Matador Methodist Church To Celebrate Harvest Festival

Greetings in the name of our Lord and Savior Jesus Christ! The Matador United Methodist Church has had an exciting year in the Lord. Their ministry has reached out to those in Matador and beyond as they gave to concerns through their apportionments to the General Church, and to UMCOR in offerings for flood relief in the mid-western United States.

The Matador First United Methodist Church will be celebrating their ministry in their Annual Harvest Festival on Sunday, October 24, 1993. Guest speaker will be the Rev. Bill Wright. He has served many churches in this conference during his tenure in the Northwest Texas Annual Conference, having been at Floydada just prior to his move to St. Paul United Methodist Church in Amarillo. Services for this special day will begin at 10:30 a.m. There will be no Sunday School.

Everyone is invited to attend this special day of worship.

Matador City Council Votes To Hire New Employee

The City Council of Matador met for regular session October 14. Minutes and bills were ready by City Secretary, Seven Alexander. All members were present.

Rodney Williams, representing the Matador Volunteer Fire Department, reported the City now has eleven certified volunteers, allowing the city 2c off the Key Rate. Williams stated they wanted to get the fire hydrants tested and color coded as power of output. This will get the Key Rate to 39c which will make it a first rate city.

The Council went into closed session from 8:30 a.m. til 10:45 a.m. Out of closed session the Council elected to hire Barbara Jameson to help Bill Jameson when needed and for meter reading until a new employee is hired. Council elected

to run an ad in the Motley County Tribune, the Lubbock A-J, and the Amarillo News to hire a qualified water superintendent with C licenses, for waterworks and sewer plant.

Reports were given on the Landfill surveying and requirements to be met to send the State for approval of Arid Exemptions. The closing of landfills has been extended. They are in the process of staking the used area of the present landfill.

Sewer plant problems include, not having enough ponds to hold the water flowing in to the sewer plant. The State has all the surveying and suggested improvements. The City is waiting on the approval from the State.

The Council members said they each had a lot of complaints from the citizens

about the changing of television channels by Mission Cable. The new channels are free channels that have been put in place of the duplicate ABC, NBC, and CBS stations.

Council members know they have no control over Mission Cable, but if people will write or call the Company about the selection of channels, then write or call their Congressman, etc., about the duplication rule, they might be able to get it changed.

They had been asked about keeping wild hogs in town. They were reminded of an old City Ordinance stating that no animals can be kept in the City limits.

Shane Jones informed the Council of a 2 blade riding lawnmower for sale for \$450. Council elected to purchase the mower for the City Park upkeep. Meeting adjourned.

Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by extreme fire hazards which occurred on 8-30-93 and continuing are being accepted at the Farmers Home Administration (FmHA) office located in Spur, FmHA County Supervisor, Larry J. Clements, said today.

Dickens County is one of 184 in Texas recently named by Secretary of Agriculture Mike Espy as eligible for loans to cover part of actual production losses resulting from the extreme fire hazards which occurred on 8-30-93 and continuing.

Larry J. Clements said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA

emergency loan," Clements said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until 5-10-94 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Clements said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Spur is open from 8:00 a.m. to 4:30 p.m. Monday through Friday.

Flomot First Baptist Church To Hold Fall Revival

The First Baptist Church of Flomot will be in revival Sunday, October 24 through Friday, October 29, 1993. The 11:00 a.m. Sunday Service will precede a covered dish luncheon. The Sunday Evening Service will be at 6:30 p.m. Each weekday evening service will begin at 7:00 p.m., and a time of fellowship and refreshments will follow.

Brother Bryan Donahoo, pastor of First Baptist Church in Silverton will be preaching at each service, and Sherman and Tammy Aten, of Aten Ministries in Floydada, will be in charge of the music.

Sherman and Tammy are both graduates from the Music Department of Wayland Baptist University in Plainview. They were married in 1985 and served six years in Youth and Music Ministry at Seminole, Texas, and Artesia, N.M. before forming Aten Ministries and, with their son, Joshua, literally 'hitting the road' for Christ.

Tammy is the daughter of Hollis and Jo Payne, who have been well known for

their ministry and music in the Caprock Area for many years. The Aten family was increased to four when their daughter, Tamara LeBrooke was born on April 29, 1993.

Brother Donahoo married Diane Dickson in 1978. They have five children, David Bryan, Paul Alan, Seth Aaron, and twins Anna Jane and Sara Frances. Bro. Donahoo was ordained to the Ministry by Park Heights Baptist Church, San Angelo, in 1979. He served as pastor of Concord Baptist Church, Bangs, and First Baptist Church, Blum, before coming to Silverton in 1990. He received his Bachelor of Arts, Bible, degree from Howard Payne University, Brownwood in 1980, and his Master of Divinity at Southwestern Theological Baptist Seminary, Ft. Worth, in 1989.

Bro. Nathan Mulder, pastor of First Baptist Church, Flomot, invites all people of this area to attend any or all of these services and enjoy the excellent Bible teaching and exceptional music.

Military Background Brings Memories

Sanda King

by Amy Thacker

For a 6-year-old, coming to America alone is a frightful experience. Sanda King had not seen her parents since she was a baby when she arrived in New York almost 70 years ago.

King says she was unwilling to go with her parents.

"The captain of the ship, who was a friend of my grandmother's, had to travel with us all the way to Ft. Benning, Ga!" said King.

King was born to her American father and French mother in Paris, France, during the First World War. After her birth, she was diagnosed with tuberculosis and

was required to remain in France with her grandmother until she was well.

King's father was a graduate of M.I.T. and was ten years older than her mother. She describes him as a domineering figure.

"He always called on me when he wanted something done," commented King, "because he knew I'd do it!" Her father's involvement in the military resulted in many moves all over the world. King says her father spoke seven languages and knew such figures as Patton, Marshall and Eisenhower.

King also followed the pathway of her father when she was asked to serve as an interpreter during World War II. King played a major role in communication between the U.S. and France.

She went through basic training in Des Moines, Iowa, and also took part in overseas training in the Pacific. During her service, she worked as an interpreter, a nurse in the medics, and also with the Federal Bureau of Investigation.

King later met her husband while serving with the Air Force. After their third date, he asked her to marry him and she said, "Yes". They have been married almost 50 years.

King is interested in art, music and people. She mainly paints with watercolor and oil. Though King claims she hates to cook, she teaches a gourmet cooking class right here in Matador.

"If you know the six doughs of the world," exclaims Sanda, "you can do anything."

Matadors Win Second District Game Against Crowell, 58-7

by Sherri Prather

The Motley County Matadors remain undefeated in district play, with a 58-7 victory over Crowell, Friday night. The Matadors began their scoring frenzy when Frankie Ortiz scored on a 76 yard run and added two more points on the conversion. Fourteen seconds later Brandon Blanch ran it in from 8 yards out with Ortiz again carrying it in for the two point conversion. With a minute and a half remaining in the first quarter the Matadors scored yet again with Shane Taylor's 10 yard touchdown run, and Blanch's 2 point conversion, bringing the score to 24-0.

The Matadors continued to be unstoppable in the second quarter with Ortiz scoring on a 15 yard run. Jarrod Brooks added 2 points on the conversion. Taylor then added another touchdown of his own with a 4 yard run. The half-time score, Motley County, 38, Crowell, 0.

The second half saw the Matadors score on a one yard run by Blanch and a 75 yard punt return by Ortiz. Josh Lee ran in the 2 point conversion. And the Matadors final score of the game was a 68 yard run by Taylor. Crowell's lone score of the night occurred in the 4th quarter, a 32 yard pass from Scott Bearden to Ben Hodges. Cory Luster added the extra point. The final score, Motley County, 58 - Crowell, 7.

The Motley County offense rolled up 470 total yards. The 411 yards rushing

165 yards, 11 carries by Shane Taylor for 113 yards and 16 carries by Brandon Blanch for 103 yards. Ortiz passed for an additional 59 yards. The Matadors tallied 20 first downs compared to 14 for Crowell and had 9 penetrations while Crowell only managed 2. While the offensive linemen don't often get a lot of publicity, these statistics would not be possible without them.

The Matador defense proved again

how tough it is to move the ball against them. Keven Keltz collected his second interception in as many weeks, and also recovered a Wildcat fumble. Cody Barclay and Matt Mangram also had fumble recoveries. No doubt this is one of the toughest defenses around.

The Matadors will be at home Friday, October 22, to take on Knox City at 7:30 p.m. Come on out and see what all the excitement is about.

Fashion Computer Data At Do Gooders' Club Meeting

Wonders never cease with the information computers are able to deliver as members found out at the Do Gooders' Club meeting, Tuesday, Oct. 5 at the Community Center in Flomot.

Featured guest, Mrs. Beverly Logsdon of Memphis, Regional Home Extension Agent, took the body measurements of women in the Flomot community at a previous meeting. She returned with a computer read-out that told what style of apparel would be most attractive for each individual. She told of high style in its simplest form.

Pants are a popular fashion trend today. However, as comfortable as pants are to wear, the wrong pair can emphasize a not-so-flat stomach or wide thighs. You should make the most of your shape while minimizing flaws.

If your stomach is not perfectly toned, you can still look terrific in classic pleated trousers, with a belted waistband. Styles with a single of double flat pleat in front give you extra room around the middle, yet visually hide any extra pounds. To make hips look slimmer, put away those baggy blouses. Instead, flatter your hips by choosing pants with pleats or a vertical row of buttons, which draw attention downward. To double the slimming effect, stick with darker colors.

Slenderize your thighs by choosing full-cut pants with an elastic waistband.

The loose leg will fall gracefully over your thigh, while the stretchy elastic will cling to your middle no matter what your waist size. Get that leggy, tall and slim look in trousers by wearing high waisted pants that are tapered at the ankle. Petite shapes should steer clear of extra full styles and those that are cuffed at bottom.

In conclusion, pair your trousers with stylish jackets or today's most powerful fashion trend, a T-Shirt!

Mrs. Mary Jo Calvert conducted a brief business meeting. A committee was appointed to water plants and trees at Community Center for the month of October and November. They sent get well cards to Mrs. Jimmie Hunter, Mrs. Mary Clay, Mrs. Twanna Starkey and Charles Tanner.

Mrs. Christeen Gilbert, hostess, presided at a Halloween designed service. The table was laid with an orange cloth, centered with ornamental gourds, pumpkins and orange and black bows to complete the colorful decor. She served assorted crackers, chips, dips and candies and watermelon balls with iced tea.

Members attending were Mesdames Judy Poulson, Lucille Monk, Alma Shorter, Bernice Bond, Christeen Gilbert, Nada Starkey, Mary Jo Calvert, and new member, Mrs. Mildred Hulsey.

Arts & Crafts Club Members Meet For Crafts & Luncheon

The Motley County Arts & Crafts Club enjoyed a very special day Monday, October 4 at the Senior Citizens Center. Members were pleased, on arrival, for a setting of a Halloween Party. Tables were decorated with jack-o-lanterns, orange streamers, heads of grain, straw wreaths, filled with ornamental gourds, corn, decorated miniature pumpkins. The tea table displayed the pumpkins made by members to be used at the Motley County Library.

Joy Archer instructed the members in dough art. This is an art form that all who work in it enjoy very much. Items such as gifts, toys, Christmas ornaments, and numerous other attractive creations emerged from a special dough. Watch for these at our Fall Bazaar.

President Joyce Meredith called a business meeting at 1 p.m. The big date was set for our Fall Bazaar, November 20. All are invited. Come, enjoy, browse through the gifts. Coffee and cookies will be served. There will be a drawing for prizes every hour.

The club will enjoy a trip to Plainview, Friday, October 15, to the Running Water

Lindsey's Lines

by Lindsey Williams

Our football team has successfully kicked off district play. They started out with two big wins. The first was to Paducah, 44-0! The second was to Crowell, 58-7!

The guys have worked really hard and it shows. However, they must keep working because there are still three games to win. They are against Knox City, Spur, and Munday.

We, the supporters, also have a duty. We must continue to support the Matadors, and let them know how proud we are of their achievements.

We are hoping for the Matadors to take these victories all the way through district to the play-offs.

KIDS' STUFF

COOL CARBOS

(DM)—You've seen your parents gas up the car to give it the energy to run. Well, people are kind of like cars. Instead of gas we need to fill up on food that have lots of carbo-carbos. Carbos—or carbohydrates (pronounced car-bo-hi-drates), as grown-ups call them—are totally cool.

Carbo-loaded foods that include lots of vitamins and minerals are good news for our bodies. They are a major source of energy in our diets, and we all know how important energy is when you are trying to do your favorite things. Everyday, your body needs lots of carbo-loaded foods so it won't run out of gas.

So where do you find these cool carbos? Vegetables, fruits and grains such as wheat, corn and oats have lots of them. Each time you eat an apple, a piece of bread, pasta, rice, or a bowl of cereal—like Post Honeycomb—you are filling up on carbos.

When we wake up in the morning, we need energy so breakfast is the perfect time to load up on carbo foods. A bowl of great tasting Post Honeycomb cereal is a perfect way to start the day with carbo foods.

After downing your carbos, put them to good use. Ride your bike or skateboard, take a long run or play a game of hoops with your friends. Eating right and exercising are the coolest ways to keep looking, feeling and performing your best!

The Student Council would like to express their appreciation to everyone for their support in our projects so far this year. A special thanks to everyone who spent their homecoming either working or cooking at our hamburger supper.

Sincerely,
The Student Council

Social Security Tips

by Mary Jane Shanes

SOCIAL SECURITY STUDENT BENEFITS

Another school year is here. If you are a student receiving social security benefits, you should know that your check generally stops when you turn 18. But they can continue until your 19th birthday if you are still in elementary or high school.

When you attend an elementary or secondary school that meets State requirements, you are considered a full-time student if you are enrolled for at least 20 hours a week, and in a course of study lasting at least 13 weeks.

You may also qualify, if you participate in any of the following kinds of education programs - GED (grade 12 or below), job training or community action programs sponsored by the Federal government, Work Incentive Programs, ROTC, work-study programs, vocational schools, home schooling, or "independent study" (a method of alternative secondary education used in some States). Some schools outside the United States may qualify under certain circumstances. Your nearest social security office can answer questions about your school.

If you are enrolled in a correspondence course you are not considered to be a full-time student unless you are unable

to attend regular classes for a portion of the school year, due to circumstances beyond your control.

You may still receive benefits during a vacation from school if you plan to return to school and the vacation is no more than 4 calendar months.

If you are receiving Social Security benefits, we'll notify you a few months before your 18th birthday about what you need to do to show that you are in school so we can continue your checks. A new application isn't usually necessary but you must complete a form that asks about your school attendance.

Generally, before your 18th birthday, your Social Security checks are sent in the name of a parent or guardian. But after your turn 18, we can pay checks directly to you.

Last year, over 1,300,000 full-time students between the ages of 18 and 19 received monthly student benefit checks from Social Security on the record of a parent who was receiving retirement or disability benefits or on the record of a parent who had died.

If you have any questions about applying for student benefits, contact your nearest Social Security office. You may also call this toll-free number 1-800-772-1213.

TINY CHUCKWAGON KEEPS BOYS BUSY — A replica chuckwagon, miniature in size and manned by scaled-down cowboys, was a drawing attraction in the Chuckwagon Cookoff at the Floyd and Surrounding Counties Fair on September 19 in Lockney. Kolt, K wail, and Klay Ross Brock joined their cousin Kody Porterfield in cooking their own biscuits and bacon while their families earned points and prizes in three divisions; first in the Bread category, third in Meat and Dessert, which earned a 2nd overall rating by the judges. Helping serve hungry fair-goers under the sign of the Diamond B was the wagon of Kirk and Beverly Burlison Brock of Levelland, assisted by Jerry Brock, Don Porterfield, and S.C. Burlison. Whether working under the fly of a tent at the chuck table lid, bending over a blistering mesquite fire, or scouring the blackened cast iron pots, the team overcomes the elements and near-primitive conditions to produce a hearty and tasty meal of dutchoven biscuits, deep-fried steak, tender red beans, and peach cobbler. The group started cooking during History Days at the Ranch on Mott Creek and have often cooked for the Ranching Heritage Center at Texas Tech, the Cowboy Symposium, and private banquet-type bookings. Pictured above are Klay, 2; Kolt, 6; and K wail, 4.

Now abideth faith, hope, charity, these three; but the greatest of these is charity.

Floydada's Punkin Day Is October 30

If you've been looking for something fun for the whole family to participate in, Floydada's Punkin Days celebration can provide it. Celebrated every year, this harvest party is held the last weekend every October to herald Floydada's claim as Pumpkin Capital U.S.A.

Friday, October 29, kicks off the festivities when downtown merchants dress in a variety of different costume - each trying to outdo the other. Visitors will also enjoy a drive through Floydada neighborhoods to view homes decorated with fall and pumpkin themes.

Saturday morning, October 30, kicks off with a 5K race and fun run beginning at 8:30 a.m. Arts and crafts booths will be open for business beginning at 9:00 a.m. on the manicured lawn of the Courthouse. The booths feature homemade items from all over the United States. It will be a great time to do a little early Christmas shopping. Local merchants will also feature great buys at downtown stores!

Judging will begin under the pavilion at 10:00 a.m., on entries of the smallest pumpkin, the largest pumpkin, ugliest gourd, prettiest corn, best painted pumpkin, best carved pumpkin and best pumpkin pie. Entries will be accepted from all over Texas.

The person who guesses the weight of the pumpkin piled in a trailer will win \$25.00, and prizes of \$200.00, \$300.00 and \$500.00 will be awarded to the winners of the Cow Patty Bingo.

Trunk of Treating will begin at 6:15 p.m. at the high school park. Cars belonging to volunteers (screened by the committee) will be parked along the park with the trunk lids popped open.

For more information on Punkin Days call The Floydada Chamber of Commerce at 806-983-3434. Those who want to get an early start on the arts and crafts, or on the races, come out and spend Friday night in Floydada.

Joan & Charles Keith Trace Their Keith Heritage

Charles and Joan spent two weeks in the British Isles, eight days on a Keith Grand Reunion Tour of Scotland and six days touring England. They fell in love with the people and the country of Scotland, traced their Keith heritage, visiting the University of Aberdeen founded by the Keiths, and Dunnotar Castle, stronghold of the Keiths.

They visited the town of Keith-home of the Glenfiddich Distillery, the country manor of Baron Bunde of the Sinclair Clan, Inverness, Loch Ness, the Isle of Skye, Edinburgh, and Glasgow, where they had dinner with the Lord of Glasgow at his magnificent 3,000 acre estate. They also visited the castles of the Clans MacLeod and Campbell (Duke of Argyll) and drove through the city of Dundee. They rented a car in Glasgow, visited the mill town of Hawick, and spent night in Windermere, the Lake Country of England and had lunch at the pub frequented by Charles

Dickens, a night in Stratford-Upon-Avon where they attended a production of "The Tempest" at the Royal Shakespeare Theatre, visited Oxford University, and then drove into London.

Besides taking the usual tours of the London area, they saw Agatha Christie's "The Mousetrap" which has been on the London stage for 41 years, and "Miss Saigon" - a poignant opera that brought back many memories to Charles of his two tours in Viet Nam, and had Sunday lunch at The Ritz!

They were most impressed with Scotland, the friendly people, and the lush countryside, where cattle and sheep grazed and lazed side-by-side, a country where they are at least two sheep for each person! The tour was exciting as well as educational, and they were glad when their plane touched down at Lubbock International Airport!
