Merchants Plan Big Christmas Promotion

The 1976 Christmas Promo on is going to be the biggest pearman has ever had.

Spearman has ever had.

The kindergarten through fourth grade students are working on Christmas posters at school. These posters will be displayed in Spearman businesses after they are judged. The winners will be announced at 3:00 p.m., Saturday, December 11, 1976, at SANTALAND in Downtown Spearman. Santa and Mrs. Santa will be there for the children to visit and, of course, a treat. Poster prizes will be awarded for 1st, 2nd, and 3rd place winners in three cateplace winners in three cate-gories. Immediately following a drawing will be held from those participating in the pos-ter contest for 2 radios, 2 electric watches and a Uniso-nic 2000 TV game. Prizes total \$175.00. CHILDREN MUST BE PRESENT TO WIN.

Registration begins Fri-November 26, at 44 participating businesses. See the ad in this paper for these merchants and listen to our local radio station for more information. You may register with each purchase for prizes totaling \$350.00 for each drawing. Drawings will be held Saturday, December 18, and Wednesday, December 22, for a 12" black & white TV, stereo and 10 speed bicycle plus gifts from participating merchants.

Boys and girls open season at Stinnett Tuesday night!

The Spearman Lynx and Lynxettes will officially open their basketball season at Stin-nett Tuesday night when they play a big double-header in the play a big double-header in the snake pit at Stinnett. The Rattlers have two very fine teams this year and will furnish plenty of thrills for the two Spearman teams, as they always do at Stinnett.

So far this year, Coach Moore has had very little time to organize his boys team and the Lynxettes, likewise, are just getting started with their team because of the long football schedule this year.

Potential players for the boys team include post men

Raymie Porter, Jim Jones, Twane Friemel, and Doug Steele. Outside men include Zane Newton, Randy Reid, Scott Martin, Mark Cunningham, Scott Sherwood, Mike Bodey and Pete Garcia. Jim Jones, Zane Newton and Randy Reid, along with Mark Cunningham and Raymie Porter, played with the regulars on several occasions last year. Gone from the team this year was all-time basketball great Roger Jones, who on several occasions hit 30 to 50 points per game! Coaching the boys will be Ed Moore, one of the finest high school basketball coaches in the Southwest.

Kentucky in scoring his senior year.

Coach Newton and his Lynx-ettes opened their 1976-77 basketball season Monday, November 17, and they are undefeated to date. They have already defeated Guymon and tied Phillips 68-68. This year's squad is composed of one senior, five juniors, and seven sophomores. Leader for the team will be senior forward Carla Harper, a two-time all-district selection. Other forwards are juniors Carrie Clark and Denise Ware, a letterman;

sophomores Tracie Keetch, Christy Collier, Connie Vernon and Debbie Greene, an all-district selection as a guard. The guards will be led by junior letter winner Lori Mc-Adams, who saw much action and will be one of the outstanding small guards in the Panhandle. Other guards are junior Cindy Gressett and Tammy Robertson; sophomores Jo Nell Comegys, who

New Christmas Stamp Available

Two 1976 Christmas stamps, featuring an 1855 Nathaniel Currier print and a Madonna with Child painting, executed two hundred years

ago, provide attractive and appropriate postage for holi-day cards and packages, Post-master T. Ray Robertson said today.

The first day of issue of the stamps was on October 27 in Boston, Mass. The stamps are now on sale in all Post Offices. "Winter Pastime", the Cur-

rier lithograph was placed on sale two years before Currier teamed with James Ives and went on to fame as Currier & Ives. This is the second Currier lithograph to be reproduced on a U. S. Christmas stamp. Currier's "The Road-Winter" was used in 1974.

After forming their partnership, Currier & Ives achieved their greatest success. They published more than 7,000 titles, many of which today draw premium prices from collectors.

understanding YOUR CAR

AN INSIDE STORY

AN INSID

How much petroleum is in your car?

If you just consider what's in the gas tank, you may be underestimating the situation.

Actually, an average car contains about 500 pounds' worth of parts made from petroleum processed through a petrochemical plant.

Petrochemicals can provide the automobile industry with a variety of performance characteristics. They can bounce, stretch, absorb impact, remove heat, prevent freezing and over-heating, reduce friction, hold water and acids, reflect light and enhance appearance. Compared to other materials, they often cost less, weigh less and are easier to fabricate.

Petrochemicals are used to create the synthetic rubber that's made into tires, hoses, seals, gaskets, pollution-control equipment, sound and vibration suppressors, sealants, front-end assemblies, engine and body mounts and b um pers, They're also used to in-

crease safety and reduce damage with flexible ure-thane front ends on a num-ber of models. A modern engine could not function without petro-leum-derived additives. They help prevent engine wear

Saturday, Nov. 13 to watch 37 outstanding 4-H'ers receive the Gold Star award, the highest county award offered in the 4-H Club program.

Award ceremonies, which included a banquet in honor of the youths, were staged at the Hilton Inn in Amarillo. The snow storm, which had descended over the Texas Panhandle during the weekend,

conded over the Texas Panhandle during the weekend, did little to dampen the spirits of the crowd as they looked on while the honorees received their plaques.

A boy and girl from each of the 20 counties in Extension Service District 1 are eligible to receive the Gold Star award each year. The award is based on outstanding achievement, leadership and contribution to the county 4-H program.

Speaker for the special occasion was Dr. John W. Pelham, state 4-H leader.

Pelham reviewed the history of 4-H club work in Texas, and listed many of the former Gold Star winners who have taken a place of leadership in society. He said that 4-H has changed somewhat from a program for youths in rural areas to one that reaches young people

from all walks of life. He stressed that 4-H demands involvement, and for this reason has produced outstanding citizens. He also emphasized a number of challenges that face 4-H'ers as they enter Century Three.

James Hull of Deaf Smith Electric Cooperative, Inc., Hereford, welcomed the group. District 1 4-H council members directed the program.

Special guests included par-

Special guests included parents, adult leaders, Extension Service officials, representatives of electric cooperatives and other supporters of the 4-H program.

Sponsoring the Gold Star Banquet were five memberowned electric cooperatives serving District 1 of the Texas Agricultural Extension Service, which directs the 4-H program in Texas. The cooperatives include Deaf Smith, Rita Blanca, North Plains, Hall County and Swisher County.

Gold Star honorees are as follows: Melinda Watson and Johnny Bible-Armstrong County; Sheila Martin and Neal Leven-Carson County; Renee Lacy and Kirk Patterson-Collingsworth County; Charlotte Bezner and Brad Hutton-Dallam County; Rhonda Hagar and Joe Monroe-

Bullock estimated the proposal would exempt an additional 18,000 beneficiaries per year from the basic state inheritance tax. If enacted into law, it would mean 77.7 percent of all beneficiaries would be totally exempt from state inheritance tax, he said.

The Comptroller said current law provides an exemption of only \$25,000 for all Class A beneficiaries-surviving spouses, children, grandchildren and parents.
