DISTRICT INSTITUTE CLOSURE SESSION AT LUBBOCK

Lynn County teachers, both in the dependent and rural districts attended the district institute in Lubbock from Monday until Thursday last week, returning to their homes Saturday. They report a most successful and interesting session. County Superintendent of Public Instruction, E. R. Haynes, was elected president of the institute in 1923. Institute will be held in Lubbock next year. Following are the District Officers: District M. M. Dupre, Lubbock, District General. District F. P. Moss, Post, District Director. District H. P. Caviness, Tahoka, District Director. District M. B. Brown, Crosbyton, District Director of Essay Writing. District W. E. Patten, Plainview, District Director of Athletics. District Miss Mary E. Dunn, Lubbock, District Director of Music.

New Spanish Teacher

The trustees of the Tahoka schools employed Nell Foster, of Oglethorpe, Texas, to fill the position as Spanish teacher recently made vacant by the resignation of Prof. Foster. Prof. Foster will enter upon his duties here Monday.

Birthday Dinner

A sumptuous dinner was served at the Larkin House Saturday in honor of Mrs. J. N. Lewis' 82nd birthday. Mrs. Lewis has been a resident of Tahoka fifteen years and is dearly loved by all who know her. Those present at the dinner were: S. Wells, H. M. Larkin, S. J. Smith, Tom LeMond and families.

SCHOOL BEGINS MONDAY

Supt. H. P. Caviness, of the Tahoka schools, informs the News that school will begin Monday morning, January 1, promptly at 9:00 o'clock. The school has been dismissed for the past two weeks for the Christmas holidays and in order that the teachers could attend the district institute in Lubbock one week. It is hoped that every school boy and girl will be in his or her place Monday morning and that the 1923 session will prove to be the most successful part of the present term. Rev. B. N. Shepherd, pastor of the Crosbyton Baptist Church, spent Wednesday in Tahoka as the guest of old time friends, Revs. J. M. Fisher and J. F. Curry. Brother Shepherd reported everything as progressing nicely in his home town. He was also favorably impressed with Tahoka and our substantial improvements, including the paving of the streets.

Jno. R. Covey, formerly a resident of Tahoka, now residing in Lovington, N. M., was in town Saturday looking after business interests.

DEATH OF FERDURAND BECKER OCCURRED DEC. 23

Ferdurand Becker was born in Germany, September 21, 1844; died in Tahoka, December 23, 1922, age 78 years, 3 months and 2 days. He came to America when but a child and first settled at Pigna, Ohio. In the year 1866 he walked to Texas and has resided in this state since that date, having been a resident of Tahoka for many years. Funeral services were conducted at the Tahoka cemetery Sunday afternoon in the presence of a large concourse of friends by Rev. J. T. Howell pastor of the Methodist church.

GRASSLAND ITEMS

The cotton crop of this community is just about gathered. The yield has been much better than was expected at the beginning of the ginning season. To date, there has been ginned here 3,173 bales. There will probably be enough more ginned to make 3200. The gin run night and day a large part of the season, but was unable to accommodate the patronage, and a considerable amount of cotton went to other gins, that properly belonged to Grassland last season and this, have demonstrated to our obliging gin men, Thomas & Sons, that it will be necessary to increase the capacity of their plant in order to accommodate the increasing patronage of the community. Just what changes will be made has not been definitely decided as yet, but we have been informed that they contemplate duplicating their present four-stand plant on an adjoining lot. A rural telephone exchange has been organized at Grassland, and most everyone in the community has taken stock and will install phones. A switch board box and line material has been ordered and will arrive in a few days, and the system will very likely be in operation within a very short while. Mr. G. D. Howard, our popular garage man, has just completed a nice residence, which he will occupy when he returns from Lampassas county with his family. Mr. Taylor, from Coleman county, is building a modern four-room bungalow. Mr. Taylor will operate the switch board for the telephone Co. J. C. Walker and son are having erected a nice residence near the store. There is speculation as to who will occupy it when completed. The trustees of the school are having erected a nice bungalow for a teachers' home, which will soon be ready for occupancy. Frank Williams, our blacksmith, contemplates the erection of a residence in the near future. Henry Burkhalter, Jr., 14 year old son of Mr. and Mrs. H. P. Burkhalter is operating a radio set of his own construction. He has received messages from all Texas stations, also from Kansas City, and St. Louis, Indianapolis, New York, Los Angeles and others. This is somewhat of an achievement for one of his age. The Christmas tree at the Central church Saturday night was a decided success. The ladies had prepared an appropriate program for the occasion which was greatly enjoyed. The audience was attentive and orderly and everybody passed off the evening in a very satisfactory manner. T. M. Vaughn has purchased the barber shop from Mr. Newton and will operate same in the future. School will begin January 2nd. After a two weeks holiday. There is a good season in the ground and some farmers have already begun farming, and the outlook for another year is very promising.

SHELL EXPLODES IN HAND OF J. B. WALKER, JR.

J. B. Walker, Jr., was carried to the Lubbock sanitarium Saturday to have an operation performed on his left hand to remove a piece of shell, caused from the accidental discharge of a 32-caliber shell in his hands last week. J. B. Jr., was resting nicely from the wound and returned home the fore part of the week. It was at first thought that blood poison might have set up from the wound. He was hammering on the shell when it exploded.

NEWS FROM WILSON

The Christmas tree Saturday night was well attended and all had a nice time. Floyd Dawson and little son, T. E. and sister, Miss Pearl Dawson, of Wichita Falls, are spending the holidays with home folks. Mr. Bryan Deavers and Miss Stella Thompson were married Sunday, December 24th. R. C. Forrester and family, of Plainview, spent Christmas with Homer Scott and family. George Pilly and family spent Christmas with home folks. Mr. and Mrs. Tom Strickland, of California, were prospecting in our town this week. Mrs. Viola Swafford and children spent Monday at Walter Scotts. Miss Vera Pilly returned Tuesday to her work in Dallas, after spending Christmas with home folks. Wendell Medlin and family are visiting his folks in Haskell county, this week. Milton Cobb is spending the holidays with home folks.

FORDS COLLIDE AT LUBBOCK

Two Ford cars collided at the corner of Broadway and I Avenue Monday morning, at which time one of the most remarkable escapes from injury believed to have occurred in Lubbock was witnessed by a large crowd, when Mr. Williams, of Wilson, who was driving with one hand because an arm was broken several days ago, came from beneath his capsized car unhurt. The Fords were both going at a lively rate when the collision occurred, Williams' car having been at the turn when it was struck was an easy victim to the other car, the accident having happened so quickly that Williams was unable to leave his car.—Lubbock Morning Avalanche.

Christmas night, Mr. and Mrs. W. G. Briley entertained the boys and girls of the Intermediate classes of Central Sunday School. After a number of interesting games were played delicious refreshments of cake and ambrosia were served. All enjoyed the event to the fullest extent.

The New Year Program

BY PHEBE K. WARNER

Just a few more days and the old year will be gone. And the very next minute after it passes away the NEW YEAR will be here. Time never wastes any time. Time never stops between changes. Time has a daily, hourly, yearly program. And the whole universe works every second on scheduled time to carry out that program. The sun, moon and stars, and even the earth on which we live all come and go and move on schedule time. The days and nights, the weeks and months and the seasons of the year all work in perfect harmony to carry out Nature's program for each new year. And because of this perfect program there is always plenty of time for everything Nature wants to do.

What is the result? Every human being has absolute faith in TIME. Men know just how much time to count on for their years' work. They know that time will never fail them. Life may fail. They may go. But time will go on and on. And everyone of us knows that the days and hours and minutes will come and go just as they are scheduled. Even the chickens and the beasts of the fields know when to bring their work of each day to a close and go to a rest. And one of the most beautiful laws of the whole plan and program is that even our strength and our hours of rest and labor are all adjusted to Nature's perfect program.

What would our lives be like if "order were not the first law of the universe?" Would you change the plan if you could? Do you every get tired of the monotony of the days and nights and the seasons of the years. Herein Time has been most kind to us all again in giving us so many different kind of days and nights and seasons. But should you not want any cold winter days in your year, Nature and Time have so planned together that you can go where it is all Summer if you want to. Could anyone but a Great Infinite God have thought out such a program for all our lives?

Throughout the whole realm of Nature is there any lesson taught more forcible than the lesson of having a definite program for every day and every year of our lives? Have you learned this lesson? Did you have a program to live and work by for 1922? Did you go off by yourself somewhere about a year ago and make out a reasonable and profitable program for yourself for 1922? If so, how has it worked out? Have you carried out your 1922 program? Almost as plain as the radio we hear "no, no, NO!" coming in from all over this land of ours. And the sad part is that back of every NO is a disappointment in somebody's life. And you are saying "What a silly question. How could I work out my program for 1922 when it did not rain as I thought it would. And the markets went to pieces, and how could I help that? And I did not

count on being sick for weeks and losing my job and spending more money than I expected and losing both time and money." And there are ten thousand other reasons why most of us did not carry out our schedule, if we had one. But, nevertheless, don't you think it is a fine thing to have a program for the year? Don't you believe we could everyone accomplish more even in the face of unlooked for and unavoidable disappointments if we had a definite goal toward which were striving every day of the year?

Let's fall in line with Father Time this year and plan a definite program for ourselves for 1923. It cannot do us any harm and may help to hold us down to some definite, special work that we would let slip by without a program and a goal for 1923. The world is full of human wrecks tonight because so many of us have had no plan, no program, no goal to spur us on when things got in our way. Suppose the football boys gave up and quit trying everytime somebody tripped them or they failed to kick goal? When would they ever become a winning team?

Let's everyone get busy this week and make out our program for 1923. Write down on a slip of paper what you think you ought to do and what you know you can do and hide it somewhere, but do not forget what you have planned to make yourself do. If you are just starting out in life for yourself, maybe it is to save your first \$100. Maybe it is to get and hold a job until you are promoted to the salary you want. Maybe it is to finish school and enter college. No matter what it is go straight after it and keep going just like TIME and you will get there some day. You may not reach your goal on schedule time. It may be further away than you thought it was. But you will get there quicker if you keep going no matter how far away it is.

Have you a 1923 program for your business? Have you a 1923 program for your school, your church, your town? Have you a 1923 program for your county? How much more we would all accomplish if we only knew just what we were trying to do. Let's everyone plan our New Year program this week and be ready to start in on it at 11:60 p. m., December 31, 1922. No matter what the disappointments have been this year, be ready to take a new and even start again with the New Year. If you do not, when 1923 has rolled around you will feel just like you do now. "What have I accomplished this year that was worth a year of living?" And forty such years make up the average life and then the question will be: "Was life worth living?" The gift of another year of life is one that nobody should throw away. No human being has the right to waste anything so precious as a whole year of TIME.

HAGLER-JOHNSON

A large number of friends of the contracting parties witnessed the marriage of Miss Myrtle Johnson and Mr. Richard Hagler, Christmas Day, Monday, December 25th, at 3 o'clock, at the home of the brides parents, Mr. and Mrs. Will Johnson, in the Berry Flat community, just over the line in Borden county.

The ceremony was performed by Rev. J. F. Curry, missionary of the Brownfield Baptist Association, and was rather unusual, as both the bride and groom are deaf mutes.

The bride is well known here, having visited her sister, Mrs. Henry McDaniel, of this city, quite often, and has a host of warm friends in Tahoka.

The groom is a young man of sterling worth, esteemed by those who know him.

We join many Tahoka friends in tendering to this worthy couple, best wishes for an ideal wedded life.

THE LINCOLN AUTOMOBILE

Your special attention is directed to the Lincoln automobile advertisement, which appears in the News. The Connolly Motor Company of Tahoka, are agents for this popular car. This company are also authorized agents for the Ford cars.

Prof. W. Brown Bishop, of Lubbock, was in Tahoka this week representing the Simpson Electrical Co. of that city. Prof. Bishop is employed in the Lubbock schools and is employing his spare time selling an electrical contrivance during the holidays.

We will appreciate any news you can give us. Phone any news that you know of to No. 35.

WONDERS OF THE AIR

BY PHEBE K. WARNER

For thousands of years no one ever thought of using the air except the birds. Each human being used a few cubic feet each day for breathing purposes, and the trees and flowers and lower animals used a little to grow on. But nature's whole domain above our heads was left undisputed to the birds. No one ever dreamed of searching the air for beautiful things. For hundreds of years men turned their telescopes on the skies and delved around among the stars seeking new worlds in the firmament. What if they did find a new star? None of us could go to it. It did not make so very much difference to the world down here below. Most of us could not see it with our eyes. And there are more stars in the heavens than any of us can count anyway. Wonder where they all came from anyway?

But a few years ago Benjamin Franklin decided there was something in the air besides AIR. So he sent a kite up into the air one day and caught the lightning and drew it down to earth and conquered it and set it to work to serve the world. Then Mr. Edison came along and planned a way to produce artificial lightning and harnessed it to almost everybody's needs. And so universal have Mr. Edison's artificial lights become that men have almost ceased to depend upon the moon and stars by night.

And the thought of it all was born of the air. And then a little later men decided that birds should not have full control of the air. If birds can fly in the air why not men? Today men sail the air like ships at sea. And the bird-men are no longer an imaginary dream. And next people began to believe there were thoughts in the air. That one might speak a word or send a message on a sun beam through the air for miles, yes, hundreds of miles, yea, verily, thousands of miles to a friend far away. What's the use to string wires through the air or under the sea if a sunbeam will carry the message. Marvelous, unbelievable to the mere human mind, yet true.

But what has been the greatest accomplishment of the year Nineteen Hundred and Twenty-Two? Is it not the discovery that the air is full of wonderful things? Is it not the knowledge that we are all surrounded day and night with the music of the greatest artists of our day and nation? And to think that in a few more months and years we can all reach out in to the air and gather the music and the inspiration and the knowledge of our greatest men and women right into our homes! Universal education is coming in more ways than one. It is already in the air and

it will not be long until there will be a radio station at every school house in the land. And then education and entertainment and a new world of pleasure will be "as free as the air." Most of us have always been taught the value of pure air. But today the importance of keeping the air pure is greater than ever before. or it is human products that we find in the air. We go down into the earth to discover gold and silver, iron and coal, oil and gas, diamonds and water. But it is human voices, human spirits, human music and human thoughts that we gather from the air.

Are't you glad you live in such a wonderful day? But don't you know we will have to be more careful of what we say, lest somebody is "listening in" and will catch our thoughts and our words, that we would not have broadcasted for anything. Most of us have believed that the air contained a lot of material things. Scientists and chemists have proved that over and over. We have known for a long time there were a lot of material things in the air that we could not see, but who would have believed that the air was full of spiritual things that we could not hear? And just now the very air is full of the Christmas spirit, and the holiday spirit and the New Year spirit. And this year the Christmas bells will ring across the continent and the people will actually hear them. And the music of the great Christmas choirs will be broadcasted to the whole nation. And what a joy to know, to actually KNOW, that the Christmas carols are all about in the air whether you can hear them or not.

The spirit of 1922 has been one of broadcasting and receiving. Broadcasting the best in our country to the uttermost parts of the earth. No one will ever be able to measure the influence of this year's scientific accomplishments on the history of the future and the character building of our nation. One of the greatest lessons we have all learned is that for thousands of years men have shot their eyes and minds through infinite space seeking the material things in the skies, while the spiritual things were going to waste all around them. How many of us have made the same mistakes. We have missed the most beautiful things in our life in our search and greed for the material things. But if we would get into the spirit of 1922 before it is too late, we must join the radio fans and broadcast our Christmas cheer and our New Year spirit to the world believing that some one, somewhere will be listening in to receive it. Here's ours: "A Merry Christmas and many more. A happier New Year than ever before."

THE COLLINS NOVELTY DUO.

One of the very interesting big attractions on our Lyceum course is the Collins Novelty Duo, consisting of Mr. and Mrs. Clifford Collins, both of long experience in Lyceum and Chautauqua. This is a program that will appeal to all because of its rare versatility. Novelty musical numbers, solos and duets, and clever character sketches all combine for variety and interest. Mrs. Collins, formerly Miss Mary Louise Long, was associated with the Lincoln Ladies Orchestra and later with the Variety Sextet. She plays piano and saxophone. One very interesting feature of their program is a trio in which Mrs. Collins plays saxophone, while Mr. Collins plays cornet and piano at the same time.

VISION

LAST night I crept across the snow
Where only tracking rabbits go.
And there I waited, quite alone
Until the Christmas radiance shone.

At midnight twenty angels came,
Each white and shining like a flame.
At midnight twenty angels sang,
The stars swung out like bells, and rang.

They lifted me across the hill,
They bore me in their arms until
A greater glory greeted them,
It was the town of Bethlehem.

And gently, then, they set me down,
All worshipping that holy town.
And gently, then, they bade me raise
My head to worship and to praise.

And gently, then, the Christ smiled down,
Ah, there was glory in that town!
It was as if the world were free
And gladdening in purity.

There, in that vault of crystal blue,
It was as if the world were new,
And myriad angels, file on file,
Gloried in the Christ-child's smile.

It was so beautiful to see,
Such glory for a child like me.
So beautiful, it does not seem
It could have been a Christmas dream!
—John Farrar, in The World Magazine.

When Removing Seeds.

Use a fork to remove seeds from oranges or grapefruit. The result is most gratifying, as there is no waste of the precious juice as when a knife is used.

If the baby suffers from wind colic diarrhoea or summer complaint, give it McGee's Baby Elixir. It is pure, harmless and effective remedy. Price 35c and 60c. Sold by Thomas Bros.

When you feel lazy, out of sorts and yawn a good deal in the day time, you need Herbine to stimulate your liver, tone up your stomach and purify your bowels. Price 60c. Sold by Thomas Bros., Tahoka. 484tc

When you feel dull, achey and sleepy and want to stretch frequently, you are ripe for an attack of malaria. Take Herbine at once. It cures malaria and chills and puts the system in order. Price 60c. Sold by Thomas Bros., Tahoka. 484tc

Cutting off advertising may reduce expenses, but so does cutting your windpipe reduce the cost of living.

Purity and healing power are the chief characteristics of Liquid Borzone. It mends torn cut burned or scalded flesh with wonderful promptness. Price 30c, 60c and \$1.20. Sold by Thomas Bros., Tahoka. 484tc

Mr. Merchant

You Need the Newspaper

The newspaper of today is the most powerful medium of advertising on earth. In the old days the merchant may have thought he was a benefactor and that he was contributing his bit "as a public-spirited citizen" when he carried a two-inch space in the village paper every week in the year and generally without change of copy. Possibly he was.

But that is changed now. A new order has arrived. People read advertisements. Many find their greatest interest in looking over the advertising pages to get news that will save the money, and take it from John D. Rockefeller, the way to save your dollars is first to save your pennies. Advertisements today are right up to the minute. They are as fresh as the news of the world or the latest baseball score. Live merchants cater to live people and they know they must not alone be up to the minute, but they must be some distance ahead. They must anticipate the wants of their customers.

And they do. Turn to the advertisements in this paper right now. Just read what each one is offering. Notice the invitations for you to do business with them. Business men—that is the successful ones—know advertising pays big returns. Unsuccessful men don't advertise because they are unsuccessful. That's the answer. Look over the town right now and pick out the big firms. Advertising is the tonic that puts dividends in the banks.

Everybody reads advertisements today. Mr. Merchant is your advertisement in this paper?

A MAN about to hire a chauffeur asked each applicant how near he could drive to the edge of a precipice.

One said a foot, another said six inches, a third said two inches. But the fourth said, "I keep just as far away from a precipice as I can." He was hired.

Start the New Year by renewing your subscription to the Lynn County News, or if not a subscriber now, be on our list for 1923. Many good features will be published in forthcoming issues.

Merchants of Tahoka claimed to have enjoyed a rushing business in all lines Saturday of last week. It was the last shopping day before Christmas and late shoppers were making good use of the last moment to purchase Christmas gifts.

The Terry County Herald and the Lamesa Reporter announced in last week's issue that they would not publish any paper this week, taking the week off to clean shop and visit relatives and friends. The editor of the Post City Post was undecided as to whether or not he would issue a paper this week, telling his readers to wait and see. It is alright, we suppose, to take out a week and visit with the wife's kin folks, but the News editor prefers to keep right on the job, with the exception of two or three days probably. The News has not missed a publication day in five years, and it is not our intention to miss a week unless something unforeseen happens that we have no control over. Our readers can expect the regular visits of the News every week in the year.

Before the next issue of the News reaches our readers we shall have bid farewell to the year 1922, and shall be on our way across the uncharted course of the New Year 1923. Entering the new year should be one of rejoicing—not that all things are going as well as they should be, but because we have thus far safely passed through one of the most trying periods in the history of industry in general, due to the unsettled state of world affairs. As we look forward into the New Year the prospect is encouraged. All signs point to a revival of business, and to a satisfactory solution of many of the problems that have vexed us. New problems will constantly arise, no doubt, but the experiences of the past will prove of value in helping to solve those that may arise in the future. Let us have faith to go forward, rising above the petty annoyances, surmounting the obstacles that may confront us, broadening our vision as we take up the tasks before us, and thus growing into greater usefulness as we grasp the opportunities for greater service to those around us, to each other, to the world of business, and to mankind. As we extend the age old greetings for a happy New Year, we do so with the wish that to one and all may come the realization of fondest hopes fulfilled, combined with the joy and peace that surpasseth understanding.

The Lamesa Reporter came to our exchange desk last week containing 32 pages. It was their special Christmas edition, containing special write-ups of the advertisers and the history of the Reporter in Lamesa. All of which made interesting reading. This edition was a gem in make-up and press work. Editor Smith and son are doing a wonderful work in the development of their town, and deserve unlimited support in their efforts to push Lamesa to the front. Here's wishing the Reporter continued prosperity in the field of journalism in Dawson county.

A lawyer charges a man \$10 for ten minutes' conversation—the man

insists on paying it. A doctor charges \$1 for a prescription and the patient says, "Oh pshaw—is that enough?" An undertaker conducts a funeral and charges \$100 and he is just perfectly lovely with everybody inside and outside the family. A man buys a gold brick and apologizes for not having bitten sooner. An editor walks a mile and half in the hot sun to get the facts on a sudden death or wedding or social function and spends three hours in writing it up and tells lies and praises people till he hates himself. And if he makes an insignificant omission or error or charges 5c straight for three extra papers, he is a stingy cuss who never gets anything right and charges four times the price of city papers twice as large. In short he is a confounded most-any-old-thing and ought to be run out of town. Talk about the ice man! How would you like to run a newspaper?—Clipped.

HOUSEHOLD RESOLUTIONS FOR FATHER

I WILL NOT SIN. Never again will I touch the guest towel, for I have seen the error of my ways, and now know that guest towels are to be seen and not used; yea not even for a newly shaved face.

I WILL REVERENCE THE PARLOR. Verily, verily, no cigar stumps nor ashes shall I leave behind me, nor shall I lay my head upon the sacred embroidered cushion.

I WILL REFORM. The socks that are taken off at night, even so shall they be picked up by me and put into the laundry basket.

I WILL BE THANKFUL. For the cut glass berry bowl and the mahogany sewing table, for the synthetic toilet lotion, for the belligerent cigars; for these Christmas gifts will I show rejoicing.

I WILL NOT ANSWER BACK. Yea though the bills of the New Year morn are mighty as mountains, and I will walk in the shadow of bankruptcy, I will not lift my voice against thee.

I WILL NOT COMPLAIN. No, though goulash and croquettes be handed to me even unto the third evening, I shall hold my peace, and my desire for porterhouse shall be no more.

I WILL NOT STRUGGLE. That good-will may abide throughout the coming year, I cheerfully resolve to obey all the rules of the institution which harbors me. Amen.

Editor Smith, of the Reporter at Lamesa, is still not convinced that Lynn county will gin 20,000 bales of the fleecy staple this season. Pipe the words in his last issue: "We are not surprised at your saying you will gin 20,000, because we are acquainted with you and if you said 50,000 it would still not surprise us but new acquaintances may find out you have joined the Annias Club. Dawson county will get about 16,000 bales, not bull, this year."—Lamesa Reporter. Smith has the same as said that his neighbor newspaper man—The News, is a liar and the truth is not in us. We hardly know how the Chinaman, (for he shows that he is a "chink" when it comes to dating time) became so well acquainted with us. We are deathly afraid the folks in Lynn county will find it out on us, if Smith the ex-minister keeps blabbing it on us. Very well, Brother Reporter, we'll try to stay on the job here in Tahoka, until you think up something else that will serve to blacken our character. We need many more staunch friends like you Smith; it would put us in stronger with our readers, especially so, when a jaw-hawker like you seeks to run us down. Come up and get the bare facts from the gin plants of which there are eight in Lynn county.

WOODMEN SANITARIUM GOES TO SAN ANGELO

The Woodmen of the World, a national fraternal organization numbering 800,000 members and with a large membership throughout Texas, has begun the erection of a large tuberculosis sanitarium at San Angelo, Texas. This will be the first of four such institutions for the treatment of members to be built in different parts of the United States, according to Sovereign Frazier.

The selection of the site was a tribute to the climate of Texas. Sites were offered in New Mexico, Arizona, North and South Carolina, the two Virginias and New York. The board of directors of the Woodmen investigated these sites and decided on Texas location because of the mild, equable temperatures and beauty of the country in the San Angelo district. The climate of this region with its dry-pure air and perennial sunshine is famous as one of the most healthful and delightful in the United States.

The sanitarium will be known as "The Woodmen of the World Memorial Sanitarium."

To Every Father What sort of an example are you setting your boy—your neighbor's boy? Would you want him to do all the things you do, think all the thoughts that cross the screen of your life? If you tie that youngster to the church and to Sunday school, you will be doing him a lasting kindness—and helping the community and the nation as well. You can do that best by taking him with you to church. Show him that the only safe way of life is to follow the teachings of the Bible. Start next Sunday—and keep it up.

GILLHAM-UPTON

Miss Ruth Upton and Mr. Odell Gillham were united in marriage Christmas Day, Monday, December 25, at 2:30 p. m., at the Methodist church in San Angelo, Texas. Rev. S. J. Upton, father of the bride, officiating. Miss Helen Brashear, was maid of honor; Miss Zelda Willoughby was bridesmaid; W. B. Jones and Wesley Upton acted as best men. The bridal couple left immediately after the ceremony for their home in Happy, Texas. They visited Mrs. Gillham's sister in Plainview enroute. The bride lived in Tahoka a year and formed a large acquaintance of friends who join the News in wishing this popular couple a full measure of happiness and prosperity.

Misses Myrtle Barber of Abilene and Maurice Hardesty, of Slaton, are guests in the home of Rev. and Mrs. J. F. Curry, southeast of Tahoka.

ONLY VERY FEW HAVE PAID AUTOMOBILE LICENSE

Only a very few automobile owners in Lynn county have paid their automobile highway license tax for 1923, according to information given out to the News by sheriff S. W. Sanford. "Payments are coming in very slowly," stated Mr. Sanford, Wednesday afternoon. All motor vehicles must be registered by January 1st, or be subject to arrest and fine. It will be a violation of the law to operate a motor car after this date without a new license plate.

Sheriff Sanford urges that all automobile owners and motorcycle drivers come in at once and secure 1923 number plates.

BUILDING ACTIVITIES CONTINUE IN TAHOKA

New residence buildings continue to spring up in Tahoka, as well as all over the county, which is a good sign that our farmers and business men are in better shape financially than for several years past. The local lumber concerns are crowded with wagons each day carrying out building supplies for making new improvements. All towns and communities in Lynn county are enjoying a steady substantial growth.

MARCONI TALKS OF RADIO

In the forthcoming issue of The Lynn County News, dated January 5th., 1923, Guglielmo Marconi, inventor of wireless telephony, talks of the radio and its future possibilities. Broadcasting came into existence early in 1920, and its progress has been the marvel of this century. Read about Radio in the News of issue Jan. 5th.

THE TEXAS RANGERS

James E. Gillette, ex-sergeant Battalion "A," Texas Rangers, writes a chapter in our Magazine section, issued Friday, January 5th, 1923, on the Texas Rangers. Its a romantic story dating back to the first ranger force in 1836, when General Sam Houston organized 1,600 mounted riflemen for the defense of the Texas borders. It was the rangers that helped to win the battle of San Jacinto.

\$1 SCHOLASTIC APPORTIONMENT ANNOUNCED BY STATE

An apportionment of \$1 per capita for all scholastics in Texas, the first in this school year, was announced by the Texas Board of Education Monday of last week.

The weekly press of West Texas, we believe, will stand comparison with the weekly press of any other region of the United States. There are three or four dozen weekly newspapers coming to the Reporter's exchange table from all parts of West Texas, and the standard of excellence is remarkable high. Like her business institutions, her churches, her schools her farms and her people in general west Texas has a country press that sets a high standard of merit. The papers are forward-looking, entergetic, clean and comprehensive. And this is one of the big reasons why West Texas is up and coming.—Abilene Daily Reporter.

Dependable and Durable

The Oliver Nos. 16 and 17 listers have proved by years of field performance that they are dependable and durable and that they completely meet the requirements of the farmer who needs a one row lister.

The Oliver Nos. 16 and 17 are two wheel listers equipped to plant corn, cotton, peanuts and other row crops. True running bottoms characterize these Oliver listers insuring smooth and even furrows. The frame is sufficiently strong to withstand all stresses to which a lister is subjected.

Accuracy of planting is obtained by use of a seeding attachment that will not skip or bunch the seed. The seeding mechanism is driven by a chain operating from the main axle.

Dependable, accurate listing is assured with Oliver equipment.

"Built Me Up"

"I USED CARDUI for years and it did me more good than any medicine I ever used," writes Mrs. M. C. Ragsdale, of Fort Towson, Okla. "I used to suffer with womanly trouble that weakened me until I was a mere shadow, nervous, and could not sleep. I did not feel like I could live.

strengthened me and, as 'twas recommended to do, it regulated and built me up till I was like another woman."

If you are weak, run-down and feel that you need a tonic, take Cardui, the woman's tonic, the tonic about which you have always heard, the tonic that helps weak women regain their strength.

Cardui acts on the womanly system and helps relieve pain and discomfort due to female ailments.

"It seemed that nothing helped me till I heard of Cardui and began to use it. It

Opie Read

The man who edited, published and wrote the Arkansas Traveler for a number of years established himself as a humorist. But his reputation being to satirize and make people think, as well as to amuse them, he turned to novelistic effort. The result has been a large number of typically American tales, mostly about the South, which, for plot, character drawing, narrative power and other qualities, have caused him to be compared favorably with the leading fiction writers of the world.

Mr. Read was born in Tennessee, but has lived for a number of years in Chicago. Formerly he wrote no many stories—and amazingly good ones, too—that people all over the country began to read. He is about 70 years of age, but in appearance a spry and a contented young man. Having become one of the most popular fiction writers, his time is almost entirely filled with Christmas, Lenten and other festive copywork, but he still manages to turn out a novel now and then. We have been fortunate enough to secure "Patriotic Hero," his latest delightful tale of the old Southland, to be seen in a serial in this paper. Watch for it.
