## Filing Deadline For City, School Board Nears; Only One Council Seeker Listed

Candidates are not lining up in any great numbers to seek school board or city council posts despite the fact that filing deadline is only some 15 days off, a check of filings Saturday revealed.

### Group to Take Junior College Plans to Austin

A group of Muleshoe area men will fly to Austin Wednesday Feb. 24, to present Muleshoe's plea for a junior college to State Senator Andy Rogers and other officials it was announced Saturday, following a Saturday afternoon meeting of the committee in Chamber headquarters.

The junior college idea which came from the Muleshoe Area Improvement Forum sessions, sponsored by the Chamber of Commerce has met with enthusiastic response from area people and considerable progress has been made. The committee is headed by Alex Williams who spent many hours digging into the possibilities of (See GROUP, Page 4)

called the trustees' election at its session this past week, setting the election for Saturday, April 3 and fixing the candidate filing deadline for March 3-30 days before the election.

The city council election is slated for the following Saturday — April 6, and filing period opened several days ago. To date only one candidate, Royce C. Garth, has filed for councilman. He seeks Place 1, now held by Rudolph Weidensch.

Two places are to be filled on the city council and a like number on the school board. Other councilman whose term expires this year is Irvin St. Clair. Neither Weidensch nor St. Clair has indicated whether they will seek reelection to the council.

School board members whose terms are due to expire are John Smith and Ralph Douglas. They have not revealed whether they will seek reelection.

A possible maximum vote of 1,000 persons was seen, based on poll tax payments which reached slightly beyond the 1,000 mark prior to the Feb. 1 deadline. Officials estimate that 1,000 per-

sons who have paid their poll taxes live within the boundaries of the school district, which also extends into Lamb county at one point. Eligible voters in the city election would fall slightly below the 1,000 mark, officials estimate.

In order to vote in either election, poll tax receipts or exemption certificates are necessary, it was explained.

Absentee voting for school board posts starts March 15, 12 days after the candidate filing deadline. Absentee voting can be done at the county - district clerk's office.

The school board and city council elections are the only ones slated in Bailey county this year. However, there is always the possibility of a special election, such as a bond issue, and for this reason, voters had been urged to pay their poll taxes before the Feb. 1 deadline.

The total number paying poll taxes this year was only about half the number who paid their fees in 1964. But national, state and local elections were at stake

last year to add considerable interest.

School trustees' election will be held in the junior high school.

## It was a good Year for UF, Banquet Speakers to Reveal

The year 1964 was a good one for Muleshoe Area United Fund speakers at the annual dinner Monday, March 8, will point out when officers make their annual report.

Date for the annual banquet to report on the campaign in 1964 and to name officers for the 1965 drive was set this week at American Legion hall.

Here for the big re-counting session will be Dan Eddy, Dallas, top officer of the Salvation Army Service unit for Texas. Mrs. Thurman White, who did a top-notch job of leading the UF in 1964, said "we feel we are extremely fortunate to se-

serve the services of such a top man for our annual meeting. He is much sought - after throughout the southwest, and we are very pleased that he could come here for our meeting."

Final arrangements for the banquet were made at a directors' meeting in the Chamber of Commerce offices Friday afternoon.

Reports, in addition to Mrs. White's, will be given by Vice-Presidents Joe Harbin and Robert Hostler; a treasurer's report by Mrs. Pat Bobo, and a secretary's report by Roy Davis.

Officers also are to be named for the 1965 season, with Roy Davis as head of the nominating committee. Also to be passed on are the agencies which are to receive help from the UF this year.

This year's agencies will receive their checks at the banquet from the United Fund's \$12,000 budget, Mrs. White said.

Here is how the money is to be distributed to the participating agencies:

Junior livestock show, \$27.60; Boy Scouts, \$2200; Salvation Army, \$1500; Girl Scouts \$1421; American Red Cross, \$1000; Youth Center, \$850; Babe Ruth baseball league, \$750; Texas United Fund which includes USO and Texas Medical Research Foundation) \$450; 4-H youth development corporation, \$150; Campaign expenses, \$219.

Reserve fund, \$600. Tickets for the dinner are \$1.50 each and may be procured at the Chamber of Commerce office.

## Board Suggests Desegregation Windup in '71

Muleshoe schools will be completely desegregated by Sept. 1, 1971 if a plan submitted this past week to the department of education is approved.

Grades 9 through 12 have been integrated since the autumn term of 1963, and the junior high was integrated with the start of school last autumn.

A gradual end to desegregation was offered for the first through sixth grades, as follows: Sixth grade Sept. 1, 1966; fifth grade Sept. 1, 1967; fourth grade Sept. 1, 1968; third grade Sept. 1, 1969; second grade Sept. 1, 1970, and first grade Sept. 1, 1971.

In its formal statement to T. E. A. the board said: "It is the opinion of this board that the above plan that was started Sept. 1, 1963, is the best plan possible for the Muleshoe Independent district. This plan includes what this board believes is the best for the children, teachers, patrons and use of present school facilities in this community." (See BOARD, Page 4)

SCHOOL BUS FLIPS — Thirty-five pupils and the driver climbed out virtually unscathed from this overturned bus after it was in collision with an automobile driven by Gary Don Ratliff, 18, two miles north of Muleshoe at the intersection of two country roads. Left is Ratliff's badly-damaged automobile.

## School Bus, Automobile Crash; Broken Clavicle Only Casualty

School bus driver George Washington who also teaches physical education in high school, climbed out of his overturned school bus Thursday morning, made a hasty check of the 35 children who were his passengers, and exclaimed, "The Lord was with me."

Except for a broken clavicle, sustained by one of the passengers, a few bruises and minor cuts the 35 children, bus-driver and the driver of the other vehicle involved came out unscathed. The accident occurred at a semi-blind corner two miles north of Muleshoe at the intersection of two dirt roads. Driver of the automobile

which struck the bus near its back wheels and flipped the heavy vehicle over on its side was Gary Don Ratliff, Route 2, Muleshoe. He was held at Green Memorial for observation overnight Thursday suffering from strained muscles.

Recovering from a broken clavicle at West Plains Hospital, was Debbie Dalton, 11, daughter of Mr. and Mrs. Jess Dalton. Several other children received bruises and minor cuts but were not detained at the hospital.

Officers who investigated the accident cited two reasons why the crash failed to inflict more damage: 1. The automobile col-

lided with the bus near its back wheels, thus preventing the car from crashing through the bus body, and 2. a power telephone pole kept the bus from flipping over on its back.

The bus was traveling west and the automobile was going south officers said. Highway Patrolman James Freeman said Friday he had not completed his investigation. Skid marks extended back 90 feet from the point of impact.

School Superintendent Neal Dillman said the bus was carrying only 35 pupils at the time, a number of pupils still waiting to be picked up. There are 67 (See CRASH, Page 4)

## Better Watch Out: Dust's Gonna Get Us. Writer Says

Folks in the Muleshoe area are sitting around shaking their heads waiting for the "wind to claw the earth" and practically sweep everything away, pushing Muleshoe farmers all the way up to Louisville, Ky.

That's the gloomy story which one Joe Western wrote in the National Observer early this month. National Observer is a full-sized weekly newspaper, published by Dow Jones in New York. It takes a high-brow sophisticated view of mankind and his puny activities.

Seems Mr. Western visited Muleshoe, talked with a few folk and then wrote: "The dust is just a bowl hand. The powdery earth - carpet stretches in the winter sun, awaiting its next beating from the wind. Men toil over the already plow-torn fields, using a variety of still more plows to roughen surfaces and break the sucking flow of dry air."

He picked out the Jan. 24 and (See DUST, Page 4)

## Article Irks Area People; Meeting Held

Muleshoe area folk, unhappy over an article in the Feb. 3 issue of The National Observer which painted a gloomy picture of Muleshoe's economy, met at Bailey Co. Electric Co-op headquarters Saturday morning to discuss a possible answer to the article.

The story (see above) saw a possible return of the '30's dust-bowl days, and reported a decline in Muleshoe's prosperity as a result of a winter time drought.

The writer, Joe Western, had made a trip to Muleshoe in January and had viewed with alarm a sand storm which occurred while he was here. That storm, he explained, foretold dire consequences to come.

A letter of protest probably (See ARTICLE, Page 4)

Under the terms of the program, farmers complying with the program are also eligible for price support loans.

One of the chief differences in this year's program, ASCS officials pointed out, is a provision which allows the substitution of wheat for feed grains or feed grains for wheat.

However, wheat producers in the predominant winter wheat areas may take advantage of the provision only if they have signed up for the wheat program last autumn. It was pointed out that, however, is a minor crop in Bailey County.

Farmers signing up for the 1965 feed grain program must make a mandatory 20 percent reduction in their feed grain acreage in order to comply with the program.

However, the diversion may be increased voluntarily to 50 percent of the allotment. Diversion payments have been given with the higher payment (See PROGRAM, Page 4)

## County's '65 Cotton Allotment Down Slightly - 95,000 Acres

Bailey county will have 95,000-acre allotment for cotton for 1965, with a 5,000-acre domestic allotment Charles Daniel, ASCS office manager announced Wednesday and farmers already are signing up to grow cotton this year.

Last year's total allotment was 150,000 acres and domestic acreage was 70,000.

However, 10,000 acres were added to the total last year when "released" acres were re-assigned to this county.

"We expect that we will receive as much released" land this year" Daniel said, "but the figures won't be known before March. I anticipate little and no reduction in our final acreage figures."

He explains that "released" acres are those which were turned

back to the state office by farmers who decided not to grow cotton after receiving their acreage allotments. Most of these "released" acres come from the southern part of the state.

The sign-up by Bailey county farmers for cotton allotments continued through March 28.

This means that the operating (See ALLOTMENTS, Page 8)

## Coltrane Resigns Principal's Post

"For personal reasons," W. O. Coltrane, principal of Mary DeShazo elementary school here resigned winding up three years as head of the school Friday afternoon, Superintendent Neal Dillman announced. Prior to that he was a high school English teacher.

The resignation came "as a complete surprise" at last Tuesday night's school board session. He asked that he be relieved of his duties as of Friday afternoon. The resignation was accepted by the board.

Also resigning as of the end of

the current school year was Bob Coleman, ninth grade coach. His resignation becomes effective May 27.

The board extended contracts of other principals for another year. They are employed on two-year contracts. Rehired were Ralph Stevenson, senior high (salary \$9750); R. E. Everett, junior high (salary \$8131); Milton Oyer, Richland Hills, (salary \$7564) and F. D. Harris Hilltop (salary \$5285).

A number of other teachers were rehired at the Tuesday (See COLTRANE, Page 4)

### TIPS... FROM THE OFFICE OF HOME DEMONSTRATION AGENT

By JEAN MARTIN  
LABOR SAVING APPLIANCES  
Labor saving appliances are welcome additions to a home, but the initial cost, operations cost, and life expectancy of the appliances should be considered by consumers.

The use and care of appliances has much to do with the kind and length of service enjoyed, say Texas A&M University Extension home management specialists.

Some estimated average periods of time which appliances are kept in service by first owners are: Automatic electric washers, 11 years; non-automatic washers, 10; electric clothes dryers, 14; electric refrigerators, 16 years; electric freezers, 15 years; gas and electric vacuum cleaners, 18 years; tank vacuum cleaners, 15 years; automatic toasters, 15 years; electric sewing machines, 21 years.

Some homemakers buy new appliances before the old ones wear out - for the new appliances often have added features with a strong appeal. If expensive repair is needed, often the family decides to buy instead of risking the inconveniences of a breakdown. If one is moving, new equipment may fit in the situation more conveniently.

Sixty-seven new books have been added by donations this past week. Mrs. W. T. Andrews donated the complete works of Charles Dickens in 20 volumes.

Six books of fiction and three of non-fiction were donated by Mrs. Lewis Scoggin. They are "Ride With Me" by Thomas B. Costain; "Guerrilla Wife" by Louise Spencer; "Mam's Bank Account" by Kathryn Forbes; "Captain From Castell" by John Eric Shellabarger; "Wild Orchard" by Isabel Dick; "To Have and Have Not" by Ernest Hemingway. Non-fiction books are "General Ike" by Alden Hatch; "Brave Neb" by Ernie Pyle.

A set of five of James Fenimore Cooper's books were given by Mrs. Glenn Malby. They are "The Waterwitch" Cooper's Sea Tales; in four volumes; a set of three volumes "The Conquest of Mexico" by William H. Prescott; two volumes of Shakespeare "Shakespeare as a Dramatic Artist" and Shakespeare "His Mind and Art"; by Richard Moulton, and Edward Dowden, respectively. "The American Commonwealth" in

two volumes and sixteen volumes of Story book collections; the Reader's Digest books and Best in the Book Club selections.

All these books are bound and in excellent condition.

# 16 Plead Guilty, Draw County Court Fines

Sixteen cases were disposed of recently in hearings before County Judge Glen Williams, a check of the docket Saturday revealed.

Pending are three cases of driving while intoxicated. Defendants have been released on bond, but hearings have not been held. A worthless check case was dismissed because insufficient notice was given and 12 other worthless checks are pending. In most of these it was explained, defendants could not be located. A child deserting case also was pending for the same reason, and a theft case was on record but the defendant was missing, believed to be in east Texas. Below are cases

disposed of as revealed by courthouse records:

Sue Ross, charge of worthless check, pleaded guilty and was fined \$5, court costs, and given one day in jail.

Mrs. Jimmie Bateas, plea of guilty to worthless check fined \$25 and court costs and given one day in jail.

Jimmie Bateas, plea of guilty to worthless check, fined \$1 and court costs and given one day in jail.

Same defendant, fined \$20 and costs and given three days in jail.

Clarmon Dale Chandler, pleaded guilty to theft, fined \$25 and court costs and given three days in jail.

Bobby Dean Fried, plea of

guilty to theft, fined \$25 and court costs and given one day in jail.

Robert Lee Morris, plea of guilty to theft, fined \$5.

Joe Gonzales, Lazbuddie, plea of guilty to worthless check, fined \$10 and court costs and given one day in jail.

Do: Bennett, plea of guilty to worthless check, fined \$1 and court costs and given one day in jail.

James Chester McNeely, plea of guilty to carrying a knife, fined \$100 and costs.

Jose Villareal plea of guilty to contributing to the delinquency of a minor, fined \$350 and court costs.

Loessa Simpson Allison, plea

of guilty to driving while intoxicated, fine \$103 and costs, given three days in jail and driver's license suspended.

Lennie Max Horn, plea of guilty to worthless check, fined \$7 and costs and given one day in jail.

Therman Brown, plea of guilty to worthless check, fined \$12 and costs and given one day in jail.

Remigio Guajardo, plea of guilty to worthless check, fined \$13 and costs and given one day in jail.

Aubrey Elton Nash, plea of guilty to driving while intoxicated, fined \$100 and costs, given three days in jail, and driver's license suspended.

# Farm Bureau Official Says FB Plays Vital Part in Changing Agriculture

Mack H. Guest, fieldman for American Farm Bureau who lives on a farm near Marcon, Ga. told Farm Bureau campaign workers and their wives here Thursday night that the farm picture in many areas of the United States is "changing drastically" from its former crop habits.

"Your Farm Bureau," he told the workers, "has an important voice in this changing agriculture picture, and you, the individual member, can make your ideas and suggestions known through the democratic process of Farm Bureau."

He pointed out ways in which Farm Bureau already is helping in the changing picture. "We are taking an active part in the reappointment battle," he said. "We believe that we are right in opposing apportionment strictly on a population basis which would give control to the urban people. For this reason, we are taking an active part in the reappointment struggle."

He said the FB is also actively working on the "farmers' labor problems, believing that the farmers themselves best know their problems and best can solve them."

As an example of the changing farm picture he told of area Farm Bureaus that are working out their own marketing outlets. Guest cited the southeast coast farmers' developing markets in Europe to take care of that area's soy bean crop when the old tobacco-cotton program "broke down under controlled production." Soy beans were substituted for the standard crops, he said, "and then it became necessary for the farmer to find a market. Through Farm Bureau, they organized a marketing out let and now West Germany is taking most of their soybean production."

He also pointed to a cooperative buying program which some Farm Bureau organizations are sponsoring in south east U. S.

Bailey County Farm Bureau is seeking 100 new members, bringing the total to 800 for the current year. Guest praised the group for "your enthusiasm and for setting your goals high."

The Georgia Farm Bureau man spoke at the kick off dinner here Thursday night, presided over by Joe Wheeler, county FB president. The membership drive is headed by Morris McKillip.

### Bailey County Council Honors New Needmore Club With Afternoon Tea

The Bailey County Council of Home Demonstration Clubs met in the Community room of Muleshoe State Bank Wednesday.

The newly organized Needmore Home Demonstration Club was honored with a tea.

Mrs. Gordon Murrah and Mrs. Jack Little gave a program on Hawaii and the National Convention they attended there in October. Several articles and souvenirs were on display and slices of their trip were shown.

During a business meeting officers were elected as follows: chairman, Mrs. Gordon Murrah; vice-chairman, Mrs. Fred Bence, secretary-treasurer, Mrs. Wiley Baker; Reporter and the standing committees will be appointed by the chairman at the next meeting which is slated for March 10.

This meeting will be a training school for officers and conducted by Jean Martin.

T. H. D. A. chairman, Mrs. Jessie Gray reported 4-H scholarship funds must be in by March 1.

The District II Home Demonstration Club meeting will be held at Taboka April 22 and the State meeting at Austin September 21-23.

Attending from the Needmore Club were Mrs. Fred Bence, Mrs. Rudolph Moraw, Mrs. Pete Poteet, Mrs. Hal Phipps, Mrs. Lewis Shafer, Mrs. Lewis Wayne, Dorothy Kincannon and Judy Barrett. From Progress were Mrs. Jessie Gray, Mrs. Wiley Baker, Mrs. Gordon Murrah, Mrs. Marvin Gaddy, Mrs. Joe Wheeler, Mrs. Jack Little, Mrs. Joe Smallwood and Jean Martin.

### Allotment--

(Continued From Page One)

of small farms - where the effective allotment is 15 acres or less and no acreage is released - do not need to sign up in order to receive the benefits of this year's domestic allotment program. On these farms which include the majority of farms in Bailey County the domestic allotment is the same as the effective allotment and plantings need not be reduced in order to participate in the domestic allotment program.

The only change that has been made is that small farmers are not required to sign an agreement to participate. Payment will be made to these farms if the acreage of cotton is within the domestic allotment.

Daniel explained that it has been decided to limit the sign-up to the operators of larger farms with cotton allotments of more than 15 acres. This will not only save small operators from the trouble of signing up but it will enable county office personnel to spend more time helping the operators of the larger farms to understand the cotton.

Oversupply situation and the urgency of the domestic allotment program. In many cases, taking part in the program could also guarantee these farmers more net farm income from cotton in 1965.

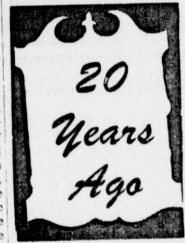

All upland cotton farmers who participate in the 1965 domestic allotment program will be eligible for price - support payments at 4.35 cents a pound on the normal yield of cotton established for the farm times the acreage planted for harvest.

In addition, the upland cotton crop from such farms will be eligible for price - support loans at 29 cents per pound for middling 1-1/8 inch cotton gross weight, at average location.

Cotton from farms which are not signed to participate in the domestic allotment program will be eligible for cotton loans if the acreage is kept within the effective farm allotment, but no price - support payments will be made to growers on such farms.
