First day of school, Friday August 24th!

Although a few days ago it seemed that summer was endless, the cool weather this week and the announcement of registration for schools, reminds us all that summers do end and school bells will be ringing soon in Spearman.

The first day of school will be Friday, August 24.

Grades Kindergarten thru 4 will register on Thursday, Aug. 23 from 8:30 until 10:30 a.m.

New students that have moved into the district will pre-enroll August 16 and 17 from 8:30 until 3:30.

Kindergarten students will need to bring a birth certificate and their physical form on the 23rd in order to be registered.

The first grade thru grade two will be dismissed at 3 each day and grades three and four will be dismissed at 3:25 each day. Kindergarten morning session will begin at 8:15 and dismiss at 11:10. The afternoon session will take up at 12:15 and dismiss at 3:00 p.m.

New students to junior high will register Aug. 23, according to principal Kenneth Friemel and all others will begin school Aug. 24.

High school principal Eddy Clemmons said Friday that new students to the district planning on enrolling in high school should do so August 13 thru 17.

Pre-registration for high school students will be August 23. Seniors will register from 8:30 to 9:30; juniors 9:30 to 10:30; sophomores 10:30 to 11:30; freshmen 11:30 to 12:30.

New teachers to the system this year include Carol Yarbrough, Gary York, Richard North, Bobby Jones, Jeff Rowland, Helen Lee, Marva Delk, Diana Hack and Johnny Miller.

A complete list of the school faculty will be in next Thursday's paper.

School officials expect enrollment in Spearman schools this year to be about the same as closing last year.

Principal Clemmons expects about 250 students to enroll in high school.

Two-a-day football workouts begin Monday

District 1-AA boasts six outstanding teams

Football two-a-day workouts will begin Monday August 13th for Spearman Lynx, according to Larry Lanier, athletic director of Spearman High Schools.

District 1-AA	'83 Rate	'84 Rate	Change	Projected Outlook
1. Panhandle	153	157	Up 4	Stronger
2. Stinnett	131	137	Up 6	Stronger
3. Sanford-Fritch	116	131	Up 15	Stronger
4. Spearman	126	127	Up 1	Same
5. Stratford	141	124	Down 17	Weaker
6. Sunray	109	118	Up 9	Stronger

PANHANDLE (10-1-1) 14 lettermen, 6 offensive, 5 defensive starters. Panhandle has had four consecutive crowns bestowed on it and will be adorned with a fifth straight this season. There are many reasons why. First, there is a large senior class on hand (17). Second, much experience in the lines, both offensively and defensively, is available. Third, there are an abundance of good skill people back. This is the Panhandle story. Stronger.

STINETT (6-4-1) 10 lettermen, 7 offensive, 6 defensive starters. Stinnett participated in some post-season activity last year and intends to make a repeat show in '84. Four All-District performers are on hand to solidify the case. Club has good speed and quickness. It is enough of everything here to provide for at least a second-place finish. Stronger.

SANFORD-FRITCH (1-9) 15 lettermen, 7 offensive, 9 defensive starters. Sanford-Fritch had a bout with adversity a year ago, coming in at 1-9, but the return of 7 offensive and 9 defensive regulars brighten hopes for a much better showing in '84. New mentor Ken Cole, a good one, provides even more glow to an already shiny season to be. Stronger.

SPEARMAN (4-6) 8 lettermen, 5 offensive, 5 defensive starters. Spearman, dropping a peg down to AA, looks to be about like last year's 4-6 team. So there will be no high pressure applied to the lower classification participants. Same.

STRATFORD (9-2) 10 lettermen, 4 offensive, 4 defensive starters. Stratford is not in the act of concealing its true feelings or intentions this coming season. No false appearance exists. The Elks seem to be expanded intersparately. No starters return at the skill positions. There is a lack of its usual speed, too. Weaker to much weaker.

SUNRAY (3-7) 10 lettermen, 8 offensive, 8 defensive starters. Sunray is counting on the maturity of 8 offensive and 8 defensive holdovers to improve upon last year's 3-7 outing. The line seems to stand out the most in the overall make-up of the team. But the Bobcats, although improved, are still unable to muddy up the league waters. Stronger.

District strength - Strong. Stronger in '84.

District outlook - Panhandle, as usual, holds all the cards.

Stinnett will be the second-place playoff entry. Sanford-Fritch takes on a spoiler role.

Outstanding players - RB-LB Yancy Williams 165, TE-LB Mikal Willimon 200, guard LB Kelly Wilson 170 (Stinnett); QB Ross Donahue 150, TE Steve Burke 225 (Spearman); tackle Eddie Cunningham 230, RB Dean Thomas 170, guard LB Kevin McInifire 185 (Sanford-Fritch); HB Wes Wood 190, WR Kevin Powers 165, HB Shawn Fryrear 170, tackle Neal Bentley 205 (Panhandle); FB Mitch Taylor 165, tackle Mike McCloud 215, tackle Kevin Williams 210 (Sunray); tackle Collin McKinley 225, RB Ronald Meyer 165, TE Kevin Long 170 (Stratford).

Cheerleader clinic, August 16, 17 & 18

The Spearman High School Cheerleaders will be conducting a cheer clinic for ages five years to eighth grade. The clinic will be from 8:30 to 11:30 each morning of August 16, 17, and 18. The cost will be \$5 per child. The high school cheerleaders will also be selling Lynx pins and Lynx stickers at very low prices.

The children will be divided into classes according to age. They will be taught cheers and chants, tumbling, double stunts, and eight count dance routines. Safety, as well as fun, will be stressed in each class.

Ribbons will be presented for participation and achievement. For those showing excitement and enthusiasm spirit sticks will be awarded each day. Two thirty-two inch megaphones will be also be awarded.

Each morning there will be a short break for refreshments. During Friday's break the "cheerleaders" will get to cheer for the football boys during their workout.

The last event of the three day clinic will be a talent show. Prizes will be awarded for 1st, 2nd, and 3rd places.

Rains

Hansford county residents have enjoyed cooler weather and the moisture that we have received this week.

The rains seem to be general over the area. With good rains beginning last Saturday and continuing off and on until early Friday morning when heavy showers began and continued until press time. Reports of more than an inch in some areas have been reported.

The rainy conditions are forecast all thru the weekend.

EGGS-PERT — Know your eggs as well as your onions. Look for rough textured eggs at the supermarket — they're the freshest. Fresh eggs look chalky; older eggs smooth. Buy medium to large size for cooking; extra large for omelets and showy egg dishes. Sometimes shells stick to the bottom of egg carton indentations; dunk box from the bottom in warm water until egg floats loose.

Defensive Driving Course Set

A Defensive Driving Course will be held August 21 to August 22 from 6 to 10 p.m. each evening.

The cost of the course is \$20.00 and on completion of the course you get a 10% reduction on your automobile insurance.

John R. Collard, Jr. will be the instructor and the course is sponsored by the Hansford Association of Insurance Agents. This is the National Safety Council Defensive Driving Course.

EYE BIZ — Choose new sunglasses as carefully as you would regular eyeglasses. American Optometric Association experts warn that many sunglass wearers buy what's fashionable and neglect such important factors as lens material, tint density, kinds of coatings and what's right for individual eye problems. A.O.A. says visit an optometrist and have eyes checked before purchasing shades.

Superintendent discusses final examinations

EDITOR'S NOTE: This is the second article in a series written and submitted to us by Supt. James Cunningham in an effort to help parents and students understand the new aspects of the education reform law.

Cunningham writes "In the first article of this series we mentioned that the implementation of H.B. 72 will create many changes in the operations of the public schools of Texas. Many of these changes will begin this fall.

"Changes that have any direct effect on students and parents are those that we will be emphasizing.

"The first article spoke of the changes involving extracurricular activities.

"In this article we will show what the statute says concerning final examination exemptions and notice to parents (report cards) and the responsibilities of all concerned when a student has a failing grade on the report card."

These sections of the law with interpretations, reads as follows:

Section 21.723. FINAL EXAMINATION. A student may not be exempted from taking a final examination in any class in which any other student is required to take a final examination.

A final examination is the culminating or last examination at the end of any semester. Districts shall not schedule any activity that would allow students to miss any scheduled final examination nor shall they exempt students from taking final exams because of high achievement.

Section 2.722. NOTICE TO PARENTS OF UNSATISFACTORY GRADE. (a) At least once

every six weeks, a district must give written notice to parents of students' grades in each class or subject. The notice must provide for the signature of the parent and must be returned to the district. If the notice is not returned to the district, the district must mail notice to the parent.

(b) If in any class or subject a student receives a grade equal to less than 70 on a scale of 100, the grade notice must state the need

for a conference between the appropriate teacher and the parent and must quote or summarize the requirements of Section 21.721 of this code.

(c) In attempting to schedule a conference between a teacher and parent, the district shall give the parent at least two alternative dates for the conference.

(d) In this section, "parent" includes a legal guardian.

(e) This section does not apply

to a student who is:

- (1) married;
- (2) an emancipated minor; or
- (3) an adult living alone.

School districts are required to provide written notice to parents at least once every six weeks. It appears that the intent of the legislation is for all school districts to be on six week grade reporting periods, but this will be a matter decided by the State Board of Education.

The men's Championship singles title was won by David Johnstone (Borger) as he defeated Greg Plumlee (Ulysses) 6-0, 6-2. Plumlee teamed with Greg Ammons (Booker) to take the Championship doubles title over Mark Wilson and Randy Rowley (Liberal).

In the men's "A" division the singles crown went to Randy Pipkin (Liberal) over H.A. Jack (Borger). The "A" doubles crown was taken by the team of Pipkin and Don DeVinney over Jay Kees and Mark Wilson in an all-Liberal final.

The men's "B" singles title was taken by H.A. Jack (Borger) over Lance Helms (Oklahoma City). Jack teamed with George Newby (Borger) to defeat Helms

and Tracy Mitchell (OKC) by scores of 4-6, 6-2, 6-2.

Kenny Huckins (Guymon) grabbed the men's "C" singles title by defeating Neil Smith 6-4, 6-2. Men's "C" doubles also produced local winners as the team of John Winchester (Guymon) and Jess Johnson (Texhoma) defeated Duncan Frank and Randy Williams (Guymon).

In the women's side of the tournament, Kathy Mathis returned to defend her title in "A" singles over her doubles partner Molly Outhier (OKC). Mathis and Outhier defeated Susan McQueen and Cindy Black (Liberal) 6-4, 7-5 to take the top women's doubles crown.

In women's "B" action, Kirsten Leonard (Beaver) won the title by defeating Amy Ellis 6-0, 6-1. Leonard did not lose a single set on her way to the title. In the only women's "C" event, Marilyn Ekart (Liberal) was defeated 6-3, 6-4, by Loraleigh Boren.

Mixed doubles competition saw the team of David Johnstone and Christy Pittman defeat B.A. Donaldson and Teresa Barkley (Gruver) in three sets, 4-6, 6-3, 6-4 for the "A" mixed title. The "B" mixed title went to Barbara Dettle and Jerry Johnson, as they defeated the team of Shawna Dettle and Steve Duncan 6-0, 2-6, 7-5. In "C" mixed doubles, the Beaver duo of Leonard and Downing defeated the Texas team of Loraleigh Boren and Corby Marshall for the title.

Tournament Director Warner McKinnon wishes to express his sincere appreciation to Phil Brown, Kenny Bales, Larry Whitten, Bob Scott, Don Townsend and Tina Adams for their contributions in making the tournament a success.

Food additives are found in grocery products ranging from baby foods to coffee creamer. In fact, Americans swallow about five to ten pounds of emulsifiers, preservatives, flavoring, colorings, acids and vitamins in their food each year.

Yet few consumers can distinguish between products that use additives for a useful purpose, versus those that use additives to make a less-nutritious product more attractive.

On the positive side, preservatives help prevent spoilage, while emulsifiers keep water and oil mixed together. Vitamins and minerals add nutritional value.

Some of the most common useful additives include: Calcium propionate -- inhibits mold growth in bread. Polysorbate 60 -- an emulsifier. Beta carotene -- an artificial coloring that the body converts to vitamin A. Citric acid -- an acid that occurs naturally in citrus fruit. Thiamin mononitrate -- a nutrient (vitamin B-1). Carboxymethyl cellulose -- a thickening agent. Sorbic acid -- a preservative. Casein -- a protein that is obtained from milk. Vanillin -- the main flavor component of vanilla.

However, shoppers should be concerned when additives are used as a replacement for nutritional foods. For example, thickening agents are sometimes used to make a food look rich and thick, even if it contains smaller amount of ingredients than a competing brand.

Artificial colorings and flavorings are sometimes substituted for fruit, chocolate or other real foods. Caramel coloring can make white bread look like whole wheat bread.

Flavor enhancers such as

MSG, may suggest to the eater that a food contains more meat than it really does. And vitamins added to sugary, non-nutritious foods permit extravagant nutritional claims.

All food additives are tested by private companies. The Food and Drug Administration (FDA) then evaluates the tests and decides whether the chemical may be used in food.

Cluck Family Reunion

The Cluck reunion was held at the Villa Inn in Amarillo on July 21 and 22. It was a special reunion, being the silver anniversary. The first one was at Quartz Mountain Lodge near Altus, Oklahoma June 31 and July 1, 1959. Taking part in the festivities was the Davidson family (the late Mrs. Homer Clucks relations). There were numerous Stafford cousins from Dalhart, Campo, Colorado, and Keyes, Oklahoma and two from Sacramento, California. Since this was a special reunion, there were added activities. There was a coffee in the gazebo Saturday morning with picture albums and a scrap book from the first Davidson-Cluck reunion at New Port Beach, California in 1966 compiled by Nell Cluck Thoreson during the train ride and the five days at the Newporter Inn. On Saturday afternoon the family and friends gathered at the Lad Cluck home south of Canyon for a barbeque. Joe Cluck (Pikes son) from Dumas, Wendell Parks and Carlton Baugus entertained the one hundred and fifty five guests with country and western music. Michelle Graves (Herman Graves daughter) of Houston sang a few songs with the band. Other entertainment was provided by Jerry Oschner accompanied by his wife Yvonne of Denver, consisting of Swiss songs in Jerry's native tongue, polkas and "Waltz Across Texas with You". The noon buffet on Sunday was served in the Tropic room to one hundred and seven people. Andy Burleson (Sam and Faye Cluck's son-in-law) of Amarillo offered thanks and gave a most wonderful talk including some very amusing stories about the different family members. The devotional Andy gave proved "A Merry Heart Doeth Good Like A Medicine". The group was thankful for the Spiritual Food as well as the physical food.

All the guests, relatives and friends were welcomed by Mary Rae Lamb (Pearl and Homer Clucks daughter) of Gruver, who was president this year. The older family members recognized and to whom tribute was paid were Retta (Mrs. Roy) Cluck, Dimmitt, Mae Cluck (Mrs. Howard) Stevens, Hobart, Oklahoma, Terry

and Ida Davidson, Guymon, Oklahoma, Jewell (Mrs. Oke) Davidson, Redonda Beach, California, Esther (Mrs. Ernest) Davidson, Denver, Colorado, Pauline Cluck (Mrs. Jim) Tatum, Sentinel, Oklahoma, Volie (Mrs. Homa) Godfrey, Westminster, California, and Curly and Georgia Barrington, Irvine, California. Guests were Curt Lowe, Eva Jean Phillips, Miss Meadows, and Dora Waldrop all of Amarillo, Cam Forman, Canyon, Homer Ewton, Albuquerque, New Mexico, Gloria Alkire, Long Beach, California, Curtis and Mae Palmer, Garden City, Texas and Bobbie Hortler, Dallas, Lou Thrall, Walt and Terri Schuman, Mark and Claudette Romero and Ryan, and Joyce and Marshal Hardin all of Amarillo.

The eldest person present was Mae Cluck Stevens who celebrated her eighty-ninth birthday Sunday with everyone enjoying a piece of her delectable cake. The person who came the farthest was Willie (Graves) Caswell, Orange, California. Faye (Mrs. Sam) Cluck, Gruver, received a gift for being the only one present who had not missed any of the twenty five reunions. Some of the cousins brought original centerpieces for the eight tables. A prize was given for the best one (they were all the best one!) so Martha Belle (Graves) Bradley from Tulsa won the drawing.

Copies of the family tree were available to those who didn't get one last year.

A third cousin Tonia (Mrs. John) Holloman, Van Buren, Arkansas gave some of the genealogy last year dating back to

pre-civil war days.

Laddie, Jan and Thesha Cluck and Lisa Logsdon were given a standing ovation and a gift of appreciation for the entertainment on Saturday.

Tanya Hart (Mrs. Billy Don) Adkins of Gruver, secretary for this year, read the minutes of last year's meeting. The deaths, marriages and births since July 1983 were recorded by Tanya.

The election of the new president and secretary resulted in Ertis and Mary Jewell (Cluck) Fennell, Elk City, Oklahoma being selected. Next year's meeting will be at the Dome in Elk City.

The program in addition to Andy Bulesons marvelous presentation consisted of Lad Cluck (Gene Cluck's son) reading a hilarious story, Yvonne and Jerry Oschner providing songs and accordion music, Merritt Graves (Herman's son) of Nashville, Tenn. giving a talk on our genealogy and Tim Miller, Boulder, Colo. telling of an interesting experience at a reunion in Estes Park, Colorado one year.

Those present were Eldon and Lou Cluck, Hazel and Joe Manion, Michael and Lacy Hart, Benny Cluck, James and Candy (Thoreson) Hick and Neely, Mike and Sammie (Cluck) Hurt and Matt, Andy, Pat (Cluck) Burleson and Ester, Scott and Marcy Tow, Nannette Cluck, Elaine (Cluck) and Larry Lewis and Bennett of Amarillo; James and Edith Tatum Glen and Alice Sanford from Idabel, Oklahoma, Pauline Tatum Hayden and Ruby Webb from Sentinel, Oklahoma, Martha Belle Bradley, Tulsa, Cason and Harriet Graves, Clinton; John, Darrell, Bruce, Linda Hoover, Don and Lavita Ward, and Mae Ste-

Our Heritage of Faith...

Last week I had written about the beginnings of the Lutheran Church. As a summary from last week: Lutheranism had its beginnings in 1517, in Germany, when Martin Luther publicly called for correction of errors in the medieval church. Luther was pastor, professor, author, composer of hymns, and he was a reformer.

God had used His servant, Luther, to reform the church and return its adherents to the teachings of Christ. Luther and his followers were given the name "Protestants" in 1529. Luther had no desire to break

defined as an evangelical Christian. The term "evangelical" refers to a term Protestants like to with the established church. On the basis of the Bible he simply wanted to proclaim salvation through Jesus Christ, and to direct people toward the true worship of God.

After Luther was excommunicated from the church, the followers of Luther's teachings were called Lutherans.

What then is a Lutheran? A Lutheran is a follower of Jesus Christ, a member of the Christian Church. He or she would be

use to point out their faith centers in the good news of what God has done for people in Jesus Christ. Lutherans make up the largest and, among the larger churches, the oldest of the groups that are heirs to the Reformation of the Western church four or five centuries ago. There are about ten million in the United States.

Faye's Daze

If you are a hay fever or allergy sufferer and think it is worse this year than ever, you are correct according to the American Lung Association of Texas. They say 1984 will go down in history as one of the worst in history for victims of hay fever.

They say air conditioning can give some comfort but if you really want to escape get on a boat, sail 100 miles off shore and stay there until the freeze hits.

I have allergies and sinusitis and it has been worse than ever this summer but this nice cool rainy day has really helped.

Gallantry is not dead. The other day I was coming home from the grocery store and saw a little boy probably about three with his arm around his little sister, about two, and they were walking along and he evidently was protecting her.

Remember when hippie meant big in the hips.

And a trip involved travel in cars, planes, and ships?

When a pot was a vessel for cooking things in.

And hooked was what Grandmother's rug may have been?

When fix was a verb that meant mend or repair.

And be-in meant merely existing somewhere?

When neat meant well organized, tidy and clean.

And grass was a ground cover, normally green?

When groovey meant furrowed with channels and hollows.

And birds were winged creatures like robins and swallows?

When fuzz was a substance, real fluffy like lint.

And bread came from bakeries and not from the mint?

When a roll meant a bun, and rock was a stone.

And hang-up was something you did with a phone?

It's groovy, man, groovy, but English it's not.

Me thinks that our language is going to pot!

Bridal shower honors Lesa Scroggs

Miss Lesa Scroggs, bride-elect of Chris Deakin, was recently honored with a bridal shower in the Fred Davidson home. Guests for the afternoon event registered in the lovely Bride's Book chosen by the bride.

The hostesses presented a corsage of white silk roses complimented with blue to the bride. The mothers, Mrs. Jim Deakin and Mrs. Ted Scroggs of Spearman were honored with corsages of silk Daisies complimented with blue. Four grandmothers were presented corsages with blue. Lesa's grandmothers are Mrs. Glen Bohanan of Spearman and Mrs. O.A. Scroggs of Spearman. Chris's grandmothers are Mrs. Ada Deakin and Mrs. Guen Goff of Guymon.

The serving table carried out the bride's chosen colors of blue and white. The table was covered with a lace cloth over blue underlay. The centerpiece

Tea for two: Florida toll booth collectors have gotten lots of different things in the toll basket, but wet tea bags are just too much. They would really like to catch the guy who tosses a wet tea bag into the basket and probably drives away laughing. According to John L. Jackson, a toll booth supervisor in South Miami, the culprit has been doing it every day for several weeks. There's another patron who throws a cigar in the machine every other morning, says Jackson. Other offerings at the state's 350 toll booths have included aspirin tins, combs, sandwiches, cigarette lighters and even diamond rings and bracelets. Just token thoughts.

consisted of a green plant, a gift to the bride, set within an oval shaped candelabrum containing six white tapers. Other appointment completing the table setting were of cut glass. Refreshments of cake, punch, nuts and blue bell shaped mints were served by Julie Deakin and DeNetta Booth, sisters of the groom.

Hostesses for the bridal festivities were Ann Anderson, Mary Ayres, Sharon Barkley, Delores Beville, Patsy Beville, Edith Breland, Pat Burnam, Jo Alice Clawson, Ann Dorman, Denise Doty, Diane Doty, Carolyn Fletcher, Josephine Fletcher, Lill Fletcher, Lou Garrett, Sue Hart-raft, Rosalyn McClevagan, Rosemary McKeel, Saundra McNett, Rubye Lea Mithchell, Melba Rasor, Angie Rimmell, Betty Roberts, Alma Ross, Lucille Schad, Sharon Seagler, Charlene Spivey, Elizabeth Spivey, Mary TeBeest, Sandy TeBeest, Judy Virden and May Farren.

A toothsome question: Rannveig Axfjord, a dental student at the University of Iceland, has a problem. The set of false teeth she made, a graduation requirement, is buried in a Reykjavik cemetery. University officials refuse to graduate her because professors were unable to examine Ms. Axfjord's work after her patient died. Relatives of the deceased woman were willing to have the teeth recovered, but the professors said they were not interested. They said it was too late to establish how well the dentures fit. Guess she'll just have to grin and bear it.

Two-Bit Sermons

by James D. Jones, Pastor Fellowship Baptist Church

Baptism - What is it for?
In order to find out what baptism does we must find out what it does not do. Baptism does not save anyone. Baptism does not wash from sin. Also Baptism does not secure salvation.

Baptism is a picture of the death, burial and resurrection. Romans 6:3-7 teaches that baptism is a testimony of what our savior has done for us. Now for those who say verse 3 says we were baptised into Jesus. I agree that it does. Verses 4 and 5 explain verse 3 it is symbolism. Not the verse but, the act. It says in the likeness of death also in verse 6 it speaks of being crucified with him. Yet everyone admits that this is symbolism. I believe it all to be. Yet the symbolism is in the act not the verse.

Colossians 2:11-13 also contain a teaching on Baptism. In verse 11 the Bible speaks about the circumcision made without hands. Salvation is a work of God not

man. Buried with Him by Baptism verse 12, same as Romans 6. Baptism is symbolic of the burial, the resurrection, and death of our Savior. Verse 1-13 Says we quickend together with Him. Again this is an inward work of Faith not outward of the flesh.

Faraway Places

I've never seen the Taj Mahal. Nor have I looked up at the Leaning Tower of Pisa, or out across the broad Sahara to the Pyramids and the Sphinx.

Most of my life, as a matter of fact, has been spent right here in my own town. Not because I don't want to travel. To visit these faraway places is one of my big desires—and, one day, I hope to do it.

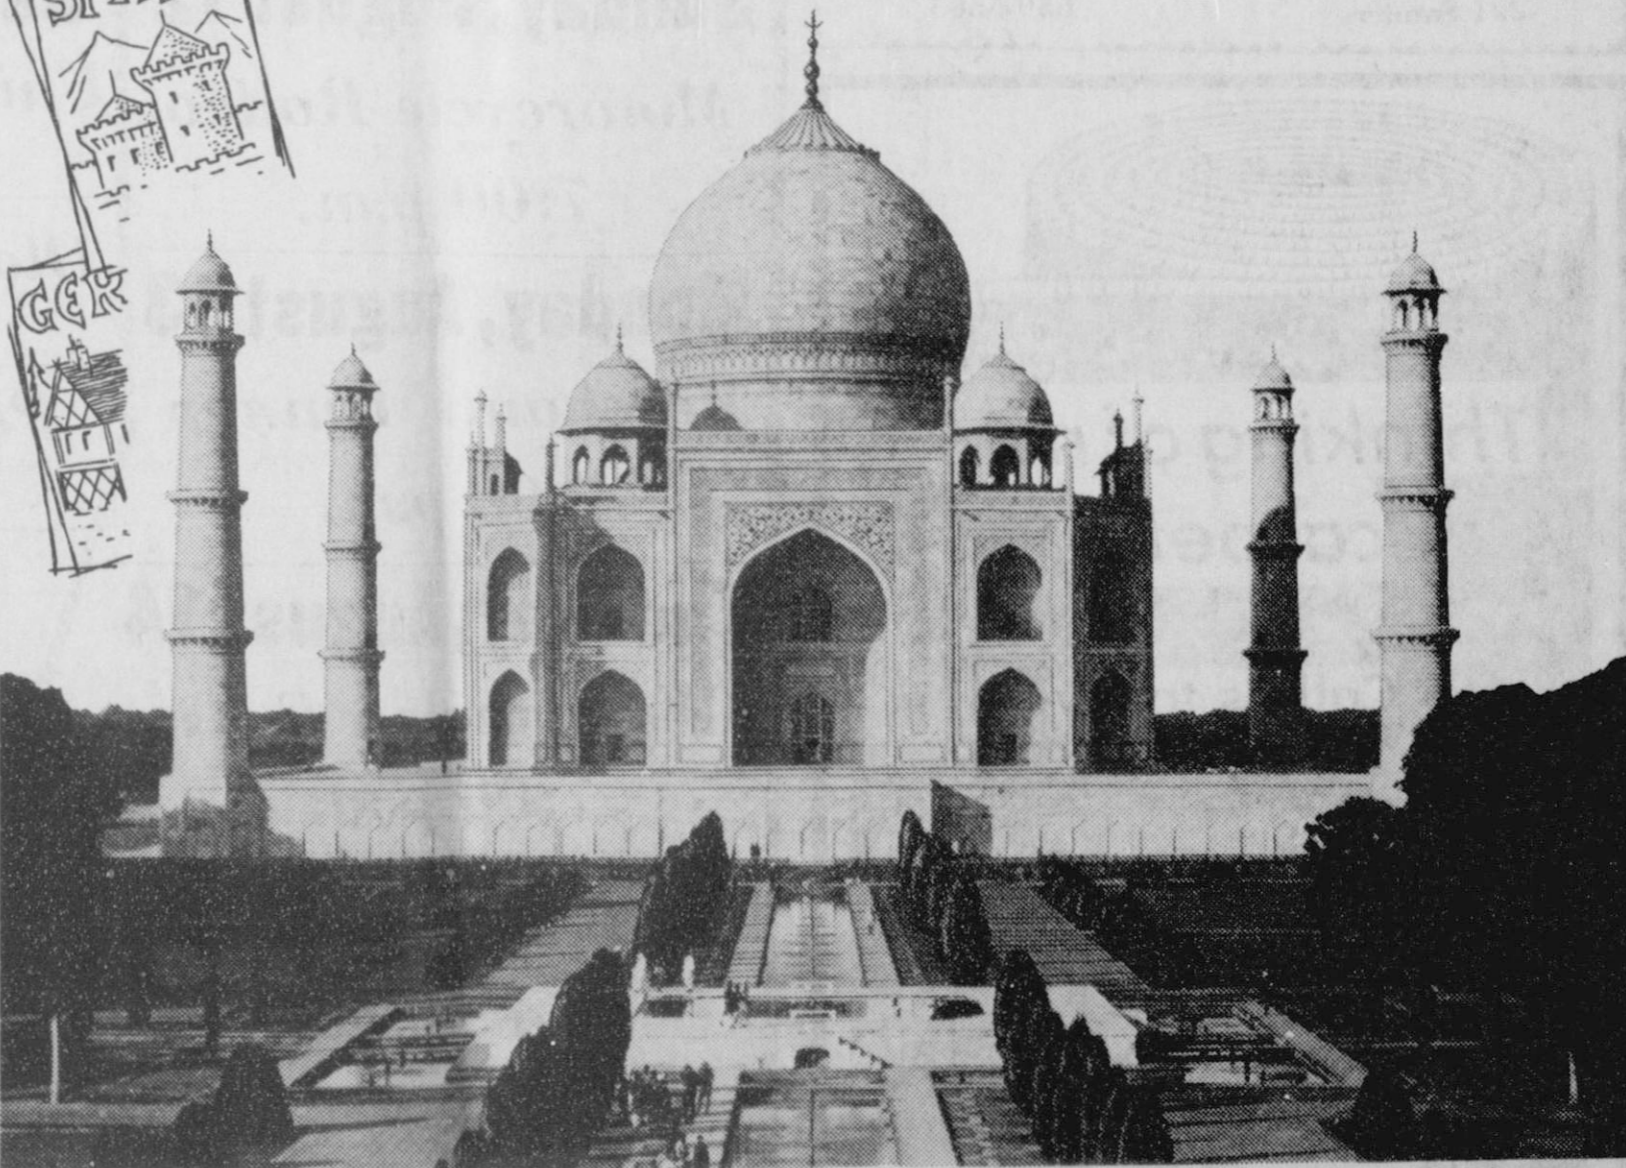

But I know, deep in my heart, that even if I never leave my home town I'll have more to do than I can hope to accomplish. Because God is just as much here as he is anywhere. Our minister used that thought in his sermon last Sunday, and he told us how much there is for all of us to do in our own particular place—and how much remains undone!

If we'd bring just one other person to church with us on Sunday, we'd really be doing something, he told us. And, as I thought it over, I knew how true that was.

That's why I'm asking you.

Letter to the editor

The Reunion of the Spearman High School Class of 1959 gave Lois and I a chance to see many of my students of the past. Those who planned and promoted this "get-together" deserve a lot of praise! Ladies and gentlemen, may I personally thank you!

When I was grade school principal and taught health to the 6th grade—a large, talkative and one of my greatest classes. Once I remarked that if I ever came into this class and they were quiet, I would "drop dead"! Those "brains" tested my memory. When I walked into a class, there was a "moment of silence" but not a prayer. I "fainted over my desk"! Yes, this class laughed when I "dropped dead"! It hurt me!

Many of these students were at the reunion. I must apologize not being able to recall all their names. Smiles I could recall! Once in an 8th grade class, if I recall correctly, Bobby Archer was not happy because there were many girls taller than the boys could possibly play better basketball than the boys. You know, those tall girls, and those girls that were not so tall have grown into great older ladies and I feel sure lovable wives and some mothers!

For many years I had a copper "beat out of a king fisher bird with a fish in its beak that Jerry Sparks gave me. Lightning struck our home, burning out our attic and upstairs and burning the frame and damaged the "beat out". I am in the process of restoring this treasured gift.

As a teacher, and I feel this is a

trait of all devoted teachers. I have tried to encourage students to try to reach their potentials. While in grade school, Jerry was constantly reading encyclopedias. Because of his great storage of knowledge, I suggested he enter an Interscholastic League contest where a contestant was given a subject about which to write. Jerry won first place! Jerry had so much talent ranging from A to Z, including music. Jerry and Richard Kirk proceed this at the dinner in Jim McLain building.

Jim gave me an electronic device that I plan to try out when I get back to New Jersey. My electric bill runs around \$100 per month. If this device reduces my electric bill, I will push the sale of it!

Before I applied to teach vocational agriculture in Spearman, I was on my way to Fabens, near El Paso, from Wheeler. In the out skirts of Wellington at an unlighted railroad crossing, a freight train pulled out from a cotton compress. It did not "whistle"! I faced death when I came to a spinning stop. A small part of my emaculate 1939 Chevy hit every thing from the engine to the caboose, yet I was able to get to Gavens and back. A nice State Patrolman measured my skid marks and gave me a speeding ticket-over 25 MPH. The local judge knew my dad, Sheriff of Wheeler Co. before I was born. Fine: \$1 plus cost = \$14.70.

I must say, I have had a wonderful life and I would not trade it with anyone, and it's still great, thanks to friends.

M.L. Gunter

BREAD BOX — Cube leftover bread, rolls and biscuits and make herbed croutons for salads, soups and to top casseroles. Melt a fourth cup of margarine in the oven in a flat pan; stir in a fourth cup of grated Parmesan cheese and seasonings to taste. A half teaspoon of rosemary and an equal amount of garlic powder and mace is a nice mixture. Roll cubes in margarine mix to coat and bake until browned.

Tri-State Twosomes

The July meeting of Tri-State Twosomes, Mother of Twins Club featured 2 kindergarten teachers and 2 elementary principals as the program. The program was entitled "Preparing Your Twins For School." With the help of Mr. J.T. Dunham, Mr. Jess Nelson, Mrs. Norlene Peters and Mrs. Judy Reed, all of Guymon, the mothers of multiples discussed many questions concerning the kindergarten and pre-kindergarten year. Some things discussed were: do you/did you separate twins, how can you tell if your child is ready to start school, what would a teacher like children to know before they begin school and do you find it helpful for a child to attend pre-school.

The meeting was held Thurs-

day, July 12 in the Reddy Room, 501 N. Ellison, Guymon at 7:30 p.m. Nine members and 4 guests attended the meeting.

Another item of business discussed included the possibility of the Sept. meeting being held in Elkhart, KS.

A newspaper article featuring a woman in Brazil who had just recently given birth to her 10th set of twins was read and awed over.

The meeting was adjourned with refreshments served. The Aug. meeting is a picnic on Sat., the 11th at Thompson Park in Guymon at 4:00 p.m. The whole family is invited. If you would like any information on the club contact Melyn Johnson at 806-339-7109.
