LAND OF LAKES — Recent heavy rains have filled many lakes in the area, some of which had been built two years or more without catching runoff. The above picture was made at Jameson Lake about 1½ miles east of Matador, just north of US Highway 70. Two dams were constructed across Ballard Creek and photo shows water flowing from the upper lake into the lower basin. Last week the lower dam needed only about 12 inches more of water to run over the spillway. At present plans by Jameson Brothers are to use the water for irrigation purposes.

A Sincere Message to the Voters of Motley County

For a number of years I have considered running for the office of County Judge and Ex-Officio County Superintendent, but for various reasons I passed up the idea. Since I have never before sought a public office, it is probable that I doubted my ability to cope with the problems of a campaign.

After the sudden death of the late Bryan Cammack, and it was announced that a candidate would be selected by the county precinct chairmen, I decided to try. I wrote to Mr. Roy Grundy and asked to be considered for the office.

Frankly I was surprised when I was informed that I had been selected, because I knew that several qualified men had also made application to their precinct chairmen.

I am greatly honored and I sincerely want the office. The fact that the Democratic County Committee has authorized my name on the November 8 General Election ballot is a tribute of which any citizen might well be proud.

If and when I am elected, I will devote my full time to the duties of the office. I will attempt to serve impartially and with full consideration to every facet of my responsibility.

During the period before the election I will personally contact as many voters as possible, and I hope those whom I fail to contact will understand that I fully appreciate their support.

I want to express my appreciation to the County Precinct Chairmen for selecting me, and I want to thank everyone in advance for any favors extended in my behalf. I am truly grateful for this opportunity.

Sincerely,

Forrest Campbell

Spectators Barred From Field Until All Players Leave

Football spectators will not be allowed on the football field this year until all players have left the field after the game.

The new ruling was made by the football district executive committee at the district meeting last spring, held at Benjamin. Principal Wayland Moore, who announced the decision, stated that the rule was passed to prevent confusion or misunderstanding. He went on to say that although it was not a rule of the Interscholastic League, it was suggested very strongly by it, and violation of the suggestion could lead to suspension of any team whose spectators violated it.

New Instruments Added To Corps

Matador Drum & Bugle Corps began its new season by performing at half-time in the Matador vs Paducah game at Paducah, Friday night.

A new addition to the Corps this year is two baritone bugles, played by Rosanne Terry and Patty Edwards. Also added are three new soprano bugles played by Patsy Green, Elaine Dixon, and Carol Martin, who were awarded the new bugles in try-outs.

Other buglers are: Mary Baker, Laura Jacobs, Frances Martin, Virginia Green, June Sandefer, Judy Marrs, Billie Stockton, and Elaine Thompson.

Drummers are: Kate Thompson, Debra Stockton, Janet Whitefield, Vickie Jameson, and Theresa Richardson Loretta.

Thompson plays the bass drum and Gail Lynn plays the cymbals. The girls are under the direction of Mrs. Ronald Davenport.

Drum-Bugle Corps To Have New Suits

Matador Drum & Bugle Corps will appear in new suits, at the Crowell vs Matador game, tomorrow night.

Following the tradition of Matador the suits are black knee length pants with red trim, white lame boleros, and white shirts, with black ties.

Completing the ensemble the girls will wear white leotards and white shoes.

The suits were made in the home making department, under the supervision of Mrs. A. L. Fair.

Spirit At Peak For First Rally

The red carpet was rolled out in honor of the Matador Matadors, Friday afternoon, at the first pep rally of the 1966 football season.

Spirit was at its peak as the cheerleaders led the cheering section and fans in yells, songs, and chants to spur the Red Team on to victory over the Paducah Dragons.

Special feature of the rally was a twirling routine by the Drum & Bugle Corps majorettes. Speeches given by the football captains and coaches also served as boosters for the Matador team.

Spirit sticks were given by the cheerleaders to the class and to the individual who showed the most enthusiasm throughout the week. The red, black, and white sticks will continue to be presented each Friday at the pep rallies throughout football season.

Reader Machine Is Demonstrated

Mrs. Dean Turner, reading instructor, gave a demonstration to MHS students on the new Controlled Reader machine in general assembly, Thursday.

The Controlled Reader, used in all reading classes, is designed to help individuals compre-

hend what they read and to improve their reading speed. Students will use the machine three times a week for a period of ten minutes each. Although the machine was used throughout grade school last year, this is the first year that it has been used in high school.

Mrs. Turner emphasized the fact that the machine is especially beneficial to students planning to attend college.

The Branding Iron

The Brand recently enrolled in the Interscholastic League Press Conference, which is an agency of the University Interscholastic League designed to help improve the quality of journalism education and school newspapers.

All papers who are members of the IJLC are rated each spring by professional newsmen and college journalism professors and given suggestions for improving high school publications.

All classes visited the library this past week to familiarize themselves with the newly arranged library and to meet the new librarian, Mrs. Algie Groves.

While they were there, Mrs. Groves explained the Dewey Decimal System of arranging books and reviewed the school's library rules.

Jana Jones and Vickie Holt have been named as Girls' Basketball Managers. This is the first year either of the girls have held this position. Jana is a senior and Vickie is a junior.

Beginners Spotlight

Each year, bright, eager boys and girls begin the first phase of formal education. Because of their fierce enthusiasm and vitality, they add life and sparkle to the school. Their comments

on school and teachers are fresh and uninhibited. Their ambitions are to become the future leaders in the business, entertainment and professional world. Because of their enthusiasm **The Brand** feels they deserve special recognition; therefore, each week one of the beginners will be featured in a **Beginner's Spotlight**.

Stepping into the spotlight this week is Steven James Braselton. Steven was born Oct. 6, 1959, to Mr. and Mrs. Sut Braselton at Matador.

When interviewed, Steven stated that when he grows up, he wants to be a doctor. Two favorite items in his life are cherry pie and writing exercises.

His mother is a Matador graduate and his father is the Medical Technician for the Stanley Hospital. Steven has one brother, Jeffrey, who is four years old.

COUNTY AGENT PALLMEYER SAYS:

Just a reminder to the people of Motley County that if you have some items you would like to enter for exhibition, the Floyd County Fair at Lockney is Sept. 22-24. I have two catalogs left, so if you would like to look over the divisions open, why not stop by 4-H members who are making lamps, dresses and other articles in the clothing division are reminded that entry date is by 10:00 a.m. on the 22nd.

4-H members who do not have a way to carry their entries to Lockney should have them in my office by 8:00 a.m. the 22nd, and notify either Mrs. Keith Patton or my wife.

The annual field day at the South Plains Research and Extension Center located north of Lubbock on the Plainview Highway will be held Thursday, 20th starting at 1:00 p.m.

Items for inspection include crop varieties of the future; conservation of water, chemical and cultural weed control and weather studies. All of importance to Motley County farmers.

Experimental stormproof cotton varieties with longer and stronger fibers and improved sorghums will be on display, along with other crops of interest to this area.

Texas is one of 27 states that has "guest laws" concerning auto accidents. These laws limit a driver's liability toward guest passengers in his car, and in effect, the guests can claim damages only if their host has been guilty of extraordinary carelessness.

The guest passenger in order to claim damages, must prove willful or wanton misconduct or intoxication, as some courts have rejected injury claims from passengers who rode with drivers they knew had been drinking.

Fare paying passengers are not covered by the guest laws, but often the courts have to draw the distinction between a commercial rider and a guest.

You can do this as a car owner to protect yourself, either as a driver or passenger. Add medi-

cal payments coverage to your auto policy. It won't compensate injured guests for their suffering, but it will pay part or all of their medical bills. As a passenger, you should caution the driver who starts taking chances, no matter how reluctant you may feel.

While we were at Texas A&M for our conference, Gov. John Connally confirmed what we know in "that farmers are not the cause of high prices". Even though some economists have suggested that the basic cause of our present apparent inflation is the price asked for their goods by those who raise food and fiber, and although retail food prices have risen since 1951, prices obtained for products as they leave the farm have declined 25%.

If the farmer had received the same share of the food dollar in 1965 that he received in 1947, American consumers would have spent another \$15 billion for food last year. In the Governor's opinion, those who work the land have acted against inflation, instead of being one of the causes.

He also stated that farmers and ranchers have not received adequate returns for doing their jobs better. Efficiency should result in lower prices, but a lower income should not be the reward for those who make this increased efficiency possible.

Trees for windbreak planting purposes are again offered by the Texas Forest Service. Order blanks are available at my office.

Minimum order is for 100 plants, which must be in multiples of 50. Cost is \$1.50 per hundred and orders must be re-

ceived before Feb. 11.

Some of the plants available are: Black locust; Black walnut (stratified seed only); Catalpa; Mulberry; Osage orange (holod'arci); Red cedar; Sycamore; Euonymus; Buffalo Berry; Austrian pine; and Ponderosa pine.

WHITEFLAT NEWS*

Mrs. Stella Tilson
and Mrs. Scott Robbins
the week end in Denton,
attending North Texas
University. Their other
daughter, Sue, was the house
of Mr. and Mrs. Bob Mar-
starting her parents' absence
home.

Lana Tomason of Irving
Linda Tilson, Friday
daughter of Mr. and Mrs.
Tilson received word last
that she had been award-
the Ethel Foster Scholarship
the School of Home Eco-
at Texas Tech, Lubbock,
and Mrs. Ralph Stapleton
in Arlington, from Thurs-
through Saturday with their
father and family, Mr. and
Pace Cramer and Carolyn.
Saturday afternoon in
J. D. Perkins home were
Bess Patton of Matador and
Mrs. Ethel Brown of
Spring Springs.

Mr. and Mrs. Tom Tilson of
visited Friday afternoon
Saturday morning with his
Mrs. Stella Tilson, and
brother and family, Mr. and
W. R. Tilson and Linda.

Attorney General concluded
that park fund administration is
not an operation of the PWC,
and that it's up to private admin-
istrators to decide whether to
announce names of various don-
ors.

HEAD START SLOWED — Ap-
proximately 60 Head Start pro-
grams are being held up in five
Southwestern states because of
Congressional delay in approv-
ing appropriations for the Office
of Economic Opportunity, Re-
gional OEO Director Bill Crook
reports.

Delay, said Crook, is proving
costly in both time and money
to the agencies which had ex-
pected to correlate the pre-
school readiness programs with
the regular school term. In some
cases, he stated, administrators
are serving without pay, rather
than hurt the continuity of the
program.

First priority on funds allocat-
ed to Southwest regional office
is being given to those projects
which are already in operation
in the five states.

Crook's office is writing let-
ters to local community action
agencies and school districts, ex-
plaining that final action cannot
be taken on their applications
until Congress comes through.

DEAN'S OPINION — Page Keeton,
dean of the University of
Texas School of Law, strongly
urges a complete redefinition
of Texas' 110-year-old penal
code.

Keeton said the penal code
had undergone "intermittent
patching" through the years
"without reference to the prob-
lem of maintaining a consistent
system. "The plain fact," he
continued, "is that we have been
getting along with our present
law. But I believe our adminis-
trators are doing a good job,
not because of, but in spite of,
our present system of sub-
stantive criminal law."

Keeton recommends complete
revision of the laws, rather than
"piecemeal" revision.

SHORT SNORTS
After their Labor Day rally
in Austin, most of the Rio
Grande Valley "heulga" march-
ers and their backers — sup-
porters of the state minimum
wage legislation — returned to
their homes leaving two senti-
nels stationed on the Capitol
steps.

Austin will play host Sept.
16 to approximately 2,000 Tex-
ans for a one-day symposium on
the correction of language dis-
abilities among the state's school
children — officially named the
Speaker's Symposium on Lan-
guage Disabilities.

Texas share of U.S. defense
contract work increased during
last fiscal year by \$844,685 —
only California and New York
had a bigger share.

SPRAYING PLANE of Roane Flying Service at Roaring Springs Buzz Field is being put in condition by mechanics. Complete service to "keep planes in the air" is maintained by the firm according to B.A. Douglass, manager. Roane has established its permanent Texas location at the airport and currently is engaged in million acre contract on the government diapause boll weevil control program.

Cigarette taxes went up again
in Austin, to \$12,800,000 as com-
pared to \$11,500,000 in July.
A House committee on juvenile
crime — headed by Rep. Vernon
Stewart of Wichita Falls to make
recommendations next January —
will hold its next-to-last hear-
ing in San Antonio Sept. 21 and
has invited professional youth
workers or any citizen to ex-
press their views on needed
legislation.

Registration of securities for
public sale in Texas topped a
half-billion dollars for an all-
time high during the fiscal year
ending August 31, State Securi-
ties Board announced (permits
were for sale of \$539,941,650).

State draft boards will be cal-
led upon to furnish 2,339 men
for the armed forces in Novem-
ber. October quota — largest
monthly call since 1953 near the
end of the Korean conflict —
has been increased from 2,671
to 2,845.

of the 5500 official inspection
stations," he said.

Garrison pointed out that Texas
inspection stations can be iden-
tified by the official vehicle in-
spection station sign displayed
at each station.

Garrison suggested that if mo-
torists have their vehicles in-
spected during the routine main-
tenance, the necessity of having
to wait in line at a later date
for an inspection will be elimi-
nated.

In announcing the new in-
spection period, the Public
Safety Director pointed out that
vehicle defects contributing to
traffic accidents in Texas during
1965 were the fewest yet experi-
enced since the inspection pro-
gram began in 1951.

**Period Started on
Vehicle Inspection**

AUSTIN — Colonel Homer
Garrison Jr., director of the Texas
Department of Public Safety
announced today that the 1967
vehicle inspection period has
begun.

Garrison said that the new in-
spection period began on Sep-
tember 1 and will end on April
15, 1967 as prescribed by the
Public Safety Commission. The
inspection period is the same as
in previous years.

"This means that between now
and April 15, 1967, each of the
five and one-half million Texas
registered vehicles will have to
secure the new green and white
1967 inspection sticker from one

nearly 250,000 members.

**Texas Rangers
Objects Sought**

AUSTIN — The Texas Depart-
ment of Public Safety is interest-
ed in securing authentic objects
used by former Texas Rangers
at any period in history to be
permanently placed in a public
museum being developed at De-
partment Headquarters in Aus-
tin.

Col. Homer Garrison, Jr., DPS
Director and Chief of the Texas
Rangers, asked anyone interest-
ed in contributing such items as
guns, knives, belts, badges, spurs
or any other authentic Ranger
items not completely deteriorat-
ed to write him at Box 4087,

Garrison said the museum is
to be established at a central
location in the Department of
Public Safety Headquarters and
will be opened for public view-
ing upon its completion, the
date of which has not yet been
determined.

"We hope we will be able to
obtain from public-spirited Tex-
ans a collection of Ranger par-
aphernalia that will become one
of the most outstanding histori-
cal tourist attractions in the
state," said Garrison.

ROYAL WELCOME — Mrs. F. E. (Ed) Smith, better known as Lou among her associates received a royal welcome when she arrived home Monday night from Houston where she had surgery the latter part of July. She had remained in Houston for therapy treatments following surgery. Mr. Smith drove to Lubbock to meet his wife's plane Monday evening, and bring her home. Managers of Smith's Steak House, they were greeted by the restaurant's personnel, with a large steamer, "Lulu's Back in Town" and colored balloons. A special cake had been baked and decorated for the occasion, and was served with ice cream.

Several Students Leave For School

Ruthie Lynn left Saturday for Denton, where she will enroll for her second year in Texas Women's University. She was accompanied by her parents, Mr. and Mrs. L. L. Lynn, and a sister and family. Mr. and Mrs. B. L. Colwell and son, Lacy of Paducah. They returned home Sunday.

Stanley Neighbors left last week for Denton, where he has enrolled at North Texas State University. He returned home this summer from Saudi Arabia, where he was employed by Geophysical Service Inc., of Dallas. He has obtained a leave of absence from his work in order to continue his studies at NTSU. Mr. and Mrs. E. A. Day and daughter Jeanette accompanied

their other daughter, Pat, to Stephenville during the week end, and she will enroll there in Tarleton State College.

Also attending Tarleton State are Guy Campbell, son of Mr. and Mrs. Harold Campbell, and Mr. and Mrs. Stanley Fogerson, son of Mr. and Mrs. Ware Fogerson of Silverton, and daughter (Lynda) of Mr. and Mrs. Ted Elliott of Matador.

Mrs. Bill McCaghen spent last week in White Deer with her daughter and children, Mrs. Darwin Scott, Ray and Gayla, while Rev. Scott was preaching in a revival meeting at the Hedley First Baptist Church. The children returned home with her Friday, and were accompanied to Hedley Sunday, by Mr. and Mrs. McCaghen, to join their parents.

Relatives Attend Kimbell Services

Out of town relatives who attended funeral services Sunday for T. D. Kimbell included all of his children, brothers and his sister, Mrs. Mary Merrell, and several nieces and nephews.
