ISSUE NO. 19

**OUR HATS ARE OFF!**

Hats off to Darla Gwinn. She mowed the entire City Park, all by herself, on Tuesday, April 27.

On behalf of the city, we thank you, Darla.

\*\*\*\*\*

A big salute to all Motley County students who have done so well in UIL competition and Athletic competition this year. Daniel Alexander went to State competition in Spelling and placed 7th in the State meet held in Austin last Friday. The Sprint Relay team, Shane Taylor, Frankie Ortiz, Cody and Chris Campbell will compete in State competition this weekend. Good luck! There were several students advancing to Regional, both in UIL competition as well as athletic events. We take our hats off to these kids!

If you know someone who deserves a Hats Off salute, please let us know at the Tribune office.

## Lions News & Notes

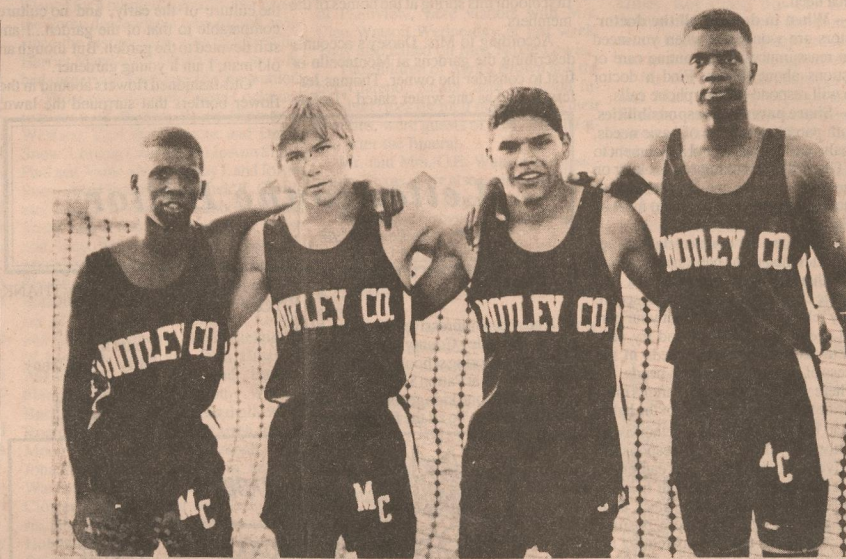

The Matador Lions Club met May 4 for their regular meeting.

Boss Lion, Tony Rose gave a report on the directors meeting. Lion Billy Wason introduced Ron Trussler, Director MHMR and also informed the Lions that the 1956 Lions Club Queen, Lucretia (LB) Campbell, is the board member for Motley County.

Trussler spoke on the various programs MHMR can assist people with

such as Crisis Stabilization, Adult and Adolescent Addiction, Women's Center, as well as other programs, all beneficial to Motley County.

Lion Freddie Moran introduced Marshall Allen with Child Care Management Services of Lubbock. This service is set up for Day Care for low income, eligible participants of Motley County. Meeting adjourned.

**STATE BOUND** — The Motley County Sprint Relay team is headed to State competition, which will be held in Austin Saturday. This is their second year to make it all the way to State. They are pictured here left to right, Cody Campbell, Shane Taylor, Frankie Ortiz, and Chris Campbell.

## Roaring Springs Business Product Goes To The Cayman Islands

**NOTE:** Quail Pipe Corporation of Roaring Springs, Texas produces U-Liner pipe for rehabilitation of old sewer lines without digging (Trenchless Technology). The following article was in the April issue of *Trenchless Technology* magazine. The U-Liner pipe used on this job in the Cayman Islands was produced in Roaring Springs.

When the Eastern United States was buried in snow from the blizzard of '93, Madsen/Barr crews were setting records for the installation of U-Liner under the streets of the famous Seven Mile Beach. Tourists in bathing suits hardly notice the fleet of white trucks as they walk to the beach carrying diving masks and flippers.

When the project is finished, they will have installed just under 12,000 feet of U-Liner, repaired over 150 manholes, and reconnected 13 lateral lines. The unusually small number of lateral connections has made the job go easier since the time consuming task of reinstating the laterals has been almost eliminated. In fact, since there are so few laterals to

deal with, Barr has not even tried to open them with a remote operated cutter but has chosen to simply dig them up with a backhoe and reconnect the lines with standard saddle clamps and couplings.

John Barr, partner with Madsen/Barr stated that the reason there weren't many laterals in the main lines was due to the "European" design of the gravity system. "We Americans can learn something from this design," Barr said. "They try to reduce the number of laterals being hooked into the main trunk lines and instead bring as many laterals as they can into the manholes. This makes it easier to maintain the system and helps the flow by reducing the taps along the main line." Laterals are run from the houses to a square maintenance box where several many come together and then they are combined into one lateral that runs to the manhole. These maintenance boxes allow for the laterals to be inspected and cleaned when necessary and reduce the taps into the main lines.

Another benefit of this design is that 6-in. pipe can be used for the mains

instead of 8-in. All of the 12,000 feet of pipe that has been relined has been 6-in.

and the infiltration problem was primarily coming from these mains. "Tom Van Zanten, Project Manager for the Cayman Water Authority, said that the relining job has already been judged a success since the run time at the pump stations has been reduced by fifty percent and the level of the holding ponds has been lowered.

Madsen/Barr shipped all the equipment for the job from Ft. Lauderdale, including the U-Line boiler truck, a CUES television and grouting step van, an Aquatech jet cleaner, a trailer to carry the reels of U-Liner pipe, a pick-up truck and a bucket machine. A back hoe was the only piece of equipment that was rented on the island.

Madsen/Barr was started in 1980. They took on the U-Liner product for South Florida in 1990 and shortly after that were able to acquire the line for the entire state.

## Matthew Cox Named To United States Achievement Academy

Matthew Cox

Award by Perry Graves, Athletic Director at the school.

Matthew's name will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners would be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's: academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Matthew is the son of Gaylon and Karen Cox. The grandparents are Gene and Maurine Cox of Corpus Christi, Texas, and Kenneth and Barbara Westfahl of Okcene, Oklahoma.

The United States Achievement Academy announced today that Matthew Cox has been named a United States National Award winner in Football.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Matthew, who attends Motley County ISD was nominated for this National

## Commissioners Will Appoint Laverna Price As Judge

The Motley County Commissioners met Monday, May 10 for their regular monthly session. Judge Pro-Tem, Franklin Jameson opened Court with the invocation. Commissioners J.M. Russell, Donald Hughes and J.N. Fletcher were all present. Minutes were read of the last meeting and the two special sessions. Bills were read and all were approved, except one, which was for a glass replaced in the Senior Citizens building, with a glass that is chipped. The Court feels this glass should be replaced with a good one. Reports were read and accepted from the Treasurer, County Agent, Extension Agent, J.P. Report Precinct 1, Place 1, with \$3,667.00 collected for fines, and Place 2, none. Elaine Hart of the Sheriff and Tax Collector's office reported that 3% more taxes have been paid raising it to a little more than 96%.

Thirteen county citizens attended the Court meeting to express opinions in the selection of the Judge.

The Commissioners met April 26 and elected to appoint Doyle Shannon to fill the Judge's seat. After obtaining information from the Attorney General's office, Commissioners learned that the meeting was void, because the vote electing Mr. Shannon was done in Closed Session. The law of the Open/Closed Sessions states that voting will be done in Open Session. On May 3 the Commissioners elected to postpone the appointment of the Judge until the May 10 Court, due to a misinterpretation of the law concerning

the Open/Closed Session.

After lengthy discussion by the citizens and the Commissioners, the Commissioners decided to vote. Motion was made for Doyle Shannon, with two for, and two against; motion for Glenn Woodruff, with 2 for and 2 against. A tie vote is a no vote. Motion was made for Laverna Price, with three for, and one against. Motion passed.

Mrs Price was appointed to office to fill the position for the next 19 months. She will take over the position May 24. Boyce Hart, former Judge, resigned in March.

The Court had a request from the City of Matador to maintain the city's dirt streets. After lengthy discussion Russell suggested they consider selling the City a maintainer. Each Commissioner stated they could not come in to Matador to

work their Precinct streets. Court voted not to go into contract with the City.

Roy Hobbs of the First State Bank explained the depository contract for the next two years. Motion was made and

passed to accept the bid from the First State Bank and to give responsibility of executing the contract to Joe Campbell, County treasurer.

Meeting adjourned.

**HONORED AT ANNUAL FFA BANQUET** — These students were honored at the annual FFA banquet held last Tuesday night. They are pictured left to right, Lee Jones, Star Greenhand; Brandon Blanch, Star Chapter Farmer; Lacey Parks, Dekalb Award Winner; Roegan Cruse, Ag. Mechanic Award and participation in State competition; Bradley Jameson, Dekalb Award Winner and participation in State competition; and Andy Renfro, participation in State competition. Also honored were Bob and Leslie Jameson and Rickey Lawrence, for their support and help of the Agriculture department.

**STATEWIDE 4-H INVITATIONAL** — These members of the Motley County 4-H senior dairy judging team placed fourth in the Statewide 4-H Invitational judging contests held recently at Tarleton State University. Members of the team include (from left) Dustin Davis, Kobi Risser (tenth high individual), Joe Gonzalez, and Michael Clawson. Not pictured is team member Christie Pierce who was fifth high individual. The dairy, livestock and equine competitions were held at the University farm facilities. At right is Dr. Weldon Newton, Associate Dean of Tarleton's College of Agriculture and Technology. (TSU News Service photo).

### TELL NEW PARENTS WHAT TO EXPECT THE FIRST YEAR

Parenting the first year is often traumatic if it's the first baby in the family. New parents experience "overload" from new responsibilities, new demands on their schedules, and from being afraid of making mistakes. Parents may not realize how much time and attention the infant requires each day.

Some guidelines will lessen stress and increase a sense of competence for new parents:

— **Make the baby's needs your most important priority.** Try to remember that these first days and weeks with your infant will soon pass. This is a one time opportunity with your infant; a very special time for parents and the baby. Let other routine responsibilities such as house care, gourmet meals and social obligations wait.

— **Find a way to sleep.** The new mother especially must get adequate rest to regain her strength and be a nurturing parent. The father can usually take over for nighttime interruptions in sleep schedules, but he too should guard his need for sleep. Effective parenting requires rested, happy parents.

— **Buy a baby book** that will help you read about what is normal behavior and what to expect. It's reassuring to know that you have a source to go to if something unexpected happens: **Toddlers and Parents**, by Dr. T. Berry Brazelton; **Maternity Source Book** by Lesco; **Dr. Spock's Baby and Child Care** (1985 edition); **Best Practical Parenting Tips** by Vicki Lansky. Parenting newsletters from your county Extension office such as "Parent Express", "Parenting the First Year" also will be helpful for the new parent.

— **Use common sense.** Feed the baby only what your doctor recommends; offering ice cream or colas is not a healthy practice at any time. Too, don't overdress the baby. Babies have a much higher metabolism than parents. Check the back of the baby's neck. If the baby is sweating behind the neck, the infant is too hot. If you are comfortable, the baby may be too warm.

— **See that your baby gets needed rest.** Allow for quiet, uninterrupted rest for your baby. Infants require 15 to 18 hours of sleep a day during the first month or two. This will require that you plan your activities around the infant's sleep time. Don't assume that baby can "sleep when I do". While you will guide the infant's sleep habits over time, remember that babies need sleep at their own choosing during the first few weeks and months. Understanding and providing for a baby's sleep needs is an important parent responsibility.

— **Provide visual stimulation and**

nurturing. Babies get bored just like anyone else. Place colorful and interesting pictures or items for them to look at. Provide soft music for them to listen to. Talk and sing to babies often. Carry them around with you even if they are not crying. Include babies in your activities. Infant seats are handy to hold the baby in safe places while you are preparing a meal, reading a book or vacuuming.

— **Hold and play with the baby** as much as possible, but don't be afraid to put the baby down. Expect the baby to entertain and pacify himself or herself some of the time. You will learn to distinguish between cries from anger and cries from a need.

— **When in doubt, call the doctor.** Doctors are wonderful when you need extra reassurance about routine care or questions about illness. Find a doctor who will respond to your phone calls.

— **Share parenting responsibilities.** If both parents take care of basic needs, the baby will form an equal attachment to the. This will make things easier later on if the baby expects the nearest parent, rather than a particular parent to meet his or her needs.

— **Prioritize the couple relationship.** While attending to the baby's needs, don't forget that the most important gift you can give to your baby is a stable, secure family relationship. Talk about your personal needs to each other, and try very hard to meet each others needs in the process of meeting the baby's needs.

There will be times when parents must sacrifice their needs for those of the baby. Plan occasional times together away from the baby. Find a good, responsible caregiver (babysitter) so you can enjoy an evening out alone. This will help infants learn that others can meet their needs and you will feel more positive about yourselves and your parenting responsibilities. Sometimes you can trade child care with a friend who has a similar aged child.

The first year is a special challenge, but parenting responsibilities never completely end; they only change as children grow and change. Giving infants the time and attention they need during the first year helps parents get to know their children as individuals with unique characteristics and needs. Also, doing this most important job well gives parents great enjoyment and satisfaction. It's worth it.

## Matador Garden Club Meets in Home of Mrs. Elliott

Mrs. Ted Elliott was hostess to the Matador Garden Club for its April 19 meeting and theme program "Through a Garden Gate," featuring Thomas Jefferson's gardens at Monticello by Mrs. Robert Darsey. Program leader, Mrs. Alvin Stearn introduced the program following the business session.

Mrs. W.N. Pipkin, president, called the meeting to order. Minutes were read by the secretary and reports were given by committee chairmen. Mrs. J.D. Craven reported that 18 plants and flower arrangements were on display by club members, at the exhibit on Friday, April 9, at Motley County Library. A report on the upkeep of Pioneer Park was given by Mrs. Edgar Lee, and after a discussion, a date was set for the proposed trip to the OS Ranch Foundation Museum in Post.

Roll Call was answered by naming the first bloom this spring at the homes of the members.

According to Mrs. Darsey's account, describing the gardens at Monticello is first to consider the owner, Thomas Jefferson, and as one writer stated, "Defin-

ing Thomas Jefferson is like viewing light as it strikes a prism. The ingenuity and interests that radiated from this richly talented man were many," citing him as President of the United States, Governor of Virginia, author of the Declaration of Independence, agriculturist, architect, inventor, lawyer, musician, scientist, statesman, as only a few of the words used to describe him.

Returning to his roots between careers, his beloved Monticello the land on which he had inherited from his father, and on which he was born, became an obsession as he concentrated on building and rebuilding the magnificent edifice which he had designed and which spanned 40 years of his life. Here, he planted the gardens, both flower and vegetables which reflect his philosophy, as he once wrote: "No occupation is so delightful to me as the culture of the early, and no culture comparable to that of the garden...I am still devoted to the garden. But though an old man, I am a young gardener."

"Old-fashioned flowers abound in the flower borders that surround the lawn,

and a small pond near the South Pavilion designed as a holding area for fish for the dinner table," Mrs. Darsey related. "Vegetable gardeners will marvel at the scale of Jefferson's kitchen garden, where he grew more than 250 different vegetables over the years, his favorite being peas, of which he had a number of varieties."

Restoration of the gardens and search for original plants has been difficult for the Thomas Jefferson Center for Historic Plants, although Jefferson had kept a record in his Garden Book. Among those that have survived are Florentine tulips, blackberry lilies, tassel hyacinths, and hollyhocks. Others that currently surround the lawn include the African marigold and lavender.

Thomas Jefferson was born on April 13, 1743 and died on the Fourth of July, 1826. "He specified that only three things be listed on his tombstone," Mrs. Darsey concluded. "As Author of the Declaration of Independence; of the Statute of Virginia for Religious Freedom; and Father of the University of Virginia. No

mention that he had been President, Vice President, Secretary of State, Governor of Virginia, member of Congress, and minister to France. These honors were "things the People have done for me," Jefferson explained. He wished to be remembered only for "things I have done for the People".

For a report from the Lone Star Gardener magazine, Mrs. Stearns read "Herbs of the New World" by the developer Adell Campbell, to conclude the program.

Refreshments served by the hostess, Bailey Elliott, were slices of her birthday cake with ice cream, and fruit juice punch.

Present were those mentioned: Opal Pipkin, Bertha Stearns, Winifred Darsey, Opal Craven, Winifred Lee and Lila Meador.

Members will hold their final meeting of the 1992-93 club year, with a spring luncheon on May 17. Hostess will be Mrs. George (Sue) Seigler, at her ranch home.

## Letter to the Editor

To the Editor:

County Schools we give a hearty THANK YOU!

It has been impressive to us to see how generous Motley County ISD has been in letting neighboring schools use their track. It has given us at Patton Springs an opportunity to help our kids get better prepared for track meets. To all the folks at Motley

## Tennis Team Ends Very Impressive Year

by Syd Pipkin  
Tennis Coach

### REGIONAL TENNIS MEET

Danny Sailsbury and Leigh Ann Pipkin participated in the regional tennis meet at Levelland recently against a very strong team from Nazareth. Motley was playing the number two seed in playing conditions that were less than ideal. Leigh and Danny played their best tennis of the year almost pulling off a huge upset before losing the first set in a tie break 7-6. The numerous fans from Nazareth were shocked at how close the match actually was as Leigh and Danny came from behind to actually take a lead 6-5 in the first set. The second set was equally exciting before the experienced Nazareth girls finally won 6-2. Coach Mayes from Crowell came by to cheer the Motley athletes and expressed how impressed he was with our girls' gritty play and determination. This makes me very proud of the good impression our girls leave on others.

This was Danny's last high school tennis match and losing her to graduation will be bittersweet. She worked extremely hard to make the regional competition and coaching her was very rewarding. Danny and Leigh made a good team and I was so happy Danny was able to reach one of her goals - the regional tennis competition. We wish her lots of luck next year! We also look forward to having Leigh compete again next spring.

### JUNIOR HIGH TENNIS

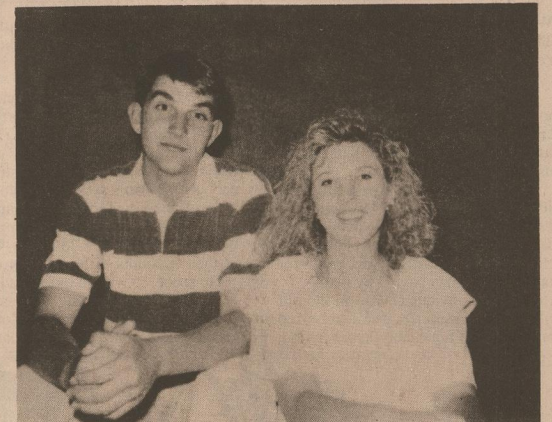

Ten very enthusiastic junior high students played tennis this year. District play was April 27 with teams from Petersburg and Lorenzo coming her for the annual competition. There were many good matches played by these students. Brandi Jameson and Talon Cruse were the only 8th graders playing and their experience really was evident as Brandi won two matches against girls from Petersburg. She hit many impressive shots to win first in her division. Talon teamed up with Scott Smith in boys doubles playing two matches finishing 5th in their division. Ryan Martin and Aaron Green played with a lot of composure and confidence for 7th graders and won 3rd in boys doubles. They lost their first match but came on to win their final match against Petersburg 8-1.

Jill Stanley, Tanya Barkley, Monica

Clifton and Rebekah Jameson competed in girls' doubles. Both girls' teams made huge improvements from their first day of practice to the district competition. They were very eager to learn and a pleasure to coach. Our two girls doubles will play for third and fourth this week.

I would like to thank all the parents who stayed late for these players to practice on their own. Without your help our tennis program could not reach its potential and we thank you very much. I'm really looking forward to next year.

A special thanks go out to Noel Guerrero, Chad Graves, Leigh Pipkin, Danny Sailsbury and Heather Turner. These high school players came out almost every day to assist these younger players and were a tremendous help. They gave many good pointers teaching the basics to these younger players and I appreciate them very much.

**SOPHOMORE CLASS FAVORITES** — Crawford Mason and Heather Turner were chosen as Sophomore Class favorites. Crawford is the son of Virginia Brinsfield of Matador and Heather is the daughter of Mr and Mrs. Johnny Turner of Flomot.

### Powerlifters To lift-off for dollars

The Motley County Powerlifting team will sponsor a Lift-Off on Monday and Tuesday, May 17 and 18, during fourth period, about 11:00 a.m., in the old gym. They will be accepting donations for so much per pound or a dollar amount, in hopes to raise money for the Athletic department. Lifters will be maxing with the dead lift.

If you would like to make a donation, contact any of the lifters or coaches.

The public is invited to attend.

# WTU Changes To Envelope Billing

West Texas Utilities' new electric bill comes in an envelope and is user friendly. The letter size bill contains more account information for customers, and a return envelope is enclosed for customer convenience.

To provide extra convenience and more account information to the people it serves, West Texas Utilities Company has improved the monthly bill it mails to customers.

Beginning May 14 the postcard-style bill customers have been receiving will change to a full-page, more detailed bill that will be mailed in an envelope. A return envelope will be enclosed for convenience when paying by mail.

The most obvious change in the bill will be its appearance. The letter-sized format will be noticeably larger, with a

detachable bill portion at the top and a detailed statement below. The top portion of the bill will be identified by WTU's logo and light blue color.

While the new bill is more attractive, its real purpose is to serve WTU customers more efficiently. The biggest change most customers will notice is how much more information the new bill provides about their accounts. "The new format has more space, so we can include additional information regarding each customer account," said Jesse Turner. "You'll see exactly how your bill is calculated

with meter reading usage, fuel, and other factors."

Now customers will see a detailed breakdown of their energy usage and rates, as well as how much they owe. The bill will also show more detailed information on other matters such as merchandise accounts.

WTU also is taking this opportunity to provide extra convenience to customers. In the past, customers have expressed a strong wish for a return envelope to be provided with their bills. Now that bills will be mailed in envelopes, WTU will be able to provide this requested service.

The return envelope will have a window. The top portion of the bill you return to WTU, when placed correctly in the envelope, will position the address of your local WTU office in the window.

The full-page format fared well in selected customer testing early this year. WTU randomly chose 100 accounts company-wide to receive the new bill. Afterwards, each of the 100 customers was called personally and asked for reac-

tions. Some of the features customers especially liked included:

- the new bill is easier to read;
- having the return envelope provided for them'
- the privacy of their account information going through the mail in a sealed envelope; and
- having more detailed information about their accounts.

The only change customers should notice is more information and added convenience. There won't be an increase in customers' bills to pay for the new features.

Although the return envelope is provided for customer convenience, those who prefer to pay their bill in person at their WTU local office may continue to do so. Your favorite WTU office personnel can still take your payment in person.

Any customer with a question or comment about the envelope billing may call his or her WTU area office for more information.

Leaders of Rolling Plains Production Credit Association (PCA) proudly display the Farm Credit Achievement Award the association recently received for outstanding financial performance during the past year. Standing, left to right, are board members Jack Reese, Abilene; Lance Morris, Crosbyton; Chairman Garon Tidwell, Munday; Vice Chairman Dan Henard Jr., Wellington; Keith Corzine, Stamford; and Dean Turner, Matador. Seated are Mike Sloan, left, first vice president and secretary, and John Rike, president.

## Staying in Compliance with your Farm Bill Compliance Plans

Part 1 of 3 parts by Edward J. Logan, Range Conservationist

The conservation compliance provisions of the Farm Bill (Food Security Act) requires farmers to have their Farm Bill Conservation Plans fully applied by December 31, 1994. Producers who fail to apply their plans by this date will be in noncompliance with the Farm Bill and lose USDA benefits. Producers with questions about their conservation plans can contact the Soil Conservation Service personnel at the Matador Field Office.

Motley County producers have continued to make progress in applying their

Farm Bill conservation plans. There are 523 tracts in Motley County that have a conservation plan developed. 57% of these tracts have their conservation plan fully applied. Even though conservation plan practices are applied producers must maintain these practices to SCS specifications. Crop Residue Management and Terrace Maintenance are two very important parts of most conservation plans which are to be carried out every year. Crop residues are to be managed and maintained on the soil surface through April 1 each year to meet the Farm Bill requirements. Terrace systems must meet SCS specifications. Any damage to the terrace ridge or end closures (blocks) must be repaired.

The Soil Conservation Service annually spot checks 5% of the farm tracts within the county to determine compliance. During these spot checks the scheduled practices must be found to be in place and maintained according to SCS specifications. Producers who have failed to implement or maintain practices by the agreed upon dates in their conservation plans will be in noncompliance and may lose USDA program benefits.

Producers are encouraged to review their Conservation Plans regularly to ensure that planned practices are being completed as scheduled. Producers who may have questions about their plans can contact James, Ed, or Rodney at the Soil Conservation Service office in Matador. Office hours are from 7:00 a.m. - 12:00 noon and 12:30 p.m. - 4:30 p.m. Monday through Friday. Our office phone number is 347-2263.

Programs and services of the Soil Conservation Service are offered on a nondiscriminatory basis without regard for race, color, national origin, age, sex, religion, marital status or handicap.

## Local Lender Honored

AUSTIN -- For the fifth consecutive year, Rolling Plains Production Credit Association (PCA) earned the Farm Credit Achievement Award, the highest possible performance rating from the Farm Credit Bank of Texas (FCBT). The award was presented during the bank's annual meeting for PCAs in Austin on April 23.

Agricultural lending association has offices in Stamford, Abilene, Childress, Matador, Munday and Spur.

Bank officials recognized the PCA for its financially strong organization and high quality loan portfolio.

"Rolling Plains PCA has upheld a solid reputation for having top quality directors and staff, which is evidenced by the association's healthy financial condition and overall performance in 1992," said Ar-

nold Henson, the bank's chief executive officer.

"To receive the award, the association must exceed a rigid set of financial performance standards for credit quality, capital, earnings and liquidity," Henson added.

Rolling Plains PCA board members are Garon B. Tidwell, Munday, chairman; Dan Henard Jr., Wellington, vice chairman; Keith Corzine, Stamford; Lance D. Morris, Crosbyton; Jack Reese, Abilene; and Dean Turner, Matador. President is John S. Rike III.

Rolling Plains PCA has more than \$45 million in loans outstanding to approximately 845 farmers and ranchers in 19 counties.

## 1993 Ranch Rodeo Series To Kick-Off In Roaring Springs

The 1993 Ranch Rodeo Series will kick off May 15 at Roaring Springs at 7:00 p.m. This rodeo will start the summer off with lots of rodeo action such as ranch bronc riding, double mugging, 250 Novice and Open barrels, Jr. breakaway, team branding, team ropings - #2 Novice and #4. The excitement of team work between husband and wife has been added to make the ribbon roping an exciting event.

The Ranch Rodeo has been designed to let the family have fun together. It takes an audience as well as contestants

to see who will win the prizes and money at the Ranch finals.

Catch the wagon, pen the mules and head out to the nearest rodeo. The rodeo will be in area towns, so support the sponsors who are making this possible.

Rodeo dates are as follows: Roaring Springs, May 15; Dickens, May 22; Paducah, June 5; Crowell, June 12; Quanah, June 19; Knox City, July 31; Olney, August 21. Finals will be held at Dickens September 3 and 4. For more information contact Harold Parks, 806-348-7524.

#### MARSHALL REUNION

The annual Marshall Family Reunion was held Sunday, April 18 at the Matador Senior Citizens Building. The people began to gather on Saturday before the great day on Sunday. Some came long distances, some in motor homes, travel trailers and cars. The group paused in silence for a moment to remember two of the Snow descendants who passed away since the last reunion, also to remember Harriet Marshall of Oklahoma City, who had surgery on Tuesday after the reunion.

Those present were Teresa Locke and two sons, of Pampa; Roxie Hintner of Weslaco; Carl and Frances and Duane Snow, Lorena; Charles and JoAnn Snow, Paul and Annie Snow, Bobby J. and JoAnn Snow, all of Brownwood; Jack K. Carlisle and Roena Booker of Lubbock; Darla Smith and a friend of Lubbock; Pansy and Troy Webb of Abilene; Lester and Marge Morgan of Ft. Stockton; David G. Marshall, Lawton, OK; Darwood Marshall, Guthrie; G.O. and Lettie Cooper of Morton; Eva Bannister, Latisha and Larry Griffin and Shelly Stelzig, all of Lubbock; John and Fern Green of Bakersfield, CA; J.N. and Darlene Fleicher, Fraiser and Dorothy Watson, Buck and Bessie Mae Marshall, all of Roaring Springs; Tressie Warren, Bertha Moore, Alton and Phyllis Marshall, Cindy Johannes and children, Don and Pat Warren, all of Matador; Dahl and Delores Clower, Dyron Clower and Kelley Harris, all of Amarillo; Kari Stagner and Kris Holman of Amarillo; Harold Snow, Bangs; Dwight and Krista Clower, Cody Clower and Julie Payne, all of Clovis, N.M.; Amber Zeigler, Angela Zeigler, Corky and Monta Marshall, all of Lubbock; Curt and Jennie Marshall, Vester and Bill Roller, Nolan and Pete Ozborn, all of Plainview; and Sam and Virgie Bannister of Plainview.

Everyone had the blessings of good visiting and getting reacquainted with relatives and friends, and a good lunch.

Mrs. Benny Goss of Littlefield visited her mother Thursday of last week and lunched with her at the Senior Citizens center, then they shopped in Matador. She invited her mother to go home with her for the Mother's Day weekend, however, Mrs. Mitchell was expecting her

son and wife, Mr. and Mrs. Wayburn Mitchell of Paducah here for Mother's Day and did not go. Later she learned that Wayburn, who was with his wife was visiting her mother, Mrs. Seigler in Wichita Falls who had suffered a locked knee which required surgery for the removal of calcium deposits.

Mr. and Mrs. Vester Roller, Peter Ozborn and Mr. and Mrs. Jerry Smith, all of Plainview, were visitors with Mrs. Cleo Watson Wednesday of last week. They also called on Mrs. Roxie Lewis.

The children of Agnes Brown and the late Clarence Keller, here to attend funeral services for their mother, with their families, were guests of Mrs. Cleo Watson after the funeral.

Mr. and Mrs. C.E. Watson of Glade-water, Texas, were also visitors with Mrs. Cleo Watson and other relatives.

Mrs. Algie Groves of Quanah visited Mrs. Roxie Lewis Friday.

Mr. and Mrs. Sam Swim of Lubbock were guests of his parents, Mr. and Mrs. J.T. Swim over the Mother's Day weekend.

Mrs. Foy Moore and Mrs. H.A. Stephens of Matador visited Mrs. Roxie Lewis Friday, also Mrs. Algie Groves of Quanah.

Miss Lula Swim and her brother, Cecil Swim left Thursday to visit relatives in Bella Vista, Arkansas and friends near St. Louis, Missouri.

Thelma Lou Smiley Brantley, youngest daughter of the late Mr. and Mrs. Bud Smiley died in Pecos last Saturday.

Mr. and Mrs. B.L. Peacock were disappointed on their recent trip to see their baby great-granddaughter, Ashley Taylor Peacock and her parents, Mr. and Mrs. Jon Peacock at Baytown. Mrs. Peacock became ill at Ennis on their way there and they had to return home.

Mrs. Don Largent had surgery at Methodist Hospital, returned home Sunday, and is recuperating at their home, the former Ira Sullivan place, in East Afton. Her husband, Don and his mother Mary Lumsden, were with her.

Mr. and Mrs. Lester Mullins of Hereford and Mr. and Mrs. Bobby Mullins of Plainview spent Mother's Day weekend with their mother Odessa Mullins. Sunday visitors were Daisy Smith of Matador and Mr. and Mrs. James Ray Smith of Johnson, Kansas.

## ANNOUNCEMENTS

### COMMODITIES TO BE DISTRIBUTED

Caprock Community Action will distribute commodities at the Senior Citizens building in Matador Wednesday, May 12, 1993, 3:00 to 5:00 p.m.

Please do not arrive before 3:00 p.m. The people of Matador are in DANGER of losing part of their food allocation to other areas because of low participation in this program.

If you cannot be there, give your card to someone you can trust to pick up the food for you.

Bring your white commodity card. New applications will not be accepted after 4:30 p.m.

Benefits are available to all regardless of race, color, national origin, age, sex, disability, political belief, or religion.

BE THERE! BRING A BOX OR SACK!

### DANCE

The Roaring Springs Volunteer Fire Department will sponsor a dance, May 22, 9:00 p.m. - 1:00 a.m. featuring Restless Native of Childress, at the Old Settlers tabernacle. Cost will be \$5 per person. Sodas will be sold at the concession stand.

### MCYO CLEAN-UP NIGHT

Clean-up night for MCYO will be May 18. If there is bad weather it will be held May 25. Please bring lawn mowers, weed eaters, shovels, rakes, etc. Someone is also needed to plan the field. PLEASE COME, YOUR HELP IS NEEDED!

"For we are God's workmanship, created in Christ Jesus to do good works, which God prepared in advance for us to do."  
Ephesians 2:10

## Public Notice

On April 16, 1993, Southwestern Bell Telephone Company (SWBT) filed an application with the Public Utility Commission of Texas (Commission) for approval of a new optional service, Network Subscriber Information Interface (NSII). NSII is a new service feature developed primarily for the provision of Voice Messaging Service (VMS). It will give a VMS provider (as SWBT's customer) the ability to receive originating call information from SWBT's central office and to activate and deactivate a Message Waiting Indicator (MWI) on the line of the VMS provider's patron. NSII also gives the VMS provider the ability to activate and deactivate an intermittent dial tone on a patron's line in multiple offices. The VMS provider will be able to perform these functions in multiple offices through a connection to a single Message Node office. The Message Node will be a redesignated central office and will interconnect with all central offices within the Message Node Service Area. Upon approval of this application, NSII will be available to customers where facilities are available. Available facilities are not currently deployed statewide. The proposed effective date of this service is June 20, 1993.

SWBT estimates these new services will increase its annual revenue during the first year by approximately \$2.4 million. VMS providers and Telephone Answering Services and their subscribers are the types of customers likely to be affected by approval of these services.

The proposed recurring monthly rate and nonrecurring installation charge is as follows:

Rate Element	Recurring	Nonrecurring
NSII	\$6,000.00	\$2,000.00

Persons who wish to comment on this application should notify the Commission by June 10, 1993. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at 512-458-0256, or 512-458-0221 teletypewriter for the deaf.
