Mitchell Hall Dedicated In Honor of Roaring Springs Hero

MEMORIAL PLAQUE: Unveiling plaque in foyer of Mitchell Hall are left to right, sister, Marian Jones; General Davis; daughter, Barbara Mitchell Stern; and sister, Rosalyn Work.

MITCHELL HALL: Family members being greeted by the General, his wife, and other Marine officers, before the ceremony.

Recently the United States Marine Corps extended yet another honor to Roaring Springs' own 1st Lt. Frank N. Mitchell.

This occasion was the dedication of a new training building at Marine Corps Combat Development Command in Quantico, Virginia...as MITCHELL HALL.

This hall now commemorates life and accomplishments of Frank Mitchell and highlights his final role in Korean combat in which he met his death and for which he was awarded the Congressional Medal of Honor, the very highest award that this nation can bestow.

The dedication took place on May 22, 1991.

In order to make them major participants in the ceremonies the Marine Corps invited the surviving members of Frank Mitchell's immediate family. These were: Barbara Mitchell Stern, Frank Mitchell's daughter who was only age five when her father heroically died in Korea. Barbara has been employed at a US Naval Base in Spain for a number of years. She flew from Spain on a short US visit especially to attend these ceremonies in honor of her father.

Rosalyn M. Work, of Saratoga, CA, Frank Mitchell's sister who was accompanied by her husband, retired Air Force

Colonel Robert E. Work, and her two sons, Mitchell R. Work of Evanston, Illinois and Joel C. Work of Saratoga, California. A granddaughter, Jessica, daughter of Mitchell Work was also in attendance.

Marian Alice Jones, of Los Gatos, CA, Frank Mitchell's younger sister was also among the honored guests. She was accompanied by her daughter Jane Bucharelli and granddaughter, Molly Bucharelli.

Dan Mitchell of Lubbock, Frank's nephew, was there with his wife, Gina and their two children, Jeffrey and Courtney.

Frank Mitchell's cousin, Mrs. Mavis Switzer and her husband Jack of Washington, D.C. were also in attendance.

In addition to these family members a number of friends of the family were also there. These included Mr. and Mrs. Edward Tierney of Fairfax, Virginia. Ed was a fighting Marine who survived one of the most ferocious Marine battles of World War II, known as Iwo Jima. Also there were Mr. and Mrs. Douglas Andrews of Sarasota, Florida, where they retired some years ago after Doug's many years as a senior CIA executive. Also most notable among the friends who attended were Mr. and Mrs. Kenneth Stelzel of Kewaskum, Wisconsin. Kenneth

was a Marine Corps Sergeant who served under Frank Mitchell in Korea and was wounded and evacuated some hours before Frank was killed. Sgt. Stelzel is well acquainted with Roaring Springs and with the Mitchell family as he and members of his family have made many visits to Roaring Springs to visit with Frank's parents.

The dedication ceremonies were most impressive. Each of the three ladies of Frank's immediate family were introduced to the audience. They each made brief remarks in appreciation of the honors the Marine Corps was extending to their father and brother through the creation of MITCHELL HALL.

The main speaker was General Raymond G. Davis, USMC (Ret), who was Frank Mitchell's commanding officer at the time he was killed. The General spoke warmly and with sincere emotion about the Frank Mitchell he knew as a young Marine officer and of his gallantry under fire and superior leadership of his men under the most adverse of conditions.

Officiating at the ceremonies was Lt. General Ernest T. Cook, Jr., Commanding General, Marine Corps Combat Development Command.

The establishment of MITCHELL HALL is expected to have a profound and far reaching influence on the future of the

Marine Corps.

In the entry hall of the building a large bronze plaque is displayed on which is recounted the salient features of Frank Mitchell's heroics. This is accompanied by a large picture of Frank as well as several other smaller plaques that recount other aspects of his career. In the future, every Marine officer will be required to attend the training conducted at MITCHELL HALL. The curriculum will be geared to include the life and achievements of 1st Lt. Mitchell. His role in the Korean war will provide classroom examples of what every Marine should aspire to and to emulate in his own career as a Marine and as an officer. In this fashion the name of Frank Mitchell will live in the military annals of the Marine Corps and of the nation. His name will honor the very best aspects of the officer corps and will become a goal and pattern for the many young men who will serve their country in Frank's footsteps.

But MITCHELL HALL honors much more than the man and what he did. It also honors the family and the community in which he was formulated as a human being. Thus J.D. and Isabel Mitchell, Frank's parents, and the town of Roaring Springs itself, are honored and memorialized in that hall in Quantico, Virginia.

Burleson Memorial Roping Results

The skilled and unskilled, ladies and gentlemen, boys and girls and of course, ropers found the opportunity to compete and be a winner in the horse riding events of the weekend at Burleson Memorial.

Robert Long and Chad Sheffield, both of Hedley, were the 1991 Dusty Burleson Scholar recipients and honored guest of the weekend. These two men were also participants in the Team Penning on Friday night.

Winning ladies of the weekend were Sandra Vannoy in the Cutting Horse Ladies division. Sandra is from McLean, Virginia, riding a horse by the name of Forty Sugar Doll. She took home the prize donated by Craig and Dean Turner of Matador, a bit made by Wade Brannon of Silverton.

A horse named "Eight Ball" helped Zach Baldwin mount up points to be the "Top Boy" in the morning youth events. Zach is the son of Russell and Twyla Baldwin, Silverton. He took home a head-stall by Alvin Durham making him a mighty proud young man.

No play day can be a successful time for boys and girls without those who help the youth. This year involved many volunteer workers such as Dude Barton, Wayne Clay, Jerry Gage, Kristy and Don Porterfield, Mollie Burleson, Kyle Brock, and the Arrington Brothers from Canadian.

For the first time in "eight years", the washer pitch team from Lockney, Texas finally got to take home that coveted buckle as first prize winners of the Saturday morning pitch. Gary Burson and Tim Cooper were the proud winners. Sam Fortenberry, Lockney, was on hand to start the pitch by introducing the pitchers and awarding the prize.

The Caprock Cutting Association took care of the Friday cutting horse activities of which there were eleven divisions that cutters could enter and did not have to be members of the Association to participate. Noel and Ora Beth White, Pect, were in charge of the business. Videos were made of each horse and his rider and were available for purchase. Mr. and Mrs. D.M. Cogdell, Jr., Lockney, and Craig and Dean Turner, Matador donated both prizes for the cutters of the day. These bits were made by Wade Brannon, Silverton. Cutting cattle were furnished by L.B. Campbell, Matador, and S.C. Burleson.

Andy Micheals, Channing, TX and previous winner of a pair of bits took home the prize for the high money winner of the day and he was riding a horse named Dox Warbler.

Hanna Boedecker, seven year old daughter of Robin and Terry Boedecker from Silverton and riding her horse, "Red", tied for Top Girl in the Youth Events on Saturday morning.

Kasey Parks, Roaring Springs, was the other high point youth competitor and was riding "Blue". Both girls received a head-stall made by Alvin Durham of Roaring Springs.

Lacey Parks, 16 year old Matador High School student, along with her partner Keenan Shields, Roaring Springs, were the winners of head stalls in the Novice Team Roping on Sunday. They competed against 232 teams for the prize.

Lacey's horse, "J.L.", garnered the most points for the collar, made by Alvin Durham, to wear. Lacey and Kasey are the daughters of Harold and Barbara Parks.

Six Major Cities Receive Over 40% Of Local Sales Tax Rebates

(AUSTIN) -- State Comptroller John Sharp today sent checks totaling \$98 million to 1065 Texas cities and counties with the state's six largest cities receiving 42 percent of all city sales taxes distributed.

Houston, Dallas, Fort Worth, San Antonio, Austin and El Paso, which comprise 29.4 percent of the state's population, received sales tax rebates totaling \$37 million.

"Local sales tax rebates - from Beaumont to El Paso - continue to run ahead of this time last year, an indication that the Texas economy is expanding at a steady rate," Sharp said.

In all, 960 Texas cities received \$88 million this month for a 1991 total of \$705 million and an increase of 12 percent over last year's rebates at this time.

This month's payments to 105 counties totaled \$10.5 million for a year-to-date total of \$78 million, an increase of almost 21 percent over 1990's numbers at this time.

July's checks include taxes collected on May sales and reported in June by businesses filing monthly sales tax returns with the state.

The city of Houston received almost \$14 million, the largest payment in the state, to bring that city's 1991 total to \$116.8 million. Dallas received the state's second largest payment, \$8.6 million, for a 1991 total of \$70.8 million. San Antonio's check for \$5.3 million was the third largest in the state for a year-to-date sum of \$40.4 million, and Austin followed with \$4.2 million, adding up to \$31.1 million for the year. Fort Worth received \$2.7 million for a total of \$23.1 million this year and El Paso received \$2.3 million for 1991 total of almost \$18 million.

The El Paso City Transit Department received a monthly payment of \$1.1 million and hospital districts in Baylor, Ector and Reeves counties were sent a combined total of \$725,267.

Merchants collect the state's 6 1/4 percent state sales tax and any local sales taxes levied in the area and send them to the Comptroller's Office with their tax returns. Businesses file returns monthly, quarterly or annually, depending on the amount of sales tax they collect. The state retains its share and returns to cities, counties and other taxing entities their local portion of the sales tax.

All local sales taxes must be approved by area voters. Most local governments use the money for services such as fire fighting, road maintenance and law enforcement. City sales taxes may also be used for local economic development and

property tax reduction.

Totals for Motley County are as follows:

Matador: net payment this period, \$1,665.33; comparable payment prior year, \$1,030.63; % change, 61.58%; 1991 payments to date, \$12,946.94; 1990 payments to date, \$11,728.88; % change, 10.39%.

Roaring Springs: net payment this period, \$721.90; comparable payment prior year, \$1,161.03; % change, -37.82%; 1991 payments to date, \$9,209.40; 1990 payments to date, \$11,872.15; % change, -22.43%.

County Total: net payment this period, \$2,387.23; comparable payment prior year, \$2,191.66; % change, 8.92%; 1991 payments to date, \$22,156.34; 1990 payments to date, \$23,601.03; % change, -6.12%.

Attention Black Powder Shooters: Or Those That Would Like To Be.....

On Sunday, August 4, 1991, at 3:45 p.m. there will be a black powder shoot at the home of Spencer and Wilda Dixon of the Whiteflat community. Their home is located 7 miles north of Matador on TX 70 and then turn west on FM 2999 about 1/4 mile, then south to large brown house. (FM 2999 is 21 miles south of Turkey). There will be shade trees but you must bring your own chairs and a loading table if you wish.

In order to offset the cost of targets and target boards, there will be a charge of \$1.00 per target and there will be five to seven targets, including at least 1 for pistols. These guns must be patched round ball, with open sights.

We will also award cash prizes for 1st and 2nd places in the men's division, the women's division, and the junior division. The junior division will be for youngsters age 5 through 15.

Anyone that thinks they would be interested is welcome to come out also and we will let them try out someone's gun. There will also be at least one trader in attendance to take orders for supplies and/or guns.

We hope there will be representatives from the Plainsmen Muzzleloaders of Lubbock in attendance to help answer questions and to help in the organization of a local black powder/buckskin club. Everyone that is interested in shooting black powder and/or buckskin is encouraged to attend. For more information, please contact the Dixons at (806) 469-5321 or write Star Rt. 1, Box 18, Matador, TX 79244-9706.

Urgent 13-County Meeting In Childress

A 13-county district-wide meeting, designed to emphasize the importance of the State Department of Highways and Transportation's Childress Office, is set for 7 p.m. Thursday, July 25 (tonight) in Childress Junior High Auditorium.

House Bill 9, which will go to the floor for debate next week, calls for reducing the number of districts from 24 to not more than 18.

The Thursday session, which seeks input in regard to keeping this district intact, is sponsored by the Chamber of Commerce Board of City Development Century Committee's ad hoc group - Diane Mashburn, Mayor Pat Steed, Larry Norton, Jay Morris, Richard Bird, Steve Bird and Walter Lockhoff.

It is hoped to organize a group within the 13 counties who will go to Austin to support this administrative district office, which has 62 employees with an annual \$1.6 million payroll.

Questions to be discussed during the district-wide session include:

- * Does the bill suggest the Department of Highways and Public Transportation consider cost benefit factors in changing highway districts?
- * Does it consider the tax roll impact of an administrative office proposed for closure?

Resolutions supporting District 25 (Childress) are forthcoming from the Childress City Council and Childress County Commissioners Court as well as those in other District 25 counties - Dickens, King, Cottle, Motley, Briscoe, Hall, Donley, Wheeler, Collingsworth, Hardeman and Foard.

This district has 5,391 lane miles. Residents throughout Texas are voicing concern for the proposed changes and make it clear that Texas has the best highway system in the nation.

"Why change...?" they inquire.

The Sharp report would shave \$20 million from the highway department's operating budget and eliminate 535 employees from its state payroll.

The report notes that the sale of property from the proposed closures would add dollars to state coffers, but questions arise as to the number of dollars...and its devastating impact on the economy.

Roaring Springs Residents Clean Up Mt. Zion Cemetery

The Mt. Zion Cemetery in Roaring Springs was cleaned, hoed, raked, and shredded by eleven interested citizens of Roaring Springs on June 20, 1991. Thanks to J.N. Fletcher, Precinct 4 Commissioner,

for the use of the County Shredder. Forty-seven graves were noted in this Historic Cemetery. Plans are to set another workday on this Cemetery in September.

Local 4-H's Compete In District Fashion Show

The District 34-H Fashion Show was held Tuesday, July 23, 1991, at the Quannah School Auditorium in Quannah, Texas. Two 4-H members from Motley County competed in the event. The theme of this year's event is "Fashions on Parade The American Way." West Texas Utilities Company and the Texas Agricultural Extension Service are sponsors for the District 4-H Fashion Show.

Each of the contestants won their division in the local county Fashion Show. The top individual in the Senior Division of each category will represent the District at the State 4-H Fashion Show August 22-23 in Nacogdoches.

In the Beginner and Intermediate Divisions, the contestants will be judged, and the top three winners will be recognized.

Entering the District event from

Motley County was Heather Turner in Nontailored Daywear and Tammy Cooper in Active Sportswear from the Senior Construction Division.

Twenty-one counties are included in the Rolling Plains Extension District. One Beginner and one Intermediate in each of the six categories and one Senior entry in each of the four categories of the Construction Division and the four categories of the Buying Division are allowed per county. The District Fashion Show begins with registration at 8:30 a.m., judging at 8:45 a.m., and the style show and presentation of awards at 1:15 p.m.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap, or national origin.

4-H's Attend District 3 Leadership Retreat

ATTEND LEADERSHIP RETREAT: Motley County 4-H member, Christie Pierce; Beverly Thomas, Extension Agent - Home Economics; and Motley County 4-H member, Trent Willmon.

Eighteen 4-H members from the Rolling Plains-3 Extension District attended a Leadership Retreat in Red River, New Mexico, July 14-18. Theme of the retreat was "Team Work", featuring workshops, activities, and tours of the area around Red River.

Those attending from Motley County were Christie Pierce, Trent Willmon and

Extension Agent-Home Economics, Beverly Thomas.

The District 4-H Council is made up of two 4-H members from each of the 21 counties in the Rolling Plains-3 District. 4-H is the youth development program of the Texas Agricultural Extension Service, a part of the Texas A&M University System.

profit sharing basis was discussed but no decision was made other than to check into the feasibility of it, and interest in it. After the meeting was adjourned, coaches, parents and others took the field for an outstanding display of what softball is all about. The final score reported was 41 to 20 after 4 innings of play, with the winner being determined not only by the score but also who was hurting the least! It was quite a finale for a great season.

MCYO Elects New Officers

Former Flomot Resident To Open Chiropractic Practice In Floydada

NOTE: Courtesy of *The Valley Tribune*

Dr. David A. Martin, 36, formerly of Flomot, has moved his chiropractic office to Floydada. Dr. Martin recently sold his thriving practice in Denton to relocate close to his family and to return to small town practice.

Because of the remodeling of the building in which Dr. Martin plans to locate his business, he will not be ready for patients until July 29.

The son of Wilburn Z. and Trula Martin, Dr. Martin was born in Matador

and grew up in Flomot. He graduated from West Texas State University in 1977 and attended Life Chiropractic College in Atlanta. After graduation in 1986, Dr. Martin opened his office in Denton.

Because of his desire to be an all-around family doctor, Dr. Martin also attended medical school in the British West Indies. He graduated their medical school this year, and after a one year residency program, he plans to practice both as a chiropractor and a family practitioner of medicine.

"I left Denton," said Martin, "because

I wanted to move back to West Texas and live in a smaller town. I am dedicating this office to the memory of my grandparents, my grandmother, Mrs. H.S.

Gilbert, is now living in the Lockney Nursing Home."

Martin, who says his fees will be "exceptionally reasonable", plans on celebrating the opening of his practice with an open house and large bar-b-que in the adjacent parking lot, on July 27. Dr. Martin's office is located at 211 E. Missouri, next to City Auto, in Floydada.

Roaring Springs Post Office Receives Special Award

ROARING SPRINGS POST OFFICE EMPLOYEES: Lois Campbell, Doris Neff and Ray Zabielski.

Doris Neff, Officer In Charge of the Roaring Springs Post Office brought home an award from a postal meeting July 16 to Roaring Springs employees.

This award was received because of Open House for "Customer Appreciation Day" in December. Offices of same size in the Lubbock and Amarillo area compete for these awards.

Doris Neff and Kitty McDowell were

presented this award at the meeting.

Roaring Springs Postal Employees are Doris Neff, Ray Zabielski, Lois Campbell, Kitty McDowell, OFC in Abernathy;

Naomi Lawrence, working in New Deal at present; Juanita Cooper, Pauline Hand, and Callie Giesecke, now retired, was an employee at the time.

Employees assisted Kitty with refreshments and other duties during this event.

Jerry Smith Completes Recruit Training

Marine Pvt. Jerry D. Smith, son of James D. Smith of Matador, TX, has completed recruit training at Marine Corps Recruit Depot, San Diego.

During the 13-week training cycle, Smith was taught the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards tradi-

tionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

He joined the Marine Corps in March 1991.

Dink Wilson Cited For Distinguished Service

Dink Wilson

Dink Wilson, a 21-year veteran with the Texas Agricultural Extension Service and current Hardeman County Extension Agent, has been named to receive the Distinguished Service Award, the highest recognition given by the National Association of County Agricultural Agents.

The award is presented annually to county agents nationwide who have made outstanding contributions to agriculture and related program areas, according to Glenn Huddleston, County Extension agent and President of the Texas County Agricultural Agents Association.

Wilson is one of seven county agents with the Texas Agricultural Extension Service, Texas A&M University System, to receive the award which will be presented at the NACAA meeting August 25-29, 1991 at Peoria, Illinois. He will also be given special recognition during the Texas county Agricultural Agents Association annual meeting August 4-7, 1991 at Waco, Texas.

Dink Wilson served as Assistant County Extension Agent in Gaines County from 1969-1971 and has served as County Extension Agent - Agriculture in Hardeman County since 1971.

Dink has given leadership in developing creative approaches to attract and involve leaders in Extension educational programs. He was one of the first to use video teaching in rural areas and has continued to reach many citizens through closed circuit television. The Hardeman County Extension Office maintains a video library which was developed through a studio located in the Extension Office.

Through Extension Program Council efforts, Dink has carried out successful programs in Solar Energy, Youth at Risk, and Youth Fingerprinting. He and his co-worker, Debra Price are currently developing interdisciplinary programs in Community Development and Beautification.

He was among the first to recognize the potential for increasing agriculture profitability from the development of wildlife as an enterprise in the Rolling Plains. He developed videos, organized a pheasant association, held public meetings and used media to educate people about the potential. He has since added peanuts, canola, grass seed production, and other crops to diversify Hardeman County production. Dink is an expert at teaching technical subject matter using individual contact in informal setting.

In addition to this, Wilson has maintained a top 4-H program utilizing 4-H club managers to develop a rapidly expanding 4-H program. Member and leader participation continues to increase.

Dink is recognized as a leader in his county and among his peers throughout the state. He has served as a District Director for TCAA and is on several district committees. Dink is a trainer agent for agents that are new program leaders in their counties. He confers with the agents to give them guidance in Extension pro-

gramming.

Dink graduated from Matador High School in 1961. He graduated from Texas

Tech in 1966 and was the Masked Rider in 1964 and 1965. He served in Vietnam before joining the Extension Service. He

is the son of Mrs. Geneva Wilson of Matador and the late Jinks Wilson.

Dink and his wife, Carolyn, and son, Toby, live in Quannah, Texas. Dink and Carolyn are both licensed private pilots.

Public Notice

On April 9, 1991, Southwestern Bell Telephone Company filed an application with the Public Utility Commission of Texas to request that the optional feature "Call Transfer Disconnect" be available to all PLEXAR I customers by including the feature in Southwestern Bell's PLEXAR I tariff. Currently, this optional feature is available only on a customer requested basis.

Call Transfer Disconnect (CTD) is an optional feature that allows PLEXAR I customers the ability to transfer a call to another telephone number within or outside their PLEXAR I system, hang up, and permit the two remaining parties to continue with the call. The PLEXAR I user is then free to place or accept another call. CTD is not intended to be used to avoid toll charges. Therefore, CTD will not be available to PLEXAR I customers subscribing to optional Extended Metropolitan Service or Extended Area Calling Service.

If the company's application is approved, the monthly rate for CTD will be \$4.00 for each PLEXAR I station line. Prior to the June 19, 1991, interim rate approval, Southwestern Bell was billing customers who receive the service \$1.50 for each station line equipped with this feature. In addition, under Southwestern Bell's proposed tariff, every line within the PLEXAR I system must be equipped with this feature. The nonrecurring charge for the additional lines which must be equipped with CTD will be waived for existing CTD customers. The tariffed monthly rate will apply to all existing and future CTD customers.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0256, or (512) 458-0221, teletypewriter for the deaf.

FRUIT JUICE

Did you know that a fruit juice label can say the word "juice" as long as the drink has at least 5 percent of the real thing? Government definitions for blend, punch, ade, drink or cocktail do not exist. These products probably are diluted with water and have added sugar. Fruit juices contain about the same calories, ounce for ounce, as sodas but usually are more nutrient dense, providing carbohydrates, vitamins, and minerals. Texas orange and grapefruit juices are excellent sources of vitamin C and potassium. Tomato juice is a good source of vitamins A and C, but may be high in sodium. Prune juice is high in iron. Select juices either canned or frozen, or squeeze them fresh at home.

LEGUMES

Legumes - complex carbohydrates - fit in the dietary guidelines recommended by many health organizations which advise consumers to increase the complex carbohydrates. Legumes can provide a low-fat, low-cholesterol source of protein that's packed with fiber because they are from vegetable sources. If you add ham or bacon to season, then you have also added extra fat and cholesterol. The fastest method to soak beans is to wash, cover in water and boil two min-

utes. Then remove from heat, cover and let them soak for an hour. Then simmer until done. If you add an acid such as tomatoes to beans, cooking time will need to be longer.

BAKERY FOODS

When shopping for bakery goods whether in the grocery store or bakery, bagels and English muffins are good low-fat choices. Avoid fried donuts, croissants and other flaky pastries which are loaded with fat. Muffins may or may not be a good choice. Although a homemade oat bran or other muffin may be made with polyunsaturated or monounsaturated fatty acids, those commercially baked may have a large amount of sugar, fat, and calories. To be on the safe side, bake your own or use a muffin mix adding either canola, olive, corn, safflower, soy or cottonseed oil to the mix.

Amy's Anecdotes

by Amy Woolsey

Wow — you talk about an exciting and adventurous vacation! I've never experienced anything like it at all! I went and stayed five days with my aunt in Amarillo.

I did things I only dreamed of. I know I could only do it every once in a while (otherwise I'd be fat and poor!) But I enjoyed it!

First, (on Monday), my aunt and I went to Mr. Gattis and ate a lot of Pizza (but it was great!) Then we went home and watched some movies!

Tuesday, we went out to Cal Farley's Boys Ranch and spent the day! We met seven very interesting men (6 of whom we ate lunch with). Our guide, Larry, and his dormmates, Michael, Ramon, Emilio, Mike, and Clay, all kept us in stitches! They were very humorous and polite!

The 7th one, Brian, took us up to Boot Hill Cemetery! He was the oldest of the 7. He was also very courteous! It was an exciting day!

On Wednesday, we went and ate lunch at Marty's, talk about a very elegant res-

taurant! Very pleasant and not to mention great food! Then we had a birthday party at the nursing home, which was really neat!

Thursday was the best of all! At 6:30 p.m. we went out to the Big Texan Steak Ranch and watched the Melodrama and ate delicious Barbeque. I had never seen a melodrama until this one! It was fantastic! It was so funny, I couldn't believe it!

It was out of this world! You need to all see this one! I had my picture taken with the bartender and sheriff in the play!

What was really neat was when we could throw popcorn and "boo" at the villain, and how the actors would talk to us! I have never laughed so hard in my life!

Friday I got ready to leave and we met Mom in Plainview.

It was a great vacation, but I am glad to be home! Nothing beats home. Amarillo has some neat things and a lot to do, but Motley County will always be my home!

Look Who's New!

Letter to the Editor

To the Editor:

The registered voters of Precinct 4 elected Mr. J.N. Fletcher of Roaring Springs as their Commissioner. Due to illness I was unable to go vote in that election; however, I am a taxpayer.

The street I live on in Roaring Springs was graded by Mr. Fletcher, or an employee of his, early this month. Due to big chunks of dirt being rolled off on my property, as well as others along the street, I was unable to mow in front of my six lots. As I have no phone I wrote Mr. Fletcher a letter asking if this could be cleared so I could mow. I do not have equipment to move this amount of dirt.

At 9:30 p.m. on the evening of July 16, Mr. Fletcher came to my home. He talked nice when he first came. First he asked me what type of income I had and when I told him I was a widow living on Social Security he became ugly. He said he graded the streets of Roaring Springs "out of the goodness of his heart" and he

"would do what he did well pleased as long as the city allowed it." He said he had already been "jumped" by four people about the way the street was graded and when he went home and got my letter he decided he was not going to take it from me. He even accused me — saying my trees damaged his \$20,000 machine. That is not true!

I finally ordered him off my property and he left, laughing all the way to his pickup.

I am wondering if this is the type person we want to elect to represent us, who, when criticized, only has the courage to lash back at a woman.

I have worked hard to clean my property as best I can and do not ask anyone for anything and feel I deserve to be treated as a human being and entitled to a courteous answer be it "yes" or "no"

Dear Editor:

Thanks for putting my letter in your June 6, 1991 edition. I received a note from a Mrs. Truett of Lockney and she's my great-grandfather's niece. He was Charlie Hampton, your bugle blowing mail carrier!

Any information anyone had on him would be greatly appreciated or on his wife, Martha Patton Hampton. Once again, thank you.

Velvet Johnson, South Plains, placed first in three of the four events in the Pee Wee Division. Velvet is the daughter of Carlton Johnson. Hanna Boedecker was her toughest competitor, others to place in the Pee Wee Division were: Matt McPherson, Ryan Coleman, Charlie McInroe, Tarran Forbes, Kyla Coleman and Will Boedecker. In the Junior division Kasey Parks and Zach Baldwin were the leading contenders for the top boy and girl. Youths to place in this division were: John Brunson, Dowel and Dane Garrison, Matt Martin, Cobey Turner, Scotty Scott, Chelsea Smith, and Kendra Martin.

The senior division saw only three competitors, and because of a little hard luck in the potato race none of them scored any points, allowing the top boy and girls to come from the junior division. Lacey Parks had three first place ribbons and trophies, Tanner Johnson was second in all three events and Jody Scott placed third in all three events. Fifteen Little cowboys and cowgirls waited on the sidelines for the older ones to finish so they could show their excitement in the stick horse race.

Team ropers were ready to rope after Kristy Portefield, Levelland, sang the national anthem while Dowell Garrison, Smithville and Dusty Whitaker, Matador carried the American and Texas Flag around the arena.

Twenty-three teams competed in the Friday night team penning. Team captain was Phil Fletcher, Clarendon, but he could not have done it with out the help of his team members, Dusty Byers, Lakeview, and Jack Funderburgh, Hedley. The women team penners gave the men some tough competition in this spectators favorite event.

Another spectator favorite was the pasture roping on Sunday. This year the novice team ropers had a chance to participate. This was not only a spectator but a competitors favorite. There were sixty-seven teams that entered the action. The novice was followed by an open pasture roping.

Call it a lucky day or skill because the same team won both ropings. Maybe their first win in the novice encouraged them to enter the tough competition with skilled ropers, but they were the winners of breast collars made by Roy Stone, Hale Center and bits, made by Wade Brannon of Silverton. These lucky young men, and I do mean young, thirteen year old Jodie Pinkert, Lubbock and the older roper, Tony Thomas, Plainview were the pasture ropers of the day.

Floyd Hardin, Childress and Sam Fortenberry, Lockney were on hand to introduce the ropers and keep the crowd entertained with the thrilling action of horse and rider in pursuit of the steer. Circle A Hereford, provided all the cattle

for the team ropings.

There were five team ropings for the weekend. Buckles from Frontier Buckles of Thoreau, New Mexico, Headstalls by Alvin Durham and Breast Collars by Roy Stone, were the prizes in these ropings. In the one over fifty roping, Gerry Knox, Quanah, and Twister Cain, Ivanhoe, Texas took home the buckles. There were twenty-four competing teams. The opening roping gave buckles to Brad Cottrell, Amarillo and Billy Stephens, Hereford. Three years ago Brad Cottrell took home prizes from two ropings in the same day.

Ropers are classified by a number to designate their skill, the higher the number the more skilled the roper. In the "numbered" ropings the winners were: #5 roping, Randy Coleman, Levelland, a previous buckle winners, and his partner Larry Crumb, Hedley. In the #4 roping, Phil Reep, Ropesville and James Linson, Las Vegas, New Mexico took home the breast collars.

In the youth play day there were of course other winners of the day. There are three age divisions in the four events: Potato, Flag, Stake, Barrel races, and are scored by the best time and awarded points according to the winning position.

38th Annual Floyd County Fair August 1-3

The 38th Annual Floyd County Fair will unroll August 1, 2, and 3 at the fair grounds in Lockney. The theme of this year's Fair is "Pride in Our Country" with all the past and present military personnel being honored guests.

There will be something for everyone during the 3 days. Thursday sees the judging of women's, commercial, agricultural, and art exhibits with the Little Miss Pageant in the evening.

Friday is Ladies Day with interesting programs all day. There is also a Twins Contest, Tractor Driving Contest, and patriotic skits and songs by 4-H and school groups. In the evening, there will be an

"Old-Time" Auction with everything imaginable being donated by area businesses and individuals.

Saturday is the "Big Day" starting off with a 5K and Fun Run followed by the Fair Parade in downtown Lockney. During the day there will be a chili Cook-off, Trap Shoot, Washer Pitching Contest, and various activities for the kids. The Miss Floyd County Fair Contest will begin the evenings activities, and the Fair will close with a Country-Western Dance.

E-B Fun-time Rides will run throughout the Fair. The Fair is free, so everyone come on out and have a GOOD TIME!

Only the strong have sufficient will to be humble.

DELAYED

LOCAL GIRL HONORED

Tina Clay, daughter of Mr. and Mrs. Joe Ike Clay of Flomot, was presented a Houston Livestock Show scholarship during the closing session of the FFA state convention in El Paso, Friday, July 12. Tina, active in organization leadership activities, was recognized as the president of the FFA Greenbelt District, vice president of FFA Area 1 region and she received the Lone Star FFA degree in 1990.

The convention held from Monday through Friday, July 8-12 elected Erica Clark of Mansfield president of the once all-male Texas FFA. Girls were first admitted to the organization in 1969.

Ricky McKay, agriculture teacher at Valley School, Mrs. Joe Ike Clay and Mrs. Billy Joe Pinkerton accompanied Valley School FFA students to the convention. Those attending who received their Lone Star FFA degree were April Stephens, granddaughter of Mr. and Mrs. Morris Stephens of Whiteflat, Chad Calvert, grandson of Mrs. Viola Calvert of Flomot, Cory Pointer, Tommy Pinkerton and Chad Powell. Others attending were Audra House, Rickey Hughes, Danny House, Julie Clay, and Bradley Price. Robyn Lane, who was unable to attend, also received her Lone Star FFA degree.

WELCOMED THUNDERSTORMS

Scattered thunderstorms roamed the Whiteflat and Flomot communities during the weekend, July 12-14 producing a few areas of heavy rainfall. 2.00 to 3.50 inches was measured in rain gauges in Flomot; 1.00 to 2.50 inches in Whiteflat. The Barton community reported .50 of moisture.

David Hunter and son, Greg of Midland visited Thursday and Friday with his parents, Mr. and Mrs. Wayne Hunter. They and H.G. Hunter of Quitaque and Josh Lee enjoyed a picnic supper at Caprock Canyon State Park, Thursday. En route home Friday, Mr. Hunter and Greg visited in Floydada with uncle and aunt, Mr. and Mrs. Johnnie Speer.

Mrs. D.M. "Ikie" Gilbert was greeted with a good morning, Wednesday, July 10 when friends came to celebrate her birthday. She received gifts and cards and those enjoying cake and coffee with her were Mesdames Joe Degan, Howard Rogers and Bill D. Washington.

Michael and Warren Davis, sons of Mr. and Mrs. Gene Davis of Fritch are visiting their maternal grandparents, Mr. and Mrs. Jack Starkey. They were accompanied to Flomot by their paternal grandfather, Jack Davis of Silverton.

Mrs. Benny Goss of Littlefield returned her mother, Mrs. Vera Mitchell to her home here last Thursday after a few days recuperative stay in the Goss home. Mrs. Mitchell continues her recuperation in her home here.

Mr. and Mrs. Eugene McLroy of Lubbock came for his mother, Mrs. Amy McLroy to spend the weekend with them they brought her home Monday. His many friends are happy to have Caldwell Smith back home.

Mr. and Mrs. Rollie McNutt and son, Ben of Spade and their daughter and family, Mr. and Mrs. Arnold Ehly, Evan and Chelsey, were visitors the past week-

end in the home of their mother and grandmother, Mrs. Minnie Dye.

J.T. Swim played the good samaritan last week by distributing a truck load of cantaloupes to residents in this community. They were delicious.

The Assembly of God Church has purchased the Bill Dillard house, which was for years the Charlie Brooks home, for a parsonage, and their pastor, Rev. Ernie Brown and family have moved into it.

Mr. and Mrs. Bennie D. Dillard made an extended western trip recently, flying to Seattle where they rented a car and drove through Washington, Oregon and Idaho. They visited an uncle, Bob Redener, in Parma, Idaho, then drove to Alturas, California, where they visited Mr. and Mrs. Dan Wheelock. Dan formerly worked for the Matador Ranch. They drove up the coast to Seattle from Alturas and enplaned for home from there. This was a combination business and pleasure trip, as Ben was looking for cattle in Washington, having bought some there previously.

Roaring Springs Sr. Citizens Report

by Eugenia Bethard

by Eugenia Bethard

The Senior Citizens of Roaring Springs met July 4th for their monthly meeting. There were 28 present, of which 8 were guests. Myron Bethard, President, called the meeting to order and the usual opening songs were sung. The Happy Birthday song was sung for Elmer Hip, Nickols Bethard and Joe Bowden. Rev. Earnie Brown gave the blessing for the dinner.

Following the well prepared dinner, Eugenia Bethard gave the program on The Prayers of George Washington, from the book, "The Light and the Glory". Copyright 1977. "By chance we stumbled across the old book, out of print for more than half a century," which provided many of the answers to those who prefer to believe that George Washington was not a Christian. "These prayers were written when he was about twenty. George

Washington filled twenty-four pages of a little manuscript book with some of the most beautiful prayers. George Washington had written these prayers in his own hand, and he titled the little book, "Daily Sacrifice."

Along with the talk on George Washington, Mrs. Bethard also gave a report on the support of the American People for the Troops in Saudi Arabia. She had letters and drawings to show of some of the first grade through the third grades supporting the Troops, that had been published in a Military Magazine. Also the letters were read from Colin L. Powell, Chairman Joint chiefs of Staff, and General H. Norman Schwarzkopf.

There were maps of Saudi Arabia, flags on the table, and books about the American Revolution on the tables as decoration.

Matador News

Keith and Joan Patton were in Santa Fe last week. Helen Pace of Albuquerque joined them in attending "La Fanculla Del West" by Puccini at the Santa Fe Opera. The leading role was sung by West Texan, Mary Jane Johnson, of Amarillo. The three also went to Chimayo and to Ben Ortega's, Dulcehogar Gallery in Tesuque. The Pattons returned home by way of Amarillo where they attended the Continental Antiques Show.

Mrs. Wilma Koonce of Lubbock, visited with her aunt, Catherine Henderson on Monday.

Mr. and Mrs. Conrad Jacobs visited their daughter, Rev. Mary Helen Cross,

and children of Calgary. Richard Rogers of Lubbock visited Mr. and Mrs. Rogers, Wednesday and Thursday. Visiting the week with their grandparents, Mr. and Mrs. L.E. Shorter and Mr. and Mrs. Clois Shorter and daughters were Russell Rhodes of Amarillo and Megan Shorter of Phoenix, Arizona. Mrs. Richard Rhodes of Amarillo visited Saturday and Sunday and accompanied Russell home.

Mrs. Darrell Cruse accompanied her son, Keane to Plainview, Sunday where he will attend this week a Basketball Camp at Wayland Baptist University. Justin and Shae Lynn Reed of Lubbock are visiting grandparents and uncle, Mr. and Mrs. Doyle Calvert and Glen.

Mr. and Mrs. D.M. "Ikie" Gilbert attended to business in Plainview, Tuesday and visited Mrs. Lennie Gilbert in Lockney. They attended the Merrell family reunion during the weekend.

Mrs. Mollie Burleson of Floydada visited Mary Ellen Barton and Viola Stinson, Saturday and they attended the Burleson Roping.

Local Girls Compete In B.C.I. Basketball Tournament

Christi Shorter, Heather Hobbs and Wendy Beshires, Motley County students, Katy Browning and Angie Pointer of Valley Schools, Misty Seago, Brandi Blodgett and Brenda Miller, Guthrie School students competed in the BCI What-a-Burger southwest Shoot-Out girls' basketball tournament held in Waco, July 11-13. Thirty-eight teams competed and this team, coached by Bill Raffael of

Mineral Wells, was in the play-off finals. The team was interviewed by newspaper correspondents and appeared on television in Waco.

Accompanying them to Waco on Tuesday and return trip home, Sunday were Motley County varsity basketball coach, Tony Raffael, Mrs. Frances Hobbs and Mrs. Mary Lou Grundy of Matador and Mrs. Lindy Mullin of Turkey.

Our Conscience

Someone has said: "Conscience is a three cornered thing in my heart that stands still when I am good, but when I am bad, it turns around and the corners hurt a lot. If I keep on doing wrong, the corners wear off and it does not hurt any more."

What is our conscience? The conscience is, "Sense of consciousness of the moral goodness or blameworthiness of one's own conduct, intentions, or character, together with a feeling of obligation to do right or be good."

Tyron Edwards has well said that "Conscience is merely our own judgement of the right or the wrong of our actions, and so can never be a safe guide

unless enlightened by the Word of God. The Bible tells us that repetitive sin willfully engaged in will finally destroy one's conscience. Read Paul's words in First Timothy 4:1, 2. The effect of wilful sin on the conscience is similar to the effect of a branding iron on the flesh of an animal. The hot iron causes the portion of the hide, upon which it is placed, to lose its feeling.

Our safety is the Word of God. Psalm 119:11 tells us, "Thy word have I hid in my heart, that I might not sin against thee." Although a clear conscience is not infallible proof that one is a faithful child of God, a good conscience is absolutely necessary. Good Bible study habits will help us to have a good and properly instructed conscience.

The Board of Directors of Lubbock-based Plains Cotton Growers (PCG) voted to unanimously approve a budget for Fiscal Year 1991-92 at their July 10 meeting. The budget will see the organization through the upcoming year and will guarantee continued operation of the organization's research, legislative and miscellaneous services on behalf of High Plains producers.

The budget, totaling \$310,125, matches PCG's 1990-91 budget but contains several adjustments that will enable the organization get "more bang for the buck." The 50-member Board approved the budget as recommended by the PCG Finance Committee.

Committee Chairman Frank Jones of Lamesa noted in his opening remarks that the PCG staff was able to cut expenses and reduce actual expenditures in 1990-91, trimming just over \$30,000 from estimated overall expenses.

Included in the 1991-92 budget was a proposal to purchase computer equipment for the PCG offices. With the new computers PCG staff members will be able to improve the quality of the work they do, further enhancing the quality image projected by the organization throughout its remarkable 35-year history.

Discussion of the Research and Promotion Referendum, the current status of the High Plains Boll Weevil Control Program and the activities of the Plains Cotton Improvement Program were also discussed.

During discussion of the referendum the voting dates were announced. Set for July 17 through 26, the referendum is being held to determine if there is producer support for changes in the operation of the Research and Promotion activities overseen by the Cotton Board and carried out by Cotton Incorporated. Producers were in the process of receiving

their mail-in ballots at the time of the July 10 Board meeting.

Cotton Board Representative Curt Wheeler presented a short program outlining the issues involved with the referendum and answered questions from PCG Directors on the subject.

PCG President Larry Nelson urges everyone to get in contact with the eligible voters in their areas and encourage them to vote in favor of the referendum.

He noted that each vote will make a big difference in how the referendum turns out with an anticipated 7,000-plus importers expected to vote no in the referendum.

Roger Haldenby, Boll Weevil Program Coordinator, reported that the 1991 program was shaping up to be relatively small. He noted that the mapping phase of the program was already started and is expected to be completed by mid-August.

Plains Cotton Improvement Committee Chairman Myrl D. Mitchell, of Leno, in presenting a brief rundown of their activities explained the committee is currently in the process of designing a PCIP logo. The logo is to be made available for placement on seedbags of varieties which contain traits and characteristics developed in research funded by High Plains producers through the PCIP.

"The logo will help cotton producers identify varieties that contain the improved traits developed with their funds and give them an easily identifiable mark to look for when selecting the cotton varieties they will use," states Mitchell.

In other business the PCG Board approved Larry Nelson as PCG's representative in the upcoming National Cotton Council, Cotton Incorporated and Cotton Board caucus. Nelson was given authority to negotiate on behalf of PCG at these meetings. The Board also voted to re-elect the current members of both the Nominating and Executive committees for another term.

FUN, FISHING and FOOTBALL!!

Permit me to introduce you to the luckiest fisherman in our part of the great outdoors. Meet BEN KIRKPATRICK from Post, Texas. He now resides in Lubbock where he is a junior on the TEXAS TECH football team. When Ben is not practicing for the rigors of gridiron competition or doing his homework, he sneaks off with his buddies and relaxes by catching bass at WHITE RIVER LAKE.

At a June "Fun Fishing Tournament" held at White River, Ben caused quite a stir by catching a three fish limit that weighed 9.58 lbs. and took home first place prize money of \$255.00.

One of the unique features of fun tournaments is something called the Luck-of-the-Draw, where every angler (even those who did not catch a fish) drops his name in a hat and the lucky winner wins \$50. It may have been skill that helped Ben catch 9.58 lbs. of bass but only luck helped win the drawing for \$50.

Now come the results of the July Fun Fishing Tournament, and guess what. Ben used his 'secret bait' to again weigh in the best three fish limit and earn first place. This time his weight was only 4.84 lbs. because he started catching Smallmouth Bass. Sure, there are rumors of smallies in White River, but fishing tournaments rarely indicate their presence.

At the July Luck-of-the-Draw, it was a rather reluctant Tech football player named Ben who lucked out and added to his fishing winnings that now total nearly \$600.

If you see coach SPIKE DYKES, tell him that the football team could use more lucky players. Ben practices hard, studies his opponents, and best of all, ole lucky Ben is a winner. Sometimes nice guys do finish first.

Ben's secret bait -- Come to the next Fun Fishing Tournament at White River on Saturday, August 10. Ben has agreed to reveal his secret lure at the 6:00 a.m. sign-in on Saturday.

NIGHT TOURNAMENT AT BAYLOR LAKE -- Saturday, July 27th starting at 12:01 a.m. and ending at 8:00 a.m. Entry limited to first 100 anglers and will cost \$50.00 until Monday, July 22, when it goes up to \$60.00. Angler with biggest bass takes home up to \$2,500.00.

Gramm Backs Farm Disaster Aid Act

WASHINGTON -- Legislation co-sponsored by U.S. Sen. Phil Gramm will offer relief for Texas farmers who suffered through the flooding, droughts and freezes of 1990 and 1991.

"The Disaster Assistance Act of 1991 provides assistance for farmers whose crops were damaged as far back as the January, 1990, freeze," Gramm said.

"In Texas, floods ravaged the entire eastern half of the state that year, and since then, farmers have endured a succession of freezes and droughts that have left many crops devastated," the senator said.

"Farmers faced with the repeated episodes of disastrous weather need the

sort of help that this legislation offers," he said.

Generally, farmers who take part in farm programs would be eligible to collect 65 percent of the target price on losses greater than 35 percent of normal production and 90 percent of the target price on losses exceeding 75 percent.

Non-participating farmers could get 65 percent of the loan rate on losses above 35 percent and 90 percent of the loan rate on losses above 75 percent.

Producers of non-program crops could receive payments equal to 65 percent of the five-year average market price for losses over 35 percent and 90 percent for losses exceeding 75 percent.

GTE Now Has Guaranteed Repair Service

GTE Central Area will guarantee repair service for residential telephone customers in Texas, effective immediately. GTE is committing to repair residential customers' telephone service on time as promised, or give the customer credit for one month's local service charges.

The repair service guarantee program, which will be considered for possible introduction in other GTE service territories, is among the first in the telecommunications industry and represents GTE's ongoing commitment to provide excellent customer service.

The Public Utility Commission (PUC) of Texas has approved GTE's repair service guarantee program. "We want our customers to be satisfied with GTE's repair service, and that's what this guarantee is all about," said Jerry West, GTE's district manager.

"If for any reason the repair is not made on time as promised, all the customer has to do is call GTE's repair center. We'll credit the customer for one month's local service charges," said West.

The local service credit covers charges for basic exchange access line service, custom calling features, touch call, Lineskeeper (inside wire maintenance), additional and miscellaneous directory

listings, non-listed service and non-published telephone numbers.

"While the GTE service guarantee is new, our commitment to providing the best possible telephone service is not," West said. "Quality repair service and a satisfied customer have always been our goal. Now, we guarantee it."

West noted that any GTE employee is authorized to grant the credit to residential customers. "The guarantee allows our employees to respond even faster when working with customers to resolve their service problems," he said.

"We are confident in our ability to meet our customer repair commitments, and that's why we are offering this guarantee. The guarantee also gives us a tool to measure our service delivery from the customers' point of view -- and that is the only point of view that really counts."

GTE Central Area was formed in March 1991, effective with the merger of GTE Corporation and Contel. GTE Central Area is comprised of locations formerly served by GTE Southwest Incorporated (a wholly owned subsidiary of GTE Corporation), Contel and a portion of GTE North. GTE Central Area serves 2.4 million customer access lines in 13 states.

Reader's Column

by Mary Meason

Wouldn't all of you "old people" like to meet the person who coined the phrase "Old Age, The Golden Years". Don't you have the feeling that the person who said that was not over thirty?

There may be a few things that "old people" enjoy more than young people do, but not very many!

When the three of us were young, my mother was a great believer in purgatives. Every Spring we all three had a "round of purgative." That purgative was always Calomel.

Calomel is a white powder that was mixed with a little water and taken from a spoon. It tasted terrible and it always caused our teeth to become loose and our mouth would be so sore we could hardly eat.

Our Dr. Uncle administered this dosage free of charge, but we always felt that he got undue pleasure from giving it to us.

Now that we are enjoying the "golden years" we just take Metamucil every day. It doesn't taste like cake, but it is a big improvement over that Calomel!

Haven't you heard an "old person" say to someone, "How old do you think I am?" The other person is silent for a moment, looks the "old person" over carefully, then guesses the age at least 5 or 10 years younger, all the time thinking, "She (or he) looks as old as Moses, but I must make her (or him) feel good." That little white lie works, too.

When we get old, our income is lower, and the price of everything gets higher and higher!

All our furniture looks so seedy, the carpet has worn and frayed places in it, but we can still use the furniture, it's not falling apart yet, and we can always put a throw rug over those worn and frayed places in the carpet. And what would I do if I had a long illness? I would need that money. I had better save it. So the seedy furniture and the worn carpet won that argument.

When we get old and the doctor turns thumbs down on you mowing your lawn then you have to be out the expense of hiring the lawn mowed. The doctor also hands you a prescription for medication that costs more than dinner for two at a good restaurant. The doctor bills get higher and higher, the doctor's insurance goes higher and higher because some people seize every opportunity to sue the doctor for malpractice.

In our youth we drove our parents' car filled with gas they paid for, but then cars cost only a bare fraction of what they cost now, and there was no car insurance. Now as we get older our cars age right along with us. The fenders are dented there is a hole in the muffler and it needs new tires! But what if I have an accident or an illness and have to be in the hospital a long time? That last statement isn't true anymore. If you are old, on medicare and have any kind of surgery, you are dismissed almost as soon as you regain consciousness and you are sent home to get well or die.

Medicare benefits are cut every year to help cut our Federal deficit, then the congressmen turn right around and give themselves a big raise every year. Our plane, bus and train fare gets higher every year and veterans benefits are cut

more and more and those veterans are the one who have kept this country free. But many of the government officials use limousines and government planes for their pleasure trips and we, young and old, pay and pay and pay for those trips!

House insurance and health insurance costs a small fortune and "old people" can't afford it, but they have to have it. What would happen if the house burned? We'd never be able to replace half of what was lost. Health insurance is a must! We can't afford it but we have to have it. If we don't have insurance we won't be allowed to stay in a hospital long enough to get acquainted with the nurses.

Seat belts! They are the biggest nuisance and the most uncomfortable things that have been pushed on us! If we have arthritis or rheumatism, being strapped to the car seat can be very painful. But we'd better keep those seat belts on or if you are stopped and its not buckled it will cost you fifty-two dollars. And the patrolman giving you the ticket pays not the least bit of attention to an 18 wheeler loaded with heavy road equipment that passes by driving 65 or 70 miles per hour in the middle of the highway on a double stripe and the patrolman doesn't even look up! It was suggested to him that one person in a car without a seatbelt on was not nearly as big a highway hazard as that speeding loaded truck. But that statement wasn't taken too kindly. So keep your seatbelts fastened! By the way, that patrolman was not in Motley County.

Old age is not all bad. Think how sad it would be to not live to be old. It's true our hearing gets bad, our eyes are dimmed by cataracts and we limp a bit, walk slower and go up steps one at a time, holding on to anything in reach. But modern techniques can correct the eyesight and hearing but so far, nothing has been found to speed up our walking abilities. There is a little advantage to being "old." There is a plane fare discount for "Senior Citizens". Some pharmacies give discounts on prescriptions for the "aged", and some beauty operators are kind enough to give those discounts.

Do you know for sure when you are getting old? When young people talk to you in a loud voice even if you have no hearing problem, when they hold you by the arm to help you along or to help you up steps and open the car door for you, people, you are over the hill!

A nursing home is the most dismal and dreaded thing in our "old age." But there comes a time when there is no other alternative. We'd all rather go to sleep some night and just not wake up the next morning than to have to go to a nursing home.

Our father had the best philosophy about getting old. He said, "Don't waste time worrying about getting old, there isn't a thing you can do about it. Enjoy everyday of your life and live so you won't be afraid to die."

So, reaching the "Golden Years" is not all bad, the "Gold" is rather tarnished but there have been and there are still many things to enjoy. So polish the "Gold" and enjoy everyday and every year.

The author of that phrase, "The Golden Years" will soon be there and he will probably be embarrassed to think that he ever made such a statement!

USDA Conducts Cotton Referendum

USDA's Agricultural Marketing Service (AMS) will conduct a cotton referendum July 17-26, in cooperation with the Agricultural Stabilization and Conservation Service (ASCS). Cotton producers and importers will vote on amendments to the Cotton Research Promotion Order.

The USDA amendments call for imported representation on the Cotton Board; assessing imported cotton on cotton products, as is done with domestic cotton; increasing from \$200,000 to \$300,000 the amount the Cotton Board can reimburse the Secretary of Agriculture for expenses incurred in conducting a referendum; reimbursing government agencies which assist in collecting fees on imported cotton and cotton products; and, terminating the right of producers to demand a refund of assessments.

"Voters may hand-deliver ballots to our polling places, said ASCS official Billy Wayne Denison, "or mail them, postmarked by midnight July 26." Eligible producers not receiving ballots should contact their local ACS office. Eligible importers who have not received ballots may obtain them from USDA, ASCS, Attention: Cotton, Grain and Rice Division, P.O. Box 2415, Washington, D.C. 20013. Importers should include a copy of Customs Form 7501, an entry summary of cotton containing products, with their requests for ballots.

The only lost cause is the one you give up!

SEEDS FROM THE SOWER

Michael A. Guido
Metter, Georgia

A tramp was asked, "When you wake up in the morning, how do you shape your course?"
"I always turn my back to the wind," he replied.
Where he went made no difference. He refused to buck the wind. He took the path of least resistance.
But following the line of least resistance leads to confusion, crookedness and collapse.
Following the Lord leads to a clear conscience, a clean character and the comforts of the celestial city.
The Psalmist prayed, "Teach me, O Lord, the way."
To know and go in the Lord's way - nothing more, nothing less, nothing else - brings joy here and hereafter.
