The Hansford Plainsman

VOLUME VII. NO. 95

SPEARMAN, HANSFORD COUNTY, TEXAS, 79081

THURSDAY, SEPTEMBER 15, 1966

EARLY -- Mavis Bybee, Inell Warren and Iris Dortch were trying to ship Judy McBride back to Dallas last year. She is leaving this week for Dallas, but in a dif-

BANQUET GUESTS -- These five, Preddle Largent, Carolyn Davidson, Mavis Bybee, Burl McClellan and Ed Dear were special guests at a Crazy Day banquet last year.

A FRENCH FAMILY --The Frank Massad family of Jennie Lynn, Mrs. Massad, Pat, and Frank had a very French ladies store last Crazy Day.

COSTUME WINNERS -- John and Sammie Bishop had the best costumes last year.

Crazy Day begins Saturday morning at 6:30 a.m. and lasts until the bargains and costumes disappear sometime that afternoon.

Spearman's second big Crazy Day of bargains and costumed sales people will feature a town full of bargains, and fun-

The activity begins at 6:30 when salespeople and store owners begin having breakfast at the Cattleman's Cafe. The breakfast will last until 8 a. m. Judges will be at work throughout the breakfast judging the best costumes.

Stores will begin their bar-

gain sales at 8 a.m. and they will last all day, or as long as the merchandise lasts.

At 10 a.m. the Spearman Lynx band will present a concert at Plains Shopping Center.

At 10:30 the band will be down town for a second concert.

Prizes for the best costumes

will be \$15 gift certificate from
Beedy Furniture Store; \$10 gift
certificate from Spearman Rexall Drug and \$5 gift certificate
from Gordon's Drug.

Stores wishing to participate
should call the Chamber of
Commerce office and enter the

Stroganoff Style Shows Off Round Steak for Guests

When you want to go fancy with beef round steak, cut it in strips and plan to serve with sour cream and noodles from a chaing dish. That's the idea behind Beef Stroganoff.

Round steak is easily cut into strips for this dish, advises meat authority, Reba Staggs. Select steak that's cut one-half inch thick then use a sharp knife for

thick, then use a sharp knife for the strips three inches long and one-half inch wide.

After the round steak has been browned and cooked with a small amount of water, add the ingre-dients as indicated. When it's finally placed in a chafing dish, then is the time to add sour cream and heat gently so it does

Beef Stroganoff

- 3 pounds round steak, cut 12-inch thick
- 2 teaspoons salt
- 4 cup lard
- cup water
- cans (4 ounces each) sliced mushrooms, drained
- 1 teaspoon paprika
- ½ teaspoon pepper 2 tablespoons butter or marga-
- 2 cups dairy sour cream
- 1 package (8 ounces) medium noodles, cooked

Cut round steak into strips about 1/2 inch wide and 3 inches long. Combine flour and salt and dredge meat in seasoned flour. Brown meat in lard in fryingpan. Pour off drippings. Add-water, cover tightly and cook slowly for 1½ hours. Remove meat slowly for 1½ hours. Remove meat from frying-pan, add mushrooms, paprika, pepper and butter or margarine. Cover and cook slowly 2 to 3 minutes. Add meat, fold in sour cream. Mix well. Cook until heated through, but do not boil. Serve over cooked noodles. 8 to 10

Planting Guides For Winter Vegetables

Total plantings of 241,900 acres for 15 major winter-crop vegetables have been suggested by the U. S. Department of Ag-riculture in its acreage-marketing guides. In addition, the guides advised planting 22,000 acres of winter potatoes for 1967, according to John Larsen, Extension horticulturist, Texas A&M University.

Larsen said the guides are used by growers in planning

used by growers in planning their production to help balance supplies with consumer needs

The overall recommendation of those commodities to be accepted duples early 1902 to be per cent more than the ac-

Know Your Newspaper Better

Equal to the Front Page . . .

That's what studies have shown about the Classified pagel Yes, the number of readers who read the "want ads" on the Classified page is equal to the number of readers of the front page. Don't you yourself look at the classified ads every issue? If you are one of the few who doesn't, you are missing both news and opportunity.

Service and News

The classified page provides both. The service of who has what for sale, rent or trade, for how much and where. The news that all advertising carries . . . ! about products, services, bargains. Just reading the classifieds is fun, and informative. We feel sure you must be a classified page reader . . . keep it up. But if you are one of the few who isn't, try it . . . this issuel

10 Hansford Plainsman

reage planted for the 1966 sea-

Specific recommendations for each commodity, however, range from larger acreages for snap beans, broccoll, cabbage, and sweet corn, to smaller ac-reages for escarole and green eppers. The guides advise win-

peppers. The guides advise winter acreages equal to 1966 for beets, carrots, cauliflower, celery, cucumbers, kale, lettuce, spinach and tomatoes.

For winter potatoes, the guides suggest a planted acreage 15 per cent less than in 1966. With average yields, the production of potatoes from this acreage would be substantially less than the 1966 crop. Consumer and Marketing Service marketing officials said current prospects indicate that storage holdings of potatoes will be ample this winter.

For 15 vegetables, total production from the recommended acreages would be 3 per cent more than in 1966 and 4 per cent above the 1960-64 average. For a few commodities, output would be substantially greater. But for most items, production of the production would be substantially greater.

But for most items, production would be slightly to moderately larger than in 1966. Cucumber output would be down materially while lettuce production would be slightly under that of 1966.

Part of all earn should be vours to keep. Dea

Morse Host Balko Team Friday Night

Hansford County's lone victor in the opening weekend of football, the Morse Mustangs, will be at home Friday night for their second game.

The Mustangs will host Balko, Okla., a tough eight-man team from the Oklahoma Panbandle.

Under the guidance of Coach Bill Tennison, the Mustangs overcame a 14-12 fourth quart-

er deficit to beat Yarbrough,
Okla, 28-14 last Friday,
Mike Johnson scored twice
for Morse and reserve back
Jesse Vera scored twice in the
fourth quarter to give the Mustangs their victory.

BURL McCLELLAN

With the Panhandle fighting for its life---water, having a freshman Congressman in Wash-ington is certainly not going to

congressman Walter Rogers certainly did not do his district a favor when he resigned right at the time we need all the power we can muster to get us in some water plan.
It is hard to see where the

help is going to come from in

the current political contests in Texas. A freshman Republican representative will certainly representative will certainly have no power in Congress.
The Democratic candidate is a second choice of the Amarillo Democrats and certainly will have to fight for the nomination two-years from now.

John Tower has little power as a member of the opposition party in the Senate and Waggoner Carr is on the John Connally team that is backing the current Texas Water Plan that leave us out.

leave us out.

About the only place we have left to turn for any help in solving our water problem is Heaven. Sometimes it seems we have even been left out of the water plans there.

This area has long boasted of its independence and ability to solve tough problems. So, we must begin working on plans for local water conservation and save every drop that falls on these flat, fertile plains.

Waggoner Carr is fighting two battles in his contest to unseat Republican John Tow-er in the race for the Senate.

He is having a public battle with Tower and a behind the scene battle with Senator Ralph Yarborough and the liberal wing of the party.

"The Kountze News" a very liberal paper in South Texas and one that has an inside track to Senator Yarborough, came out in June with a column favoring Tower.

"There won't be enough difference between the way Useless John Tower votes and the way Carr will vote to argue about."

about."
"Tower is the perfect non-

senator; but Carr would be a hindrance; Tower has no po-wer as a Republican, but Carr would immediately try to usurp the power of Senator Yarborough. Tower is a Re-publican who votes like a Re-publican; Carr poses as a De-mocrat but he talks like a Re-publican and would vote like publican and would vote like one. Carr in the past has opposed every major plank in the national Democratic party; remember how he tried to move heaven and earth to keep the poll tax and later to keep people from register-

why are Yarborough and the liberals hoping to keep Tower in Congress. The phrase "Carr would immediately try to usurp the power of Senator Yarborough," is the reason.

Yarborough and his followers know the minute Waggoner

know the minute Waggoner Carr is elected to the Senate, Senator Yarborough and his power over federal appointments are finished.

The senior senator lives politically out of the "pork bar-rell" and with a member of Johnson's forces from Texas in the Senate, Yarborough will-get only the pork rinds.

County Agent's Report

Calendar

by Robert Adamson

A field day of special interest to Hansford County farmers has been scheduled at the North Plains Research Field at Etter for 1:15 to 5 p.m. Thursday,

Sept. 22.
The program at the installation, which is located one mile east and a half mile north of east and a half mile north of Etter, will include five brief talks by east and a half mile north of Etter, will include five brief talks by scientists as

sociated with studies at the field and a tour of grain sorghum, soybean and castor research plots.

Dr. Jack Kyle will speak on the outlook, problems and opportunities for vegetable production in the area, Dr. Allen Wiese will talk on selection of herbicides for a cropping seherbicides for a cropping se-

quence.
Dr. Kenneth Porter will discuss the most promising wheat and small grain varieties ob-served in 1966 tests and Dr. James Wehrly will talk on op-timum versus maximum yield to obtain the most efficient use of irrigation water on grain

sorghum and wheat.
All of the speakers are on
the staff of the Texas Agricult-

ural experiment stations.

During the field tour following the talks, visitors vill see planting date trials, variety tests, herbicide work and irrigation tests on grain sorghums, soybeans and c stors.

soybeans and c stors.

Dr. John Shi, ley, who coordinates studies at the North
Plains Research field, will give
a brief report on the overall research effort at the site.
He believes area farmers

may be particularly interested

An Editorial Big Labor Bill

Mothers, would you like to feed each member of your family three well balanced meals a day for the grand total of 58 cents

three well balanced meals a day for the grand total or 58 cents per day.

According to information released this week in the Texas Farmers Union News, you could do this if you were only paying the price farmers receive for the food you eat.

According to the newspaper here is what you could serve for breakfast and its cost: one-half grapefruit, one and one-half cents; corn flakes (one oz.) with milk and sugar, two and one-quarter cents; two fried eggs, six cents; strip of bacon, four cents; two slices buttered toast, one and one-quarter cents, coffee with cream and sugar, one cent. Breakfast would cost 16 cents.

For lunch you could have ground beef, 7 oz. serving for 12 cents; mashed potatoes, one-half cent; baked beans, one-half cent; wedge of lettuce, one and one-half cent; two slices of white bread, one-half cent; two pats of butter, one and one-half cents; one-half pint of milk; two and one-half cents. The lunch cost 19 cents.

lunch cost 19 cents,

For dinner; tomato juice, one-half cent; one-quarter fried chicken, 12 oz. serving, 17 cents; baked potato, one-half cent, frozen peas, one-half cent; two slices of white bread, one-half cent; two pats of butter, one and one-half cent; one serving canned peaches, one and one-half cent; and coffee, cream and sugar one cent. Total cost for dinner 23 cents.

Last year, according to the newspaper, consumers paid \$77.6 billion for farm produced foods. Using the Farmers Union figure of 19.3 percent of what the consumer pays going to the farmer, producers received \$14.9 billion for this food.

An example shows that on a 20.9 cent loaf of bread, 3.3 cents goes to the farmer, 2.4 goes to the miller, grain handler, and transportation, 11.4 goes to the baker and wholesaler and 3.8 cents goes to the retailer.

Housewives, you are paying a big labor bill for having your meals almost prepared for you. The farmer has very little to do with food costs.

Toast Sesame Seed

To toast sesame seed, spread the seed in a shallow pan and bake in a slow oven for about 15 minutes.

Pineapple for Baste

used in a salad or upsid down cake? Moisten brow sugar and mustard with the syrup and use as the for a baked ham.

Open House Today At Gifford-Hill

Spearman's newest industry, Gifford-Hill Western, will have its official open house Satur-day from 8 a.m. until 6 p.m. Company officials from all over the state and area will be

Engineers from Hereford. Garden City and, Plainview will be the guides for guests from all over the Panhandle coming to see the plant.

Company officers to be here include President J.W. Porter, in the Panhandle President President For Grifford

hetide President, w. Porter, Jr., of Dallas, Pete Gifford, chairman of the board of Gifford-Hill Pipe Co., Dallas; Bruce Spencer, vice president, Lubbock; Harold Banks, vice -president in charge of sales, Lubbock; Malcolm Hammons, vice president in charge of production, Plainview; George Davis, company comptroller, Lubbock and Jim Terrell Regional manager, Garden City, Kan.

Jim Burks, division manager at Spearman, said the official open house was delayed until the plant processes were "per-fected" and the rush season was

The new plant at the west edge of Spearman on the Gruv-er Highway was completed late in 1965. It was built at a cost of \$500,000.

Manufacture of pipe in the plant began Jan. 11. A large delegation of local and county residents attended a ribbon

cutting ceremony that day and saw the first pipe made. Burks said visitors will get a very complete tour of the plant Saturday.

There will be door prizes of coffee percolators and teflon kitchenware given every 30 minutes, along with favors for all children and refreshments.

Some visitor will also win \$1,000 worth of pipe.

Burks said everyone is invited and everyone should enjoy everything they have planned

for the visitors.

The plant now employs 25 people.

Jelly-Maker Reminder

Jelly-makers should remember to pour jelly into hot sterilized glasses to within ½inch from the top. The added layer of melted parrafin should be 1/8-inch thick. When the jelly is cold, another layer of paraffin may be added to insure a perfect seal.

Dates in Salad

Nice addition to a fruit salad; pitted dates soaked in sherry and then stuffed with cream cheese.

GETTING THE KIDS TO BRUSH THEIR TEETH A CHOR U.S. SPACEMEN NOW MAKE IT EASIER FOR YO

Are your children taken up Lest your admoniti with the recent space craze? your children about br Do they spend most of their their teeth go unheeded time talking about such things be well advised to tell the as blast-offs, countdowns, and that these space-travelling walks in space?

Are their heads so far in to those used by lesser, early the clouds of outer space that the humbler tasks of growing up are neglected?

Take baths, for instance. Is the struggle to get them to the tub almost too much to bear? Do clothes and toys end up strewn haphazardly all across their rooms? And what about brushing their teeth - is that another of their daily chores that goes by the boards?

Well, for most of these problems, you'll just have to keep pressing them, attempting to get them into a proper routine by constant nagging, even threats.

But when it comes to care of their teeth, you can take heart. There's one argument you can now give them that's almost certain to win over their space-filled minds.

The National Aeronautics and Space Administration, in planning their astronauts' trips into outer space has spent lots of time and money on what should be carried aboard the spacecraft. But, in spite of the problem of limited space, personal comfort was considered important, too. So important, in fact, that each space man is provided with a toothbrush to carry on his space jaunts.

toothbrushes are very sir

bound mortals. Indeed the only difference in these standard Py-Co-Pay models is in the rubber tip used to mas-

sage the gums.

Here, N.A.S.A. was faced with the problem of the unique requirements for space environment. Py-Co-Pay was asked to come up with a new tip that would stand up to these conditions. And so they did, substituting a special "space age" silico rubber tip for the more conventional one.

So, armed with these facts of life in outer space, you can now get your children to brush their teeth regularly. It you can tear them away long enough from the televis ploits of the astronauts, that is,

Choir To Sing For Assembly

Spearman students will become acquainted with the high school choir when they present their first program on October 18. It will be an assembly during school at the high school auditorium. The first half of the program

Tommy Loveday scored the first touchdown on an eight yard dash and Robert Archer

added the points.

James Lyon raced 60 yards for the next score and Archer

added the points.

Loveday went 50 yards for the next treechdown and Henry Flores made the extra points.

Loveday ran 60 yards for the final score and Flores again added the points.

ed the points.

Coach King said Edgar Womble at middle guard, Ronnie
Lusby at tackle and Frank Lemons and Henry Flores in the se-condary stood out on defense.

Terry Butts came in for special praise from King for his blocking in the offensive backfield.

King said he was well pleased with the way all 36 boys played. "They all did outstanding jobs."

will be of a serious nature and the second half will be on the light side. Director Howk urges anyone

interested in joining choir to talk to him. He would like to have more students in second, third and fourth period choir

High School News

Barkowsky, Butcher Join Science Staff

This year the teaching staff of the science department of Spearman High School is comsed of Eugene Barkowsky. Frank Butcher, and Terry Schneider. This is the first year at Spearman for Mr. Bar-kowsky and Mr. Butcher. Some teachers of science

have methods of teaching they personally prefer. Mr. Barkow-sky likes his students to work up a plan for the entire year. As he sometimes says "It's your course". Mr. Butcher likes for the students to do all the work in his class. This includes many hours of lab work and demonstrations. He believes the students enjoy the course more if it is worked in this manner. Mr. Schneider also likes for the students to do the work because they seem to retain more this way.

If they are any students really interested in science that want a science project, they should begin right away. The teachers will be glad to help with any of the prob-lems the student might run

Meet The Teachers

There has been a big change of teachers in our school this year. Many new teachers have filled vacated positions. Most students probably don't know about many of the teachers that walk the halls with us.

So just as a start everyone would like to know about Jerry Hawkins. Hawkins teaches vocational agriculture I., vo. ag. IV, and keeps everyone quiet in study hall.

Hawkins graduated from Texas Tech. He has also

aught two years in Clarendon then three years in Groom, and back to Clarendon for three more years. He is teaching in Spearman high school and is now the junior class sponsor.

Leading the senior class will be Anthony Wilkerson as president. Helping him will be Connie Fowler, the vice-pre-

Action Limited This Week For Sub-Varsity

Spearman's sub-varsity teams in high school and the junior high will get to see only limited action Thursday.

The freshman team goes to Borger for a game with a Borger ninth grade team. The game will be played at 7:30 p. m. in Borger stadium.

The seventh and eighth grade teams will have only one game. They will meet a combination of seventh and eight graders from Sunray at 5 p.m. Thursday on Lynx field.

The B-team will not have a game.

sident, and Nancy McCull-ough, secretary-treasurer, Also a committee was appointed to

ough, secretary-treasurer. Also a committee was appointed to plan the senior play.

Carrol Day was re-elected president of the junior class. Other juniors in leadership are Mike Hendricks, vice-president, Glenda Yancey, secretary, and Bill McClellan, treasurer. Getting junior news is the job of Jimmy Brown, reporter. Sergeant-of-arms, Mike Stewart, will control the students. Business included appointing committees for the junior-senior banquet and prom, the junior play, the baketball concessions, and the Halloween carnival.

The sophomores elected Bobby Smith as president. The vice-president slot is filled by James Lemons. Other jobs will be carried out by Marsha Shieldknight, secretary and Debra Largent, treasurer.

President of the freshman class is Joe Bill Cochran. Rondal Schell is the vice-president. Jo Ellen Kirkland is secretary, Randy Weston, treasurer, and Steve Spoonemore, reporter. One committee was set up to plan parties.

set up to plan parties.

Registered Bulls Are New To SHS Ag Department

Spearman's Agriculture Department is getting off to a good start this year. There are 102 boys in Ag, taught by Jerry Felder and Jerry Hawkins.

The boys will participate in several different shows this year including: Dallas, Fort Worth, Amarillo, Houston and the county Fat Stock Show.

Four of the Ag students have brought something new to the department this year. Two registered bulls are on feed to be shown everywhere they can be shown everywhere they can and will then be sold. Clay Schnell and Bill McClellan own one of the bulls and Phillip Renner and Glen Blodgett own the other. One of them will be taken to Denver by an adult breeder to be shown in

the fat stock show there.

Other projects include approximately 100 head of steers on grassland, many registered pigs, and several acres of cropland. Although some boys already have pigs, most of them are yet to be bought.

With the help of Mr. Felder and Mr. Hawkins, the boys will represent SHS very well in every fat stock show they attend.

EXOTIC FOODS

In American History, Coach Allen brought to the attention of the class the new influx of exotic food imports into American supermarkets.

Such foods as stuffed grape leaves from Greece, baby abalone from Japan, and kiwi fruit from New Zealand have been pouring into supermarkets at a increasingly high rate. These imports are competing with many American foods on the markets, and apparently the public prefers the more exotic foods more each month.

The importers of these foods often supply recipes telling the buyer how to use and prepare these new foods, thus helping to boost their sales.

Skellytown Oct. 13.

Miss Linda Hollar, who is at-tending Draughon's Business College at Amarillo, spent the weekend with her mother, Mrs. James Hollar.

Mr. and Mrs. W.E. Bratton had as Sunday guests Mr. and Mrs. J.D. Mitchell of Borger. The Mitchell's are former residents of Spearman.

Take your problems to Church this week - millions leave them there!

the Word

"Thy word is a lamp unto my feet; and a light unto my path."

— Psalm 119:105

If you are a Christian, you are blessed with a great heritage. It is a heritage of truth and has nothing to do with imagination or myths. It is a truth that remains unchanged, no matter how many times someone attempts a rewrite or offers a "studied" translation.

This truth is the word of God. It is found in the Holy

Bible. It is found in Ten Commandments, which form a guidepost for Christian living.
Accept this truth; it is use-

less to argue against it. Conscience and common sense will not permit you to be unaware. You fool no one, not even yourself, if you pretend to ignore or disbelieve.

1967 Pontiac Widetracks Are Unveiled

Pontiac's volume-selling, Catalina series is represented in the top photo above by the 1967 hardtop coupe wit'n the Ventura option. The Catalina's distinctive styling, interiors and colors, many standard equipment safety items and a wide selection of options has made this Pontiac one of the industry's largest selling cars. The Pontiac Le Mans series is represented in the lower photo by the hardtop coupe. Separate styling features on the side, front and rear gives each Le Mans model a new and different look. The new models will be shown to the public for the first time September 29th.

Ferre Speaks In Perryton

Services wi'll begin at the First Christian Church of Perryton Sunday, Sept. 18, with Dr.

Gustave Ferre, Professor of Philosophy at Texas Christian University, as the evangelist. Kenneth Fulton, church choir director, will lead the song services. Beginning Monday, Sept. 16 and continuing thru September 22, three services will be conducted each day with Dr. Ferre bringing a message at each.

Each morning at 7 there will be a breadfast, dismissing in time for those attending to report for work by 8 a.m. At 10 each day in the Edna Ellis Chapel there will be a prayer meeting. The evening services will be at 7:30 p.m. in the sanctuary. A nursery will be provided for all services. Everyone is invited.

Medicine Overlooks Teen-age Problems

The forgotten years in the medical procession might well be the teen years, says Mrs. Patsy R. Yates, Extension family life specialist at Texas A&M University.

Pediatricians care for the child until he or she is 10 or 12. Specialists in various diseases or in fields such as gyne-cology, geriatrics and surgery take over when the person becomes an adult.

Does this mean the teenager

doesn't need medical attention; Quite the contrary, says

Mrs. Yates.
The adolescent period of life is one of rapid growth spurts, both physically and emotionally. The teenager is torn between feelings he had as a child, and those feelings now expected of him as he takes his place in the adult world. It is often a period in which malnutrition causes problems such as anemia, sight difficulties, acne, and emo-tional depression. These pro-blems often have led to teen suicides, the fourth leading cause of teenage deaths in this

It is too easy for parents to pass off irritable, moody be-havior or complaints a out ill health as a stage or "ist a period he's going thr agh.". Maybe it is, but a fi endly competent family physician is one of the people every teen-ager should know well. He is often an emot onal outlet as

he plays his role of teen confidant.

Frequent physical check-ups can reassure both the young person and the parents that all is well. It may also point up the cause of emotional or psychological problems. Good health is vital to a happy, successful adjustment to any stage of life. It could be all important of life. It could be all important to your youngster.

7th Grade Ties Gruver 6-6

Spearman's Seventh Grade football team played its first ga. .e Saturday and tied Gruver 6-6.

Fullback Lynn Pierce scored the Spearman touchdown, but

the try for points failed.

Spearman scored first then
Gruver came back to tie the

Coach Larry Anthony said all the boys played good, but it was not only the first game of the season for the team, but the first football game for most of them. There were many mistakes.

Local Competition Is Stimulant For Business

Independent merchants in a new suburban community recent-banded together to ask a large chain department to move into their midst as a competitor.

The move was made with the knowledge that local trade is self-escalating. Rather than being a threat to existing enterprises, the big store provided a core for the shopping center.

Full-scale newspaper advertising of the department store had a beneficial secondary effect on every shop in the local community. It caused people to stay at home.

The store which creates new business in a community is never the sole benefactor of its own advertising and promotion. Women may be one stop shoppers, but they rarely are one-store

shoppers. The women who travels to a metropolitan center to look at a

dress which has been advertised in a regional publication may buy everything from groceries to furniture while on the trip.

A similar process of shopping takes place in the local community when the advertising of local firms keeps shoppers at home.

Every retailer knows that consumers lose time and money by traveling distances to buy. This truth is not self-evident to many compare.

ny consumers.

The consumers buys in terms of self-interest from information which is available. And, when local merchants fail to provide information which will cause consumers to remain at home, bu-siness inevitably moves to better publicized centers.

-- Friona Star

THU

Most of us believe in a happy, carefree childhood and the thought of the old days when children were pressed into almost slave labor is a depressing thought indeed.

But just about as depressing is the sight of a husky 16-year-old kid sitting around on his laziness while his indulgent parents wear themselves out pampering him in his childish de-

It is surprising that we don't have a higher rate of delinquency these days when you consider the large number of youngsten who quite evidently don't have anything better to do than drag Main in the summer time and after school hours.

At this age, the human body has an amazing amount of vi-tality and it seems the height of folly for parents to believe the average teen-ager can make constructive use of so many lei-

Adults can't do it, and neither can teen-agers.

They need to work.

True, it is hard to find a job. It is especially hard to find a job that pays well, has pleasant work and short hours and loo of fringe benefits. The older, more experienced workers these jobs sewed up, and the teen-ager beginning in the job market will have to do the less attractive jobs if he is to be successful,

A lot of teen-agers never learn this. They have heard so

much about the rights of the laboring man, the right to a minimum wage and short hours, the government's insistence upon control that they are not willing to start at the bottom.

But there are jobs available to those willing to work. And those willing to work soon develop skills that benefit them on pay day. Working teen-agers are happier and better for any community.

-- The Sunday Herald.

There is a movement on now to unionize farm workers, and with the blessing of the U.S. Department of Labor, some gains

are being made.

In California, vegetable growers and fruit marketers were the first to feel the impact of the government's edict against the use of bracero labor, farm labor brought across the border from

Mexico to gather the crops.

Without braceros, there was very little farm labor left. Although the cities of California had plenty of unemployed people on welfare rolls, very few responded to the call of farmers to

help with the harvest, at any rate of pay.

So two years ago the crops rotted in the fields. Last year there was more of the same. In the Rio Grande Valley of Texas, and in the South Texas vegetable fields, the same situation exists. But the government and the labor unions did not succeed in forcing American farmers to meet their demands. Instead, they only succeeded in running off the vegetable industry. Vegetable growers went where the labor was, putting in vegetable farms in Mexico.

only succeeded in Jahring growers went where the labor was, putting in vegetable Mexico.

The U.S. Department of Agriculture recently released a report which graphically illustrates this trend. In the past 10 years, the amount of vegetables imported from Mexico has increased 308 per cent, most of this between 1960 and 1965. These imports include cantaloupes, watermelons, beans, cucumbers, egg plant, onions, peas, peppers, squash, and tomatoes. The Mexican vegetable market is booming.

It appears to be a simple solution. Barred from importing workers, American farmers exported entire vegetable farms.

Who gained and who lost from this government edict?

---Ochiltree County Herald.

Garrison suggested that if motorists have their vehicles inspected during the routine visits to garages for ordinary maintenance, the necessity of having to wait in line at a later date for an inspection will be eliminated. be eliminated.

In announcing the new inspecion period, the Public Safety Director pointed out that vehicle defects contributing to traffic accidents in Texas during 1965 were the fewest yet experienced since the inspection program began in 1951.

Mrs. Everett L. Smith and Mrs. Ivan Headrick and children of Liberal, Kans. visited here Saturday with Mr. and Mrs. Bill Hand and Jeff. They were here to help Jeff Hand celebrate his first birthday.

Richard Yancey left Saturday for Fort Worth where he will enroll as a sophomore at TCU.

Mr. and Mrs. W.R. Under-wood of Albuquerque, N.M. visited her mother, Mrs. Bob Baley over the Labor Day week end. They returned home last Tuesday.

\$1.44 Each

AUSTIN, Tex. - It seems that a power struggle between House and Senate leaders on the Legislative Budget Board cost Director Vernon McGee his \$20,000 a year job.

Board is made up of five state senators and five house members. In the past they have fashioned the State budget... mainly behind closed doors.

House Speaker Ben Barnes maintains that the budget should be written "on the floor" by the lawmakers and that all committee hearings on it should be open to legislators and the public.

Barnes wants the House to ave a larger role in writing e multi-billion-dollar state eneral appropriations bill. He also wants to put a brake on conference committee powers.

He feels that a new budget chief, without close ties in the enate, will aid his drive for a joint legislative rules amendment to restrict conference com-mittees to adjusting differences between bills, rather than writ-ing new legislation in secret

McGee has helped process the State's \$3,600,000,000 bienn-ial budget during the past 17

Speaker Barnes, while praising McGee's ability, said the budget director had become too powerful and was too close to veteran state senators who have long dominated budget

Lt. Gov. Preston Smith favored re-employing McGee. But
the board voted 6-3 against rehiring. One senator joined representatives in the vote for
discharge and another voted
"present".

Patrol Gets Short Week

uniformed Texas highway patrolmen are going on a five-day week as the Department of Public Safety moves to recruit and keep qualified officers and provide better law enforcement. Col. Homer Garrison Jr., dir-

ector of the DPS, says there are 125 vacancies in the patrol services. Next deadline for applications is October 17.

Treasury Surplus Climbs —
Biggest fiscal year-end surplus
in the general fund in Texas'
history was recorded August 31
by State Treasurer Jesse James. Total ran \$138,000,000.

James reported the surplus as \$1,600,000 higher than the previous year. Current blennium ends August 31, 1967.

Attorney General Rules — A road district can be formed which encompasses territory lying in more than one county. So held Atty. Gen. Waggoner Carr in an official opinion. However, the entire area of However, the entire area of each county making up such district must be included and counties involved must be contiguous to each other. "Road districts", says Carr, "may acquire right of way for use by the State Highway Department to improve and extend the state Highway System."

In other opinions, Carr held

that:

"Texas Parks and Wildlife Department may buy Calhoun County land under a law authorizing purchase of property "near Rockport" for a salt water experiment pond.

""Self-insuring" counties carrying their own liability risks rather than purchasing workmen's compensation insurance are not deprived of common law defenses. Also, liability is not affected.

"Service citation fees to sheriffs or constables in small claims court cases (\$2) still are in effect.

Appointments Announced—James Berger of Austin now is

Appointments Announced — James Berger of Austin now is acting director of parole super-

vision. He succeeds Ray Williams who resigned to do grad-uate studies at the University

uate studies at the University of Texas.

Joe Entzminger of Bay City, Tom Gordon of Abilene, Mrs. Howard Hurd of Brownfield, Tom McCrummen Jr. of Austin and Garrett Morris of Fort Worth were named as credentials sub-committee for the State Democratic convention. They will hear delegation disputes from Angelina, Denton and Midland counties and protests concerning the Harris and Armstrong County conventions.

Milliens Asked for Buildings—State Department of Mental Relath and Mental Retardation is seeking \$53,600,000 for new buildings and for expansion of existing facilities during the next biennium.

Money would go to facilities at Abilene, Austin, Denton, Corpus Christi, El Paso, Lubbock, Lufkin, Mexia, Richmond, Big Spring, Kerrville, Rusk, San Antonio, Terrell, Wichita Falls and in the Rio Grande Valley (site to be selected).

Board of MH-MR was informed that mental hospitals at Rusk, San Antonio and Wichita Falls fell below standards of the Joint Commission on Accreditation and cannot participate in Medicare benefits until they correct shortcomings.

Revenue Split "Barred"—Staff attorneys for the Texas Legislative Council say a proposal by big-city mayors that municipalities get a share of state tax revenue is unconstitutional.

But municipal officials still

But municipal officials still are convinced that where there's a will, there's a way to obtain a partial refund of broadbased taxes collected by the state in their boundaries.

Texas Municipal League Director Steve Mathews says he feels "things can be worked out" if the Legislature wants to provide a source of supple-mental aid to hard-pressed cit-

DPS Short Of Patrolmen

Man power shortage soars in the uniformed ranks of the Texas Department of Public Safety. In an effort to stem the tide of losing trained personnel and attract replacements, the Department's uniformed services have gone on a five-day work week, as of September 1, 1966. Salaries have been raised to \$468.00 and \$484.00, depending on the branch of service.

At the present time there are some 125 vacancies in the uniformed services. These services consist of Driver Licensing, Motor Vehicle Inspection, License and Weight, and Highway Patrol. Applications for these vacancies are now being accepted until October 17, 1966. The written examination will be given on October 22, 1966, with the training school beginning January 3, 1967.

To qualify for a position in the uniformed services, a man must be between the ages of 21 and 35, and not less than 5 feet 8 inches in height, a high school education or its equivlent, sound physical condition, good vision, a citizen of the United States, and a resident of Texas for at least one year prior to date of the application.

Upon graduation from the training school, the patrolmen will be assigned to duty stations. They will be furnished with the necessary uniforms and equipment to perform their duties.

Applications and full information can be obtained by contacting any Department of Public Safety patrolman or station.

Firms Fight Air Pollution

No one has found any quick, easy or inexpensive solutions to the nation's complex air and water conservation problems, according to the president of the American Petroleum Institute.

In an article in the API publication Oil Facts, Frank N. Ikard points out that public health officials and industry leaders have been working on these problems for many years and that they have stepped up their efforts in the past few years.

The nation's oilmen, Ikard said, are spending millions of dollars annually on research and on control equipment, and are cooperating with all levels of government in seeking ways to eliminate air and water pollution.

"The prize of clean air and water," he added, "will not be won dramatically, with a flourish of trumpets; rather, it will be won gradually, with the route marked by hundreds of small discoveries in the nation's laboratoies."

RELIEVE MONOTONY

Raised planter boxes, hearths and ledges at strate-glc locations can relieve the monotonous room - to - room flow of single-level homes, says the Tile Council of America. Surfaced with ceramic tile, they can lend visual interest to the entire setting or stand out as focal points.

Sue Honeycutt of Oklahoma
City.

This will be an eventful weekend, beginning Friday night with the annual Spearman-Gruver football game. Saturday then, will be "Crazy Day" with bargains, silly costumes and a general overall good time. If you're still raring-to-go Saturday night, you might want to drive over and see the Buffaloes open the season against Arlington State.

Frances Hudson and her F.H.A. girls are searching for a piano for their department at Spearman High School. Numerous and varied meetings are held in the department and a piano would be used a great deal.

If you have a piano you no longer use, perhaps you'd like to donate it to the future homemakers. They'll be glad to refinish or antique it, should it need a face-lifting.

I guess it's only fair to wait a week or two to judge the new season of television programs. As of now though I haven't seen a single one I'm looking forward to seeing next week. Maybe going one more time around will help. I hope so.

We had a birthday to celebrate this week at our house. Burl thinks it was a "gag gift" I gave him, but the way I figure it, if he absorbs just a chapter or two, we'll both benefit.

The gift was a copy of Napoleon Hill's "Think and Grow Rich." If he finds the "great new life of boundless wealth", I figure I'll help him spend it. After all, I paid for the book, (Or did I charge it to him?) Oh well . . . it'll probably be my luck that he 'll master all the chapters but the one on money.

What do you know, Miss America, Jane Anne Jayroe is practically from our own area even though she represented Oklahoma rather than our own state in the contest.

The new Miss America says "I thought only polished young ladies from big cities won the title." She believed she lacked the necessary sophistication but had hoped to make up for it with "More important attributes of sincerety and honesty." That's refreshing isn't it.

Also refreshing, this recipe comes from one of our Hallmark party booklets. It's a very good citrus drink, an adequate refreshment served by itself.

LEMON-ORANGE ANGEL

2-6 ounce cans frozen concentrated orange juice
3-6 ounce cans frozen concentrated orange juice
9 juice cans (6 3 '4 cups) water
1 pkg, lemon instant pudding mix
3 egg whites
Combine ingredients in a large bowl and beat with electric mixer or egg beater until well mixed. Serve over ice cubes in tall glasses. Makes 10-12 servings.

Mary Ellen Novak, daughter of Mr. and Mrs. Robert Novak, left last week to enroll at PAMC at Goodwell.

Lynx B-Team Beats Sunray 36-12 in Game Saturday

Spearman's B-team rolled to an easy 36-12 victory over the Sunray B-team Saturday morn-down by recovering a fumble in the end zone.

ing in Sunray.

The locals overcame a large number of offside penalties to win the game.

Jimmy Brown put Spearman on the score board with a sev-en yard run for six points. Mike Davis went to the air for the extra points but the pass

Lynx Getting Ready for Meeting with Greyhounds

There has been some shift-ing of personnel on the Spear-man Lynx varsity as they pre-pare to meet the Gruver Grey-hounds here at 8 p.m. Friday in battle to decide the county

in battle to decide the county championship.

Coach George Wright said tackle Randy Moore will be doing the punting for the Lynx Friday night and Jerry Holton will be ready for fulltime duty at fullback.

Holton was hampered with a muscle injury last Friday and played mostly on defense.

Sophomore Wesley Jenkins raced to a starting halfback job. Wright said he would start

at either right or left half.

The coach said he had five backs who would be seeing plenty of action. They are Holton at fullback, Jenkins, Bobby Smith and Gary Cates at halfbacks and Hal Shufeldt at both halfback and fullback. The great showing of Steve Jordan as a cornerman on de-

fense put him in strong con-tention for that position. He will team with Smith and Shu-feldt to give the squad three men to alternate there on de-

Try Gingerbread That's Light Plus Fluffy as Dessert

Gingerbread is to winter desserts what shortcake is to summer ones. When you add sliced bananas and whipped cream to this spicy cake, it's a delicious topping for a meal.

To be at its best, gingerbread should be light and fluffy, points out home economist Reba Staggs. Use this recipe with lard and hot water for best results. An easily digestible fat, lard blends readily with the dry in-

Banana Gingerbread Shortcake 2% cups sifted enriched ___ir

- 4 cup sugar
- 2 teaspoons soda 1 teaspoon salt
- 1 teaspoon cinnamon
- 2 teaspoons ginger 1/2 cup lar
- 1 cup hot water
- 1 cup molasses
- 4 to 5 ripe bananas
- 1 cup heavy cream, whipped and sweetened

Maraschino cherries

Line bottoms of two 8 x 8-inch baking pans with waxed paper.
Sift together flour, sugar, soda,
salt, cinnamon and ginger. Blend
2 cup of the mixture with the
lard, and cream until light and fuffy. Add eggs and beat well.
Add remaining sifted ingredients, hot water and half of the
molasses. Beat until smooth. Add remaining molasses and stir un-til smooth. Pour half of batter into each pan. Bake in a mod-erate oven (350° F.) 20 to 25

minutes. Cool. Peel and slice bananas cross-wise about ½-inch thick. Place sweetened whipped cream and sliced bananas between layers and on top. Just before serving, garnish with maraschino cher-ries and additional ripe banana slices, if desired. 8 to 10 servings.

Quick Frozen Frying Chickens Replace Refrigerated Birds

Texas housewives may soon Texas housewives may soon be buying mostly quick frozen, cut-up, prepackaged frying chickens at their food stores rather than the present refrigerated whole or cut-up birds.

This prediction comes from Dr. Robert Branson, market research economist at Texas A&M University.

Dr. Branson's forecast culminates nearly a year of extensive market and product research by the University's Market Development Section of which he is chairman.

The A&M market researcher

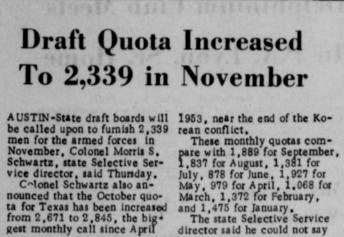

The A&M market researcher presented results of this re-search at a Pre-packaging Sy-mposium of the American In-stitute of Poultry Industries in Chicago earlier this week, He says that a consumer panel of 900 families in Dallas and Fort

900 families in Dallas and Fort Worth gave the quick-frozen fryers an excellent rating.

The research just concluded among meat market managers in food supermarkets in Dallas and Fort Worth revealed that they also recognize the excel-lent quality of the quick-frozen product.

Dr. Branson says that freezing prevents growth or development of undesirable bacteria that reduce the quality of the fresh meat. The consumer thus receives both a more sanitary and a fresher food product than otherwise is possible by the usual refrigeration methods.

The Texas A&M researcher is recommending that home economists, food editors and the nation's poultry industry join in telling consumers about the positive advantages of the newly appearing quick-frozen fryers.

Exchange Student Presents Greetings from Hometown

Bids were accepted on a new street sweeper and a new truck by the Spearman City Council Monday night.

Bids on the street sweeper were accepted from the Browning Ferris Machine Co., and the Ribble Machinery Co. After going over the bids the council deferred until Friday the purchase of a machine.

Councilmen wanted time to see one of the sweepers at work.

North Plains Truck and Im-North Plains Truck and Implement Co., was the successful bidder on a two-ton truck. They bid \$3,731 for a 1967 model. Joe Trayler Ford bid \$3,986.19 on a 1967 model. Spearman Motor bit \$3,695 on a 1966 model and Excel Chevrolet bid \$3,618 on a 1966 model.

a 1966 model and Excel Chevrolet bid \$3,618 on a 1966 model.

The North Plains bid was accepted if the truck met or exceeded all the specifications required of the bid.

Miss Cris Lobo, exchange student from Brazil, appeared before the council and presented a letter of greeting for the mayor of her hometown, Salto, Brazil.

In a few months she will return to witness a full meeting of the city council.

Corporation Court Judge T. J. Pittman reported that 49 cases were filed in his court in August and 37 have been tried. A total of \$455 in fines was assessed. Students paid \$43 in fines by writing safety themes, \$20,50 was suspended and one fine of \$16,50 is to be paid this month. The court collected \$375 in fines.

Police Chief Leland Wood reported his department investigated one burglary, one theft, arrested five drunks and issued 43 traffic tickets.

There were four accidents in town with one person injured and property damage estimated at \$1,225.

The fire department had two calls in August. One was a car on fire and the second was a false alarm.

The city will take bids for the paving of Seventh street at its next meeting on Sept. 26 and also bids on gasoline for city use.

Community Public Service
Co., told the council it will
cost \$10,500 to move the powerlines around the north end
of the airport. The city would
also have to furnish the right-

digits are through routes.

Routes with three numbers, when the first number is even, are routes through or around cities - usually beltways.

'Extra' Costs Of Trip Costly

NEW YORK - Typical extra costs on a luxury cruise are tipping, alcoholic beverages, shore excursions and shopping expenses, according to the American Automobile Association.

In tipping, the pier porter expects 25 cents per bag; gratuities to room stewards or stewardesses run about \$1 a day per person; the deck steward is normally tipped about \$3; the head waiter is tipped for special service, and bartenders and loungestewards are tipped about 15 per cent of the bill.

Conducted sightseeing tours average \$10 for each day ashore, and it is a rare shopper who does not take full advantage of his \$100 duty free customs exemption.

Other costs that should be included in an estimate are deck chairs and rugs at \$5 to \$11 per person per cruise; cleaning, laundry, barber and beauty parlor, similar to shore costs, and gambling aboard, about \$1 per bet.

SPEARMAN, TEXAS

AT PALO DURO CANYON

"Texas" To Be Produced **Again Next Summer**

Paul Green the famous North
Carolina Playwright, has scored another triumph. His latest spectacular outdoor musical drama, "Texas", has been playing to packed houses in its home, the Pioneer Amphitheatre in the Palo Duro Canyon

State Park, located in a mag-State Park, located in a magstate Park, located in a mag-nificent Canyon and the 600 foot cliff which forms the back-drop for the stage, the story of "Texas" as conceived by Mr. Green is the tale of the struggle for ways to live in an unyield-ing land. It is the story of the struggle told in music and dance and drama and action as dance and drama and action as a musical romance. It is the

a musical romance. It is the story of the struggle, always in the background, but covered over with humor and gaiety and very warm human story.

Encouraged by the public's enthusiastic response, the directors of the Pioneer Amphitheatre have already announced that the production will be open again next summer. In 55 performances during luly and performances during July and August of 1966, 61,338 people attended the theatre. The average attendance was 1116 per night. The July average was 937, August was 1269 and September 1371. The high reached was 1546 and on that

from all fifty states and from 83 foreign countries.

Paul Green did research on the materials concerning the Texas Panhandle for live years before writing the script of "Texas", It shows the same masterful command of the materials found in his other successful, tremendous long-living musical dramas; the "Lost Colony" which has been running for 29 years in North Carolina; "The Common Glory" which opened its twentieth which opened its twentieth season in Virginia this year; "The Stephan Foster Story" which has just completed its second season in Florida. In "Texas", Mr. Green collaborated with Isaac Van Grove, noted competer and conductors.

rated with Isaac Van Grove, noted composer and conductor, who also worked with him on the "Stephen Foster Story" and the "Cross and Sword."

The Pioneer Amphitheatre was built by the people of the Texas Panhandle with the assistance of the State of Texas. It opened in 1965 with a summer-long sound and light show augmented by a live cast, "Thundering Sounds of the West." This played to 36,000

people. After its success, the supporters of the Theatre turned to the more ambitious project which they had planned from the first, the presentation of the Paul Green script "Texas" which is a superb combination of drama, music, dance, riding and sound and light especially written for the Panhandle.

In the Longhorn Trail column of the Houston Post William Gardner speaks of the production this way:

"The Panhandle is swinging a wide loop for ...visitors, and one of the attractions that draws them as surely as a waterhole at sundown is the impressive production of Paul Green's musical drama "Texas"...which portrays the saga of the high plains pioneers against the awesome backdrop of the towering canyon walls. Of course the setting contriof the towering canyon walls.
Of course the setting contributes greatly to the impressiveness of the production, the lofty cliffs of storied Palo Duro, the bright West
Texas stars in a wide sky, the
night sounds of a land that
was home to the Comanches,
the Kiowas and the buffalo.
