Matadors Grapple Lockett with 0-0

by John Barnhill

IT WAS ONE of those nights. The Matadors held the Lockett Panthers to a 0-0 standoff at Lockett Friday under the lights. The Matadors had the ball deep in Panther territory in two instances, but each time lost the ball on downs.

First scoring threat for the Matadors came in the 2nd quarter when a sustained drive brought the ball to the one yard line but surrendered it after futile 4th down try.

Last serious scoring threat by

New Phone Numbers At Roaring Springs Set for Oct. 27th

Installation of the Central Office Equipment at Roaring Springs for the office replacement is in progress according to Sherron T Lee District Manager for General Telephone Company.

The present three digit Kellogg dial equipment will be replaced on October 27, with seven digit Leach Selector equipment.

All subscribers have received their new telephone number and just prior to October 27th they will receive a sticker with the telephone number typed on it for placing on the telephone dial, Lee said.

The Leach central office equipment will be arranged so that distant operators over the nation can dial Roaring Springs telephone numbers directly without having to stop at any intermediate point for assistance.

Subscribers will be able to recognize parties on the same line as all telephone numbers will be the same except for the last digit.

Subscribers on party lines will hear only their party ring. Rural line subscribers will be out of service for a while the morning of October 27th as telephone plantmen will need to make some changes and rearrangements on each telephone.

The seven digit numbering scheme is being used instead of 2 letters and five numerals as the letter prefixes have been almost exhausted as a result of many new established telephone exchanges.

The central office replacement will consist of 200 lines of equipment which will allow for growth and expansion, Lee said.

Dr. M. B. Carroll In Lockney Revival!

Dr. M. B. Carroll, pastor of East Grand Baptist Church, Dallas, is preaching in revival services this week at the First Baptist Church, Lockney.

Dr. Carroll is a former pastor of the Matador First Baptist Church, and friends from here have been attending services this week. Morning services are held at noon, followed by lunch at the church. Attending Tuesday were Mesdames Ralph Stapleton, C. P. Waybourn and John Barnhill, and Rev. James Hancock.

Pastor of the Lockney church, Rev. Gene Hawkins, and Mrs. Hawkins returned home Wednesday of last week from a trip to New Zealand and Japan, where Rev. Hawkins preached in a revival crusade.

Remodeled Office At City Hall Open

Matador citizens will take pride in the completely remodeled city hall office, next door east of the post office. The ceiling has been lowered, the walls covered with paneling, a new solid glass door and a new window installed and the office is equipped with electric heat.

Mrs. Nell Brotherton, City Secretary, moved her office from the temporary quarters, back to the remodeled location this week.

ATTEND WTU GAME

Mr. and Mrs. Alfred Cooper and Kay visited in Canyon during last week end with their daughter and sister, and her husband. Mr. and Mrs. Lynn Minton. They attended the football game between West Texas State University and Arizona State on Saturday, and the drag races in Amarillo, Sunday.

FROM COLORADO

Mr. and Mrs. Bert Estes of Colorado Springs, are visiting their daughters, Mesdames W. N. Pipkin, W. F. Jacobs, Robert Darsey and R. E. Campbell Jr., and their families.

Baptists To Converge Here Today In Annual Caprock Assn. Meeting

Baptists from a five-county area will converge here today for fifth annual meeting of the Caprock Baptist Association.

Serving as Moderator will be Rev. Clyde R. Cain, pastor of First Baptist Church, Silverton, who will call the morning session to order at 9:45 a.m. at the First Baptist Church. Roy Edwards of Floydada will serve as Music Director for the day.

Other officers of the association are Rev. John Jenkins, pastor of First Baptist Church, Spur, Vice Moderator; Mrs. Jo Carlisle, Floydada, Clerk; and Brice Allen, Crosbyton, Treasurer.

Annual sermon at 11:30 will be by Rev. L. B. Edwards, pastor of the Flomot First Baptist Church. Association reports will be given by E. D. Morgan, Supt. of the Plains Assembly, Charlotte Walker of Crosbyton, on Youth Work, and Dr. F. E. Swanner of Plainview, on the Caprock Plains Area.

Organizational reports will be by Mrs. Brice Allen. Others appearing on the program during the day will be Rev. Floyd Bradley, pastor of the First Baptist Church, Floydada; Rev. R. C. Guest, pastor of Cone Baptist Church and Rev. C. A. Butler, Roaring Springs Baptist Church pastor.

An address at 2:35 p.m. will be on "Denominational Emphasis" by Frank Denton, Dallas, Secretary of the Endowment and Capital Giving Department of the Baptist General Convention of Texas. The meeting will adjourn at 3 p.m.

Lunch will be served in the church basement at the noon hour.

Approximately 150 messengers from churches in Dickens, Crosby, Motley, Floyd and Briscoe counties are expected.

Mrs. W. N. Pipkin Home From England; Spotted As Texan

You can tell a Texan — as far away as England.

Mrs. W. N. Pipkin, with her son and daughter-in-law were watching the Changing of the Guards at Buckingham Palace in London, when they were joined by an Englishwoman, who casually mentioned to them that Queen Elizabeth had scheduled a visit to Westminster Abbey the following morning, if they could get a glimpse of her.

When they thanked their informant, she stated, "You're from Texas, aren't you?" When asked how she knew, she smiled and walked away.

This was just one of the many interesting experiences Mrs. Pipkin had during her eight weeks visit with her son and family, Capt. Mitchell N. Pipkin, who is with the 20th TFW, based near London; his wife, the former Carol Foster of Pampa and their two-year-old daughter, Lisa Gay, who reside at Great Easton in Essex County. They toured over England and Scotland, and to Paris, France.

Mrs. Pipkin returned home last Thursday, arriving at the Lubbock Municipal Airport, where she was met by Mr. Pipkin and son, Gerald. Also there to greet her were a sister and family, Mr. and Mrs. R. E. Campbell Jr., and son, Richard, and R. E. Campbell Sr., who were in Lubbock to see a scrimmage game in which Richard had played.

Improvements In Atton Cemetery Planned By Assn.

Officers and directors of the Atton Cemetery met with the local committee, on October 7, to discuss plans for setting trees and shrubs around the cemetery. According to Mrs. B. F. Burt, Treasurer, several people have donated money to use in this work, and 42 Irish junipers have already been set out.

The organization is planning a bake sale and other projects in the near future, to raise money to help with the improvements. "Material and labor have also been donated and Paul Braddock dug a well and built a well house," Mrs. Burt reported.

She also said that there is a 100-ft. of hose available to any one wishing to use it in the cemetery, and those wishing to do so may have a key made to the well house, where the equipment is kept. Thacker Supply in Roaring Springs is equipped to cut duplicate keys.

Norman Neighbors Returns To Libya

Norman (Speedy) Neighbors left Monday for Libya, after spending three months in Dallas where he attended a Digital Field Service school held by Geophysical Service, Inc. He visited here the past week with his parents, Mr. and Mrs. J. P. Neighbors.

For a year previous to his return to the states, he was employed by the Geophysical Service, in Arabia, where his brother, Stanley Neighbors is presently employed. Prior to that, he was in Libya for two years.

RECENT SURGERY

Jack Spray of Whiteflat has returned to his home from Lubbock where he had recent eye surgery in St. Mary's Hospital. Mrs. Spray accompanied her husband and remained during the time he was hospitalized. Relatives joining them there were his brother and wife, Mr. and Mrs. Frank Spray of Midland, and his sister, Mrs. Bill Briscoe of Plainview. Their son, Billy Jack Spray of El Paso visited his parents from Tuesday until Saturday, at their home, and other visitors this week end were Mr. and Mrs. Jim Jameson of Plainview.

Mr. and Mrs. Jim Allison and baby son, Todd, of McLean, spent the week end with her parents, Mr. and Mrs. R. E. Campbell Jr., and other relatives.

Mr. and Mrs. Guy Kimbell spent the week end in Midland, visiting their daughter and family, Mr. and Mrs. J. P. Billingsley, and with their son, Guy Kimbell Jr. also of Midland.

CLOUD-CHASER — This is David Badgett and the Gyro-Copter which he is rebuilding after it was wrecked by the former owner, Dr. Jack G. Jorden of Floydada. It is now owned jointly by Badgett and Sut Braselton. Dick Berryman, who works with Badgett in the repair business on US Highway 70, east, says he sees only one good thing about the Gyro-Copter: "It can only make one widow at a time."

TRAIL DUST

By DOUGLAS MEADOR

A mistake is not always a spur of the moment condition. It is often the product of careful plans executed with completely detached deliberation.

Perhaps the blind alone are spared the pain of compassion when a mother cow affectionately licks her calf in the shadow of the slaughter house.

The force of religion is without tangible origin, as is the unseen power that causes a windmill to turn.

The entire purpose of beauty may be focused on a single rose bud or in the laughter of a child.

Employment conditions in this country could become alarming if all the folk singers should be their followings.

The news media has about stopped the President when he is in condition to talk about his operation.

Most modern brides have the security of knowing they are not being married because of their ability to cook.

Modern science is still trying to produce a tranquilizer more effective than a few kind words.

Most of those who remember the feather-edge hair cut have already applied for Social Security.

A chain's secret is its weakest link, but in character it is the domination of habit.

VISIT IN NEW MEXICO
Mrs. Fred Simpson and son, Fred G. returned home Wednesday from a visit in Embudo, N. M. with her brother and wife, Mr. and Mrs. Joe Wason. En route there, they spent the week end in Hereford with Mrs. Simpson's daughter and family, Mr. and Mrs. Don Martin.

The Impossible Becomes Ordinary To Talented Young Mechanic Here

THE IMPOSSIBLE has always interested David Badgett, because he likes a challenge. At present he believes he could make a set of dentures and his friends are unanimous in their opinion that he can. Right now, however, he is busy restoring a wrecked gyro-helicopter, building the blades with his own hands.

David Badgett is by trade an expert on rebuilding and painting wrecked and damaged automobiles. He can and has taken a completely demolished automobile and restored it like new. In the field of painting automobiles, as with everything he does, he is exacting. He weighs the paints that go into a mixture to achieve a certain tone or color. He uses a set of scales so sensitive that they will register the weight of a pencil mark across a sheet of paper.

His forte is metals, which respond to his skilled hands to an almost supernatural degree. If he can not secure a certain part for something he is repairing, he will make it. When he was in high school in Floydada, he and a cousin John Fred Brown, completely built a drag racing automobile. They made the body out of a discarded wing gas tank from a plane.

The gift of the artist is in the young genius' work. The first year he was in Matador he was given an old pool table that was left on a vacant lot in the colored section of town. He took the pieces to his shop and began restoring them. He has the table in his home, a fine piece of furniture as good as when it was manufactured.

David Badgett can remain under water for an hour. One of his hobbies is SCUBA or skin diving. He once went in for leather tooling as a hobby, and he makes rubber stamps. Another hobby is guns and loading shells. He has been a plumber and welder. He understands the complexities of electric motors and internal combustion engines.

Danger has never impressed him during the 27 years of his life. He was a drag racing driver during several of his more youthful years.

David Badgett would have been born in his home in Floydada, except that his mother went to a Lubbock hospital August 2, 1938 for the event. He is the son of Mr. and Mrs. D. W. Badgett of Floydada where he attended grade school and high school. He hung around the machine shop of his grandfather, W. Eld Brown and began learning to repair cars and equipment where he learned automobile body work. He worked for Oden Chevrolet Co. in Floydada and was service manager for Lockney Auto Co. for two years.

He married his grade school sweetheart Lajuana Jo McCormick of Lockney, December 5, 1957. They have one son, Davy, 7 Mr. and Mrs. Badgett moved to Matador in March 1963.

If Matador ever puts a man in space, it will probably be David Badgett, in a space ship which he has built because the idea challenged him.

There is a secret in his life, however. He has met an impossible condition. It was an electric guitar, which he wanted desperately to master, and failed. David Badgett will admit that he does not have any musical talent.

Recreation Club On Paying Basis

Matador Recreation Club, a non-profit organization, is on a paying basis. Manager Henry Thompson moved the equipment to the Barkley Building at the corner of Main and Dundee streets about eight weeks ago and had about \$150 debt. All the debt has been paid and the club has a surplus. Surplus funds will be used to purchase a strong ornamental fence around the children's wading pool in the City Park, according to manager Thompson.

CEMETERY MEETING

A meeting of the Roaring Springs Cemetery Association has been called for Monday night, Oct. 18, at 7:30 p.m. according to an announcement made this week by the president, John Meason. The meeting will be held in the First Baptist Church, and everyone in the community is invited and urged to attend.

HOMECOMING VISITORS

Mr. and Mrs. Elvis Lebow of Clovis, N. M. visited in the home of her brother and family, Mr. and Mrs. John Briscoe, while attending the recent Homecoming activities. They also visited other relatives, including Mr. and Mrs. James Meador, in whose home they were also guests. Mrs. Lebow is the former Bessie Belle Briscoe.

Among other visitors at Homecoming were Mr. and Mrs. Carl Pierce, of Lubbock who spent the week end with her mother, Mrs. R. E. Donovan, and with his parents, Mr. and Mrs. Carroll Pierce, of Roaring Springs.

Mrs. A. B. Fulkerson returned home Wednesday of last week from a visit in Stephenville with her sister, Mrs. John Anthony, and in San Antonio with their brother and wife, Mr. and Mrs. Hardy Gibson. Mrs. Anthony accompanied Mrs. Fulkerson home for a visit here this week.

English Classes Hear Dr. Knott

by Janie Killingsworth

"Poetry should be re-read," according to Dr. A. K. Knott, head of the English department at West Texas State University, who spoke to the junior and senior English students here last Thursday.

His entire talk concerned poetry and included the reading of poems which he had obtained from magazines.

He explained that poetry is about anything to which someone attributes interest and usually tells what something is like, not what it actually is. "A poem may be stop, look and listen. It does not need to tell a story or teach a lesson," he said.

He emphasized that the most important things in life are the things you cannot prove: these are the subjects of poetry.

In his opinion, education is stopping and inquiring. When a person sees and inquires enough, his interest and knowledge expands in this manner a poet is an intensified inquirer. He added, "A poet is sensitive to his surroundings and is very observant."

One example he gave of good observation was asking his English class at WTSU what they heard outside the window "out of a class of 33, only one boy said 'mourning dove,' the remainder just heard birds," he said.

To close his talk, Dr. Knott did an excellent job of a poem, "Hurt Hawk," which his long time friend and student, Mrs. Grace Timmons, requested.

The Round Up

by Karen Elliott

Nancy Traveek, a student at Austin State College in Sherman, Texas reports in a letter to Mrs. Grace Timmons that her favorite college subjects are Biology, in which the class dissected a pig, and French, in which Nancy made an A on her first test. She also asked the English IV class to trade notes on the Iliad, which both Nancy and the English IV students are studying.

—MSB—

Janie Killingsworth and Judy Gwinn, two MHS students were on the KSEL talent show held on the Panhandle South Plains Fair grounds Janie and Judy went to Lubbock September 27, to join the other Sourdoughs for the performance.

—MSB—

The physics class cannot agree on the answer to a problem. To arbitrate the dispute the class nominated Janie Killingsworth to write a letter to the head of the physics department at Texas Tech. The class has agreed to abide by his decision.

—MSB—

Ann Marshall cut a perfect replica of the bottom of an iron by setting the hot iron down on the lining to the coat of her fuchsia wool dressmaker suit. This is not the only mistake the young homemakers have made. Deborah Tilson sewed half of the darts in her skirt on the right side and the other half on the wrong side.

Mr. Whittington is busy getting all the seniors to mail their registration blanks for the col-

COW POKES

lege entrance tests. He is trying to make sure that all those who want to go to college do all the things necessary to enter while the other teachers are trying to teach the students enough to keep them in.

(Delayed)

Ex-student Butch Waybourn is one of three males in a three act play, "House Without Windows," being rehearsed at South Plains College in Levelland, according to a card received by Mrs. Grace Timmons.

Another South Plains Student, Ruth Garnett, wrote Mrs. Timmons on college life. Ruth says she is a member of the "Caprock" annual staff and will be in the creative arts section. She added that she planned to come to homecoming.

Mrs. Grace Timmons is limping because of an injury received in P. E. while she was coaching the basketball girls. She removed her shoes to illustrate a play and one of the girls stepped on her toe.

The MHS students have been busy this week studying for six weeks tests. The tests will be given Thursday and Friday, October 7, and 8.

Mrs. Grace Timmons has been very busy this week at a variety of jobs. The students are used to seeing Mrs. Timmons doing almost everything but directing music which she has done this week. It seems that Mrs. Timmons and Beach Boy, Brian Wilson have a lot in common. Like Brian, Mrs. Timmons has written, produced and directed the entire homecoming program right down to the rhythm of the guitars.

Sunday afternoon, September 26, the school house was filled with hard working school students who were making early preparations for homecoming. Two cheerleaders - Jana Jones and Sharlene Berryman - were making signs to place in the halls to urge the Matadors to victory. Paper editors, Karen Elliott and Shelley Stevens, were typing and re-writing paper stories for the homecoming paper. Several freshman girls, Barbara Slover, Kate Thompson, June Sanderfer, and Vicki Jameson were helping the cheerleaders. Two ex-students, Kenneth Pitts and Gary Campbell, also came up to see the film of the Spur versus Matador game.

The editor wishes to thank John Martin for typing on this

paper and to acknowledge Shelley Stevens for the fine job she did of editing the paper while the editor was busy with the homecoming paper.

M. H. S. Students Hear Dr. White

by Sharlene Berryman

Wednesday morning, October 6, the student body and faculty had the opportunity to hear Dr. White, evangelist and Mr. Roy Edwards, song leader for the revival held at the First Baptist Church October 3, through October 10.

The devotional opened with Mr. Edwards singing "The Lord's Prayer," accompanied by the piano by Mrs. John Stevens. After the song, Dr. White, president emeritus of Baylor University, spoke on "The Lord is of Loyalty." He stated that all people should be loyal to their home, school, community and country.

Dr. White emphasized loyalty to ones country by saying, "If we were as loyal in times of peace as in times of war, war would never occur." He stated many facts on the good the United States has done and the part the school system has played in the making of good patriotic citizens.

He closed his talk with this admonition, "Let's make our country worth living for because we are the supreme nation in the universe. For this reason, we must be loyal to God and not become discouraged."

English Classes Write Critiques

by Karen Elliott

This six weeks the English classes have been studying writing and have just completed a lengthy but informative critique on an American or English author respectively.

Before writing the critique, assigned the first week of school, each student chose an author and read and took notes on at least two of his books. After completing their reading, the students wrote an essay on their respective author's work.

Included in the critique were the author's style of writing, the central theme of his books, the effect of his life on his writing and the correlation between the book and actual history at the time it was written. Many of the critiques were completely original although if available, one could incorporate a professional's criticism into his critique.

Spirit Displayed In Lockett Rally

The Matador versus Lockett pep rally on October 8, was full of an extra amount of school spirit since the Matadors have won two games and are looking forward to future victories.

The speakers featured in the pep rally were Mr. Bill Moss, vocational agriculture teacher; Luis Moore and Pete Richardson, members of the Matador team; and Mr. Earl Byerley, assistant coach.

The highlight of the pep rally was a skit presented by two junior girls, Karol King and Rosanne Terry. The skit represented an advertisement for Certs. "Certs really a breath mint or is it a candy mint?"

Following "Ready Men" and "Have You Got that Spirit," the rally closed with the school song.

Sewing Projects Begun in Home Ec

by Jana Jones

Mrs. Fair is probably feeling quite weary lately as the girls in her Home Economics classes have stared sewing. The girls in second and third year Home Ec. are sewing with an array of beautiful colored wools. The first year girls are still learning the basic fundamentals; therefore, they are making casual cotton outfits.

During this period of study, there is scarcely a dull moment. For example, while Mrs. Fair is helping one girl insert a zipper, she must also watch the other girls who may be cutting into \$5.98 wool or on the verge of jamming a needle through their fingers.

As unbelievable as it may seem, the materials will in time become beautiful garments. The finished garments will be modeled by their proud designers at the annual Style Show later in the fall.

COUNTY AGENT PALLMEYER SAYS:

Joan Barton, Matador 4-H club member will compete for state honors in the State 4-H Dress Revue held at the Dallas State Fair on Oct. 14-16. This is the second time Joan has earned the right to compete for state honors in this event.

Tommy Green, Matador 4-H club member who is attending Texas Tech will also receive the State Fair of Texas Honor Award. This will be presented in Dallas on Oct. 15th. Tommy is a member of the Texas 4-H Council and Co-vice-chairman of the District 3 4-H organization.

Have you seen the 4-H display in the West Texas Utilities window? Leaders and members prepared this display to show some of the work Motley County 4-H members are doing. Boys and girls who are not members are invited to attend a meeting and see if there is a project of their interest.

Any boy or girl who is 9 years old before Jan. 1, 1966 can join the 4-H. There are no dues, but each member must have a project.

There are an estimated 23 million 4-H alumni in the United States.

Last fall when plans were made for work to be done in the county, 51 items were selected. A recent check shows that 41 of these projects were carried out. The 4-H sub-committee has already met and made plans for the coming year. Livestock and crop meetings will be held in October.

I received orders to attend a National Security Seminar in Oklahoma City, Oct. 4-15. This should explain my absence during this period.

After getting the prices on the chemicals used on the prickly pear control plots, you might be interested in knowing:

IN APPRECIATION
The cards, letters, flowers and visits of friends during my recent hospitalization and since returning home, were all appreciated so much and I wish to take this means of expressing my gratitude to each of you who remembered me during this time.

CARD OF THANKS
May we take this means of expressing our greatest appreciation for the food, flowers and concern shown to us during our recent bereavement.

The Families of Mrs. Vallie Keeling Mr. and Mrs. Junior Keeling and family; Mr. and Mrs. Melvin Dodd and family; Mr. and Mrs. T. H. Dodd and family; Mr. and Mrs. Lloyd Price and family; Mr. and Mrs. Sam Chambliss and family.

TO OUR FRIENDS
We wish to express appreciation to our many friends and neighbors for the lovely flowers, cards, deeds of kindness and words of sympathy in the loss of our loved one.

We pray that each of you shall be blessed as you have been a blessing to us.

J. C. Clary, John Lee Clary, Dr. and Mrs. J. T. Westbrook, Mrs. Helen Fry, Miss Gladys Clary.

ing that the cost to treat the pear, including labor, ranged from 42¢ a plant to 2.32¢ each, with average cost of the 2210 treated, 61¢ each. Observations will indicate the best mixtures to use, and it appears that the cost will be just a little over 1/2¢ to treat a plant.

When stripping cotton, leave as much foreign matter in the field as possible to avoid reduction of grade. Green boll separators should be kept in perfect working condition by proper adjustment and cleaning. Every device on the stripper that takes out dry leaves should be maintained in top working condition.

Cotton should not be stripped when the humidity at boll height is above 60%. In irrigated cotton the humidity will often be above this level until about 9:00 a.m. and if you save seed, it is better to select seed from afternoon harvested cotton because it tends to be drier and is affected less by heat damage.

Albert Rattan of Midland visited here Tuesday with his parents, Mr. and Mrs. Littleton Rattan, while attending to business. Mrs. Vernard Alexander and Diane of Vernon, visited during the week end with her parents, Mr. and Mrs. W. N. Pipkin.

LEGAL NOTICE
I have sold my stock in Collier Farm Supply, Inc. of Roaring Springs and I am no longer associated with the firm.
Joe Collier
