Co. Takes Action On Food Program

Lynn County has taken action on the surplus commodity distribution food program according to County Judge V. F. Jones. The move came before a judgement by U. S. District Judge W.M. Taylor Jr., in Dallas, on Dec. 30, 1969, directing the U.S. Department of Agriculture to put into effect immediately, or by March 5, 1970 the commodity distribution program or Food Stamp Program in every Texas area that has no food program.

Arrangements for transfer of the funds from the Department of Agriculture's Food and Nutrition Service to the Texas Department of Public Welfare were made Monday, Jan. 5, at a meeting in Austin between State Welfare Commissioner Hackney and representatives of the Southwest Regional Food and Nutrition Service office.

These funds are specifically marked to help county governments, in cooperation with the state, start food donations to low income families. A portion of this money is available to Lynn County so it may begin a Food assistance program at no cost to the county itself.

The county has rented the building on Brownfield Hwy at the water tower and have engaged the services of E. B. Gaither to manage the program.

The only actual cost to the county will be a small rental fee, labor and the cost of picking up the commodities.

Judge Jones said that he would like to stress that the program would not encourage laziness, that it was based on total wages and income and that an able bodied person capable of acquiring employment would not be eligible unless his earnings were inadequate and only then if he continued his employment. The program is primarily for widows, disabled, aged and low income persons unable to make sufficient earnings.

Vehicles Demolished In County Wreck

On January 15, 1970 at 8:30 a.m. on U.S. 87 at its intersection with a County dirt road 3.4 miles N. of Tahoka, a 1968 Buick driven by Gary Turner

of Big Spring was struck in the side while traveling S. on U.S. 87. The other vehicle, a 66 Ford pickup, was driven by Manuel Zavala, Jr. of Slaton.

The pickup was going east on the county road when it attempted to cross U.S. 87 and struck the Buick. The Buick skidded down the median turning over several times. The Buick came to rest on its top and the driver was thrown some 25 feet from the vehicle. The Ford pickup came to rest in the south bound lane of U. S. 87.

Gary Turner, driver of the Buick, was taken to Methodist Hospital in Lubbock by White's Funeral Home Ambulance of Tahoka. Driver of the Ford pickup, Manuel Zavala, Jr. and son escaped injury. Turner was reported in good condition at Methodist Hospital with back injuries. There was heavy damage to both vehicles.

C. Edmund Finney Will Speak to Photographers

Softball League To Meet Monday

The Tahoka Softball League will hold a meeting Monday, Jan. 26, at 8 p.m. in the Lynntegar Warehouse meeting room on South 1st Street.

All players that played last year are asked to bring their shirts to the meeting. Some of the shirts have been turned in, but not all of them.

Persons who did not play last year but want to play this season are asked to attend.

If there are enough interested persons in O'Donnell, New Home and Wilson who want to get in with the league are also asked to attend.

As many as possible are asked to come to the meeting, so we can get the new league officials elected and organize the coming season's programs.

Miss Mary Ellen Wyatt returned Sunday from Villa Hermosa, Mexico where she helped in Bible school for the Mexican people there. There were about twenty-five young people from Lubbock and Valley Mills who helped.

In my capacity as a board member, I would like to relate some of the things I have been privileged to do for the residents of this area.

"I was able to help secure appropriations of \$1 million for the Saint Mary's of the Plains Hospital in Lubbock and, this year, was instrumental in helping secure funds of more than \$500,000 to build a new hospital for Terry County at Brownfield. Also, I have been privileged to help the town of Tahoka with receiving appropriations of more than \$3000,000 for a new Lynn County hospital.

"Within the past two months, I was able to assist the city of Plainview complete plans and acquire additional funding for another new hospital facility.

"THESE ARE SOME of the things I have done for our local area, and I am hopeful they will serve only as a beginning for things I can do for our community and the Counties of Martin, Dawson, Andrews, Gaines, Yoakum and Lynn. I feel that I have had my training on the job and that I can help our entire district achieve greater and better things for increased progress among all our people."

"Our daughter Pamela, is married to Monty McMinn who will receive his Doctor of Medicine in June. She teaches emotionally disturbed children at the John Sealy Hospital in Galveston.

"I WAS ONE OF the first physicians from the West Texas area to be appointed to the State Board of Health and received my appointment from former Gov. John Connally in 1966.

Louie Hendricks Brings Program At Rotary

Louie Hendricks of Cal Farley's Boys Ranch at old Tascosa, northwest of Amarillo, presented the program at the Rotary Club last Thursday.

During a brief talk he thanked local people for help they have given the ranch, and stated there are now 350 boys aged two to 18 years of age from 38 states who have a home at the ranch.

The ranch has reclaimed hundreds of boys in trouble and from broken homes, gives such boys "a shirt-tail to hang on to," gets them through high school, trains them in a vocation and turns them out into the world as useful citizens. Boys Ranch is supported entirely by public subscription.

Mr. Hendricks showed the latest movie on the ranch, "It's Easy to Smile," which gives an insight to the work and progress of the ranch.

18 Accidents In Lynn County In December

The Texas Highway Patrol investigated 18 accidents on rural highways in Lynn County during the month of December, according to Sergeant Hal Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in 11 persons injured and an estimated property damage of \$16,490.00.

The rural accident summary for this county during the calendar year of 1969 shows a total of 84 crashes resulting in four persons killed, 76 persons injured, and an estimated property damage of \$81,677.00.

What will the decade of the 1970's be traffic fatality wise in Texas? Here are some facts that could give you an idea. There were 25,000 persons killed in Texas traffic during the 1950's and 30,000 killed during the 1960's. If the past and present trend continues the 1970's will be another record decade.

The Sergeant reminded all motor vehicle owners that still have their inspection stickers on the lower right-hand side of their windshields that April 15 is the deadline for having the new stickers placed on the lower left-hand side of their windshields. Only about 16 percent of the registered vehicles in this county have been inspected.

L. H. Moore Sr. of Rt. 1, Wilson, Texas renewed his subscription to the Lynn County News the 54th time last week. Mr. Moore was 86 years old January 10. We don't know if anyone has taken the paper longer than 54 years or not but I imagine this is pretty close to a record. If anyone has taken the paper longer than this we sure would appreciate hearing from you.

The Lynn County News had a distinguished visitor last week in the person of Dr. C. M. Phillips, Chairman of the Board at the First National Bank. I first met Dr. Phillips when I was employed at the Levelland Daily Sun News by Forest Weimhold. Forest along with Dr. Phillips and several other gentlemen were instrumental in getting South Plains Junior College and other industries at Levelland. We are very fortunate to have a progressive man such as Doctor Phillips associated with an institution such as the First National in our town. I almost forgot one important thing. Dr. Phillips is a graduate of Texas University and a great Longhorn supporter. Oh! I almost forgot, I may need a loan next week.

The Lynn County News would like to urge residents of the County to register to vote before the January 31 deadline. It is of great concern to us that voter registration totals are down in the small and medium population counties. It is essential for good government that the people in the rural areas and small towns of Texas register so their voice can be heard through the ballot boxes on election day.

All eligible Texans must register before the January 31 deadline, including those senior citizens over 65 years of age who reside in the rural counties of Texas.

Don't forget the coming Tahoka Chamber of Commerce's Farmer-Businessman's Banquet coming up next Monday night, January 26. Tickets are available from most Chamber office. Gus Mutscher will be Speaker at the Banquet and everyone should really enjoy this get-together.

Dr. Price Announces Candidacy For State Representative Post

Dr. Noble H. Price of Lamesa formerly announced his candidacy this week for State Representative from the 73rd Texas Legislative District. In making his announcement for the office, Dr. Price submitted the following statement:

"AS A CANDIDATE for this office, I would like to stress that people come first in an effort to strike a balance of interest among the voters throughout the district and to increase the vital atmosphere of mutual trust. We have many complex problems today, and I know that we need to find a common language, common interest and reach common decisions. There is also a need for a language of common friendship.

"We need someone in the legislature who can respond with a resolute 'no' to many of the socialistic bills and ideas. I know that we need to view and review our opportunities for development of basic industry in this district, and I believe we must strengthen and expand our existing industry-particularly agri-business, oil and gas, water and ranching.

"Also, we need to do everything we can to stabilize this basic industry.

Linda Huffaker, CHD Agent, Says....

Extra eggs, yolks or whites? Freeze them.

But do not freeze whole eggs in the shell; water inside will expand and break the shell. Break each egg and examine it carefully. Freeze only high quality eggs.

Egg whites will freeze successfully without additional ingredients, but egg yolks become gummy and lumpy after thawing. They will not blend well with other ingredients unless you add a stabilizer.

To prevent this change in the yolks, add a small amount of salt, sugar or other edible ingredient before freezing. You also may add the ingredient to whole eggs you freeze. The choice of additive depends upon the use of the eggs after thawing.

For example add salt to yolks if you'll use later for mayonnaise or noodles. Add sugar if eggs are used later in baked goods.

Each cup of egg yolks should be blended with one tablespoon sugar or corn syrup or one half teaspoon salt.

Freeze eggs in the amounts that you'll use at one time.

Women like a bargain. But at the food market, deciding whether a bargain is a bargain involves lots of consideration. Use this motto as a guide: Know why when you buy. Have a basic plan and keep informed concerning the foods you buy regularly.

Determine a good buy by the quality, food value and family preference factors.

Are older people slow to learn, rigid in their thinking and set in their ways? Some are, but most are not. Study after study shows that older people still are good learners. Fifty-year-olds in one study made higher scores than they did on the same tests 30 years before in college.

Girl Scout Fund Drive To Begin This Week

The fund appeal of the Girl Scouts of the South Plains, is one to which we can all respond with full confidence that our contributions will be used in one of the most worthwhile and valuable programs available to girls. The Tahoka Jr. Study Club is proud to sponsor the Girl Scouts of Tahoka and this drive.

The good will and public confidence which the Girl Scout organization enjoys both here in Tahoka and in communities across the nation is not just a happy accident. It results from a well-developed and creatively presented program which fills basic needs of our young people - the need to express growing personalities through working and playing together; the need to make decisions that involve them and to abide by the consequences; the need to broaden their outlook through learning more about their community and the world they live in.

through the coming year, the Girl Scouts, in Tahoka must raise a total of \$575 in their annual fund drive. This will be done through personal solicitation and door to door canvassing. Your contribution to the Girl Scouts will help maintain its present program as well as add the services of professional staff, services of a Council in training, program and camping, and to expand this program so that even more girls can participate. Give and give generously with the knowledge that you are helping where it counts most - the young people on whom the future depends.

Growing up is a very hard thing to do. Always has been. Remember? Sometimes reading reports about youngsters in deep trouble, we've thought the process must be getting harder than ever.

Surely the pressures are greater, the pace faster, but have basic values really changed so

much since we graduated from the bubble-gum set? We think most adults and at least 90 per cent of our youngsters still care about old-fashioned virtues like honesty, fairness and self-reliance.

This week we all have a chance to prove our ideas are as modern as launching pads, as contemporary as rocket fuel. This is the week the Caprock Girl Scout Council begins its annual campaign in this area. By contributing to this campaign we can express our confidence and belief in the future of our community, our country, our world.

Ever day the Girl Scouts reaffirm enduring edials by helping more and more of our girls to grow into the happy, healthy, responsible women and wives we'd like to see them become. If you wish to contribute and are not notified, you may call Mrs. Jerry McKibben or Mrs. Kenneth Stewart.

Auto Inspection Due April 15

With the State's April 15 motor vehicle inspection deadline approximately 90 days away, large numbers of Texas motorists have yet to take their vehicles in for the mandatory annual safety inspection.

Colonel Wilson E. Speir, Director of the Texas Department of Public Safety, today urged all motorists whose vehicles have not been inspected to visit an inspection station as soon as possible. "Those getting the inspection now will avoid long lines which are certain to develop at many stations as the April 15 deadline draws near," he said.

The DPS Director noted that Texas adopted an annual inspection program on September 1, 1969. All vehicles inspected since that date have had the sticker placed on the left side of the front fender to show the month of expiration.

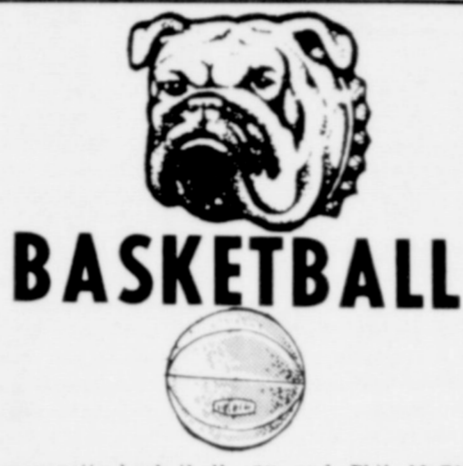

For example, vehicles inspected in September have the number nine displayed and will require reinspection before September 30, 1970. Those inspected in October have the number 10 and must be re-inspected before October 31, 1970. Vehicles which are inspected in January will bear the number one and reinspection will be required before January 31, 1971.

All vehicles which currently have a sticker on the right side of the windshield have not been reinspected in compliance with the new law, and their owners have only until April 15 to visit an approved inspection station.

Highlights And Sidelights From Your State Capital

SkYROCKETING welfare costs may hit the \$1 billion a year mark in Texas within a decade, a State Welfare Board member predicts.

Burton G. Hackney, Welfare Commissioner, sees a very real possibility that his budget for the important "Aid to Families with Dependent Children" program may be exhausted this biennium. If that happens, another cut in AFDC benefits may be necessary.

"The \$80 million a year welfare ceiling (approved by Texas voters only five months ago) now seems completely unrealistic (in view of) demands we will have to face within the next four to five years," said Louis R. Sarazan of Fort Worth, Welfare Board secretary.

Sarazan's comments followed reports by Hackney of rising costs in all the major state assistance programs.

Total public assistance payments during the past fiscal year came to \$364.3 million, some 25 per cent of which was paid with state funds.

KIDNEY DANGER SIGNALS

Getting up nights, burning, frequent or scant flow, leg or backache may warn of functional kidney disorders—"Danger Ahead." Give a lift with gentle Bukets (take only 3 tabs a day). Flush kidneys, regulate, passage. Your 48 cents back if not pleased in 12 hours. Now at Collier-Parker Drug Store.

Welfare rolls have increased at the rate of 10,262 a month in AFDC since August. Federal court cases and agency rulings relaxing eligibility requirements, together with increased population, account for most of the growth.

AIRPORT AID--Texas Aeronautics Commission granted five requests for airport construction and improvement grants, each to be matched at least 50-50 by the local entities.

Granted were the applications from:

Brenham--for construction of an additional apron and taxiways and extension of the runway, \$27,500 (the maximum allowable grant under the appropriation);

Dumas--acquisition of additional land and removal of a power line, \$9,900;

Marshall--restoration of runway lighting and acquisition of additional land for runway extension, \$13,200;

Rockwall--acquisition of an additional clear-zone easement and resurfacing of the existing runway, \$9,600; and

White Bluff (Hill County Water District)--construction of a new airport, \$27,500.

Application from Beville for a \$16,000 grant to construct a taxiway and grade a crosswind landing strip was delayed until the town assures the Commission it will eliminate a power line crossing the end of one runway.

Appointments--Gov. Preston Smith designated Dallas attorney Manuel DeBusk chairman of the Coordinating Board, Texas College and University System. He succeeds Tom Sealy, Midland.

Smith re-established the Governor's Commission on Status of Women in Texas and named Mrs. Margaret Brand Smith, a Dallas attorney, chairman of the 120-member body.

Governor also made these appointments:

Judge of new Harris County juvenile court--Sen. Criss Cole of Houston.

Committee on State and Local Tax Policy--Hulen Marshall of Houston, John McKee of Dallas and Hugh H. Loewenstern Sr. of Amarillo.

60th District Judge--Former State Sen. Jep S. Fuller of Port Arthur.

Governor's Committee on Aging--Mrs. Louise Massey of Monahan, L. G. Vawter of Houston and Carl D. Levy of Beaumont.

Brazos River Authority Board--Hugh (Jack) W. Dobbs of Hillboro.

State Board of Tuberculosis Nurse Examiners--Miss Mildred I. Blair of Cisco (reappointment).

Fine Arts Commission--Gilbert M. Denman Jr. of San Antonio, Mrs. Mary Lou Brayer of San Angelo, Russell R. Waterhouse of El Paso, Harold J. Elias of Longview, Dr. John Biggers of Houston and Mrs. Frances M. Holden of Lubbock (reappointment).

Chairman, Joint Interim Water Study Committee--Rep. John Allen of Longview.

Upper Colorado River Authority--Guy C. Jackson, Clyde Parker and Arthur Lochte of Kerrville and Jasper Moore of Ingram.

Crime and Narcotics Advisory Commission--Dr. Bobby Gene Smith of Arlington, James M. Ray of Austin and J. Wonne Hande of Dallas.

State Board of Podiatry Examiners--Dr. Bernard J. Hersh of Dallas and Dr. Joseph Ordle of Fort Worth.

Canadian River Compact Commissioner--William Andrew Clifford of Lubbock.

Judge, Domestic Relations Court No. 1 for Harris County--Wells Stewart of Houston.

Oil Production Held Steady--rail

Railroad Commission set the statewide oil allowance for February at 68 percent of Potential, highest for the month since 1953.

Figure is the same as for January. It will permit a maximum production of 3,732,919 barrels a day. Actual production is estimated at 3,250,500 a day.

None of the 14 major purchasers of crude asked for an increased allowance. Ten recommended the same factor and four saw a declining need for the month. Big buyers suggested a daily allocation of 3,226,192 barrels.

Courts speak--State Supreme Court set February 11 to hear arguments in a court case testing whether governmental units (Brownsville Navigation District) are immune from lawsuits for breach of contract.

High court held that a Jefferson County woman who claimed she got scalp blisters from using "New Dawn" hair coloring was not entitled to damages.

Also set for February 11

review is the appeal of a Marshall theater operator from a \$31,250 damage verdict awarded a girl who was hit by a liquor bottle thrown from a movie house balcony at a midnight show.

District Judge Herman Jones of Austin denied an injunction to prevent construction of a golf course at Meridian State Park. Federal court earlier dismissed the suit.

Third Court of Civil Appeals upheld a lower court decision that a Houston bus company must get a Railroad Commission certificate for space center tours and other routes outside the city. All three judges wrote their own opinions, one dissenting.

Attorney General Rules--Fraternals and veterans organizations do not have to collect sales taxes on mixed drinks served to members, Atty. Gen. Crawford Martin ruled in a new opinion.

Martin also said that a new law requiring free kindergarten programs during the 1970's did not allow for all "practical problems" and may need adjustments.

In other recent opinions, Martin concluded that:

State Board of Insurance is required to fix and maintain fair, reasonable and just insurance premium rates, and auditing may become a means of enforcement, even where the agency obligation under law extends only to approval of forms.

Majority of the members of Burnet County Hospital Authority Board of directors must be appointed by the board and remaining members by the Burnet County Commissioners Courts.

Architects are excluded from provisions of the Texas Professional Corporation Act but may incorporate under the Texas Business Corporation Act.

An application for registration in the state meets legal requirements of the Engineering Practice Act when the applicant changes the affidavit by marking out the words "sworn upon oath" and writes in "affirmed".

Car Inspection Deadline--April 15 is the deadline for motor vehicle inspections. Texas adopted the annual inspection program September 1. Vehicles inspected in January will bear stickers with "No. 1" and won't be up for reinspection before January, 1971. All cars which still have old stickers on the right side of the windshield have not been reinspected in compliance with the new law, and owners have until April 15 to visit an approved inspection station.

Draft Call--February draft call for Texas is 929. No man will be ordered for induction with a random sequence number higher than 60, says Col. Morris S. Schwartz, state Slective Service director.

February draft call for Texas is 929. No man will be ordered for induction with a random sequence number higher than 30.

State quota for pre-induction physical and mental examination, draft boards will order I-A and I-A-O men of 1970 random selection sequence group before men born in 1951. The 1970 group contains men born 1944-1950. National call for February is 19,000.

Short Snorts--Governor Smith and Lieutenant Governor Ben Barnes will head the delegation of Texas Democrats flying to Miami Beach, Fla., Feb. 5 to participate in the Nationwide Democratic Fund-Raising Gala.

State Comptroller Robert S. Calvert, 77, has filed for re-election.

Department of Public Safety completed the first phase of its war on dangerous drugs when

61 officers and officials finished an intensive course on combating the problem in their areas.

Republican Congressman George Bush of Houston announced for U.S. Senate pegging crime, fiscal policy and the Vietnam war as foremost issues.

Governor Smith has approved a \$218,540 community action grant for Star County, a \$218,826 grant for Hidalgo County, a \$48,893 grant for Jim Wells county (anti-poverty projects) and a regional planning assistance grant of \$106,610 for the Houston-Galveston Area Council (an eight-county area).

Lt. Gov. Barnes named Sens. A.M. Aikin Jr. of Paris and Tom Creighton of Mineral Wells to Legislative Budget Board.

Attorney General Martin deposited \$161,600 in anti-trust suit collections in the state treasury last week.

Tahoka PTA Meets Tuesday

Tahoka Parent Teachers Association held its regular meeting Tuesday, Jan. 6 in the school cafeteria. The Executive Board held its meeting at 7 P.M. before the regular assembly. Mrs. Dean Bartley called the meeting to order and Robert Ryan gave the invocation. Minutes of the November meeting were read by Wanita Kelly in the absence of Mrs. Boyd. Bill Chancy gave the treasurer's report and the organization is in good financial condition.

The nominating committee for the officers for the coming year were elected. They are: Wanda Faye Smith, Mrs. Jacky Henry, Mrs. Edward Bartley, Robert Ryan and Mrs. Leonard Bennett.

Room count was taken and the sixth grade, Mrs. Clinton and Mrs. Ash's room won.

Mrs. Mary Breechen introduced the speaker, Mrs. Wilmer Smith. Mrs. Smith is the Past President of the National Extension Homemaker's Council and also has served on the Presidents Council for food and nutrition; she gave a very interesting program on "What Community Forces Influence Education". Mrs. Smith said that the home is the first institute of education and development. Could it be that we are producing offspring that are a feeling of emptiness? She says the teenage meaning of soul is the total concern about the ideals of others. Parents are the Nation's mind builders so we all have a big and important job to do.

After the program the meeting was adjourned and refreshments served. The homemaking girls taking care of the children were: Cathy Leverett, Dahlia Gutierrez, Anita Arellano, Sheri Short, and Helen Calvillo.

The program for next month will be given by Mr. Joe Burks, academic principal, Lubbock State School on Learning Disabilities.

Bill Griffin, County Agent, Says....

Forage testing can take a lot of the guess out of the quality of the forage you are feeding, reminds County Agent Bill Griffin.

The nutrient content of forage crops varies so widely that it is difficult to precisely calculate rations for best performance using average values for a given forage.

Recent analyses of some Coastal Bermudagrass hay show the crude protein content varied 3.3 to 17.2 per cent. Protein content of alfalfa varied from 8.7 to 23.2 percent, he said. A wide variation was also noted in other quality factors.

Thus, it is easy to see that average values cannot be used with confidence in most cases. Underfeeding will result in decreased productivity and overfeeding in wasted nutrients, he said. In either case, profits will be lowered.

Forage sampling supplies and information on how to take a sample are available from the offices of County agricultural agents. Samples may be sent to the Forage Testing Laboratory at Texas A&M University or to a facility in the area.

Different type tests are available. Feeding recommendations are included when a complete analysis is requested. The county agent noted that he would be glad to discuss forage testing and the fees involved with any interested livestock producer in the county.

CARDS OF THANKS

Card of Thanks We want to take this opportunity to thank you for your support of "Operation Christmas". Thank all of you wonderful people of Lynn County for your contributions, you help in getting addresses, the cookies and candies you made and all the many other things. We feel like this is a worthwhile project and would like to share a letter of appreciation from one of the Service men.

May God bless you for your kindness, Lynn County Service Men's Club

Dear Friends: A note to express my appreciation for the package and especially the though behind it. I received it in today's mail. Anytime is a difficult time to be away from home and family, but Christmas is especially difficult. This is my second tour in Vietnam and of course my second Christmas.

It is a real privilege to serve with the young men of our Army. These are America's finest. It's not good that we have to be here, but I am happy to represent the church and to serve with them. Your organization is doing something for them that is so important. That is to be remembered. So often times it seems as if they are forgotten.

Again, let me express my thanks for the gift and the thought behind it. Thanks a lot.

Sincerely, John A. Rakestraw

School Census To Be Taken

The annual school census enumeration for the Tahoka ISD will be conducted during the week of January 26, according to Harold C. Reynolds, Superintendent of Schools. Although the 61st Legislature redefined "scholastic population" as children of scholastic age in average daily attendance in the public schools of Texas and provided for a census enumeration each five years, it provided for the 1970 census to be taken as in previous years.

Monday, January 26, Tahoka ISD students will receive census forms to be taken home with the request that such forms be completed by the parent or guardian and returned to the school which the student attends by Wednesday, January 28.

Past Days In Lynn County

At the luncheon club Tuesday new officers were elected for the year. Rev. George A. Dale was elected president, Bill Sewell - vice president, and Buster Fenton-secretary; succeeding J.K. Applewhite, W.S. Anglin, and Frank P. Hill, respectively.

Brief talks were made by the new president, the new vice-president and the retiring president, all touching on the future year's prospects. The Rev. Dale stated that one of his prime objectives would be to increase the membership.

John Slover handed us the biggest lemon last Friday ever handed us by anybody. It was a real lemon, brought back by him from California.

He and his family recently visited relatives at Pasadena and Los Angeles, and one of them gave him this jumbo lemon, which looked more like a small smooth-rind muskmelon than the fruit of a tree.

John says that the entire family greatly enjoyed the visit and the trip.

Honoring Mr. and Mrs. Truett B. Smith who were married December 27, Senator and Mrs. G.H. Nelson and Mr. and Mrs. Fred B. Hegi entertained with a neighborhood party Friday evening at the Nelson home.

A three course buffet supper was followed by bridge. Appointments were in yellow and white. The table was centered with a wedding scene.

Mrs. Sam West of Lubbock won high score for women in the games. D. W. Gaignat won the men's score. The hosts presented the honor guests with a handpainted tea pot.

Guests were Messrs. and Mrs. R.P. Weathers, Gaignat, West and Smith, Miss Mary Jane Weathers and William H. Sewell.

The bride is the former Miss Lucille Hunt of Claude. Mr. Smith is district attorney.

The Wilson gymnasium was the scene of the Lynn County basketball tournament last Saturday when the Draw five defeated Wilson in the final game by a score of 35 to 21.

Both teams had much support from a large crowd that yelled throughout the entire game. From whistle to whistle both Wilson and Draw seemed determined to win the game; however, Draw took the lead from the starting play and refused to retreat. Scoring the first six points of the contest, Draw played "heads-up" ball, never fumbling, passing expertly, and exhibiting excellent team work.

The Wilson team played hard and threatened to take the lead several times. For many years Wilson has had one of the best basketball teams on the South Plains, and fans who saw the game Saturday were convinced that both Draw and Wilson are "top cream". Throughout the game, good sportsmanship was demonstrated by both teams. Leading up to the final game the Draw team defeated Wells 41 to 35, New Home 20 to 51 and Grassland 55 to 7, making

the total, Draw 173, opponents, 89.

The Draw Longhorns will represent Lynn county in the district contest which will likely be played in Lubbock soon. Coach Dalley's squad is composed of the following men: W. Florence, C. Florence, C. Stone, W. Williams, C. White, M. Willingham, P. Hensley, R. Tyler, and T. Willingham.

Mrs. Maurice Small of Sudan is still suffering intense pain at intervals in the home of her parents here, Mr. and Mrs. D.B. English, as the result of a highway accident Saturday night as the family was coming to Tahoka.

At Woodrow, a car suddenly dashed upon the highway from a side road immediately in front of Maurice's car. He swerved to one side and at the same time threw on the brake to avoid a collision, and Mrs. Small thrown against the side of the car. An upper tooth was broken off, her lip terribly bruised, and a head injury inflicted. Her condition is gradually improving.

Tahoka Bulldogs will attempt to conquer Odessa in a game in that city tonight, Friday. Odessa formerly played Class A football, and always has a very strong team. Although Odessa is rated several touchdowns stronger than Tahoka, the local team is conceding nothing. They say they are going to Odessa to win.

Few fans will follow the team, due to the distance; however it is predicted that those who go will see a real game of football.

Tahoka has won over Crosbyton, Meadow and Post and lost to Littlefield.

There are fifteen girls enrolled in the sophomore home room. They are not getting many demerits this year, we haven't figured out why.

It is rumored that Joe Belle Milliken is going to Hollywood so we understand she has been elected as a double for Shirley Temple.
