Former Whiteflat Resident Loves Giving Friends A Helping Hand

NOTE: Vella Rigsby Edwards Hill is a former resident of Whiteflat and the daughter of early day Whiteflat residents, the late Mr. and Mrs. R.N. Rigsby. This article was published in the *Stephenville Empire Tribune*, June 24, 1991 under LIFESTYLES.

By Amelia Sanchez
Stephenville Empire Tribune

The desire to live her life to the fullest while helping others has always been a priority for Vella Hill and at the age of 80, that desire hasn't dimmed. A Stephenville resident, Hill said she spends her time visiting friends in nursing homes or driving friends to doctors appointments or to stores. "I have more to do than there is time to do it," she said. "Visiting the rest home, that's my hobby." Throughout her 80 years of existence, Hill said she has lived and seen more than enough changes to fill a lifetime. From living through two World Wars, the Korean Conflict and Vietnam, Hill said she seems to remember more about World War I than any of the other confrontations.

"It was just a real sad time when the wars were going on, because we didn't know what was going to happen," she said.

It was also during this time that Hill said she inherited the desire to help others. She said she remembers her parents helping people who were stricken with a deadly flu virus.

"People had a real bad case of the flu and people were dying," she said. "My mamma would bake bread... and my daddy would cut wood and leave it on their doorstep."

"My mamma and daddy always did for other people," she said. "I guess that's what always stayed with me."

While some may consider the 1920s and 30s "the good ol' days," Hill said the present outweighs the past.

"We didn't have any cars," she said. "We'd go to church in the wagon. We had a bunch of hitching posts for people to hook their wagons. Some people say, those were the good ol' days."

Hill said she considers the good ol' days "when we began to have electricity, television, dishwashers and automatic washers and dryers."

When cars started to become more prevalent, she said people who drove buggies had to do more than just drive the buggy.

"When the times changed, people

started buying new Model T Fords," she said. "When they passed a buggy, (the buggy drivers) had to get out and hold the reins so the horses wouldn't get scared."

Growing up in that time wasn't all bad, however. She said she remembers going swimming and horseback riding.

"When I was growing up, we didn't have much to do except go swimming in a dirt tank or go horseback riding," Hill said. "Or we'd stay in town and sing and visit."

Another fond memory she has of that era was when she started her own beauty shop during the Depression.

"I took a beauty course and went to work," she said. "I was the first licensed beauty operator in Motley County. Everybody that was doing hair had to quit."

"I did real well, I made money during the Depression. I was only 19 years old," she said.

She kept her business for six years but then closed up shop when she married her husband.

"Then I married Tommy Edwards and moved to a farm and ranch and then had my first baby," she said.

The mother of two, Jerry Edwards and Valerie Jenkins, Hill said she has five grandchildren and three great-grandchildren.

Prior to moving to Stephenville, Hill said she and her husband had driven through the town.

"We came through Stephenville and I said 'I'm going to live in Stephenville' and he said 'No, I don't want to move to a city,'" Hill said.

A couple of years after her husband passed away, she said she moved to Stephenville.

"I love living in Stephenville," she said. "I love the trees, the people and the Bosque River. It's a wonderful place to live. I wouldn't want to live anywhere else."

Although society has advanced tremendously during her lifetime, Hill said the number of divorces has hurt the nation.

"I think there are too many divorces," she said. "People need to figure things out. During the bad times, people would stick together and wait for the good."

Hill said it is also time for a change on the political forefront, which may in-

clude seeing Democratic gubernatorial candidate Ann Richards being elected.

"I wish they'd get somebody in there that can be thrifty," she said "I hope (Richards) does win because I think women think deeper and figure things out."

"I grew up thinking that men were supposed to run things, but if they can't do any better than what they're doing, I'm ready for a change," Hill said.

Another problem Hill said she sees facing the country is the lack of care for shut-ins.

"More people need to see about the shut-ins and help feed them," she said. "I like to go because I know some of them and they're ever so happy to see someone."

"If I get lonesome, I get in the car and go out," she said.

It isn't very often when Hill gets lonely, however.

"I'm retired now and I'm thoroughly enjoying it," she said. "I wish I could roll back 20 years of time because there are more places to see."

"To make a long story short, I love the Lord and I love people and I love doing for people," Hill said.

GOLF LUNCHEON

The Ladies Golf Association met at Billie Dean's Thursday, March 28, 1991, for the first golf luncheon of the season.

Present were LaVoe Thacker, Frances Moss, Laverna Price, Geneva Wilson, Winifred Darsey, Judy Renfro, Mary Jones, Dortha Grundy, Irene Moss, Kay Bingham, Olivia Barton, Louise Barton, Loys Campbell, Judy Cartwright and Hazel.

LaVoe presided at the business meeting.

Play Day's were named and discussed. It was noted that Play Yourself Tournament begins on April 4 and is a running tournament and lasts all the season. Tee-off time in April will be at 11:00 a.m.

The Babe Zaharis Cancer Benefit Tournament will be on Sunday, April 28. Tee-off at 1:30 p.m. The date for this

tournament was changed from the usual third Sunday to April 28, due to a conflict.

There were many colorful and pretty shirts, jackets and sweaters. A real eye-catcher and conversation piece was the denim jacket Frances was wearing. It was most unusual and interesting. Frances

collected bits of lace, trimming, embroidery scraps, pieces of jewelry from relatives and friends scrap bags. A corner of a handkerchief with her name embroidered on it (from her childhood) was used very well. Tatting (almost a lost art) made by Lillie (Guthrie) Edmondson was

used to edge laces and trims and made a border around the bottom of the jacket. Some of the jewelry was clips and used for buttons. With Frances' flair for designing and creativity it resulted as outstanding.

HEALTH NEWS

WARM WEATHER MEANS TIME TO START A WALKING PROGRAM

Warm weather is in the air, and it's time for Americans to get outside and enjoy the spring weather. Now is the best time to start a walking program.

Walking has become an increasingly popular way to exercise - and for good reason. It helps improve the efficiency of the heart and lungs, relieve stress, promotes weight loss and enhances muscle tone, according to Susan Hartsfield, fitness specialist at the Centre for Cardiac Rehabilitation and Fitness at Methodist Hospital.

Hartsfield offers these tips for starting a walking program:

DEFINE YOUR GOALS: Getting started is the hardest part of any exercise program. Start with a firm commitment. Then set realistic goals and stick with them.

BUY GOOD SHOES: Good shoes are essential to walking. Major shoe companies now offer shoes specifically designed for walking. A good shoe will have substantial arch support, a wide "toe box", a firm heel, a well-cushioned heel and midsole and a durable outsole with good traction.

DRESS RIGHT: Let the weather dictate your attire. On a warm day, wear light-weight, loose-fitting clothing made of fabrics that breathe. When it's cool and windy, a windbreaker can protect you against excessive loss of body heat. If you walk at night along a road, walk facing traffic and wear light-colored clothing trimmed with reflective fabric or tape.

STRETCH BEFORE AND AFTER: A safe, effective workout consists of five basic steps: warm-up, flexibility exercises, main activity, cool-down and post-exercise flexibility stretches. Stretch for at least five minutes prior to your workout. After each workout, cool down by walking slowly. Then complete your workout with five more minutes of stretching.

START SLOWLY: Begin by walking 15-20 minutes at a comfortable pace. Gradually increase your time and pace. You should be able to carry on a normal conversation while walking. Remember that the frequency of walking is more important than the pace.

OTHER TIPS: Drink plenty of water, exercise at the same time each day so that it becomes a habit and check with your doctor regularly to ensure maximum benefit from your walking program. If you experience such symptoms as chest discomfort, extreme shortness of breath or weakness, you should discontinue walking and consult your doctor.

Thank You

I want to thank all the people of Roaring Springs and Matador for all the cards and letters you have sent to me and all your support. May God bless each of you. I hope to be home in a month and half.

Mark A. Guerrero

POWERFUL WORDS

The Gospel of Christ is powerful because of the Spirit of God in the message. Our Lord Jesus said that the words that He spoke were spirit and life. (John 6:36) The apostle Paul said that the words which he spoke were in demonstration of the spirit and of power, (II Corinthians 2:4). The writer of the book of Hebrews states in chapter 4:12 that the Word of God is living and powerful and sharper than a two edged sword. It is through the Gospel that the Spirit of God convicts of sin.

A denial of the power of the words of the Spirit of God would be a denial of the power of the Spirit of God Himself.

The Gospel is powerful because of the truth it contains. There is not a false story or untrue principle in it. It has been tested and tried by heaven itself, and the attacks of skeptics and the Devil himself have only made known its truth more clearly. Truth stands when all else falls. There is power in truth, and its power is honored in the greatest degree through the Gospel of our Lord Jesus Christ.

Come and study the Word of God with us, every sermon and every class lesson is taken from the Bible.

Amy's Anecdotes

by Amy Woolsey

Why is it that people enjoy hearing the worst about someone more so than good news. Why is it that some people enjoy being the "first" to tell unwelcome news or to say I knew he/she was trouble. Is it possible the bearer of bad tidings is filling a void in their own life? When bad things happen to other people, do we often tend to think that we are less deserving of ill-fortune than they are?

There's a saying that says, "Sticks and stones may break my bones, but words will never hurt me." Well, the words do hurt, even when they weren't meant to.

Let's make sure that we aren't tearing someone's reputation down by trying to build ours up. A lot of hearts have been broken by the words, "I'm telling you for your own good."

Public Notice

Southwestern Bell Telephone Company ("Southwestern Bell") submitted an application on January 4, 1991 to the Public Utility Commission of Texas ("Commission") requesting that the central office-based PBX/type service market be declared subject to significant competition pursuant to the Commission's Substantive Rule §23.27. If this proposal is approved, Southwestern Bell intends to provide service to this market segment via its PLEXAR-Custom service, which provides for contractual rates and charges to be based on an individual customer-specific basis.

PLEXAR-Custom is a central office-based service which provides switched voice and/or data communications similar to a customer-premises PBX. PLEXAR-Custom service is currently being provided on an individual customer-specific basis via Southwestern Bell's Customer Specific Pricing Plan Tariff for central office-based telecommunications systems of 200 stations or more. If Southwestern Bell's application is approved, the PLEXAR-Custom service tariff will be revised to also include central office-based telecommunications systems which require between 75 and 200 stations.

Centrex and PLEXAR-II services are currently priced according to a standard tariff regardless of the customer's geographic location in the state. If this application is approved, customers needing 75 to 200 stations will be able to obtain this service priced on an individual customer-specific basis rather than under a standard tariffed rate.

Southwestern Bell's application proposes that the service market for PBX/type systems of 75 stations up to 200 stations be declared subject to significant competition statewide in all of the exchange areas served by Southwestern Bell and in which the central office capability to provide the service exists and/or can readily be made available.

Persons who wish to intervene, protest, or comment on this application should notify the Public Utility Commission of Texas by June 21, 1991 at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. You may also call the Commission's Public Information Office at (512) 458-0256, or (512) 458-0221, teletypewriter for the deaf. Please refer to this matter in all correspondence as Docket No. 9960.

El Progreso Club Discusses Centennial

El Progreso Club met March 28, 1991 in the Senior Citizens for confirming plans for Motley County Centennial celebration. Mrs. Joe (Loys) Campbell, president, called the meeting to order and conducted the business segment of the day, then acting as leader continued the days agenda reading the caption heading the day's program, "Rejoice! The Lord has allowed our County to arrive at one hundred years." Our Motley County Centennial Planning Program "What shall we do?"

During the business session Mrs. Campbell reported on Santa Rosa District convention held in Iowa Park March 16, 1991. Discussion on reports and giving the awards El Progreso had garnered at the convention was heart-warming. Those given the club were first place: Conservation-Beautification, School Issues, Leadership, Safety, Literature & Drama, Home Life - Economics, Projects; second place: Leadership, Year Book, Home Life, Economics; third place, Club Scorecard. Each of these awards is reported upon form programs given the club during the year. Also reporting on the convention were Mrs. Harold (Grace) Campell and Mrs. Bob (Nell) Clem. From the convention it was reported April 24, 1991 is Federation Day; Mrs. Robert (JoAnn) Dickson is trustee from Santa Rosa to the state convention in McAllen April 29 - May 1 and Mrs. Harold Campbell is scholarship chairman from Santa Rosa to the state convention in McAllen. Mrs. Harold Campbell also reported on the meeting held in Matador, March 27, concerning making local scholarships available to deserving seniors.

The meeting was presided over by Mrs. Tom Rowland, counselor at Motley County School. It was brought out that several were going to be made available or had already been given, those being Eternas Club who has already given, Patrolmen will give one to those interested in a career in Law Enforcement, the Matador Masonic Lodge #824 will give one this year and other groups have been asked to consider giving to this cause. They need not be expensive but it would assist a student interested in furthering his education. El Progreso Club voted to give one for this Centennial year. It was also brought to the attention of the club Santa Rosa District and TFWC has scholarships available to interested high school seniors and college students.

Concerning the centennial celebration El Progreso will have the Motley County Jail open, spruced up and take Polaroid pictures of "convicts" behind bars for \$2.00, something to remind the public of our special day. There will also be a display in the glass-enclosed cases with memorabilia of early settlers. Also on sale, will be Beverly Vinson's book EDUCATIONAL ROOTS GROW DEEP for \$7.00.

Hostesses for the afternoon were Mrs. Bill (Judine) McCaghren and Mrs. W.D. (Vena) Lipscomb serving refreshing punch, sandwiches, cookies and nuts to those mentioned and Mrs. E.A. (Dorothy) Day, Mrs. Ted (Bailey) Elliott, Miss Rachel Patton, Mrs. Furman (Beverly) Vinson, Mrs. Douglas (Lila) Meador and Mrs. Frank (Lola) Pohl.

Arts & Crafts Club Presented Program on Pastel Painting

Mrs. Glenn Woodruff was hostess to the Motley County Arts and Crafts Club at her studio downtown on Dundee Street, Monday, April 1.

Mrs. Billy Paul Simpson, club president, presided over a lively business meeting, including plans for the club's participation in the forthcoming Centennial Celebration, presented by Mrs. Leo Archer, chairman of the Committee.

The club is in charge of the booths. Anyone wishing to obtain one for displaying their arts or crafts should contact Mrs. Archer or Mrs. Luther Lancaster or any other member.

The Quilt, made by club members, is on display at the First State Bank. An early day scene of Motley County is on each block. It's lovely, made mostly in country blue. Chances are being sold and it will be raffled, date to be announced later.

Correspondence cards are being made ready for sale with some scenes as found on the quilt, as much acclaim has been expressed over these scenes. The cards will be on sale at various places throughout the city and possibly other communities as well.

Mrs. Woodruff gave a most interesting program on Painting with Pastels.

She has studied at various workshops. We members enjoyed a short workshop where each painted a miniature pastel, most were delighted with their results. A critique followed and all agreed that Pastel Painting is a very interesting art form.

Mrs. Alfred Watson was in charge of refreshments consisting of Hummingbird cake, coffee and iced tea.

The club welcomed a new member, Mrs. Billy Hand of Roaring Springs. The following members were present: Joy Archer, Toni Fellows, Tori Gustafson, LouAnn Jameson, Bonnie Edmondson, Geraldine Key, Lorene Lancaster, Rhea Lawrence, Verdine Neighbors, Winifred Lee, Bertha Stearns, Una Simpson, Elsie Thacker, Dora Watson, Betty Simpson, Marion Woodruff and Winifred Darsey.

A field trip is under consideration to Lubbock and is being planned to attend the South Plains Arts Festival later this month.

The next meeting will be at the Senior Citizens building May 6. A program on woodburning will be presented by Mrs. Archer. A covered dish luncheon will follow. All members are urged to attend. Final plans for the Centennial Celebration will be made.

Reader's Column

Forgiveness

NOTE: The following article appeared in our March 14th issue. It was written by Michael G. Crowley, Sr., minister of the Matador Church of Christ. At the request of a reader, we are reprinting it.

Our God has promised to forgive if we ask forgiveness. Yes, there are conditions which are attached. In forgiving us our God asks of us that we forgive others, (Matthew 6:12-14). That brings to mind some of the questions often asked regarding forgiveness:

Is it easy to forgive others?
Is it easy to understand why others do what they do?
Is it easy to forgive ourselves?
Is it easy to understand why we do what it is we do?

Think on this for a moment. You have the power yourself to forgive those who sin against you. That is right! No one else, on this earth, can forgive them but you. Therefore, it is up to you. God's great power of forgiveness is a wonderful thing, yet it awaits our willingness to forgive others. God wants us to illustrate the attribute of mercy, (Matthew 5:7)

We should desire to praise God and give thanks to Him because He has been so good to us and because of His mercy toward us. We were created to give praise and glory and honor to our God. If we fail to demonstrate the willingness to forgive

others we have failed in our promise for being.

"Praise ye the Lord, O give thanks unto the Lord; for He is good: for His mercy endureth forever."

COLOR LOSS IN FABRICS

Color loss ranks as a leading cause of damaged garments. Color damage may result from not following care label instructions, incorrect laundering procedures, incorrect labeling by the manufacturer or faulty dyes or dye application during manufacture.

Before buying a garment, check the permanent care label for instructions such as "wash separately" or "do not bleach." If you are not willing to follow the instructions, you should look for another garment or be willing to accept the consequences of incorrect handling.

After you have bought a garment, if you are concerned that it might fade, clip a small piece from a seam allowance or other hidden part. Dip it in water and watch for color change in the water or for colors running into each other if the fabric is a print.

Also, dry the test fabric and check it against the original color. Some dyes bleed excess into the first wash water but the color of the fabric does not change noticeably.

If the fabric is labeled washable, but your test shows that it will fade or run unacceptably, you have little recourse but to return it. Garments that are labeled washable usually will not be accepted for dry cleaning because of the liability that the cleaner assumes if the care instructions are not followed.

Use the following pointers to minimize the possibility of color damage during laundering:

* Sort laundry into loads of similar color and degree of soil to allow the gentlest procedures appropriate for each load.

* Always wash nylon fabrics with like colors. Nylon is a color scavenger, readily absorbing any dyes released during

laundering.

* Launder garments before they are badly soiled and need soaking. Soaking is hard on many dyes and may cause them to bleed or run.

* Follow instructions about using bleach. Oxygen bleach or all-fabric bleach is safe for most colors but chlorine bleach may lighten or remove color. Some garments cannot tolerate any bleach.

* Use warm or cool water for washing. Hot water is harsher on dyes and may cause damage.

* Test any laundry products such as stain removers and disinfectants on a hidden area of each garment. Some dyes are sensitive to these products.

* Always launder all pieces of an outfit together. Then, if minor color changes do occur, they will be even in shade.

* Wash items that fade with garments of similar color. Some fabric dyes such as true Madras and indigo-dyed denim are designed to fade in each laundering.

* Remove garments from the washer as soon as it finishes the cycle. Damp garments left in the washer may bleed dye onto each other, causing streaks and spots.

* Be sure to follow the care instructions for drying as well as for washing. Line drying may cause colors to bleed down a garment.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

Thought for the Day:

A rumor without a leg to stand on will get around some other way.

Social Security Tips

by Mary Jane Shanes

WOMEN NEED TO REPORT NAME CHANGES

I'm quite sure that when I got married some years ago the last thing on my mind was the need to change my name on my Social Security card. After all, I was already working, and what on earth did Social Security have to do with me? Social Security was something for my parents to think about, not me.

Now I work for Social Security and, believe me, I see a different side. At least once a week, I talk to someone with earnings missing from his or her earnings record. In many of those cases, the problem occurred because a woman changed her name when she got married or divorced and didn't report the change to Social Security. Yes, it's up to you to contact Social Security to make this happen.

You see, when employers send in wage information to Social Security, their records are compared to Social Security's records. If a name and Social Security number don't match, the wage information can't be put on the worker's Social Security record. It goes into a separate file and stays there until the difference can be resolved.

Now, why should this matter to you? Well, it matters because your earnings determine the amount of your Social Security benefit. And, if you don't think that's important, just ask your parents or anyone who get disability or survivors benefits.

Fortunately, there is an easy way to avoid this problem. If you've changed your name, call the Social Security office to ask for a form to change the name on your Social Security card. Your Social Security number will stay the same. To get your new card, you will need to furnish your marriage certificate or the court order showing your name change.

If you want to check your earnings record to make sure all your wages are recorded, you can request a "Personal Earnings and Benefit Estimate Statement." Call Social Security at 1-800-234-SSA (1-800-234-5772) to get a request form.

If earnings are missing from your record, Social Security will work with you to get the evidence needed to correct your record. But, don't wait too long. As the years pass, it usually gets harder to find proof of past earnings.

Public Notice

Southwestern Bell Telephone (SWBT) has filed an application with the Public Utility Commission of Texas to offer a new optional service called Family Space Listing.

Family Space Listing is a new optional service designed for residential customers. It will give customers the option to list the names or nicknames of household members within a customized space in the white page telephone directory.

The proposed monthly charge for this service is \$7.00. No charge to set up the service is proposed. Customers electing not to subscribe to this optional service will continue to receive their non-distinctive directory listings at no charge. SWBT anticipates this new service will generate sales of approximately \$63,000 in the first year that the service is available. If approved by the Commission, this service will be available beginning May 6, 1991.

This new service will not affect the directory listings that existing residential customers have in SWBT's white page telephone directories.

Persons who wish to comment on this application should notify the Commission by April 26, 1991. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at 512-458-0256 or 512-458-0221 teletypewriter for the deaf.

This group from Levelland South Plains College gave an outstanding performance at Saturday night's Centennial Musical Jamboree.

Public Notice

Southwestern Bell Telephone Company has filed two separate applications with the Public Utility Commission of Texas to introduce two new optional directory services. One service is Directory Assistance Call Completion (DACC) and the other service is Multiple List Directory Assistance (MLDA).

DACC is an optional service that provides customers the option of having their Directory Assistance call completed to the requested number (when they call Directory Assistance for a number) by either the Directory Assistance operator or a mechanized audio response system.

The proposed rates* for fully-automated DACC calls are: \$.30 if the call is sent paid or billed to a calling card, \$1.00 if the call is collect or billed to a third number and \$.25 from a coin telephone.

The proposed rates* for semi-automated (operator assisted) DACC calls are: \$.85 for calls that are sent paid or billed to a calling card, \$1.20 if the call is collect or billed to a third number and \$2.60 for a person-to-person call.

Multiple List Directory Assistance (MLDA) allows the customer to request more than two listing requests per call to Directory Assistance. Customers can either call on "demand" and receive up to 10 listings, or schedule an "appointment" and receive the assistance of a Directory Assistance operator for as long as required. The rates for "demand" MLDA are \$.30 per listing request (after applicable allowances), with a maximum of 10 listing requests per call. The rates for "appointment" MLDA are \$1.00 per minute, with a 15-minute minimum.

The optional services DACC and MLDA are intended for use by both residence and business customers. Those persons who qualify for exemption of Directory Assistance charges because of visual or physical handicaps will be able to use DACC and "demand" MLDA free of charge. If approved by the commission, DACC and MLDA will be available beginning May 13, 1991. First-year projected revenues for DACC are approximately \$9.6 million. First-year projected revenues for MLDA are approximately \$1.7 million.

Persons who wish to comment on these applications should notify the commission by May 3, 1991. Officials of Lubbock-based Plains Cotton Growers, Inc. (PCG), are pleased to announce their 34th Annual Meeting will again be held in conjunction with the Texas Cotton Ginners Association (TCGA) Annual Convention and Trade Show, April 1-13, at the Lubbock Memorial Civic Center.

PCG's annual meeting will be Thursday, April 11, in the Banquet Hall at the Memorial Civic Center. The meeting will officially begin at 9:30 a.m. and end with a noon buffet lunch. Those attending the PCG meeting will be given tickets for the luncheon at the PCG registration table.

PCG also reminds everyone that the guest speakers for this year's meeting are Nicholas Hahn, President and Chief Executive Officer of Cotton Incorporated, and Keth Henley, a Director of Cotlook Limited and its parent company Liverpool-based Liverpool Cotton Services. He is also Editor of Cotton Outlook magazine. The speakers will talk about some of the things that are going to affect cotton producers in the future.

The TCGA convention will begin at 9:00 a.m. Thursday with the grand opening and ribbon cutting ceremony. The convention has historically drawn over 6,000 ginners, producers, oilmines, compressmen and others from all over the Cotton Belt with interests in the cotton industry, thus making it one of the largest gatherings of cotton people in Texas.

"Our functions are scheduled so that they don't conflict with any of the activities that TCGA has organized," says Donald Johnson, PCG Executive Vice President. "We encourage everyone to attend both functions because they will undoubtedly provide something of interest."

The new 1990 farm bill presents producers with many challenges. One of them will be coping with its increased market orientation. Keth Henley's address is expected to provide an overview of cotton's international market situation

and what it might be in the future. "Our goal is to provide producers with a better idea of what to expect from the cotton market in the future," explains Johnson.

Hahn is expected to discuss several topics, including the upcoming referendum to make the \$1 plus six-tenths of one percent of the value of the bale assessment uniform and non-refundable. Passage of the referendum would also give the Cotton Board authority to assess imported cotton and the raw cotton equivalent of imported textiles.

PCG's morning program will feature reports on the Boll Weevil Control Program and the Plains Cotton Improvement Program. In addition, the President's and the Vice President's addresses will provide an overview of what PCG has been working on over the past year and what their goals are for 1991-1992.

During the morning activities PCG President Larry Nelson will certify new directors, chosen in county elections meeting. The Board will then convene at 1:20 p.m. in Room 108-109 to elect new officers for the 1991-1992 year. The current officers are: Nelson, President, Edmonson; Wayne Huffaker, Vice President, Tahoka; and Frank B. Jones, Secretary-Treasurer, Lamesa. Each officer has completed one year of the maximum two-year terms and is eligible for re-election.

That afternoon, from 1:20 to 4:30 p.m., a cotton seminar with the theme "Question for the 90" will also be held in the Banquet Hall. The seminar is sponsored by the Texas Agricultural Experiment Station (TAES), PCG and TCGA. It will cover a broad range of subjects according to Dr. James Supak, Extension Cotton Specialist from Lubbock. The seminar will feature speakers from the Texas Agricultural Extension Service (TAEX), TAES and the United States Department of Agriculture-Agricultural Research Service (USDA-ARS).

The Only Real Happiness

The only real happiness in this world derives from doing something for others - whether for a particular person or for a purpose which will aid many people. Even then, it must be done of your own free will to produce full gratification. There is no real satisfaction in giving merely to get a tax deduction, or because someone hounded you to do so.

Don't deny yourself the pleasure of giving because you want to!

SCS News

NEW WETLAND REGULATION

The Wetland regulations of the 1990 Farm Bill have changed, stated James Gillespie, District Conservationist of the SCS in Matador.

One of the most important changes involves the time frame when a person is in violation of Swampbuster. As of November 28, 1990, when a person converts a wetland for the purpose or to have the effect of making the production of an agricultural commodity possible he or she will be subject to a fine plus loss of eligible for USDA benefits until the wetland has been restored stated Gillespie.

Persons who plan to convert a wetland for other than agricultural production, this includes things such as roads or building construction, may be able to get prior

approval so they will be exempt from eligibility and benefit losses. Gillespie stated that this prior approval involves a person completing a AD-1026 Form at the ASCS Office. He or she will need to state their intentions on the AD-1026. At this time the SCS will approve or disapprove the proposal depending on whether or not the proposal fits into a non-agricultural use and all needed permits have been obtained.

Gillespie stated that if a person is planning any new construction in a wetland he or she should contact the local ASCS or SCS Office prior to starting construction.

All programs and services of the SCS are offered on a nondiscriminatory basis without regard for race, color, marital status or handicap status.

FmHA Announces New Interest Assistance Program

Temple, March 19, 1991 -- The Farmers Home Administration is launching a new program to help local farmers obtain credit from local lenders, according to Neal Sox Johnson, FmHA State Director for Texas. Known as the Interest Assistance Program, it provides strong incentives for commercial lenders to make loans to farmers who otherwise could not qualify.

Under the new program, FmHA will pay up to 4 percentage points of interest for farmers to help them qualify for FmHA guaranteed loans. "If a credit worthy farmer can't cash flow with a guaranteed bank loan at regular interest rates, we can pay part of that interest for him until he can," Johnson said.

The Percentage of interest FmHA will pay depends on the financial condition of the farmer. FmHA will pay only the number of points necessary to help the farmer cash flow with a small reserve. An FmHA guaranteed loan is made by a bank, PCA, or other lender with an

agreement from FmHA that if the loan goes bad, FmHA will compensate the lender for up to 90 percent of its loss. "that guarantee plus the new interest assistance," Johnson said, "should greatly increase availability of farm credit through the private sector."

The program, made law in late 1990, was put on a fast track, so as to assist farmers in time for the 1991 planting season," Johnson added.

According to Johnson, the level of interest assistance will be adjusted each year, based on a review of the borrower's need for continued assistance. In addition, a borrower must be able to project a positive cash flow, including a 10 percent debt-service reserve to qualify for assistance. This is the same rule for guaranteed farm loans not receiving interest assistance.

Additional details about the Interest Assistance Program can be obtained from any FmHA county or district office or from the FmHA state office at 101 South Main, Suite 102, Temple, Texas 76501.

PCA To Hold 57th Annual Stockholders Meeting

Rolling Plains Production Credit Association's 57th Annual Stockholders meeting will be held Thursday evening, April 4, in Childress and Friday evening, April 5, in Stamford. Registration and the meal will begin at 6:00 p.m. at both sessions.

Featured this year will be cash drawings totaling \$250 at Childress and again

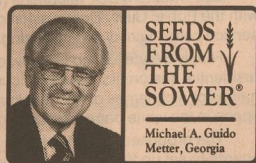

at Stamford to members in attendance whose names are chosen from those registered in each session of the meeting. The cash is guaranteed to be awarded. Entertainment will be provided by humorist Bob Murphey.

The City Auditorium will be the site of the Childress session, and the High School Cafeteria located East of the school will be the Stamford meeting location.

In the short business portion of the meeting, a director representing the Spur Branch Office area will be elected. Nominees for this position are: Lance D. Morris of Crosbyton and Douglas Smith of Girard.

Rolling Plains PCA is one of 16 member-owned Production Credit Associations in the Texas District which includes two PCAs in New Mexico. Collectively they serve approximately 13,000 of the state's agricultural producers. At 1990 year's end the Texas District had some \$3.6 billion outstanding in loans. Rolling Plains PCA is part of the nationwide Farm Credit System providing over \$51 billion in loans to America's farmers, ranchers and ag-related businesses.

During 1990 Rolling Plains Production Credit Association loaned more than 90 million to approximately 750 member-borrowers in Taylor, Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

Some men were discussing the misconduct of a friend. One urged punishment, not a cure. "After all," he said, "God has given us eyes."

"Yes," admitted another, "but He has also given us eyelids." You'll find wheat and chaff in every life. A friend will sift the contents with love. He'll keep the wheat, and with a breath of kindness he'll blow away the chaff. Gently and humbly, he'll help that one do right.

The Living Bible says, "If you love someone you'll always believe in him, always expect the best of him, and always stand your ground in defending him."
