Many Exes Return for Homecoming

Over 125 graduates and ex-students of Morse High School attend the annual homecoming Saturday in Morse.

The honored guests were members of the first four graduating classes of 1931, 32, 33, and 34 and members of the first girls' basketball team.

A surprise honoree was L.F. Noe of Pampa. Noe was one of the original trustees of the Morse School District. He was on the school board when the main building of the school was built. His name is on the cornerstone.

Noe is now 89 and lives in Pampa. He was accompanied by his son Jack Noe who attended the Morse schools and his daughter Mrs. Elizabeth Noe Raintree of Pampa, a member of one of the early graduating classes. Jack Noe now lives in Kansas City, Mo.

Members of the first basketball team present included Mmes. R.E. Womble of Stinnett, Hazel Lasater, Stinnett, Horace Tompkins, Sunray, Ruby Womble of Dalhart, Dane Cambern of Pampa, Robin Giblin of Morse, Selma Lindsey of Follett, Frances Perkins and Elizabeth Raintree of Pampa.

At the homecoming football game Suzanne Dixon was crowned homecoming queen. Her attendants were Carolyn Henderson escorted by Jesse Vera and Peggy Giblin escorted by Gary Papay. Miss Dixon was escorted on the field by co-captain Mike Johnson and was escorted off by co-captain Bill McCloy.

County Voters To Register Under New Law

Tight Restrictions Covering Procedure

Persons wishing to vote in any election in Texas in 1967 must register at the County Tax Assessor-Collector's office before the end of the business day, Jan. 31, 1967.

Tax Collector J.B. Cooke said this week the sign-up date is the same as the old poll tax law, Oct. 1 to Jan. 31, but there is no cost involved in registering to vote under the new law.

There is one big change in the law over the poll tax law, this involves who can register for another person.

In the past most anyone could pay the poll tax for another person, but under the new law only a husband, wife, mother, father, son or daughter, may register and sign for another person.

A person may register in person or fill out an application blank for registering. The tax office must have a signature on either the application or the registration form, ex-

cept where another person is allowed to act as agent under the law.

Cooke said the penalty for a tax officer letting someone register for another person illegally is stiff and his office will enforce the provisions of the law.

Cooke said persons may write the tax office requesting the applications and they will be mailed.

Persons temporarily living outside of the county may request registration certificates. This includes servicemen.

Under the new law a person must register every year to be qualified to vote in elections that year. This is the same requirement as under the old poll tax law.

Farmers Union To Organize

In a story appearing in an area paper this week, F.A. Shapley of Gruver was quoted

as saying the Hansford County Farmers would organize as soon as the maize harvest is

completed and farmers have time to meet.

Shapley, along with Harold Groves of Spearman, are the organizational chairmen for the county.

Shapley said the county organization is being formed for the protection of the interests of local farmers.

He said it was a local organization and had no connection with the bunch in Iowa. He was apparently referring to the organization in Iowa which tried to half deliver of livestock to markets when prices were so low.

Shapley said the local organization will receive a charter from the Texas Farmers Union.

Lynx To Battle Large Backs In Stinnett Game There Friday

The biggest backfield of the year will be facing the Spearman Lynx when they meet the Stinnett Rattlers in Stinnett at 8 p.m. Friday night.

The Lynx defense will be meeting the Stinnett "I" formation that features a 195 pound fullback, a 180 pound tailback and a 175 pound wingback. Quarterback Shields at 155 is the smallest man in the foursome.

Lynx scouts report that fullback Johnson and Shields are the two big men in the Rattler attack. Safford at 190 and Lindsey at 185 are the tackles and Haren, 175, mans the offensive center spot.

The Rattlers kicked off the season by beating Gruver 12-0, Stratford 27-0 and Sunray 26-0. Then the scoring turned and Dalhart beat them 20-6, Shamrock did it 35-7 and Panhandle won 26-14.

The Rattlers were playing without the services of one or two starters in some of these contests. Lynx Coach George Wright said the last injured player saw some action last week and he expects them to be at full strength Friday night.

Wright said the Lynx will have to stop the roll out pass

that Stinnett uses effectively and the big fullback if they are to win.

This is a big game for the Lynx. If they can win this one they will be in second place in the district.

Wright said the boys want this game real bad and he sees a real tough game as the Lynx try for the second spot in the district race and Stinnett tries to bounce back from three straight defeats.

The coaches were pleased with the play of all 22 boys Friday night at Stinnett. Every boy on the traveling squad played at least a quarter. The coaches said they were even more pleased with the game after watching the film of the action.

The coaches nominated Steve Jordan as the back of the week and they believed he was the outstanding player in the area last Friday.

"He did a tremendous job and got lots of help." The film shows the blockers were really mowing down the Fritch players when he ran the kick-off back for the touch-down to start the second half.

In looking at his line Wright said ends Harley Reeves and Mike Hendricks played well. Randy Moore did a near per-

fect job on offense and the other tackle, Ronnie Gilbert turned in another steady game.

Karl Kunselman graded high for his hustle and Glen Blodgett played his finest game of the year. Guards Phillip Renner and Steve Holton fired out much better and drove lower and harder than in past games.

Wright said the backs did a better job faking and blocking. Jerry Holton's faking into the line made the outside game go much better.

Hal Shufeldt is back at almost full speed and looked good in the game. He has been slowed with a hip pointer. Wesley Jenkins and Bobby Smith ran and blocked better and Wright said Jerry Holton blocked twice as good as he did in previous games.

Quarterback Charles Shieldknight turned in his best performance of the year.

Wright was much more pleased with the pass defense of backs Gary Cates, Smith, Mike Davis, Jordan, Shufeldt, Jenkins and Reeves.

The coaches said the front line troops played their usual hardnose defense with good pursuit and gang tackling. Making up this group are the Holton brothers, Shieldknight, Gilbert, Moore, Monte Lusby, Hendrick, James Schnell, Reeves and Joe Vanderburg.

7 FFA Boys Show at Fair

Seven Spearman High School Future Farmer of America members and an advisor are in Dallas this week showing livestock in the State Fair of Texas.

The boys are showing barrows, steers and lambs. Clay Schnell, Bill McClellan and Daniel and Archie Smith are showing steers.

Barrows are being shown by the Smith brothers, Don Jordan, and Glen Blodgett and Phillip Renner. Blodgett and Renner sent their barrows and boys at the show will do the showing.

Stanley Henry and Rick Bomer are showing lambs.

The team is accompanied by Jerry Fielder, one of the agriculture teachers here.

This is the first show of the year for the boys. The chapter did well in major shows over the state last year, their first year on major show circuit.

FB Meeting Set Saturday

All the past presidents of the Hansford County Farm Bureau will be honored here Saturday night at the annual Convention of the Hansford Farm Bureau.

The convention will be held in the junior high school cafeteria beginning at 6:30 p.m. Sutphens of Borger will cater the dinner and the price will be \$1.75.

This is the 25th Anniversary of the Farm Bureau organization in the county and there have been 17 men to serve as President of the organization since it was founded.

Farm Bureau in Hansford County was organized in 1940 and T.C. Harvey Sr., served from 1940 until 1942. Presidents succeeding him were Lawrence Gruver, A.F. Barkley, Everett Vanderburg, Pope Gibson, Stanley Garnett, Ned Turner, J.C. Harris, Harold Collier, Jack McWhirter, DeLon Kirk, Gene Wood, J.C. Harris, Lloyd Buzzard, Elmo Dahl, Robert Novak and the present President Willard McCloy.

Christmas Planning Set Today

A Retail Merchants Committee of the Chamber of Commerce meeting will be held in the Farm Bureau meeting room at 3 p.m. today, (Thursday).

Chairman Brad Beedy said the meeting is for making final plans for the Christmas program. It will concern decorations, contests, treasure hunt and various other phases of the Christmas season promotion.

Beedy stressed that this meeting will be important as the results will concern a major part of the businesses in town. He urges everyone to attend or have a representative at the meeting.

INTRA-DIVISION CONTEST RUNNER-UP-Charles Gilliam (left), Spearman manager for Community Public Service Company, receives congratulations from Leon S. White of Perryton, Panhandle Division manager for Community, after Gilliam and his Spearman office employees were named second-place winners in the utility's annual contest. Perryton won the top prize in 1966.

Fire Prevention Winners Announced By Waka P-TA

The Waka P-TA met Monday night, Oct. 17, with the president, Mrs. David Wilson, presiding.

The program was opened with the first and second grade

rhythm band playing several selections. The Pledge of Allegiance was led by the first and second graders with the Star Spangled Banner following.

The Fall Festival committee chairman, Mrs. LeRoy Reeves, gave a report listing the people who would run booths.

The meeting date will remain the third Monday of each month by action of a motion to remove last month's motion to change the meeting date.

The room count was won by the third and fourth graders taught by Mrs. Helen Yeary.

The winners of the Fire Prevention poster contest were announced by Mr. J.H. Jackson, principal. Gwenna Wilson was the winner in the first and second grade; Vona Shipman was the winner in the third and fourth grades; Steven Clark

and Murl Simmons tied for honors in the fifth through eighth grades.

Debbie Cunningham of Perryton gave several tap dance selections with one number of acrobatics.

A short talk on "Better Education through Legislation" was given by Mrs. David Burger, program leader for the meeting.

Refreshments were served by the Herman Wiebes and J.R. Stumps.

Mrs. Ben McCully and children of Cimarron, Kans. were overnight guests of the John Trindles recently.

Joe Jennings Winner

Joe Jennings, a former student here, who now attends Deerfield Junior High in Deerfield, Kans. participated in the music festival last weekend in Wichita, Kans. He was the only junior high school student performing and received 3 firsts. He was also the only junior high school student playing with Deerfield High School Band.

Joe plays the alto & tenor saxophone and is a student of Glenn Truax of Gruver.

Mr. Bud Jennings visited with his wife, Joyce Jennings and Joe at Deerfield over the weekend. Mr. and Mrs. Jennings attended the music festival. Mrs. Jennings is teaching school at Deerfield this year.

Spearman B&PW Club Observe National Week

The Spearman chapter of the Business and Professional Women's Clubs is observing National B&PW Week this week with a full week of activities.

A membership tea Sunday opened the observance. Special guests for the tea in the hospitality room of the First State Bank were members of other local women's clubs.

Also, Sunday, Miss Dorothy Roden was the Spearman representative at the B&PW Day at the State Fair of Texas in Dallas.

Monday posters announcing the special week were placed in windows of all businesses where the members are employed. A special window was fixed at Massad's.

Tuesday part of the club visited the local radio station.

Wednesday evening the members attended church services and today they will serve refreshments at Pioneer Ma-

nor. Thursday night Dr. Bill Reeves, Supt. of Spearman schools, will speak on "Business and Professional Ethics" at the regular meeting of the club.

Spearman's club received its charter June 25, 1964 and now has 23 members. Mrs. Leona King is president and the vice presidents are Mrs. Ludie Mae Lovett and Mrs. Mabel Jameson, secretary is Hazel Jackson and treasurer is Mrs. Luella Howerter, parliamentarian is Dorothy Quinn and corresponding secretary is Mae Floyd.

RECEIVES CERTIFICATE-Mrs. Penny Pearson receives a certificate of achievement for outstanding sales and service to her community from Lee Trent, Con-Stan executive vice president at a recent sales seminar at the Sands Hotel in Las Vegas, Nevada.

FU . . .

(Con't. from page 1.)

the state organization was here last week to present the charter to the organization, but it was delayed when only six persons were able to attend the meeting.

Shapley said there are now 44 members in the county and more are expressing interest. He said it was decided to delay the organizational meeting until more members could attend after maize harvest.

Spearman Gets New Opponent

Spearman got a new football opponent for next season this week when Carver High School of Amarillo was placed in District 1-AA beginning in September of 1967.

This will make a nine-team district with eight district games.

The Carver Dragons were placed in the district when the 34 Negro schools were placed in the Interscholastic League.

In the Negro league the Dragons have been strong contenders during the past years. They have won state track titles, and zone championships in football for the past two years.

Scout Leaders Have Meeting

The Neighborhood Scout Leaders met Monday at the Scout House under the direction of Mrs. Margaret Evans, Neighborhood Chairman.

Attending were Melba Rook, Alene Crawford, Kathryn Farris, Margaret Evans, Patty Sheppard, Jo Larson, Betty Davis and Mrs. Cole from Guymon.

Mrs. Gary Davis and children spent the weekend in Kansas visiting her parents Mr. and Mrs. Art Brown of Sun City.

Mr. and Mrs. M.W. Burks of Quitman are here visiting their son and family, Mr. and Mrs. Jim Burks. This is their first trip to this area.

Area Art Show Today In The HD Club House

The Twentieth Century Club's Area art show will be held this afternoon (Thursday) from 2:30 until 5 p.m. in the Home Demonstration Club house on N. Bernice.

Mrs. Joe Trayler said the club is expecting more than 50 exhibits in oils, tole, china and other art work.

Artist from all over this area have been invited to show their work.

Golf Tourney Slated Today

Members of the Tri-State Women's Golf Association will play here today on the recently reconstructed Hansford Golf Club.

Members of the Spearman Women's Golf organization will be hostesses for the organization.

There will be prizes for the visiting golfers.

The organization plays at a different course each time it meets and Spearman was selected since it has its new grass greens.

Scooter Jordon Named Area's Back of the Week

Steve "Scooter" Jordan was named the area's AA "Back of the Week" by the Amarillo Daily News Sports department.

The 5'4" hustler scored 20 points Friday night against Sanford-Fritch. He carried the ball 17 times for 183 yards, caught one pass for 23 yards and one punt for 32 yards. He ran two kick-offs back for 118 yards. One of these was a 70-yard return for a touchdown.

He averaged over 10 yards per carry according to the coaches' statistics.

The little man who has tried for three years to make the varsity scored three touchdowns and two extra points, besides playing a strong defensive game.

Jordan cracked the varsity as a defensive player this year and the offensive line-up the last two games.

Hansford County's Entry In Top 10 Competition

Hansford County's entry in the state 4-H Dress Revue at the State Fair of Texas in Dallas placed in the top 10 of the competition.

Miss Rebecca Hutchison, a junior in Spearman High School, entered the state show as one of the four winners from the District I show held in August.

There were 45 girls competing for the state title. She was accompanied to

Dallas last week by Miss Linda Webb, county home demonstration agent, and her mother, Mrs. Dwight Hutchison.

Sunday afternoon guests of Mr. and Mrs. Ned Turner were his mother, Mrs. Bert Turner and his sisters, Mrs. Elvin Trexler, both of Dumas.

J. D. Helms Guest Speaker

Recently, the National Honor Society held a course on parliamentary procedure in the library.

Mr. Hawkins, vocational agriculture teacher at S.H.S., taught the lesson and J.D. Helms, a Spearman lawyer, was the guest speaker. At the meeting, the class divided into different groups and practiced what they learned during the meeting.

This course is primarily for N.H.S. members and officers of organizations in S.H.S., but anyone who is interested in learning correct parliamentary procedure is invited to come to the next meeting. The time and place will be announced.

Math Teachers Attend National Meeting

Recently Mrs. Weaver and Mr. Orr, mathematics teachers in the Spearman Public School System, attended the National Council of Mathematics at Dallas.

While there they took part in discussions about modern math. They report that many parents, as well as teachers, feel that modern math is just a fad and will fade away like the hula hoop. But national and state mathematicians at the meeting exploded this myth. These speakers emphasized the fact that future scientific explorations will make it necessary

for students to learn more math at each level of the public schools.

Although the change in the mathematics curriculum will not be as rapid as in recent years, there will be further changes as needed.

The concepts of traditional math have not been completely discarded. The modern approach is simply a combination of the old and new so that students will learn to reason independently and think logically.

Mrs. W. J. Smith F.T.A. Sponsor

Tuesday night, Oct. 11, the Future Teachers of America had their first meeting of the 1966-67 year. The sponsor this year is Mrs. W. J. Smith.

Ronald Gray was elected president; Stephanie Patton, vice president; Barbara Kitchens, secretary-treasurer; Kathy Reynolds, reporter; Sharon Mauldin, historian;

James Schnell, parliamentarian.

The dues this year are fifty cents and are payable to Barbara Kitchens. There were fifty-three members present. There are tentative plans to have the F.T.A. members release the Junior High teachers on their professional days.

Spanish Club May Be Formed

The Spearman High School Spanish classes under the direction of Mrs. Morse are thinking of establishing a Spanish club.

The club will consist of all Spanish II-III students and Spanish I students who have completed at least two six weeks of instruction in the language.

Some of the activities of the club will be having Spanish parties, giving plays, and holding educational meetings.

The method of financing the club is not definite yet. However, selling candy has been suggested by Mrs. Morse as a good possibility.

In the near future the Spanish classes will vote on the idea of forming a club and the votes will determine for sure if the club is to be established.

Mr. and Mrs. Arthur Adkison and Mr. and Mrs. Charles Adkison and son spent a recent weekend at Odessa visiting their daughter and family, Mr. and Mrs. R.E. Lee, Darla Adkison and Harrel Adkison, both from Hardin-Simmons joined them for the weekend. Darrel Adkison lives with his sister, Mrs. Lee and attends Odessa Junior College.

Mrs. W.T. Trindle of Kingfisher, Okla. spent the past week visiting with her son and family, the John Trindles.

Players Appreciate Booster Club

In the past weeks different groups that make up a team have been recognized. These were the players, the coaches and the cheerleaders. This week another group should be recognized-The Booster Club.

The Booster Club is made up of the players' parents and a few other town people. The officers are: president, Slim Cates; vice president, Richard Holton; and secretary-treasurer, Lawrence Brown.

The Booster Club meets every Monday night. First of all they watch the film of the last weeks game. They then discuss

various projects. They have already had two projects, the first one was a drive to obtain blazers for members of the various teams to wear on game days. The other project was the building of the "Spirit Wagon".

Even though the Booster Club is in the background they are still part of the team and the players really appreciate the support that they have given.

MRS. BARKOWSKY IS NEW TEACHER

Mrs. Joyce Barkowsky is one of Spearman High School's new teachers. Mrs. Barkowsky is teaching Home Economics I, study hall and also has the reading center. Her favorite hobbies, sewing and reading, prove her qualified to teach these.

Mrs. Barkowsky graduated from Texas Tech then moved to Lamesa where she taught in a country school, at Flower Grove, outside of Lamesa.

The program on hobbies was given by Mrs. Charlene Bullis.

After the closing, refreshments were served by Betty Mathis to guests, Mrs. Richard Shedeck, Rev. and Mrs. Meksh and Cris Lobo, chapter parents, Mrs. Lee Edge, Rev. and Mrs. Wesley Daniel, Mrs. Troy Sloan and advisors, Mrs. Joy Barkowsky and Mrs. Francis Hudson and F.H.A. members.

MRS. BULLS PRESENTS PROGRAM FOR F.H.A.

The Spearman Chapter of Future Homemakers of America met in the homemaking department of Spearman High School, Tuesday, Oct. 11.

Linda Edge, the F.H.A. president opened the meeting.

Rev. and Mrs. Roy Meksh sang a musical number for the devotional. Following the devotional an initiation service was conducted for all new members of F.H.A.

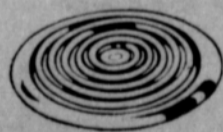

Cris Lobo, our foreign exchange student from Brazil, was presented an honorary membership.

Sue Sloan then led the group in singing.

cooking

Women who cook electrically enjoy matchless cleanliness. Because electric heat is as clean as electric light, there's no fuel grime to smudge pots and pans or settle on curtains, walls and woodwork. With only a minimum of care, utensils stay bright and shiny... the kitchen remains fresh and new looking. If you're a homemaker who loves to cook but hates to clean, it's time you started cooking with a flameless electric range. See the new models at your dealer's soon.

OLD STONE FORT Nacogdoches

The Old Stone Fort standing on the campus of the Stephen F. Austin State Teachers College at Nacogdoches is generally believed to have been built during 1779 or 1780.

It has been held and garrisoned at various times by Spain, Mexico, the Republic of Texas, the Confederacy and the United States.

It was truly an outpost in the wilderness!

Nacogdoches itself, one of the four oldest civilized settlements in Texas, was named for the Nacogdoches Indians. Here in 1716 the Spaniards established Mission Nuestra Senora de Guadalupe around whose deserted buildings Nacogdoches was permanently established in 1779.

the Word

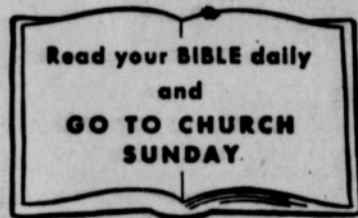

"Thy word is a lamp unto my feet; and a light unto my path."
— Psalm 119:105

If you are a Christian, you are blessed with a great heritage. It is a heritage of truth and has nothing to do with imagination or myths. It is a truth that remains unchanged, no matter how many times someone attempts to rewrite or offers a "studied" translation.

This truth is the word of God. It is found in the Holy Bible. It is found in Ten Commandments, which form a guidepost for Christian living.

Accept this truth; it is useless to argue against it. Conscience and common sense will not permit you to be unaware. You fool no one, not even yourself, if you pretend to ignore or disbelieve.

Recording Information To Be Used

A faster, more efficient method of recording information on long distance telephone calls will be placed in effect this month in General Telephone Company of the Southwest's Perryton long distance center.

Called "mark sense" ticketing, the new procedure is described by General's district manager Milton Caldwell as "...a purely automatic operation once it has passed from the operator's hands".

"Although the improvements realized through the new method are not visibly apparent to the customer, this change represents a much faster, more reliable and efficient means of recording information on long distance calls," Milton Caldwell said.

Using specially treated graphite lead pencils, operators record information such as the area code, the called number and the calling number, whether the call is station to station, person to person, collect, etc., on elaborately designed tickets which include scores of boxes or "bubbles." "This new method requires use of the area code," Caldwell explained, "and it eliminates the need for giving the name of the town called."

The tickets are shipped daily to General's revenue accounting center in San Angelo where they are fed into IBM machinery which converts the data into punched cards, then tapes, and finally into printed information to be included in the customer's monthly bill. The function of rating calls is also performed automatically, eliminating the possibility of human error, Caldwell added.

The billing equipment includes an "editing unit" which automatically sorts out tickets which contain erroneous or inadequate information. Rejected tickets are then carefully checked and rechecked to insure that they reflect the correct information.

General Telephone Perryton toll center serves as the "master" long distance office for 11 area communities. The exchanges are: Perryton, Balco, Beaver, Booker, Bryan's Corner, Darrouzett, Follett, Higgins, Lipscomb, Logan and Spearman. A total of 48 traffic people are employed in General's Perryton toll center, including the company's traffic supervisor, Mrs. O'Neal Philley.

"The average number of long distance calls handled in our Perryton traffic center has increased considerably during the past few years," Mrs. Philley stated.

"Five years ago we were handling around 2700 long distance calls per average business day, whereas today the average is running close to 4000."

Caldwell pointed out that the influx of calls requires constant study to determine faster, more workable means of handling long distance messages. Operating improvements such as mark sense ticketing also necessitates additional training for supervisors and operators.

"Our operator force has been preparing for conversion to the mark sense methods for several months," Caldwell explained.

Caldwell also explained that using this new method the most efficient way to place a long distance call is to give the operator this information and in this order—Area Code, Called Number, Called Party (if person to person), Wait-Till Operator Asks For Your Number, Give Your Name Only if the Operator Asks For It.

It will no longer be necessary to give the operator the name of the town you are calling if you can furnish the area code.

ELECT JACK HART TO THE TEXAS LEGISLATURE

Jack Hart, a native of Gruver, knows the North Plains and will make an effective state representative.

A Panhandle Platform

I pledge to serve the people of our district as an independent-thinking Panhandle citizen who will try to meet the problems and challenges that face us.

I favor sound progress in water resources development, industrial expansion and public education.

Efficiency and pay-as-you-go government are sound principles. I will support proposals to eliminate duplication and promote state government economy.

I'm for holding the line on taxes. I oppose a state income tax and any revision of the state sales tax to include farm machinery.

Tourism must be encouraged. Tourist dollars bring sales tax revenue into the state treasury and help the overall Texas economy.

I'm for revising the new Code of Criminal Procedure to protect the rights of law-abiding citizens as well as those of the accused. Law enforcement agencies must not be hamstrung in carrying out their duties.

Grain Sorghum President

Wants Increase Price Support

"An increase in the price support loan rate of 35¢ per hundred in the 1967 feed grain program is the surest way to assure farmers that their income will be maintained and strengthened", Elbert Harp, President of the Grain Sorghum Producers Association told Orville Freeman, Secretary of Agriculture, in a letter this week. Harp pointed out that this action would provide the grain producer with a stronger credit base as well as protect him from declining markets at harvest time as USDA seeks to bring many of the diverted acres back into production. Freeman had earlier indicated that the 1967 feed grain programs when announced will be administered in such a manner

as to attract from 15 to 18 million of the 30 million acres now diverted from corn and grain sorghum back into production.

Harp went on to indicate that he along with other officers and staff of GSPA in recent months have served on various committees and councils charged with the responsibility of assisting with the development of the new feed grain program laws. During these close liason sessions as well as through all regular association administrative activities that GSPA has worked for 4 basic principles: (1) That increased producer income be the number one objective of the 1967 feed grain program. (2) That the loan rate be in-

creased from the current \$1.52 national average to \$1.77. (3) That the combination of the diversion payments and the direct price support payments be retained at their current levels. (4) That payments be made on the total acres on which the farmer produces rather than just one-half of the acres as in this year's program.

The Abernathy farmer and GSPA head in talking with farmers points out that these 4 principles may not necessarily be incorporated into any new program which may be announced in a matter of days, but that he feels it important that farmers as members of the Association know the principles for which their association has been working in their interest.

Applications Being Accepted For Windbreak Seedlings

COLLEGE STATION—Farmers and ranchers planning to plant windbreaks this year can pick up applications for tree seedlings from their County Agricultural Agent, Soil Conserva-

tion District or by writing to the Texas Forest Service, College Station.

Seventeen windbreak species are available this year: black locust; buffaloberry; catalpa; Chinese elm; cottonwood; eunonymus; mulberry; multiflora rose; sycamore; Osage orange; redcedar; ponderosa, Austrian, shortleaf, slash and loblolly pine; and black walnut stratified seed.

Seedlings are sold only for windbreaks and other types of conservation planting. None are sold for ornamental or shade tree purposes. No order for less than a total of 100 trees will be accepted.

Mason Cloud, head, Reforestation Section, Texas Forest Service, said the delivered cost of both seedlings and seed will be \$1.50 per hundred plus state sales tax. Shipments will begin about the middle of February and end around the middle of March.

Windbreak planting guides are shipped with each order and are also available from County Agricultural Agents and from the Texas Forest Service, College Station.

Mrs. Mollie Fountain of Langdon, Kans. accompanied Mr. and Mrs. Guy Kemmy home Sunday and she will visit her daughter and family, Mr. and Mrs. Ray Lackey for several weeks.

Dinner guests Sunday of Mr. and Mrs. W.H. Tarbox were her sisters, Mr. and Mrs. T.G. Fields of Groom and Miss Lucy Herlacher of Pampa.

Governor Designates Crop Week

Governor John Connally has designated Texas Crop Week as the week of October 24 to 31 in a memorandum just received by the Texas CROP Director, Norman A. Sundwall.

Texas young people of various church organizations working together in their communities will be among thousands of CROP workers during the CROP WEEK as they call from door to door in their communities seeking "treats" for needy people abroad.

CROP is the Community Food Appeal of Church World Service and collects food, fibre and cash in communities throughout the United States for the world relief programs of the churches. It has become as much a symbol of Halloween to the young people of Texas as the traditional "trick or treats", black cats, pumpkins and the rest.

The youth will join other CROP workers in the state who are seeking contributions of grain, cotton, rice, livestock and cash for the overseas material aid programs.

CROP is able to provide emergency supplies for disaster victims, milk and foods for deprived children in school feeding programs, self-help materials and food-for-wages in development reconstruction and rehabilitation projects with the contributions received in the community appeals throughout the United States.

The community CROP appeals are sponsored by Ministerial Associations, local Councils of Churches, and Youth Councils, Councils of United Church Women and by local CROP committees formed by the churches along with farm and civic organizations.

The youth who will be seeking to help needy people abroad through CROP during Texas CROP WEEK will be identified by an orange on yellow tag identifying CROP and Church World Service.

Science Teachers Attend Meeting In Austin

Eugene Barkowsky and Frank Butcher, the science teachers at Spearman High School, attended the thirteenth annual conference for the advancement of science and mathematics teaching in Austin, Oct. 6, 7 and 8.

The purpose of the conference was to give the teachers something readily useful for classroom instruction and to compare our methods of science teaching with other schools. During the conference various demonstrations of lab

technique and methods of preparing materials for class work were given. The reason for this was so that the student could gain a better understanding of the course. Sessions were given on film loops which were four or five minute films showing different concepts of science that could be used in a classroom to strengthen discussion and stimulate interest.

Barkowsky and Butcher saw the latest text books on science and witnessed many new teaching devices such as a television attached to a microscope. Many such devices stimulate interest in the science classroom by permitting the student to observe materials which normally may only be discussed or mentioned.

The importance of science and education as a whole cannot be stressed too much; but as one speaker said, "During the first third of the century, it was the railroad. The second third, the automobile was dominant. But the last third, education, of which science is a very important part, will rule."

Both teachers agree that this trip was enjoyable, but certainly a rewarding and stimulating experience which should challenge a teacher to improve and consequently, the conference may become an annual event for teachers of SHS.

Did you hear about the little six-year-old who learned the pledge of allegiance to the flag at school and later commented proudly, "I have a Bible at home with a flag in the front and I 'legiances' it all the time!"

Gov. John Connally is concerned with Texas' tremendous death rate caused by traffic accidents. Speaking recently to the board of directors of the Texas Federation of Women's Clubs in Austin he said "The challenges we face today, must be met at home. The legislature can pass stronger laws and increase the number of state police and we may be able to hold our own in traffic safety or even reduce the toll."

"Yet stronger laws and more police are no substitute for morality in the home and a sense of righteous indignation over the lack of respect for law and order."

Gov. Connally placed the responsibility upon the individual saying "The home and the family are the very special realm of you ladies. Nothing can equal in importance, in the bringing up of children, the spiritual and moral values taught at home as a guide to living."

"The basic cause of highway death is our individual weaknesses and lack of respect for authority and the ordinary rules of conduct. No one is forcing us to act, but our future progress may depend upon the determination with which we do."

Gov. Connally's recommendations on traffic safety to the 60th Legislature, which he outlined at the meeting, include revision of the driver's license law to make 16 the minimum licensing age, and automatic suspension of license for conviction of certain major violations.

Solving the problem of our ever-increasing death rate from traffic accidents seems to be like most of our other problems. The cause and the cure will be found individually and in the family where spiritual and moral lessons are always learned.

This recipe for spiced pecans was sent to me by Burl's favorite aunt, a live-wire we all call "Fizzer" because, well you just have to hear her talk a few minutes to understand. She's a very good cook though, and a collector of unusually good recipes so I recommend this one heartily.

Its good for nibbles for holidays and cold winter nights coming up soon, Fizzer says (Since she lives in sunny California, I guess she's talking about OUR "cold winter nights".)

SPICED PECANS

1 egg white
1/2 cup sugar
2 tablespoons cold water
1/4 teaspoon salt
1/4 teaspoon each cinnamon, cloves and allspice.

Mix well (don't beat, just stir.) Add two cups pecan halves. Place flat side on pecans down on greased baking sheet. Bake at 250 degrees for one hour. (This will usually coat more than two cups of pecans)

Dahlia Flower Club Elects Officers For The New Year

The Dahlia Flower Club met Monday afternoon at the HD Club Room for their last fall meeting with Mrs. Jimmie Davis as hostess.

Mrs. Olin Sheets presided at

the business session at which time the nominating committee gave the report for new officers for the new year. The following officers were elected: president, Mrs. Bob Baley; vice president, Mrs. Ervin Hester; secretary, Mrs. Harold Shaver; treasurer, Mrs. Major Lackey; reporter, Mrs. Frank Davis.

Mrs. Virgil Floyd was welcomed into the club as a new member.

A most interesting program was given by Mrs. Bob Baley on "Stories of Favorite Old Hymns", telling the composer and showing pictures representative of each hymn.

The group discussed the Christmas party to be held Dec. 12 at 2 p.m. in the home of Mrs. Frank Davis.

The hostess carried out the Halloween motif in the decorations and refreshments, serving pumpkin pie and whipped cream to Mmes. Olin Sheets, Garrett Allen, Bob Baley, J. W. Walker, Earl Riley, J.E. Womble, Major Lackey, Ervin Hester, H.M. Shedeck, H.H. Crooks, Frank Davis and Mrs. Virgil Floyd.

Beverly Sparks read from the book of Beta Sigma Phi.

Attending were Jeanette Allen, Dody Beedy, Linda Davis, Deloris Guthrie, Glenda Guthrie, Ola Mae Henry, Charlene Jackson, Juanita Kemper, Judy Martin, Kay Nollner, Beverly Sparks, Verna Strawn, Lil Turner, Peggy West, July Wilmeth, Ramah Bosecker, Joan Stewart, 3 guests, Elsie Mathews, advisor from Xi Zeta Upsilon, Karen Countiss and Linda McLain.

Hallowe'en Party Honors Denise Sparks

A Hallowe'en party held at the HD Club Room Friday evening was enjoyed by a group of some 25 teen-agers honoring Denise Sparks, daughter of Mr. and Mrs. Gene Sparks.

The entertaining room carried out the Hallowe'en motif. Streamers of orange and black mingled with bats, goblins and monsters decorated the room and refreshment tables. Sandwiches, dips and chips were served throughout the evening.

Various games were played by the group before the dancing started. A fortune telling booth was also enjoyed.

Prizes were given for the best girls costume and was won by Susan Brillhart. Best boys costume was won by Mark Massie.

Attending were Cindy Dear, Rodney Schroeder, Terry Butt, Brenda Robertson, Rhonda Linn, Matt Lair, James Ray Lyon, Kandy Vaughn, Ernest Wilmeth, Richard Tracy, Sue Windom, Anita Smith, Jane Ownbey, Karon Mathews, Jolinda Lee, Susan Brillhart, Mark Massie, Sheryl Curry, Edgar Womble, Freddie Shield-knight, Diane Gregg and Karen Waggoner.

Sponsoring the party were Mmes. Dee Allen, Edward Dear, Virgil Mathews and Gene Sparks.

Mr. and Mrs. F.M. Lyon of Portland, Ore. came Saturday and will make an indefinite visit with his brother and wife, Mr. and Mrs. P.A. Lyons. The F.M. Lyons were former residents of Spearman and will be remembered as living here from 1929 to 1934.

Mr. and Mrs. W.A. Kiker of Palm Springs, Calif. were weekend guests of Mr. and Mrs. Marcus Larson and family and Mrs. Dickie Robinson and family. While here they also visited a sister-in-law, Mrs. Joe Novak. The Kikers have recently returned from a world tour.

R.L. McClellan, who is hospitalized in Lubbock, is reported to be recovering nicely and has hopes of getting home this weekend.

Area Clubs Invited To Attend Show

Garden clubs in this area are invited by the Liberal Evergreen Garden Club to attend a show by the outstanding designer of flowers and dried materials, Mrs. Merritt England, of Merced, Calif. The show will be Saturday, Oct. 29 at 3 p.m. in the Agriculture building at the Fairgrounds in Liberal. Tickets are on sale and may be ordered by mail. Adult tickets are \$1.25 and student tickets (14 years and under) are .75¢. Tickets may also be purchased at the door.

Mrs. England has presented her show in Houston, San Antonio and Tyler, Denver and Salt Lake City. She has also published a book on arrangements "California Floral Decor".

Waka P-TA Sponsors Festival

A Fun Festival will be held Saturday night, Oct. 22 beginning at 6:30 p.m. at the Waka School Cafetorium. The event is being sponsored by the Waka P-TA.

A chili supper will be served starting at 6:30. There will be an old-fashioned "Country Store" with homemade items, a cake walk, bingo, fish pond, basketball throw, ping pong toss and a movie.

The public is cordially invited to attend. Proceeds will go towards the payment of stage curtains.

Discussion Club Holds Meeting

The Discussion Club met Wednesday evening, Oct. 12 at the Rectory for the regular meeting under the direction of the leader, Ralph Bynum.

The text being used is The Catholic Living Series, "Putting Vatican II Into Practice."

Attending were Mr. and Mrs. Ralph Bynum, hosts for the meeting and members, Messrs. and Mmes. Jack Moran, Hugh Banks, Jim King, Andy Bort of Gruver and Father James Guryzinski.

The next meeting will be Oct. 19 and will then be every two weeks.

Hutchison Home Is Scene For HD Club Meeting

Mrs. Carl Hutchison was hostess for the Spearman HD Club meeting Friday, Oct. 14 in her home.

Mrs. Richard Shedeck presided in the absence of the president and the devotional was given by Mrs. A.D. Reed. Roll call was answered with "My Favorite Apple Recipe".

The program was given by Mrs. L.W. Rosenbaum and Mrs. Thomas Reed, both delegates to the State Convention held recently in Corpus Christi.

Coffee and cake were served by the hostess to members, Mmes. H.H. Crooks, Frank Davis, Thomas Reed, Carl Hughes, Richard Shedeck, Claude Jackson, W.V. Hull, W.A. Ellsworth, E.S. Uptergrove and W.H. Tarbox.

Homemaking Notes

by Linda Webb,
Home Demonstration Agent

This year the "typical bride" will spend more than \$3,000 to launch her first home, according to a recent survey. One of the most important purchases in the single product category is kitchenware. Why is it these are the things a bride never gets at showers?

Everyday things a bride needs are good knives, basic cookbooks, baking pans, a broom, spatulas, strainer and measuring cups and spoons. Comments one homemaker "Our first trip to the dime store for wastebaskets and muffin and pie pans nearly broke us."

Besides these things that any bride can use, here is a partial list of other ideas for selecting shower and wedding gifts (and for those people like me who are thrown into a quandary about what to give each time a gift is called for, this should help tremendously.)

1. Buy what the bride likes. Add to her china or crystal, or silver, or stainless steel or pots or pans. She's selected the designs, and many of these are luxuries she might not buy for herself.

2. Ask the bride's mother for help and information on style of furnishings; or colors for bath-towels, blankets and sheets.

3. If checking isn't possible, play it safe in the houseware or linen department. Put quality ahead of quantity.

4. Appliances are usually welcome-share the cost with one or more friends of the couple. Consider an electric fry pan, griddle, blender,

toaster, large coffee maker, pressure saucepan or can opener.

Any bride can use good casserole dishes, a cake carrier and some large utensils that hold 5 or 6 quarts. (DON'T get teeny-weeny pans because they're cute for two people. Give pans big enough to include the hired hand, parents, other company, or next year's family addition.)

Gifts for outdoors might be a picnic table, outdoor light, lawn furniture, picnic basket, thermos jug or a large mailbox with the couple's name on it. Also appreciated would be a set of "her" tools (hammer, pliers, screwdriver) or magazine or newspaper subscriptions.

5. Stay out of the accessory department unless you know the bride well. Even then, you can be on shaky ground selecting a decorative wall clock or a milk glass dish for HER living room.

6. Be prepared to suggest the couple exchange your gift in case it's a duplicate (who needs 6 sets of steak knives) or in case you bought the wrong size or color.

7. If you still can't decide on anything, remember that "money is nice". There is always something more the couple will need or want-another teaspoon, shower curtains, ironing board, flashlight, or turkey platter- and money gifts help fill the gaps.

THE LAST NOTE: There used to be only two classes of people, but now there are three: the Haves, the Have-Nots, and the Charge-its.

Plainsman Begins Eighth Year Of Publication

This issue of the Hansford Plainsman is another milestone in history of this business. It marks the beginning of the eighth year of publication. This is Volume VIII., Number 1.

It does not seem to us that we have been here seven years and yet it is hard to remember when we did not live in Spearman and publish the Plainsman.

We have made lots of changes since the first load of "wore out" printing equipment was unloaded into the Womble building on West Kenneth early in October of 1959. We have changed equipment twice, the last time being five years ago when we put in the first and still only complete offset newspaper plant north of the Canadian River in Texas.

In these seven years we have made many changes just trying to keep up with the changes in the industry. It appears there will be many more drastic changes in the next seven to 10 years if we are to keep pace.

We have always tried to produce a better newspaper. Every change we have made, including the change to a semi-weekly, has been with better service to our customers in mind. We shall continue with this ideas as long as we operate the Hansford Plainsman.

We have enjoyed our seven years of business and service in Spearman and Hansford County and we hope that the time we have been here has seemed as short to you as it has to us.

Part of all you earn - should be yours to keep

Morse Mustangs Over Power Patton Springs 52 - 14

The district title for eight man football in the Panhandle will probably be decided Friday night in Roaring Springs when they meet the Morse Mustangs.

Roaring Springs is rated first in the district and Morse is rated second by the Lubbock newspaper. Roaring Springs is undefeated and Morse has only lost to Balko, Okla., the defending champion in Oklahoma.

Morse wasted little time in thrilling a homecoming crowd Saturday afternoon as they routed Patton Springs 52-14 for the first district win.

The only time the game was close was in the first quarter. Bob Womble started the scoring parade by passing to Alva

Henderson for 26 yards and a touchdown.

Rodney Bridge ran 12 yards for a Patton Springs touchdown and tied the game at 6-6. This is the last time the visitors were in striking distance.

Morse took a first quarter lead on Monte McCloy's one yard scamper into glory land and Henderson added the extra frosting to make the score 14-6.

Morse got 22 points in the second quarter on a McCloy to Mike Johnson pass for five yards, then Eddie Papay ran 32 yards with an intercepted pass. Henderson passed to Johnson for two more points. Womble ended the scoring with a one yard dash and Johnson added

two points to make the score at halftime 36-6.

Henderson passed to Womble for 19 yards and the only touchdown in the third quarter. Womble made the extra points.

In the fourth quarter Patton Springs got another touchdown and a safety. Joe Slaton went one yard for the touchdown and Wayne Varnell tackled Jesse Vera in the end zone for the safety to give Patton Springs 14 points for the afternoon.

Morse got one more touchdown in the fourth quarter when McCloy passed to Womble for 15 yards and Henderson made the extra points.

A reminder of SENATOR TOWER'S service in Washington for TEXAS FARMERS

HERE ARE A FEW OF THE MAJOR PROJECTS SENATOR TOWER HAS UNDERTAKEN FOR YOU:

He supported soil and water conservation projects so necessary to the future of agriculture in Texas.

He sponsored six key bills on water resources, conversion of brackish water, desalinization, and rural water systems. Five of the six already have become law and are benefitting Texas farmers.

He served as a leader in the action against suspension of the investment tax credit which would amount to \$100 million tax increase on American agriculture.

He supported necessary subsidies to help offset the artificial economic conditions created by too much government in agriculture.

He flatly rejected the contentions of some federal bureaucrats that farmers and ranchers are somehow responsible for the inflation really caused by federal deficit spending. He has fought hard against restricting or freezing farm prices.

He sponsored legislation making federal crop insurance available in high risk areas.

He sponsored legislation to allow states to regulate recruitment of foreign agricultural workers needed to harvest crops.

He has supported the REA's position in working to maintain status independent of Federal Power Commission control. He also cooperated with the REA's efforts in supporting federal bans for rural community water systems.
