## TRAIL DUST

Some times when a man goes to the dogs it is because his particular type of character fails to find appreciation elsewhere.

In the fraternity of despair the tyro must walk in the shadows of others' wretchedness and share his ration of personal sympathy which he had hoped to consume in solitude.

A news dispatch says the Indians are claiming Amarillo and about six million acres of adjacent land. A vote by the Lubbock Chamber of Commerce would be unanimous in giving it back to the original owners.

A woman's lot is not an easy one. After she finally decides on a new hat, the next problem in the confounding sequence, is when to wear it and when to leave it at home.

Since I am neither a theologian nor a regular patron of theology, I am at a loss to separate righteousness and duty.

Weeds have grown through the long-cooled ashes and nod above the bricks that once made a hearth. The melancholy chimney stands against a bleak autumn sky like the ruins of a temple, and the wind whimpers in the rainwashed flue. Drowsy children must have sprawled on the floor before the fire and slept with their backs to its vanished warmth. Their excited laughter on Christmas morning and their voices that rang like little bells when they played have perished in the flaming faggots of years. The chill of twilight settles on bricks that once were warm with the pulse of human life.

Gossip whispered in secret is amplified until it becomes thunder between the walls of circumstance and brings pain to a human heart.

If admission to paradise could be bought, some people would expect passes because of their influence.

When a boy begins to notice girls, he has placed lard on the soles of his shoes and stepped on a steep roof.

## Demonstration Is On Fire Prevention

Anything will burn and nothing is fireproof. This fact was brought out by Ben Bullard, Assistant Safety Director for the Texas Farm Bureau, Waco, in a graphic animated fire prevention demonstration held Thursday, Sept. 22 at Motley County High School. The three things needed to start a fire - air - fuel and heat, brightly illuminated as Bullard plugged in the parts of his fire triangle board, causing the flashing "F-I-R-E" sign. He defined fire control as he removed, (one at a time), the three parts.

## Voters Urged To Register

AUSTIN - Workers in a statewide voter registration drive are making a concerted effort to reach young Texans, according to Sec. of State Mark White, who is directing the registration project.

White says statistics indicate Texans between the ages of 18 and 20 participate in elections less than any other population segment, with the 21-24 year bracket following close behind.

"We have contacted officials in virtually every high school in Texas, and we are now trying to organize registration drives in most colleges," White said.

"Young Texans represent a large pool of the electorate that remains untapped, and we hope to register a large percentage by the Oct. 1 deadline for registering to vote in the Presidential election."

White contends that most people, regardless of age, tend to vote once they complete the process of registering.

"Studies indicate that between 80 and 90 per cent of registered voters do vote," White said. "All it takes to register in Texas is filling out a postcard, so if we can get our message to the people, we should see an upswing in Texas voting performance, which has been falling steadily for more than a decade."

Registration applications are available through county tax assessors or by calling White's office in Austin toll-free at 1-800-292-9602.

## Church and Society

MRS. JON PAUL PRICE

### Recent Wedding In Lubbock Announced

Mr. and Mrs. E.H. Narmour of Lubbock are announcing the recent marriage of their daughter, Melanie Jean, to Jon Paul Price, son of Mr. and Mrs. James Price, also of Lubbock, and formerly of Matador.

Vows were recited in a ceremony performed at 7:30 p.m. September 4, in the Hodges Chapel of First Christian Church, Lubbock, with Rev. Jim Hancock of

Canyon, former pastor of First Baptist Church, Matador, officiating.

The altar setting was a large arrangement of spring flowers and greenery, flanked by candelabra.

Proceeding the ceremony, Mickie Stufflebeme, pianist, provided light classical music. She also accompanied Charla Harvey in singing "Day by Day," and Gary

Myers in a song by Stevie Wonder, with lyrics by the bridal couple.

Mrs. Jackie Myers was matron of honor and bridesmaids were Laura Watson, Jan Smeltzer and Janis Jones.

Morris Price attended his brother as best man. Groomsmen were Rick Hutsell, Jim Barnhill and Craig Christian and ushers were Scott Price, brother of the bridegroom, Wayne Findley and Ronnie Narmour.

Given in marriage by her father, the bride wore a gown of candlelight chiffon over taffeta, fashioned with a high waistline and high neckline. Panels of lace extended the length of the dress. The lace also formed the neckline and deep cuffs, and bordered her mantilla of illusion. She carried a bouquet of spring flowers and baby's breath, centered with a pink corsage.

The bride's attendants were gowned in apricot crinkle voile, designed with printed capelets. Each carried a bouquet of spring flowers.

For a reception following the ceremony, the bride's table was covered with a cloth of off white satin, with the altar floral arrangement as centerpiece. Presiding at the table were LaVonne Morales, Suzie Holt and Marsha Ridderckhoff.

The groom's table was covered with a white linen cloth and centered with a spring floral arrangement from a luncheon at Hemphill-Wells the day before the wedding. Coffee was poured from a silver service, and served with German chocolate cake. Carla Marshall and Jana Marshall presided.

Guests were registered by Susie Etheridge.

For a wedding trip to Austin, the bride wore a matching blue denim skirt and blouse, and the corsage from her bridal bouquet.

The bride graduated from Lubbock High School and is employed at the Busy Bee Nursery. Her husband is a graduate of Monterey High School in Lubbock and is employed in the Central Sterile department at St. Mary's of the Plains Hospital. He will attend O.R. Tech School at the Methodist Hospital, starting in November.

### President's Tea Opens Club Year

A program on patriotism and citizenship, highlighted by the President's Tea, Thursday opened the current season for El Progreso Study Club. Mrs. J.L. Woodruff was hostess and guest speakers were summer delegates to Girls State and Students Citizenship Seminar.

Mrs. Harold Campbell, president, greeted the members and guests and served as leader. She announced that the program theme for the year is "Aspirations," and read the quotation for the day: "Heaven is not reached at a single bound; But we build the ladder by which we rise from the lowly earth to the vaulted skies; And we mount to its summit round by round," from Gradatim by Josiah Gilbert Holland.

The report on Bluebonnet Girls State in Seguin was by Miss Dana Dillard of Roaring Springs. She explained that the mythical "State" was organized to provide citizenship training for girls of high school age and to give them an opportunity to take part in government on state and local levels. "We were urged to get involved by running for office, with 60 girls in each city. I was elected Health Officer of City A, and we performed the duties of the office to which we were elected." They also visited the State Capitol where they observed government in action. Sponsored by the American Legion Auxiliary, Girls State was organized as a national Americanism activity in 1937 by the Auxiliary.

ATTENDING the wedding were the groom's maternal and paternal grandmothers, Mrs. Chas. Brooks of Roaring Springs and Mrs. Audrey Price of Matador. Others from Matador were Mr. and Mrs. Frank Price, Mr. and Mrs. Ronnie Christian, Carla and Cody, and Mr. and Mrs. E.A. Day.

Miss Marian Giesecke, who was also a delegate to Girls State, and in addition, attended the Citizenship Seminar on the campus of Baylor University in Waco, gave a report on the Seminar, which is sponsored by the Motley County Farm Bureau. A number of nationally and internationally known speakers were featured including Dr. Clifton L. Ganus, president of Harding College, Searcy, Ark., and W. Cleon Skousen, author and lecturer of Salt Lake City, Utah.

"We were urged to learn more about Communism and socialism, and how these movements are invading our country... and what we as young people and future leaders of our country, should prepare to do about it."

Both the girls declared attending the youth organizations "a great experience," and expressed the wish that "everyone could attend." They thanked El Progreso Club for its part in co-sponsoring them as delegates.

Mrs. Woodruff presented several organ selections, then played tapes made by her daughter, Mrs. R.M. Dailey of Grapeland. These were organ arrangements of "Holy, Holy, Holy," and "The Holy City."

Mrs. Campbell gave a resume of summer activities of the club, which included participation in the bicentennial celebration. The club members answered roll call by describing their summer activities.

Inspirational Thought by Mrs. R.E. Campbell Jr., concluded the program, after which, punch, coffee, cookies and finger sandwiches were served from a beautifully appointed table. The tea committee was composed of Mesdames W.F. McGahren, Ralph Stapleton, Carl King, W.C. Pallmeyer and Mrs. Woodruff. Piano selections were played by Mrs. Frank

Pohl during the tea. Others present included guests, Mrs. R.C. Giesecke, Matador, and Mrs. R.W. Overstreet, Floydada; and Mesdames A.J. Daffern, D.E. Pitts, W.N. Pipkin, W.F. Jacobs, E.A. Day, Robert Darsey, Ben Keltz, John Hamilton and Douglas Meador, and Miss Mary Keith, in addition to the program participants.

### HANDICAP TOURNAMENT

Tournament play started Thursday for Mickey, Louise, Geneva, Winifred, Mary, Tommy, Dorothy and Hazel... playing 18 holes. We enjoyed a picnic lunch under the mesquite trees... the rains have delayed some of the matches.

### IN MEMORY OF CLYDE

this letter has been received from Dearl (Cesar) McBride:

"Dear Hazel: I do read your column every week - and enjoy all of it - and feel that you have some part in your club... and I hope this will be O.K. I've had the pleasure of playing with Clyde, Marvin and Howard several times while on visits up there, and no more time than I had with Clyde, I will miss him... and I'm sure that he will be missed greatly by all. I hope this is not out of place, and that you will see that this small gift is placed in its proper place 'In Memory of Clyde.'"

Sincerely,

### Anniversary Is Observed By Mr. and Mrs. Shelton

Mr. and Mrs. Cecil Shelton of Monahans received guests in the home of their daughter and family, Mr. and Mrs. C.D. Garrison, Matador, during the week end of September 12, in observance of their 50th wedding anniversary.

Mr. Shelton and the former Grace Wood were married September 6, 1926 in Matador and were longtime residents here before moving to Monahans in 1954.

The anniversary cake was decorated with gold and yellow confection roses, and yellow daisies were arranged in a golden bell which had been used in the 50th wedding observance of Mrs. Shelton's aunt and her husband, the late Mr. and Mrs. E.S.

### FORMER PASTOR PREACHES HERE

Rev. Keith McCormick of Goodnight, former pastor of the First Baptist Church here, preached in the morning worship services at the church Sunday. Rev. McCormick was pastor here in 1952-53.

Several former members of the church joined Rev. and Mrs. McCormick here for their week end visit in the home of Mr. and Mrs. C.M. Barton Jr. Other overnight guests Saturday were Mr. Mrs. Lee Burns of Amarillo, and coming Sunday were Mr. and Mrs. Fred Clower of Plainview.

Mr. and Mrs. Barton were hosts at a covered dish lunch Sunday in the church basement for the visitors and local friends. Others from out of town were Mr. and Mrs. E.L. Jones of Panhandle, where Rev. McCormick had served as pastor for 11 years after leaving Matador. They were week end guests of their daughter and family, Mr. and Mrs. Roy G. Hobbs and daughters, Holly and Heather. Mr. and Mrs. Nolan Fulkerson of Lubbock were also guests at the lunch, coming to spend the day with her sister, Mrs. Douglas Meador.

Mangrum. The table was laid with a white cloth, with china and gold printed napkins completing the appointments.

Alternating in serving cake, coffee and tea were Mrs. Richard Lancaster, the Shelton's other daughter; their granddaughter, Mrs. Johnny Scott, the former Debra Garrison, and Mrs. H.B. Dillard, cousin of Mrs. Shelton.

The family members were guests in the Scott home at Whiteflat for dinner on Sunday. These included Mr. and Mrs. Richard Lancaster, Leann and Christy of Breckenridge; Mr. and Mrs. Wayne Shelton and sons, Danny and David of Hobbs, N.M.; Mr. and Mrs. David Garrison, Kelly and Kerry of Brownfield; Mr. and Mrs. H.B. Dillard of Duncanville; Mr. and Mrs. Shelton, Mr. and Mrs. C.D. Garrison and Dickie, and Jody Scott, young son of the hosts.

### HOME FROM TRIP

Mr. and Mrs. J.P. Neighbors returned home Monday night from a month's visit with relatives and a trip to the Pacific Northwest. They left on Sept. 7, and visited in Grand Junction, Colo., with her brother and family, Mr. and Mrs. Herman Wagley, who took them on the remainder of the trip. They drove to California, then up the coast to Lincoln City, Oregon and a sight-seeing tour of that area before continuing to points in Washington. They returned by Helena, Montana, where they visited a sister and husband, Mr. and Mrs. R.L. Sorrells and were joined there by a niece, Mrs. Ralph Simmons of Wolf Creek, Montana, for a short visit. They also visited in Salt Lake City, Utah with another sister, Mrs. Ivan Gardner.

Mr. and Mrs. Nelson McMahan visited in Plainview recently with Mr. and Mrs. Elbert Reeves.

1977 CHEVROLET IMPALA

The 1977 Chevrolet debuts as an all-new, full-size car for America, more closely tuned to changing consumer life-styles and matched with the nation's goals of conserving fuel and natural resources.

+++  
The completely redesigned Caprice and Impala models offer crisp styling with a long list of design and engineering improvements. The new Chevrolets boast more fuel efficiency and safety effectiveness while being 11 inches shorter and almost 700 pounds lighter than their predecessors.

+++  
The new models have more room inside despite the smaller exterior size. This includes more rear legroom and more front and rear headroom along with added usable storage space in the trunk.

+++  
The 1977 Chevrolet is being offered in two series - the top-of-the-line Caprice and the ever-popular Impala. Two-door coupes, four-door sedans and four-door two and three-seat station wagons are available in each series. The former Impala S and Landau options are discontinued.

**Small Business Award Received By Hightower**

Washington, D.C. (Special) - Congressman Jack Hightower this week was awarded the Guardian of Small Business Award by the National Federation of Independent Business. The award was presented by the federation's president, Wilson S. Johnson, to members of the 94th Congress who supported the NFIB's position on at least 70 per cent of the key issues affecting small business. Hightower supported the federation's position 76 per cent of the time.

"The award has special significance for me," Hightower said. "As a member of the House Small Business Committee it has been my privilege to help formulate legislation affecting small businesses and to help enact that legislation with my votes on the floor of the House."

The National Federation of Independent Business has the largest individual membership of any business organization in the nation and represents many small businesses in the 13th District.

**Large Crowd At Roundup**

(DELAID) Sixth Fall Roundup of Alcoholics Anonymous, held Saturday and Sunday at the Old Settlers Pavilion in Roaring Springs attracted an estimated attendance of 500, according to reports. Speakers were from Wichita Falls, Amarillo, Memphis, Tex., Dallas, Mt. Pleasant, Haskell, Lubbock and area towns. In addition to the program, entertainment included a barbecue supper and dance Saturday night, with fried chicken or chicken fried steak on the menu for Sunday lunch. Billie Jo's Cafe in Roaring Springs catered the meals. Local leaders of AA expressed appreciation for the support which the Roundup received in this area.

**TMA Honors Ray Farabee**

Austin (Special) - Sen. Ray Farabee of Wichita Falls (Dist. 30) has been honored by the Texas Medical Association (TMA) "for his dedicated and unselfish service to the citizens of Texas." Farabee was the Senate sponsor of S.B. 635, the Patients' Insurance Compensation Act. The TMA proposed this bill as a long range solution to the malpractice insurance crisis. The association's president said Texas would have made great progress toward resolving the current crisis if the bill had passed.

TMS President L.S. Thompson, Jr., M.D. made the plaque presentation in Austin Saturday (Sept. 17) at a special TMA conference.

**Rep. Heatly Presented Medallion**

MUNDAY, (Special) - State Representative W.S. "Bill" Heatly of Paducah was presented a special medallion commemorating the first 100 years of the Texas Agricultural Experiment Station during a noon luncheon here September 8. The luncheon sponsored by the Munday Chamber of Commerce and Agriculture followed a field day at the Texas A&M University Vegetable Research Station here that highlighted research dealing with vegetable crops, insect suppression and control, and water use efficiency.

Presenting the medallion to Heatly, who has served in the Texas Legislature since 1954, was Dr. Dudley T. Smith, assistant director of the Texas Agricultural Experiment Station.

"Mr. Heatly has provided outstanding leadership for Texas agriculture and has been instrumental in its growth," Smith pointed out. "He is a man who is keenly interested in this giant industry of agriculture as he is a farmer and rancher himself. He has actively supported research in Texas, particularly in the Rolling Plains, and sees agricultural research as an investment, in the future."

Heatly operates a 1,000 acre farm in Cottle County in addition to practicing law. He is the only person to serve as chairman of the House Appropriations Committee for six consecutive terms. Heatly currently serves on the House Livestock Export Committee.

Three percent of all the energy used in the United States goes to heating water, so it might be energy-wise to wash your clothes in cold or warm water and rinse them in cold.

**NEW CARS ON DISPLAY**

New 1977 model Chevrolet and Pontiac automobiles are on display at Matador Motor and Implement Co., it was announced this week by Mike Hoyle and Larry Hoyle, dealers.

Also on display is the latest in International-Harvester farm equipment, the new 1086 D "Pro-Ag" tractor. The "control center" is a departure from the add-on cab of the past. The firm also offers IHC trucks and pickups.

The public is invited to drop by the Matador Motor and Implement Company and see the new models. Many new features have been added to the 1977 vehicles in both appearance and performance.

The new Chevrolet continues the convenience of past serviceability such as brake lining, ball joint and tire tread wear indicators, with the addition of an engine electrical diagnostic connector which makes possible 35 different diagnostic checks and tests. An additional connector allows 34 checks to be made on models with air conditioning.

Wired to critical points of the engine electrical system, the connector permits the service center to make accurate checks and measurements so that operational faults can be identified and located quickly for proper servicing.

Innovations in the Pontiac include improved interior appointments as well as the latest design technology and motor performance.

French fried potatoes were not invented in France but in Belgium. Then their popularity spread to the north of France.

Rhubarb is the stalk or stem of plants and its leaves and roots contain oxalic acid which can be poisonous.

## Spraying Underway To Control Boll Weevil

DICKENS - In an all-out effort to arrest movement of the cotton boll weevil, officials of the USDA Plant Protection and Quarantine Service and the producer-owned Plains Cotton Growers of Lubbock have completed first and second insecticidal spraying of 275,000 acres of cotton. Acreage treated extends from Briscoe County on the north to Borden and Dawson counties on the south, along the Caprock's eastern edge. Roy Moritz, district supervisor with PPQ, and Ed Dean, director of field

services for Plains Cotton Growers, who are coordinating the Diapause Boll Weevil Control Program, say the first boll weevil spraying operations of the fall were carried out from Sept. 6 to 16. Second insecticidal applications of the 275,000 base acreage area was to have ended Friday, Sept. 24 following a record treatment of over 100,000 acres the day before. The two treatments represent an aggregate total acreage sprayed of over a half million acres.

A third insecticidal application is slated to begin in early October. Moritz, who is coordinating field operations, says 20 spray planes are being used to cover the huge territory, and he expects up to five control zone treatments will be conducted unless an early freeze occurs. "All fields are being block sprayed from Matador southward to Jayton, plus acreages below the Caprock in Garza and Crosby counties," Moritz says. "Fields are being sprayed on a selected basis in all other areas within the control zone unless boll weevil infestations warrant block spraying."

## Social Security Questions, Answers

Q Why do I have to pay for social security now? I am only 24 years old, and I will not be able to retire until I am 62.

A Social security makes payments to individuals and their families not only when the worker retires, but also when the wage earner in the family becomes disabled. To qualify for these payments, the wage earner must have enough social security coverage. You are also paying for the protection of your family for survivor benefits in the event of your death.

Q I've heard that social security has money in a Trust Fund. What is it used for?

A The Social Security Trust Funds contain money received

ed in Social Security taxes over the years since 1937, in excess of the money needed to pay each year's benefits. The fund currently contains 46 billion dollars. It is there to provide a cushion for those periods in our economy when income from the tax fails to meet the needs for benefit payments.

Q I am a senior in college receiving student benefits. In my final semester, I will be student teaching. Is this considered to be full-time attendance in school even though I won't be attending any classes?

A Yes, where a student is engaged in study or related activity, he can be considered as being in full-time attendance.

Q A representative of the Social Security Administration will be at the First State Bank in Matador at 9:30 a.m. the first Tuesday in each month, to assist persons with social security procedures.

Service may be obtained from the Social Security Office at 1401-B West 5th Street in Plainview, or by telephone, 293-4371.

He says boll weevils are more widespread on top of the Caprock this year than in the last several years due to in-migration of weevils from the east and successful overwintering below the Caprock as a result of an abnormally mild winter.

"We believe we have the necessary expertise and resources to adequately cope with this widespread infestation," says Moritz.

He emphasizes that the heavier than usual boll weevil populations found along the eastern and southeastern portions of the Caprock were forseen back in May whenever boll weevil trap catches showed an increase in weevil populations over previous years for that time of the year. At that time PCG and PPQ officials recommended that producers consider early season spraying for weevil control in July.

The Diapause Boll Weevil Control Program was begun in 1964 along a 15-county area stretching from the upper South Plains southward and southwestward to the New Mexico line, along the Caprock. Its purpose is to use pest management concepts, including spraying and field scouting, to prevent the boll weevil from migrating westward from its overwintering areas below the Caprock.

When you're traveling with your family, there is no need to stick together in museums or shopping markets. You'll get more out of the trip if you go your separate ways and compare notes afterward.

Many tours include a large part, but not all, of your tipping in overall cost. Be sure to check with your travel agent as to which tips are covered.

Taking your children on a vacation can be more economical than you think. For instance, if you stay at reliable Holiday Inns in the U.S. or abroad, children can stay in their parents' room for free unless extra beds are required.
