PRICE TEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

It was one of those things you never want to witness because you want to believe the airlines are careful and efficient in the handling of your luggage. On the other hand it was one of those things which reason tells you must happen when the swift-moving little electric trams scoot like giant water bugs over the runways of air terminals, often loaded and pulling trailers of luggage. The driver saw the large black bag fall. It burst open on contact with the concrete and he met the challenge with determination. It was a tightly packed bag and denied room for all the articles that had been scattered in the mishap. Finally everything was stuffed back, the locks fastened and the drama ended, leaving a vapor trail of doubt in the minds of several witnesses.

Anyone can look at a modern jet airliner and be convinced the thing will never get off the ground. When it does, with apparent ease and you are informed that the earth is five miles below and that your ground speed is 600 miles per hour, it is easy to look out the window and determine that you are barely moving. As you near a busy airport and the pilot is waiting for his turn, he apparently cuts off the engines, and the tons of steel, people and luggage seem to be floating, or drifting like a hawk in the sky. Perhaps the hardest to understand miracle is how any tires can be constructed strong enough to withstand the terrific impact. It is better for the average passenger to avoid use of what reasoning power he possesses regarding airlines and just trust them.

San Antonio International Airport has a "Chapel of the Airlines," for passengers who may desire spiritual protection on a flight, or perhaps to utter a prayer of thankfulness on again being safely on the earth. The door was open and the small chapel was unoccupied.

It may be possible that horse sense is becoming more uncommon because of the scarcity of horses.

Conversation is the most efficient method of revealing ignorance.

HOME FROM HOSPITAL

Mr. and Mrs. J. C. Green Sr., returned home Saturday from Lockney, where Mr. Green was a patient in the Lockney General Hospital for a week. He received treatment for a stroke and pneumonia. Mrs. Green accompanied her husband to the hospital, in the local ambulance. Their son, Phil Green of Borger visited here during the week end, and Mrs. Phil Green visited here en route to Abilene, where she visited her mother, Mrs. C. E. Mize, and on her return home, Tuesday.

Resident's Brother Dies in California

Mrs. Claud Jeffers received word Tuesday of the death of her brother, Rufus M. Stevens, 91, in Chico, California. He was a long-time resident and funeral services were held there Wednesday.

A native of Tennessee, Mr. Stevens came to Texas in 1897, living in Quanah for a while before going to California. He was a veteran of World War I. He was a bachelor.

Besides Mrs. Jeffers, other survivors are nieces and nephews.

Texaco Service Station here was closed temporarily during the week end while the manager, Peie Williams was a patient in University Hospital, Lubbock for a physical check up. He returned home Tuesday.

New Councilman Assumes Office

Newest member of the Matador city council is Joe Smith, cafe operator, who assumed office at the last regular meeting of aldermen.

He was appointed to fill out the unexpired term of veteran councilman, the late Dr. J. S. Stanley, which terminates in April this year.

Less Registration By County Voters

Less registration of county voters is reported from the office of Sheriff, Tax Assessor and Collector J. D. Spray, than for 1970. The deadline for registration is 5 p.m. Friday.

In order to qualify to vote in any election (18 years and over) the voter must be registered. There is no charge for registration.

March of Dimes Drive Total Here is \$236

ELEVEN members of Eternas Junior Study Club, Saturday conducted a successful fund drive for March of Dimes in Matador and the total amount collected was \$236.40.

Mrs. Pat Seigler, President of the club said the drive was planned with members dividing the community into fourths and working from door to door. Conducting the March of Dimes has been a project of the club for the past several years.

Mrs. Seigler said she would like to thank residents of the community for the response accorded the drive and the good reception given members of the club who conducted the drive.

The principal object of March of Dimes is to correct birth defects and to alleviate suffering of children.

The first successful bone marrow transplant was conducted by March of Dimes grantee, Dr. Robert A. Good of the University of Minnesota. He and his colleagues made medical history by transplanting bone marrow from a girl to her brother, who suffered from a congenital immunological deficiency that had proved fatal to 11 members of the family.

Much of the funds collected by March of Dimes is used in constant research.

Drive is Slated For Friday Night

Predicta Study Club in Roaring Springs will conduct a March of Dimes fund drive Friday night, starting at 6 p.m., according to an announcement made by Mrs. John A. Scott, President.

The drive will be conducted by members of the club, Mrs. Scott said.

OLIVERS IN HOUSTON

Rev. and Mrs. Bruce Oliver and family have returned to Texas on an emergency furlough from Brazil, where they have served as Baptist missionaries for a number of years. Their son Paul, 17, is afflicted with a muscular disease for which he is being treated. The family is residing at 7206 Neff Street in Houston. Rev. Oliver is a former pastor of the First Baptist Church of Matador. Their oldest son, Ben is now 19. They have two other children, Edie, 14 and Mat, 12.

RECENT VISITORS

Mrs. Norma Dell Jackson and children of Amarillo, visited here recently with friends and relatives as they were en route to Dickens to attend the funeral of her grandmother, Mrs. Haddock. Week end visitors here with children of the late Mrs. Bertha Jackson, were Mr. and Mrs. Jim Jackson and Mr. and Mrs. Randall Hawk and their daughter, Carolyn James, all of Amarillo.

LYNDON B. JOHNSONS GIVEN AWARD ... From TPA's Elsie Hopkins, right

Johnsons Receive Texas Press Award

The Texas Press Association honored former president and Mrs. Lyndon Johnson Saturday for their service to Texas and the nation. The TPA's Distinguished Service Award, for the first time, was presented to a couple.

The award was made at the Saturday noon luncheon of the association's 24th annual Mid-winter Convention held in San Antonio.

Noting his wife recently published her book, President Johnson said it was well received and it was "very clear" why the TPA would choose her for its distinguished service award of 1970.

"For the life of me," Johnson said, "I can't think of a single—not a single-distinguished service that I performed in 1970."

"In fact, the last distinguished service I can recall performing was more than two years ago, when I turned over to the new administration a balanced budget."

Following a breakfast in the Tower of the Americas on the HemisFair grounds, the meeting convened in the Hilton Palacio Del Rio Motor Inn. Morning speakers included Frank Hildebrand, Executive Director of the Texas Tourist Development Agency, Austin; Richard E. Palmer, Associate Editor and Production Manager of the Baton Rouge, La., Morning Advocate and Frank Bennack Jr., publisher of the San Antonio Light.

Tourism and its effect on the financial status of the country, was outlined by Hildebrand in his address, "Tourist Development in Texas." He presented statistics showing a marked increase in tourist visitors to this state since the TTD Agency was put into operation.

Governor Preston Smith spoke on "Legislation," following the luncheon. A highlight on the afternoon program was a talk, "Tales of Texas," by R. Henderson Shuffler, Executive Director of the Institute of Texas Cultures at San Antonio.

Dinner for the press group was held in the Gallery Area of the Institute of Texas Cultures, on the HemisFair grounds.

Tribune publishers Mr. and Mrs. Douglas Meador, and Mrs. R. E. Donovan attended the meeting.

Arts and Crafts To Meet Monday

Motley County Arts and Crafts Club will meet Monday, Feb. 1, in the Woodruff building for regular monthly meeting. A demonstration on handcrafts will be given by Mrs. Hugh Luckett.

The meeting will begin at 10:30 a.m. and will include a business session.

The Monday work days during the month will be discontinued until further notice, it was announced.

All members are urged to attend the all-day meeting Monday.

RECENT SURGERY

Mrs. Sut Braselton of Corpus Christi is recuperating at her home, 4917 Kathy Drive (zip 78411), following back surgery Tuesday of last week. She had been hospitalized ever since Christmas, with the exception of one week spent at her home. Her mother, Mrs. Emmitt Jenkins has been there during the time, having been accompanied to Corpus Christi by Mr. Jenkins to spend the holidays.

Patton Springs Seniors Schedule Domino Tourney

The Patton Springs senior class has scheduled a domino tournament to be held Feb. 19, in the school gymnasium.

Entry fees will be \$2.75 for singles and \$5.00 for partners. Prizes will be awarded in both regular dominos and a forty-two-eighty-four division.

There will also be games for children, and plenty of cake, pie coffee and Cokes.

Everyone is invited to enter the tournament, and additional information may be obtained from members of the senior class or one of the sponsors, Miss Janay Morrison or Dwain Harris.

Legion, Auxiliary Will Meet Monday

American Legion's Fleming Post and Women's Auxiliary will resume regular monthly meetings, Monday, Feb. 1 after a month's recess.

Speaker for the program will be Rev. Gene Joplin, pastor of the First Baptist Church, following the customary covered dish supper.

Tentative arrangements have been made for special music by Richard Campbell, who arrived this week with his family, from Hollywood, California.

Billy Wason, Vice-Commander will preside in the absence of Commander J. M. (Buzz) Thacker, who underwent surgery Tuesday in Methodist Hospital, Lubbock.

HAS SURGERY

Roy Hankins had surgery Friday in Nichols Hospital, Plainview, where he had been a patient for two weeks. He is in room 102. Friends from Matador who have visited him include Mr. and Mrs. Bill McCaghen, Rev. Gene Joplin, Mr. and Mrs. Clyde Gilbert and Mr. and Mrs. Alfred Watson. Mrs. Hankins has been with her husband during the time he has been hospitalized.

FROM CALIFORNIA

Mr. and Mrs. Richard Campbell and small daughter, Shelly arrived Sunday night from Odessa, where they had visited her parents after arriving there Saturday from North Hollywood, California. They are visiting here with his parents, Mr. and Mrs. R. E. Campbell Jr., and other relatives until he reports for military service on Feb. 4. He has been employed as music director of a North Hollywood Baptist Church, and also in a bank there, the past several months.

RN Crisis Relieved In Small Hospitals

The following news release is from the Washington office of Republican Congressman Bob Price and is dated January 20, 1971.

The bill which has been passed and signed by President Nixon affects all hospitals in communities which have less than 50-bed facilities.

As far as the Tribune can determine, this release has not appeared in any daily or semi-weekly newspapers.

A bill introduced by Congressman Bob Price in October to change staffing requirements for small hospitals has been signed into law by President Nixon.

"Under previous regulations hospitals could not collect payments from Medicare unless at least one registered nurse was on duty during each of the three

eight-hour hospital shifts," Price explained. "This new law will make it possible for 50-bed and under hospitals to treat Medicare patients if they provide 24 hour nursing service by licensed vocational nurses when registered nurses are not on duty."

Price introduced the legislation on behalf of the many hospital administrators, doctors, nurses, and concerned citizens throughout the 18th District and Texas who have been concerned about the problem.

"It would be a great blow to the residents of small towns if community hospitals would have been forced to close their doors because of unrealistic Federal regulations," Price said.

"I am very pleased that my colleagues in the Congress and the President had the foresight to take such quick action on this legislation," he added.

CONSERVATION EDUCATION AWARD— Elbert Reeves, left receives the Texas Education Agency Award from G. L. Fawcer, chairman of the Floyd County Soil and Water Conservation District. (Floyd County Hesperian Photo)

ELBERT REEVES IS HONORED BY TEXAS EDUCATION AGENCY

Elbert Reeves was honored by the Texas Education Agency at a joint teachers meeting held in the Floydada High School Thursday, January 14.

Reeves received a certificate for outstanding teaching of conservation education from G. L. Fawcer, Chairman of the Floyd County Soil and Water Conservation District. It was one of the very few awarded this year.

A teacher in the Floydada Junior High School, Reeves has a six weeks study course on conservation of natural resources. Many films, slides, and guest speakers are used as a part of the study course.

"Young people are not born with an innate appreciation of the importance of the wise use and conservation of natural resources, but it simply must be taught to them," he stated.

Last year Reeves was honored as the Conservation Teacher for the Floyd County Soil and Water Conservation District. For his outstanding achievement in the teaching of conservation education the Board of SWCD Directors submitted a summary of his fine work to the Texas Advisory Committee on Conservation Education whereby it could be judged for the outstanding award.

A. E. Baker, Superintendent of Floydada Schools, formulated the plans for the award to be given at the teachers meeting.

Both Mr. and Mrs. Reeves are former teachers in the Matador schools, and maintain a ranch home northeast of town. Mrs. Reeves is also teaching in the Floydada School System.

Reeves received a certificate for outstanding teaching of conservation education from G. L. Fawcer, Chairman of the Floyd County Soil and Water Conservation District. It was one of the very few awarded this year.

Afton Students On Dean's List

Two Afton students were among the more than 250 Texas Tech University students in the College of Agricultural Sciences to be named to the Dean's Honor List for the fall semester, according to special news releases to the Tribune.

They are Gary V. Bridge, son of Dumont Bridge and Larry L. Lawson, son of Mrs. Sam Whitley. Lawson is a senior, majoring in Animal Business. Bridge, a sophomore, is majoring in Agriculture. To qualify for the Dean's List a student must have a grade point average of 3.0 or more and must

be taking as many as 12 hours of work.

Announcement of honor students was made this week by interim Dean Samuel E. Curl.

The College of Agricultural Sciences is one of eight colleges and schools at Texas Tech. The others are the colleges of Arts and Sciences, Home Economics, Engineering, Education and Business Administration and the Graduate School and the School of Law.

Enrollment during the fall semester passed the 20,000 mark for the first time since Texas Tech was founded in the mid-twenties.

This is the first time in several years that Texas Tech has released names of students making the Dean's Honor List. The Tribune was informed about three years ago that these releases were being discontinued, and since that time, this publication has relied on the students or their parents, for the information.

Fast Game Brings Three Overtimes

Matador traveled to Jayton, Tuesday the 19, to play the most exciting game in years. The girls played three, three-minute overtimes and finally, won the game with a 48-47 score.

The game ended in a 40-40 tie and Matador started into the first overtime with a starting forward Bridget Barton out because of fouls. Jackie Martin, a rookie freshman, took over for Barton and played an outstanding game. The score at the end of the first overtime was 42-42 thanks to a field goal put in by Debbie Smallwood. In the second overtime the crowd was in an uproar as Melissa Bailey put in two free shots. Debbie Smallwood racked up another field goal to end the second overtime a 46-46 lock-up.

A third overtime was unbelievable, the girls were tired, and the noise unbearable, but the teams put forth the best effort imaginable. Smallwood added the last two points of the game while shooting with a 100% accuracy during the overtimes. The guards did a fantastic job of holding their scoring down and really proved to be good under pressure. They rebounded 8 shots during the play-off with Charla Wason grabbing 4.

The game lasted an hour and 45 minutes with Debbie Smallwood totaling 28 points and Bridget Barton putting in 15. The girls were glad when it was over and so were the fans as they all crowded into the dressing room to offer their congratulations to the team.

Boys Lose To Jaybirds

The boys, who paced the stands for an extra quarter took a 72-46 loss. Bill Barnhill was high scorer with 13 points while David Lee had 11 and Rickey Lawrence had 10. David Lee led in rebounding as he picked off 9 with Barnhill, Lawrence, and Dwayne Campbell all bringing in 4 each.

Mavericks Lead District Play

The Mavericks of Matador Junior High are leading the district basketball race. The girls are undefeated in district games and the boys are undefeated for the season. This marks the end of the first of two round robin play-offs.

Matador has entered in three tournaments this year. In the Paducah tournament, both teams from Matador came home with first place trophies. The second tournament, held at Matador, will be January 28, 29, and 30.

So far in this year, the boys have on the average, scored 41 points per game, while allowing only 22 points to be scored against them per game. James Edwards is leading scorer with 130 points, averaging 10 per game. Clede Campbell averaged 9, Steve Stevens averaged 8, and Carlton Carpenter averaged 6.6 points in the first round robin. Other scorers are Pepper Nichols, Joe Campbell, and Mark Joplin. Leading rebounders for the boys are James Edwards and Carlton Carpenter.

For the girls, Lisa Smallwood is leading scorer averaging 14 points per game and Doris Thompson averaging 11 points. Their average per game is 29.6, while allowing only 20 points per game to be scored against them.

Faculty Women Join The Trend

The skirt length controversy is spreading all over the world. The dress manufacturers are not making dresses and skirts because they simply do not know the style of the coming year. Minis, midis, and maxis are the 'in' thing, the 'out' thing, and even the 'coming' thing. Women do not know whether

to look 'in', 'out', or 'coming', so they compromise and wear pants. Now in all sorts of occupations, nursing, secretarial work, and teaching, women are wearing pants and stalling the lengthy controversy over the hemline. Just recently, a policy approved by the administration of Matador Schools, offered the teachers the privilege to wear pants while teaching.

The vivacious brown-eyed daughter of Mr. and Mrs. Ray Cruse is an ex-Matador Mascot and goes by the name of Derinda.

Derinda has many likes and a few dislikes. She likes pink and readily admits that she has a special boy friend but in order to protect the innocent his name will not be printed. Her favorite playground activity is running from all the other boys. Another of her likes is watching "Bewitched" on television.

With all her extracurricular activities she still has time for school. She wants to be a teacher when she grows up and her favorite subject is linguistics.

RATINGS GOOD FOR DISTRICT

Matador High School Basketball teams were placed in a new district this year with Jayton, Flomot, McAdoo, Patton Springs, Roaring Springs, and Guthrie. The outdated district tournament has been replaced with a round robin play-off which consists of each team meeting twice, once at home and once on the opposing team's court. Matador met Jayton, there, January 19, to mark the end of the first round of games.

The Matador girls are now in a three way tie for first with Jayton and McAdoo; all three teams have a 5-1 record. Matador beat Jayton 48-47 and lost to McAdoo 47-48. The girls are averaging 47.5 points a game and holding the opponents to 43.2 points per game. Debbie Smallwood is hitting 19.2 points per game while Brigid Barton is making 17. Charla Wason is the leading rebounder in this mid-season total.

The boys are fourth in district following a three way tie for first between Jayton, Flomot and McAdoo. They are averaging 52 points per game. The three top scorers for the Matador boys are: David Lee with 12.8, Bill Barnhill with 12.4, and Rickey Lawrence with 11.1 points per game. Bill Barnhill is the leading rebounder for the

Matadors. The outlook for the upcoming season is good, since the boys will lose only Stanley Smith, a senior starter.

FOURTH GRADE
The fourth grade students have made Japanese trees in art. These unusual designs were made by blowing ink through a straw. Mrs. Keltz, along with the students, has made a very creative bulletin board on Japan.

FIFTH GRADE
The fifth grade welcomes a new student, Elaine King from Benjamin.

Two Highway Patrolmen, from Wichita Falls, presented a program and film on bicycle safety to the students from grades three to eight. Pamphlets were given to each student.

WEEK END VISITORS

Mr. Powell has recently returned to the states from a tour of military duty in Thailand and is stationed at Carswell AF Base. They also visited in Afton.

Mr. and Mrs. Guy Kimbell returned home Monday from a week end visit in Odessa with their daughter and family, Mr. and Mrs. J. P. Billingsley and daughter, Sandra, and with Mr. Kimbell's sister, Mrs. Mary Merrell and her daughter, Mrs. Ruth Thomas.

Soil Conservation Announces Contest

Annual Texas Conservation Awards Essay contest has been announced here, according to Ervin Willard of the local Soil Conservation Service Office.

Motley County Schools have been furnished information regarding the contest. County Agent Bill Palmeyer and Bennie Billington of the local SCS office have been working with the schools on this year's essay, entitled, "Our Natural Environment - Preserve and Protect It."

This subject should offer quite a challenge to students due to the present trend in pollution control and environmental enhancement, according to Willard.

Deadline for submitting the essays was set for February 1.

IN FLOYDADA HOSPITAL

Miss Sue Glenn is a patient in Caprock hospital, Floydada, where she was transferred about three weeks ago, from the local hospital. Her sisters, Miss Amy Glenn and Mrs. J. L. Woodruff, other relatives and friends have visited at her bedside during her hospitalization.
