### Record Yields In Corn Harvest

THREE DOCTORS AND QUEENIE! Editor Miller claims the worlds championship recruiting practices in the Lions Club. Miller recruited all three of these doctors for the Spearman Club; Doctors, Chapman, Stieger and Lee. The pretty one is queen (Miss Hansford County) Denise Desimone!

With corn slightly higher than the proverbial elephant's eye, yields from the fields averaging 150 bushels per acre with some test plots over 200 bushels, and ensilage even coming in for the spotlight with one known yield of 28 tons for a 50 acre plot, Hansford County may well be on its way to assuming the 'corn crown' of the United States.

The 1975 corn harvest is all but over but the shouting has not died down yet for this Fall's harvest of the golden nuggets has far superceded any estimates. According to Joe VanZandt, Hansford County Agent, last year's corn harvested-for-grain was 23,200 acres against an estimated planting of 44,000 acres for the County. VanZandt's figures for the production in 1974 was 2,035,000 and the estimated yield per acre from 140 bushels to 150 (and the actual average bears this figure out). 1974 figures totaled 28,900 acres planted for all purposes and 23,200 harvested.

According to Texas State Agriculture Commissioner John C. White, state farmers expect to harvest the third largest crop on record but this may be superceded if the Hansford County figures are true of the rest of the state. An 111.1 million bushel yield is estimated by the Texas Crop and Livestock reporting Service for Texas, this, the largest since the 11.2 million bushels produced in 1919. Texas' record crop of 117 million was harvested in 1910.

Estimated yield from the Commissioner's desk for the 1975 crop was 101 bushels per acre which is a record for Texas according to White. Other grain crop production estimates also indicate significant increases.

A mid-September "Cattle Feeder's Report" indicated that yield of 150 to 200 bushels are not uncommon in Texas. At that time about 10 percent of the corn had been harvested with an estimate that it would take two weeks to complete. Actually, altho the corn harvest is now all but complete in the Hansford area, it took a mite longer and did run into the beginning of the milo harvest--a rather unusual situation here with some elevators turning their dryers over for the milo and others, maintaining service in drying for the corn growers.

When contacted as to when the corn harvest would end in Hansford County, the various elevator operators were enthusiastic concerning the harvest. At Fred Davidson's Bernstein Elevator they contended that the yield was far better than last year over all and at that time (about the 1st of October) farmers stood to earn \$2.83 per bushel there. At the Equity elevator in

Morse, it was indicated that the average just might be a bit lower than the rest of the County, approximately 100 bushels per acre with the going price at that time \$2.85. Kermit McKee at Continental estimated the yield to be in the neighborhood of 140 to 150 bushels and the price quoted that day was \$2.83. Mrs. Jack Hart at the Palo Duro estimated the yield to be 170 bushels and the price quoted was \$2.83 also.

Whatever the price, whatever the yield, corn harvest 1975 in Hansford County is over and one can not be wrong in saying, "It was a very good year!"

#### Microwave Oven Demonstration

There will be a microwave oven cooking demonstration Oct. 21 at 7:30 p.m. in the County Bame here. Anyone interested in learning to cook in microwave ovens is invited to attend.

The demonstration is being sponsored by Earl's TV, 106 E. Kenneth, Spearman. Panasonic microwave ovens are on display in the store.

Tickets for adults will be \$2.75, children \$1.25 and under 6 free.

BE SURE AND CHECK THE J. L. BROCK AGENCY AD IN THIS ISSUE. IT IS ONE OF THE FINEST WE HAVE EVER SEEN!

#### CYF Plans Car Wash

The CYF of the First Christian Church will be having a car wash on Oct. 18 from 9 a. m. to 3 p. m. at Alton's Gulf Station.

For free pickup and delivery call Alton's Gulf that day. The charge will be \$4.00 for washing or \$5.00 for washing and cleaning inside.

Coach Drummond used almost all of his players as the Spearman JV, which is undefeated for the year, ran rough shod over a good Guymon team 40-18, at Spearman Thursday. It was a high scoring affair!

Bodey returned the opening kickoff to the 36 as the game started with a large crowd present and an unusually perfect night. The weather was about 75 degrees and no wind! The Lynx ran a series of plays with Sellers and Bodey alternating the carrying chores, but had to give up the ball on 4th down. The Lynx received a 15 yard penalty, or they would have moved this series in for a score.

Guymon took over on their 44, the Lynx held and Sellers returned the punt to the 28. Reid hit Steele on a beautiful pass, good for 30 yards. The Lynx ran the ball to the 19 yard line, where Reid passed to Bodey for a touchdown. Sellers took a pitch out from Reid and raced in for the PAT to give the Lynx an 8-0 lead, with 2:12 left in the first quarter.

Place kicker Witt kicked off for Spearman and Guymon returned the ball to the 34 yard line. The Lynx held, and Guymon kicked a terrific 50 yard kick to the 8 yard line. The first quarter ended with the Lynx ahead 8-0.

Early in the 2nd quarter, the Lynx roughed the kicker and gave Guymon a first down on the 19 yard line. The Tigers drove to the 12 but the Lynx held them back. The Lynx took over the ball, ran one play and fumbled, with the Tigers covering the ball on the 10 yard line, deep in Lynx territory. The Tigers ran the TD in from 5 yards out, but the Lynx held on the PAT, and led the Tigers 8-6 with 5:46 left in the 2nd quarter.

Sellers returned the kickoff to the 23, and the Lynx immediately fumbled the ball back to Guymon on the 17 yard line. Guymon raced into the end zone on the first play from Scrimmage to take the lead with 5:24 left before the half time. Once again the Lynx line performed well, and held the big cast out on their PAT. The much heralded Guymon

Offense had taken the 12-8 lead over the Lynx, but the Lynx had many surprises in store for Guymon before the half ended. Sellers returned the kickoff to the 36, giving the Lynx good field position. He added another 19 yards, and Bodey dashed 37 yards, to put the Lynx on the 8 yard line. Sellers added 4, Bodey 3 and Sellers raced into the end zone from the 2 to give the Lynx "back the lead." The PAT failed, and with 2:54 left in the first half, the Lynx led 14-12 in the tight ball game.

The outstanding defensive play of the night was made by Greg Price, who made a bruising tackle on the Tiger Star Curtis Bowers.

Spearman's Witt kicked off, and Garcia covered a Tiger fumble on the 29 yard line. Sellers ripped off 7 yards, and a pass interference was called against the Tigers as they pushed Martin on the 5 yard line. The play set up a TD, as Bodey raced into the end zone, with 2:20 left in the half. Reid hit Martin for the PAT, as the Lynx took the lead 20-12.

Witt kicked off to Guymon, and they returned the ball to the 28 yard line, still in the 3rd quarter. The Lynx held, and forced a Guymon punt. Sellers pulled in the punt on his 35, ran to his right, set up a screen of blockers, and as the blockers were wiped out, he cut to his left behind another bevy of Lynx cats, and was escorted into the end zone for the exciting 65 yard touchdown. Bodey added "insult to injury" as he scored the PAT, to put the Lynx ahead 28-12 as the half ended. In fact, the clock ran out as Sellers dashed into the end zone. The "shell shocked" Tigers ran to the showers, and even forgot that the Lynx had a try for extra points coming up after the TD. The officials, led by our own Kent Guthrie, had to call the Tigers back on the field in time to see Bodey make the PAT! First half score 28-12!

The Guymon team, which previously had led the Lynx, started the 2nd half by returning Witt's kick to the 20. The 3rd quarter saw both teams see-saw back and forth, with the score staying at 28-12 Lynx favor.

The 4th quarter was a different story, as the Tigers "fired up" and after pouncing on a Lynx fumble on the 22, Curtis Bowers dashed into the end zone for the Tigers 3rd TD. Once again the Lynx defense held, and the score was 28-18 with only 5:40 left in the game, and the Tigers coming on strong.

Guymon tried an on-sides kick-off but they touched the ball on their 45, giving the Lynx possession at this point. Sellers dashed 16 yards off tackle, then another 29 yards of razzle dazzle behind the Lynx offensive line for a touchdown! A pass from Reid to Trevino for the PAT failed and the clock showed 5:16 left in the game, the Lynx ahead 34-18!

Witt kicked to the tigers and they returned to their 27. On their first play, the Lynx covered a fumble. A new power runner was inserted into the game as Trevino galloped 15 yards, added another 8 and Reid passed to Steele to put the ball into the end zone for another TD, with 3:52 left. The pass play for the TD to Steele was a real beauty, typical of the finesse of the Lynx JV which prevailed all during the game. The PAT failed, leaving the score 40-18.

The outstanding defensive play of the night was made by Greg Price, who made a bruising tackle on the Tiger Star Curtis Bowers.

#### DECLARATION OF POLICY

Pursuant to the fundamental philosophy of the American constitutional form of representative government which holds to the principle that government is the servant of the people, and not the master of them, it is hereby declared to be the public policy of the Spearman Reporter that all persons are, unless otherwise expressly provided by law, at all times entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

Editors Note: We feel that all of our elected officials feel as we do!

#### Election Set For Director

Farmers, ranchers and their wives will meet at the home of Charles Brillhart on October 14, 1975 at 7:30 P.M. to elect a director for subdivision 2 of the Hansford Soil and Water Conservation District. Subdivision 2 is approximately the North East 1/4 of Hansford County. An outline of the zone is on a survey map in the SCS office in Spearman. Any person who owns land in the subdivision and lives in Hansford County is eligible to vote in the election. This is a convention type election and you must be present to vote. Charles Brillhart is presently serving as director of this subdivision. Remember wives of land owners are eligible to vote. Refreshments will be served.

**BULLETIN:** Editor "Wounded Knee" Miller was quoted on Tv by Channel 7's Bill Zortman Saturday afternoon. The local editor did defend the actions of the city council for not publishing an audit the past 8 years. Actually, this was a case of "ignorance" on the part of your editor. We did not inform the city that the audit had to be published. We have contacted the city attorney Blackburn, and Mark Neff who have both assured the editor that the city will publish an audit this year. We apologize for not pursuing this matter in the past.

### Frazier-Jones Nuptials Read

In a charming mid-afternoon service in late September, Miss Diane Elaine Frazier became the bride of Calvin (Skip) Jones in a double ring ceremony performed by the Reverend John Mourer in the First Congregational Church in Amarillo.

Diane, a former Gruverite, now a resident of Amarillo, is the daughter of Mr. and Mrs. H. M. Frazier, Jr., of Gruver. Mr. Jones, who also is a resident of Amarillo is the son of Mr. and Mrs. Ron Thompson.

Attending the young couple were Mrs. Harley (Kim) Murrell of Gruver and Mr. Charles Beard of Amarillo. Marking the altar setting was a beautiful star-fashioned bouquet of white and lavender flowers, the chosen colors of the bride, Miss Tanya Hart of Gruver offered nuptial selections at the organ including "Close To You", "We've Only Just Begun", and "The Wedding March".

Escorted to the altar by her father and given in marriage by her father and mother, the lovely titaun-haired bride chose an exquisite white satin princess style gown designed with long sleeves caught at the wrist by wide cuffs with eight self-covered buttons. Her ribbon and silk garden hat of white completed her costume and she carried a bridal bouquet of lavender tipped carnations, forget-me-nots, daisies, and bridal wreath.

Her matron of honor wore a period gown of lavender voile in a design similar to the bride's and caught with a wide sash in a bow at the back. She carried a nosegay of white and lavender flowers.

For her daughter's wedding, Mrs. Frazier chose a heavenly blue two-piece floor length double knit ensemble and the groom's mother, a burnt orange chiffon floor length gown. The grandmothers, Mrs. Leo Frazier of Gruver and Mrs. Irene Neuse of Fort Worth, both were gowned in floor length dresses. They each wore a corsage fashioned of white carnations tipped in lavender.

Following the ceremony, a reception followed in the Hospitality Room of the Church. Presiding at the serving table were sisters of the bride, Mrs. Bruce (Debbie) Knight of Lubbock and Miss Denise Frazier, also of

Lubbock. The table was laid with lavender over white and centered by the bride's bouquet. The three-tiered wedding cake highlighted the table from which punch, coffee, and mints were also served.

The young couple are at home in Amarillo following a short wedding trip. Mr. Jones is employed with Bechtel Incorporated in Amarillo and Mrs. Jones is with the Levi-Strauss Company there. She is a 1974 graduate of Gruver High School and attended Amarillo College. She reigned as Miss Hansford County in 1974-75. Mr. Jones is a graduate of Tascosa High School in Amarillo.

Out-of-town guests included Mr. and Mrs. Carlie Knight, Mr. and Mrs. W. J. Maupin, Mrs. Ona Faye Watkins, Mrs. Vivian Chuck, Mrs. Charlene McClellan, Miss Kay McClellan, and Harley Murrell, all of Gruver and Bruce Knight of Lubbock.

### B&T Women Met

The Baker & Taylor Women's Association met Tuesday, October 7th in the Home Demonstration Club Room.

President, Mrs. Jack Hamilton called the meeting to order. The Associational Prayer was read by Mrs. Jack Jackson.

The Treasurer reported a balance of \$2461.50. Minutes of the previous meeting were read and approved. Mrs. Roy Bulls reported the Annual Chili Supper will be October 17th at the High School Cafeteria. Tickets will be \$2.00 for adults and \$1.00 for children. Two cakes or four pies are to be brought by each club member for dessert. The women of the cafeteria will cook and serve the chili and the Baker & Taylor women will be responsible for desserts and cleaning tables.

Mrs. Mack McCormack presented the financial statement.

Fantasy Land work day will be Tuesday, October 14th at the Pierre Building. The work day will begin at 10:00 A.M. and sack lunches are to be brought.

Mrs. Max Banks presented the program on "Personal Appearance". Refreshments were served by Mrs. Ed Garner and Mrs. Jack Jackson to guest, Mrs. Bill Hodges and to members, Mesdames: Jack Hamilton, Bobby Parker, Harold Frost, Kenny Lofrin, Gary Upchurch, Oliver Barnes, Roy Bulls, Donnie Mack, Mack McCormack, Charlie Laxton and Max Banks.

Next meeting will be the work day October 14th at the Pierre Building.

Visiting in the home of Mr. and Mrs. Arthur Addison were their daughter and husband, Mr. and Mrs. R. E. Lee of Hobbs, New Mexico. Mr. and Mrs. Lee traveled to Kansas City, Missouri, where they picked up her sister, Mrs. David Barnes and John David and returned to Spearman so Mrs. Barnes could also visit here with her parents.

### Ford Tool Company

Kenneth Ford - Pres.

Tom Ford - Sec. Treas.

Charles Pride - Vice Pres.

When in need of this service, call on this firm and you will be more than glad to do business with them. They are located at 102 North Industrial in Perryton, phone 435-5994. They service the oil and gas industry with 24 hour a day with fishing, rentals and well service. That much discussed word, "service", finds true meaning in the friendly atmosphere that envelopes every customer of this popular firm because service is interpreted in so many ways that it may well be said to be the sign manual of the institution.

Fair and honest business methods at all times along with individual service to every patron has established for this firm a trade that has extended throughout the surrounding territory.

The drafters of this 1975 Review wish to take this opportunity to congratulate the management of this reliable firm on their policy of fair dealings.

## Melvin's Electric

Owners - Dicky Holdeman - Mick Armstrong - DeWayne Armstrong

Melvin's Electric features commercial and residential electric contracting, including oil field electrification, motor repair and a full line of fixtures.

This firm is one of the leaders of its kind in this district and has built its reputation upon service, satisfaction and the good will of its many satisfied customers. Having been in this line of business for a number of years, the management knows the demands of its customers and furnishes professional electrical contracting service at reasonable prices.

People everywhere prefer doing business with them because they know they will be treated fairly. It has often been said that business goes where it is invited and stays where it is well treated. That accounts in a very large measure for the success and popularity of Melvin's Electric at 6 S.W. 4th Ave. in Perryton, phone 435-2551, 435-5088, 435-5111, 435-5118, and 435-5013.

In this 1975 Review we, the planners of it, in making mention of the reliable concern in our trade territory, wish to recommend Melvin's Electric to our many readers.

## Canadian Production Credit Association

Larry E. Albrin - President  
Leslie Lovvorn - Manager

The editors of this Review wish to bring to your attention this leading firm, the Canadian Production Credit Association located in Perryton at 502 South Main Street, phone 435-6526, in Canadian, phone 323-6462. They loan money to farmers and stockmen for many agricultural purposes.

The management has a reputation known far and wide as business people of ability and straight forwardness in their business dealings, and anxious to please every customer alike. During their years of operation they have done everything in their power for the up-building of their community. This is good evidence that you too, will find them a most desirable firm with which to do business.

Their position among the people of this area is evidence of well placed confidence, and in this 1975 Review, we, the authors, take pleasure in recommending the Canadian Production Credit Association to the people of this and surrounding territories.

### Jaycee Corner

The Spearman Jaycees met Thursday, October 9th at the Community Building. President, Fred Groves presided over the meeting. Discussion was held on changing the Bike-a-thon route from Spearman - Phillips 66 tank east of Waka. This will do away with the steep hill and will make the travel easier. The Bike-A-Thon will be November 9th beginning

at 1:00 P.M. from the County Barn to the Phillips 66 tank and back. There will be a work forum Thursday, October 16th at 8:00 P.M. at the VFW Hall in Perryton. Discussion will be held on reorganizing the area and the program will be on Child Abuse. Present at the meeting were guest, Jerry Cook and members, Fred Groves, Rusty Tindell, Henry Herring, Ronnie Bullard and Larry Williams. Next meeting will be October 23rd at the Community Building.

### Taxpayers Support Proposition Five

Using the phrase "Save Agriculture" as their theme, a large group of Texas farm and ranch land owners have formed a political committee to push for the adoption of Proposition Five in the Constitutional election on November 4th. Dripping Springs rancher Lavene Odell is campaign chairman of the Committee to Support Proposition Five. The Committee is now seeking the support of all Texas landowners concerned with rising property taxes and of all citizens concerned with saving Texas agriculture. Proposition Five is the proposed Finance Article of the Texas Constitution. If adopted by the voters on November 4, Proposition Five and the implementing Act, House Bill 1535, would require that Texas farm and ranch land be taxed according to how much income it would produce. Under the new law, there would not be restrictions to prevent farmers and ranches from qualifying as under the existing constitution. According to Odell, if agricultural land continues to be taxed at its speculative value, as most such land is under the present Constitution,

most farmers and ranches will be forced to sell their land to real estate developers who will remove the land from agricultural use. As a result, Odell fears that "One of these days we'll wake up and not have anything to eat." Thus, he says, all Texans have something at stake in Proposition Five. A 1966 amendment to Texas present constitution was intended to provide some tax relief to Texas landowners but, states Odell, has failed to do so because the present constitution does not spell out how qualified land is to be appraised. Odell's group has posted 35 signs like the one pictured stating "Save Agriculture, Vote Nov. 4 FOR Proposition 5" throughout portions of Travis and Hays Counties. If further information is required, the group's treasurer, Henry Brooks, may be contacted by phone at area code 512, 478-5621 or by mail, care of Committee to Support Proposition 5, P. O. Box 369, Dripping Springs, Texas 78620. Lavene Odell encourages all citizens to vote for Proposition 5.

is an important step in making college plans. Scheduled for October (Tuesday, October 21, 1975, the PSAT/NMSQT measures verbal and mathematical aptitude--two abilities important in doing college work. The test can also lead to other opportunities for high school students: they can enter the competition for scholarships administered by the National Merit Scholarship Corporation; they can participate in the College Board's Student Search Service which is used by hundreds of colleges interested in

students like them; they can get a good idea of what the Scholastic Aptitude Test (SAT) is like. Advice on using scores--and other information-- Along with their score reports, students will receive a copy of ABOUT YOUR PSAT/NMSQT SCORES, a booklet that contains valuable information about: estimating SAT scores; finding out where to get and how to use more detailed information about colleges and financial aid; planning for financing a college education.

A savings account has always been the best way to build for the future. When you make plans for the things you want in life, saving regularly brings you closer and closer to those goals. But a savings account is great for the present, too. It's a cushion between you and the financial bumps that come along in everyone's life. Start a regular saving habit. It's good for tomorrow. And for today. Ask about our various savings plans. We will be closed Monday, October 13th in observance of Columbus Day. ### Future Of Irrigated Wheat Discussed

Seattle, WA - "The Future of Irrigated Wheat in the United States" was discussed by Dr. K. B. Porter, Texas Agricultural Experiment Station Wheat Breeder from Bushland, at the Ninth Annual Conference on Wheat Utilization Research in Seattle, Washington on October 8 thru 10.

According to Dr. Porter, most of the irrigated wheat in the United States is produced in the Southern High Plains and in the west. In 1974, 1.6 million acres of irrigated wheat were harvested on the High Plains of Texas, Kansas, Oklahoma, Colorado, and New Mexico. Yields were low, averaging 27 bushels per acre. Total production was 42.7 million bushels. This was 7.4 percent of

the wheat produced in the five states. Normally, irrigated wheat in the southern plains produces 38 bushels per acre.

In addition to grain production, over one million head of feeder cattle worth from 100 to 200 million dollars graze irrigated wheat in the High Plains. Dr. Porter cited grazing studies by Dr. John Shipley, Economist at Texas A&M's Research Field at Etter. Adequately irrigated and fertilized wheat sown about September 1, produced 2.5 tons of high protein forage by March 20. Grazing must be stopped by March 20 if a grain crop is produced. At a stocking rate of 1.5 head per acre and gains of 1.5 pounds per day, this forage produced 293

pounds of beef. When wheat was grazed to May 20 and not harvested, this forage produced 293 pounds of beef. When wheat was grazed to May 20 and not harvested, average daily gain increased to 1.8 pounds and 550 pounds of beef were produced. This forage and beef production cost another 100 pounds of nitrogen per acre and an extra irrigation compared to wheat for grain. This practice was very profitable under market conditions of high beef and low wheat prices prevailing in the early 1970's. "When the opposite situation exists, as in winter of 1975, irrigating wheat for grazing may not have been profitable", Dr. Porter said. Idaho, California,

Washington, Arizona, Oregon, and Utah irrigated 1.7 million acres of wheat in 1974. Average yield was 66 bushels per acre and total production was 112 million bushels. Cattle are not usually grazed on wheat in the west.

Total production of irrigated wheat was 11 percent of all wheat produced in the United States. "We have looked at the extent, location, and production of irrigated wheat, now let's look at profit", Dr. Porter continued. A 1975 study at Texas A&M University showed that a 37 bushel irrigated wheat crop lost 31 dollars per acre and a 50 bushel irrigated wheat crop made 11 dollars profit per acre above fixed and variable costs.

### Blaze Damages Perryton Equity

A portion of Perryton Equity was destroyed Thursday when fire broke out in the top leg of the grain elevator.

The fire started about 6 p.m. Two units of the Perryton Fire Department responded to the fire call and had the blaze under control within an hour, posting a watch throughout the night to guard against any flare-ups.

Damage estimates due to the fire were set at \$100,000 to the machinery.

### Dalhart Edges Friona, 14-6

DALHART — Dalhart, winless in five previous games, scored twice in the second quarter and defeated Friona, 14-6, Friday here in a non-district clash.

The Wolves, now 1-5 on the season, got on the scoreboard first on a five-yard run by Joe Strong. Jim Bob Matthews kicked the point after for a 7-0 lead.

Then, with 17 seconds remaining in the first half, Chuck Vickers hit Kenny Howell with a 40-yard scoring pass.

Friona's only touchdown came on a five-yard run by Bobby Zetsche in the final period. The Chieftains now are 1-4 under first-year head coach Mike Garrison, who played his high school football at Dalhart.

### Boy & Girl Of The Month

Outstanding students at Spearman High School selected by the Spearman Study Club as September Boy and Girl of the month are Gary Dale Burke and Kathy Dowdy.

Kathy is the daughter of Mr. and Mrs. Murrell Dowdy. She attended Texhoma High School her freshman year and was selected as class favorite. She moved to Spearman in May of 1973. Her sophomore year she was a member of the F. H. A. Her junior year she was a member of the Student Council and Distributive Education. She is presently secretary of Distributive Education and is employed by Spearman Rexall Drug. At present, she has no plans for the future.

Kathy was chosen for her honesty, dependability and friendliness.

Gary Dale Burke is the 17 year old son of Mr. and Mrs. Kenneth Burke. His freshman year he was on the Lynx football team and a member of the Spanish Club. When he was a Junior, he was Vice President of the Spanish Club and won honor awards in Geometry and in Spanish II. This year he is a member of DECA, employed by the

### BITS OF THIS AND THAT

by Nita Stewart

Sure was nice seeing how happy Ralph and Teresa Bynum are and all the plans they are busy making with the girls. All this excitement is due to a visit they are looking forward to in the near future from Teresa's father, Alvin McDow of South Gate, California and her two sisters, Patti and Suzy McDow, of Santa Anna, Calif. Wouldn't it be great if they were here for Thanksgiving and Christmas. Nice to see you two buzzing around so full of happiness in hopes that your relatives will make it real soon.

The Jimmy Hesters returned last Monday from a visit to Lubbock where they visited their son, Tony, and family.

Glad to report Edna Hays who has been very ill is now out of Hansford Hospital and back on the job. We sure missed Edna's visits but did get to the hospital to see her each day.

Remember those in the hospitals--go visit the patients.

Have you stopped by the Dairy Queen and had Bobby Emert or Jimmie make you a Burrito Plate--Boy! It's good!!

Dave and I are looking forward to a visit from Ray and Alice Stewart of Colorado the 18th. Been some time since they've been down.

Thanks to all of you who have missed my column, I'm feeling somewhat better and will try to write at least once a week if I'm able. God Bless You All!!

**Christmas Seal Campaign Opening**

Mrs. Mary Brock of Spearman announced the opening of the 1975 Christmas Seal Campaign, with mailing of seals on October 13 throughout the Panhandle area. She said the Campaign, which supports health programs in prevention and control of asthma, emphysema, TB, and other lung diseases, is badly needed. "Emphysema is the fastest-rising cause of death in the United States today," she said, "and our work to achieve better treatment, medication, surgical technique and prevention for the control of these diseases has a bearing on the lung

patient in all communities everywhere." Mrs. Brock said last week's area symposium for parents of asthmatic children and health professionals engaged in the care of lung patients of this area is an example of Christmas Seal work and its bearing upon the patient. She urged county residents to answer their Christmas Seal appeal as generously as possible.

**Nurses Assistant Course At FPC**

A Nursing Assistant course designed to help provide nursing assistants or aids for local and area hospitals, doctors' offices, nursing homes, and lay public will begin at Frank Phillips College Monday, Oct. 27. Mrs. Lucille Host, R. N., a graduate of Northwest Texas Hospital School of Nursing in Amarillo, will be the course instructor. Offered in cooperation

with North Plains Hospital in Borger, classes will be held from 8 a.m. to 3 p.m., Monday through Friday, for four weeks--a total of 120 classroom hours. The course will end Friday, Nov. 21. Students will learn the duties performed in the hospital which will qualify them for nurse assistant or aid employment. Included will be instruction in taking blood pressure, general patient care, nurse-patient relationship, care of critically ill or geriatric patient, and other special techniques. Those who complete the course will receive a nursing assistant's certificate of completion from Frank Phillips College. Registration for the course will be taken at the Registrar's Office, Frank Phillips College, Box 110, Borger, Texas, 79007, from now until classes begin. Fee for the course is \$45.

**Annual Art Show Scheduled**

The Dahlia Flower Club has scheduled its sixth annual show of arts, crafts and antiques for November 1 and 2. The show and silver tea will be held in Hansford Library Saturday, Nov. 1 from 1 p.m. to 5 p.m. and Sunday, November 2 from 1 p.m. to 5 p.m. with proceeds going to the Library. This will be an excellent opportunity for artists, craftsmen, antique and other collectors to show their hand work and collections. People of the surrounding area are urged to bring their displays. Rules for the show are listed as follows: All rules of the Library concerning the use of the building will be observed. One of these rules is that the Library is to receive 20% of the proceeds of any article sold. All sales will be strictly between the buyer and the seller with the library clerk to collect the 20% of the sale. Every division committee may put restrictions on the number of exhibits by a dealer, depending on the room available. Each exhibitor is to furnish his or her bridge table or other accessories, and set up his or her exhibit. No charge will be made for showing. All tables are to be uniformly covered with white paper furnished by the Dahlia Flower Club. All articles are to be registered by the division entry committee. Make duplicate copies of all articles, one to give the entry committee, and one to keep. All exhibits must be in place by 11 a.m. Saturday, November 1, and must be removed by 6 p.m., Sunday November 2. Displays may be set up Friday afternoon from 2 to 6, or Saturday morning from 9 to 11. The Dahlia Flower Club will not be responsible for any article lost or broken, but extreme care will be used in their handling.

# What's That Date?

It is now nineteen hundred and seventy-five. And we are glad that we're alive to travel our great country through. That Columbus found in fourteen hundred and ninety two!

The iambic pentameter may not be just right with this verse or worse but the dates as far as the years are and this should indicate, without the aid of a modern computer that we have had this great land of ours some 483 years since Master navigator Columbus first set foot upon its shores.

The observation of this important occasion has been changed, it is true, for this year the "official" date is October 13th and not the traditional October 12th but a date with any other number would not make a four day weekend and this would not work out with the complicated system of five day weekends and two hour work days for which we are striving! And henceforth for evermore, the second Monday in October regardless of the date will be designated Columbus Day! -- so says our federal calendar makers.

Columbus was a brilliant navigator and was not trying to prove the world was round because thinking people in his day already knew that it was round. Columbus was simply trying to find a short sea route to the Indies and he expected that by sailing 2,400 miles west along the latitudes of the Canary Island to reach a group of islands near Japan where he would establish himself as lord and master of all he surveyed.

Actually as the birds fly

(either mechanical or otherwise) air-line distance from the Canaries to Japan is about 11,000 nautical miles and the big mistake Columbus made (and grateful are we he did) was in estimating the size of the globe and the width of the Atlantic and this error made him think that Japan was about where the Virgin Islands are actually located.

Columbus had three vessels on his first voyage, the Santa Maria, the Pinta, and the Nina. They were constructed of wood and had not engines nor motors and very few comforts! The Santa Maria was manned by 39 men; the Pinta by 26 men; and the Nina by 22 men.

According to historical accounts, Columbus and his crew sailed for three straight weeks, the longest anyone had ever sailed in one direction out of sight of land and the men became most fearful that they would never again see land.

On October 10, 1492, it was agreed that they would sail for three more days (maybe that is where we got the date, October 13 for this year's observance and then return if land was not sighted). The island which Columbus named San Salvador in the Bahamas was sighted by moonlight at 2:00 A.M., October 12.

The man Columbus has been described as a tall man, well built, "ruddy, of a great creative talent, and with a long face". His eyes were light in color; his complexion was light kindling to a vivid red. His hair was blond in youth but when he came to his thirtieth year it all turned white. He was

simple in dress, moderate in drinking and eating; pleasant but dignified.

Columbus had a mystic belief that God intended him to make great discoveries in order to spread Christianity. He said his prayers several times daily and attended mass whenever he could. As a seaman, he was one of the greatest as well as being a man of great moral and physical courage.

His tenacity was so great as to be almost a fault. A man of one idea and that a radical one, he was regarded by many as tiresome and was actually hated by many people. He had a most unfortunate habit of saying "I told you so" about the success of his first voyage particularly and this made people delight in tripping him up.

When one stops to contemplate the actual deeds of this amazing man Columbus and the importance of his accomplishments to us, perhaps, it is only right and meant that we award him a whole three days weekend by courtesy of our Calendar and be so grateful that "in fourteen hundred and ninety-two Columbus sailed the ocean blue" so that in nineteen hundred and seventy-five a new Columbus Day we have contrived.

Have a happy Columbus Day whenever it is!

## Post Office To Close Oct. 13

The Spearman Post Office will be closed Monday, October 13, 1975 in observance of Columbus Day. No deliveries will be made on city or rural routes.

## FPC Offers Adult Courses

Persons of all ages continued learning this past year at Frank Phillips College through a new program of Continuing Adult Education and Community Service Courses. Added to the Fall, 1975 offerings are new, non-credit "mini" courses ranging from "Why Customers Buy to Human Relations in Industry."

In addition to providing educational services through regular courses, the community college offers programs specifically directed to meet needs of all area citizens. Over three hundred adults are currently enrolled in the courses already in session. There are no admission requirements and no tests.

Short "mini" courses, which are limited to one to five class meetings, scheduled this fall are: Free Enterprise, Why Customers Buy, Controlling Retail Theft, Human Factors in Small Business, Human Relations in Industry, Improving Communications, The Nature of Leadership, The Art of Supervision, Women's Emphasis Week, and Personal Enrichment Week.

Ken Jennings will instruct two courses sponsored by Frank Phillips and the Small Business Administration in Lubbock. They are: Why Customers Buy, Oct. 14, 7-9 p.m., and Controlling Retail Theft, Nov. 18, 7-9 p.m. All will meet in Room L-31 at no charge.

A one evening seminar from 2-10 p.m., titled Human Factors in Small Business will be taught by Joe Janeway, Oct. 21. Cost is \$2.

Warren Alfred, District Personnel Director of Huber Corporation, will be instructing a nine-hour course in Human Relations in Industry. The class will meet Thursdays from Oct. 30 to Nov. 13 from 7-10 p.m. in L-31. This course is designed to consider and evaluate the key factors concerning supervision and motivation of individuals. Cost is \$4.

Bill Dausses, Employee Relations Director of Phillips, will teach a 12

hour course, Improving Communications, Nov. 10 to Nov. 18, Monday and Tuesday evenings from 7-10 p.m. The major objectives of this course are to develop an awareness of the principles and techniques necessary for one to develop himself in any supervisory position. It will meet Monday and Tuesday evenings, Dec. 8- Dec. 16 in Room L-31, from 7-10 p.m.

A nine-hour course, The Nature of Leadership, will be held Oct. 28 to Nov. 11 on Tuesday evenings from 7-10 p.m. It should provide insight into qualities that can contribute to leadership. Special emphasis will be given to civic and professional group leadership. Cost is \$5.

Persons interested in registration should call or visit the FPC Registrar's Office, 274-5311, or attend the first class meeting.

## Insurance Corner

### Can You Revamp Your Policy?

Insurance companies understand that family circumstances change, so they make a special point of designing their policies to be flexible.

New beneficiaries can be named with very little effort by getting in touch with your agent.

If you desire to switch from endowment to straight life - it is possible to make the change without difficulty so long as the face amount remains the same or is reduced. The premiums for the new policy will be lower than if you started from scratch since your premiums would continue to reflect the age at which you bought the original policy.

In later years, when insurance needs may diminish, a policy can often be adjusted downward, making some of the cash value available immediately, or continued at the same time or smaller face amount with no further premiums to pay; or changed to provide monthly income payments for the rest of your life.

This information has been brought to you as a public service by John R. Collard, Jr., your one-stop answer to complete business and personal insurance protection. Life home, auto, group insurance and profit-sharing plans. See John R. Collard, Jr., 405 Davis St., Telephone 659-2501.

the previous meeting.

The treasury report was given by Mrs. Jim Strawn.

For the Sock Fund, each member paid a sum for each chair in their home.

The Council Report was given by Mrs. Ellzey Vanderburg.

Members were asked to help sell pecans at \$2.50 a pound.

The Home Demonstration Council is planning a county-wide rummage sale to be held October 17th and 18th at the County Bams. All clubs are to participate with proceeds going to Kiddie World, Inc.

The Old Hansford Home Demonstration Club will have an Old Fashion Store October 15th in the Rosenbaum Building on Main Street. Mrs. Harold Howter is chairman for the project. There will be a sale of Baked Goods, White Elephant, Bazaar

Items and Rummage. Home Made pie will be sold and served with free coffee. Proceeds are to go to the Stationmaster House Museum.

Home Demonstration Agent, Nelle Evans gave the program on "Quick Meals". She made some interesting points on meal planning. Club members gave their ideas on quick meals.

Refreshments of cake, coffee and tea were served by Mrs. Byers to guest, Ms. E. B. Rosenbaum and to members, Mesdames: G. I. Brown, Virgil Floyd, Ellzey Vanderburg, L. W. Rosenbaum, Jim Strawn, Harold Howter, Irvin Delk, Vonda Keim, H. M. Shedeck and Agent Nelle Evans.

Next meeting will be October 21st in the home of Mrs. L. W. Rosenbaum.

### Highway Dept. Reduces Personnel

A reduction in personnel and consolidation of some offices have been announced by A. L. "Al" McKee, Amarillo District Engineer of the State Department of Highways and Public Transportation.

McKee said 34 employees on the Amarillo District payroll of 542 persons have been asked to find other employment by Dec. 31, 1975.

The three Amarillo resident engineer offices will be consolidated immediately into one Amarillo office under the supervision of George J. Cannon.

As soon as existing road projects terminate the Perryton and Canadian residences will be phased out. The Perryton and Canyon offices will be combined and headquartered at Canyon under the supervision of Lewis R. "Tim" Loyd. The Canadian and

Borger residences will be combined with that office located in Borger under the supervision of Jay L. Hawley Jr.

The District Engineer also said the resident offices at Dalhart and Pampa will remain in operation with some restructuring of personnel.

A 90-day study was conducted statewide by all of the department's 25 districts and Houston Urban Office to assess workloads. The object of the study was to determine the number of people of pertinent skills needed to implement and carry out responsibilities in all phases and facets of the department.

In 1974, for the first time in history the department experienced an actual decrease in revenues. The shortage of funds and the fact that construction costs have doubled since 1967 naturally has resulted in a shortage of work.

"This necessitated a reduction in forces and in some cases a reduction in grade of some of those persons involved," McKee said. "Also some

reductions had to be made in maintenance, design and administrative personnel," he said.

"All the people who are being laid off have been notified and they are being given reasonable time to find other employment. We will assist these people in any way possible to secure other employment or unemployment benefits for which they may be eligible," McKee said.

McKee added that he does not anticipate further reductions in the near future.

The department had been practicing a reduced hiring policy, hoping that attrition would reduce personnel to the desired level. Beginning the new fiscal year Sept. 1, 1975, division and district budgets were cut back to bare minimums for personnel, services and facilities.

### Services Held For Pioneer

Memorial services for Thomas Edward Jones were held at 2:00 P.M., Thursday, October 9, in the Gruver United Methodist Church with the Reverend Milton Jochetz, minister of the Church, officiating. Mr. Jones died early Tuesday morning at High Plains Baptist Hospital in Amarillo where he had been a patient following surgery.

Providing solace in music was Mrs. Del Cluck at the organ who also accompanied the Gruver Methodist Men's quartet as they sang, "Hand In Hand With Jesus" and "How Great Thou Art". Composing the quartet are Carlie Knight, Rod Barkley, Del Cluck, and Buddy Murrell.

Interment was in the Gruver Cemetery. Casketbearers were George C. Lowe, Lynn Hart, Paul Westerfield, Pat Westerfield, John Gibson, Richie Fletcher. Honorary pallbearers were Loyd Andrews, L. G. Nobles, Rochell Smith, Price Miller, Orville Walker, Curt Lowe, Red DeBoard, C. A. Davis, Bob Thoms, Don Gross, Darrell Cooper, A. L. Blankenship.

Tom, who was born to early pioneers David Christopher and Jennie Teresse Jones, October 1898, at their homestead, in the Palo Duro, spent his childhood there and attended Pleasant Hill country school for a number of

years. Later he attended school at Alamogordo, New Mexico, and the New Mexico Military Institute. He married Ella Lucille Reid (Polly) August 15, 1937 in Guymon, Oklahoma.

He had retired from an active life of farming and ranching. He was engaged in many community activities including being a member of the Historical Survey Committee of Hansford Hospital, serving as chairman for some ten years, and more recently serving on the Hansford County Museum Board. He was a member of the Gruver Schools Board of Education and served as president during his tenure with the Board.

An active cattleman as well as farmer, he was a member of the Texas Cattleman's Association, Woodmen of the World and the Catholic Church also claimed his allegiance.

Survivors include his wife and two daughters, Mrs. Ramona Reynolds of Gruver and Mrs. Jennie Blankenship of Tulia. He is also survived by four grandchildren, Billy and Debra Blankenship of Tulia and Joanna and Sharon Reynolds of Gruver; one sister, Mrs. Blanche Tabor of Gruver; and a nephew, Tommy Joe Bergin, also of Gruver; and several nephews and nieces; and a host of friends throughout the area.

### Brucellosis Eradication Is Successful

As a result of the brucellosis eradication program begun in 1934, over 99 percent of the nation's cattle are now free of brucellosis. However the one percent still infected causes millions of dollars in losses to the livestock industry through abortions, breeding problems, weakened offspring, and reduced milk production. The disease may be passed from animals to humans as undulant fever.

Currently the annual federal expenditures to eradicate brucellosis in Texas amount to \$3.7 million, \$2 million of which is for indemnities paid to owners of infected cattle and \$650,000 for cooperative agreements for herd testing.

According to USDA figures, Texas had 3,083 cattle herds under quarantine on August 31. This is about one third of the 9,452 infected herds identified nationally.

The new drive for final eradication was prompted by recent increases in the number of brucellosis-affected herds, primarily in the South. As a result, the USDA has given top priority to the program and has committed the necessary resources.

However, APHIS officials say that a successful eradication program depends on the support of everyone concerned—the Department, the states, the livestock producer associations, and others. Further, it requires that standardized and accepted methods and rules be enforced uniformly in all states.

### TGP Slates Election

LUBBOCK—Grain sorghum producers in the High Plains area will elect four members to the Texas Grain Sorghum Producers Board on Oct. 16.

Nominations will be accepted through Sept. 16 at TGSPB offices, 1708-A 15th St., Lubbock, Tx. 79401.

Directors whose terms will expire are Ralph Mabry of Petersburg, C. P. Smith of Springlake and Larry Witten of Olton. All are eligible for re-election.

Persons in the 29-county TGSPB area who produce grain sorghum and pay the board assessment are eligible to vote and to seek election. Any person wishing to be nominated for membership should make application by Sept. 11. The application must be signed by the nominee and 10 other eligible voters.

Eligible voters who do not receive ballots by Oct. 2 may obtain one from a county agent.

Counties in the Texas Grain Sorghum Producers Board area are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Farmer, Potter, Randall, Sherman, Swisher, Terry and Yoakum.
