Reds Triumph In Street Fighting

JAP BASES IN GUINEA BLASTED; SHIPS DRIVEN FROM SOLOMONS

The Royal Bath To Have Only 5-Inch Water

LONDON, Sunday, Sept. 20 (AP)—King George, the Royal family and everybody else at Buckingham Palace and Windsor Castle will bathe in no more than five inches of water from now on.

It is a part of Britain's fuel conservation plan in which the king is taking a leading part. The monarch ordered every bath tub in the Royal households painted with a black or red line at the five-inch level and a notice posted calling attention to the necessity for fuel economy.

Likewise, the king directed that not more than one small bulb shall be lighted in a bathroom or in any of the palace bedrooms and that all additional bulbs be removed.

No central heating is used at either the palace or the castle at present and King George has forbidden lighting of fires. There are to be no fires in any bedroom except on physicians' orders.

Cool Weather Brings Rain Over Area

A pre-noon spell Saturday brought chilly weather and more moisture to the Big Spring area.

While temperatures were tumbling to a low of 51 degrees (43 degrees overnight), rains poured out varying amounts of moisture on farms and ranches. The U.S. department of commerce weather bureau at the airport gauged .23 of an inch and the U.S. Experimental Farm .25 of an inch.

The extreme eastern and southeastern parts of town, however, received substantially more than this, early Saturday showers turning streets in those areas into young rivers.

Heavy showers were reported in the eastern section of the county and northward in the Center Point and R-Bar areas and on up to Vincent. While the north and western part of the county had only light showers, the Fairview territory eight miles north had a gully-washer. Similarly, rain almost passed up the southeastern part of the county and thus city lakes got no more water in their basins, but from one to two inches fell in the Elbow territory.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

Don't forget to make one more survey of your place, checking thoroughly for all materials which may be given or sold for scrap. If in doubt about any article, remember the country probably needs it worse than you do. If you're hesitant about gathering scrap on your place and delivering it to the salvage depot, remember that it may not be too long before somebody with authority will be compelled to see that you gather it.

If "Big Spring—the Casual Biography of a Prairie Town"—the book written by Shine Phillips, goes over anything like as well elsewhere as it has here, it's bound to be a best seller. Strangely, it's getting its biggest and best reviews clear out of the territory where people know and breathe the atmosphere which Shine inculcated in the book. The book sold out here and dealers were told the first printing was gone.

The city-county health unit is due to be set up starting Oct. 1, the city announced last week. It comes at a most opportune time when more personnel will be sorely needed for inspection, etc. It is an open secret that army checks of food establishments and units handling or producing food disclosed all too many were falling far short of elementary health requirements.

The average family needs to be impressed on the importance of See WEEK, Page 7, Column 2

Enemy Fleet May Make A New Attack

Blows From Air Are Struck To Protect Allied Holdings

GEN. MACARTHUR'S HEADQUARTERS, Australia, Sunday, Sept. 20 (AP)—Allied air forces blasted Japanese air bases in New Guinea yesterday and strafed buildings, huts and sheds along the Kokoda supply track which leads into the Owen Stanley mountains to the enemy forces threatening the allied base at Port Moresby, a communique said today.

The main bombing attack was directed at Lae, where eight tons of explosives were dropped, but the communique indicated the strafing operations at Buna and farther inland along the Kokoda track were on a large scale.

Other allied attacks were directed at Bulaka, at the northern tip of the Solomons, and against shipping in Goodenough Bay and Vitiaz Strait, New Guinea. A cargo ship was set afire by flying fortresses in Vitiaz Strait.

For the third day, fighting in the jungles of the Owen Stanley mountains north of Port Moresby was at a minimum, being limited largely to activity by allied patrols, the communique said.

Medium bombers and fighters raiding Lae failed to encounter any air defense, and all the planes taking part returned safely to their bases. The bombers centered their attention on enemy dispersal areas, while the fighters strafed anti-aircraft and supply installations.

FORTRESSES SCORE HIT

WASHINGTON, Sept. 19 (AP)—Army flying fortresses drove a Japanese force of battleships and cruisers away from the American-held sector of the Solomon Islands last Monday with a bombing attack which possibly damaged two of the battleships.

The action was announced by the navy today in a communique which clearly left open the possibility of the powerful Jap fleet might return at any time for a renewal of the enemy's desperate efforts to wrest the strategic Guadalcanal-Tulagi area of the Solomons from American hands.

The communique also reported army bombers had made fresh attacks on Jap installations on Gizo Island and at Rekata Bay—bases which the enemy presumably uses for offensive operations against Guadalcanal.

While land activity in the Solomons slowed to minor skirmishes and sniping with reinforced marines in firm control of their positions, the big army bombers discovered the Japanese battle force prowling northeastward of Tulagi and roared in to the attack.

"Heavy anti-aircraft fire was encountered," the navy said, "but possible hits on two battleships were reported. When last seen, the force was retiring to the north."

Price Of Bread In Britain Increased

LONDON, Sunday, Sept. 20 (AP)—The food ministry ordered the price of bread increased from eight to nine pence (18 cents) for a four-pound loaf today and simultaneously announced that the price of potatoes would be cut to an average of a penny a pound.

The price changes are in line with a government campaign to reduce the consumption of bread and increase the consumption of potatoes.

Gregg County Votes To Retain Liquor

LONGVIEW, Sept. 19 (AP)—Gregg county today voted to continue permitting the sale of beer and other alcoholic drinks. In a comparatively heavy turnout, the vote count was: wet 3,929; dry 3,096, for a total of 7,025.

The election brought out nearly as many voters as were cast in the recent primaries. Both sides conducted vigorous campaigns.

Compulsory Saving Plan Due To Go Before Congress

WASHINGTON, Sept. 19 (AP)—A program which would force Americans to buy some \$15,000,000,000 worth of government bonds annually to aid in financing the war and controlling inflation may be laid before congress after it disposes of the tax bill, it was learned today.

Expected to involve stiff increases in present and proposed taxes or the imposition of new ones, the program is to be worked out by a joint congressional committee established by the revenue bill and directed to report by Dec. 1.

WPB Aide—Charles E. Wilson

(above) said "it took me 40 years to climb to the presidency of General Electric and it took me exactly 40 seconds to lose it," as he resigned to become vice chairman of WPB. At the right he shakes hands with Gerard Swope, his predecessor at GE who now succeeds him as president of the company.

Brits Occupy New Point In Madagascar

LONDON, Sept. 19 (AP)—Mobile British troops have occupied Brickaville, on the east coast of Madagascar 100 miles due east of Tananarive, the capital, the Vichy radio said tonight. The troops, the radio said, were landed at Tamatave.

The landing at Tamatave, the island's chief commercial port, 70 miles northeast of Brickaville, was the first the British had made on the east coast following their original west coast landings ten days ago.

A British communique, issued in East Africa, reported that continued progress was being made by columns moving upon Tananarive from Majunga on the northwest. A British communique said one British column advancing from Majunga was less than 60 miles from the capital.

There was a possibility, this informant said, that French forces might be concentrating at the capital for a stand but that present resistance was negligible and only a few British casualties had been suffered.

TIRE THEFTS UP

AUSTIN, Sept. 19 (AP)—Tire thefts have increased 46 per cent here over last year and car thefts are up 48 per cent, police records reveal.

Industrial Drafting May Have To Come, McNutt Tells Legionnaires

KANSAS CITY, Sept. 19 (AP)—American Legionnaires were warned today by high ranking war leaders that the nation must utilize all its manpower to win over the axis and if voluntary methods failed a system of compulsory service may come.

From silver-haired Paul McNutt, director of the war manpower commission, came a broad hint at the opening session of the Legion's national convention that some sort of industrial conscription might come. "America," he said speaking in a quiet voice, "is faced today with the urgent need to produce. Every worker, every man hour of every

Britons Sow Mines Around Nazi Coast

Second Front Question Revived; Civilians Are Moved

LONDON, Sept. 19 (AP) A sudden shift of British bomber operations to extensive overnight mine-sowing in Nazi coastal waters was followed today by announcement that civilians would be removed from an area of England facing the North sea, and a report that the jittery Germans are evacuating Belgian families from Ostend on short notice.

The British war office announcement said all inhabitants would be taken from a "considerable area" staked out for military purposes in the East Riding of Yorkshire, which is opposite the German naval stronghold of Heligoland Bight.

Several weeks ago a part of East Anglia, facing the Netherlands and Belgium across the southern arm of the North Sea had been cleared of civilians and declared an exclusive military area.

No explanation was given in either case beyond the necessity of military purposes. Both areas, however, are a natural jumping off point for invasion of the continent.

The Belgian news agency report falling of the removals from Ostend just above Dover Strait which links the English Channel and the North Sea, said some of the many families ordered away had been given only three hours to prepare for departure.

The Ostend report suggested the Germans were preparing against another raid such as that of Aug. 19 on Dieppe, in occupied France, and added: "Casualties—sabotage has increased. Numerous mysterious fires have broken out near German airfields in West Flanders."

County Gins 2,000 Bales

Autumn rain and mists, whipped by a brisk north wind, halted cotton picking here Saturday but not before Howard county had pushed mightily close to the 2,000-bale mark.

Five Big Spring gins reported a total of 1,131 bales turned out to Saturday afternoon and on this basis it was estimated that the 14 gins of the county together had made 1,900 bales.

Were there enough pickers available, ginners would have been going at top speed last week for fields were snowy white with good picking. Several ginners thought that by mid-week when first picking can be done without losing on grade—the number of pickers available would be increased greatly.

Purchases continued to be based on government classifications of lint. Possibly 95 per cent or more of the cotton was going into the loan but that sold here brought from 17 to 18 cents, with most bobbling around the latter figure.

Cotton pulled out better last week, the bulk getting up to 15-16ths. Virtually all was strict middling with some only middling.

Farmers were warned against early picking following the rain and were advised by all ginners to wait until cotton has had a chance to dry completely. Close classification will cost the farmers in too great a hurry plenty.

Seed continued uniform at \$48 on the ton at the end of the week.

Industrial Drafting May Have To Come, McNutt Tells Legionnaires

work's energy, must be applied at that point which will help the war effort most. "We are now seeking to obtain such ends as these by voluntary means. We are in this war to win and if that means discipline, we, the people, are ready."

Only a few minutes earlier Navy Secretary Knox told the veterans there must be strong unity on the home front to win and Undersecretary of War Robert F. Patterson said, "the time will come when we shall have broad national service legislation under which men and women may be assigned to industrial jobs."

Paratroops Boss—Lt. Col. Edson D. Raff

(above), of New York City, is in command of American parachute troops whose presence in Great Britain was announced in London. The troops are in training with British parachute troops.

French Coast Pounded By RAF Bombers

LONDON, Sept. 19 (AP)—RAF bombers pounded coastal area of northern France tonight with terrific explosions shaking English towns across the channel.

The violence of the blasts caused watchers on the south-east coast to wonder whether the British were using their new four-ton bombs.

These watchers reported great flashes of light from the direction of the French coast were seen about two minutes before each explosion was heard.

Earlier heavy bombers had rumbled out over the channel from England in an hour-long procession which began soon after night-fall.

A Nazi bomber was reported shot down over England, and later it was reported other Nazi bombers had crossed the north-east coast and dropped incendiaries near an inland town, most of them falling in the open country.

Wounds Fatal To Soldier

Gunshot wounds suffered early Thursday while he was on patrol duty at the air base resulted fatally for Pfc. Melvin V. Covell of the Big Spring Army Air Force Advanced Flying School.

Pfc. Covell, wounded in the body, succumbed in a local hospital about 8 o'clock Friday night.

The body is being forwarded to his home at Baltimore, Md., by train Sunday night, and Sgt. Jay A. Sims was named as military escort. Local arrangements were handled by the Valley Funeral home.

One Dead, 11 Hurt In Store Collapse

CHEYENNE, Wyo., Sept. 19 (AP)—A big new store market building collapsed today killing one woman and injuring 11 persons, and one witness declared, "it's a lucky thing it didn't happen when the five o'clock shopping rush was on."

The roof of the Safeway Store, Inc., building, finished three months ago in a Cheyenne residential section, first started caving at the rear of the store.

Warned by the loud rumbling, many of the 40 to 50 Saturday shoppers inside fled wildly out the front doors in time to escape injury.

Soldier Mail Not Correctly Addressed

WASHINGTON, Sept. 19 (AP)—The war department said today that some 10 per cent of all mail for soldiers overseas was incorrectly or insufficiently addressed. It advised that all overseas mail should show clearly:

Grade, first name in full, middle initial, and last name of person addressed, followed by his army serial number if known.

Letter or number of the company or other similar organization. Designation of the regiment or separate battalion, if any. Army post office number in care of the appropriate postmaster. Location of the overseas station should not be used.

Germans Regroup Forces To Press Assault On City

By EDDY GILMORE MOSCOW, Sunday, Sept. 20 (AP)—Surging back with renewed vigor, Russian soldiers fighting for the life of Stalingrad drove the Nazis out of several streets within the city yesterday and "wiped out" about a company of German riflemen, the Soviets announced officially today.

The Soviet triumph in fierce fighting on the blood-stained pavements of the city of Stalin was reported as the Germans pressed anew to the assault after regrouping their forces.

Thus the battle for Stalingrad went into the 27th day with the Russian flag still flying over the city Adolf Hitler has ordered taken at any cost.

Unable to engulf the city with their first rushes from the outskirts, the Germans formed again yesterday for greater assaults and maintained continuous attacks in the streets.

German tanks were participating in the street fighting, the Soviet high command disclosed, in announcing 20 tanks were thrown into the battle in one part of the city in an attempt to assist a surrounded company. Eight of the tanks were burned out by anti-tank guns, grenades and incendiary bottles, it was said.

The German drive in the Mordok area of the Caucasus toward the Grozny oil fields also appeared to be increasing in intensity. The communique mentioned "a number of enemy counterattacks" but said all had been repelled. In this fighting, the Russian said, German Field Marshal Ewald von Kleist, commander of the first tank army, was killed.

To the east of Moscow, the communique said, one Soviet unit wiped out two companies of enemy infantry and artillery, with the assistance of tank destroyers, put out of action five German tanks.

Earlier reports said two new German divisions—the 19th tank and 11th infantry—had arrived in this sector and had entered the battle. On the first charge they

were said by front dispatches to have advanced a mile and a half and on another charge gained eight miles. They were reported, however, to have lost 40 tanks.

The Russians then counterattacked and the Germans staggered back leaving 25 more tanks. Front reports said the Russians followed up the first attack with others, which ended in a "considerable defeat" for the Germans.

Red Star, the army newspaper, said fighting was in progress southwest of Moscow, with the Russians on the offensive.

Russian dispatches from the Stalingrad front said German Tommy-guns in red army uniforms and German tanks disguised as Soviet machines failed in a 5-hour battle to take an important height which controls the heart of the city and the Volga banks.

Night became garish day from the constant flash of cannon, the thousands of aerial flares and the flames from incendiary bombs and burning buildings.

The Luftwaffe in tremendous superiority hung over streets and buildings, dropping hundreds of bombs. On the first charge they

Reds Fight To Death—Red troops pushed back German hand-to-hand fighting continued. A Russian counter-attack was reported in the Voronezh area, and Nazi assaults were repulsed in the Novorossiisk and Mordok sectors. Shaded area represents approximate extent of Nazi penetration.

Purple Heart Will Be Awarded To All Americans Killed Or Wounded

WASHINGTON, Sept. 19 (AP)—The Purple Heart, oldest American military decoration, is to be awarded to all army personnel killed or wounded by enemy action, the war department announced today.

The award will be made posthumously to relatives of military or civilian personnel who meet death while serving in any capacity with the army.

It will be given to all wounded while serving with the army in any capacity, provided the wounds require medical treatment.

In the past, the award had been made to those who applied for it, but the award now is automatic. The Purple Heart was authorized by George Washington from his headquarters at Newburgh, N. Y., August 7, 1782, during the revolution. While awarded a red commemorative medal had been issued previously by the infant government, no decorations had been authorized.

# Eagle Squadron' Salutes Americans In RAF; Air Drama At The Ritz

Walter Wanger's new Universal production, "Eagle Squadron," the first screen story of American fighter pilot in the Royal Air Force, is the major attraction today and Monday at the Ritz Theatre.

Heading a long and imposing cast are Robert Stack and Diana Barrymore, youngest member of America's celebrated "royal family" of stage and screen, who is making her motion picture debut in "Eagle Squadron."

Other notable players include Joan Bennett, Eddie Albert, Nigel Bruce, Evelyn Ankers, Leif Erikson, John Loder, Edgar Barrier, Isabel Elsom, Gladys Cooper, Paul Cavanagh, Richard Davies, Jill Esmond, Gene Reynolds and Alan Hale, Jr.

The authentic, behind-the-scenes story of "Eagle Squadron" tells of actual experiences of many American aviators who preceded their own country's entrance into the war by joining the RAF's Eagle Squadron in October, 1940. Flying their famous Spitfires, the Eagle Squadron since then has written many memorable chapters of the modern war in the clouds.

Eagles—These are the stalwart boys from America who jumped into the war early to fight with the RAF. A reckless tale about their adventures is the Ritz theatre's feature for today and Monday, "Eagle Squadron," in which Robert Stack and Diana Barrymore have principal roles.

# Love And War Combined In Lyric Comedy

A Yankee aviator who escapes enemy bombs over the English channel, only to have a brunette bombshell explode in his arms, is one of the major central figures in Columbia's hectic new comedy, "The Wife Takes a Flyer." The brunette bombshell is, of course, the other.

The fun-packed fable, which stars Joan Bennett and Franchot Tone, Richard Wallace, who directed the comedy pair in an earlier hit, "She Knew All the Answers," handled the megaphones on the latest love-and-laughter. E. P. Schulberg produced the film, whose supporting cast includes Ailyn Joslyn, Cecil Cunningham and Roger Clark.

Tone is seen as an RAF flyer who lands in occupied territory to find the arms of his loveliest occupant also occupied. In order to evade the Gestapo, he poses as Miss Bennett's estranged husband, and even carries his imposture through the formalities of a divorce trial. Feigning wild eccentricity, he almost—but not quite!—succeeds in staying "married" to the lovely brunette. Providing further complications, as well as some of the most exciting action in recent months, according to Hollywood, is the presence of a Nazi also interested in the attractive Miss Bennett.

Joslyn is seen in the latter role, in a characterization reminiscent of his hilarious performance as a pompous banker in "Bedtime Story." Miss Cunningham appears as a sharp-tongued old lady who aids Tone and Miss Bennett in their romantic antics, and Clark appears as a British agent working behind the Nazi lines.

# Mitchell Cotton Is Moving Ginward

COLORADO CITY, Sept. 19. (Sp.)—The six gins of Colorado City have ginned a total of 538 bales of cotton to date. Dry weather throughout June and July and recent infestation of insects following August rains have cut the production to some extent. With cotton picking now under way in earnest, however, ginners expect a big increase in ginning receipts within the next several weeks. Total crop is being estimated at approximately 20,000 bales.

In various directions. The expense entailed in these long hauls cuts our profits down to a minimum, and any reduction in the volume of our sales will necessitate the closing of our business, unless the government will allow us an increase of around 2 cents per gallon on all products delivered on these long hauls by truck.

"It occurs to us that it is very necessary that this immense farming and ranching area be allowed considerable more gasoline than the maximum in other states. We are located in the largest oil producing area in our state, which is served by large local refineries, which now are barely existing.

"We feel that any order that materially affects the progress and prosperity of our great sheep and cattle ranches, and this immense agricultural area, will naturally affect the income of all businesses in our state.

"The people in our state are more than willing to comply with any governmental orders that would help bring the war to an early conclusion, but we think that the immensity of our state and the great distances between our cities and agricultural areas should be given serious consideration before placing a drastic rationing program in our state."

Winning?—The smiling one you may recognize as Frank Weaver, or as Cicero. At any rate, he and Abner and Elvira are at the Queen theatre today and Monday in another of their homespun stories, this one called "The Old Homestead." One hopes that Cicero doesn't stay at this game until he loses the old homestead.

# Consideration Of Texas Problems Urged In Gas Rationing Program

A letter expressing concern over the effects on Texas business of gasoline rationing, and asking that this state's particular problems be given consideration in the program, has gone to Congressman George Mahon and OPA Administrator Leon Henderson from Joseph Edwards, general manager of the Howard County Refining company.

Edwards' letter, citing transportation needs of farmers and ranchmen, follows:

"We are deeply concerned over the president's order regarding the rationing of gasoline. As you well know, between 700,000 and 800,000 people in our state are dependent upon their income from the oil business, and that approximately 95% of all the taxes in our state are paid from taxes assessed directly or indirectly on oil, which will materially affect the tax income of our state, schools, and counties.

"Further, it will demoralize business in the western area of our state, for as you well know, our towns and little cities are long distances apart, and we largely depend upon automobiles for our transportation.

"We are located in the center of a large farming and ranching area, and we are serving our customers by trucks for over 100 miles

# Weavers Stay With Popular Rustic Roles

"Shucks, we ain't movie stars." This statement, made by Leon Weaver of the Weaver clan, currently popularized by Republic in "The Old Homestead," which plays at the Queen Theatre today and Monday, typifies the attitude of the simple, homespun comedians for Hollywood and its folk.

The Weavers aren't movie stars, in spite of the fact that they have won nation-wide popularity through their comedy series for Republic. They're just plain folks. Leon Weaver, who portrays the "Abner" of the series, might be a small town grocer who talks politics with the home folks over his cracker barrels. Frank Weaver could be the local hardware merchant who can drive a shrewd bargain but temper it with a friendly jest. And Elvira looks for all the world like a small town seamstress who dispenses local gossip through through lips which are clamped down on a row of pins.

The Weavers' popularity is due in large measure to their knack of projecting themselves from the silver screen right into the midst of every community in which their pictures are played.

Frank McDonald directed "The Old Homestead" for Republic, under the supervision of Associate Producer Armand Schaefer. The supporting cast numbers such players as Maris Wrixon, Robert Conway, Dick Purcell, Anne Jeffreys, Linda Brent, Charles Sullivan, Joe Devlin, Jack Raymond, Joe McGuinn and Dutch Hendrian.

# THE WEEKS PLAYBILL

SUNDAY-MONDAY  
RITZ—"Eagle Squadron," with Robert Stack and Diana Barrymore.

# School Milk, Lunch Programs Will Be Outlined Thursday

Two representatives of the Agricultural Marketing Association will meet Thursday with school and civic interests to outline the school milk and lunch programs. It was announced Saturday from the Howard county welfare office.

Forrest M. Wright and R. A. Metcalfe of the AMA will discuss the value and the operation of both the programs and city and county trustees and teachers as well as representatives of all civic and service clubs are invited to attend the meeting, set for 8 p. m. Thursday in the office of County Superintendent Anne Martin in the courthouse.

You Can Help The Boys At The Air Base Hospital

Furniture Wanted For Convalescent Rooms

For the army and air corps men who are hurt or ill—  
For the young men stationed right here at home, who need some comforts while they are convalescing—  
Your used furniture and playroom equipment are wanted.  
An appeal went out Saturday from a special committee of the local Red Cross chapter, which has assumed the task of equipping convalescent rooms in the hospital unit of the Big Spring Army Air Forces Advanced Flying School—and appeal for various items of equipment and furnishings.  
Here's the story—  
There are five convalescent rooms in a larger ward building at the air base, in addition to a central building and while Uncle Sam provides full hospitalization care for the soldiers, the job of taking care of men after they reach the recuperative stage has been assigned to the Red Cross. Needed for each

of those five rooms are the following:  
One sewing machine.  
Two divans.  
Two (or more) easy chairs.  
Two magazine racks.  
One radio.  
Two bridge tables.  
Two floor lamps.  
Ash trays, waste paper baskets, dominoes, cards, and the customary items for making a place a little more homelike.  
Multiply these by five, and you see where the Red Cross committee wants some help. People who will give—or loan—any of the items for hospital use are urged to take them to the Red Cross building or notify the Red Cross. In case of a loan, receipt will be issued, and the property returned after the duration.  
J. B. Collins, committee chairman, said Saturday that some items had been received. Couden Petroleum

corporation has given a ping pong table for use in the large central building, and employees of Texas Electric Service company have loaned a billiard table; there also are some domino tables and chairs on hand.  
Collins said some of the equipment might have been purchased through raising of funds, but that most items needed are not to be had locally. The next best thing, he said, is to call on a generous public. He suggested that items of lawn and porch furniture would serve the purpose, and urged that Big Spring people make a special effort to help the Red Cross fill this bill. Pieces of furniture that can be repaired without too great cost will be accepted.  
Working on the committee with Collins are Norman Reed, Charles Vines, Rev. O. L. Savage, Mrs. G. T. Hall, Mrs. Ben LeFever, Mrs. J. B. Collins, and Major R. L. Braswell.

Terracing Work Is In Progress Over County

Terracing construction work is going full swing in Howard county.  
Three machines are working full time, one on the C. B. Lawrence farm, and two on the farm of D. W. Christian, Jr.  
There is a shortage of men to run lines and construct the terraces. D. T. Mann, work unit leader of the soil conservation service said, but this shortage has not yet reached a stage acute enough to hamper dangerously the present water conservation program.  
The economy of the type of terraces constructed in this neighborhood was well proven by the recent hard rain. Mann pointed out. Terraces of this sort cost from \$40 to \$60 a mile. Damage caused by the rain was less than \$5 a mile covering all terraces. To have constructed terraces that would have held the downpour would have cost twice or more the amount spent on the terraces that were damaged by the deluge, Mann explained. Since the damaging rain was the heaviest downpour the county has had in 25 years it is more economical to repair an occasional wash-out on

present type of terraces than to build the more expensive kind, \$82.1 an acre over land having straight rows, and \$3.77 over farms. Terracing, experiments have shown, increase the crop yield \$62.1 an acre over land having straight rows, and \$3.77 over farms employing contoured rows.

Car Accessories On Special Sale By Chevrolet Co.

A special sale that meets emergency equipment and accessory needs for a great many motorists is announced by the Lone Star Chevrolet company.  
Already under way, the sale is being staged by Cliff Wiley's firm in cooperation with the Chevrolet Motor company. Offered at reduced prices are such items as car radios, seat covers, batteries, heaters, anti-frosts and other essentials which are growing scarce due to wartime and soon will not be available at all.  
"We had an opportunity, through the Chevrolet company, to offer a large volume of this merchandise before stocks are completely gone," Wiley said. Lone Star Chevrolet is one of few agencies designated for such sales, and is operating as an exclusive agent in the West Texas area.

Texas Mid-Continent Oil-Gas Assn. Convention Slated For Oct. 9-10

GEORGE SAWTELLE  
President

GEO. C. GIBBONS  
Exec. Vice President

Leads Soldier Band

COLORADO CITY, Sept. 19. (Sp.)—Lieut. A. R. Moody, son of Mr. and Mrs. A. C. Moody of Westbrook, is the director of a newly organized enlisted men's dance orchestra which is furnishing music for weekly dances at the service men's center in Great Falls, Montana. Lieut. Moody is stationed with the Seventh Ferrying Group at Great Falls.

Texan One Of Two Air Crash Victims

SAN BERNARDINO, Calif., Sept. 19 (AP)—Lt. Alfo L. Baker of Abilene, Tex., and Pvt. Howard B. Garlich of American Park, Utah, were killed today in the crash of their army training plane at Wrightwood, 20 miles from their Victorville base, while on a routine flight.

Col. Roy D. Butler, commanding officer at the Victorville Field, appointed a board of air force officers to investigate the crash.  
Lt. Baker was a graduate of Texas A. & M. and recently was married to Katherine Randall of Abilene.

FSA Man To Enlist

LAMESA, Sept. 19. (Sp.)—James R. Payne, Jr., rural rehabilitation supervisor for Dawson county farm security administration for two and a half years, has resigned his position to enlist in the Army Air Corps. Payne is a recent graduate of Texas Tech.

Yom Kippur Rites Scheduled Here

Yom Kippur, the day of Atonement, will be observed by Big Spring Jews Sunday and Monday with services at 8:30 p. m. Sunday and 10 a. m. Monday. The Monday service will extend throughout the day Monday closing at 6 p. m.  
These services bring to a close the Jewish New Year festival.

EUGENE MELVANEV  
Treasurer

B. L. LEFEVER  
Regional Vice President

Oil men of the Big Spring area will find much of interest in this year's annual meeting of the Texas Mid-Continent Oil and Gas association, which will be held at the Baker hotel, Dallas, Friday and Saturday, October 9 and 10, according to B. L. LeFever, prominent West Texas oil operator, and regional vice president of the association for the West Texas district.  
"The nation's war program has placed the Texas oil industry in an extremely important position and it is now more than ever necessary for Texas oilmen to collectively discuss their common problems and work out constructive plans for their solution," said LeFever.  
He stressed the many complex problems which have arisen as a result of the war demands being made upon the petroleum industry and urged that West Texas oilmen make definite plans to attend and take an active part in the war program planned for the Dallas meeting.  
While the business sessions will be confined to one full day, followed by an evening dinner meeting which will feature a prominent speaker, quite a number of West Texas oilmen are planning to stay over in Dallas to attend the Oklahoma-Texas football game on Saturday. This will afford an opportunity to hold committee meetings on Saturday morning and group discussions of the oil industry's war program.

THE HOME FRONT NEEDS PROTECTION TOO!

AMERICA is learning to save, to protect, to do without many things.  
On the Home Front we must be on the alert, keenly aware to the need of preservation—to make the things we own last longer.  
That's why painting assumes greater importance this year than ever before. Paint protects, and in so doing, it saves deterioration losses.  
That's why it's more important now than ever before to buy Paints, Varnishes and Enamels that will insure maximum durability.  
In defense of your home

When That Induction Order Comes, It's Too Late For Volunteering

"Do not wait until you have received your induction order" is a release from the Howard county selective service board in order to enlist in military service, T. C. Thomas, member of the board, advised men Friday.  
"The board positively will not give a release after the induction order is mailed to the registrant," he said. Previously, George G. White, chairman, had made a statement in which H. C. Hooser, other board member, concurred.  
Thomas pointed out that the "Howard county board has always encouraged enlistment of volunteers for the army or navy" because "it is a great advantage not only to the registrant but also to your country."  
He believed that men could select their branch of service and in many instances gain benefit of trade training through voluntary service. Thomas suggested that registrants contemplating voluntary enlistment contact either Sgt. Edwin R. Turner, army recruiter, or Chief S. L. Cooke, navy recruiter, both in the postoffice basement.  
Currently, the air corps specialist route offers an opportunity to local men to be trained at home, but although the board released around 20 of these last month in order that they might join and be stationed here, this practice cannot be continued. Details must be secured from either Capt. Harry Nolan, city hall building, or Sgt. Turner and a decision reached before induction notice mailed, concluded Thomas.

Water Situation Is Much Brighter

The water situation for Big Spring is considerably brighter, City Manager B. J. McDaniel says that the city's supply appears ample for all it needs next year unless unprecedented dry weather should occur. Recent rains have been a great help.  
The army air base is using an average of 250,000 gallons of water daily, thus increasing demand on supply sources; but these sources are proving adequate.

WAGES HIGHER  
WASHINGTON, Sept. 19. (AP)—The labor department reported today that wage earners in manufacturing industries averaged 85 cents an hour in July—which was a 14.2 per cent increase over July of last year and a 11 climb from June.

CHOOSE THE NAVY PICK YOUR JOB

Here's your chance to qualify for the job where you can do the most for your country—and for yourself

EVERY true American wants to fight for his country. Every red-blooded American can fight for his country. But to do a real fighting man's job, the kind of job that will win this war, your Navy needs men—trained men—men who can hold responsible posts.  
If you are from 17 to 50 and if you've got what it takes to qualify, the Navy is ready to train you in any of 49 different good jobs—or ratings—right now.  
You'll find all the facts about these skilled trades in the new book, "What Kind of Job Can I Get in the Navy?"

If you qualify for one of these schools, you will get free training worth \$1500 or more in the first year alone. Training in your chosen trade, working with the world's finest equipment. Training

that will fit you to do a better fighting job now... fit you to land a better peacetime job after the war is won.  
This new book also tells you the pay you will get. How you get your first promotion—and an increase in pay—after approximately 2 months, upon completion of recruit training. How you can advance up to \$138 a month by the end of your first enlistment. How you can get extra pay for special duties—up to 50% above your regular base pay. And it describes the new allowances for men with dependents.  
Finally, it lists all the requirements... the physical examination you will take... the papers you will need when you apply for enlistment.  
Now, in one handy book, you can find all the information you need to help you decide exactly how you want to serve your country and where you can best fit in to make your service count the most.  
If you want to fight for American

Free—training worth \$1500

A copy is yours for the asking—without obligation—at any Navy Recruiting Station.  
This new book gives full details about every rating open to enlisted men. The grades you may win, the insignia you will wear, the pay you can get, the duties of the job, the related civil jobs for which Navy training will fit you and the practical knowledge which will help you get ahead in your particular specialty.  
It tells you about the expert training Navy men get in radio, aviation, electricity, photography, metal work, machine shop work—29 trades in all.

Good pay—and it's all yours!

It tells how you may qualify for a Petty Officer's rating at once, if you have special skill or experience. And in case you do not have special qualifications, it tells how you may qualify for training at one of the great Navy trade schools.

RATINGS YOU MAY WIN

Rating badges, consisting of eagle, chevrons and specialty mark, are worn on the sleeves between the shoulder and elbow. Your specialty mark indicates your job. Number of chevrons indicates your grade.

LOOK WHAT THE NAVY OFFERS YOU

1. A chance to serve your country.
2. Clean, healthy life.
3. Good food—and plenty of it.
4. Good pay—up to \$138 a month.
5. Free clothing—\$133 worth.
6. Free medical and dental care.
7. Travel... adventure... thrills.
8. Opportunity to be an Officer.
9. Training in nearly 50 trades.
10. Future success in civil life.

Men in aviation get real action!

freedom, if you want to join the thousands of red-blooded men who are doing big things for their country and for themselves, don't wait. Ask for "What Kind of Job Can I Get in the Navy?" today.  
Your copy is waiting for you right now at the nearest Navy Recruiting Station. Call, write or phone for it. There's no obligation. But don't delay! Remember—there's no time to lose if you want to choose.

# Guns - Planes - Tanks QUICK!

## 5 Reasons Why

- 1 By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
- 2 You prove that you are a patriotic American.
- 3 You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
- 4 You prove to our enemies that we are a United People.
- 5 You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

**L**ISTEN, Bud—glad to see you getting along. Sure, I know you've had to tighten your belt—for a long time you took it on the chin, and now you're getting good pay.

"That's O.K. with us soldiers. You've got your part to play, just as we have ours. You've got to make the stuff—and we've got to deliver it.

"But just a second . . . maybe it's none of our business, but, say, are you throwing your money around?"

"Here's something straight from the shoulder. You see, we soldiers want to feel that we're not fighting alone—that you're behind us—every one

of you, man, woman and youngster.

"How? Listen . . .

"How many WAR BONDS are you buying? Are you in on the Payroll Savings Plan? If you're not, you'll get in—won't you? This is your war—isn't it? We're fighting for you, aren't we?"

"So look . . .

"When they come around to you, at your job, and ask you to put aside TEN PERCENT of your earnings every payday—a dime from every dollar—you'll do it, won't you—for us?"

"You'll get a WAR BOND every time you've saved \$18.75—and that Bond will build up, year

by year, to \$25 in ten years.

"So you're helping us and protecting yourself at the same time by your savings. Can't beat that, can you?"

"We've got to have guns and planes, and tanks, and ships and bullets—and you've got to pay for them—from your own, voluntary WAR BOND savings.

"Invest a dime from every dollar in us—and keep it up, week after week, month after month. Then count on us to blast hell out of the Japs, the Huns, and their whole bloodthirsty gang.

"O.K., Bud—now let's go!"

# County Judges, Commissioners To Meet Here This Week

## Bottlers Will Collect Large Size Tin Cans

Authority to acquire used tin cans of the larger sizes in the West Texas territory it serves has been granted the Texas Coca-Cola Bottling company by the War Production Board. The company will collect these cans from a 26-county area, from Hamilton on the southeast to Dawson on the northwest, paying no more than the fixed ceiling price.

W. E. Jarrett of Abilene, general manager of Texas Coca-Cola, said that details for collecting the cans had not been worked out, but that early announcement would be made for the information of housewives.

A letter to Jarrett from WPB said: "We trust that in collecting No. 10 (approximately one gallon) or larger cans under this authorization you will also cooperate to the full extent with salvage committees in your area in the collection of these cans." Jarrett said that the WPB permits the use of No. 10 and larger cans for the purpose of making crown caps. He pointed out that the government needs tin desperately for the war effort, and that bottlers were assumed to be able to return to the de-tinning plants of the country vastly larger amounts of tin than can be gathered through normal salvage channels. Under an OPA price ceiling, sellers of used tin cans size No. 10 or larger may charge no more than \$5 a ton. This ceiling price figures about 2-10 (\$0.002) of one cent for No. 10 cans.

## Community Bible Classes To Start

The Community Bible class will begin again Tuesday afternoon in the First Baptist church basement. Mrs. Chester O'Brien, teacher, announced Saturday.

Mrs. O'Brien also will conduct an evening class this season for those who may not attend the afternoon studies.

The Tuesday class will meet from 1:45 to 2:45 o'clock at the church and the Thursday evening class will meet in Mrs. O'Brien's home from 8 to 9 o'clock.

## Students Enroll In Lamesa Flight Class

LAMESA, Sept. 19. (Spl.)—Lamesa's U. S. government glider training school may have had some influence on high school senior and junior boys so far as interest in aviation is concerned.

At any rate, approximately 35 students are enrolled in the flight aviation course at the high school, which is being offered this year for the first time in Lamesa high school. Special teachers are J. H. Bardwell and Lee Alexander, who took courses at the University of Texas this summer to enable them to conduct the new subject.

## Cosden Case Comes Up Soon At Pecos

The case of the United States versus Cosden Petroleum Corp., R. L. Tollett, R. W. Thompson and H. L. Weeks, charged with violation of the so-called hot oil act, will be called in regular course of the term of federal district court opening Monday in Pecos.

Defendants are charged with violation of sections 715b and e, title 15 and section 88, title 13, USCA, the first being for alleged shipments of oil illegally produced in interstate commerce and the other, conspiracy, according to W. W. Dean, deputy U. S. district clerk at Pecos.

## Three Sons Serving

COLORADO CITY, Sept. 19. (Spl.)—Mr. and Mrs. Jim H. Jones of the Buford community near Colorado City are the parents of three sons in armed forces. Jim H. Jr. is with the army somewhere overseas, Elkins is stationed with the army in San Francisco, and Raymond Henry is with the navy at the U. S. Naval Training station in San Diego.

## War Theme To Be Emphasized In Programs

The men who guide the affairs of West Texas counties are returning to Big Spring for one of their semi-annual business conclaves, this one devoted largely to problems arising out of a world at war.

Occasion is the fall convention of the West Texas County Judges and Commissioners association, to be held here Friday and Saturday of this week, with headquarters at the Settles hotel. A registration of several hundred is anticipated.

Civilian defense, cooperation with military establishments, and employment and financial affairs in wartime will be among the topics to be discussed.

In connection with civilian defense, one feature has been arranged that will be of interest to all citizens as well as the visiting county officials. This will be a demonstration in incendiary bomb control, to be staged by Lt. Col. Harold R. Brayton of the war department's civilian defense corps school and his decontamination squad. This demonstration is to be presented at 8 o'clock Friday evening, on the Main street block just east of the courthouse, where the public may view the important phase of home protection.

Speakers on the convention program will include Brig. Gen. Isalah Davies, commanding officer of the Midland Army Flying School; W. N. Winship, superintendent of the Gatesville State School for Boys; Col. Brayton; John H. Winters of Amarillo, president of the state judges' association; Harold J. Stafford, state director of the WPA division of employment; and Lee Thompson, county judge of Parmer county.

Major social affair for the convention guests will be a dinner and dance at the Settles Friday evening; and principal speaker for the banquet program will be Dr. W. R. White, president of Hardin-Simmons University.

Frank R. Day, Plainview, president of the association, will be in charge of the sessions. Lee Cooper of Wichita Falls is vice president and Gilbert Smith of Anson is secretary.

Registration is scheduled for Friday morning at the Settles hotel, and the convention proper gets underway at 2 p. m. Following welcome addresses by Walton Morrison and Grover Dunham and the response by Judge Carl Hulsey of Taylor county, Gen. Davies will speak. Talks by Winship, Winters and Col. Brayton also are on the Friday afternoon program. The incendiary bomb demonstration at 8 p. m. will be followed by the dinner-dance which will start at 9 o'clock. Stafford and Thompson are speakers Saturday morning, when sessions get under way at 9:30. The convention is scheduled to close out by noon Saturday with reports of committees, selection of the next convention city and election of officers for the ensuing year.

# TEXAS SERVES WARNING WITH 40-0 WIN

# Steers Flash Offensive Punch In Beating Tahoka

## Locals Take Opening Game By 18-0 Count

## Alsab Noses Whirlaway In 'Dream Race'

## First Games Reveal Little On Gridiron

NEW YORK, Sept. 19 (AP)—With flat-footed Frankie Sinkwich, who is as handy as a check from home, in the lineup the University of Georgia Bulldogs waited until the fourth period to score and defeat Kentucky, 7 to 6, in today's top collegiate football game.

Kentucky counted following a Sinkwich fumble in the third period and the 10,000 spectators at Louisville thrilled to the possibility of the underdog Kentuckians polishing off the defending Southeastern Conference Orange Bowl champs.

That thrill, however, lasted only until Sinkwich & Co. got under way in the final quarter.

The day's remaining games came out as expected, but much light on what the coming months will bring.

Wisconsin, mystery team of the Big Ten, remained a mystery although winning from Camp Grant, Ill., 7 to 0, on a last period touchdown; George McAfee, once of Duke and the Chicago Bears, guided his Jacksonville, Fla., air station mates to a 20 to 7 verdict over Florida.

The University of Iowa counted in every period but was unimpressive in downing Washington of St. Louis, 26 to 7; Virginia Poly applied the heat in the final half to hand Catawba its second straight setback, 28 to 14, after the two were tied, 14-14, at the half; North Carolina State and Davidson played an excellent Southern Conference game and Clemson gained experience in subduing Presbyterian, 22-13.

Two teams, however, gave outstanding displays of power. Lieut. Col. Bernie Bierman's Iowa Seawawks, over whose "greenness" the former Minnesota mentor has been sweeping for weeks, crushed Kansas, 61 to 0, with a 22-point scoring burst in the final period, and Coach Dana X. Bible's Texas University Longhorns of the Southwest Conference, blanked the Corpus Christi Flyers, 46 to 0.

## Brooks Presented With A Game As Cards Are Idle

CHICAGO, Sept. 19 (AP)—The pennant-pursuing St. Louis Cardinals had another day of rest today—a rest they really needed—when weather forced postponement of the first game of their all-important two-game series with the Chicago Cubs.

As a result, a doubleheader will be played tomorrow, starting at 1 p. m. (CWT). Manager Billy Southworth of the Cardinals stuck to his original schedule of using his ace righthander, Morton Cooper, the 20-game winner, with Max Lanier his choice for the second game.

The Cubs will send Lon Warneke, the Ol' Arkansas Hummingbird, to the mound for the first contest and Claude Passeau for the second. Warneke, former Cardinal, requested the pitching assignment in hope of upsetting the Cardinals, just as he did the Brooklyn Dodgers to start the bums in their tailspin out of the National League lead 10 days ago.

Warneke has won 11 games and lost nine, while Passeau has an 18-18 record. Cooper has won 20 and lost 7 and Lanier has won 13 and lost 7.

Manager Southworth accepted the postponement without despondency.

"You simply can't beat the weather," he said as he pulled on his street clothes.

## Naval Team No Match For Bible Crew

AUSTIN, Sept. 19 (AP)—The 1942 Texas Longhorns look tough, fast and dangerous and the team's easy 40 to 0 victory over the Corpus Christi Naval Air Station team today should serve as a warning to all conference opponents.

The service team showed several spurts and considerable individual prowess, but its teamwork was weak. The Longhorn machine rolled where and when it wanted to. Only in long passes did Texas show any sign that the loss of 17 lettersmen from last year's team had hurt.

The Longhorns scored one touchdown in the first period, two each in the second and third, and added a sixth in the last quarter. The toe of Jackie Field accounted for four extra points from placement.

George Franck, recently of Minnesota and I. C. Keptford of Northwestern started fast in the first quarter for the Air Station, driving the ball down to the Longhorn 40, but the Texas defense began to click. Roy Dale McKay, Kenneth Matthews and mates in the starting backfield surged back down field for the first score which came on a pass from McKay to End Wallace Scott.

Another Longhorn backfield went into action, with Max Minor of Tahoka, and Johnny Petrovich working the ball down to pay dirt. Petrovich went over for the touchdown and a few minutes later the Longhorns repeated with Walton Roberts of Tyler county.

McKay's skittering 54-yard run brought the next touchdown, and the next came after a pretty mixture of short passes and line slashes put the ball on the one, from which point Field rammed it over the line.

The so-called reserve Longhorns, Raymond Jones and Aravis Raven of Austin, led the next march. Jones intercepted a Navy pass on the Navy 10, but fumbled. Raven with his hands on the line, and two plays later slashed through the line for the final touchdown of the game.

Coach Dana X. Bible said all but two members of his squad, and Coach Marty Karow of the Navy led all 36 of his. Both teams showed the effects of the broiling weather, but whether the teams or the spectators suffered the more is open to debate.

The air station team showed lack of line strength, but the Longhorns' forwards—first, second and third stringers—functioned in mid-season form. So did at least two of Bible's fast-stepping backfields, with the third doing well-enough for almost anybody.

## FOOTBALL RESULTS

Penalties, No. & Yardage	3 for 10

Showing flashes of strong offensive power with Earnest Bostick, Doyle Stewart and Peppy Blount as the touchdowns came, the 1943 Steers football machine trimmed the Tahoka Bulldogs 18-0 here Friday evening in the opening game of the season.

The Steers looked good in spots on the offense, but they showed up as a green team with lots of possible holes.

With a 19-yard run on the opening play, Big "Hunka" Stewart gave notice that the Steers were on the march. Bostick then took the pigskin to the Tahoka 19-yard line on a 29-yard end sweep. On a tricky reverse, Stewart skirted right end to the 4-yard line, setting up the first Big Spring touchdown. On the second try Stewart was over the goal stripe for a touchdown, but missed the try for extra point.

Tahoka returned the Steer kickoff to the 40-yard stripe, where James Roberts, shifty quarterback, teamed with Dewane McClintock to carry the ball to the locals' 7-yard marker in eight successive plays. However, a determined Steer line held there, and the ball went over on the Big Spring two yard stripe.

Blount, taking his team out of a hole, booted to the 50 yard line; Roberts, Tahoka safety, returning it to the 35. McClintock's pass to Roberts was intercepted by Dewey Stevenson on the Steer 20.

After three unsuccessful plays, the Steers punted to the Bulldogs 30 yard line. On a break for the Steers, Blount recovered Tahoka's fumble on the Steer 24 yard marker. Earnest Bostick, aided by beautiful down-field blocking, scampered over the double stripe on the next play, to account for Big Spring's second score. Stewart's attempted conversion was wide.

The Steers kickoff was brought to the 25 yard line, where Tahoka lost 25 yards on the next play, an attempted forward pass-lateral. Bob Boykin, Steer tackle, rose up to block Roberts' punt, but the Bulldogs recovered. Tahoka's next punt was good for only 15 yards, Stevenson catching it on the 25 and returning to the 18 yard line. After Stewart plunged at the line for no gain, Bostick tossed a pass to Peppy Blount, who galloped over for the Steer's third tally. Try for extra point was missed.

Tahoka's Bulldogs were trying desperately for a score when the half-time whistle blew, but were kept away from pay dirt by the strong defensive forward-wall of the Steers.

The second half offered no threat from either side, and, with few exceptions, the pigskin was kept near the center stripe.

Peppy Blount was especially brilliant in punting four times for 204 yards—an average of 51 yards per try. Bob Boykin and Glen Brown, Steer tackles, were outstanding in line plays.

The defensive play of Bill Garmhart right guard; and Ward left tackle; combined with the offensive action of James Roberts, crafty back, were the bright spots on Tahoka's tally sheet.

Coach John Dibrell used 15 substitutes during the game, and the second-stringers played most of the last half.

PAWTUCKET, R. I., Sept. 19 (AP)—Alsab whipped Whirlaway by the width of a whisker today in a \$25,000 horse-race thriller that you had to see to believe.

Not even a movie script written especially for the occasion could have done justice to the way the three-year old colt from Chicago and the Kentucky cannonball fought it out in one of the most smashing drives ever seen on any race track to end their long awaited "dream race."

All the way down Narragansett's straight road home, the Sab just managed to keep a small bit of his nose in front as the gallant little Whirly roared down on him, almost—but not quite—catching him with every stride.

And a crowd of 35,000—calculated old horsemen and just plain bettors—who jammed this New England racing plant, jumped to its feet and roared hysterically at the fierceness of the struggle as the two shiny colts turned it on down the stretch. The veteran fans writers in the press box joined in with the screaming as the thriller unfolded step by step.

Even the jockeys aboard the three-year old filer and the world's leading money winner felt it. For later, George Woolf, who was part of the 126 pounds Whirly carried, said that as they fought it out, nose to nose, he heard Carroll Bierman, aboard Alsab, yelling at his mount, And, George added, he wouldn't have been surprised if he did some of the same, himself.

Alsab led from end to end, once holding a 2-1/2 length bulge, but Bierman rated him as smoothly as the engineer keeping the 20th Century Limited on schedule.

Twice—once as they went into the backstretch and once nearing the far turn—Woolf moved Whirly up on Mrs. Al Sabath's skyrocket, who was carrying 119 pounds in this weight-for-age match. But each time, Bierman let the Sab out a notch to stay ahead.

Warneke has won 11 games and lost nine, while Passeau has an 18-18 record. Cooper has won 20 and lost 7 and Lanier has won 13 and lost 7.

Manager Southworth accepted the postponement without despondency.

"You simply can't beat the weather," he said as he pulled on his street clothes.

PHILADELPHIA, Sept. 19 (AP)—The Washington Senators swept both ends of a doubleheader with the Philadelphia Athletics today, winning the second game 11 to 9 after taking the first game 8 to 3. The Senators pounded three Athletics' pitchers for 17 hits during the second game.

## Poloists To Meet Aggie Team In Angelo Today

Big Spring's poloists return to the arena today, after a couple of weeks rest, and meet what is expected to be a tough foe in the way of a team from Texas A. & M. college.

Doe Bennett and his Cadden crew meet the Aggie riders at San Angelo, in a game to be called at 2:30 on the Concho field. Riding with Bennett will be Rip Smith, Lloyd Wasson, Lewis Rix and Sol Cleveland.

Complete lineup of the college team was not known, because it could not be determined which boys would make the trip from College Station. The Aggies will be mounted on ponies furnished by San Angelo poloists.

## Georgia Wins By 7-6 Count

LOUISVILLE, Ky., Sept. 19 (AP)—A hard-fighting University of Kentucky football team held the highly-rated University of Georgia to a 7-6 victory here today before 10,000 fans.

Charles Kuhn scored for Kentucky late in the third period but his try for extra point failed. Frankie Sinkwich ran and passed the Bulldogs to their touchdown in the final period. Leo Costa, the placekick expert, booted a perfect placement to give the Orange Bowl champions their margin of victory.

## Sports Keep A Grasp On Texas Title

BEAUMONT, Sept. 19 (AP)—The Shreveport Sports got back in the final round of the Texas league playoff this afternoon by defeating the Exporters 3 to 1. Beaumont now leads two games to one. Doyle Lade was touched up for nine hits and had men on the base in every inning save the second but the home team could score only once and that through the help of an error by Cavosie in right field in the eighth.

Combined pitching of Stub Overmire and Bob Gillespie restricted the Sports to six hits but two walks led to as many tallies which were enough for the decision. Lade needed help from Al Bronkhurst in the ninth after two singles with one out put the Exporters in a fair way to tie the score.

Bronkhurst however ended the game neatly by retiring Henry and Wood. Ralph Hamner for Shreveport and Clarence Gann for Beaumont are the probable Sunday pitchers.

## Women Bowlers Start Play Wed

A six team women's bowling league will start playing at Billy Simons' bowling lanes at 7 p. m. Wednesday.

Other leagues for soldiers and men are being organized and will start play in the near future, according to Billy Simons, of San Antonio, who has spent the last several days in Big Spring supervising an extensive redecorating job of her alleys.

"Since the alleys have been resurfaced they are like new," she said. "They're as slick as glass and are going to prove plenty rough on those rolling a curve ball."

## Dawson Grid Loop Starts Schedule

LAMESA, Sept. 19. (Spl.)—Dawson county rural schools were to blast the lid on the 1943 six-man football league here today with Union and Ackery due to clash on McCollum Field here.

Klondike and Sparenburg were due to meet during the afternoon. Welch, another Dawson county school, is fifth member of the loop.

## Forsan Defeats Coahoma, 7-0

FORSAN, Sept. 19.—Spirited by Ray Dunlap, the Forsan Buffaloes invaded Coahoma Friday and inflicted a 7-0 defeat on the Bulldog six-man grid team.

Dunlap slashed off a 22 yard run to the Coahoma four from whence he rammed over for the only score of the game. Both sides played vastly better on defense than on offense.

Besides Dunlap, Dan Oglesby, Fats Green and San Anderson looked good for Forsan on the offense and Paul Wadsworth, captain, Harley Grant and Willie Hoard on the defense. Buchanan and Wolfe looked best for Coahoma.

In another six-man practice game Friday, Sterling City pinned it on the Garner Hill Billies, 42-8. Sterling, winner of the district last year, is favored again this season.

## St. Louis Already Sold Out For World Series

ST. LOUIS, Sept. 19 (AP)—The St. Louis Cardinals' office announced tonight a complete sellout of reserved seats for the world series.

President Sam Breadon said applications for tickets already exceeded the number of seats available. No more will be accepted.

## Georgia Wins By 7-6 Count

LOUISVILLE, Ky., Sept. 19 (AP)—A hard-fighting University of Kentucky football team held the highly-rated University of Georgia to a 7-6 victory here today before 10,000 fans.

Charles Kuhn scored for Kentucky late in the third period but his try for extra point failed. Frankie Sinkwich ran and passed the Bulldogs to their touchdown in the final period. Leo Costa, the placekick expert, booted a perfect placement to give the Orange Bowl champions their margin of victory.

## Women Bowlers Start Play Wed

## BUSINESS OPPORTUNITY

For New Business or Established Merchant

Large National Corporation has open franchise in Big Spring. The business embodies a varied line of highly salable and necessary merchandise and assures you sufficient quantities and line of goods to produce volume sales.

The company you will represent furnishes equipment, fixtures, supervision and proven sales programs that positively insure a successful business. It further provides a national radio program and engages national advertising in all leading magazines at no cost to dealer. It shares the expense of local newspaper advertising.

The company is interested in securing a dealer in Big Spring with \$2000 to \$5000 capital or installing our lines of merchandise in reputable established mercantile store that wants to increase its profit possibilities and identify itself with one of the country's most outstanding quality merchandisers.

If you are interested in going into business or increasing the profit in your present business from 10% to 20% net profit attainment, write for further details at once.

A complete model store is currently set up in Dallas for your inspection and full investigation.

Write today without delay as this franchise together with a limited number in other cities will be available for a short time only. Address your inquiry to:

P. O. Box 2111  
Dallas, Texas

## Stanton To Play Grand Falls Friday

STANTON, Sept. 19.—The district 5-B schedule opens officially Friday with Stanton going to Grand Falls.

How long the district can operate this year is problematical, depending on how transportation can be worked out. District heads, in adopting a schedule last March 8, expressed concern over whether the league could operate through the season due to tire rationing restrictions.

If the league operates, Stanton will go to Big Lake on Oct. 9, to Andrews on Oct. 16 and then come home for games with Rankin on Oct. 23, Iran on Oct. 30 and Imperial (Buena Vista in Pecos county) on Nov. 6.

## Six-Man Loop Opens Friday

Facing the same sort of worry that will confront other school athletic teams, the Pioneer School athletic association opened its six-man football schedule Friday in both north and south zones.

In this end of the district, Westbrook is due to go to Courtney and Coahoma to Knott. Southern games pit Forsan against Garden City at the latter site, and Water Valley against Sterling City at Sterling. Coahoma and Forsan sort of loosened things up Friday with a pre-season practice tilt.

The season continues through Nov. 6 with north and south zone winners meeting for the championship.

## Baylor Tramples Service Team 68-0

WACO, Sept. 19. (AP)—Frank Kimbrough's cellar picked Bears unleashed a solid ground and dazzling overhead game here tonight to completely overwhelm an outmanned Waco Army Flying School eleven 68-0.

Every man on the Bruin squad saw service in the lop-sided tilt, with third stringers playing more than half of the game in which the Flyers never penetrated Baylor's side of the fifty yard stripe.

## STARTING LINEUPS

Big Spring	Foes	Tahoka
Urey	LE	Short
Brown	LT	Ward
Coffee	LG	Wardlow
McDonald	RG	Harwick
Webb	C	Barham
Boykin	RT	Knight
Blount	RE	Ramsay
Stevenson	QB	Roberts
Bostick	RB	McClintock
Mims	RH	Hughes
Stewart	FB	White

Substitutions:  
Big Spring—Christian, Germany, Matlock, Baker, Morgan, Barron, Bryan, Dearing, Hull, Thomas, Woods, Cagle, Cochran, McIntosh, Underhill.  
Tahoka—Derward McClintock, Caraway.

## BASEBALL AT A GLANCE

RESULTS YESTERDAY

American League  
Boston 9, New York 6.  
Cleveland at Detroit, postponed.  
Washington 5-11, Philadelphia 3-9.  
Chicago at St. Louis, postponed.

National League  
Brooklyn 5, Philadelphia 4.  
St. Louis at Chicago, postponed.  
Cincinnati 4, Pittsburgh 3.  
New York 7, Boston 6.

## Kimbrough Checked, N.Y. Giants Win

SYRACUSE, N. Y., Sept. 19. (AP)—Effectively bottling up high scoring John Kimbrough, the New York Giants wall-ped the Western Army all-stars, 10-7, tonight in the soldiers' final game of their brief series for army emergency relief against National football league clubs.

## Hornsby Signs With Cats Again

FORT WORTH, Sept. 19 (AP)—Rogers Hornsby has been signed to a new one-year contract as business and field manager of the Fort Worth Cats, and the club is prepared to operate in the Texas league again next season, President Stanley A. Thompson said here today.

Both Hornsby and Thompson said they were confident that the Texas league could and would operate again next year.

Fort Worth, with slightly more than 100,000 fully paid admissions, led the league in attendance for 1942.

## Wisconsin Edges Camp Grant, 7-0

MADISON, Wis., Sept. 19. (AP)—Wisconsin converted one of its opponents' third period fumbles into a fourth period touchdown to edge out a gallant Camp Grant football team, 7 to 0, before 15,000 spectators which included hundreds of high school students and service men.

## IOWA WINS 26-7

IOWA CITY, Iowa, Sept. 19. (AP)—Scoring in every period, Iowa opened its 1943 football season with a 26 to 7 victory over Washington university of the Missouri Valley conference before 8,200 persons here today.

## KANSAS TRAMPLED

LAWRENCE, Kas., Sept. 19. (AP)—The Iowa City Naval Cadets displaying a devastating passing and running attack, completely humbled a plucky but outmanned Kansas football team here today, 61 to 0.

The entire coast of Turkey to a depth of 75 miles is forest or bush land.

### Torpedoed Ship Captains Told To Play Dumb

NEW YORK, Sept. 19 (AP)—Shipping experts suggested today that the best way to combat the new Nazi tactic of making prisoners of torpedoed ship captains was for the crews to play dumb when approached by U-boat commanders.

Since June at least 11 captains of United Nations vessels as well as some chief engineers have been taken prisoners by the Germans. Berlin recently described this as a standing order to German submarine commanders as substantiation of their sinking claims.

Captain H. Martin, national vice president of the Masters, Mates and Pilots association, outlined the suggested procedure:

"Just have the men tell the submarine that the captain is still aboard the ship—and don't let the skipper wear uniform caps."

The advice already has been followed successfully in at least one case where the captain warned those in his lifeboat as the U-boat hailed them.

"When they asked for me, I just wasn't there," he said.

Some marine experts have expressed belief that among other reasons the Germans adopted the new tactic is to drain off trained United Nations technicians from the merchant marine growing in American shipyards.

### Army Alone Now Has Four Million Men

WASHINGTON, Sept. 19 (AP)—Disclosure that the army alone had expanded to 4,000,000 men was made today by Major General James A. Ullo, the adjutant general, in a report on methods used for assignments of soldiers.

President Roosevelt had said 4,000,000 were under arms, but did not explain whether the figure included the navy and other armed

### Wildcat Test Drills Below 1,740 Feet

Cosden Petroleum Corp. No. 1 Thelma Cole, northeastern Howard county wildcat test, two miles southeast of Vincent, drilled past 1,740 feet in anhydrite Saturday with prospects of a temporary shut down due to rains in the area.

Ray Albright No. 1 T. L. Higginbotham, Dawson county wildcat 1-3 miles northeast of the Welch pool and C SW SE 4-35-EL&R, awaited orders at 5,304 feet in lime, four feet past contact depth.

Elmie No. 1 Newman, scheduled Ordovician wildcat in Sevier county, SW 1-4 25-47-H&TC, had passed 5,138 feet in sandy lime and shale.

W. D. Caswell's No. 1 Charles J. Thompson, Mitchell county wildcat, will be in the C NE NE 53-25-T&P, 2-1-3 miles west by southwest of Loraine. His No. 1 E. D. Smith will be in the C NE SW 44-25-T&P, six miles southwest of Loraine.

### Germans

Continued From Page 1

tons of bombs. They flew low, sirens howling, to swell the pandemonium.

The arrival of more Soviet reinforcements, fresh, eager recruits from the Siberian training camps—gave a stronger tone to the Soviet defenses.

But if the fate of a city in this war was ever in the balance, this was it.

Dispatches from the battlefield made it clear that the German storm armies maintained their mauling strength after 26 days of direct assault, and that huge losses have in no way deterred the German commanders from their aggressiveness to overwhelm as quickly as possible this key to one of Russia's greatest communications systems.

Probably no battlefield in past wars has appeared as such an area of continuous movement and endless maneuvers of major forces.

### Government Gets Few Typewriters

DALLAS, Sept. 19 (AP)—Admitting that the government's patriotic appeal for typewriters has met with meager response, regional WPB Director R. Eugene Risser today sounded what may be the last voluntary plea for sale of machines by civilians for use by the armed forces.

"Texas, Oklahoma and Louisiana have been assigned a quota of 12,000 machines, and it is our duty to see that this quota is met," Risser said. "Standard—make typewriters of later than 1934 vintage are being purchased by authorized dealers throughout this region. They in turn will put the machine in shape for government use."

Their prices have been fixed by the government and there is no profiteering on this deal, and all civilians who sell their machines can rest assured that their typewriters will go to war."

### Aggies Graduate Without Fanfare

COLLEGE STATION, Sept. 19 (AP)—Without the usual fanfare of graduation exercises, 125 graduates of Texas A. and M. college today left the campus—headed either for the armed services or for jobs in essential war industries.

There was no final review, no baccalaureate address. It was their own idea.

All they took with them were diplomas signed by President T. O. Walton.

## 3-AA's Western Teams Tripped; Sweetwater Scores Wholesale

Matters went badly for the western end of the district 3-AA Friday evening as all members of the loop went into action for the first time this season.

Odessa looked good even in losing to Lubbock, 7-6, but Midland faced dreary prospects for the season in bowing to Brownfield, a Class A team, 18-0.

Big Spring showed possibilities with a 18-0 handling of Tahoka and Lamesa humbled a tough one in getting by Snyder 6-0. San Angelo experienced an easy time until the fourth with Ballinger and then had to come alive to win it 30-14. Abilene took to the air to beat Plainview 12-0, but Colorado City the first three minutes of the game Lions' tall and lost 26-6.

A booming 58-0 victory over Mineral Wells made critics blink their eyes and lay the finger on the Mustangs as the team possibly to stop Odessa in the district.

Games this week test the mettle of some teams. For instance, Amarillo invades Abilene, and that's a tough one for the Eagles. Lamesa has to put up with dangerous Brownfield, Midland goes to El Paso to play Austin high, Cisco comes to Big Spring and Sweetwater entertains Brownwood, a contingent due to give much more opposition than the Hosses had Friday.

Up at Lubbock, the Westerners made one quick scoring thrust in the first three minutes of the game and then spent the rest of the time fighting off Odessa rallies. A recovered fumble gave the Plainsmen their needed push.

San Angelo started out strong over Ballinger, but saw the fogs tab 14 points in the final quarter. The Bobcats amassed 201 yards rushing and completed four of nine passes for 40 yards.

Abilene's fullback Jesse Burditt

### Insurance Man Expires

DALLAS, Sept. 19 (AP)—Funeral services will be held here Monday afternoon for A. Morgan Duke, 51, president of the Southland Life Insurance company, who died today at his ranch home near Grand Prairie after an eighteen-month illness.

Interment will be at Tyler where he was born.

Duke, who was also chairman of the board of Commercial Standard Insurance company of Fort Worth, abandoned his schooling at the age of 19 in Tyler to enter the insurance business.

In 1922 he organized the Trinity Life Insurance company and in 1925, with associates, acquired control of the Commercial Standard. That same year he and associates acquired the Gulf States Life Insurance company, which had absorbed the Gulf States Life and other smaller companies, and formed the Southland Life.

He was also vice-president and a founder of the Texas Safety association.

### Commando Tactics To Be Told In Radio Program

Coming from the school on commando tactics and guerrilla warfare at Camp Bullis, General J. Watt Page will appear in the sixth production of "Texans on the Alert" at 2 p. m. Sunday over the Texas Quality network.

Gen. Page will explain some of the tactics taught to guard officers at Camp Bullis under direction of Lieut. Col. H. A. Pollock of the Royal Scots Fusiliers, member of the British War Mission to the United States. Texas Ranger Dub Naylor, who also attended the school, will explain just what the Texas Defense Guard is doing and what it may be expected to do in case of attack.

Two officers from the Big Spring unit (Co. E, 34th, TDG) have been at Camp Bullis this week. They are 1st Lieut. Hudson L. Bohannon and 2nd Lieut. Leslie D. Thompson.

### Court Ends Quiet Week

Seventieth district court adjourned off the second week from the September term Saturday with little to show for it.

The case of W. T. Cox versus Lee Petroleum Corp., suit for pay allegedly due under the fair labor standards act, was placed before the court Saturday and the jury in the case dismissed.

Earlier in the week G. E. Allen took a non-suit in his divorce proceedings versus Daisy Allen.

Saturday afternoon District Judge Cecil Collins and District Attorney Martelle McDonald went to Odessa to attend to court matters there.

## Here 'n There

Jim Earl West, Forsan, who was graduated from the Las Vegas (Nev.) Air Gunnery School last Monday and assigned to the 11th Observation Squadron at Gary Field, Ft. Lewis, Washington, returned to his station immediately. West had one of the best averages of his class in the gunnery school.

N. F. King, L. W. Butler, Hollis L. Shirley and Paul Attaway left Saturday for Stephenville to attend the annual state singing convention which convenes there during the weekend. Normally the state convention attracts around 3,000 or more singers.

Second Lieut. Jack Oliver, who flew here last week to visit with his parents, Mr. and Mrs. Jack Oliver, Sr., is due to get his first lieutenancy Oct. 15. Currently he is piloting at the Harlingen air gunnery school. Lieut. Oliver is

### School Budgets Are Completed

Budgets for the common school districts of Howard county have been completed following a series of conferences last week, County Superintendent Anne Martin said Saturday.

The combined budgets must be compiled into one master budget for the county and forwarded to the state department of education before the job here is complete, Miss Martin said.

## Men Decorated For Bravery In Coral Sea Action

WASHINGTON, Sept. 19 (AP)—The navy announced today that 23 officers and men who distinguished themselves during the Coral Sea battle had been awarded decorations for heroism in action. Nineteen of these men served on the Lexington, which was sunk after inflicting heavy damage on the enemy.

The Distinguished Service medal was conferred upon Rear Admiral Aubrey W. Fitch, 59, of Washington, D. C., and Rear Admiral William W. Smith, 54, of Springfield, N. J. Fitch commanded a task force with which the Lexington operated and Smith commanded a naval unit in the Coral Sea battle.

Five officers of the Lexington received gold stars in lieu of second Navy Crosses for action in the Coral Sea. They included: Lieutenant (junior grade) Harry B. Bass, 25, of Beaumont, Tex. Eight dive bomber pilots who won the Navy Cross for the first time also received citations for heroism. They included: Lieutenant (junior grade) Clem B. Connally, 26, of route 2, Waaco, Tex. Ensign Alva A. Simmons, 24, of Portales, N. M.

### The Week

Continued From Page 1

raising what food it can, and farmers to be even more impressed with their responsibility in producing more foods. The FSA and the extension service are laying new stress on this thing—and come another year of war we may learn what it is to do without a lot of food items. As rationing binds tighter on trucking, less and less fresh vegetables will be hauled in and there will be smaller supplies and higher prices.

### Navy Drives To Meet Sept. Quota

The local navy recruiting station has signed up 69 men in the period from September 1-17.

That leaves considerable work to do to meet the quota of 131 men for the month, with only 11 more days to go. But recruiters said they could do it.

Charles Ray Vessey, Lamesa, enlisted Friday as an apprentice seaman.

### Public Records

### Bomber Crashes, Three Lives Lost

COLUMBIA, S. C., Sept. 19 (AP)—Three army aviators lost their lives in the crash of a medium bomber at nearby Columbia army air base today.

The plane crashed on the field as it was coming in for a landing from a routine training flight.

Staff Sgt. Peter P. Conrad, 21, of Philadelphia, Pa., the co-pilot, died instantly.

### Barbee Funeral At 4 P. M. Today

Last rites will be said at the First Methodist church at 4 p. m. today for E. E. Barbee, 61, who succumbed Friday following a long illness.

The Rev. Jackson, Ackerly, assisted by the Rev. H. C. Smith, First Methodist pastor, will be in charge. Burial will be in the city cemetery. Mr. Barbee, a carpenter, had been ill for the past seven weeks.

## HOW YOU, PERSONALLY, CAN HELP TO AVERT A RUINOUS INFLATION... Buy War Bonds This Way

SET A WEEKLY OR MONTHLY QUOTA

Calculate carefully with your wife or husband what your regular savings can reasonably be. Unless you set a definite figure, you are likely soon to stop saving. Remember that there can be no safer investment, so far as principal is concerned. Moreover, these bonds pay a better interest rate than even banks can obtain on federal securities, and—in case of any emergency—E Bonds can be cashed immediately any time after 60 days from the date of purchase.

### GUARD AGAINST YOUR OWN PROCRASTINATION

MILLIONS of citizens are finding that the easiest "automatic saving" is to buy bonds regularly through "the Pay-Roll plan," arranged for business firms by the United States Treasury. If your employer has not initiated this plan, suggest tomorrow that he do so. He can get full particulars from his bank or the local War Savings Committee as to how to operate the plan.

### IF YOU ARE YOUR OWN EMPLOYER

There are two ways of making your purchases automatic. In case you have a "checking account" at a commercial bank, instruct the bank to subscribe in your name for a bond of designated amount, and at specified intervals the bank will make payments on it and charge your account. If you make savings deposits, instruct the bank to order a bond in your name, and sign a pledge to deposit so much toward this bond each week or month. Farmers can cooperate by making every market-day Bond-day and by buying a bond every time they sell produce.

### WHAT TO DO ABOUT "IDLE BALANCES"

If you have an "idle balance" in a commercial bank, it is helpful to the anti-inflation campaign to use any part of it that you can reasonably spare to buy War Savings Bonds.

## Skyettes Invited To Attend VFW Dance For Soldiers Tuesday Night

### Girls Club And Hostesses To Meet Monday

Members of the Skyette club and hostesses are asked to meet at 7:30 o'clock Monday night at the Settles hotel ballroom to discuss dance plans for Tuesday night.

### Salvation Army Opens Basement For Soldiers

Salvation Army reception hall for soldier use at 600 West 4th, will be open and ready for use on Thursday, Major L. W. Canning said in an announcement Saturday.

The building, with its entrance on Ayford street, will contain ping pong tables, checkers, dominoes, badminton, and a reading and writing room in addition to other game facilities.

Invitation from the Salvation Army to the soldiers to use the room in the basement of the citadel has been extended by Major Canning.

Other churches who are preparing such facilities include St. Thomas Catholic church, First Christian church, and East 4th St. Baptist.

### Summer Flowers Are Decoration At Rook Club Party Here

Roses and queen's wreath decorated the home of Mrs. M. L. Musgrove when she entertained Friday for the Rook club and included a table of guests.

Mrs. P. M. Simms won visitors high score and other guests were Mrs. C. L. Williamson, Mrs. W. H. Power and Mrs. G. W. Pettefish.

Mrs. C. E. Talbot received high scores for members. Refreshments were served and others present were Mrs. G. S. True, Mrs. Ray Wilcox, Mrs. D. C. Sadler, Mrs. J. Lusk, Mrs. R. L. Warren, Mrs. S. P. Jones, Mrs. W. A. Miller.

Mrs. Lusk is to be next hostess.

## Students And Visitors Spend Weekend Here

A few students rushed in to spend the weekend with parents following the first few days school and others polished off the welcome mat to greet old friends who stopped here for brief visits.

Mrs. Mack Abernathy of San Angelo is spending the weekend with Mrs. Glass Glenn.

Mrs. Tom Baker is reported improving following major surgery at the Big Spring hospital Friday.

Mr. and Mrs. C. A. Amos are spending the weekend in Waco.

Mrs. Frank Powell is reported as improved following surgery at the Malone-Hogan Clinic Hospital.

Mrs. J. L. Miller has as her guest her sister, Mrs. Barbara O'Farrel, of Honolulu, who is visiting here for an extended stay.

Mrs. J. J. Killy of Jacksonville, Fla., and her daughter, Mrs. Lee Kerns of San Diego, Calif., have spent the past week visiting in the home of Mr. and Mrs. O. B. Warren.

Thomas South of Coleman is spending the weekend here with Mr. and Mrs. C. B. South.

Mrs. R. L. Perkins, Jr., of Ranger is here visiting her parents, Mr. and Mrs. Sam Goldman.

Howard Schwarzenbach, student at A. & M., is visiting here between semesters.

Lane Hudson of Berkeley, Calif., is here visiting his parents, Mr. and Mrs. J. L. Hudson.

Billy Robinson, son of Mrs. H. N. Robinson, will leave Monday to enroll at Baylor university, College of Medicine, in Dallas.

Mrs. J. N. Cauble and Mrs. Thomas are spending the weekend in Graham with Mrs. Thomas' son and wife, Mr. and Mrs. J. D. Cauble.

### Forsan Study Club Disbands For Duration

FORSAN, Sept. 19 (Sp)—The Forsan Study club, another wartime casualty, voted to disband for the duration at a luncheon held Friday at the Settles hotel.

Mrs. Bill Conger presided and Mrs. H. D. Williams gave the club collect. Guests were welcomed by Mrs. Conger and Aquilla West gave the response.

"Remember When" was reviewed by Mrs. Paul Johnson. The table was centered with an arrangement of marigolds, the club flower and corsages were given as plate favors.

The group sang "Auld Lang Syne" at the closing. Present were Mrs. Lloyd Burkhardt of Coahoma, Mrs. W. B. Dunn, Mrs. P. D. Lewis, Mrs. Bill Conger, Mrs. Williams, Mrs. Paul Johnson, Mrs. Ira L. Watkins of Garden City, Mrs. W. K. Scudday of Garden City, Mrs. I. O. Shaw, Mrs. J. D. Leonard, Margaret Jackson, Aquilla West.

Fort Worth-bound: Averil McClain, Mr. and Mrs. D. A. Watkins and George J. Zachariah.

Uncle Sam will be taking another one of our employes Wednesday—Rip Smith.

W. E. Gibson returned to the office Saturday morning from a business trip to Artesia, N. M.

Initiation held for Mrs. Gilliland at Noble Grand Meet

Initiation was held for Mrs. Rosalie Gilliland when the Past Noble Grand club met in the home of Mrs. Ella Lloyd Friday.

First chapter of Genesis was studied during the program. Games and refreshments followed.

Mrs. Jodie McDaniel and Mrs. Dorothy Eika were named as next hostesses on October 2nd.

Others present were Mrs. McDaniel, Mrs. Julia Wilkerson, Mrs. Maggie Richardson, Mrs. Velma Cain, Mrs. Eula Pond, Mrs. Ruth Wilson.

### Colorado City Class Installs Officers

COLORADO CITY, Sept. 19 — The T. E. L. Sunday school class of the First Baptist church in Colorado City held installation ceremonies for the induction of new class officers at their September meeting which was held in the class room at the church.

Mrs. R. B. Terrell acted as installation officer and the following officers formally assumed their duties: president, Mrs. Green Delaney; first vice president, Mrs. B. F. Wilson; second vice president, Mrs. John Colson; third vice president, Mrs. D. M. Logan; fourth vice president, Mrs. M. E. Lindley; fifth vice president, Mrs. F. B. Whipkey; secretary, Mrs. Charles Seal; treasurer, Mrs. W. H. Franklin; social secretary, Mrs. J. L. Bowen.

Teacher of the class is Mrs. E. L. Henderson with Mrs. T. J. Ratliff and Mrs. C. W. Welch as her associates.

## Women's Clubs To Undertake The Responsibility Of Furnishing Hostesses At USO Center Here

Student—Sarah Kathleen, above, daughter of Mr. and Mrs. H. W. Wooten, 414 Park Street, will leave September 20th for Dallas where she will enroll in prep school at Hockaday. This will be Miss Wooten's third year at Hockaday school.

### Trainmen Ladies Give Funds For Soldier Kits

Voting to give \$8 to the Red Cross to fill over sea kits for soldiers, the Trainmen Ladies met at the W. O. W. hall Friday for a business-session with Mrs. Albert Smith presiding.

Visit of the grand lodge officer was canceled indefinitely due to illness of several lodge officers.

Initiation was set for next Friday. Others present were Mrs. George Pittman, Mrs. Jimmy Hicks, Mrs. N. R. Smith, Mrs. C. A. Schull, Mrs. Harris McCanless, Mrs. Tom Underhill, Mrs. Herbert Fox, Mrs. Rowan McClinton.

Mrs. W. L. Baker, Mrs. B. N. May, Mrs. G. C. Ragdale, Mrs. W. E. Phillips, Mrs. D. R. Tullous, Mrs. A. J. Cain, Mrs. M. C. Knowles, W. E. Clay.

Sunday Blouse—also for dates, college girls go for this round neckline, bow tie, designed by Glenwear.

### Child Care, Health Discussed By Nursery School Mothers

Mothers of the WPA nursery school met Friday afternoon to hear a talk on nursery school routine given by Mrs. Bertha Owen, parent leader.

Jewell Tucker spoke on teaching a child to be happy. Round-table discussion was held and new plans made for group meetings.

Present were Mrs. D. A. Rhoton, Jr., Mrs. Mack Davis, Mrs. R. A. Weinkauff, Mrs. V. E. Cottrell, Mrs. J. L. Dorton, Mrs. Joe Dorton, Mrs. Lillian Smith, Jewell Tucker, Mrs. J. W. Tucker, Mrs. Beulah Morrison, Mrs. Myrtle Kilgore, Mrs. Davye Snider, Mrs. Bertha Owen, Mrs. Mary Bagley, Mrs. Crum, Mrs. Baker.

### Forsan P-T. A. Buys \$65.70 In War Bonds

FORSAN, Sept. 19 (Sp)—The Forsan Parent-Teacher association members bought \$65.70 in war savings bonds and stamps at a recent meeting attended by 100 persons.

The organization treasury showed \$122.39 reports revealed. Committees selected at the meeting were finance, Miss Jackson, J. R. Hale and Walter Gressett; hospitality, Mrs. O. S. Butler, Mrs. Pete Huddleston, Mrs. M. M. McClintock; publicity, Mrs. Dan Moore.

Next meeting is to be September 22nd. There were 23 paid memberships reported.

### Local People To Be Contacted By Seven Groups

Schedule for keeping the temporary soldier center at First and Runnels open for soldier use has been arranged by the hospitality committee of the War Recreation Council under chairmanship of Mrs. L. A. Eubanks.

Seven clubs were asked to be in charge of one day of the week. American Association of University Women will take charge Monday, Hyperion club on Tuesday, 1930 Hyperion club on Wednesday, Women's Forum on Thursday, Child Culture club on Friday, Music Study club on Saturday and Beta Sigma Phi and Professional Women on Sunday.

Each club will be responsible on its day for securing hostesses from the local townpeople who will agree to be at the center during its opening hours.

Local women who are interested in helping be hostesses and assisting with entertainment at the center are asked to contact club heads or the hospitality committee to volunteer for the day or days on which they are available to take charge of the center.

Hours that the center will be opened for the soldiers have not yet been set but are to be announced soon.

Mrs. Eubanks pointed out that on the day that a club had charge of the center, it did not mean that members only were to be present, but that it would be the club's responsibility on its day to see that local women are contacted and available to take over duties as hostesses.

Other women on the committee include Mrs. V. H. Jewellen, Mrs. R. E. Blount, Mrs. W. E. Ryan.

The center is to be cleaned up and made ready for use by Monday, it was learned today and Monday afternoon the hospitality committee will meet at the center to decide what furniture and equipment is needed.

Committee and council members hoped to be able to at least have the center open for limited use by Wednesday of this week.

### Miss Laneous Notes

And now you can blame everything on the war—Your foot comes out in horrible condition and is served to you as if the management is daring you to eat it. Everybody blames this on the war.

You go to drink a sody at the pop stand and you get no straws "because of the war." The management leaves out the ice in your glass of water, due to the war no doubt.

You send out your laundry and it comes back in shreds and your Sunday best suit droops and bulges after a trip to the cleaners. It's those Germans and Japs doing it again.

You put on a new pair of hose and take one step and break out into rashes. You buy a new wool dress and it comes complete with only half the snaps and hooks and a lost button or two. The war is an easy alibi here too.

Sometimes a little doubt creeps in your mind that the war could be so all responsible. It may be unpatriotic but you sometimes wonder if before the war some of these same merchants weren't making other poor excuses before the world caught on.

You may be making a mistake assuming such things but with what's left of the world's supply of goods and labor, it looks as if quality ought to survive as long as the supply lasts. But from a lousy meal and service to runny stockings it's the same old cry, "c'est la guerre."

### Forty-Two Party Given In Home Of Mrs. Hamby

Roses and pectunias were decorations for the home of Mrs. Joe Hamby when she entertained with a forty-two party Friday.

High score went to Mrs. M. E. Byerley, Jr., and low to Mrs. Louise Atkins.

Mrs. Paul Bradley was surprised with gifts on her birthday anniversary.

Refreshments were served to Mrs. Jim Harper, Mrs. Otis Johnson, Mrs. R. V. Forestry, Mrs. E. C. Gaylor, Mrs. Earl Henderson, Mrs. Louis Cherry, Mrs. Lenora Amerson, Mrs. Harvey McKinley, Mrs. Louise Atkins, Mrs. D. P. Day, Mrs. Byerley, Mrs. Bradley and the hostess.

### Matinee Club Votes To Meet In Evening

Voting to play at night instead of afternoons, the Matinee Bridge club met Friday in the home of Mrs. Joe Clere for games and business session.

The group discussed new members and also voted to give defense stamp prizes. Club will be held every other Thursday night, it was agreed.

High score went to Mrs. George Tillinghast, and second high to Mrs. A. E. Underwood. Mrs. Jim Allen binged.

Watermelon was served and others present were Mrs. Herschel Petty, Mrs. Sam McComb, Mrs. Clarence Allen, Mrs. Ray Shaw, Mrs. Petty is to be next hostess.

### Son Born To Mr. And Mrs. Burke Summers

Birth of a son, at the Malone & Hogan Clinic Hospital Friday morning at 11:45, is announced by Mr. and Mrs. Burke Summers. The baby, weighing six pounds, one ounce, has been named Frank Dallas. Mother and son were reported doing nicely Saturday.

### Mrs. Bobby Asbury Is Given Gift Party

FORSAN, Sept. 19 (Sp)—Mrs. Arthur Barton and Mrs. Sam Rust honored Mrs. Bobby Asbury with a gift party in the Rust home. Refreshments were served and gifts presented. Approximately 35 guests were invited.

## Forum To Assist In War Work

Engaged—Mr. and Mrs. James T. Rogers announce the engagement and approaching marriage of their daughter, Norma, above, to Tech. Sgt. Louis Francis Tornabene of the Big Spring Pre-Child school, Sgt. Tornabene is the son of Mrs. Josephine Tornabene of McDonald, Pa. Miss Rogers was graduated from Big Spring high school in 1942. Sgt. Tornabene was graduated from McDonald high school and studied at Carnegie Tech, Pittsburgh, Pa. The wedding is to take place on October 2nd in Big Spring. (Photo by Kelsey).

### Alvin Smith Is Honored With Church Supper

To honor Alvin Smith, the deacons of the East 4th St. Baptist church entertained Friday night at the church with a chicken dinner. Smith is leaving Tuesday for induction into the army at Fort Sill, Okla.

Smith, who has been vice chairman of the deacons' organization for three years, church treasurer, vice president of the Brotherhood and teacher in the Sunday school, was given testimonials of appreciation by Henry C. Burnett, A. L. New, W. D. Thompson, and Walter Grice. Smith gave a brief talk in response.

Burnett acted as master of ceremonies. The deacons drew up a resolution of appreciation which was presented to Smith.

Games and a social hour followed and the benediction was given by the Rev. R. E. Dunham. Others were Mr. and Mrs. Burnett, Mr. and Mrs. Thompson, Mr. and Mrs. Grice, Mr. and Mrs. New.

Mr. and Mrs. Richard Lytle, Mr. and Mrs. J. M. Lytle, Mrs. Essie Wood, Mr. and Mrs. Cleve Reese, the Rev. and Mrs. Dunham, Mr. and Mrs. Wilbur Forrest, Mr. and Mrs. W. R. Puckett.

### Church Dinner To Be Held By Presbyterians

An all-church dinner will be held at 7:30 o'clock Monday night at the First Presbyterian church for members of the congregation.

Program on United Education will be given by the pastor, the Rev. O. L. Savage. Dinner will be served by the Business Women's circle.

All members are invited to attend. Due to the dinner, the Presbyterian auxiliary meeting usually held in the afternoon will be postponed until next Monday.

### Sew And Sew Club Meets In Beadles Home

Sewing for the Red Cross was done by the Sew and Sew club in the home of Mrs. R. O. Beadles Friday afternoon.

Refreshments were served and present were Mrs. Charles Stagg, Mrs. Walter Deas, Mrs. W. H. Scott, Mrs. Clyde Johnson, Mrs. L. G. Cook, Mrs. Thomas Webb, Mrs. Clyde Thomas, Sr., Mrs. C. M. Crouch, Mrs. Talbert, Mrs. Royce Bridwell.

### CALENDAR

FIRST CHRISTIAN Council will meet at 3 o'clock at the church for Bible study.

ST. MARY'S Unit will meet at 3 o'clock at the Episcopal parish house.

### Forum To Assist In War Work

An enthusiastic acceptance of the assignment of service at the USO headquarters each Thursday was voted by members of the Modern Woman's Forum when members met Friday night at a called session in the home of Mrs. W. J. McDams.

The Forum agreed to the responsibility of furnishing hostesses at the center at First and Runnels streets for each Thursday in the week.

Mildred Creath presided during the business session when members decided to meet but once a month on the second Friday for lessons and business session. Study for the year will be on "War and War Industries" as outlined by the National Federation of Women's clubs.

In line with other war activity the Forum voted to omit refreshments or unnecessary expenses and to keep local membership dues for war work and entertainment in Big Spring.

Mrs. J. P. Dodge was named in charge of a discussion on library facilities and needs during wartime. Next meeting was set for October 9th in the home of Ina Deason.

Others present were Mrs. Dodge, Mrs. Collings, Mrs. W. F. Cook, Mrs. Bob Eubanks, Mrs. Hiram Knox, Miss Deason, Marjory Taylor, Mrs. Charles White.

### Church Dinner To Be Held By Presbyterians

An all-church dinner will be held at 7:30 o'clock Monday night at the First Presbyterian church for members of the congregation.

Program on United Education will be given by the pastor, the Rev. O. L. Savage. Dinner will be served by the Business Women's circle.

All members are invited to attend. Due to the dinner, the Presbyterian auxiliary meeting usually held in the afternoon will be postponed until next Monday.

### Sew And Sew Club Meets In Beadles Home

## Revival Ends With Services Here Today

The Assembly of God church concludes its two week revival meeting tonight with the Rev. J. Paul Bruton speaking on "God's Incendiaries" at the morning service, and "The Coming Empire" at the evening service.

The meeting will be held at the church, corner of W. 4th and Lancaster, due to weather conditions and a goal of 200 has been set for Sunday school attendances.

The Rev. Bruton will speak over KBBT 12:30 noon.

Irby Cox, educational and musical director of the First Baptist church and who is leaving soon to enter the military, will sing at both services of the church today.

In the morning the pastor, the Rev. P. D. O'Brien, will speak on "A Time Like This" and in the evening he is to use as his subject "Some Lessons From the Good Samaritan."

"The Path to Glory" will be the subject for the Rev. Ivy Bohannon at the Church of the Nazarenes, 4th and Austin, this morning. His evening message will be "Seeing Jesus."

Sermon subjects of Rev. R. E. Bowden, pastor, at the Main Street Church of God today: at 11 a. m. "Revealing God," and at 8 p. m. "Dodging the Issues." The Young People's meeting will be at 7:30 p. m.

Sermon topic at the East 4th Baptist church Sunday morning at the 11 o'clock service will be "Choose You This Day Whom You Will Serve." The pastor, the Rev. R. Elmer Dunham, will fill the pulpit. Special music will be by E. B. Bethell, guest singer.

Services scheduled at 4 o'clock at Elbow have been postponed due to the E. E. Barbee funeral services, it was announced Saturday.

Morning service at 9:45 o'clock at the airport extension building will be held as usual followed by Sunday school. The building has been enclosed with walls this week, it was revealed and services will be held in the building.

"Matter" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 20.

The Golden Text is: "What agreement hath the temple of God with idols?" (I Cor. 10:18).

Among the citations which comprise the lesson-sermon is the following from the Bible: "That which is born of the flesh is flesh; and that which is born of the spirit is spirit" (John 3:6).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Human birth, growth, maturity, and decay are as the grass springing from the soil with beautiful green blades, afterwards to wither and return to its native nothingness. This mortal seeming is temporal; it never merges into immortal being, but finally disappears, and immortal man, spiritual and eternal, is found to be the real man" (page 190).

Regular third Sunday preaching services will be held at the Centrepont church this morning and this evening, and everyone is invited to attend. Rev. C. T. Jackson, Methodist pastor, will preach.

Leaders of farm organizations conferred with Bankhead and other farm state senators today but were not in agreement on whether the Bankhead formula went far enough. An agriculture subcommittee will meet Monday morning before debate opens to consider possible amendments.

Meanwhile the house rules committee will decide Monday on the procedure to be followed in considering the anti-inflation measure in that chamber, starting Tuesday. Leaders in both senate and house expected to pass their respective bills by the end of the week and to be able to adjust any differences and complete congressional action by the Oct. 1 deadline set by the president.

Extended debate may result in the senate from another Bankhead proposal, accepted by the banking committee, establishing a floor of 90 per cent of parity under important farm commodities through government loans. The present loan rate is 85 per cent. Senator Taft (R-Ohio) declared

## Announcement Shower To Be Held Sunday Afternoon At Settles Hotel For Miss Betty Lee Eddy

BETTY LEE EDDY ... bride-elect

### A Burglar Can't Have Any Peace These Days

NEW YORK, Sept. 19 (AP)—Arthur Cooney, 35, roused from a Central Park bench, reported to police he had been robbed of a suitcase full of clothing while he slept.

As Cooney described the clothing thought it more than coincidental the description fitted a list he had just obtained of goods stolen from a nearby apartment.

Arrested, Cooney complained bitterly: "I burglarize a house and somebody robs me!"

Hours Are From 3 o'clock To 6 o'clock

An announcement tea will be held at the Settles hotel Sunday afternoon for Betty Lee Eddy with Mrs. G. C. Dunham and Marie as hostesses. Hours for the reception are from 3 o'clock to 6 o'clock.

Miss Eddy, daughter of Mrs. L. E. Eddy, is to be married to Lt. Don Burke of Roswell, N. M., on October 3rd in Big Spring. Lt. Burke, who is flying instructor at Roswell Army Flying School, Roswell, N. M., was formerly employed here by Commercial Credit company.

Scrolls tied with red, white and blue ribbon will contain the announcement of the wedding. A four motored bomber plane in one corner of the scroll and the names "Don and Betty" are given with the wedding date, "October 3rd, 1942."

Members of the houseparty will dress in formal gowns. The receiving line will include Mrs. Dunham and Marie, Mrs. Eddy, Miss Eddy, Mrs. J. B. Hodges, Sr., Mrs. W. D. McDonald.

Other members of the houseparty will be Wanda McQuain, Emily Stalcup, Kathleen Underwood, Billie Bess Shive, Joyce Croft and Janice Slaughter, who will be at the register.

The tea table will be centered

with a punch bowl surrounded with pink and white gladioli. Approximately 150 guests have been invited.

UNITEX Invisible Sanitary Pantie

Undreamed of freedom and comfort for you. Made of a luxurious soft fabric, the pantie fits into a secure pocket. No need for pins or belt. Order by hip measurement. \$2.55.

## Price Control Bill To Have Backing Of GOP's In Senate

Republican backing for the price and wage stabilization bill became apparent in the senate today but farm bloc members considered reneging their fight for a new farm parity formula despite President Roosevelt's disapproval.

A caucus of 23 republican senators resulted in an announcement that they unanimously agreed the bill had been substantially improved by amendments in the banking committee but several indicated they definitely would support the measure when it reaches the floor Monday.

Senator Bankhead (D-Ala) was undecided whether to press for floor consideration of his amendment revising the parity formula to include the cost of farm labor. The committee rejected the proposal yesterday. The existing parity formula does not take the farmer's cost of production into direct account.

Leaders of farm organizations conferred with Bankhead and other farm state senators today but were not in agreement on whether the Bankhead formula went far enough. An agriculture subcommittee will meet Monday morning before debate opens to consider possible amendments.

Meanwhile the house rules committee will decide Monday on the procedure to be followed in considering the anti-inflation measure in that chamber, starting Tuesday. Leaders in both senate and house expected to pass their respective bills by the end of the week and to be able to adjust any differences and complete congressional action by the Oct. 1 deadline set by the president.

Extended debate may result in the senate from another Bankhead proposal, accepted by the banking committee, establishing a floor of 90 per cent of parity under important farm commodities through government loans. The present loan rate is 85 per cent. Senator Taft (R-Ohio) declared

# Decision Should Be Made On Future Draft Policies

General Hershey's warning to married men without children to get ready for military service by Christmas brought the war suddenly closer to millions of additional Americans. So did Manpower Commissioner McNutt's reminder to college boys that they are destined for the armed services.

While such blunt statements may not be welcomed, while they may not be borne out completely by developments in many individual cases, they serve a useful purpose. The services will require more men soon. The "pooling" order, calling up all single men, emphasizes the fact that the reservoir of those without dependents is running low.

This leaves two alternatives: (1) starting taking men with dependents, or (2) lowering the selective service age to include boys of 18 and 19. Such is the harsh situation. It is only fair that it be understood by the people during the discussions leading to a decision by congress on the proper course.

As the law now stands, it will be the married men who are called. Congress has already voted allowances for their dependents. However, it is known that the army would prefer to have the youths, and business men fear disruption of staffs if many more older men go. It is asserted that drafting youths is delayed only because congress dare not act before elections.

Actually, this question looms so large, and is so close to the hearts of the people, and the need for expediting the war is so paramount, that political considerations seem inconsequential.

It's a hard question that must be answered, but since we must win the war, the governing issue, the nub, is simply which group of men, those with dependents, or

**Manhattan—**  
**Mixup Sometimes Occurs In Song And Book Titles**  
By GEORGE TUCKER  
NEW YORK—This is Manhattan. . . . A mounted cop in Central Park sees another horse coming at a clip that is a little better than fast, and on that horse is a blonde who is somewhat less than nonchalant. . . . So he gets himself set and he stops that horse, and when the girl grins he bawls, "Who taught you to ride?"

"Will Rogers," the blonde said. He did, too. She was Paula Stone, back in town for a revival of "You Can't Take It With You." Will used to spend a lot of time out at Fred Stone's place on Long Island, where he taught all the kids to ride.

Of course, Paula could have elipped a little since then. Titles mean next to nothing. I mean, they are like mercury. You have a hard time pinning them down, and holding onto them. Take "The Wind and the Rain." That was the autobiography of one of the best newspapermen England ever produced—Thomas Burke. You'd think that title would be his, but it wasn't. Along came somebody and wrote a musical comedy called "The Wind and the Rain."

Take Carl Cramer, who wrote a book and called it "Stars Fell on Alabama." It wasn't a week after the book became a hit that a song writer had a song by the same title. Once while Cramer was attending a theater a man came out on the stage and said, "I'd like you to meet the man who wrote 'Stars Fell on Alabama.'" and before Cramer could swallow his surprise a musician bobbed up and took a bow.

I see where Lou Walters is about to go into rehearsals with a new musical called "Spice of Life." . . . Not that it matters, but once before there was a show called "Spice of Life." . . . Titles, it seems, mean absolutely nothing. They belong to anybody who uses them.

With pop songs, the title is usually the "clutch" line of the lyric. With a book a title occasionally is ambiguous. With the movies they seldom mean anything at all. They are put there only to snare attention.

**MARJORIE KNAPP:**  
She's the seventeen-year-old star of "Star and Garter," that opus of the burlesque mold with Gypsy Rose Lee that has scored for Michael Todd.

Ask her how long she's been in show business and she'll tell you 18 years. Her debut was made at the age of two, poised in the strong right hand of Gus Edwards. She weighed 36 pounds, she recalls, and was a holler at the Charleston. "I could even sing and play the sax," she says.

those in their teens, will contribute most to victory.  
Such points as the claimed physical resiliency and recklessness of youth, contrasted with the supposed mental steadiness of family men, will weigh above questions of sentiment.  
The country would benefit from having this question decided. If only one group is to go, the others should not be unsettled and in doubt. Delay is inexcusable.

## A Promise for Tomorrow

Chapter Four  
**CLIPPED WINGS**

As she closed the big front door on the sound of Bart's car purring out of the drive, Julie noticed that the light was still on in her father's study.  
Looping the soft fur coat over the banister, she called, "Dad, are you busy?"  
"No. Come in," the big voice boomed familiarly.  
Dr. Tom pulled off his glasses, put down his book, smiled at her. "Have a good time?"  
She perched on the arm of his deep worn leather chair. "Fair."

"Sister?" He took hold of her chin, pulled her face around so she had to look at him. "Not letting the practice of medicine destroy your sense of proportion, I hope? Parties and the play spirit are important, you know."  
"I know, Dad. If I didn't, it wouldn't be because people hadn't been telling me! You're the third one today."

Dr. Tom grinned. "Then what is on your mind?"  
She rubbed her cheek against his temple so he could not watch her face. "Why are you so sure an operation wouldn't help Pete walk straight again?"  
"So that's it!" He snorted impatiently. "Suppose you answer that question yourself, Doctor. You know the case as well as I do. Or you should. You've followed it closely enough."

"Because the shock to the nervous system already overstrained by the original accident, might counteract the success of relieving continued pressure on the affected parts," she recited slowly, like a careful student. "But, Daddy," she went on, "don't you think if Pete knew there might just be a chance, even a slim chance, he'd want to take it?"

Dr. Tom slapped his book shut savagely. "I haven't a doubt he'd climb onto the operating table at once. The young fool!"  
"Then, shouldn't we—shouldn't you—"  
"No we should not." He turned to look at her.  
"That boy's going to have national acclaim before this is over. I'm proud of him. He has reason to be proud of himself. Don't worry about young Fowler, girl." She managed a smile as she turned toward him. "I suppose so. Still—" she picked up the book her father had spilled to the floor. "Who is this Belgian?"

"Refugee. Had quite interesting experience in the last war. Lecturing now at some college in the southern part of the state. He's

# Life Of Ingrid Bergman Is Recorded In Movies

By ROBBIN COONS  
HOLLYWOOD—To go along on an air-raised over Germany, see the British-made movie, "One of Our Aircraft Is Missing." . . . There's the thrill of a documentary in the earlier sequences, the thrill of being in the plane, looking down. . . . After that it's so much "Joan of Paris" with a Holland setting, but still good thriller stuff. . . . Ingrid Bergman has a complete movie record of her life. Her father started it in Stockholm, kept it up through her first modern play and her first Swedish movie role, and Ingrid herself has kept it going in America—with the assistance of fellow actors. Gary Cooper and Director Sam Wood were lenient on her home movie camera as she made "For Whom the Bell Tolls" and Ingrid (making it a complete story of her life) is cameraman when she photographs Pia, her 4-year-old daughter, and Dr. Peter A. Lindstrom, her husband. . . .

# The Thrill That Comes Once In A Lifetime

Copyright, 1942, King Features Syndicate, Inc. World rights reserved.

# Washington Daybook—Here's Pat On The Back For Congress' Part In The War

By JACK STINNETT  
WASHINGTON—Congress has finally found itself an A-No. 1 defender.  
With election just around the corner and the Boys on The Hill still bubbling over the coals that have been heaped on their heads this spring and summer, the time, to say the least, was ripe.  
The Champion of the 77th Congress is the Legislative Reference Service of the Library of Congress. Since the Library of Congress really belongs to Congress and since the Legislative Reference Service is just what the name implies—that section of the Library that scours the records at request of congressmen for all the myriad

details that those gentlemen have to have at their finger-tips—the results in this instance are slightly suspect. . . . Nevertheless, Ernest S. Griffith, the Library's LRS director, and his staff certainly have done a job. In a 35-page single-space mimeographed monograph, entitled "The War Record of Congress," they've given the Boys on The Hill a pat on the back, the likes of which has rarely been delivered to Congress, except by congressmen themselves.  
Starting off with the simple statement: "The record of the 77th Congress in supplying the sinews of war is without parallel," the LRS points out that since 1933, the congresses have appropriated in billion dollars more for the army and one billion more for the navy than the president has requested in his budget messages. Quoting Rep. Clarence Cannon, of Missouri, the report reiterates that this congress "is writing in the conduct of this war one of the brightest chapters of American history."

After that the LRS really gets down to cases. Its documents its claims about budget requests and bigger appropriations for the army and navy. It itemizes its \$1,625,000,000 slash in non-defense expenditures, principally through the efforts of the joint house and senate committee headed by Sen. Harry Flood Byrd, of Virginia. It brands a knee to Chairman Andrew J. May's House military affairs committee; to Chairman Carl Vinson's House naval affairs investigation committee (which uncovered the excess profits in naval contracts and caused many companies to kick back millions and others to offer to renegotiate contracts); and to Rep. Ross Collins, the long-time champion of a mechanized army, Flying Fortresses, and a powerful air force.  
It lists the accomplishments of the Truman committee in uncovering many flaws and frauds in war production; and of the Tolan committee, which made a study of interstate migration of war workers and of the evacuation of enemy aliens from strategic areas. In heavily documented paragraphs, it clears the skirts of Congress of any mud flung up along the Alaskan highway. It shows how Congress had NO part or responsibility in the lack of fortifi-

# What You Buy With WAR BONDS

A pelorus, used by the Navy, is a device which fits over the surface of a compass to enable the operator to take bearings on distant objects. It has split hair sights, has been in use for many years . . . and costs approximately \$125.

These instruments are essential equipment to every American ship which comes out of the shipyards. With the scores of ships now being completed each month, we need many of these instruments. Your purchase of War Bonds and Stamps will help pay for them. Invest at least ten percent of your income every payday in these interest bearing Government securities.

### You Think This War Is Tough? Here's How It Was Back In '17

By ALEXANDER R. GEORGE  
Wide World Features Writer  
WASHINGTON—Back in World War I, folks on the home front had to keep track of Wheatless Mondays and Wednesdays, Meatless Tuesdays, Porkless Saturdays and Gameless Sundays. And for a nine-week stretch in the terrific winter of 1917-1918 there were Heatless Mondays.

A coal famine in January and February, resulting from a transportation bottleneck, was aggravated by a series of blizzards and extremely cold weather. Schools were closed and court sessions were suspended in many cities. Hotels and theaters adopted lightless nights to conserve fuel, and in several towns municipal authorities seized coal in private bins and gave it to poor families.

Turning Off The Heat  
To conserve coal that winter the national fuel administration decreed an emergency five-day shutting down of industry and followed it up with an order of nine consecutive Heatless Mondays. Exceptions were manufacturers of essential foodstuffs, drug dispensers and public utilities.

With saloons closed on both Sunday and Monday, liquor drinkers complained of "too dry days a week." To save coal used in power production, some towns turned off the street lights on moonlight nights. Patriotic homeowners voluntarily joined in the "blackout."

Chilly folks kept their overcoats on in feebly-heated movie theaters as they watched Theda Bara, the great vampire of the silent screen, Charlie Chaplin, Fatty Arbuckle, the "bewitching"

for transportation in those days, total being 5,200,000 as compared with a recent estimate of 27,000,000. Food prices soared, eggs jumping to 85 cents a dozen in some localities due to a decreased production because of the severe

weather. Food prices were 35 per cent higher than the 1935-1939 average. They are now about 24 per cent higher.  
From England came word that an order to kill horses for meat had been issued. Italy had four meatless days a week. Exhibits were held in Berlin to popularize paper clothing. And table linen, discarded by public places, was used as clothing for German babies.

### New Carrier Lexington To Be Launched

WASHINGTON, Sept. 19 (AP)—The new aircraft carrier Lexington, replacing the one which was sunk last May in the battle of the Coral Sea, will be launched next Saturday one year ahead of schedule, it was announced today.

The Lexington will be the second carrier launched since Pearl Harbor. The Essex, prototype of a new class to which the Lexington belongs, entered the water at Newport News, Va., July 31. It will be some months, however, before these two new flat-tops can be completely fitted out and ready to join the fleet.

The new Lexington will be launched at the Bethlehem Steel Corporation's Fore river plant at Quincy, Mass. Mrs. Theodore Douglas Robinson, who christened the other Lexington 17 years ago in the same yard, will give the new ship its name. She is the widow of a late assistant secretary of the navy.

The navy, racing in secrecy to build the world's biggest and hardest hitting fleet of carriers, has made public little data on Essex class vessels. Jane's Fighting Ships says they displace around 25,000 tons, cost about \$60,000,000 and have a complement of more than 30 planes and 2,000 officers and men. Speed, a prime essential of an aircraft carrier, was listed as 25 knots.

### Prisons Producing For War Program

WASHINGTON, Sept. 19 (AP)—America's prisons have gone into war production in a big way, the War Production Board reported today.

WFB said about 100 prisons in all states, which own industrial equipment and land valued at \$6,000,000, now are turning out war goods ranging from airplane castings and bomb parts to paint brushes and camouflage cloth.

Veterans Three members of the Big Spring Masonic Blue Lodge for more than half a century ago shown receiving their 50-year pins at the hands of Dr. E. M. Woods, Anson, extreme right, grand master of Texas. Pictured are, left to right, Jack Weir, A. C. Walker, L. F. McKay and Dr. Wood. W. H. Homan, Big Spring, received his 50-year pin in absentia as did F. O. Vaughn, B. Nelson and J. A. Hillis, who now reside elsewhere. The Blue Lodge here was chartered in December of 1883. ### THE WAR TODAY: Winter Again A Menace To Hitler

By KIRKE L. SIMPSON  
Wide World War Analyst  
Whatever the impetus behind Hitler's orders to his armies to take Stalingrad at any price, the month or more of lost time it has cost him has brought him perilously close to the same predicament in which he stood in Russia just a year ago.

Again winter is impending. Its first heralds appeared before Sept. 15.

A year ago those wintry symbols of disaster for invaders of Russia were first noted Sept. 28. With the fall of Kiev Sept. 19 last year and invasion of the Crimea and investment of the Rostov gateway to the Caucasus in progress, Hitler's hopes of a decisive victory reached high tide Oct. 2, 1941. He issued a pompous "order of the day" to his troops.

"Tomorrow," he said, "begins the last great decisive battle of this year."  
Next day he broadcast his assertion that "Russia is already broken and will never rise again."  
He believed it then, no doubt. "For all military purposes Soviet Russia is done with," a Hitler spokesman added. "The British dream of two-front war is dead."  
The Nazi surge into the Donets Basin rolled forward. Orel and Bryansk fell in early October. Russia's main army of the center was reported trapped near Vyazma on the Napoleonic route. On Oct. 18 Odessa on the Black Sea went down.

The next day in Tokyo the cabinet of Prince Konoye resigned and General Tojo, the war-maker, succeeded.  
By Oct. 21 Berlin reported Len-

### Criminal Trust Case Abandoned

WASHINGTON, Sept. 19 (AP)—The government has decided to drop a criminal charge of violating the Sherman anti-trust law against two building material companies—United States Gypsum and CertainTeed Products—and will proceed only with a civil action, a justice department official said today.

MUNITIONS BOARD . . . 14 . . .  
WASHINGTON, Sept. 19 (AP)—Production Chief Donald M. Nelson, in another move to centralize control over war production in his own hands, today drafted the chairman of the army-navy munitions board as one of his key assistants.

Following his selection of Charles E. Wilson, president of General Electric, as WFB's top production man, with authority over high army and navy officers, Nelson announced Ferdinand Eberstadt would leave the munitions board and join WFB Monday as vice chairman in charge of programs and scheduling.  
Simultaneously, Nelson transferred James S. Knowlson, his long-time friend, from the duties Eberstadt will assume and announced that Knowlson would devote his full time to the "general task of integrating the American and British production and supply programs."

### Shipyards Seeking Workers; To Take Interviews Friday

Seeking to fill serious gaps on the ship construction front, a representative of west coast shipyards will be in Big Spring on Friday of this week to interview prospective workers.

Employment will be handled through the USES, it was said, where the representative will be available at 2 p. m. Friday. Yards wanting welders and boilermakers are the Oregon Shipbuilding Corp., and the Kaiser Company, at Portland. Those now engaged in defense industries will not be considered.

### Govt. Gets Tough With Fuel Oil

WASHINGTON, Sept. 19 (AP)—The government ruled today that apartment houses and commercial falling to convert to coal heat when possible would get no fuel oil rations—neither basic nor supplemental.

The Office of Price Administration previously had ruled householders who failed to convert when possible would get no supplemental rations, although they would have a basic ration. The rulings applied only to ra-

### Heavy Building In Four Texas Cities

By The Associated Press  
Houston, Fort Worth, Corpus Christi and Dallas have authorized \$34,848,318 worth of construction this far in 1942, according to reports compiled from building inspectors in those cities. Houston led with \$10,843,774. Fort Worth led in the amount of permits issued by reporting cities the past week.

### Story

(Continued from page 10)

He was quite unconscious, sir." Dawn opened the door, motioned them into the spacious, richly furnished bedroom.

"What seems to be the matter, Dawn?" Dr. Tom asked quietly, pulling a chair up to the bedside, pulling a stethoscope from his bag.

"I don't know, Doctor. He seems to have fainted."

"Shock, sir," Jarvis interrupted

like a phonograph record repeating automatically. "The caller who just went must have said or done something very—"

"You may go now, Jarvis," Dawn dismissed him curtly. "The caller he speaks of was an old friend. What shock could father have had?"

Dr. Tom's diagnosis came quickly. "Looks like a stroke, Dawn. His left side is paralyzed."

"But—it couldn't be! He was all right this morning—at dinner—"

Dr. Tom shook his head. "Some strain, no doubt. These things do just happen. There's nothing much we can do to prevent them. Your father's had high blood pressure for years. I warned him and he did take better care. Still these things—"

"But he must get better—it's imperative. You've got to do something, Doctor. You've got to. I can't—he's—"

"Steady, Dawn," Dr. Tom interrupted curtly. "Your father's a sick man."

Instantly Julie tightened her arm about Dawn's waist, propelled her gently out of the room. Dawn shook her head. "It will be too late. I mean—I am to blame—I shouldn't—"

Julie stopped her abruptly. "Nothing of the sort. Don't blame yourself."

That seemed to do it. Dawn dried her tears, stiffened. With drew into herself again. "Of course. I've behaved badly." It was after two before Julie crawled under the wheel, started the motor. Dr. Tom, exhausted, slumped in the seat beside her.

"What do you think brought it on, Dad?"

"Can't tell exactly," he shrugged. "Might have been shock. Might have been over-eating. Might have been a lot of things." Julie drove skillfully through the deserted streets, her mind still back at Kelland's bedside. "Santa Felice won't be the same town with Kelland out of the picture. He's been the symbol of wealth and power for so long."

"A symbol the town will be happy to do without, if I'm any judge," he growled dryly. "What do you mean?"

"Guess there's not a business man in Santa Felice that doesn't hate him."

To be continued.

Marguerite Clarke and her upcoming young rival, Mary Pickford.

Bunny Hug Helped Petticoats still were a part of a glamour girl's apparel—and much appreciated during that frigid winter of 1918 and girls kept warm dancing the bunny hug and the tango to melodies from mechanical piano players and gramofones.

Program radio had not yet appeared on the American scene. People argued over the fuel-conserving and house-warming merits of the old fashioned baseburner stove and furnaces with hot air, hot water and steam heating systems. Wrote a doctor columnist in the metropolitan press: "Stove heating begins such habits as chewing tobacco, spitting, loafing and gossiping. Tobacco chewing is done because men can spit on the stove or in it. It leads to gossiping because men gather closely around the warm spot."

Wheat Was Short FOOD administrator Herbert Hoover decreed a 25 cent wheat in the baker's loaf of Victory bread, urged every American to cut his average ration of wheat by 50 per cent. Cornmeal, rye, barley, buckwheat and potato flour were used as substitutes in bread. We were shipping large supplies of wheat and meat to our French and British allies.

A gasoline shortage led to gasless Sundays. Many horses and buggies, however, were being used

### German Tank Chief Killed

MOSCOW, Sunday, Sept. 20 (AP)—The Russians announced officially today that Field Marshal Ewald von Kleist, commander of the first German tank army, had been killed in fighting in the Mordok area of the Caucasus.

He was 61 years old. Marshal von Kleist fought most of the German-Russian war in the Ukraine, the Don and Donets areas and in the Caucasus.

He was commander of the German forces which captured Rostov last November, only to lose the city to the Russians about a week later.

He figured this summer in command of tank forces which drove beyond Rostov into the Caucasus.
