1.40 Inch Rain Falls

A near cloudburst hit Spearman Wednesday afternoon and an unofficial inch of rain fell in less than an hour.

The big, fat clouds which had been floating over the area for several days began pouring around 3 p.m. and at 3:35 p.m. the unofficial measurement on the TV cable weather station was one inch.

Spearman had received .1 of an inch in a rain about 3 a.m. Monday and that afternoon another shower left .15 of an inch. These were official measurements.

The official rainfall at 4 p.m. was 1.40 and a light rain was still falling.

An electrical storm accompanied the rain, the lightning knocked out the police radio for a short time, caused the power in downtown Spearman to blink.

A fuse box on the home of Doris Weston on Roland street caught fire when lightning apparently hit it. Firemen quickly extinguished the blaze.

If Wednesday's rain covered a wide enough area, it could mean many thousands of dollars in added income from dryland maize crop. Farmers have said that one good rain was all the crop needed to make a bumper crop.

The seeding of wheat will begin where farmers want winter wheat pasture.

New Service At Post Office

A new and automated service for customers was added at the Spearman Post Office Tuesday.

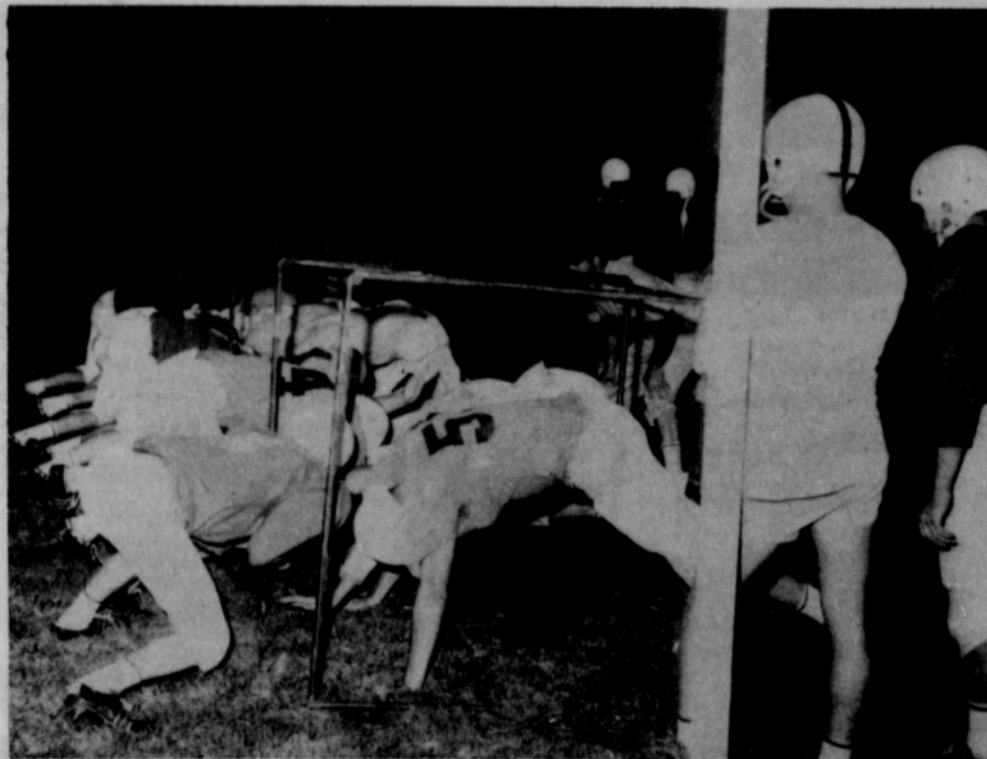

An electric stamp dispenser was installed in the lobby of the post office. The machine will give one five cent stamp for a nickel, five five cent stamps for a quarter or two four cent stamps and two cents change for a dime.

Acting Postmaster Elmon Jacobs said the machine was installed as an added convenience for customers when the postoffice is closed or the window service is crowded.

Twelve Lettermen Spark Optimism in Lynx Camp

"The boys pleased us better tonight, but we still have a long way to go and much improving to do," thus Don Seymour summed up his reactions to two days of workouts.

Approximately 60 boys drew equipment Sunday and reported for workouts Monday morning. The squad is working twice a day, except for the freshmen, who work only at nights.

Seymour said he expected a few more boys to draw equipment before school starts. Several he was expecting to be on the squad are on vacations and will report later.

Twelve lettermen from last year's varsity squad are the core of the team coaches in the district picked as the top team.

Seymour had expected 65 to 75 boys to report for the three teams. With fewer boys reporting than expected, Seymour said he does not have the depth everyone had talked about before the season started.

After Tuesday night's workout Seymour said he and his staff were more impressed with the team's willingness to hit and the passing and receiving.

Varsity lettermen include Dave Clements, Larry Butts, Ken Shufeldt, Rennie Berry, Mike Babbs, Lynn Buzzard, Mart Brillhart, Skipper Robinson, Glenn Blodgett, Randy Moore, Harold Adkison and Clayton Cochran.

Across the front line Moore and Adkison anchor the line at tackles. Brillhart and Buzzard are at guards, Robinson is at center, Berry and B-teamer Harley Reeves are at ends. Clements runs the team from quarterback, Cochran is at fullback, and Shufeldt and Butts at halfbacks.

The other two lettermen, Blodgett is running behind Robinson at center and Babbs is a halfback and defensive rover on the second unit.

Only two sophomores are on the second unit. They are halfback Hal Shufeldt and quarterback Charles Shieldknight. Shieldknight and

James Schnell are battling for the reserve position behind quarterback Clements. Schnell is also running at an end position and Shieldknight is putting in lots of time as a middle linebacker on defense.

In early workouts Clements is proving to be a very exciting and take-charge type of quarterback. The little (137) scrambler is throwing well, and is a dangerous runner.

Ken Shufeldt apparently did not forget a thing he learned about running last year. He looks faster and has much more finesse. Would-be tacklers are having a hard time getting a shot at his feet. He has pedaled in and out of numerous tackles during scrimmages.

A year of age has apparently helped Cochran. The fullback has better balance and much more authority when he cracks into the line.

From tackle to tackle the interior linemen of Adkison, Moore, Brillhart, Buzzard and Robinson have been blocking in the line and downfield in a pleasing manner, but the gold unit has been giving them plenty of competition.

Contact has been hard as the juniors and seniors battle for places on the varsity. The green unit, composed of sophomores and a few first year men from the upper grades have shown a willingness to mix it with the older Lynx.

This group is shy in numbers, there are several good hands in the group that will not lower the quality of play when they earn varsity spots.

Supt., Mrs. Reeves Will Receive Degrees at Tech

Supt. and Mrs. Bill Reeves of Spearman will be among the students in the Commencement Exercises at Texas Tech Saturday.

Mrs. Reeves will receive her Bachelor's degree with a major in Elementary Education. Mrs. Reeves did part of her undergraduate work at Midwestern University in Wichita Falls.

Reeves will receive his Doctor of Education degree. His Doctorate was in General Administration with a minor interest in Industrial Management and some work in chemistry. He received his Master's degree from Tech and his Bachelor's degree from Midwestern.

He has been a teacher and administrator for seven years. He was hired this year as Superintendent of the Spearman schools.

Man Arrested On Check Charge

Sheriff J.B. Cooke and his officers arrested a Gruver man wanted in Woodward, Okla., on a worthless check charge.

The man arrested was Bob Barnes. He has been turned over to Woodward officers.

Resignation Leaves One Vacancy

The resignation this week of the half-time home economics teacher leaves one vacancy in the Spearman School faculty with registration just one week away.

Mrs. Allen Alford resigned her position this week, according to Supt. Bill Reeves. Mrs. Alford would have as-

sisted Mrs. Dick Hudson in the high school home economics department.

The school will open this fall with 15 new persons in the faculty and administration. Fourteen new persons have been employed and the home economics teacher will be the fifteenth.

New personnel include Supt. Reeves, High School

Principal James Cherry, Counselor Loren Laws and these faculty members:

High School, Joe Granata, Miss Kay Bussard, Howard Raff, Blant McGee and Herman Boone.

Junior High, Mrs. Blant McGee, Lloyd Looper, Larry Anthony, Eddie Clemmons and Mrs. Loren Laws. Elementary School, Mrs. Lois Hull.

TEACHERS MEET AUGUST 26

School Registration Begins August 27

The 1965-66 school year for Spearman students and faculty members will begin at 9 a.m.

Thursday, Aug. 26, when the faculty meets for a general faculty meeting.

Students begin their school year on Friday when they register for classes.

Grades one through eight will register from 9 until 11 a.m. Buses will run to bring these children to the school and take them home.

High school students will begin registering at 9 a.m. when the seniors begin registering. Juniors will be registered at 10:30 a.m., sophomores at 1 p.m. and freshmen at 2 p.m.

Principal James Cherry said all students taking typing should come prepared to pay their typing fee of \$9 for the year. Also, all seniors wanting to pick up their senior rings should bring the money to pay for the ring.

Classes will begin Monday, Aug. 30. The first football game will be played Friday, Sept. 3 in Sunday and the following Monday will be a holiday for Labor Day.

The name of this local fish story teller shall not be revealed, but we really doubt if anyone can top this one.

Mrs. Etter Reviews Book

'I Will Try'

Helen Etter reviewed the autobiography "I Will Try" by Legson Kayira at the Monday night meeting of the Junior Book Club held in the home of Verna Lee Schnell.

Attending were Lois Gibner, Helen Etter, Pat Donnell, Johanne Blodgett, Faye Lynch, and guests, Mary Alice Gibner, Ruth Skinner, Charlene Tilford, Charlene Bulls, Dottie Beedy and the hostess.

C.Y.F. Enjoys Camping Trip To New Mexico

Members of the CYF of the First Christian Church and their sponsors, Mr. and Mrs. Orville Brummett left Saturday morning at 6 a.m. for an overnight camping trip to Cimarron Canyon, N.M. The group stayed at the cabin of Mrs. Brummett's parents at Ute Park and from there enjoyed hiking, cookouts, watches, and a Sunday morning service on the mountain.

Going were Pat Massad, Gwen Hanners, Linda Smith, Frances Whitson, Jeanette Davis, Kathy Haworth, Cecilia Wilson, Glenda Young, Kay Jackson, Brenton Haworth, David Knox, Larry Campbell, Gary Ellsworth, Gayle Beck, Mansel Bryan, Terril Brummett and the sponsors, Mr. and Mrs. Brummett.

Mrs. Zane Hall and children and Mrs. Cy Carr and children spent a few days last week with their sister and family, Mr. and Mrs. Garland Head.

Dr. and Mrs. D.E. Hackley and Joan and Mary Ellen Barkley left Saturday morning for San Francisco where Dr. Hackley will attend a convention. They plan to go by way of Boulder, Salt Lake and Reno, making it a sightseeing as well as business trip.

Mrs. Uptergrove Discusses 'Cleaning Made Easier'

The Spearman HD Club met Friday, Aug. 13 for their first meeting after summer vacation in the home of Mrs.

Rebekahs Have Regular Meeting

Members of Spearman Lodge #290 met Aug. 12 in the IOOF Hall.

Presiding officer was Thelma Kenney, Noble Grand. Devotional was given by Chaplain, Margaret Kirk, pro tem.

A school of instruction was given by lodge deputy, Dorothy Longley.

Lt. and Mrs. William Freeman Barkley of Lawton, Okla. came Thursday and spent the weekend with his parents, Mr. and Mrs. Freeman Barkley.

Mr. and Mrs. Maruice Pullig and children, Teresa and David of Lake Charles, La. were guests last week in the home of her parents, Mr. and Mrs. J.H. Nichols. They returned home Friday to Lake Charles where he is a speech teacher at McNeese College.

Mr. and Mrs. R.E. Lee and children of Odessa came Thursday to visit her parents, Mr. and Mrs. Arthur Adkison and to attend the wedding of her brother, Charles Adkison and Miss Vicki Wilde Saturday afternoon. The Lee's left for their home Monday.

Mrs. Homer Beck of Wichita, Kans., Mr. and Mrs. Horace Tompkins and Emmett Ryan of Sunray visited Thursday of last week with Mrs. I.R. Tompkins.

Mrs. Everett Vanderburg and Nelda visited Tuesday in Pampa with Mrs. W.R. Campbell.

Carl Hughes.

Mrs. W.A. Tarbox, president conducted the business and the devotional was given by Mrs. B.J. Garnett. Roll call was answered with "a cleaning aid."

Mrs. E.S. Uptergrove presented the lesson titled "Housecleaning Made Easier." Attending were Mmes. Frank Davis, W.A. Ellsworth, Claude Jackson, B.J. Garnett, Tarbox, Uptergrove, A.D. Reed, one new member, Mrs. Estes and the hostess.

The next meeting will be August 27 in the home of Mrs. W.A. Tarbox. The lesson will be on refinishing furniture.

Baptist VBS Sets Record

The First Baptist Church of Spearman ended its Vacation Bible School Friday, Aug. 13. Friday the 13th did not keep the school from enrolling 355, which is an all time high for enrollment. Last year 342 were enrolled. The average daily attendance was 237.

The school attained its highest achievement, Advanced Standard, this year.

Mr. and Mrs. Orville Fullbright, Mr. and Mrs. James Martin of Spearman, Jimmie Graves of Hardesty, Mr. and Mrs. Gale Miller and Sam Serrall of Houston, and Mr. and Mrs. Elrich Wilson and girls of Perryton returned last Friday from a vacation camping trip at Tres Ritos, N.M. and other points in the mountains of Colorado. The families each took campers and enjoyed a week of camping out, sightseeing and fishing.

Fabrics Have Dual Personality to Match Both Feminine and Tailored Fall Silhouettes

Fabrics for fall have personality. In fact, they have two personalities.

This is one case, however, when a dual personality is a decided advantage. Fashion itself looks two ways — toward the softer, more feminine look, and toward the tailored, somewhat sporty look. Fabrics pair off perfectly with both these looks.

In the soft, gentle mood, there are richly textured fabrics—nubby wools, bubbly mohairs, surface-interest tweeds. This is texture with a different, lighter look very much in keeping with the fashions it enhances. Curis, loops and nubs are delicately spun and woven to melt in the fabric. Bulk has vanished, in favor of a lightweight and supple air.

A flash of printed wools — the feminine kind of prints — is on hand to bring still more pretty softness to a variety of fashions.

Fabrics for the tailored look are smartly sophisticated, very

smooth and suave. These range from men's wear type woollens with flattened, but elegant, surfaces to crisp silks.

Supple and successful for fall are such fabrics as crepes and lightweight wools. And supple, too, are knits that in themselves display a whole new personality.

Knits are artfully textured to look crocheted. They're ruffled and tucked; they're open and loopy — fisherman types, for example.

Much of the news in fall fabrics centers around stretch. The widest use of stretch fabrics continues to be in sportswear, with lingerie moving up strongly in the use of stretch crepes, laces and tricot. New developments find stretch appearing more frequently in suits and dresses, too. Stretch wools are particularly exciting.

New textured cottons take on the look of brushed leather or suede, vying with the real thing — leather itself — for fashion attention.

Rev. and Mrs. Wesley Daniel and girls left this week for a two weeks vacation camping trip in the mountains of Colorado.

Mr. and Mrs. Enoch Estep of Plainfield, Ill. were last week guests of Mr. and Mrs. Lewis Tilford and Mr. and Mrs. Brad Beedy. Mr. Estep was a former music director in the Spearman schools.

Mr. and Mrs. Everett Tracy and Richard were gone from Thursday till Monday visiting their parents, Mrs. Charlotte McDowell of Liberal, Mo., and Mr. and Mrs. Frank Tracy of Mulberry, Kansas. Richard stayed for a longer visit with his grandparents. Mr. and Mrs. Frank Tracy will bring him home Thursday of this week to visit a few days here.

Guests of Mr. and Mrs. Lewis Tilford, over the weekend, were her parents, Mr. and Mrs. W.K. Kelley of Anadarko, Okla.

Mr. and Mrs. Gordon Cummings and family went to Lake Fryer for a picnic and swimming on Sunday.

LINED WITH FUR
Fur linings make lovely news in suit jackets for fall.

Day by Day

I forgot to mention last week that I was mistaken about the 4-H bake show entrants using angel food cake mixes in their county contest. Seems they got a choice and the Hansford County girls chose to make their cakes from "scratch".

Considering several nine-year-olds entered the contest, I am duly impressed and wish to offer my apologies for not getting the facts straight.

We now have a new service at The Plainsman. We have begun handling wedding invitations and invitations of all sorts, calling cards, personalized stationery and the like, all in famous Coronet Thermograving.

We can now offer you a complete selection of wedding invitation styles and a varied selection of beautiful type faces so this service is one that brides as well as many others will appreciate.

If you have seen the new editions of Seventeen and Mademoiselle you've noticed that a great many of the newest fall fashions are available right here in town. Our fashion stores carry a wide assortment of the best brands in sportswear and dressy fashions like Bobbie Brooks, Jonathan Logan, Mr. Pants, Thermo Jac, Janzen, Town and Country, Cobblers, Catalina, James Kenrob, and many more. It's very convenient and pleasant to shop in our local stores and find the latest in fashions for each season.

It was nice Monday to hear from Mary Lee on her tour around the world. The card was mailed in Moscow, Russia and said "Greetings, just wouldn't have missed this but you can have the next one. People very friendly—went to see the famous circus last night. Cotton John said 5000 people were there. Best Wishes, Mary Lee".

Many of us will be anxious to hear Mary tell about this latest and most extensive trip when she returns. She is always most gracious to share her travel experiences and does so in such an interesting way.

I had a call last week concerning the coconut poundcake recipe in last week's column. When I made the cake I did use about 2/3 of a can of coconut instead of the whole can it called for. The cake turned out beautifully, so perhaps the lesser amount of coconut is preferable. Except for that variation, the recipe is correct so I hope if others tried it the results were what you expected.

Due to circumstances beyond my control (meaning a lack of enough pupils) I won't be able to begin a kindergarten this September after all.

I do appreciate those who enrolled or expressed interest and if you have a child who will be eligible for kindergarten next fall, I'll be glad to enroll him anytime.

Mrs. Jesse Womble, who has long operated a kindergarten here, has been most helpful and kind to me and I appreciate that very much too.

This recipe for oatmeal cake is one I haven't tried unless you count those two servings I had at Betty Brown's the other night. The recipe comes from her sister, another southerner and doubtlessly a good cook too. It's a delicious cake.

OATMEAL CAKE

1 stick oleo
1 cup oatmeal
1 1/4 cup boiling water
Cover and let stand 20 minutes. Then add:
1 cup sugar
1/2 tsp. salt
2 eggs
Beat until smooth. Bake in greased and floured 9 X 13 inch pan for 30 minutes at 350 degrees.

TOPPING
6 tbsps. oleo
1/2 cup brown sugar
1/4 cup cream
Spread on top of cake while hot. Place under broiler until light brown.

1 1/3 cups flour
1 tsp. soda
1 tsp. cinnamon
1 tsp. vanilla
1 cup chopped nuts
1 cup coconut

Homemaking Notes

by Linda Webb
Home Demonstration Agent

Having just returned from nearly four weeks on the road, I am having a time getting organized, as my desk is piled high with mail.

The last 10 days I have been chaperoning the 1965 4-H Talent Tour. Sponsored by the Producer's Grain Corporation of Amarillo, the Talent Tour trips awarded to 16 4-H boys and girls over the state of Texas, plus 2 4-H members each from Kansas, Oklahoma, and New Mexico.

Janice Trindle of Spearman was one of the lucky 4-H'ers to take this all-expense paid trip this year. The group toured places of interest in Lubbock, San Antonio, Corpus Christi, Houston and Six Flags. The entire trip was both fun and educational for the chaperones (Doug Smith, Ochiltree County Agent and myself), as well as for the 4-H members.

Never having been to the Gulf, I enjoyed this part of our trip particularly. Of course we swam, and the entire group was treated to a two hour chartered boat ride on the gulf.

Another outstanding point of interest was the Astrodome in Houston, where we saw a ball game. It is tremendous, and I would encourage you to visit there if you go to Houston.

It is good to be home, though, and back in the office, even if I do have to face the pile of mail before me.

Parents of youngsters who will enter school for the first time this fall may be surprised at some of the changes which have taken place in recent years.

Particularly evident in areas of supply costs, these changes emphasize sharply that "little red schoolhouse" days are far behind us.

Planning ahead to meet these school expenses is necessary for many families. Ex-

penses for two or three children can easily add up to \$30 to \$50 for the first week.

Here are some of the expenses that you parents of beginners can expect:

1. Many schools offer a group insurance policy to pupils for about \$5 per pupil each year.

Public school systems usually have a list of supplies and fees for each grade. This includes items such as scissors, a plastic bottle of paste, colors, pencils, cigar boxes, art and music fees and workbooks. Costs vary from \$3 to \$6 per pupil in the various grades.

Physical examinations for first graders may add another expense. School lunches will probably average \$1.75 to \$2 per week.

Prepare now for these school expenses, they are just around the corner.

THE LAST NOTE: I've seen the U.S.A. in a traveling way this summer. It's one nation, indivisible, two lanes wide with a stripe in the middle.

Mr. and Mrs. Everett Vanderburg had as their guest of the weekend her uncle, Retired Colonel H.H. Gregory from Spartanburg, S.C.

A recent guest of Mr. and Mrs. J.E. Womble was Mrs. Lou Jeffers and his sister, Mrs. Lonnie West from Glen Rose, visited them over the weekend.

Mr. and Mrs. Dennis Hill of Springfield, Missouri, visited in the Jack Taylor home Saturday and Sunday. Mr. Hill and Mrs. Taylor are cousins and had not seen each other for nearly forty seven years.

Mr. and Mrs. Garland Head, Delinda and Ronnie and Aleta Hall spent a week recently in Dallas and Six Flags.

Mr. and Mrs. Troy Sloan and children are spending this week in Dallas where they are sponsors for the cheerleaders of which Sue is a member. They expect to visit Six Flags before returning home.

Marriage Is Announced

Mr. and Mrs. John P. Henry of Spearman announce the marriage of their daughter, Jane Ann to Jim Bartel of Balko, Okla. on Monday, August 16 at the First Methodist Church of Perryton. They are at home in Newton, Kans.

FALL FASHIONS -Coaches Eddie Clemmons and Larry Anthony show a group of prospective Lynx the latest fall hat fashions. They had a large selection as long as each one wanted white, round, hard hats with face guards.

small tree and continued to fish. When she got ready to leave she found the string had worked loose from the tree and the fish, stringer and all were gone.

A week later the woman was back at the same lake fishing. She hooked another bass. When she finally landed this bass, she had three. They were still on the stringer.

There is nothing like a change of positions to make backfield men on a football team appreciate the comforts of carrying the ball.

Tuesday night, after an extremely tough session on the "chute" a back turned lineman was dreaming of the days when he was a ballcarrier.

"I had heard those linemen complain for two years about the chute", but I always thought they just didn't know what work was until they had to run like the backs. After tonight I sure know what they were talking about."

The chute drill is where linemen pair off in the chute built of pipe and try to move each other. There is no going around or over. It is just man against man and it is tough.

If you don't have your reserved seat tickets for the football season, we suggest you get down to the high school business office and pick them up. There is nearly a capacity crowd out just watching the

work outs.

Noticed in Putt Powell's column in the evening Amarillo paper he was wondering what ever happened to Garland Head the outstanding basketball player at Texas Tech and former coach at Dumas.

For Putt's information Garland is a successful farmer here at Spearman. Putt also left out that he was a coach at Spearman.

Spearman is picked to win the district 1-AA title and in their first three games they will meet two teams contending for the 1-A crown. The Lynx open on the road at Sunday, the pre-season favorite and in the second road game go to Gruver.

Some local football experts say Gruver will be in the throne room when the 1-A race is over. Corky Chapman has some good boys coming back and they think Sam Tipton and Frank Silva will lead the Greyhounds to the title.

The Negroes in California found out just how equal they were when they began rioting. Out there where they have had equality for a long time, they were treated just like rebellious whites, they got shot.

We just wonder what would have been the reaction of the North and West if the National Guard of Mississippi or Alabama had opened up with rifles and machineguns.

SMALL FLIES FOUND

Some small flies were brought to my office last week that looked like the sorghum midge. I looked at this small insect with my magnifying glass and compared it with the sorghum midge. I sent it to Lubbock for identification. The small flies did belong to the midge family but it was not the sorghum midge. If you find any insect that you need to find out what it is, bring it in. If I cannot identify it, I will send it off for identification.

LITHIUM SALT OF 2,4-D

The release of Lithate, a lithium salt of 2,4-D has raised questions concerning the use of this non-volatile form of 2,4-D. The material is non-volatile as advertised. It is 2,4-D and subject to state and federal regulations concerning the use of hormone herbicides. The volatility of 2,4-Damines is also very limited. Most instances of crop injury from them is the result of drift from the sprayer rather than volatility. Sprays of the lithate will also drift, therefore, users are urged to observe the same precautions concerning spraying in windy weather, sprayer

pressure and nozzle tip size that have become standard practice for 2,4-D.

WEEDS ON INCREASE

This statement is frequently heard from farmers "This weed didn't use to bother us but it seems to have come in in recent years." This statement is absolutely true in many cases. In a recent survey of the 10 most common weeds on the experiment station now and in 1948, the Montana Experiment Station found that the list had changed completely. Not a single weed appears on both lists.

AGENT'S VACATION

I will be out of the office from August 23 till September 7 on vacation. I have been out of the office some this summer but it has been on official 4-H trips. This time I am taking my family and doing what I want to do.

Mrs. W.W. Cypert entertained her Canasta Club Tuesday afternoon. Playing were Mmes. H.W. Bagley, W.E. Bratton, Ben Maize, A.W. Mobley, W.H. Neilson and the hostess.

Mr. and Mrs. Joe Dunn of El Reno, Okla. were Sunday guests of Mr. and Mrs. Joe Novak. The Duns were enroute to Arizona for a vacation.

ATTEND CAMP--These 4-H members and sponsors attended the District I 4-H Electric Camp at Camp Scott Able in Clouderoft, N.M. July 26-30. They are (left-right, front) Connie Trindle, Cathy Mackie and Sylvia Parks, (middle) Doug McCloy, Phillip Fleming, Bill McCloy, (back) Mrs. Glenn Mackie and County Agent Robert Adamson.

Algae Is Problem For Irrigation Wells

HOW TO RECOGNIZE BIOLOGICAL POLLUTION PROBLEMS SUCH AS ALGAE IN WATER WELLS

A well showing an above normal decrease in yield or an out-of-the-ordinary odor, taste or color of water is a prime suspect for pollution. Suspension of scum and slime is a sure indication of pollution. A tea strainer held over the flow pipe, after back-washing two-three times, will sometimes collect some of the material. Also, if one would put a burlap screen over the flow pipe during the pumping season a continuous strainer would be available to check for growths. Some established water-well treating companies also offer a free service to check for growths in municipal, industrial or agricultural water wells.

HOW TO DESTROY ORGANIC GROWTHS SUCH AS ALGAE IN WATER WELLS

Two ways have been used to try to destroy the growths; pulling the well and chemical treatment. Pulling a well is never successful in destroying the growths because the organisms live on the casing and in the screening material behind the casing as well as on the pump and column pipe. Chemicals are the most effective, by far the least expensive, and the only sure way of killing the organisms. If a well is pulled, and growths are present, the hole should be treated with a chemical to kill the growths still in the hole. If this is not done, the growths will surely reappear.

WHEN TO TREAT A WATER WELL FOR ORGANIC GROWTHS SUCH AS ALGAE

This question has several answers depending upon the circumstances. Anytime a well is polluted it is advisable to kill the organisms. However, it is not of such dire necessity, time wise, that the well be shut-down when badly needed, unless of course reduced flow due to plugging should dictate such measures. On the other hand, a polluted well should be treated as soon as possible because algae and bacteria are capable of multiplying at phenomenal rates. When not use preventive treatments during lay-over or

between pumping periods? And by all means, treat a pulled well if growths are present on the column pipe.

The common use of polluted water and surface mud-pits during drilling of a well also would seem to indicate the need for sterilizing a new well.

In recent months several North Plains farmers have encountered salt water when drilling irrigation wells. The answer to these problems are not known at this time, but a sincere effort is being made by the Water District as well as other interested parties in finding a solution to these problems.

It is advised, that when a deep well is drilled, a water quality check should be made before completion of the well. This precaution could save a considerable amount of money.

This information was obtained from Dr. William D. Miller of Texas Tech College. For further information contact The North Plains Water District Office in Spearman or Dumas.

Death Takes Mother Of Local Men

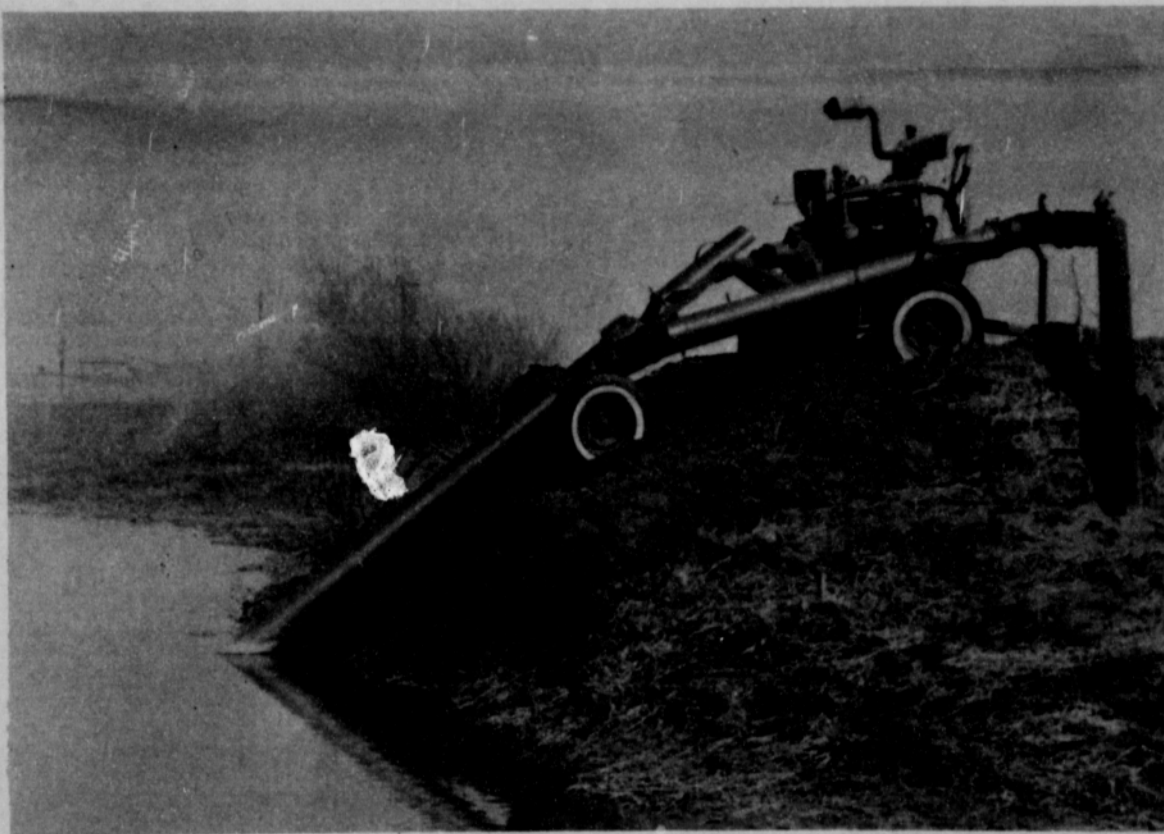

Mrs. R.E. Parris of Norman, Okla., mother of Bob and Russell Parris, both of Spearman, died at St. Anthony Hospital in Oklahoma City, Aug. 17 after a lingering illness.

FREE We'd give the world for a chance to demonstrate a **CASE** TRACTOR on your farm

That's the world above. A genuine Rand McNally world globe that stands 17 inches high. That's an \$11.95 value, our gift to you for your test-time behind the wheel.

We think we can show you a world of difference in tractor performance—high-torque power—in reserve work capacity and the plain everyday guts to get things done with time to spare.

See us for a Case tractor demonstration and the world is yours. No obligation to buy, but offer is limited to qualified tractor users.

TRY CASE... THERE'S A WORLD OF DIFFERENCE

R. L. McClellan & Sons, Inc.

The Right To Fight

A story in one of the Houston papers the other day told of a draft board chairman in a Northern city who was up in arms about the lack of patriotism among so many of our young men. He cited case after case where parents accompanied their sons to the draft board to plead that their sons be spared from the draft.

"Make an exception in just this one case," was the often-heard plea, the board chairman said.

This gentleman went on to say he remembered when 18-year-olds came to the board on their own to register for the draft. Now, he says, many "over protected" youngsters are accompanied by parents who apparently have molly-coddled their boys and seek to keep them out of service.

"What has happened to our patriotism?" this man asks. We wonder, too.

The draft now is no different than it ever was. Our country must be protected.

Some say their sons shouldn't have to fight in a war that should not be fought in the first place. The truth is, no war should be fought. Admittedly, it is easier to get mad at the enemy when he jumps you, as was the case at Pearl Harbor. But however freedom is attacked, it must be defended. And if we cannot stand good on our word in Viet Nam, who is to believe us ever again?

While we're on the subject, it is our opinion that these characters in the universities and art schools who are staging sit-downs and burning their draft cards ought to be the first ones sent into Viet Nam. On second thought, maybe we wouldn't want this type persons representing our country. Any person who thinks that little of his country doesn't deserve the privileges of a free country in the first place.

Not many of us are career soldiers. But wars have been won by citizen soldiers drafted into the service of their country. And, while none among us relishes the thought of a son being sent off to war, this is the price we pay.

And pay it we must. As far as we're concerned, the nuts who burn their draft cards deserve no pity and no consideration from anyone. If this type of infidelity to the United States is permitted to run rampant and unchecked, God forgive us what the consequences of another generation will bring.

An Editorial

'Pacifist' Demonstration

Yale University history professor, Staughton Lynd, the latest favorite of the radical-left in this country--because he can lend an aura of respectability to their shenanigans--- pinpointed the real purpose of the "march on Washington" in "Viet Report," one of the left's new anti-way magazines. He urged civil disobedience because "it will have international visibility."

In other words, the more student arrests and the bigger the riots in our nation's capitol, the better the propaganda will be for the Communist press which is sure to make hay over the incident.

Don't be fooled by the television and radio reports touting Lynd as "the pacifist professor." And, don't be fooled, either, by the label "pacifist demonstrators." Among the participants in this latest assault on our Viet Nam policy are the Communist Party's youth brigade, the DuBois Clubs, Students for a Democratic Society, which recently revoked its constitutional clause excluding Communists from membership, the radical May Second Movement, which sponsored two riots with police in New York's Times Square last summer, and several older radicals who recently were convicted of contempt of Congress when they refused to answer questions before the House Committee on Un-American Activities.

It was announced in advance that shock troops of student agitators would enter the Capitol Building in Washington, occupy the seats of the House of Representatives, and declare "peace" in Viet Nam. The maneuver was billed as the "Congress of Unrepresented People" and Communist spokesmen accountable for planning the demonstrations announced almost proudly that it would involve acts of civil disobedience.

The fact is that these people are using the trappings of representative government in order to excuse their acts of civil disobedience. They are not unrepresented. Two Senators, Morse and Gruening, have urged American withdrawal from South Viet Nam. On June 3 of this year, 28 Congressmen signed a letter calling for public hearings on the administration's Viet Nam policy. Spokesmen for the demonstrators estimated that as many as 10,000 people would participate. Two Senators and 28 Congressmen is more than adequate representation for 10,000 people--many of whom are not even registered voters.

The purpose of three demonstrations is far more subtle and dangerous than the search for adequate representation.

No More Free Lunches

AP Business News Analyst J.A. Livingston recently devoted a column to the financial problems of local governments. As he pointed out, the "little societies" of the nation--states, cities, counties and so on--are all seeking to increase their tax revenues.

Then, in his last paragraph, he wrote: "The state and municipal problem is twofold. First, citizens--voters--expect and demand more and more facilities and services but want governments, mayors and town councils to deliver them without charge, forgetting that the free lunch went out with rising costs and Prohibition after World War I."

Many of the citizens who complain loudest and longest about the tax burden are the same ones who are tireless in criticizing local governments on the grounds that they don't do enough, or perform their duties well enough. They seem to think that officials should have a way of producing miracles on order. They live in a never-never land, in which the fact that more government means more expensive government is happily ignored.

Well, as Mr. Livingston vividly put it, the free lunches are gone. The scope of the governmental menu the public wants and gets will determine the size of the check--taxes.

Lack of Water Presents Complex Problem to U.S.

With 320 million cubic miles of water in the seas and oceans, it seems absurd to be talking about shortages. The message to mankind seems clear and concise: "There's more water than you will ever need. Help yourself."

All we have to do to put the matter into perspective is to recall Coleridge's poem about the ancient mariner becalmed at sea aboard a sail ship and running out of fresh water. This was his despairing cry: "Water, water everywhere, nor any drop to drink."

A man who drinks a half pint of sea water for three consecutive days is on the road to sure death. The heavy salt content in sea water attacks the kidneys, cripples the liver and ruins the digestive system.

Doubtless in the early morning of mankind's existence there has been some smart fellow who contemplated an arid desert running down to the shore of a blue ocean and wondered why they couldn't be blended to produce food. The answer, again, is too much salt.

Now, when it is later than we think so far as the supply of fresh water is concerned, man has attacked the problem. There is no difficulty in removing the salt from sea water and coming out with a product fit for human and plant consumption. But the price isn't right.

There are many plants around the world which convert sea water into fresh water and the U.S. Government operates some of them on an experimental basis. But the cost is running around \$1 per 1,000 gallons of water and in some cases as much as \$1.50 per 1,000 gallons. Precise figures are difficult to come by, but it seems likely that the water we take out of our faucets costs about 27 cents per 1,000 gallons. Not that you necessarily pay that much for it because many cities try to soothe the taxpayer by hiding water costs elsewhere.

The day may come when salt water can be converted into fresh for about 32 cents per 1,000 gallons, but none of the experts here in Washington will bet on it. They keep hammering away at state, county and city officials to cut down on waste and pollution as the best emergency measure.

So we are entangled in a web of political timidity and public apathy. No man wants

to run for mayor on a platform of providing plenty of water at \$1.50 per 1,000 gallons. The average citizen has to be hit right in the gut by a severe water shortage before he goes into action.

Money ceases to be a consideration when a nation becomes desperate for water. The sheikdom of Kuwait, on the Persian Gulf, is rich in oil and almost barren of water. It almost could be said that water was more valuable than oil. The solution to the problem was to build plants which now convert 5/2 million gallons of sea water into fresh. Israel, desperate for water, cheerfully assumes the risk of war with its Arab neighbors by tapping and diverting the river Jordan to its own uses.

So far as the United States is concerned, things have got to get worse before they get better. Cities will have to be shaken out of their complacency by near disasters. Nineteenth century thinking about water supplies will have to be abandoned.

Most cities operate on the theory that they must get their water from a river or a lake nearby. Listen to Dr. Rolf Eliassen, an expert at Stanford University:

"Cities will have to get away from their provincial attitudes of looking for water at their back doorsteps, and become willing to make a search for it. If you need water desperately, you have to go get it."

"In California, where we know it's not going to rain for months, we are willing to go 700 miles for water and the public is willing to pay for it. We haven't had rain here in four months but I'm able to water my lawn anytime. My garden is beautiful. We're never short of water because we weren't afraid to go long distances for it."

The other day President Johnson signed the Water Resources Planning Act. As is usually the case when the federal government acts, the bill creates a commission including the Secretaries of Interior, Agriculture, Army, Health, Education and Welfare and the chairman of the Federal Power Commission.

But the significant fact is that this new legislation is not an emergency measure enacted in response to the current drought. It is the result of a

special Senate investigation conducted four years ago. In the fullness of time the commission doubtless will also come up with a report or, conceivably, some action. This is cold comfort to a New England farmer whose livelihood is drying up under his feet.

But until there is some rethinking of the problem of water, our governments—federal, state and municipal—seem to be spending all their time locking the barn door. The horse, of course, was stolen 40 years ago.

Daniell Rites Conducted At Church of Christ

Funeral services for Mrs. Ollie Haston Daniell, 86, grandmother of Mrs. Jim Evans of Spearman, were conducted at 10 a.m. Tuesday in the Spearman Church of Christ. Charles Milner, minister, officiated.

Burial was at 2 p.m. in the Hooker Cemetery in Hooker, Okla. Boxwell's was in charge of funeral arrangements.

Mrs. Daniell died Sunday in Pioneer Manor, where she lived only three days. She had lived in the Arlington Heights Rest Home before being transferred here.

She was born Oct. 14, 1878 in Belle County, the daughter of Mr. and Mrs. James H. Haston. She was a member of the Church of Christ.

Survivors are two sons, T. D. Daniell of Dallas and Wallace Daniell of Shreveport, La.; four daughters, Mrs. Marjorie Shuss of Ponca City, Okla., Mrs. Vertiese Bodey of Pampa, Mrs. Lella Young of Hooker, Okla., Mrs. Lillian Platte of Oklahoma City; one sister, Mrs. Lillie Graham of Stanton; four brothers, Barton of Big Spring, Bertie of Mithis, Pierre of Atlanta, Ga.; 13 grandchildren and 20 great-grandchildren.

Corp. Frank Sutherland, son of Mr. and Mrs. Jim Sutherland, left for McAlester, Okla. Thursday where he will be stationed for the next two years.

Today we look at the Christian way of life. It is growing up to maturity in Christ. We must follow the injunction of our Lord who told us to pray daily for the forgiveness of sin. Forgiveness is the motivating power in the life of a Christian.

As we see how our Lord daily forgives us, we cannot fall back into sinful ways. The Love of the Lord is just too much.

Why did the little boy fall out of bed? He stayed too near the edge. There are too many Christians who have not entered the full mature Christian life as they should. They stay too near the edge.

So we find the Christian life a struggle. The goal of all Christian living is to glorify our God. Our task is not to make money, keep healthy, or build an empire. Our task is to glorify God while living in this world. The Christian is concerned with "this world" but also with the life to come. The Christian works and lives in the world, but as Jesus said, he is not of the world. We must identify our purposes and goals beyond the present world. The Christian seeks to bring God to the world and the world

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for

not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the

moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold

shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Rogers Says Farm Bill Will Come To Vote Soon

Congressman Walter Rogers said Sunday the omnibus farm bill is expected to come to a House vote this week.

"This measure contains, in one package, all the major farm legislation to be brought to the House floor this year," Congressman Rogers said. "Many of its provisions are extremely controversial and will be subject to heated debate."

"It is hoped proper amendments can be adopted to make the bill more practical and more acceptable," Congressman Rogers said, adding, "It is my hope that a provision for a referendum by the farm-

ers will be included."

The Congressman noted that "urban members are raising many arguments against the bill."

He said, "While I would have preferred that separate bills affecting commodities be brought to the floor singly, the farm program legislation was 'packaged' to attract the broadest possible support."

"It was felt that the continuing decrease in farm vote strength because of population shifts would make it impossible to pass separate pieces of legislation confined to each commodity," Congressman Rogers said.

Congressman Rogers added, "Faltering farm income is becoming increasingly serious, affecting not only the farm families but also the towns and cities dependent on agriculture."

The Congressman recently was appointed a member of the newly-formed, 19-member Public Land Law Review Commission. He will attend his first meeting of the Commission, established by Congress to review laws affecting the millions of acres of U.S. public lands, when it convenes in the Capitol Wednesday morning.

Minerals development of public lands, including oil and gas exploration, will be one of the policies to receive closest attention as the Commission seeks to assure proper public lands use, Congressman Rogers said.

Meetings of the Subcommittee on Irrigation and Re-

clamation, of which Congressman Rogers is chairman, and of the full committees on Interior and Insular Affairs and Interstate and Foreign Commerce are also scheduled for next week.

Mrs. Groves Returns From Council Meet

Mrs. Harold Groves has returned from the 29th Annual National Extension Homemakers Council meeting held last week at Purdue. Over 3,000 women from 42 states and Puerto Rico attended.

The meeting included lectures on family life, farm-city, international affairs, safety-family health, citizenship, civil defense, conservation, health and 4-H.

Mrs. Groves enjoyed meeting women from most of the states represented and exchanged souvenirs with many of them.

One of the special interests of Mrs. Groves was health and safety. She is continuing to do research on this and has several programs prepared in this area. She will be available to give these programs throughout the year.

Mrs. Groves and children, Leslie Ann and Dean also visited her parents and other relatives in Indiana, while on the trip.

Mr. and Mrs. Bill Devers of Canyon are visiting with his parents, Mr. and Mrs. Ray Devers for a few weeks while Bill is employed here. On Monday added guests were Loy Dale and Nephew from Los Angeles who were enroute home after visiting at Enid. Mr. Dale was host for the Barber Shop Quartet of which Bill Devers is a member, when they sang in Los Angeles last winter.

GOV. JIM HOGG'S HOME — Texas tourists visit sugar plantation home of one of the state's great governors, James S. Hogg (1891-1895) in Brazoria County, located in Varner-Hogg Plantation State Park.

Varner-Hogg Plantation Interesting to Tourists

A leisurely drive along the upper Gulf Coast offers a number of attractions, but one in particular will appeal to the Texas history buff, the lover of period pieces in a proper setting, and the wheeling admirer of the scenic coastal country.

The Varner-Hogg Plantation State Park will prove interesting to the motorist with one or all three yens. Since 1965 is another year with more than the usual number of three-day holiday week-ends, it is a good time to make this tour. The spot has been drawing a

fair share of vacationists.

Relatively small by some standards, the state park embraces 52 acres and is located one mile northeast of West Columbia in Brazoria County. It is just one mile off State Highway 35.

The centerpiece against a background of trees is the colonial-style mansion, built in 1836, and which has period furnishings. It was the early sugar plantation home of Governor James S. Hogg, which was given to the State by Miss Ima Hogg of Houston, daughter of Texas' first native

Wagon Train Members Are Guests at Pampa Rodeo

Members of the Rolling Plains Wagon Train were special guests at the Top of Texas Rodeo at Pampa Wednesday, August 11, and was featured in the parade.

Fifteen wagons, a sound truck and several scouts riding mules with sixty-five members present, rode in the parade and camped at the campsite on the rodeo grounds during their stay in Pampa.

Wednesday evening, fifty six members of the group, attended an honorary banquet at Jim's Steakhouse, Red Wedgeworth, secretary of the Top of Texas Association welcomed the group and congratulated them for such a fine organization and the boost it had given the celebration. Other speakers were Bill Tidwell, vice president of the association of Pampa, Earl Riley,

wagon boss and Judge Johnnie Lee, president of the train, of Spearman, John Wade, assistant wagon master of Stinnett and Otto Mangold and Zebbie Land, both of Pampa.

Guests of the train were Mr. and Mrs. Elmer Hunt of Bingler, Okla., who heard of the trip to Pampa and came to visit members of the train. Mr. Hunt will be remembered as the 71 year old Oklahoma man who with his granddaughter rode with the train to Oklahoma City, earlier this summer.

The train was featured in a special appearance in the rodeo arena following the Grand Entry on Wednesday evening.

Among the 65 members of the train, ten towns were represented with wagons. They were Laverne, Okla., with Mr. and Mrs. Dave Aspaugh and her sister; Woodward, Okla., the Melvin Millers; Fargo, Okla., John Sheppard and family; Borger-Lloyd Reinhart and family; Perryton-Mr. and Mrs. Gordon Green, Otto Mangold and Zebbie Land of Pampa, the John Wade family of Stinnett, the Joe Evans family of Gruver, and from Spearman, the George Buzzards, Earl McLaughlins, J.W. Bullards, Johnny Vernon, Doff Atchley, and the Earl Rileys.

The E.D. Clements and E. R. Hesters were present but did not drive their own wagons in the train.

governor, with an endowment to perpetuate an appreciation of the simple, industrious and sometimes elegant life of the early settlers of Texas.

Mementos of the "Texian Campaign," the Mexican War, and the Confederacy are reminders that excitement, too, reached this quiet spot.

A bit of bonus sightseeing is to be found on Brazos Street in West Columbia: the state marker and flag pole on the site of the birthplace of a republic -- the old capitol of Texas (1836-1837.)

Varner-Hogg Plantation State Park is open from 10:00 a. m. to 12:00 noon, and 1:00 p. m. to 5:00 p. m. every day, except Mondays and Wednesdays. A nominal charge (50¢ and 25¢ for children) is made for admission. The park has a picnic area in the shade.

Hospital West Columbia, the home town of Mrs. Bing Crosby, nee Kathryn Grandstaff, also has the McKinstry homestead where Stephen F. Austin died in 1836.

Other reasons to gas up and go -- Houston, Galveston and Freeport beach are less than an hour away.

Card of Thanks

We would like to express our deep appreciation and thanks to all our friends for the many expressions of sympathy and loving concern at the time of the death of our loved one. For all the flowers, cards, food and consoling words we say "Thanks" to each of you and may God bless you and yours.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 7 proposing an Amendment to the Constitution of the State of Texas providing for the exemption from local ad valorem taxes of the property of certain charitable organizations, provided such organizations meet certain conditions and requirements and expend at least One and One-half Million Dollars (\$1,500,000.00) annually on free medical and hospital care for the indigent within the State of Texas; providing for the necessary election, form of ballot, proclamation and publications.

PREAMBLE WHEREAS, The Legislature finds and declares that there is a need for the operation of hospitals by private charitable enterprises which will furnish free medical and/or hospital care for the indigent in Texas; and

WHEREAS, The operation of such hospitals and the furnishing of such free medical care and hospitalization for the indigent in Texas will add to the welfare and well-being of the State of Texas and its residents and citizens; and

WHEREAS, The need for the operation of such hospitals and the furnishing of such free medical care and hospitalization for the indigent is especially great in counties having a population in excess of one million two hundred forty thousand (1,240,000); and

WHEREAS, It is found and declared to be the Public Policy of the State to foster and encourage such operation of hospitals as aforesaid; now, therefore,

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. The Constitution of the State of Texas is amended hereby, by the addition of a new Section to Article VIII thereof, to be numbered Section 2-A, and reading as follows:

"2-A. The properties of any charitable trust or organization, if such trust or organization is dedicated to, and operates a hospital furnishing free hospital and/or medical care for the indigent within the State of Texas, shall be exempt from all ad valorem taxes levied by any taxing entity, except by the State of Texas itself, provided:

"(1) such trust or organization has expended for free hospital and/or medical care within the State of Texas, during the calendar year next preceding, a sum of not less than

One and One-half Million Dollars (\$1,500,000.00); and, further provided,

"(2) after such exemption has been in force and effect for one full calendar year, the amount expended for free hospital and/or medical care, within the State of Texas, amounts to not less than One Million Eight Hundred Thousand Dollars (\$1,800,000.00) for the calendar year next preceding; and, further provided,

"(3) such trust or organization is exempt from United States income taxes;

"(4) such charitable trust or organization maintains its domicile and operates a hospital or hospitals in a county having a population of more than one million two hundred forty thousand (1,240,000) according to the last preceding Federal Census, and such exemption shall apply only to the properties of such charitable trust or organization located within the county of its domicile.

"Proof of compliance with all applicable conditions stated above, shall constitute a complete defense to any suit for ad valorem taxes levied or attempted to be levied by any taxing entity other than the State of Texas itself.

"This Amendment shall be self-enacting."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

FOR the Amendment exempting the property of certain charitable organizations from local ad valorem taxes provided any such organization meets certain conditions, and expends at least One and One-half Million Dollars (\$1,500,000.00) annually for free hospital and medical care for the indigent within the State of Texas. AGAINST the Amendment exempting the property of certain charitable organizations from local ad valorem taxes provided any such organization meets certain conditions, and expends at least One and One-half Million Dollars (\$1,500,000.00) annually for free hospital and medical care for the indigent within the State of Texas.

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

HOUSE JOINT RESOLUTION NO. 11 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing loans to students at institutions of higher education; creating the Texas Opportunity Plan Fund and making provisions relating thereto.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new Section to read as follows:

"Section 50b. STUDENT LOANS. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Eighty-five Million Dollars (\$85,000,000). The bonds authorized herein shall be called 'Texas College Student Loan Bonds,' shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purposes of this Section.

"(b) All moneys received from the sale of such bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Opportunity Plan Fund to be administered by the Coordinating Board, Texas College and University System, or its successor or successors to make loans to students who have been admitted to attend any institution of higher education within the State of Texas, public or private, including Junior Colleges, which are recognized or accredited under terms and conditions prescribed by the Legislature, and to pay interest and principal on such bonds and provide a sinking fund therefor under such conditions as the Legislature may prescribe.

"(c) While any of the bonds or interest on said bonds authorized by this Section is outstanding and un-

paid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

"(d) The Legislature may provide for the investment of moneys available in the Texas Opportunity Plan Fund, and the interest and sinking funds established for the payment of bonds issued by the Coordinating Board, Texas College and University System, or its successor or successors, Income from such investment shall be used for the purposes prescribed by the Legislature.

"(e) All bonds issued hereunder shall, after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under this Constitution.

"(f) Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such acts shall not be void because of their anticipatory nature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan.

"AGAINST the Constitutional Amendment authorizing the Legislature to provide for loans to students at institutions of higher education to be known as the Texas Opportunity Plan."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965.

SENATE JOINT RESOLUTION NO. 47 proposing an Amendment to Section 4, Article III, Constitution of the State of Texas, to provide four-year terms of office for State Representatives.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 4, Article III, Constitution of the State of Texas be amended to read as follows:

"Section 4. The members of the House of Representatives shall be chosen by the qualified electors for the term of four years; but a new House of Representatives shall be chosen after every apportionment, and the members elected after each apportionment shall be divided by lot into two classes. The seats of the members of Class A shall be vacated at the expiration of the first two years, and those of Class B at the expiration of four years, so that one-half of the members of the House of Representatives shall be chosen biennially thereafter. Representatives shall take office following their election, on the day set by law for the convening of the Regular Session of the Legislature, and shall serve thereafter for the full term of years to which elected and until their successors shall have been elected and qualified. Except in case of an election to fill a vacancy, and except in the first election following each re-apportionment, a person who has been elected to the House of Representatives shall not be eligible to be a candidate again for membership in the Legislature until the term for

which he was elected has less than one year remaining."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of the state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment to provide for a four-year term of office for State Representatives." "AGAINST the Constitutional Amendment to provide for a four-year term of office for State Representatives."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the constitution and laws of this state.

Sec. 4. In the event the Constitutional Amendment proposed in this Resolution is adopted by the people of Texas in the election in November, 1965, the Governor of Texas is directed not to issue a proclamation for the election and not to publish notice thereof for the Constitutional Amendment proposed by House Joint Resolution No. 1 of the 59th Texas Legislature, since the provisions of said House Joint Resolution No. 1 are included in this Resolution. But, should this proposed Amendment be rejected by the people of Texas in the election in November, 1965, then the terms and provisions of House Joint Resolution No. 1 shall be and remain in full force and effect and shall be proclaimed published and submitted to the electorate in November, 1965, as provided in said House Joint Resolution No. 1.

Mrs. Kate Gray's

Great-Granddaughter, 17, Dies in Auto Accident

Sharon DeAnn Markle, daughter of Mr. and Mrs. James Markle of McPherson, Kans., and great granddaughter of Mrs. Kate Gray of Spearman died in an automobile accident 3 miles out of Springfield, Colo. Friday, August 13.

Miss Markle, who was 17 years of age, was riding in a car driven by a friend, enroute to the home of her grandparents, Mr. and Mrs. Ora Schroder of Walsh, Colo. when the accident occurred. The group had attended a rodeo at Spring-

field.

Other occupants of the car were her brother, Alvin Dale, and a boy companion riding in the back seat. Alvin Dale was thrown 55 feet into a field, suffering a broken right leg and the driver of the car, Miss Gayle Hull, suffered several broken vertebrae. Both are in a Walsh, Colo. hospital. The boy companion was uninjured.

Funeral services for Sharon DeAnn were held Tuesday at McPherson, conducted by the Rev. Calvin Springer of Wichita, Kans., former pastor of the Union Church in Spearman.

Frances Sim of Spearman, aunt of Mrs. James Markle, went to Walsh, to be with the family and flew with the family back to McPherson Sunday for the services held Tuesday.

After the service the family will return to Colorado to be with their son who will undergo bone surgery as soon as possible.

The Markles lost a 15 year old son, James Ora, only three months ago with encephalitis.

Enns Rites Held Tuesday In Guymon

Final rites for D.A. (Dick) Enns, 67, of Guymon, father of Mrs. Walter Spoonemore of Spearman, were conducted at 2:30 p.m. Tuesday in the First Presbyterian Church of Guymon.

Burial was in the Elmhurst Cemetery under the direction of Henson Funeral Home of Guymon.

The retired farmer has lived in Guymon for 41 years. He died Sunday morning in Dalhart.

He was born in Reno County, Kan. He married Susan Fast, Jan. 5, 1921 in Hutchinson, Kan. He moved to Guymon in 1924.

Besides Mrs. Spoonemore, he is survived by his wife, sons, Norman of Guymon, Robert of Dalhart and Dick of Amarillo; two other daughters, Mrs. Donna Chapman of Dalhart and Mrs. Betty Moore of Heflin, Ala.; and two sisters, Mrs. J.A. Ratzlaff and Mrs. H.V. Regier of Buhler, Kan., and 17 grandchildren.

Guests of Mr. and Mrs. Carroll Good on Tuesday and Wednesday of last week were her sister and husband, Mr. and Mrs. L.C. Underwood and girls of Luther.

Rites Held Monday For Mr. Stevenson

Funeral services for Bedford Brown Stevenson of 200 S. Archer, were conducted at 2 p.m. Monday in the First Christian Church.

Services were conducted by the Rev. Luther Berry, pastor of the First Baptist Church of Spearman. Boxwell's were in charge of interment in Hansford Cemetery.

Mr. Stevenson, a retired carpenter, died in Hansford Hospital Sunday.

He was born Oct. 13, 1893 in Florence, Ala., the son of Mr. and Mrs. W.H. Stevenson. He was a veteran of World War I. He lived in Perryton before moving to Spearman 20 years ago.

Survivors include two sons, Bill M. Stevenson of Odessa, H.R. Stevenson of Memphis; two sisters, Mrs. Ila Row of Fort Worth and Mrs. Lilly Alexander of Little Rock; two brothers, Ernest of Little Rock and Raymond of Salina, Calif.

Pallbearers were Allen Pierce, L.D. Pierce, Kenneth Burke, Johnnie Lee and T.J. Pittman.

B-Team And Freshmen Play Saturday

Spearman's B-Team and Freshmen teams will be in action Saturday in the first games of the year for these units.

The B-team will play Stinnett here and the Freshmen will be on the road at Sanford-Fritch.

Normally the two teams will play on Thursday nights, but because of a rule which prohibits the teams from playing before the varsity opens its season, forces the teams to play these games on Saturday.

Starting offensive unit for the B-team will be ends Haner and Hendricks, tackles Bryan and Stewart, guards Kemper and Lusby, center C. Babbs, quarterback Jimmy Brown, halfback Crum and fullback Faries. Bruce Brown is at wingback.

Uptergrove, Lee Faries and Day move into the unit on defense.

The offensive unit for the Freshmen are Vanderburg and McCullough at ends, Russell and Burkhart at tackles, Hawkins and Holton at guards and Mach at center. Davis is quarterback, Hutchinson is wingback, Stafford is halfback and Jenkins is fullback.

Woolley is the only defensive specialist with the Freshman unit.

Only One - Injured In

Three Wrecks

One person was injured in three separate highway accidents in the county last week.

Johnny Moore Jones, whose parents live in Gruver, was injured in a one car accident at the intersection of highways 520 and 136 south of Gruver Saturday night.

Investigating officers said Jones' car failed to make the curve in the highway just south of the intersection and went down a 10 foot embankment.

The car was heavily damaged. Jones was taken to the Berger hospital for treatment.

Friday night vehicles driven by Cecil Wright and Jimmy Ownbey were involved in a sideswipe collision on Highway 15, four miles southwest of Spearman. Both vehicles were traveling south. No one was injured according to officers.

Wednesday night a car driven by Dave Clements hit a barricade on highway 759 east of Spearman. Clements was not injured.

Plane Tips Parked Truck

Two strangers to Spearman found out Saturday night that all paving in town is not on streets.

The men, Noah Kenemore of Erick, Okla., and Otis Clements were asleep in a pick-up parked at the side of the runway at the Spearman airport when it was hit by the wing of a plane landing on the airstrip.

The two-engine plane was piloted by its owner, John R. Collard Jr. His wife was in the plane with him.

Chief of Police Wayne Pierce said the tip of the left wing of the plane was knocked off and the landing gear was damaged. The windshield of the pick-up was knocked out.

Collard retained control of the plane and taxied it into his hangar.

Pierce said the pick-up was parked 24 feet off the edge of the paved strip. The men told the officer they did not know they were on an airport.

Talented Gustafson Is Crusade Evangelist

Minister, traveler, photographer, and musician are all fitting descriptions of Roy Gustafson, Evangelist for the Christ for All Crusade to be held here Nov. 12-21.

The Rev. Gustafson has been an ordained Baptist minister since 1939 and has been an associate evangelist with the Billy Graham Evangelist Association since 1959.

Born in North Easton, Mass., May 8, 1914, the Rev. Gustafson studied cornet and trumpet in Boston, Mass., with the world-famous cornetist, Walter M. Smith for nine years.

He went south for his college work and attended the Florida Bible Institute in Tampa, Fla., for two years, then transferred to Asbury College, Wilmore, Ky., where he received his A.B. degree in 1941.

He was ordained into the ministry of the Baptist Church in 1939 in Palatka, Fla. From 1942-45 he was pastor of the

First Baptist Church in Venice, Fla. From 1945-48 he was Associate Pastor of the First Baptist Church of Tucson, Ariz.

After leaving the Tucson church he was a Bible teacher until joining the Billy Graham organization in 1959.

Since joining the Graham organization he has conducted Bible study course, did evangelist work and also, conducts tour of the Holy Lands. He is currently with a tour in the Holy Lands.

He records these tours on film and uses his photographs in his Bible courses.

The Rev. Gustafson is the author of one book, "Feasting on the Feasts", published in 1964.

St. Petersburg, Fla., is the home of the Rev. and Mrs. Gustafson. She is the former Gwendolyn Anne Rowlands. They were married in 1942. The couple has three children.

Coaches Rate Both Teams First in 1A, 1AA Districts

Spearman football fans will get an opportunity to find out how good the 1965 Lynx football team is Friday night when they meet the Sunray Bobcats at 8 p.m. in Sunray.

Two district champion favorites will be meeting when the teams clash. Spearman is favored in District 1-AA and Sunray is favored in district 1-A.

Spearman coach Don Seymour says the Bobcats have a big, fast forward wall, built around potential all-stars Derril Head at guard and David Maloney at tackle.

In the backfield the Cats have regulars Max Greer at

quarterback and halfback Tommy Bain to go with lettermen Ronnie Dugan and Don Harris.

There are 15 lettermen in the Sunray camp and five are returning regulars from last season.

Greer is touted as a fine passer and he is expected to continue the throwing game the Bobcats have used the past years.

Spearman will counter with an all letterman team, but under the direction of a new quarterback, always a question mark at the first of the season.

Little Dave Clements gives all the indications he is ready to handle the quarterbacking chores he inherited from departed Johnny Crawford.

Rounding out the Lynx backfield will be regulars Clayton Cochran at fullback and Ken Shufeldt at halfback. Both boys are big and hard runners.

End Larry Butts has been moved to wingback where his speed and pass catching ability will be of more use.

Veteran linemen Randy Moore, Lynn Buzzard, Skipper Robinson and Mart Brillhart will be the core of the line. Lettermen Harold Adkison and Rennie Berry and B-teamer Harley Reeves fill the other three spots.

Berry and Reeves are at ends and Adkison is the biggest man in the line at tackle.

With more size and speed added to the proven aggressiveness of the Lynx regulars, this year's edition may prove to be the most exciting team Seymour has put on the field.

Clement is a scrambler who will excite the fans and worry the defense with his ball handling, running and throwing.

Cochran and Shufeldt have more size and speed to bruise defenders. Shufeldt will be a break away threat everytime he touches the ball. Both runners have developed an elusiveness for tacklers and this year can step out of the arms of tacklers.

Butts catches the ball with the best and runs better than most.

Moore, Buzzard, Robinson, Brillhart, and Berry are proven hitters and this year have more size and experience to give authority to their actions. Adkison and Reeves have shown in workouts they are qualified to join the tough hitters club.

Backing up this first unit will be a second unit line composed of James Schnell and Mike Babbs at ends, Glenn Blodgett and Ronnie Gilbert at tackles, Phillip Renner and Ronnie Gray at guards and Carl Kunselman at center.

BACK THE LYNX

ATTEND THE GAME I

Charles Shieldknight will be quarterbacking the second unit with Hal Shufeldt at halfback, Jerry Holton at fullback and Gary Cates at wingback.

Holton, Babbs and Schnell are on the first defensive unit.

Early in the week Babbs was on the injured list. He was having trouble with his ankles.

Campaign for Isolet Started by B&PW Club

A campaign to raise enough money to purchase an isolation incubator for the nursery of Hansford Hospital was begun Tuesday by the Business and Professional Women's club of Spearman.

The campaign was started at a joint meeting of the B&PW club and the Lions Club at a luncheon in Grunewald's Cafe in Plains Shopping Center.

This new isolet incubator was shown to the two groups by Jack Segars of Hunter-Terrell.

He demonstrated how the incubator gives complete isolation for the baby, how nurses and doctors can reach inside the incubator to take care of the infant without opening it and how the equipment can be taken apart for complete sterilization.

Doctors R.L. Kleeberger and Damon Gregg attended the meeting and told the group the isolet would be a valuable piece of equipment for the hospital nursery.

Members of the B&PW Club in Spearman and Gruver will

be conducting fund raising campaigns and will have containers in businesses in both towns where donations of money and trading stamps can be made.

The club has worked out an agreement so they can exchange trading stamps for money to be used in purchasing the isolet.

Enrollment Down by 16

Spearman Public School enrollment is down 16 students from the first reporting period one year ago, according to figures released Wednesday afternoon by Dr. Bill Reeves, Superintendent of Schools.

Dr. Reeves said the three schools this year enrolled 1102 students as compared to 1118 last year.

This year there are 394 en- (Con't. on page 2.)

Day by Day

About a week ago someone left some delicious fresh corn and two copies of a weekly newspaper from Houston in our door. Since I can't find out who was so thoughtful, I'll have to use this means of saying thanks. The corn was delicious and we enjoyed reading the papers very much.

You can tell it's September again. If not by the weather, certainly by the youngster's freshly scrubbed faces and newly curled hair. Did you notice the difference last Friday?

This Friday football season opens in what to me is always the first official sign that fall is here.

We watched the Gruver-Phillips scrimmage the other night and I was forced to make a painful observation. Gruver has improved parts of their stadium so far beyond ours that it's embarrassing. Frankly I find it hard to understand why this town of about one third our size can manage a fine field house adjacent to the stadium while our team spends its halftimes on the bus or in the community building.

I guess we voted down that phase of the school bond proposal though, so we must be satisfied with what we have... or don't have.

I was impressed with the Gruver stadium's fresh paint and especially the replica on the entrance to the field, of their school's symbol, the Greyhound.

You know, many schools use their symbol or mascot as a sign of their pride in a way that we never have. At Perryton, to mention just one, the freshmen form a circle around the Ranger designed in the floor of the new high school, to keep people from stepping on the school's namesake.

If we can't afford adequate facilities at our football field perhaps we could at least manage a sign at the entrance to the stadium.

While I'm being disagreeable, I might as well pick on my friends who are members of the "Great Society" with this reprint of "The Hogs of Horseshoe Bend". It hits pretty close to home I think but then the society of which I am a member is only semi-great so I'm probably not qualified to pass judgement.

Years ago, in a great horseshoe bend in the Okmulgee River, there lived a drove of wild hogs. Where they came from, no one knew, but they survived the floods, fires, freezes, droughts and hunters. The greatest compliment a man could pay to a dog was to say that he fought the hogs of Horseshoe Bend and returned alive.

Finally, a one-gallused man came by the country store on the river road and asked the whereabouts of these wild hogs. He drove a one-horse wagon, had an axe, some quilts, a langern, some corn and a single barrel shot gun. He was a slender, slow-moving, patient man; he chewed his tobacco deliberately and spat very seldom.

Several months later he came back to the store and asked for some help to bring out the wild hogs. He stated that he had them all in a pen over in the swamp. Bewildered farmers, dubious hunters and storekeepers gathered in the heart of Horseshoe Bend to view the captive hogs.

"It was very simple," said the one-gallused man. "First I put out some corn. For three weeks, they would not eat it. Then some of the young ones grabbed an ear and ran off in the thick-et. Soon they were all eating it. Then I commenced building a pen around the corn a little higher each day. When I noticed they were all waiting for me to bring corn and had stopped grubbing for nuts and acorns and roots, I built a trap door.

"Naturally they raised a ruckus when they seen they was trapped, but I can pen any animal on the face of the earth if I can just get him to depend on me for a free hand-out."

I notice in this week's food marketing idea sheet from Texas A&M that new crop apples, mostly tart and excellent for pies, are now coming to market. If you have an unusual apple pie recipe, maybe you'd like to share it with us. It's apple pie time again and even though a plain, ordinary apple pie is good enough, there are many variations.

I never do have very good luck in asking you for help in sharing good recipes. Maybe you're like the woman who wrote "Dear Abby" concerning people who asked for her recipes... she said she'd spent years collecting good recipes and she didn't want to share her "finds" with any and everyone.

That's all right I guess. At least it's better than the woman who gave her prized recipes to friends who asked all right, but with a mistake here and there in the ingredients.

Homemaking Notes

by Linda Webb

Home Demonstration Agent

School bells are ringing across the nation, and this month will be especially devoted to re-establishing habits of the school days routine.

So, Attention, Mothers!

While these routines are being established, include in them a sound breakfast to start off the day. Tests have revealed time after time that learning takes place faster and easier if a student has eaten breakfast before going off to school.

Take into consideration this fact: Breakfast is the one meal which follows our longest period (over night) without food. And since our energy stores are built up over a night of sleep, we need to pile on fresh fuel when morning comes to get us started off right for the day.

Regular intakes of food in small amounts is better for our metabolism, our efficiency and our mental alertness. So, to get on top of any kind of work and carry out the best job, breakfast is the most important meal of the day.

Teenage girls worry especially about their weight, but they universally insist on skipping breakfast. Then, what happens? Later in the morning they start on snacks that don't contain the right nutrients, only empty calories.

Eating a good breakfast would stop the reliance teenagers have on mid-morning snacks, and thus help eliminate the weight problem. Since breakfast is the first meal of the day, following around 12 hours of not eating, it should contain one-fourth to one-third of the total daily caloric need.

A shocking fact which continues to exist is that 6 out of every 10 teenage girls and 4 out of every 10 teenage boys have poor diets. Much of this is due to their not eating breakfast.

The number-one reason teenagers give for not eating breakfast is that they don't get out of bed in time. Sure they like to sleep till the last bell, but breakfast is more important than another 40 winks.

So, mothers, let's start this school year off right for your family. See to it that eating a good breakfast is part of the regular routine for your school-age family members-and don't forget that breakfast starts the rest of the family off right, too.

Here are some new ideas for breakfast-or any meal-as a perk up.

Orange Cinnamon Toast-

Combine 2 tablespoons orange juice concentrate with 1/2 cup sugar, 2 teaspoons cinnamon and 2 tablespoons melted butter. Toast 6 slices white bread under broiler. Turn bread, brush with orange mixture and toast until lightly browned, about 4 minutes.

Quick Sticky Buns-Top 8 baked biscuits with a mixture of 1/2 cup orange juice concentrate and 3 tablespoons each chopped nuts and brown sugar. Bake 5 minutes.

The Last Note: There are three types of people you can't argue with: those who think you're right, those who know you're wrong and those who couldn't care less.

Turner Gives B & PW Club Program On 'The Woman and Flowers'

Spearman Business and Professional Women's Club met Thursday, Aug. 26 at the Spearman Floral and Gift Shop.

The program, a demonstration on "The Woman and Flowers" was presented by Bill

Stephanie Shaver spent the weekend in Amarillo visiting Miss Linda Ainsworth and her roommate, Phyllis Myers.

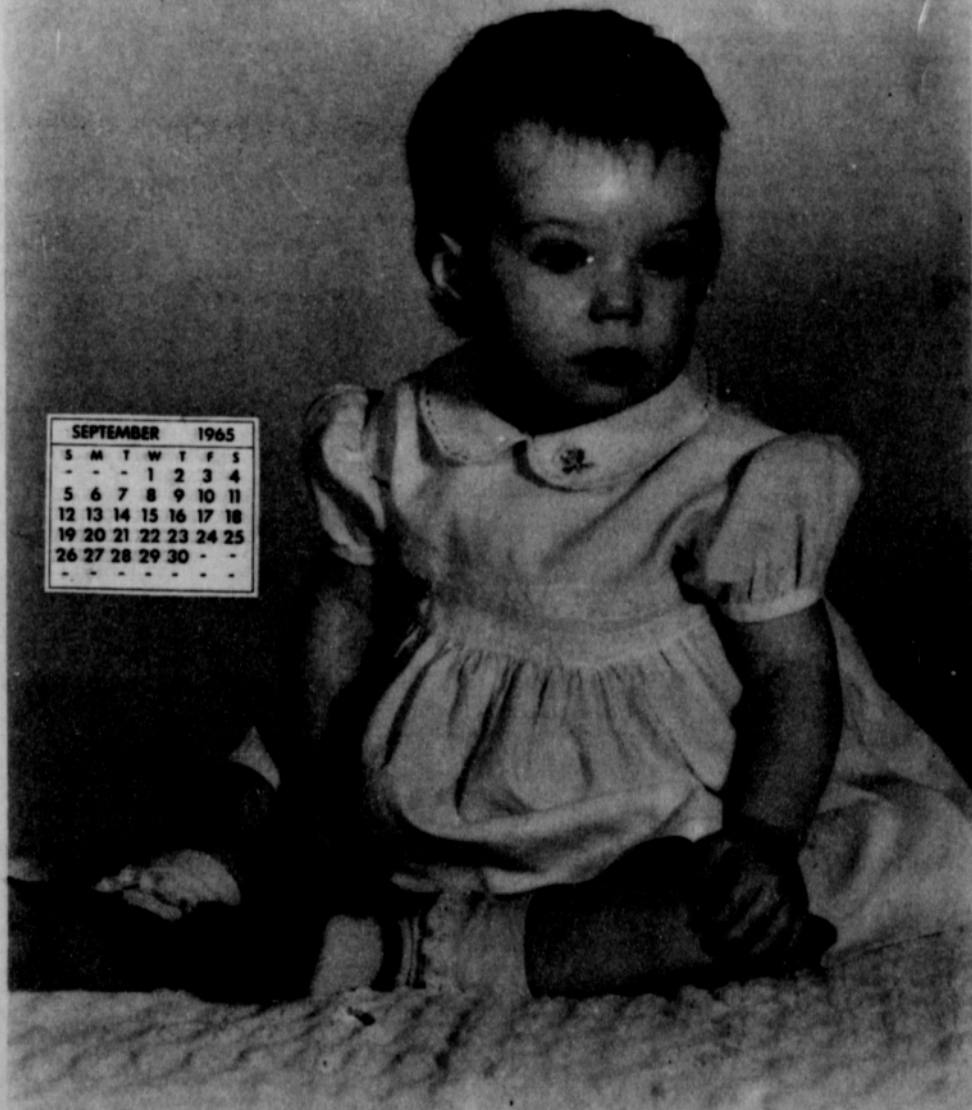

Mr. and Mrs. Garrett Allen returned Sunday from a vacation trip to Colorado. They stayed at Glenwood Springs and made many sightseeing trips in the area.

Turner, shop owner. A business meeting followed the demonstration with the main emphasis on the club project.

The group voted to have a bake sale Sept. 11 as a means of raising funds for the project. A series of fund-raising activities were planned by the group.

Hostesses, Mmes. Leonard Jameson and Bill Turner, served the group coffee and cookies.

The next scheduled meeting will be the regular luncheon meeting to be held at the Home Demonstration club-room Sept. 9. All members are urged to be at this important meeting.

Breakfast Given For Rainbow Girls

A "Come As You Are Breakfast" for all Rainbow girls was held Saturday morning, Aug. 28 on the patio on the Joel Lackey home. The breakfast was given by Worthy Advisor Barbara Kitchens as her social during her term of office.

Girls were picked up, beginning at 6 a.m., by Cindy Henderson, Barbara Kitchens and Terry Hudson.

After much visiting and merrymaking at the various attire and hair-do's a breakfast of melon fruit bowl, orange juice, orange Danish and cinnamon rolls were served.

Nina Hendricks took pictures of the group and Mrs. Lackey showed the girls

through the new part of her home.

Present were Fay Palmer, Mother Advisor, Joyce Lackey and Nina Hendricks, three past Worthy Advisors, Terry Hudson, Sandra Kitchens and Donna Boyd. Others present were Barbara Kitchens, Penny Gaither, Sharon Archer, Cindy Henderson, Linda Hall, Sherri Messer, Gail Hopper, Toni Hudson, Della Reed, Deann Sheets, Corliss Galbreath, Karen Mathews, D'dee Collard, Carol Booth, Debby Standefer, Sheryl Bollinger and Susan Uptergrove.

Mrs. John Berry entertained Friday at dinner Mrs. Virginia Allen of Canyon, Mrs. J.E. Gunn of Pampa and Mrs. Bill Sheets and Mrs. Freeman Barkley of Spearman.

Playing canasta Tuesday in the home of Mrs. M.E. Jaggers were Mmes. W.D. Davidson, W.W. Cypert, A.W. Mobley, W.E. Bratton, H.W. Bagley and the hostess.

Enrollment . . .

(Con't. from page 1.)

rolled in the four elementary grades, 377 in junior high and 331 in high school.

This is the second year since 1957 that the school has not shown an increase in enrollment over the previous year. First reporting period enrollment for the school for the past eight years are: 1957, 735; 1958, 898; 1959, 926; 1960, 929; 1961, 1004; 1962, 994; 1963, 1040; and 1964, 1118.

School officials are bracing for a big jump in enrollment later this month when fifty or more families move here to help build the Michigan-Wisconsin pipeline. Pipeline construction people say 100 or more children will be with the families.

Another increase is expected when the families of employees coming here with two proposed industries arrive later this year.

C.B. Dodson, a law student from Austin, is a guest this week in the home of his aunt and uncle, Mr. and Mrs. V.E. Rosson.

Sunday dinner guests of Mr. and Mrs. E.D. Clement were Mr. and Mrs. Lee Parris of Miami.

Mrs. John Trindle, Janice and Connie spent a few days last week visiting Mrs. Trindle's sister, Mr. and Mrs. Ben Gillispie of Arnett, Okla.

Mr. and Mrs. E.D. Clement and Mr. and Mrs. Ervin Hester returned Saturday from a vacation to Denver and surrounding area.

FARM BUREAU

Baby Contest To Benefit Heart Equipment Fund

A baby contest will be conducted Sept. 13-27 by the Farm Bureau as a fund raising campaign to purchase heart equipment for Hansford Hos-

pital. The age limit is infants through two years old by Jan. 1, 1966. Votes are one cent each and all the money will

go into the heart equipment fund.

Soil Conservation Tour September 3 in Miami

The Golden Spread Chapter of the Soil Conservation Society of America plans to conduct a program and tour, Sept. 3 at Miami. The program will start at 10 a.m. in Ferg's Cafe.

The program and tour will feature organization and development of a watershed program. Curtis Schaffer, Gray County Soil Conservation District Supervisor, will describe action taken by the local sponsors to obtain a planning priority for the McClellan Creek Watershed in Gray and Carson counties.

Don Powell of the Soil Conservation Service will discuss the construction phases of a Flood Prevention Program. Duane Barte of the Soil Conservation Service will present a colored slide feature of three methods used in vegetating watershed structures.

Virgie Brock, Hemphill County Soil Conservation District Supervisor, will discuss the local sponsor's responsibilities in securing land rights and easements and their responsi-

bilities in operating and maintaining the flood prevention structures after construction.

Lunch will be served at Ferg's Cafe. The tour will begin at 1 p.m. through the Washita Watershed area. Three flood prevention structures will be visited to show different methods of vegetation establishment, and multiple use of watershed structures; on the French Arrington; Mrs. Marion Robertson; and Milton Finsterwald farms and ranches. If time permits the group will observe Shinnery Oak brush control and a drop structure as a part of the land treatment in a watershed area.

Farmers, ranchers, agency representatives and anyone interested in agriculture are invited to attend this program and tour.

The Soil Conservation Society of America is an organization of professional and practical conservationist devoted to the conservation of our natural resources. The Society needs new members and welcomes all people interested in agriculture.

Cattle Producers Can Net More

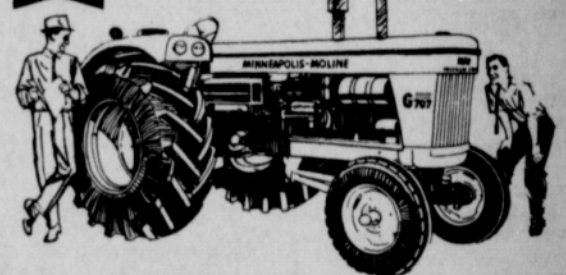

Cattle producers can earn up to 54.6 percent of the consumer's beef dollar if they raise and feed their animals to slaughter weight on the farm.

This fact was brought out in a recent USDA study on price spreads of beef. The purpose of the study was to demonstrate distribution of the consumer's beef dollar among ranchers, feeders, packer-wholesalers and retailers.

The advantage of using home-grown feed to raise cattle to slaughter weight on the farm was illustrated by this steer as it netted the producer 54.6 percent of the consumer's beef dollar. Cattle sold at weaning weight earned only 25.6 percent for the cattleman.

MAKING PLANS—Bob Crawford, Work Unit Conservationist of the local Conservation Service Office is shown inking maps on a conservation plan that he has assisted a local landowner in developing.

CONSERVATIONIST SAYS

Farm, Ranch Planning Recommended for Success

Most of us realize that to do a good job on any project; we need a plan. This same rule also applies to a farming or ranching operation.

If you are a farmer or rancher, you know that your farm or ranch is different from your neighbor's. Your land is different from anyone else's land. In fact, no two fields or pastures on your land are alike.

In one way, however, you are probably like all other farmers or ranchers—you continually make plans about how to run your farm or ranch. You may keep your plans in your head or you may put them down on paper; but you do have a plan.

You plan which crops to grow each year, which livestock to keep or sell, when and how to remodel the farm buildings, and hundreds of other details.

Also, you probably do a lot of planning about how to produce more efficiently and how to protect your soil so that it will continue to grow good crops year after year.

When you make plans about how to conserve your soil for the future while increasing your efficiency now, you are doing conservation planning.

The conservation farm or ranch plan is a record of your decisions pertaining to the use and treatment of your land. Soil is our most precious natural resource. Practically any product you may mention comes directly or indirectly from the soil.

Every person in the United States should be concerned with the conservation of our soil and water. The conservation of these natural resources affects each of us whether we are a farmer, rancher or a city dweller. The future of our nation depends largely upon our ability to conserve our soil and water resources. The prosperity of future generations depends upon our willingness to treat each acre of land according to its needs and use each acre of land within its capabilities. Each farmer or rancher should strive to leave his land in better condition than it was when he got it.

If you want help on your soil, water, and plant problems; contact your local Soil Conservation District Office. Your Soil Conservation District Supervisors will see that you receive help from the Soil Conservation Service personnel assigned to work in your

Bowling Group To Meet Tuesday

Hansford County Mens Bowling Association will meet Sept. 7 at 8 p.m., at Grunewald's Restaurant. All bowlers are urged to attend to form leagues for the coming season.

Mr. and Mrs. Willard Bigelow and boys, Otis and Charles of El Reno, Okla., spent Sunday visiting her parents, Mr. and Mrs. Luther Trollinder.

voted to order procedure courses for the officers of the association. The Hansford County PTA council will sponsor a procedure course for all PTA members at Morse Sept. 16. A state officer will be present to conduct the study.

The meeting time for the executive committee throughout the school year will be the second Tuesday of each month at 2:30 p.m. at the school.

HD CLUB HEARS YOUTH DELEGATE

Highlights of the Government in Action Youth Tour were given by Sylvia Parks when she presented the program for the Morse Home Demonstration club on Thursday at the home of Mrs. Lynn Davis.

Miss Parks showed slides of the recent trip to Washington, D.C. and related points of interest concerning the trip.

The business session, conducted by Mrs. Jack Crowl, consisted mainly of discussion of the HD Council's proposed bazaar and bake sale to be held in December.

Mrs. Tommy West of Spearman was a guest of her parents, the R.C. Wombles Sunday.

Mrs. L. M. Womble and Suelen of Spearman visited with friends in Morse Saturday.

Mrs. A. Holton of Amarillo has been a guest of Mrs. M. W. McCloy this week. On Tuesday, Mrs. McCloy and Mrs. Ella Parks took Mrs. Holton back to her home and spent the night in Amarillo.

Mrs. O.M. Rhodes of Phoenix, Arizona, spent last week visiting in the home of her sister, Mrs. Besse Henderson.

Mrs. James Long is seriously ill in a Pampa Hospital. The grocery store which the Longs operate in Morse, has been closed part of the week due to this illness.

Miss Joyce Schick is working as a secretary for the Lubbock public schools. She and Miss Gloria Price, former teacher at Morse, are sharing an apartment in Lubbock.

Miss Sharon Parks returned to Texas Tech Monday of this week. Other college students will soon be departing for their respective schools.

Mickey Cook recently attended the Attorney General's Seminar which was held in Austin. He reports an interesting trip and will give his report at a local PTA meeting as well as other civic groups.

Ricky Brumley suffered a severe injury to his head when a basketball goal fell on him. He spent several days in the Hansford Hospital before transferring to St. Anthony's in Amarillo. His father reports he is much improved and they hope to bring him home by the end of the week.

Miss Patricia Henderson presented a program before the Hutchinson County Farm Bureau at Pringle last Thursday. She told of her trips to the Citizenship Seminar.

Mrs. A.C. Coker of Amarillo, her mother, Mrs. R.C. Birdwell, Mrs. Myrtle Russell and Mrs. Jesse Tompkins spent the weekend at Mrs. Cokers cabin at Stonewall Gap in Colorado. The women fished and attended the races at Raton. On Sunday morning they took a jeep trip high into the mountain to Blue Lake before returning to Spearman in the evening.

SCD. The local Soil Conservation Service technician will assist you in developing a conservation plan for your farm or ranch.

The Morse Code

Morse school opened Monday with an enrollment of 109. There is a marked increase in the elementary grades this year with a space problem occurring in the second and third grades where there are 26 students enrolled with one teacher.

There are 13 first graders this year, however they have a room and teacher for this one grade.

School will dismiss Monday, Sept. 6 for the Labor Day holiday, according to Johnny Brumley, superintendent.

Eighteen boys reported for football practice the opening day of school. A total of nine games have been matched for the eight man team under the direction of Coach Bill Tension. The schedule for the Mustangs is as follows:

- Sept. 17, Balko, Okla. there
 - Sept. 24, Forgan, Okla. here
 - Oct. 1, Harrold, there
 - Oct. 8, Yarbrough, Okla. here
 - Oct. 15, Patton Springs, there
 - Oct. 22, Roaring Springs, here
 - Oct. 29, Guthrie, here
 - Nov. 5, Bula, there
 - Nov. 12, Estelline, there.
- All games will begin at 7:30 p.m.

PTA RECONVENES

PTA Executive committee held a planning session Monday afternoon at the Morse school library. Mrs. Jim Womble presided at this meeting.

Johnny Brumley, superintendent of the school and program chairman of the PTA, read the bylaws to the assembled group. He also presented his plan of programs for the year and it was accepted by the committee.

THE WAY I SEE IT

Robert Cordes, Pastor
Oslo & Faith Lutheran

"Dad, take it easy" shouted Bill. He was partly serious and partly kidding. Dad was taking a ride over some rough road and the car was bouncing wildly.

His dad smiled as if he knew those last bumps were pretty bad. "Can't help it son. This car just needs new shocks."

"Seems like it's got too many already," Bill continued to joke about the rocking they were getting. As they drove on, Bill's father explained how a car's shock absorbers help make the ride smooth.

People sometimes talk about the "Hard Knocks" we get in growing up. Bumps on the road are nothing compared with some of these jolts and troubles. They are the cutting biting remarks people sometimes say to us, the unfair treatment we get, the spiteful things others do to us. When such things occur, it's comforting to remember we have someone to help us ease the bumps.

The Son of God, Jesus, came into our world to absorb the worst "shocks" for us. He took all the punishment for sin

when He died on the cross. And because we know He did this in our place, we find it easier to bear the bumps we get from others.

Absorbing these bumps for Jesus' sake is what the Bible means when it says: "If when you do right and suffer for it you take it patiently, you have God's approval. For to this you have been called, because Christ also suffered for you, leaving you an example, that you should follow in His steps."

So we ask the Lord to help us remember He suffered for us and has forgiven us. When others wrong us, make us as forgiving to them as You, Jesus, have been to us.

Howie and Deanie Lewis, twin sons of Mr. and Mrs. Harold Lewis of Pampa, spent last week visiting their grandparents, Mr. and Mrs. Bill Lewis. Spending this week are her grandchildren Debra and William Lewis, whose parents are Mr. and Mrs. James Lewis of Pampa.

Yucca Council Has Resumed Activities

Yucca Girl Scout Council has resumed activities for 2100 Girl Scouts in this area.

Reorganization meetings are being scheduled throughout the eleven counties in the council. New troops will be organized as soon as leaders and meeting places can be secured. Second grade Brownies in each of the 17 active neighborhoods will be organized as soon as possible.

Mrs. Glenn Martin, Executive Director, of 145 troops will direct 430 adults in activities planned for 61 Brownie troops with 854 girls, 51 Junior troops with 805 girls, 25 Cadette troops with 352 girls and nine Senior troops with 101 girls.

Council President, Mrs. Morrow Hecht of Hugoton, Kans. has met with Council Committee Chairmen: Mrs. Don Wells, Boise City, Camp; Mrs. Bill Wiggins, Keyes, Program; Mrs. Reese Nowlin, Perryton, Personnel and Training; Mrs. Wallin T. Glover, Guymon; Public Relations; and John R. Collard, Jr., Spearman, Finance.

Four weeks of successful camping was conducted this summer at Boiling Spring State Park near Woodward, Okla. with 310 campers and 25 adults attending.

One patrol of eight girls attended the National Girl Scout Roundup at Farragut, Idaho in July. Miss Carolyne Collard, District advisor attended Roundup, working in

New Residents Must Re-Register Vehicles

Most new residents of Texas are required to buy new vehicle registration plates for their automobiles as soon as they establish residence in Texas. The same is true of those who accept gainful employment in the State.

Actually, Texas observes a reciprocal passenger car registration agreement with all other states. Fourteen states permit non-residents to obtain new license plates at varying periods after they establish residence or obtain gainful employment. All other States demand immediate purchase of new plates, and --in observance of the reciprocal agreement--so does Texas.

R.W. Townsley, Director of the Texas Highway Department, Motor Vehicle Division, has reminded all law enforcement agencies in the State of the reciprocal licensing agreements.

"Enforcement of out of State license plate agreements is very important to law enforcement since a current license plate, in addition to providing revenue to build and maintain roads, serves to identify a vehicle with its owner," Townsley said.

He pointed out that varying "grace periods" are allowed new residents moving to Texas from these states:

30 days--Alabama, Colorado, Georgia, Mississippi, Ohio, Tennessee, West Virginia, Wisconsin.

60 days--Virginia, Wyoming.

Six months--Connecticut, Minnesota.

On the next December 31-

the Transportation Department.

Miss Helen Collard attended National Roundup, working in the security department as a typist. Twenty-four girls attended summer camp.

Mrs. Ralph Higgins, office secretary is at the office in west Guymon each week day.

Spearman has ten troops, 59 Brownies, 52 Juniors, 18 Cadettes and 7 Seniors, a total of 136 girl scouts and 16 adult leaders.

Mrs. Harold Crooks is neighborhood chairman, Mrs. Rex Sanders, Jr. is a member of the personnel committee, and Ofin Sheets is a member of the camp committee.

California, Kansas.

New residents from all other States must obtain license plates as soon as they move to Texas, or as soon as they accept a job in the Lone Star State. The only exception are daily commuters from bordering States, who need not relicense their vehicles though they may work in Texas.

Non residents in Texas as visitors or students and not engaged in gainful employment may operate on Texas highways with their current home state license plates. However, such plates must be renewed prior to the non resident's home state enforcement date or Texas plates must be purchased.

Recent guests of the Norman Bracks were her nieces, Linda and Peggy Schnitzler of Dodge City, Kans.

Mr. and Mrs. Gayle I. Brown and family returned last week from a vacation in Colorado. While there they visited her parents, Mr. and Mrs. W. D. Porter and her sister and family, Mr. and Mrs. Joe Bradley, both of Kiowa, Colo.

Seats Still Available For Boys Ranch Rodeo

Reserved box seats are still available for the 21st annual Boys Ranch rodeo which will be held over the Labor Day weekend, Sunday, Sept. 5 and Monday, Sept. 6, in the arena at Cal Farley's Boys Ranch near Amarillo.

Tickets may be purchased at the arena or in advance from the Boys Ranch office, Box 1890, Amarillo. Box seats are \$2.50, general admission is \$1.50, and children and servicemen's tickets are 75¢.

Performances will begin at 2:30 both afternoons and events will feature youngsters ranging in age from 4 to 18, riding professional stock in R.C.A. competition.

A special feature for visitors will be Texas-size barbecue beef sandwiches which will be prepared by the boys who are taking cooking as a vocation. Beef will come from the Ranch's own herd and a cold drink will be included for \$1 including tax. Visitors are

invited to come early and picnic before the action starts.

The rodeo is the only one of its kind in the nation and all 336 boys who are making their home at the Ranch will have a part in events. The Ranch is located 36 miles northwest of Amarillo on Ranch Road 1061.

Charles Cates, son of Mr. and Mrs. H.P. Cates, spent the weekend in Amarillo visiting his aunt, Mrs. Clarence Vaught.

Mr. and Mrs. Max Baggerly and family spent last week at their cabin near Taos.

Mrs. Virginia K. Allen of Canyon was a houseguest of Mrs. Freeman Barkley from Thursday till Saturday of last week. Dinner guests on Thursday evening were Mrs. Allen, Mrs. John Berry and Gwenfred Lackey.

Church... Signifying A Place Of Worship

One of the best known, most common words in the English language. Yet, perhaps, few may know of its origin.

It stems from a Greek word meaning "to call out or call together," denoting an assembly or collection. Hence, any assembly of people at a given place, for the purpose of worshipping God is a CHURCH.

The one pictured here is typical of the thousands of modest, unpretentious HOUSES OF GOD to be found in town and country, throughout the length and breadth of this Great Land. Places where anyone may go to worship God in his or her own way—may find solace and be uplifted in spirit by the power of prayer and song.

If you have not been attending church come this Sunday, and every Sunday thereafter. TAKE PART IN ITS ACTIVITIES AND YOU WILL BE GRATIFIED WITH THE FEELING OF WELLBEING AND PEACE OF MIND IT WILL GIVE YOU!

Mr. and Mrs. Hugh Banks and boys returned Sunday evening from a 3 weeks vacation spent camping, fishing and sightseeing. They camped and fished for 10 days at Lake of the Woods in Northern Michigan, then drove on into Canada sightseeing. Returning homeward they visited relatives and friends in Minnesota, Iowa, Kansas and Nebraska. While in Minneapolis they saw the Twins play the Yankees which was the highlight of the trip for the Banks boys. They also attended a Banks family reunion at Pauline, Iowa with Hugh's grandmother. This was the first time since 1957 that the Banks children have all been together, being scattered in the states of Minnesota, Iowa, California and Texas. At this reunion, Mrs. Rungra Banks, the grandmother, was very proud and happy to have a four generation picture made.

Draft Quota Raised Again

The state draft quota for October calls for 1,504 men, compared to 1,459 in September, Colonel Morris S. Schwartz, state Selective Service director, said Friday.

In early August, state Selective Service headquarters was advised by the national headquarters to estimate its October quota at 1,780. The call for 1,504 is an adjustment of this earlier estimate.

Both quotas came after the President's announcement in late July that he was doubling the draft calls. Monthly calls in the months immediately prior to the Presidential an-

nouncement ranged from 700 to 900.

More than 9,000 men will be sent for pre-induction mental and physical examinations in September, Colonel Schwartz said, and he estimated that about 7,500 would be sent in October.

Local board quotas for the September examinations and inductions already have been sent to the boards. The October examination and induction quotas for boards are scheduled to be mailed to them on or about September 10.

Both the September and Oc-

tober quotas will be filled with volunteers under 26 years old and nonvolunteers ages 19 through 25. Most of them will be 20 to 21 years old.

President Johnson signed an executive order Thursday which will permit the drafting of childless married men who marry after midnight Thursday, according to published news reports. For nearly two years an executive order by the late President Kennedy forbade calling of these men.

Colonel Schwartz said he expects the state call for November to be "slightly higher" than the September and October quotas.

Hoobler Takes Pittsburgh Job

Caylor Max Hoobler, son of Mr. and Mrs. Caylor Hoobler, 715 Cotter Drive, recently assumed duties as a chemical engineer in the technical department of the Pittsburgh Plate Glass Company, Chemical Division, plant at Corpus Christi.

Hoobler is a 1965 graduate of the University of Missouri at Rolla and a 1961 graduate of Goodman, Missouri, High School.

Donna Rogers of Stinnett has spent several days with her sister, Mrs. Calvin Bodey.

Pathways to New Horizons Will Be Kimberly Theme

"Pathways to New Horizons" will be the year's theme for the Kimberly Junior Club, associated with the Texas and General Federation of Women's Club. The opening meeting will be held in the home of Mrs. Bill West with Mrs. David Wilson, co-hostess. The program will be given by Mrs. Roy Bulls on "Natures Effects on Interior Design." The yearbooks will be passed out and will be explained by the yearbook committee.

Throughout the year, interesting programs will be given by members or outside speakers, each on a federated department. In October, a tour of Adobe Walls will be made and a book review on "Adobe Walls Bride" will be

given, both in observance of Texas Day, Americanism Day will be observed with a talk on "Flag Facts". The installation of new officers by the newly elected Top of Texas District Junior Chairman will highlight the Federation Day observance in May.

In November, the Kimberly Club, with the Spearman Study Club will entertain the Twentieth Century Club at a guest tea. The program will be on the Project SS HOPE, a General Federated Junior Club project, with a film to be shown, along with a panel discussion and a display of projects to be given to the Project HOPE.

Other programs to be given during the year include a Christmas Brunch with a program on Christmas decorations in the home; Tips on Traffic Safety and the use of seat belts by a Texas Highway patrolman; Geir Berge Overland, the Foreign Exchange student will speak in February; in March, a film on the construction of the Sanford Dam will be shown; an international exchange of ideas with a club in Erith, Kent, England will be the program in April.

Officers for the coming year include President, Mrs. Sandra Ladd, Vice-President, Mrs. Kenneth Pope; Secretary-Treasurer, Mrs. Bill Wilmeth; and Historian and Reporter, Mrs. Everett Cain. Those on the yearbook committee were Mrs. Doyle Jackson, chairman, Mrs. David Wilson and Mrs. Bill West.

Examination Set in Borger

An examination for proficiency in Masonic ritual has been set for Saturday, Sept. 11 at 8 a.m. in Isom Lodge 1242, Borger. The examination will be conducted by Bob G. Andis, a Pampa rancher and a member of the Texas Masonic Grand Lodge Committee on Work.

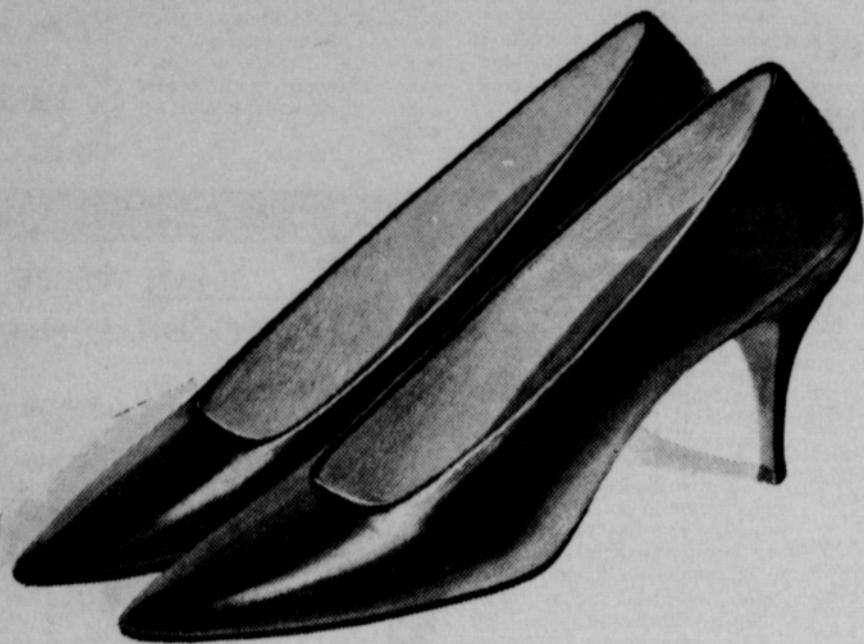

Masons in this area who qualify in the examination will be granted certificates of proficiency in the Masonic ritual at the Annual Communication of the Masonic Grand Lodge of Texas to be held in Waco December 1st.

Cy Ainsworth spent from Tuesday until Friday at Dallas and Irving visiting his son, Bud and daughter, Mr. and Mrs. Don Foster, Donna Foster who has spent several weeks with her grandparents here returned home with him.

James Brown spent two days last week with his sister, Mr. and Mrs. Jerry Taylor in Amarillo and pre-enrolling at WT for the fall term.

Mrs. H.M. Shedeck and her sister, Bessie Krevanck of Oklahoma City left Aug. 11 for a trip to Phillips, Wisconsin, where they visited friends. While there the women, four in all, chartered a boat and fished on Lake Superior. Mrs. Shedeck states that she saw her first cranberry field. She returned home Aug. 25.

Mr. and Mrs. R.E. Lee and family of Odessa spent the weekend with her parents, Mr. and Mrs. Arthur Adkison.

A pair of shoes...and your mattress

Strange Combination?

Not when you stop to think you're in one — or on the other — twenty-four hours a day, day in and day out.

Both have to fit you correctly. Both have to be comfortable — give proper support.

We're not in the shoe business and can't tell you the best to buy. But when it comes to mattresses, we're experts. We always recommend the new Beautyrest made by Simmons. It's the one mattress that is made differently to sleep you like no other mattress can.

Here's what we mean.

ORDINARY MATTRESS

BEAUTYREST

Ordinary mattresses have about 300 wired-together springs that sag down together under weight. Push one down and the others sag down too. Beautyrest is different. Over 800 springs are not wired together. They are separate — independent. Push one down and the others aren't affected.

Since independent Beautyrest springs are separate and independent each adjusts to your weight and gives firm, body-fitting comfort. No sag — no curved spine. In a Beautyrest double bed there are "His" springs and "Her" springs — those in between are not affected. Result. Single bed comfort in a double bed. No sag — no rolling together. Another comforting thought. Beautyrest lasts longer — outlasts other mattresses by 3 to 1 according to rigid tests by the Nationwide Consumer Testing Institute. Costs only a penny more per night than so called "Bargains" too.

We invite you to make a test for yourself. Just come in and lie down on a Beautyrest for a few seconds. If you don't think it's the most blissfully comfortable mattress you've ever tried, we'll say no more.

- Beautyrest, standard sizes, twin or double . . . \$79.50
- Beautyrest, Queen Size — 20% more sleeping space . . . \$199.50 per set
- Beautyrest, King Size — 54% more sleeping space . . . \$299.50 per set

For easier seeing, he needs a

LIGHTOLIER STUDY LAMP

Especially designed to provide correct light for home study, the Lightolier Study Lamp stands 21" tall overall, the correct height to spread light evenly over the work surface. It's equipped with a diffusing bowl that softens the light and prevents glare. And its translucent plastic shade conceals the light source from the eyes. The result is an abundance of eye-easy light that prevents eyestrain... keeps young minds alert. See this new Lightolier Study Lamp on display at our office. Better light means better sight and a better student.
