

Bi-District Contest Set February 28 in Shamrock

Shamrock will be the site of the girls bi-district basketball game between the Spearman Lynxettes and Electra. The teams meet at 7:30 p.m., Monday, Feb. 28.

Lynxette Coach Dean Weese and high school principal Jim Cherry met Electra officials Wednesday to select the time and the site of the game. Interscholastic League allows the game to be played this year either on Feb. 28 or March 1. Weese was happy with the

selection and other items of the meeting. He said there were no problems in reaching the decision.

Electra's coach did not want to play in Childress again. Spearman scored over 80 points there last year in defeating Iowa Park. The Electra coach was at Shamrock last year and asked that the game be played in Shamrock.

That was acceptable to Spearman, since the Lynxettes have played four games in the

Shamrock gym this year.

Officials for the game will be Jack Scarborough and Andy Anderson, probably two of the best officials calling high school basketball.

Electra comes into the game with a 12-6 record. They have only three teams in their district. They have lost twice to Decatur this year. Coach Weese said Decatur was the only one of their opponents he knew anything about. Electra has been averaging

45 points a game and allowed 31 points per game. The Lynxettes have averaged just over 48 points a game and allowed 31. Spearman has a 28-3 record.

Electra's forwards are 5'8", 5'6" and 5'2". The guards are 5'2", 5'6" and 5'10". The 5'6" forward is the point maker with a 25 point per game average.

In their final game with Olney last week Spearman scouts reported that Electra shot the

ball 64 times and hit 26 field goals.

They run and shoot, Coach Weese commented.

Spearman has two more games between now and the bi-district contest. They played Nazareth last night in Amarillo.

Friday night the Lynxettes will meet Springlake in Claude. The following Friday night the girls go to Tulia to meet the Hornets. Weese said Thursday he would play

Clarendon if they wanted to come here, but with three road games, he would not take the girls out for a fourth game.

In a recent rating by the girls coaching association the Lynxettes were rated fourth in the state. They are behind Little Cypress, Priona, and Rivercrest.

Springlake is rated first in A and Tulia is rated first in AAA ratings.

Admission for the bi-district game will be \$1.25 for adults and 50 cents for children.

1-A Tourney In Sunray

The district tournament for 1-A begins Tuesday with Gruver the winner of the boys round robin and Stratford the winner of the girls' round robin.

Other placings in the tournament were not settled until after the decisions in the final game Friday night.

The tournament will be in Sunray this year. Gruver's Greyhounds will not see action until Thursday night at 8:30 p.m. when they meet the fourth place team in the round robin. Stratford's girls play at 7 p.m.

The tournament begins Tuesday when the third and fifth place teams begin action. The girls play at 7 p.m. and the boys at 8:30 p.m.

The second place team gets a first round by, then meets the winner of the first games Thursday. The girls play at 2 p.m. and the boys at 3:30 p.m.

Friday the tournament championship will be decided. The girls play at 7 p.m. and the boys at 8:30 p.m.

If the first place teams in the round robin do not win the tournament, then a play-off will be required.

Work Begins On Highway

Work began this week on the pipeline from the north side of Hansford County to Mobeetie. R.H. Fulton is the contractor for the line.

Approximately 125 men are working on the line that will carry gas from wells in the Mobeetie area to the E.G. Hill Compressor station just south of Guymon, Okla.

Pipe for the line was brought to Spearman last August, but construction was delayed until this week.

The contractor expects to finish the work in this area in about 60 days, if weather permits.

Trailer parks filled up this week as workers moved in and school officials noted a jump in school enrollment. Housing is needed.

The line will cross Hansford County, go east of Spearman, across part of Ochiltree County and on to Mobeetie.

16 Amendments Make Large November Ballot

Texans will have a heavier general election ballot next November than usual with the appearance of 16 proposed Constitutional Amendments on the voting agenda.

In a public drawing in Austin, Secretary of State Crawford C. Martin drew numbers from a hat to determine the sequence in which the amendments will appear on the November 8 ballot.

At the top of the ballot, getting the Number One designation, is the amendment "to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use."

Other proposed amendments are less confusing in their text.

Some of the others, and their number on the ballot,

COMPANY QUEEN - Miss Melinda Pearson (second from right) was recently named Queen of Company F at Wentworth Military Academy in Lexington, Mo. She is talking with her sister, Mrs. Jack Reed, Cadet SSGT Welton C. Orndoff and her brother, Cadet Cpl. Rusty Pearson. Wentworth Photo

Miss Pearson Is Company Queen

Miss Melinda Pearson, a junior in Spearman High School was named Queen of Company F at the Wentworth Military Academy thirtieth annual Military Ball recently.

Miss Pearson was selected Company Queen after her brother, Rusty, entered her picture in the Queen of the Military Ball Contest. The winners were picked by actor Forrest Tucker, star of F-Troop on television.

Cadet Cpl. Ira M. (Rusty) Pearson is a freshman at the academy in Lexington, Mo.

Miss Pearson was accompanied to Lexington by her sister, Mrs. Jack Reed.

Park Rites Held in Dumas

Funeral services for Roy Ward Park, 70, of Dumas and an early resident of Hansford County were held Wednesday in the Church of Christ in Dumas by the minister Charles Richey.

Burial was in the Stratford Cemetery under the direction of Boxwell's of Dumas.

Mr. Park died Monday in St. Anthony's hospital in Amarillo, after being a patient there for three weeks.

Mr. Park came to Hansford County in 1901 with his parents. They settled in the Ideal community west of what is now Gruver. He farmed until his retirement in 1946 when he moved to Dumas. Mr. Park was a member of the Dumas Masonic Lodge.

He is survived by his wife, Mittie; a son Robert of Pasadena; daughters, Mrs. Grace Dowling of Amarillo, Mrs. Ina Willis of Lovington, N.M.; a brother, Sydney Park of Sunray and sisters, Mrs. Lillian Smith of Canyon and Mrs. Vivian Hurst of Plainview.

14 Wrecks Investigated Here in January

City Police investigated 14 traffic accidents in January. Chief of Police Wayne Pierce reported to the city council Monday night.

Pierce said a big majority of the accidents were caused by slick streets. There were no injuries and damage is most wrecks was minor.

Officers also investigated one run away child, one simple assault case, one theft and located two missing autos during the month. They also issued 39 traffic tickets.

The fire department answered six fire alarms in January. There were three grass fires, one car fire and two house fires. Damage was minor.

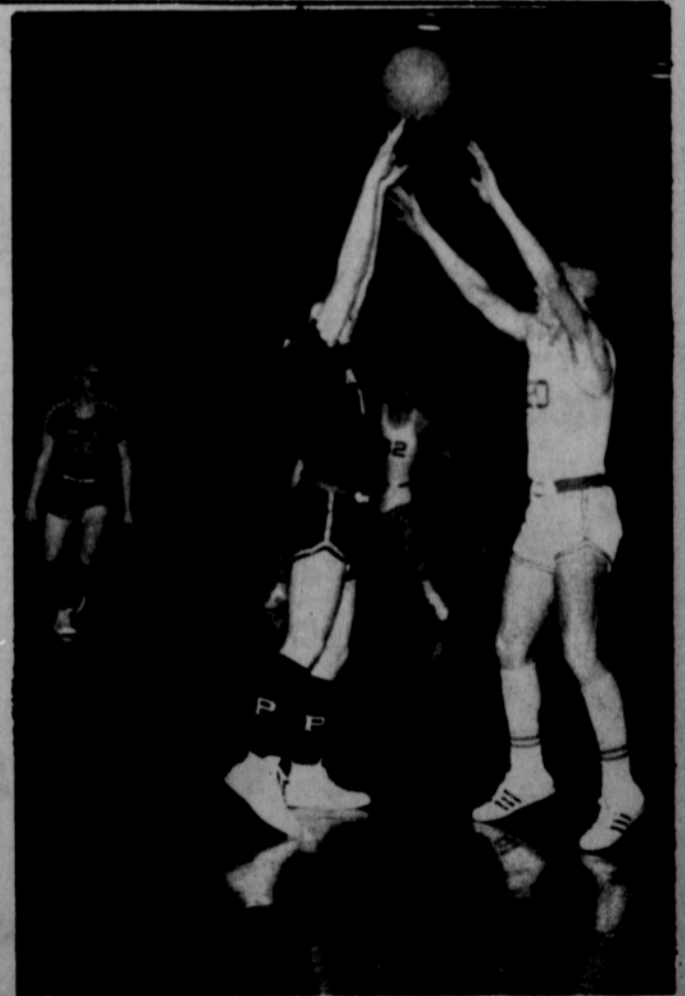

Corporation Court Judge T. J. Pittman said his court was quiet during the month. He fined three people \$400 on drunk and morals charges. One

of the \$100 fines was paid and the other two people were allowed to leave town. Should they return they will have to pay the fines or go to jail.

City Manager Darce Foshee was instructed to contact the highway department and see if anything could be done about the intersection of highway 282 and 15 at the railroad. The highway is to be widened to Gruver and the city hopes to get the corner fixed so traffic may flow smoothly at the intersection.

Other business handled by the council was the routine payment of bills and operational matters.

FEBRUARY IS HEART MONTH

PRESSING - Lynx Ken Shufeldt (20) tries to block a pass by a Phillips Blackhawk in action here Friday night. Shufeldt had 17 points for the Lynx.

Brooks Wins Bulldogging

Don Brooks of Gruver won the second go around of the bulldogging at the annual rodeo of the Fort Worth Fat Stock show.

The professional bulldogger had a time of 4.4 to win the second go around. His hazer was Don Huddles of Tallahanna, Okla. Brooks won \$1570 in the event.

Brooks is a member of the Rodeo Cowboys Association. He won second in the Odessa rodeo early in January.

He is the son of Mr. and Mrs. Pinkey Brooks of Tulia. Between rodeo seasons Brooks farms north of Gruver.

Walt Lennerman of Belfree, Mont., won the first go around and had the best average for both go arounds.

Walter Rogers Reports....

The Small Business Administration is marked for destruction under a proposal to place it within the mammoth bureaucracy of the Department of Commerce. I have long held that there are too many boards, bureaus, and agencies in the Federal Government - and I have long been critical of the Small Business Administration for abusing its powers and for concentrating too heavily on big city problems. But the fact remains that in all of the Federal Government, only the Small Business Administration speaks for the small businessman. I believe the SBA should be preserved as an independent agency and not buried in the Commerce Department. The SBA needs improving, it needs to be made to do better what it is supposed to do, but it should not be killed as part of the continuing concentration of Government power.

The small businessman is too often the overlooked victim of increasing bigness in Government and the economy. The danger of Big Government, Big Business, Big Labor is a subject of great concern. Bigness is a very real threat; size alone can be a ruinous factor in business competition. It is a problem Congress has had to tackle over and over as the country has grown because there has been general recognition that the small entrepreneur is - all through our history - a basic strength in our economic system.

I'm opposed to submerging the Small Business Administration in the vast bureaucracy of the Commerce Department. Although I have been frequently critical of SBA policies as not being fully responsive to small businessmen's problems, the agency has maintained its independence and does report directly to the President. As of now, it is not susceptible to policy misdirection by a large Department where big fish might seek to devour the small.

Centralization is a danger at all levels of Government. We have witnessed - to the deep regret of many of us - the diminution of the Constitutional doctrine of separation of powers. States and cities have lost their influence as power has shifted to Washington, and our efforts to reverse the trend meet with little success. Now a very dangerous new power axis is forming - that between the big Federal Government and the biggest U. S. cities. This is a form of centralization with which we're familiar. Another kind takes place within the Federal Government structure. This is the kind that resulted in putting together unrelated departments during the Eisenhower Administration to form the cabinet-rank Department of Health, Education, and Welfare. HEW, as it is called, is a hodgepodge of activities and only the most far-fetched argument would support the idea that the U. S. Public Health Service, the Office of Education, and the Social Security Administration (not to mention other functions under the HEW wing) have any business being included under the same centralized administration. This error, despite my objections and those of others, was repeated last year when separate and independent agencies of the Government were lumped together to create the new cabinet-rank Department of Housing and Urban Development. Although its activities are more closely allied in purpose than those of Health, Education, and Welfare, the new department (called "HUD," for short) is going to pose problems common to any organization with a centralized administration and set of policies. For example, HUD in my view threatens to concentrate so heavily on urban matters that

the world's largest pure nickel coins, each weighing nearly one ounce, are the Belgian 20-franc pieces minted in 1931. The smallest are the current 10-cent pieces of the Netherlands, each weighing one-twentieth of an ounce.

Dick Hightower, SMU center in 1961, owns a lumber yard in Tyler, Tex.

its responsibilities in rural and semi-rural areas may suffer. Voices speaking for small interests must be preserved in this Government. The Department of Agriculture, originally the voice of the farmer, is now concerned with its "image" to the extent that its 1965 Yearbook of Agriculture, "Consumers All," is not aimed any more at farmers than it is to city dwellers. In its own way, every Department is concerned about city support - and it is a continuing fight to see that large urban interests and bigness generally don't prove overwhelming.

Hohertz Recovering Following Fall

Mr. and Mrs. James Roy Patterson of Abilene are the parents of a baby girl, born Feb. 7, weighing 7 lbs. 8 oz. Paternal grandparents are Mr. and Mrs. Otis Patterson, and maternal grandparents are Mr. and Mrs. Marvin Williams of Dallas.

Bob Hohertz was expected to be released from St. Anthony's Hospital in Amarillo this weekend or early next week following surgery last Sunday.
Hohertz, an employee of LuBar Inspection Company, sustained injuries in a fall last Sunday while at work.

Several million tons of dust drift down through the atmosphere each year and mix with dirt from terrestrial sources. Now and then a housewife may sweep up a trace of space dust, not dreaming it came from the moon or beyond.

Phillips Rips Lynx To Tie for District

The tall and talented Phillips Blackhawks made sure they had a piece of the 1966 district 1-AA basketball title here Friday night by beating the Lynx 61-46. The Hawks tied with Stinnett for the title.

With a crew of starters towering over the six foot mark, there was never any question about the outcome of the game. Phillips' 6'8" Mike Kimmons led the Hawks in scoring with 18 points. He played only in the first half.

Spearman hustled, but could not overcome the tall, pressing defense put on by Phillips. With three teams ready for action, Phillips kept the pressure on all night.

Officials stayed on the Hawks closely and Spearman went to the free throw line 41 times. The Lynx hit 28 free shots and nine field goals for the night's scoring.

Ken Shufeldt was the only Lynx able to get through the

Phillips defense. He managed to get four of the nine field goals and hit nine free shots for 17 points.

Monte Black was the only other Lynx able to hit more than one field goal. He had two and two for six points. Larry Butts had seven points. Black and Shieldknight each had six. Clement had four and Close and Day each had three.

After the game Shufeldt was discussing Phillips' height. "One time I jumped just as high as I could when that old tall boy (Kimmons) was shooting. I didn't even get to his elbow."

This was the final game for Butts, Clements and Shufeldt. Butts and Shufeldt have been starters for the past three years.

**More Children
Are Staying
in School**

More children are staying in school longer now than ever before, according to a recent report from the U.S. Office of Education, says Mrs. Patsy Yates, Extension family life education specialist at Texas A.M. University.

Nationwide, for every 1,000 children in the fifth grade in 1957-58, an estimated 710 graduated from high school in 1965. Increases in staying power have been steady, Mrs. Yates emphasizes.

For example, there were 11 graduates in 1960 compared with 505 in 1950, and 15 in 1940 for each 1,000 pupils in the fifth grade eight years earlier.

**Local Men
Invited To
Dedication**

County Judge Johnnie C. Lee and members of the Hansford County Commissioners Court have been invited to attend the dedication of the TEXAS CONFEDERATE COUNTY COMMISSIONERS COURTS' historical marker in Brenham on Feb. 18 at 2 p.m. on the Washington County Courthouse lawn.

This announcement was made by John Ben Sheppard of Odessa, president of the Texas State Historical Survey Committee.

A history of the Commissioners Courts in Texas during the Civil War Years to the present time will be made by Sheppard.

Harold Green, president of the County Judges and Commissioners Association, of Water Valley (Tom Green County) will accept the official marker on behalf of the association.

County Judge Odis Tomachefsky of Brenham will be master of ceremonies with Washington County Commissioners participating. Open House for visitors will be held in the Courthouse under the auspices of the Washington County Historical Survey Committee.

Gov. Will Speak In Shamrock

Governor John C. Connally will be guest speaker at the Pre-St. Patrick's Day Banquet to be held Wednesday evening, March 16, at 7:30 p.m. at the National Guard Armory. Invitation to Governor Con-

nally to attend the Irish Festival and speak at the banquet was extended by Mayor J. Selbert Worley, chairman of the banquet program committee. It is estimated that approximately 700 people will attend the banquet. In conjunction with the St. Patrick's Day Celebration, there is to be an Irish Fun Band Festival, at which some 265 bands from five states have been invited.

BAKED ALASKA AND DEMITASSE: SWEETHEART OF A TREAT

If a picture is worth a thousand words, then a beautiful dessert, accompanied by cups of your very best coffee must surely be worth five thousand. At least, we think this luscious Baked Alaska is as sweet a Valentine as you could find. It seems to call for those beautiful, dainty cups that once graced the coffee table at grandmother's home.

Looking pretty as a picture card, our baked billet-doux is one of the most sensationally delicious desserts ever concocted. The forerunner of Baked Alaska dates back many years. Thomas Jefferson, who was among other notable accomplishments, a discerning gourmet, may well have been the originator of this dessert. During Jefferson's presidency he served many new delicacies at White House dinners. One was an ice cream specialty in which ice cream balls were encased in warm pastry shells.

COFFEE AT ITS BEST
In keeping with the St. Valentine's Day motif, our

Valentine Baked Alaska has a layer of strawberries, then a layer of strawberry ice cream. The meringue topping is baked just long enough for the peaks to be tipped with brown and served immediately. Happily, if you're planning a St. Valentine's Day dinner, party you can make the dessert ahead, leaving only the baking until the last minute.

Your coffee, of course, should never, never be made ahead, nor kept on a warming stand more than an hour. Once allowed to cool, coffee loses much of its delicious flavor and fragrance so it should not be reheated. Make your coffee just before refreshment time, then serve it up delectably fresh and aromatic, the way it should be to accompany so lavish a dessert.

VALENTINE BAKED ALASKA
1 package white cake mix
1 package (1 lb.) frozen whole strawberries
1 quart strawberry ice cream
6 egg whites
3/4 cup sugar
Prepare cake mix as directed on package. Bake in greased and floured 9-inch spring

Student To Speak At P-TA Meeting Rhea Attends Short Course

Spearman P-TA will meet Monday, Feb. 14 at 7:30 p.m. at the Jr. High Auditorium. Geir Overland, exchange student, will speak.

Representatives of American Field Service will be present, and a question and answer session on foreign exchange students will be held.

form pan at 350 deg. for 50 to 60 minutes, or until cake tester comes out clean. Cool in pan 10 minutes. Finish cooling on cake rack. Chill Barely defrost strawberries. Drain if necessary. Arrange on cake to within 1/2 inch of edge all around. Spoon ice cream over berries. Freeze until ice cream is very firm. Beat egg whites until frothy throughout. Add sugar, 1 tablespoon at a time, beating well after each addition. Continue beating until meringue is glossy and stands in stiff peaks. Remove cake from freezer. Quickly spread meringue over cake, bringing it out to edge so that ice cream is completely covered. Spread on sides of cake. Return to freezer. When thoroughly chilled bake on foil-lined baking sheet at 500 deg. for 4 to 5 minutes, or until meringue is tipped with golden brown.

J.C. Rhea of Morse attended an Agricultural Chemicals Short Course this week in Kansas City, Missouri.

The course is sponsored by Consumers Cooperative Association (CCA), a manufacturing and wholesale cooperative which serves over 1,750 local cooperatives, including Perryton Equity for which Rhea works.

Representatives from the 11-midwestern states are attending the course and learning more about the benefits to be obtained from the use of ag chemicals. They will study proper use of ag chemicals, such as proper rate and time of application. Pesticide safety will also be stressed in the week-long course which will include slides, movies, lectures and field trips on the ag chemical subject.

This course is being held at CCA's training center--The CCA School of Cooperation--located just 2 1/2 miles north of the Headquarters Building. In addition to classrooms, offices, and library, the School has sleeping accommodations for 55 students and a lounge for their use.
