Scout Cake Auction Raises Over \$3500

The Cub Scouts are proud to announce that their Annual Father Son Cake Bake and Auction was a huge success that surpassed all expectations thanks to the public's response and support.

It was a sight to see as Cub Scouts and their fathers began arriving with their cakes of every shape, size and color following this year's theme "Animals."

The judging by John R. Collard, Jr., Jan King and Frances Hudson began at 7:00 p.m.

The evening's activities began with the Presentation of Colors by Den 3 members Wayne Groves, Rodney Williams and Monty Ross.

The Pack had a short busi-

ness meeting before the auction. Jeff Williamson received his Wolf Badge. It was then announced that the Cub Scout Bicycle races will be held Saturday, October 27 at the High School parking lot at 2:00 p.m. It was also announced that the Pushmobile Races in Pampa will be Sunday, November 4 at 2:30 p.m. All dens are to build a pushmobile and will enter it in the races.

The Cake Auction then began with the announcement of the winners. They are as follows: First place-James Tindell with a Teddy Bear Cake, Second Place-David Welch with a Tortoise and Hare Cake, Third Place-Alan Beeson with a Skunk Cake, Fourth Place-Keith Clark with a Panda Bear Cake and

Fifth Place-Scott Swan with a Dog Cake.

Spearman's own Ed Dear, alias Junior Samples-BR-549, was the auctioneer and added much to the evening's activities with his own personal brand of humor.

The cakes sold for \$50.00 and up with the highest priced cake bought by Rotary for \$200.00.

Along with providing an evening of wholesome entertainment for the whole family, the auction raised \$3,517.50 which will insure the success of the Cub Scouts plan for an exciting and active year. A special thank goes to the buyers. They are: Rotary Club, Baker & Taylor, Joe Traylor Ford, Brown, Graham & Co.,

Hansford County Parts, J.R. Stump, John R. Collard, Jr., Larry Lasater, Riley Bros., Clois Baker, Lloyd Buzzard, First State Bank, J.G.'s, Mr. and Mrs. Lynn Cook, J.L. Lynx lose heartbreaker 15-14!

The Spearman Lynx lost a heartbreaker at Lynx stadium Friday night, 15-14 to a scrappy Guymon Tiger football team. The Lynx had the game on "ice" 14-7, with 11 seconds to

go, and had the Tigers backed up 51 yards from the T. D. line. The Tigers managed to go 51 yards on the last play of the game, and then ran over the 2 points

to win the game 15-14. There was no time left on the clock, and the game was possibly the best high school football game played in the Southwest conference

for the year. The Lynx managed 4 penetrations, for the night, and missed two field goals, and one PAT that could have won the game for them. Until the last play of the game the gallant Lynx had controlled the fine Tigers all night at the line of scrimmage. It was a heartbreaker for the local team but the game was so well played on both sides that after the shock of the last play, most fans managed to survive the ordeal.

The Lynx have improved so much they are still a big contender for the district championship, even though they probably lost Bodey last night, one of their star backs.

ANTI-BURGLAR BOOMERANG

Keeping burglars out of your home is one thing. But while you're at it, make sure you don't lock your family inside as a byproduct. It could spell death in case of fire.

Take for example the case of Willy Lynch of Los Angeles. To prevent burglars from looting his home, he installed bars in all the windows and two-way locks on all the doors—the kind that needs a key to get out as well as in.

One morning after leaving for work, the inevitable happened. Smoke was seen pouring out of the front windows. In seconds, the mother and children were beating frantically at the windows and doors. Flames

and smoke had prevented them from getting the door key from the living room which was in flames. The neighbors had no luck in removing the bars. Finally, a motorist pulled up, produced a chain from his trunk and pulled off the bars from the front door.

Results—Two children were hospitalized with severe burns and a third, an eleven month-old child was found dead under a toppled bookcase. The moral of the story should be clear.

Faye's Daze

I certainly had a nice surprise yesterday when Virginia Trindle brought me a pumpkin pie. She had read in my column that I was hungry for pumpkin pie, so she very kindly answered that need. By the way, Virginia, it was delicious, and thanks again.

I was ill last week and didn't work. I don't know whether they missed me or not but I don't think they opened any mail. The first thing that greeted me Monday was my desk piled about a foot high all over with mail. I knew I opened a lot of mail down here but didn't realize a week's worth added up to such a stack. Since we have three different names for our newspapers, we get three releases about everything. I usually open one and file the other two you know where.

I spent several days at Hansford Hospital and the great care I received was unbelievable. That is a busy place too, believe me.

We should all be very proud and thankful for this facility in our community as well as the fine doctors and nurses we have.

I would like to thank the staff of the hospital and Dr. Kleeberger for their care while I

was a patient there, and also my friends for their kindness.

Don't forget the October Chamber Fun Breakfast at the Sacred Heart Parish Hall Thursday, Oct. 18 at 6:30 a.m. It is billed as an Outrageous Fun Breakfast and there is to be a sneak preview of an act from the Fruitcake Revue.

I was glancing through the latest issue of the Grain Producers News and found this item I thought you might enjoy.

A Washington representative was sent out by the Farm Bureau to inspect some Midwestern farms. He knew nothing whatever about animals, and when he came across his first goat he just didn't know what it was. He wired his chief in Washington: "Have found an animal with a sad face, a long beak, chin-whiskers, a skinny frame and a bare rump. What is it?"

The reply came at once. "Animal you describe is a farmer. Be nice to it. It votes!"

Baptist Women Meet

The Lilly Hunley Study Group enjoyed an Enlistment Luncheon in the home of Charla Baker Wednesday, October 10. After the opening prayer by Imogene Pogue the ladies helped themselves to a delicious assortment of salads furnished by the members.

After the meal, President Jo Dell Tigrett welcomed everyone and gave a brief summary of the club's purpose and aims for the year. Included in this year's activities are plans to have a study of the book *The Dynamic Woman I Am*.

Those attending the luncheon were: Imogene Pogue, Charla Baker, Mary Baker, Kay Loomis, Sheri Moore, JoLinda Hutchison, Trish Cook, Cheri Jarvis, Cora Queener, Charlotte Martin, Jo Dell Tigrett, Debbie Benton and Pat Dean.

The first game found Davis Oil competing against an experienced Gruver team. The first half Davis Oil seemed to dominate and came away with 13 points with Gruver having a safety and 2 points. Gruver

intercepted one pass (Tim Paddy) and Davis Oil one pass (John Scribner) and Ray Thomas pulling down an interception which was nullified by an infraction. Gruver moved the ball more the second half, but in the end Davis Oil defended well and the final score was Davis Oil 20-8 over the Gruver team.

Dairy Queen was frustrated by the team from Perryton, as everything for D.Q. seemed to go awry. The first half belonged to Perryton as it led by 19 at the intermission. Dairy Queen huddled and psychd themselves into a stronger second half by outscoring Perryton, but too little too late by D.Q. and the final score was Perryton 24-Dairy Queen 12.

The two newest teams competed in the third game of the evening. Sports Tally and Spearman Electronics played an exciting wide-open game. There were 7 interceptions in the contest. For Sports Tally interceptions were made by Brent Connelly, Ricky Howard, two by Tim Harper. Chuck Eaton and Sam Boone brought down two for Spearman Electronics. The final score Sports Tally 40-Spearman Electronics 0.

Matchups for Tuesday include: 7:00 Sports Tally vs Gruver, 8:00 Perryton vs Davis Oil, 9:00 Spearman Electronics vs Davis Queen.

Standings: Davis Oil 3-0, Perryton 3-0, Dairy Queen 1-2, Gruver 1-2, Sports Tally 1-2 and Spearman Electronics 0-3 (includes first week forfeit to Perryton).

Spelling Bee Director Named

For the 32nd year, the Amarillo Globe-News and West Texas State University, Canyon, join together in sponsoring the National Spelling Bee.

The director for Morse County has been named and is Roy Harris, superintendent of the Morse School.

The county bee director is totally responsible for planning and directing the county event. He/she may conduct the Spelling Bee in an oral or written competition. However, the 1980 county winner will spell orally in regional competition in Amarillo on April 12.

This year's Regional Spelling Bee will be held earlier than in past years because the National Spelling Bee is now scheduled for the week of May 25, rather than the first week in June. This came about because the National Spelling Bee is moving to new headquarters in Washington, D.C. and the new facility cannot accommodate the Bee group the first week in June. In all future years the Bee will move again to the first week in June.

The top county winner in area competition in Amarillo on April 12, 1980, will receive the all-expense paid trip to Washington, D.C. to represent the area in national competition. The Amarillo Globe-News awards this trip to the district champion and one escort.

Numerous other prizes will be given with approximately the top 12 receiving special awards. Every school boy or girl who competes, beginning at the

Autumn sees fresh pears reach their peak with some late varieties ripening in late fall and winter.

When buying pears, select those that are clean, bright and the right color for the variety. The Bartlett pear becomes yellow with a red blush. D'Anjou turns greenish and the Bosc turns a yellowish-brown.

Avoid damaged, soft or wrinkled fruit. Don't buy the cooking variety (Kieffer) to eat fresh-it will have a gritty texture.

Pears are usually picked when slightly immature and allowed to mature at room temperature. Ripening pears on the tree can cause a coarse or rough appearance to the fruit.

Ripeness is indicated by softness at the stem base. Calorie-wise, pears are relatively low, varying from 60 to 100 calories. They are also a good source of vitamins A, B and C along with some of the minerals-calcium, phosphorus and iron.

Fresh pears are low in sodium which makes them an excellent addition to a low-

NATIONAL 4-H WEEK

"Opportunity" is calling for Texas youth. Whether or not they answer the call can have an important effect on their experiences down the pathway of life.

That opportunity is 4-H, a youth development program for boys and girls between the ages of 9 and 19 conducted by the Texas Agricultural Extension Service, Texas A&M University System.

And, now during National 4-H Week, is an excellent time for interested youth to learn more about 4-H and its action-oriented, learning-by-doing, programs, says Layton Barton, County Extension Agent.

4-H provides youngsters an opportunity to learn something that will help them in everyday life, such as health, safety, conservation, leadership, citizenship and nutrition. Then there are learning opportunities that may lead to a fuller and richer life, such as knowing how to tune a small engine, how to grow vegetables, how to cook and sew, and how to raise and train an animal, to name only a few.

And there's a uniqueness about 4-H that makes it a special type of program, points out Barton. 4-H is something different to everybody because of the different backgrounds and experiences of each and every member. Thus, 4-H boys and girls learn from one another by sharing these experiences, plus they have additional experiences on their own through guidance from adult leaders and Extension professionals.

Extension professional staff backing up the 4-H program offers another unique advantage. In whatever area a youngster's interests lie, there is

knowledgeable specialist to provide background and training to guide the youth along the way.

4-H also involves the youth's family—it's a family affair. Many 4-H experiences happen at home, and this is where 4-H'ers actually work with their projects. So youth and their families work and learn together. Hopefully, these experiences will help family members communicate more openly and thus become more close-knit, says Barton.

4-H provides an opportunity for youngsters to "practice" for the real life experiences they will encounter in the future. Such trainings can only lead to a more complete and more meaningful life.

Any youth or parents interested in the 4-H program are encouraged to contact the County Extension office, at 659-2136 or 733-2901, adds Barton.
