IN APPRECIATION

I would like to express my appreciation for the cards visits, phone calls and prayers during my recent surgery and also for the food brought after my return home. I also feel that I owe special thanks to Dr. Y Hoang Do who came to my rescue after complications arose after I came home and also to all the nurses who assisted in any .ay. It means so much to receive good medical attention in a hospital at home. I sincerely hope that people of Motley County and surrounding places will learn to take advantage of a good hospital and good care here in our same and good care here in our own hospital. Thanks again for everything.
