanding handclasp have given such comfort that we are feeble indeed to give impression of our thanks. God's richest blessings for each of you is our prayer.

Morse Junior Leaders Meet

Morse Junior Leaders 4-H Club met Monday night at the school auditorium. Johnny Brumley, superintendent of the school, gave a demonstration of the teaching machine. He showed how the machine could be used in 4-H method demonstrations.

Allen McCloy, recent winner of the Santa Fe award trip to National 4-H Congress in Chicago, gave a report of his trip.

During the business session the annual demonstration contest were discussed and members decided upon the fields to enter. The county eliminations will be in March and district contest will be held April 2.

Family Night Observed By Morse P-TA

Morse PTA met Monday night to observe family night. The meeting was opened with a devotional given by C.D. Whitaker.

The association voted to amend the bylaws to raise the dues from 50 to 75¢ per year. Other business consisted of the raising of funds to pay for the Christmas tree treats. The Morse Lions Club donated \$25 toward this fund and individual contributions accounted for the remainder.

Johnny Brumley showed a film to preview the forthcoming study course he will teach, beginning Feb. 15, concerning medical self help.

The group adjourned to the cafeteria for refreshments and table games. The hospitality portion of the program was under the direction of Mrs. Frank Lewis.

WILDE SCORES--Barbara Wilde goes in for two points against the Rangerettes. Wilde scored 30 points and did not play the entire game in the one-sided contest. Spearman won 65-36.

Ellzey Vanderburg who had been a patient at Hansford Hospital was transferred to Northwest Texas Hospital in Amarillo Monday for further observation and treatment. Sending your child to college is like sending your clothes to the laundry—you get back what you sent, but you don't recognize it.

Snow Blankets

Local Area

Spearman arose Wednesday morning to find three to four inches of snow on the ground from a silent snowfall during the night.

Mrs. Pat Cates, the official weather observer said the snow measured three to four inches and it had .17 of an inch of moisture.

The snow fell straight down and covered without drifting. Streets and roads were slick, but open throughout Wednesday. No accidents had been reported at noon.

Guests in the Johnny Brumley home this weekend were her parents, Mr. and Mrs. John Nash of Wellington.
