TAHOKA, LYNN COUNTY, TEXAS, FRIDAY, APRIL 20, 1923

NUMBER 33

METHODIST REVIVAL NOW IN PROGRESS AT WESTVIEW

Rev. S. M. Roberts, of Durango, Colorado, is conducting a revival in the Westview community at the M. E. church. He is assisted by Mr. Ernest Patterson, who is conducting the song service. The meeting began last Sunday morning at the eleven o'clock hour. Services are being held at night only this week. It is probably that two services will be held daily next week. Good crowds are said to be attending the revival. Rev. Roberts comes highly recommended as able minister of the gospel. Mr. Patterson is well known over Lynn county, and is an A1 choir leader, he having conducted the song service for several revivals held in Tahoka and has conducted a number of singing schools in this section of the state. The public is extended a cordial invitation to attend the services at Westview.

MARRIED

Rev. J. M. Doshier, pastor of the First Baptist church, performed the marriage ceremony Saturday afternoon at the Baptist parsonage, uniting Mr. Roy Tankersly and Miss Myrtle Brower, popular young people of the Midway neighborhood. The young people are members of prominent families in the Midway community and have the best wishes from a host of friends over this country in their marriage state.

Dr. L. V. McElroy, of this city, is undergoing treatment in a sanitarium at Lubbock.

Mr. and Mrs. Odell Gillhan, of Pappy, Texas, were guests of Miss Helen Brashear Saturday and Sunday, returning to their home Sunday afternoon. Mrs. Gillhan was former Miss Ruth Upton of this city. Her father was pastor of the Methodist church in Tahoka preceding the present parlor. Rev. Upton and family now reside in San Angelo.

IG DAY AT THREE LAKES LAST SUNDAY

The Baptist denomination in the Three Lakes community enjoyed a very good day Sunday. These good people visited the public for miles around attend the all day singing and a dinner on the ground. Preaching service was also held at the morning. Special music was rendered in the afternoon. The dinner consisted of the good eats known to man and was thoroughly enjoyed by hundreds of people.

A pie supper was held at Dixie Friday night, the proceeds to be used for fighting the building. The sum of \$33.60 was realized from the sale of the pies.

J. W. GIVENS SELLS DAIRY BUSINESS TO CANYON MAN

J. W. Givens, who has been engaged in the dairy business in Tahoka for several months, has sold the business to Mr. Stroud, of Canyon, Texas. Mr. Stroud and wife have arrived here from Canyon and have taken charge of the dairy. Mr. Stroud was formerly in the dairy business at Canyon.

Mr. and Mrs. Curry, of Ballinger, Texas, came in last week and visited their daughter, Mrs. Tom LeMond. Mrs. LeMond returned home with them and will spend several weeks in Ballinger.

O'DONNELL 3; TAHOKA 1

Last Sunday afternoon, the Tahoka baseball club went to O'Donnell for a game. The team was accompanied by several fans and a most interesting game was enjoyed. Neither team succeeded in scoring until the seventh inning, when O'Donnell succeeded in putting a man over home plate. Tahoka at one stage of the game had the bases full with nobody out, and failed to count in that inning. A return game will be played with O'Donnell in Tahoka at an early date.

Skip Taylor was on the mound for Tahoka the first half of the game and Tom LeMond the latter half. Wright twirled the apple for O'Donnell.

Mr. and Mrs. S. B. Hatchett made an overland trip to Brownfield and return Sunday afternoon, going by way of Three Lakes.

TAHOKA MAKES SHOWING AT LUBBOCK

According to information reaching this office, Tahoka made a good showing in the District Interscholastic Meet held at Lubbock Friday and Saturday of last week. Although the contestants failed to win first place in the finals, they made a splendid showing, and Superintendent H. P. Caveness stated that he was indeed proud of the record made at Lubbock.

In the senior girls declamation contest Miss Bess Houston of Tahoka won first place the first tryout, but lost to a lady from Post in the finals.

The girls debating team, composed of Misses Amy Barkuloo and Mattie Sue Howell, won second place.

The boys debating team also won in the tryouts.

So far as can be learned, there was no one from Tahoka that won in the athletic events at the district meet.

A pie supper was held at Dixie Friday night, the proceeds to be used for fighting the building. The sum of \$33.60 was realized from the sale of the pies.

BIG PANHANDLE RANCH DEAL IS EFFECTED

120,000 Acres of the Famous Yellow House Ranch in Hockley Co., Sold for \$1,500,000.

Austin, Texas, April 11.—One of the largest land deals in Texas in years was closed here Wednesday, when papers were signed whereby Malcolm H. Reed and associates acquire 120,000 acres of land of the famous Yellowhouse Ranch in Lamb, Bailey, Hockley and Cochran Counties. The consideration being approximately \$1,500,000. It was sold by J. P. White, partner of the late Major G. W. Littlefield. They owned the ranch jointly until a few years ago, when it was divided and Mr. White now sells his share of the property.

The Reed interests are to divide it into 177-acre tracts and sell it to homeowners. It is said to be good cotton land and each tract is to have a start in cotton-growing. All of the land is said to be tillable.

Dr. White had lived on the ranch for forty years and farms had sprung up on all sides, making the land far more profitable for farming than for stock raising.

Malcolm H. Reed of Austin, capitalist, has associated with him in the purchase W. H. Badger, W. S. Reed, Houghton Brawnlee, of Austin, and A. P. Duggan of Lubbock.

Yellowhouse was a famous ranch and the late Major G. W. Littlefield was prominently identified as a joint owner with Mr. White. It passes out as a cow range and in the future will be given over to farming.

J. R. Parris and family, who have been residing at Burkburnett and Eastland, have returned to Lynn county to reside permanently. Mr. Parris owns a fine body of land 7 miles east of Tahoka.

E. L. HOWARD ENLARGING HIS THEATRE BUILDING

E. L. Howard, proprietor of the Star Theatre, Tahoka's only photo play house, has a force of men at work digging a basement in the rear of the building, preparatory to enlarging the theatre. The stage will be moved back over the basement and several hundred more seats installed in the front. The basement will be fitted up for a dressing room to be used by theatrical troops that make this town. Mr. Howard has already done a large amount of improvements on the interior, and when the work is finished, Tahoka can boast of one of the keenest and most up-to-date theatres in this section of the west.

W. W. Fisher, manager of the Tahoka Oil Refinery, made a business trip to Plainview Saturday, returning the fore part of the week.

CHARLES TOWNES HURT IN FALL FROM WINDMILL SUN.

Charles Townes, the youngest son of Dr. and Mrs. C. B. Townes, had the misfortune to fall from the windmill at their home in North Tahoka Sunday afternoon, resulting in breaking the small bone in his arm. Fortunately the little fellow was uninjured otherwise. Dr. and Mrs. Townes were away from home at the time of the accident. He was able to take his place in the school room Monday morning.

Mr. and Mrs. F. E. Callaway spent the week end with the former's parents, Rev. and Mrs. F. G. Callaway, at O'Donnell.—Slaton Slatonite.

Aubry Thomas left the first of the week for Lockney, where he will have charge of the Higginbotham-Barglett lumber yard at that place.

Uncle Bob Montgomery Improving. The News is glad to announce to the many friends and acquaintances of Uncle Bob Montgomery, that he is rapidly improving and is at the present time able to walk about the yard. Uncle Bob was afflicted with small pox while on a visit to Brownwood some nine or ten months ago, and since that time has been confined to his bed, and at times in a serious condition. Uncle Bob, according to information gained from his friends, will have reached the ripe old age of 83 years in September, 1923.

MERCHANTS' CREDIT ASS'N. PERFECTED HERE

At a meeting held in the G. W. Small Hardware & Furniture Store Friday night, the local Merchants Credit Association was perfected. The association employed a permanent secretary, in the person of Mrs. P. H. Northcross, of this city.

This is considered the best move on the part of the Tahoka merchants that has ever been made, and will be a direct means of saving each business house that is connected with the credit association, hundreds of dollars in the course of a year's time.

By having the credit association it will be possible for Tahoka merchants to obtain a rating on every person in the Tahoka trade territory, and also any new settlers that come in, they will be furnished with full information as to his credit limit at his former location, thus it can be seen that it is both fair and just to both parties concerned.

Practically every business house in Tahoka is a member of the association.

Riley Duff, a Lubbock business man spent Monday in Tahoka.

J. B. Nance returned the first of the week from Plainview.

Five rural school have been built in Lynn County recently. The Tee Bar community, eight miles southwest of Tahoka is now constructing a \$4,500.00 brick and tile schoolhouse. It has two class rooms, cloak room, corridor and library. Sixty children will receive the benefits from it this fall. Other communities in Lynn county who have erected new brick and tile buildings are as follows: Redwine, Dixie and South Ward.

Grassland will erect a brick school building before another term, the frame building being recently destroyed by fire.

ROSS AND GOOD ARE DENIED BAIL

Notice of Appeal From Ruling is Given by Defendants. Remanded to Jail.

Seminole, Texas, April 13.—Tom Ross and Milt Good, charged with the slaying of H. L. Robertson of Midland, and A. D. Allison of Post, cattle brand inspectors in a hotel here April 1, were denied bail by District Judge Mullican tonight. Notice of appeal to the Court of Criminal Appeals was given.

Habus corpus proceedings on application for bail were held in the 77th District Court today. Both Robertson and Allison were employed by the Texas and Southwestern Cattle Raisers Association.

Six eye witnesses to the slayings were examined. Each corroborated the testimony of the other to the effect that Robertson and Allison were seated around a stove in the hotel lobby, smoking, when Ross and Good entered firing and killing both men instantly.

The state introduced witnesses in an effort to show that Robertson and Allison had been engaged in investigating charges of cattle theft against Ross and Good.

The prisoners were taken from the Lubbock jail to Seminole under special guard, leaving Lubbock Wednesday morning going via Lamesa. It was necessary to transfer the entire hearing to Seminole since the law requires that such hearing be made in the county in which the alleged crime was committed. It is remembered, however, that after the grand jury had indicted Good and Ross that the case was transferred to Lubbock County for trial and the date of June 18th set by District Judge Mullican.

Under the ruling of the hearing Thursday these men were returned to the Lubbock County jail to await further developments of their trial in June. Attorneys for the defense were Senator Bledsoe, Ex-Dist. Attorney Lockhart, Percy Spencer and Judge Pharr. The State is represented by District Attorney Gordon B. McGuire and special attorney of the Cattle Raisers Association, Dayton Moses.

DEATH OF MRS. J. S. EDWARDS OCCURRED MON.

Mrs. Katie Elizabeth (Burt) Edwards, wife of J. S. Edwards, died at the home in west Tahoka, Monday afternoon at 3:00 o'clock, of cancer.

Mrs. Edwards was born February 12th, 1865, being 58 years, 2 months and 4 days at the time of her demise.

Funeral services were conducted at the residence Wednesday afternoon by Rev. J. T. Howell, pastor of the M. E. church. Interment was had in Tahoka cemetery immediately following the services.

The citizens of the South Ward School gave a box supper Saturday night and more than \$32.00 was realized.

J. K. Callaway, uncle of our fellowtownsman, Dr. E. E. Callaway, visited with family here this week. Mr. Callaway makes his home at Coolee, Texas.

TEXAS POPULATION WILL BE 5,000,000 BY 1924

Washington, April 11.—Texas is near its dream of 5,000,000 population, and at its present rate of growth will pass that rate of growth before January 1, 1924, census bureau estimates today showed.

The Lone Star State is now estimated to have a population of 4,930,630, and in 1920 it had 4,663,228.

In rank, Texas is fifth, a million below Ohio and practically a million above Massachusetts, in sixth place.

CARD OF THANKS

We take this means of extending our sincere appreciation for the kindness shown us during the sickness and death of our dear wife and mother, also the many nice floral offerings.

J. S. Edwards.

Happel Edwards and Wife. Maudie Edwards.

WANTED—AN EXPERIENCED OFFICE GIRL. APPLY IN PERSON TO DR. L. V. McELROY. Office over First National Bank. 331tc

A. L. Payne, of Jones county, is a new settler in Lynn, having purchased land here recently. Naturally so, Mr. Payne is a booster for Lynn county and the great South Plains.

R. H. TURNER BUYS DAVIS BRICK BUILDING

R. H. Turner, of the grocery firm of R. H. Turner & Son, has closed a deal whereby he becomes sole owner of the brick building located on the west side of the square belonging to E. S. Davis. The building is now occupied by the Army Store, and Mr. Turner will not gain possession of the building until October this year.

Mr. Turner and son now occupy the Jones building on Main street and carry a large stock of groceries and Men's Ready-to-Wear.

TRUSTEES ACCEPT TAHOKA HIGH SCHOOL AUDITORIUM

The board of trustees of the Tahoka Independent School District has accepted the new \$35,000 auditorium which has been added to the brick school building here.

The structure is a two-story building and is modern throughout.

The upper story contains the auditorium, which has a large stage with a seating capacity of 800 to 1000 people.

In addition, there is the superintendent's office and library. In the basement there are five class rooms.

Messrs. and Mesdames Ovid Lullin and Clay Hughes went to Lubbock Sunday. Mesdames Lullin and Hughes went there for the purpose of undergoing an examination in one of the Lubbock sanitariums.

The Man With An Alibi

One of the men in the smoking car was an expert, he exclaimed, on cities. He could look at a man and tell from what town he was from. To his discerning eye, aided by his profound and discriminating judgment, each city put upon its inhabitants a certain bearing or label which never deceived him.

"You, for instance," he declared to the man on his right, are from Lubbock.

The Lubbockite admitted the fact. "And you," he said to the gentleman on his left, are from Plainview. Again he was right.

"Now, you" he said turning to the third man, are from Sweetwater.

"No siree!" objected that individual in hot resentment. "I've been ill for six months! That's what makes me look that way."

Mrs. Percy Spencer and little daughter, Caroline, who left here Wednesday afternoon just before the rain had the misfortune of running into a ditch this side of Lubbock about 16 miles, and failing to extract the car, had to spend the night at a nearby farm house.—Brownfield Herald.

NOTICE OF STOCK LAW ELECTION

On this the 9th day of April, 1923, came on to be considered by the commissioners court of Lynn County, Texas, the petition of J. T. Williams and 51 others, free holders and qualified voters of the hereinafter sub-division of said county for an order of election in said sub-division to determine whether horses, mules, jacks, jennets, and cattle shall be permitted to run at large in said sub-division of said county, and it appearing to the court that said petition was filed with the court on the 7th day of April, 1923, and the court did thereafter on the 9th day of April, 1923 hear and grant the same, and ordered that election be held on the 26th day of May, 1923, and that the county judge of this county shall issue notice of said election and cause said notice to thereof to be given as is required by law.

Now, therefore, by virtue of authority vested in me under the order of the commissioners court and the law, I, J. W. Elliott, County Judge of Lynn County, Texas, do hereby give notice that on the 26th day of May, 1923, an election will be held at the High School building in the town of Wilson, Lynn County, Texas, in such sub-division of Lynn County, Texas, to determine whether horses, mules, jacks, jennets and cattle shall be permitted to run at large in such sub-division which is described by metes and bounds as follows:

Beginning at the northeast corner of survey 387, Cert. No. 447; Thence east about 7 miles to the northeast corner of Survey 8, Block 7; Thence south to the southeast corner of survey 8, Block 7; Thence east 2 miles to the southwest corner of Survey 3, Cert. 469; Thence north about 11 miles on and with section lines to the north line of Lynn county.

Thence west 9 miles on and with the north boundary line of Lynn County to a point in the east line of survey 13, Cert. 685, Thence south on and with section lines to the northwest corner of Sur. 387, Certificate 447, the place of beginning.

The polls shall be opened at 8:00 o'clock A. M. and closed at 7:00 o'clock P. M., at the Wilson High School Building in the town of Wilson, in such sub-division, and J. E. Richardson, C. A. Cloeman and Jno. F. Standefer, being proper persons and free-holders and qualified voters in said subdivision are hereby appointed as managers of said election, and they shall appoint their own clerks to assist them in holding same.

No person shall vote at said election unless he is a freeholder, and is also a qualified voter under the Constitution and laws of the State of Texas. All votes of such election shall be by ballot, and all voters desiring to prevent the animals designated herein from running at large shall place upon their ballots the words: "For the Stock Law" And those in favor of allowing such animals to run at large shall place upon their ballots the words: "Against the Stock Law."

On or before the 10th day after such election has been held the officers holding such election shall make due return thereof of all the votes cast at said election, for and against the proposition to the county judge of this county, who shall tabulate and count said returns and ascertain and proclaim the results of said election in the manner prescribed by law.

Public notice of this order shall be given at least 30 days before the date of such election by publication thereof in some newspaper published in Lynn county, Texas, if there be one; and if no newspaper be published in said county, then by posting notice thereof at three public places in said sub-division of Lynn County, Texas.

Witness my hand and seal of office at office in the City of Tahoka, this the 16th day of April, A. D. 1923.

J. W. ELLIOTT,
County Judge, Lynn County, Texas.

28c RICHARDSON & KNOY.

When most of us were children the West meant Kansas, Nebraska and Colorado. As we grew a little older and studied our geographies a little more and our folks begin to scatter the West stretched on and on to Nevada and even to California. But what did the words "The West" really mean to you when you were a child? Did they not mean some far away, vague place to you to which few people dared go and from whence few returned? These wild, weird memories that were left in our childish mind when one of our older brothers loaded up his household belongings and his wife and babies and started WEST have never been erased. And it seemed that the older we grew the father the West stretched away from us. And still that feeling of the far-awakeness and vagueness held possession of us until we started for the West ourselves and met it coming back to us about half way from where we thought it was.

And here we are a million or more of us right in the very heart of the West and have been for years, some of us at last, and did not know it. Why have we been so long making this discovery? The first reason is because there were so few of us at first and we did not know one another. And then most of our lives had to be readjusted to our new surroundings or rather to our LACK of surroundings. Many of us had to be re-educated for our new life and we did not all enjoy the new school of life at first. And then most of us were so homesick for so many years. We did not do our very best because our hearts were not in our new country. So many of us had left our hearts and our dearest friends "back there" and we did not want to get acquainted with anybody else. We could not get our own consent to give up our old friends and make new ones. It seemed disloyal to the home folks to think as much of anybody else. It seemed disloyal to even think of our new home as dear a place as our old home. We had checked our bodies and our baggage and even our bank account, if we had one, (most of us did not have one), to our new Western home but we women specially had left our hearts at home with our mother and father and all the old friends. Now wasn't that perfectly natural and just like a woman? And what would we be worth today to our New West if our love and affection and our hearts greatest wealth could have been picked up and transplanted as quickly and easily as our bodies were?

We had to grow with our country to learn to love it just as our mothers and grandmothers had grown with West. Do you want to know what has transplanted our affections? Do you want to know what has cured our homesickness and healed our aching hearts? It is the birth of a new generation of children for whom to live and work and sacrifice. To build new homes for them; to build new schools for them and to develop a new country for them. That's what has taken up our time and tied our hearts into our new country. Why, until the children came most of us felt like folks without a country. But when we had something both human and divine to live for and work for we forgot ourselves. And today the people of the New Middle West have discovered themselves. They have finally recognized that they are NOT away from home but that THIS New West is their home. This is their

very own part of the world that has been allotted to them to build, to develop and make into the very best place in all the world for boys and girls to be reared.

Nowhere was this thought ever more beautifully illustrated than at the Tech Rally at Amarillo on April 4th, when thousands and thousands of people from all over the Panhandle and Plains gathered there to celebrate the establishment of our New West Texas College. The people of West Texas do not want that college for themselves. Not one in ten thousand of us ever expect to be permitted to go to college again. But we wanted it for the children that we have given to Texas. And we want it for YOUR children wherever you live in Texas or out of it. Because there is room in the New West for millions of future homes. There is a whole empire here to be developed yet, more than many of our States equal in area. Rooms for homes. Rooms for homes of millions of homeless people in this nation. Room for homes for millions that have not yet been born. And one of the very best ways in the world to interest future home makers in a country is to educate them in that country and train them how to harness its natural

ent younger generation has never dreamed of. But, true to type, it is bound to revel in this very sophistica- tion.

The American woman is choosing a long coat for spring and it is a most elaborate affair wherever it is found. It is made in most instances and, strangely enough, of silk, but that silk is never allowed to be plain and un- adorned. There is all-over embroidery used in conspicuous and inconspicuous ways. There is usually applied a collar of soft white or gray fur to make it effective and becoming at the neckline. There is always a tie belt or sash with a wide or a narrow bow at one end, which is the only means of holding the coat in place. The sleeves are, as a rule, fitted and narrow, but the embroidery extends all over their surface as well as the surface of the coat. The linings of these wraps are soft and sumptuous in grays or white or tan in one of its many interesting spring shades.

Capes of Silk, Then there are the capes made of silk. They are as graceful and charming as they can be, with many widths of fullness left in them so that their wearers can exert all of their individual ability in the direction of tugging those waving folds about their figures and giving to them the draped lines that most become their own personalities.

The question of this outer wrap has been something in which the American woman delights her fancy for expressing the present style. Here and there we see a three-quarter coat that holds a grave interest, for it is something so new in the possession of styles. These coats are loose and unbelted with strictly flowing lines, and they, too, are embroidered either for trimming about the edges, or, in an all-over pattern following the treatment of the longer wraps that have already been described.

Coats for the three-piece suits are often found to be short. At times extremely short. At other times they grow longer, remain in straight lines and end somewhere about the knees. But these coats are cut so cleverly that they never for one moment suggest that they are anything but essential parts of the suits of which they are parts. A great many of the coats for the three-piece suits are either trimmed with braid or ornamented with embroidery of one sort or another. It is seldom, indeed, that they are left plain, for it seems as though they must have some little sign of trimming to keep them in key with the season's styles. One of them is made of gray kasha cloth and is lined with a shade of almond green silk that makes a delightful color combination.

Sleeves Are Interesting. The sleeves in this coat are characteristic of the sleeves in many of the coats of this general character. They are closely fitted at the armholes, and to the elbow they keep up that fitted line without any interruption. After

Three-Piece Suit With Braided Trimming, One of the Leaders in the Spring Fashion Procession.

that they slope away until by the time they reach the hands they have become wide and spreading. If they are going to be fitted anywhere, and the style notes say that they must be, then the fitting takes place at the shoulder line, for the lower sections of the sleeves are kept just as flaring as they have been for some seasons past. There is one of these draped frocks, with its skirt caught into a large bunch at the front under an Egyptian beaded ornament. All of the attention has been confined to the skirt and the bodice is left so plain that it is noticeable for that reason. This is one of the new ways to handle the material on a draped gown, being in accordance with this popularity of Egyptian lines it is also designed to suit the American woman's figure most beautifully.

Toilettes for Afternoon; Reflect Hues of Rainbow

IT MATTERS not how many beautiful gowns one may possess, if a frock of silken crepe be not one of them, then indeed is one's wardrobe sadly incomplete. There is something about a handsome crepe dress which always bespeaks the ideals of the conservative gentlewoman. The new fad crepes represent quality personified, and they are all that is to be desired for afternoon toilettes. Especially when ribbon trimmed are they right up to the moment, ac-

CREPE AFTERNOON TOILETTE

ording to fashion's dictum. In respect to a prevailing number of new gowns, it is a case of ribbons here, ribbons there and ribbons everywhere. One of the foremost ideas this season is the kerchief or shoulder-cape effect, instanced effectively in the crepe afternoon toilette which you see here, through the medium of ribbon ruffles applied to the crepe foundation. Complementary to the general idea is the exquisitely designed ribbon motif which forms a charming girle. Among other important materials used in plain solid colors, crepe-back satin is vastly important. For those

HATS VERSATILE IN CONTOUR

willing to forego black or navy, alluring new shades are offered, almond green being a favorite with wonderful cocon shades, with demand for gray. Speaking of ribbons in dress garbure, very narrow ribbons are couched with silk floss, forming floral borders and motifs. When carried out in self tone to the foundation, an enriched effect is attained. Violet, indigo, blue, yellow, orange, red, thus nature arranges its rainbow of promise. Since from nature comes inspiration for art, it seems apropos that for this season's millinery vogue, the debut of the rainbow hat is announced. The term

Daddy's Evening Fairy Tale

BY MARY GRAHAM BONNER

COW'S CRADLE SONGS

Now Mrs. Cow had a lovely calf. It was her beloved child and wherever Mrs. Cow went the calf followed along.

During the day the calf went with his mother to the pasture and loved the meadow and the brook which ran below and the sun which made one feel so sleepy. Yes, he liked to sleep. Sleep was so pleasant and restful a thing and he had to be rested, for goodness only knew he did get tired and sleepy for he was young. It was hard to keep one's eyes open all the time when one's eyes were as yet so unused to the world. But Mother Cow, too, seemed to like to rest, though not so much as he did. They both loved to dream day dreams and have drowsy naps. Oh, day dreams were particularly nice. And before these naps and before it was time when they decided to day-dream Mother Cow would look at her son out of her big loving eyes. This was one of the songs which she called a Cow's Day Dream Cradle song: My dear little calf, my dear little calf, You're ready to sleep, you're ready to laugh. Perhaps some folks will say a calf cannot laugh, But do they know all they can of a calf? You're my dear, you're my dear, And you've nothing to fear, So have a day dream As you lie by the stream.

Then Mrs. Cow and her calf had a nice day dream and later on Mrs. Cow

"The Calf Followed."

sang one of the other Cow Cradle songs as she called them. This was the song: My darling wee one, You're my own little son, Mother loves her wee one, Her dear little son.

Others might not call you wee But that's because they don't love thee As a little pet, in the way. Mother Cow loves you, I say. Then Mother Cow chewed her cud and began once more: My son, my son, may you never know harm, Should harm come your way I'd be filled with alarm. I love you, Sweet Calf, you're the joy of my heart, May the day be far distant when we are to part. And yet again Mother Cow hummed a cradle song: I'd rock-a-bye-baby, only you are too big, On my knees I'd ride you and dance you a big son, But for that you're too big, too fine a big son, And besides in cow circles it's not what we call "done."

The calf did not seem to object to this. He turned his soft eyes toward his mother and again she sang: Go to sleep, and rest your dear head, And take a rest here on a nice meadow bed. Of course rest your legs and your body also with alarm. And mother will sing as they say "soo and low."

Oh, they had a gorgeous time, a beautiful time. It was happiness for Mrs. Cow and it was happiness for the calf. And they were often admired and the calf was not only loved by his mother but by all the farmer's children. So what did it matter if they were lazy? No one expected them to be otherwise, and they were not going to make people change their expectations. No, not they!

There Was Nothing Better. Edith, aged four, accompanied her mother on a shopping expedition one afternoon, and stopping in front of a candy store, she exclaimed, "Oh, mamma, let's go in and buy some chocolate drops!" "No, dear," replied her mother, "we must save our money for something better." "But, mamma," persisted Edith, "I don't believe we will ever find anything better."

Literature. "Oh, I dearly love fairy tales!" exclaimed the new young bride. "Yeah; now you do," said the seasoned wife, "but wait'll he doesn't lead you any other kind."

LESSON FOR APRIL 22

MOSES, LIBERATOR AND LAW-GIVER

LESSON TEXT—Exodus 14:10, 13-22. GOLDEN TEXT—Fear ye not. Stand still and see the salvation of the Lord.—Exodus 14:13. REFERENCE MATERIAL—Deuteronomy 3:23-28; Psalm 115:23-45; Matthew 17:3; Acts 7:17-44; Hebrews 11:23-29. PRIMARY TOPIC—Moses the Boy Whom God Saved. JUNIOR TOPIC—Moses Leads Israel Through the Red Sea. INTERMEDIATE AND SENIOR TOPIC—Moses the Great Leader. YOUNG PEOPLE AND ADULT TOPIC—The Character of Moses.

I The Birth, Preservation and Education of Moses. (Exodus 2:1-8).

1. His Birth (vv. 1-2). His parents were of the tribe of Levi. 2. His Preservation (vv. 3-8). The faith of his parents caused them to ignore the command of the king and they hid him for three months (Hebrews 11:23). His mother discerned in him a proper child, or a child fair to God (Acts 7:20), and believed him to be the deliverer of his people. Perhaps led by the story of Noah's ark, she made him an ark of bulrushes and placed Moses in it and left it at the place where Pharaoh's daughter would be attracted when she came down to bathe. Miriam, his sister, was placed where she could watch the affair, and at the opportune moment she came with a suggestion of a nurse for the baby; securing her consent, Miriam brought the child's mother.

3. His Education (vv. 9-10). He was educated first at his mother's knee, the place where his character was formed. He was also educated at the Egyptian court, where he became acquainted with the wisdom of Egypt (Acts 7:22).

II. The Call of Moses (Exodus 3).

1. The Lord Speaks From the Bush (vv. 1-6). In the desert the Lord appeared in the vision of the burning bush. When Moses stepped aside to behold this strange thing God taught him the lesson of proper approach unto himself. 2. The Lord Commissions Moses (vv. 7-10). God assured him of his active interest in his people, having seen their affliction, heard their cry, and known their sorrows, and that he had come down to deliver them from the hand of the Egyptian through Moses as His agent.

III. Moses' Contest With Pharaoh (Exodus 5-12). The ten plagues reveal the contest carried on between Moses and Pharaoh before the people were set free. The tenth stroke from the strong hand of the Almighty made Pharaoh willing to let Israel go.

IV. Israel Crossing the Red Sea (Exodus 14:10, 13-22).

1. Israel's Straitened Circumstances (v. 10). At the Lord's direction they changed from their first course and were apparently in great difficulty. The Red sea was before them; the mountains on either side. Pharaoh with his chariots of war was closing in upon them. In their distress they cried to the Lord.

2. Israel's Miraculous Escape (vv. 13-22). (1) Moses' words to the people (vv. 13-14). (a) "Fear not." Since God was leading them by day and by night with the pillar of cloud and fire they had no need of fear, even if they were in straitened circumstances. (b) "Stand still." Standing still in such a trial is faith taking hold of God's promise. (c) "See the salvation of the Lord." "The Lord shall fight for you." (2) God's words to Moses (vv. 15-18). (a) "Go forward." No use to pray longer when God says "Move forward." (b) "Lift up thy rod." This served as something tangible upon which their faith could rest. They were to go through the sea on dry ground. But the symbol of God's presence now passed to the rear to hold the enemy at bay. (3) The divided sea (vv. 21-22). As they went forward the very thing which they feared became a wall of protection on either side.

3. Overthrow of the Egyptians (vv. 22-27). Having seen the Israelites go across dry shod the Egyptians immediately pursued them, insanely thinking that they could follow in the wake of God's children. That which was a protection to God's children became an instrument of destruction to the Egyptians.

4. Israel's Song of Triumph (15:1-21). They attributed their deliverance and the overwhelming defeat of their enemies to God. They could well sing their song of triumph, for they were on the other shore.

V. The Law Given (Exodus 20:1-17).

God gave through Moses to the world a complete code of laws setting forth duties to God and man.

Production of Excellence. Nothing is such an obstacle to the production of excellence as the power of producing what is good with ease and rapidly.—Alkin. Truth. If any one will tell me how truth may be spoken without offending some I will spare no labor to learn the art of it.—Bp. Horne. More Painful. Mortifications are often more painful than real calamities.—Goldsmith.

WATCH OUT YOU SPEED FIENDS

City Marshall, George Riley, is busy these days getting after the speed fiends on the streets of Tahoka. Marshall Riley is going to enforce the traffic laws, and the citizenship should back up his efforts along this line. 12 miles per hour is the speed limit in the down town section.

NINETEEN PLENTY-THREE

Its looks now as if this year was going to be a prosperous one for the farmer. When the farmer is prosperous all are prosperous. Three months, or a fourth of 1923, have passed. Conditions are much better than they were January 1st. Our most keenest and influential business men predict that 1923 will be a prosperous year for all. Let's pin our optimism to the good business now doing and make this year, "Nineteen Plenty Three."—Snyder Signal.

The Snyder Signal says that city is coming to the front since it has recently organized a golf club. If this is any sign, Tahoka is right up in the front row, for she has had a splendid golf club for many months, and one of the best golf courses to be found in western Texas.

Play Ball! We have heard a number of baseball fans in Tahoka state that they are anxious to see a real game on the home grounds.

Clean up your premises and make Tahoka a place worth living in. We will necessarily have to keep the residential portion spotless to compare with the paving in the down town section. Let's clean up!

MY CITY AND I

Tahoka is the place where my home is founded, where my business is located, where my vote is cast, where my neighbors dwell and where my life is chiefly lived.

I have chosen it after due consideration, among all the cities of the earth. It is the home spot for me. Tahoka has a right to my civic loyalty, it supports me and I must support it. Tahoka wants my citizenship, not my partisanship; friendliness, not selfishness; co-operation not dissension; sympathy, not criticism; my intelligent support, not indifference.

Tahoka supplies me with law and order, trade friends, education, morals, recreation and the rights of a free-born American. I should believe in my city, I should work for it—and I will.—Swiped and Altered.

Those New Mexico baseball enthusiasts down in the Pecos Valley are starting out under a great handicap. They have named the Roswell team the "Climatics." That might be a great name for a mineral water or

an egg beater, but we can hardly picture a base ball fan working up his fever to 110 degrees and yelling "Come on, you Climatics!" It just simply can't be did. The other team will be yelling, "Give him some more mineral water! Climate don't count in this game! Give him a seltzer and watch him fizzle the air! Then again: "Shoot that Climatics pitcher for three shots of Red Raven and start the circulation on the bases." Oh, Boy! What a name to carry thru a baseball season.—Canadian Record.

UNFORTUNATE

"It's sorta funny," philosophically said the gaunt Tahoka fellow, "that all the men I want to whip are either so big I can't whip 'em or so little I'm ashamed to."

Subscribers Notified

The News recently mailed out many notices to subscribers in the city and on the rural routes whose subscriptions had expired and quite a number responded promptly and paid up a year in advance, but a large majority have not done so.

Folks, one subscription does not amount to much, but several hundred do, and it cost practically the amount you pay us to mail you the paper each week for six months or a year, so please come in and settle up at once. If you are in hard financial straits and cannot well pay at this time just call and tell us and we can arrange to carry you a while longer, however, we need money at this time and your subscription will help. Thanks to those who have paid.

WILSON LAND OWNER BUYS INTEREST IN LUBBOCK BANK

One of the most important business transactions made last week was effected when W. O. Stevens, president of the Citizens National Bank sold his interest in that institution to E. Studeman, of Molton, Texas, and Wm. Green's son, also of Molton. Wm. Green is owner of extensive land holdings at Wilson as well as practically all of the property of the town and together with Mr. Studeman is in the lumber and banking business with institutions throughout the State, both men being rated as millionaires.—Lubbock Morning Avalanche.

LITTLEFIELD WILL SOON HAVE WEEKLY NEWSPAPER

Jesse Mitchell of Ballinger, has gone into contract with the business men of Littlefield to issue a weekly newspaper there, and is busy assembling materials for his shop, and expects to start publication next week, according to announcement made here by Rev. Jordan, pastor of the First Presbyterian church of Littlefield, who assisted the newspaper man to secure advertising contracts with the business men.—Lubbock Morning Avalanche.

I. S. DOAK ENTERTAINS LOCAL AMERICAN LEGION

I. S. Doak, proprietor of the Sanitary Barber Shop, entertained at his home in East Tahoka last Thursday evening, the members of the Marion G. Bradley Post, No. 250, American Legion.

The Legion boys are all loud in their praise of the generous reception tendered them in the home of Mr. Doak. Games of various kinds and a "real feed" composed the evenings entertainment.

DITORIAL

—DOLLARS AND SENSE—

THE VALUE OF HOME BUYING SHOULD BE EVIDENT TO EVERY TAHOKA CITIZEN. The keeping of Tahoka money in Tahoka should require no urging nor argument.

A ROLLING DOLLAR WILL NEVER ROLL BACK YOUR WAY IF YOU START IT OUT OF TOWN. You have bid it goodbye on a long journey to some other community whose loyal citizens will anchor it forever.

IT IS TIME TO STICK UP FOR TAHOKA. If our hearts are here—our dollars ought to be. And the way to keep them here is TO SPEND THEM HERE.

Boosting a town requires something else besides sentiment and talk. That something else is action—and lots of it.

BUY EVERYTHING YOU EAT OR WEAR IN TAHOKA. HIRE NO LABOR BUT TAHOKA LABOR. Employ no service but that performed by a Tahoka concern. This is action. REAL, TANGIBLE COMMUNITY-BOOSTING ACTION.

Try it awhile, friends, and see how good it makes you feel to know that you are doing your full civic duty to Tahoka and its business, commercial and laboring interests.

THE SEEMING INDUCEMENTS HELD OUT TO YOU BY OTHER TRADING CENTERS IS NOTHING BUT BAIT TO PULL YOUR DOLLARS THEIR WAY. The so-called commercial glad-hand that is extended you will only be held out AS LONG AS YOUR DOLLARS HOLD OUT. The interest they have in you is nothing but a selfish commercial interest founded on nothing but a cold, calculating dollar basis. If you will stop and think you will admit this is so.

THESE OTHER TRADING CENTERS COULD HAVE NO POSSIBLE INTEREST IN THE ADVANCEMENT AND CIVIC SUCCESS OF TAHOKA. And Tahoka is nothing more or less than another name for its citizens which includes you and ourselves. TAHOKA BUSINESS MEN TO BE FOR THEMSELVES, HAVE TO BE FOR TAHOKA.

Their commercial transactions are warmed by this mutuality of interests and should be evidence that you have much in common. Much to cause you TO GIVE THEM YOUR 100 PER CENT PATRONAGE AND SUPPORT.

Think it over!

County Court, Lynn County, Texas.
(SEAL) 31-3tc

JOE DENTON IN AMARILLO FOLLOWING WESTERN TRIP

Clever Joe Denton, known throughout the Texas Panhandle as the "Tahoka Terror", arrived in Amarillo yesterday from California, where he has been for several weeks.

Denton, who is a welter weight fighter, put on three bouts while in California, won two of them and got a draw on the other. Despite his long ride on the train coming back to his old stamping grounds, the boy looks fine. He worked out about an hour at the Amarillo gymnasium yesterday afternoon—and he looks like a top-notch.

Joe Denton is the boy who won so many battles in this vicinity about two years ago, taking everything as he went in all the Panhandle and Western Oklahoma towns. He beat Larry Smith with a kayo in the sixth round here in July, 1921.

Denton got a draw with Frankie Tierney at the Vernon Arena, Los Angeles, on March 27. He beat Eddie Frederick, at Tia Juana, at the Vernon Arena on April 2 and easily won over Johnnie Kenney of Hollywood, on April 5th, at Pasadena.

Joe expects to stick around in this section of the country for the next few months, taking on a bout here and there. He is now weighing about 139 pounds ringside.—Amarillo Daily News.

OFF TO PRESS ASSOCIATION

When this issue of the News is in the hands of our readers, the News editor and wife will be enroute to the Panhandle Press Association, which convenes in Amarillo, Friday and Saturday, April 20th and 21st. We expect to return to Tahoka Sunday or Monday. The meeting of the newspaper men from all over the Panhandle of Texas, New Mexico and Oklahoma, is an event that we look forward to from year to year with eager anticipation. The real good obtained at these meetings by newspaper men can not be estimated. We trust that all our neighboring brother newspaper men, will break away from the shop a day or two and meet us at the association. Heretofore, none of the editors in this immediate section of the South Plains, (with the exception of the Slatonite) have ever attended the press meet. Our idea is, it pays to "brush up" now and then rather than grow stale on the job by associating with the hundreds of newspaper men that gather on this occasion.

A. H. Taylor, of the Grassland community, is a new subscriber to the News.

LOCAL CITIZEN

DEFENDS THE KU KLUX

To the Hon. Editor of the Lynn County News:

I notice through your splendid paper that you are giving space for the discussions of the merits and demerits of the order K. K. K. All I have seen up to the present time have been enlarged elaborations on the imagined demerits of the order. Drawn from the testimony of the anti-propagandist who are sworn and pledged enemies to the order, I am sure that as I myself have been, many good men have been falsely informed, and biased in their opinions and views and principles, endeavors and aims of this order, by the continuous onslaughts of the enemies of the order. An American citizen not having had any connection with this order, I have observed very closely the organized propaganda, and attacks that have been made against this order and I have been informed by the very best citizenship of our country; men who stand for the high and lofty principles of our American Government. Men who have proven their loyalty and support to every law on our statute books, both in the civil, social and moral life of our nation, I have been informed by such men as these that the order of the K. K. K. are made up and composed altogether of this type of American citizenship. I have been told by their enemies that they wore a robe and cap and carried a bucket of tar with some feathers, but I have observed that in none of the indictments brought against them all over the country with all the organized schemes that money could provide to convict them of the dastardly crime charged against them but there has never yet been a single conviction. Hence, I am conscientiously lead to believe from the testimony of this high type of American citizenship, who compose the order of the K. K. K. and from the decisions rendered by the Honorable courts of our country where the order has been black-mailed and scandalized to the limit, with the false accusations which has been made against them, which accusations has been proven to be false by the painstaking investigations and efforts of the Honorable Courts of our country, I am lead to believe that the opposition to this American order is a propoganda lead by the enemies of our American civilization, institutions and Government, for I have been informed by the citizenship of this order who stand as one hundred per cent citizens of our country.

And they tell me that emphatically that this order stands four square for our laws and statutes, and for the righteous enforcement of the same, and they tell me the order stands strictly for white supremacy for soul and righteous liberty, for separation of church and state, and for all the high ideals of American civilization, in defence of all our civil, social and moral institutions, and they tell me that no one can get into this order who does not stand for all these principles and institutions, and who is not a one hundred per cent free born American.

Whose testimony then shall I take, The organized aggressive propoganda of the alien enemies of our nation who are putting forth every effort in their power to capture and destroy the very principles and foundations upon which our nation stands, lead principally by the Catholic propagandist, who would destroy by one stroke our cherished principles of pure democracy and blot out by one stroke forever and eternally our cherished principles of soul and religious liberty, and this foreign and alien higharchy is grappling with all its organized powers in this hour for supremacy in our country. I give below some facts clipped from the Baptist Standard of last weeks issue: "The enlarged program of the Catholics and other foes of evangelical religion Catholics are making special efforts to enlist boys and men to reach the negro population and

train the young negroes in their schools. There are 22000 negroes in the Parochial schools of Mississippi. There has been a seminary opened to educate and train negro boys for the Priesthood. 175 priests are giving their entire time to this work with the negroes. They are sowing the land down with their literature. Big publishing houses are advertising Catholic Books.

They are the rankest enemies to our God fearing, God loving Protestant nation. Has not free born protestant Americans a right to organize in defense of our cherished principles and the foundation upon which our nation was established?

DR. W. F. HUGHES,

CITY ORDINANCE

Be it ordained by the City Council of the City of Tahoka, Texas:

1. That all automobiles, wagons and trucks shall park in the center of the streets within the fire limits of the city of Tahoka between the lines painted on the pavement.
2. That all automobiles, wagons and trucks will be allowed ten (10) minutes stopping time at the curb; vehicles must be sideways to the curb.
3. That all ordinances or parts of ordinances in conflict with section one and two of this ordinance are hereby expressly repealed.
4. That anyone violating the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon trial and conviction shall be fined not less than One (\$1.00) Dollar or more than Twenty-five (\$25.00)
5. That this ordinance shall go into effect after passage and publication as required by law.

Passed and approved April 12th, 1923.

ATTEST:

J. R. SINGLETON,

Mayor.

J. S. WEATHERFORD,

Secretary, City of Tahoka, Texas.

(Seal) 33-1tc

NOTICE IN PROBATE

THE STATE OF TEXAS
To the Sheriff or any Constable of Lynn County—Greeting:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year, in said Lynn County, a copy of the following notice:
THE STATE OF TEXAS
To All Persons Interested in the welfare of the persons and estates of Cora May Donovan and Clara Edith Donovan, Minors: Ida Monroe filed an application in the County Court of Lynn County on the 28th day of February, 1923, for letters of guardianship of the person and estate of each of said minors, which application will be heard by said court on the 23rd day of April, 1923, at the Court House of said County, in Tahoka, Texas, at which time all persons interested in the welfare of the persons and estates of said minors are required to appear and answer said application, should they desire to do so.

HEREIN FAIL NOT, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Tahoka, Texas, this 2nd day of April, 1923.

W. E. SMITH, Clerk
County Court, Lynn County, Texas.
(SEAL) 31-3tc

NOTICE OF TRUSTEE ELECTION

There will be an election Saturday, May 5th, 1923, for the purpose of electing four trustees for the Tahoka Independent School District.

R. C. WOOD,

Pres. of Board.

W. S. ANGLIN,

Secretary.

Something to Think About

By F. A. WALKER

BLOCKING THE WAY

THOSE apostles of laxity who can never find time to do anything as it ought to be done, go crookedly through life complaining in their semi-serious moments that they are lagging leagues behind their rivals and never getting anywhere.

They admit this without any apparent sense of shame or compunction of conscience.

Sometimes to their intimates of like ilk, they boast of their short-comings in a spirit of bravado.

A laziness that distinguishes them from what they disdainfully term the "common class," to whom they will scarcely nod a courteous good morning, seem in their minds to put them upon a worshipful pedestal.

Daily they go about their task in a slipshod manner, shunning responsibility as a hen avoids a pool of water. Everything they do is half done.

Careless in observing how the proficient save time and energy, and thus make work a pleasure instead of a drag, these listless persons are always in trouble, scowling and finding fault, even when everything about them is cheerful.

Their desks or benches are continually in confusion, quite in keeping with their unmethodical minds.

When urgently needed no paper or tool is within sight or reach.

Uncommon Sense

By JOHN BLAKE

GUARD YOUR SPEECH

MEN are judged by their talk. They have no other means of impressing those with whom they come into contact.

Business men and prospective employers are not mind readers. They form their opinion of you by the words that come out of your mouth.

If you talk well and intelligently your chance of success is excellent.

If your speech is slovenly, ungrammatical and above all profane, you will promptly be set down as a mucker. And nobody wants to transact business with muckers, or to hire muckers to transact business for them.

Profanity instantly stamps those who use it as inferior intelligence. More than that, it makes the cultivation of correct speech impossible.

Nobody will take the trouble to think of the right word to use if he has the habit of inserting an expletive whenever he is at a loss for the right expression.

And only by searching for the right words to use can correct speech be formed.

You do not swear in the presence of ladies. Unless you are utterly ill-mannered you do not swear in the presence of strangers.

It is easy, therefore, to keep profanity out of your speech.

Important men, it is true, are some-

It is generally hidden somewhere in a disordered heap. Precious minutes are lost while searching for the elusive thing, and should the task of finding it happen to be more vexatious than usual, some innocent fellow-worker is openly charged with pilfering.

Then a storm breaks and the atmosphere is surcharged with anger, which in the customary slowness of cooling off is likely to leave the principals for days and days in sulky humors.

Persons of this character are doomed to fall in everything they undertake, except in the making of quarrels and the wrecking of friendships.

Blameful themselves, they pile their sins on the blameless.

Wherever they are found there is turmoil, inefficiency, disloyalty and unhappiness, four danger signals which block the way in every track of endeavor to promotion to the higher ranks.

Has Anyone Laughed At You Because —

By ETHEL R. PEYSER

You Are a Poor Speller? Of course it is "Comme il faut" and convenient and right to spell correctly in your native tongue. Yet few do. It seems to be a chronic disease. Spelling, however, isn't everything—ideas are more! List to a true tale: A student in a college English class asked the prof. why she didn't get A's. "I always answer all the questions that no one else can, you always appeal to me on every question and yet you give me C and occasionally B. Why is it?" He replied "Don't worry—the 'A' students will go out of here without the smell of fire on their garments—you will go out and be somebody. I can't give you perfect marks because you spell too badly and we have to mark considering all these mechanical things."

SO Your get-away here is: You have ideas—maybe—even though you've no spelling. (© by McClure Newspaper Syndicate.)

SCHOOL DAYS

times addicted to profanity. But they are not important because of their profanity, but in spite of it.

And more and more, intelligent men are abandoning the habit. Lincoln managed to get along without it. So did Washington, although both of them were subjected to vexations such as are utterly unknown to you.

Keep your speech clean and straightforward. Be vigorous, but don't be profane. Fight hard against the habit if you have it already. If you haven't contracted it, don't. You don't want to be known as a mucker, and you are certain to be, if you substitute oaths and expletives for intelligent English. (© by John Blake.)

Not What We Do — How Well

By DOUGLAS MALLOCH

LIFE isn't all in big amounts, Or greatness in a title: It isn't what we do that counts— How well we do is vital. The little tasks and little things Are what in time will tell; Not what we do the glory brings, But if we do it well.

The humble task of humble hands Has just as much of beauty, As much efficiency demands, As any other duty. The fellow in the shallow trench Must have a soldier heart; The fellow standing at the bench Must do his honest part.

The lowest brick in any wall Is still the brick that made it; The edifice will stand or fall How well or poor we laid it. And this the dignity divine Of all we are or do; Your work requires the best of mine, Mine needs the best of you.

We work together, you with me, What'er we build or fashion; Our pride should be our honesty, And quality our passion. The little tasks and little things Are what in time will tell— Not what we do the glory brings, But if we do it well. (© by the Wheeler Syndicate, Inc.)

Keeps Milk Fresh. To keep milk from turning sour, drop a small piece of horseradish into it when it is new.

CHILDREN OF RICH MAKE TOYS

The miniature automobiles shown in the photograph were all made by the students of the Chicago Latin school, many of whom come from wealthy families. They are on exhibit at the school rooms. The makers of the toys are grouped around the table.

DIFFERENTIAL IS NOT UNDERSTOOD

Purpose of Mechanism Is to Deliver Equal Amount of Power to Each Rear Wheel.

How many automobile owners know what a differential is and of what use it is? A writer asserts that even a large proportion know little, if anything about it. On all cars with beveled gear drive such as is used on the modern passenger cars, the differential is located in the rear axle and its purpose is to deliver an equal amount of power from the engine to each of the rear drive wheels, regardless of whether one is going faster or slower than the other.

What Differential Does. In driving a car in a circle, or any part of a circle, the outer wheel has to travel a longer distance than the one on the inside, with the result that it must turn around a greater number of times. If the rear axle were made of one solid piece connecting the two drive wheels, it would then be impossible for one wheel to turn more rapidly than the other, with the result that one would have to slip when rounding a curve. Thus, the differential permits one wheel to turn faster than the other, thereby keeping either of them from skidding on the ground. At the same time, it is so constructed that it will deliver the same amount of turning or twisting torque on the wheel which is turning the fastest as on the other one.

The construction of the differential is similar in principle to an "evener" which is placed back of a team of horses to divide the load between the two. The evener divides the load between the two so that, regardless of whether one horse is ahead of or to the rear of the other, he will be pulling approximately his share of the load.

In the rear axle of a car is placed the differential which divides the load from the engine, equally between the two drive wheels, the same as the evener divides the load between the horses. The equalizing action of the differential can be seen by jacking up the rear wheels of the car, then putting the gear lever in low speed. Disengage the emergency brake and turn one of the wheels forward or backward, at the same time watching the effect on the opposite wheel. You will notice that the other wheel turned directly opposite to the way in which the one is going. This peculiar action has led to many interesting stories from new motorists when they have discovered it.

Some Disadvantages. While the differential is a necessity in the average car, it has some disadvantages which have not yet been satisfactorily overcome. In case one wheel drops into a deep mudhole so that the tire cannot get traction, the differential will allow this wheel to turn around and prevents any more power being delivered to the opposite wheel, which might pull the car out were it not for the differential action. Different mechanical devices have been shown at various times to lock two rear wheels together under circumstances of this kind. Due to the complex nature of these devices, however, they have never come into commercial use.

A great many patented types of differentials have been brought out at different times to do away with this slippery spot, but so far the standard type of bevel gear differential is used on practically all standard makes of cars, which seems to prove that nothing better has been brought out so far.

BRUSHES CAUSE OF TROUBLE

Good Plan to Keep Close Watch to See if They Are Sparking—Investigate at Once.

Watch the brushes of the generator occasionally to see if they are sparking. This may be due to dirty commutator, rough from burning; high mica, or worn out of true. The brushes may not be properly fitted, they may be stuck in the guide, have a weak spring, or be used up. When sparking is noticed have the trouble investigated immediately, as the commutator will be badly damaged and the belt will not receive the proper charge.

Take Care of Car.

An ounce of attention is worth a pound of overhaul. An oiling a day keeps the repairman away. Look before you back. Spare the oil and spoil the car. A rolling car gathers no crowd. A tool in the kit is worth thousands in the garage. Service is as service does. Fools rush in where experts fear to tread. A little knowledge of electrical systems is a dangerous thing. An ounce of instruction may save a pound of repair. A skid to the wise is sufficient.

THEFT BUREAU URGES OWNER TO KNOW CAR

Many Stolen Machines Could Not Be Identified.

A comprehensive report of auto thefts for the last year just issued by the theft bureau of the Automobile Club of Southern California shows that year by year there are more cars being stolen.

In southern California during 1922 there were nearly \$3,000,000 worth of automobiles taken by thief gangs. It is believed that this tremendous activity is conducted by professional groups of thieves organized on a commercial basis, although a certain per cent of the cars are taken for joy riding purposes.

There were 2,788 machines stolen in Los Angeles alone during 1922, as compared to 2,572 taken in 1921. The figures for 1921 show a material advance over those of 1920, according to the theft bureau report.

An investigation of the facts relating to the theft of each automobile shows that in most instances the car was stolen because the owner failed to lock it or even left the keys in the lock. Such carelessness as this encourages the stealing of machines throughout the state, say the authorities. Although the greatest number of cars stolen have been recovered, great difficulty has been experienced in getting them back because the owners could not give proper information to the detectives in identifying their property, even failing to know their own license or engine numbers.

Every motorist should place private identification marks somewhere on his car in a place where the thieves are not likely to find and destroy it. It is hoped to cut down the number of thefts during 1923.

Canvas Fenders Help.

Owners of a small car, who would like to convert it into a snappy and unique form of roadster, may take this hint. Instead of the regular front fenders a canvas guard may be stretched as shown. A couple of coil springs at the lower end will keep the guard from sagging.

AUTOMOBILE NEWS

Clean out carbon and grind valves. Change oil every 500 miles of driving. Have carburetor cleaned and adjusted. A flashlight included in the equipment of a car is considered extremely valuable for emergency use. It should be kept within reach at all times.

Mother's Cook Book

"A friend is a bank of credit on which we can draw supplies of confidence, counsel, sympathy, help and love."

SOMETHING TO EAT

IF YOU have a small amount of left-over rice stir it into the muffin or griddle cake batter for breakfast.

Prune Pie. Take two cupsful of cooked prunes, one teaspoonful of cinnamon, one-fourth of a cupful of sugar and one

cupful of butter. Soften the prunes in water over night, stew until soft, then remove the pits and add to the other ingredients. Put into a pastry-lined plate, dot with bits of the butter, cover with a top crust and bake in a quick oven. Brush over the crust with milk just before putting the pie in the oven. This will give a rich brown crust when baked.

Chocolate Macaroons. Melt two squares of chocolate, mix with one can of condensed milk. Add one-half pound of shredded coconut, mix thoroughly and add one teaspoonful of vanilla. Drop on greased baking sheets, one teaspoonful at a time one inch apart. Bake in a moderate oven until nicely browned.

Cabbage Salad. Make a mixture of finely-shredded cabbage, green peppers and olives. Remove the stones from the olives; to one small cabbage use one green pepper, seeds and white fiber removed, and one cupful of chopped olives. Moisten with a rich, highly-seasoned boiled dressing or a mayonnaise. Fill lemon halves with the mixture and serve with oysters.

Shredded lettuce added to cream cheese well-seasoned and sprinkled thickly with currants makes a tasty salad to serve with bread and butter for Sunday night lunch.

Cottage cheese to which two or more tablespoonfuls of boiled dressing is added and served on lettuce with a French dressing, is another simple and easy way to prepare salad.

EDITOR STRICKLIN'S VIEWS ON THE KU KLUX KLAN

Wednesday evening several hundred people gathered at the Jones building on the south side of the public square and heard a Knight of the Ku Klux Klan deliver a lecture. It is reported that a large number were initiated into the Klan after the lecture.

Cars loaded with men lined the streets of the city until the 'wee sma' hours of the morning. They came from all adjoining counties, as well as all over Lynn county. It is now evident that Tahoka has a Ku Klux Klan.—Tahoka News.

It is reported that about eighty attended from Brownfield, some from idle curiosity, but probably the majority because of sympathy for that order.

As stated in these columns before the Herald does not know enough of the intent of the order to be a good judge of the society, but it does know that most everywhere one is organized that it cause a fractionized town and hatred and malice among the citizenship. That crimes are not generally lessened, even where the Klan is strongest, or at least court records does not show it. We also believe in religious tolerance as bought by the blood of the Revolutionary fathers, and we firmly believe that the Klan will finally settle on and endorse one of the larger Protestant denominations, providing it grows on in the next few years like it has in the past two years, and we will have conditions not unlike the Spanish Inquisition. The wrath of the order will be visited on those who do not belong to that order or particular religious body.

Secondly the Herald as firmly believes that the order was born more to fill the cofers of grafters than for the enforcement of any of the principles from which it stands. It is now a notorious fact that the headquarters of the order are in a big wrangle over the funds and property divided into three factions. One of the main organizers stands charged in Federal court with using the mails to defraud. Worse still, he is also indicted for carry a woman to another State for immoral purposes. Contrast this with that purpose they often put out that "they stand for the protection of womanhood."

Someone will likely suggest that this might happen in any order. It has not happened in either the Masons or the Odd Fellow orders that are now hundreds of years old.

Men should think seriously on these things and use some judgment before aligning themselves with anything ultra radical.—Editor Stricklin in Brownfield Herald.

NOTICE OF SPECIAL ELECTION

THE STATE OF TEXAS. COUNTY OF LYNN

Notice is hereby given that a special election will be held on the 5th day of May, A. D. 1923, at the School House in the town of O'Donnell, Lynn County, Texas, to determine whether a majority of the legally qualified voters under the constitution and laws of the State of Texas and under Art. 1038 of the Revised Statutes of 1911, residing within the hereinafter described limits desire to incorporate said town of O'Donnell, Lynn County, Texas, under Title 22 Chapter 14, of the Revised Civil Statutes of 1911, said town of O'Donnell being described by metes and bounds as follows, to-wit: Beginning at a point 300 feet east of the southeast corner of Section No. 53, Block 8, E. L. & R. R. Co. survey in Lynn County, Texas; thence north 3814 feet on a line parallel with the east line of Survey No. 53, Block 8, E. L. & R. R. Co. in Lynn County, Texas; thence west at right angle, 3198 feet; thence in a southwestern direction and on a line parallel with the Panhandle & Santa Fe Ry. Co.'s right of way, 5827.7 feet; thence east 5912, on a line parallel with the south line of Section 53, Block 8, E. L. & R. R. Co. survey, in Lynn County, Texas; Thence north 1320 feet to the place of beginning.

All persons who are legally qualified voters under the Constitution and laws of the State of Texas, and under Art. 1038 of the Revised Civil Statutes of 1911 shall be entitled to vote at said election, and all voters desiring to support the proposition to incorporate said town of O'Donnell, Lynn County, Texas, as herein above set out, shall have written or printed on their ballots the words: "Corporation," and those opposed shall have written or printed on their ballots the words: "No Corporation."

W. R. Sanderson has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding same and he shall make due return thereof to the County Judge of Lynn County, Texas, after said election has been held, and said election shall be held under the General Election laws of the State of Texas as near as possible. Said election was ordered by the County Judge of Lynn County, Texas, on the 13th day of April, A. D.

1923 and this notice is given in pursuance thereof, and I hereby certify that said notice above is a true and correct copy of said notice now in my hands.

Dated this the 14th day of April, 1923.

S. W. SANFORD, Sheriff of Lynn County, Texas.

IN MEMORY OF THE LIFE OF THE LATE W. R. SPENCER

Clipped from the Terry Co. Herald: The Herald is pleased to copy the following bit of history of the life of the late Judge W. R. Spencer that recently appeared in the Christian Observer, the Judge's favorite religious journal.

William Ratliff Spencer, born on October 7, 1853, at Greensburg, La., died January 14, 1923, at Lubbock, Texas.

In early manhood Judge Spencer moved to Brookhaven, Miss., and was admitted to the bar when a young man. During his stay of nine years at this place, he married Miss Carrie Pickens, December 23, 1883. One child Evan Wade, was born to them Jan. 16th, 1885.

In June 1886, Judge Spencer and family moved to Ballinger, Texas. In November of the same year he was elected county attorney of Rannels county. On October 27, 1892, the beloved son passed into the keeping of the Heavenly Father, the mortal remains being laid away at Ballinger.

In 1904 Judge Spencer moved to Brownfield, Texas. At this place he was instrumental in organizing a Presbyterian church, which denomination he had joined at Ballinger. For many years he taught the Bible Class at Sunday School.

In April, 1911, when the 72nd judicial district was created, Judge Spencer was appointed Judge. In November 1911, he moved to Lubbock, Texas. By the vote of his many friends, he retained the position of District Judge to the day of his falling on sleep at his home in Lubbock.

He was a Royal Arch Mason; a knight Templar, Shriner, Odd Fellow and a member of the W. O. W. "I am the resurrection and the life; he that believeth in Me, though he were dead, yet shall he live, and whosoever liveth and believeth in Me shall never die.

This is true because the Master himself left this statement. When one truly believes this, his will submits to that of the Father without asking why.

The only child of Judge and Mrs. Spencer was taken from their home at the time when his little heart was reaching out knowingly to meet theirs, no word of complaint was spoken. The will of the Almighty was met with bowed heads and a murmured, "Thy will be done."

The father heart reached out and took in a brother's son, Mr. Percy Spencer, who grew to manhood in the home of Judge and Mrs. Spencer. The three children of Mr. Spencer were the grandchildren in love of the Judge, the youngest, Caroline, being the apple of his eye.

The man of whom a brother Judge said, "His epitaph should be, he never went back on a friend," into whose outstretched arms little children ran, in whose sense of honor and justice all felt safe, on whose strength of spirit and tender love a wife rested, to whom the will of his God was his will—such was the man Judge W. R. Spencer.

"Let me die the death of the righteous, and let my last end be like his!" —A Friend.

LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of Cardui and Took It, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Buena McFarland, of R. F. D. 2, Bostic, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand.

"I was very nervous, and could not rest. I didn't feel like eating. I grew thin, and did not have ambition for anything."

"I had been trying other remedies... but did not get any better. "Some one told us of Cardui, and what it was recommended for. I also

took a Ladies Birthday Almanac and read of a case something like mine. I told my husband to get it and I would try it. "I saw a great improvement after the first bottle (of Cardui), so I kept it up until I was well. Now I am the picture of health."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others. Cardui has stood the test of extensive use, for more than forty years, in the treatment of troubles common to women. Try it.

Easy to Operate

"My Nesco Perfect is so simple and easy to operate that I allow my eight year old daughter to cook with it."

That is what one owner of a Nesco Perfect Oil Cook Stove voluntarily wrote and it just about tells the story. There is no "knack or trick" about using a

NESCO PERFECT
OIL COOK STOVE

It is as simple to operate as a gas stove. Best of all, the flame will remain set so that you can work in other parts of the house when the stove is lighted.

Are You Short of Kitchen Utensils

Do you have to keep the folks waiting for their meals because you are shy on cooking utensils? You can't make a few pans answer many purposes and at the same time get up a quick meal. You are foolish even to try it, considering how little it would cost to get everything you lack.

Our kitchen utensil stock is very complete. We have many little time and money saving devices which housewives can appreciate, besides all the usual necessities.
