sows that are not to be sold, need not be weighed. Classes will be as follows: STEERS: Light and heavy, with dividing weight to be set after entries arrive, so that classes will be even. Animals will be awarded prizes according to market grades (will not affect placing). LAMBS: One class of fat lambs will be shown. HOGS: Light and heavy barrow classes, with 181 pounds classed as heavy, and 180 pounds down to 100 classed as light (No hogs weighing less than 100 pounds will be shown). Classes are also provided for gilts and sows, with championship award made in this division only if entries are made in both classes. Care For 90 Days All animals must have been owned and cared for by the exhibitor for 90 days prior to the show. Boys and girls must show their own animals unless more than one is shown in a class, or unless physically unable to show the animal. Boys and girls who wish to sell their entries on the Fort Worth market must notify either their FFA advisor or the county agent not later than April 9. Steers and lambs will be hauled by truck to Ft. Worth. An attempt will be made to sell hogs locally, otherwise they will also be shipped to Ft. Worth. Prizes and special awards will be announced at a later date.

TRAIL DUST
By DOUGLAS MEADOR

Procrastination has always ridden behind my saddle with hands ever willing to draw back on the reins. Time has taught me a system, however, that is partially efficient. While avoiding a direct attack on the work that should receive my immediate attention, I have been able to accomplish many lesser things. Eventually the important work becomes lesser and receives attention while new work of importance is avoided.

Brandon Well Casing Run

Pan American Pet Corp.'s No. 1-B C. R. Brandon will probably be a producer. Casing has been set to 4300 feet and the gear-head is on the well. It is believed the well is at present waiting for the swabbing crew.

A new location has been staked in the same wildcat area (Section No. 7) by Pan American. It is titled as the No. 1 J. F. Bridges and is located in the northeast corner of Section 7.

LOCAL CHAPTER ATTENDS AREA 1 FHA CONVENTION

Attending Area 1 meeting of Future Homemakers of America, Saturday in Amarillo, were eighteen members of the Matador Chapter, FHA. They were accompanied by their teacher, Mrs. A. L. Fair, and parents, Mrs. Frank Price and Mrs. C. M. Barton Jr.

Participating on the program were Glenda Smith, Area 1 Parliamentarian, in charge of introductions; Jan Barton, who gave a reading during the afternoon program; and Charlotte Campbell and Carolyn Pohl, who sang in the Area 1 Choir. Carolyn was the voting delegate for Matador Chapter.

Chapter Talent performances by groups, rather than individuals, were judged for entry in state competition, it was explained.

In the local group, in addition to those named were, Peggy Welling, Verna Watkins, Inez Thrasher, Linda Beth Seigler, Edna Williamson, Faye Carnes, Kay Rattan, Linda Thompson, Anita Martin, Ida Fair, Sandra Grey, Norma Cooper, Nita Jo Smith, and Joyce Lynn.

LOCAL BOY MAKES GOOD—College is a terrible grind for Neal Pipkin, 22, son of Mr. and Mrs. W. N. (Bill) Pipkin of Matador, but he is struggling on bravely. He is a senior at Texas Tech, where he is majoring in mechanical engineering. In the above photograph he is receiving congratulatory kisses from Catherine Nelson, 22, Brownfield and Donna Abraham, 21, of Canadian after Caroline Reynolds, 22, Bula, had crowned him king of the all-college dance sponsored by a woman's honor society, The Mortar Board, at the Fair-Park Coliseum, Saturday night. In addition to the royalty honor, Pipkin is an outstanding student. He is one of 32 students who will be featured in the 1958 La Ventana, Texas Tech yearbook, for outstanding contributions to campus life this academic year. Selections by a Student Council committee were based on leadership, service to Tech, and character. He is one of 18 Tech students named for the 1957-58 "Who's Who Among Students in American Universities and Colleges." He is president of Sigma Alpha Epsilon; AFROTC wing commander and wing advisor of Bledsoe Hall, and was one of four AFROTC cadet officers who recently received the Distinguished Air Force ROTC Cadet badge; a member of the Tech Student Council, and the Saddle Tramps, service organization. Lions Dazzled By Beauty of 20 Candidates for Queen

MUNCHING their vitamin pills, re-seating their dentures and brushing their bald or balding pates, Tuesday the membership of the Matador Lions Club blinked its collective eyes at the beauty of 20 Matador high school girls who paraded on the auditorium stage. Purpose of the procedure was to elect a girl to be Lions queen at the annual District meeting (this year in Dahlart).

The club willingly would have voted for all the girls to be queens. Each member, however, was given a slip of paper, on which to write one girl's name. The ballots were collected by Lion John Stevens, who will guard them with about the same protection the government gives Fort Knox.

A few hours before the Lions annual revue performance the ballots will be counted and one of the 20 girls will be elected queen. The candidates were: Charlotte Campbell, Kay Norman, Peggy Welling, Linda Seigler, Kay Rattan, Kay Stanley, Carolyn Pohl, Karlene Smith, Frances Lancaster, Cissie Waybourn, Daphne Lynn, Frances McMahan, Jan Barton, Glenda Smith, Karen Webb, Francine Craven, Karmen Jenkins, Joyce Lynn, Betty Davis and Ray Davis.

The Lions were told to vote on three points, beauty, poise and personality. Mrs. A. L. Fair conducted the revue.

Lunch Was Delish

Selecting a queen was the only business of the club which retired to the school auditorium after an excellent lunch in the school lunch room. The menu included baked ham, mashed potatoes, hot rolls, green beans and cherry cobbler, with beverage.

Rev. Gene Hawkins, new Baptist minister here, was welcomed into the club as a new member. The following visitors were introduced: J. A. Young, Jack Spray, Charley Posey, T. B. Simpson and Lion Carl Darr.

School Week Observance

The Lions meeting held at the school was a part of "Texas School Week." Tomorrow (Friday) has been designated as visitation day and all parents and patrons of the school are invited for a tour of the plant.

The annual high school carnival is scheduled for tonight and advance reports indicate some outstanding new talent among the youngsters will be presented. A group of high school students will present a talent show at Northfield school house Friday night at the regular community program.

"Heart Trouble" Fear Modified by Address

"People should concern themselves more with living and less with dying," according to Dr. Wm. H. Gordon, famous heart specialist of Lubbock. He was the principal speaker here Thursday night at a banquet given by El Progreso Club, in the Methodist Church. Husbands and members of the Eternas Club, with their husbands, were special guests.

"Heart disease" (and there are many kinds) may be traced to the expanded span of life, Dr. Gordon said. In 1900 only 18 people out of 100 had lived passed the age of 45. People are living longer and there are fewer deaths now than 58 years ago, although more deaths occur in a group and age that did not exist then. "Work does not kill," the soft-spoken doctor said, "and exercise is very helpful in keeping the heart in good condition; over-eating and idleness contribute to ailments.

"We must not let our children become neurotics," Dr. Gordon said; "teaching them to eat properly... avoid over-eating and excessive fat foods... and training them to exercise regularly, will aid them in living normal, useful lives."

"Too many people live too long without knowing how to spend their time," Dr. Gordon said. "Find something to accomplish and accomplish it," he advised.

Dr. Gordon said many people who had "heart trouble" had continued to live useful lives by proper care of the ailment. He left his attentive audience with the feeling that "heart trouble" and other degenerate causes of death were not to be feared.

"Every baby that is born into the world must die someday," the doctor said, "and people should worry more about living and less about dying."

Meet in Sanctuary

Members of El Progreso Club and their guests met in the church sanctuary, where Mike Groves played organ music, and Rev. C. W. Williams gave the invocation.

Mrs. J. R. Whitworth presided and Mrs. W. F. Jacobs, El Progreso president, introduced Dr. Gordon.

The Hep Cats (Mike Groves, Pat Seigler and Gerald Pipkin) played instrumental music during the dinner in the church basement. Benediction was by G. E. Hamilton.

Men who have absorbed the blows of adversity are better qualified to withstand the beatings frequently administered by success.

Wall Street gamblers have no compunction in involving the public as innocent bystanders.

Personally I hold no brief for the loss of vests from men's suits. They did shield the necktie from blobs of gravy and were convenient for carrying toothpicks, but tailors persisted in making the garment too small for comfort as I grew older.

The exercise of too much haste in assembling a new opportunity may permanently damage the machinery.

When the traveler dreams of home, his journey is lost. He could have better remained at home and dreamed of the journey.

Destiny is never more generous than to create a circumstance which forces a man to rely on his own ability, his own thought and his own prayer.

The new sack dress is only for the woman who has everything.

When falling, some men manage to reach forward and grasp achievement.

AT SHORT COURSE

Algie Groves returned home early Sunday from a trip to College Station, where he attended a Highway Engineers Short Course at A&M College. From there went to Houston where he spent the week end with his son, Pat, student at Rice Institute.

Roaring Springs Entertains Youth

Banquet Features Circus Programs

Two banquets at Roaring Springs last week honored the young people of the community, with entertainment featuring a colored circus theme. The banquets, held in the school gymnasium, were sponsored by Roaring Springs Parent-Teacher Association.

A Mother-Daughter banquet Thursday evening opened with Invocation by Mrs. Charles Long. The "Welcome" was given by Mrs. G. W. James, with response by her daughter, Mary Alice.

A delicious dinner of baked ham, potato salad, baked beans, pickles, stewed apricots, bread, coffee and hot chocolate, was served to 170 mothers and daughters.

Favors were given to the honor guests, the senior girls and their mothers, Doris Martin and Mrs. Martin; Mary Alice James and Mrs. James, and Mrs. Charles Long.

The show opened with the Grand Entry, and performers included Horace, the "Educated" horse; the great Al Jolson, trained polar bears, trapeze and tight rope act; Harlem Dancers; "Can-Can" act and leg show; with four super clowns providing additional amusement. The entire group sang, "Sugar Time."

Program Repeated

The program was repeated Friday night at the Father-Son banquet, with the addition of the "Great Tom Tilson", magician's act. There were approximately 170 present at this affair also, with several men from Matador attending.

Women of the P-T-A expressed appreciation to everyone who helped in any way to make these two events "the best ever."

Eight Names Filed For City Election

Eight names have been filed at the city hall for places on the ballot to be used in the city election, April 1.

Three candidates have filed for the mayor's office. They are: W. L. McWilliams (re-election), Forrest Campbell and Floyd Bradley.

Three candidates have filed for the two places in the aldermen race. They are: Jack Norman (re-election), Wade Berryman and W. W. Clements.

Two candidates have filed for city marshal place. (This office is actually for nightwatchman. Election as marshal makes possible a gun permit. The nightwatchman is employed by the council, usually the same man elected as marshal. No salary is provided for the city marshal.) The two candidates are: A. L. Calk and Jack Lancaster.

Last day for filing for a place on the city ballot was Saturday.

FLOYD BRADLEY IS MAYOR CANDIDATE

The Tribune is authorized to announce the candidacy of Floyd Bradley for the office of mayor of the city of Matador, subject to the action of the city election, April 1.

Mr. Bradley is currently operating George's Cafe on the south side of the courthouse square.

Regarding his announcement, he said: "I have lived in Matador since 1942. I am a tax-payer here and own my own home. I am 60 years of age and a veteran of World War I.

"I have had some experience in public office, having served as constable at Dickens for 6 years. I was elected for two terms and appointed for one term.

"I have spent most of my life in the cafe business, having started in Clarendon in 1914, however, I have worked here as a gin employee and I have also done carpenter work."

"In announcing for the office of mayor, I feel that I am qualified and that I am familiar with most of the problems of the city. I will sincerely appreciate the vote and influence of everyone who finds it possible to support me in this campaign."

PROGRAM PRESENTED BY PADUCAH SCHOOL

Matador and Paducah high schools have been giving exchange talent programs in their schools for two years.
A group of Paducah students came here February 25th, and gave us an hour program. The "Off-Beats" were responsible for most of the program. However, the "Teddy Bears" were quite an attraction! The performers were seniors with the exception of one sophomore and a freshman.
We really enjoyed their singing and instrumental numbers. I think some of our boys have decided to form their own singing group after seeing how big the "Teddy Bears" went out. This group of four boys included a basketball star and a quarterback on the football team!!
We're looking forward to our visit with them. Let's hope our program goes over as big as theirs did!!

NEW FIELDHOUSE RECENTLY BUILT

Our fieldhouse has finally been completed. Wow! It really does look snazzy with the red and black interior and red brick exterior. Last Tuesday the school opened the fieldhouse for the visiting Lions who ate lunch in the cafeteria and it will also be open for the general public on Friday, school visitation day.
By the way, I hear some seniors had to erase their names off of the walls of the fieldhouse before we could have openhouse.

MR. "MAC" ILL

Students around M. H. S. are missing one of their long time friends, Mr. "Mac" Jess McBride. For the past two weeks Mr. "Mac" has been in Stanley Hospital. He is reported to be in serious condition in Room 3.
All students who wish to send cards may do so. Address them in care of the hospital.
Until Mr. "Mac" is able to return to his high school duties, Mr. Charlie Parks will work in his place.

America's only car with a hideaway holding—the Ford Skyline shown here with the fabulous new 4-passenger Thunderbird

It's like getting back 15¢ on every gas dollar!

Here's the biggest savings story of the year! And here's why.
It all starts with Ford's new dream of a drive called Cruise-O-Matic... the newest, most versatile, most automatic of them all! Two new driving ranges let you choose your starts for the road conditions that exist. For example, in most of the driving you'll do, you can take off lively as a spring lamb if you wish. And on snow, ice or any slippery road surface, with the extra driving range you can get sure-footed starts that are steady and silky-smooth.
Now, team this all-new automatic with Ford's new Thunderbird-powered V-8 (with up to 300 hp) and you get as much as 15¢ better gas mileage, too! That's because a special gas-saving rear axle ratio is used to give you all the savings of "built-in" overdrive economy.
And based on factory suggested retail delivered prices, a Cruise-O-Matic Ford is priced lowest at the low-price three with comparable equipment.
So, with Thunderbird go... down-to-earth gas savings... plus Ford's traditionally low prices and high resale return... you have the best reasons in the world to make yourself a deal on a beautiful new Cruise-O-Matic Ford!

WAYLAND COLLEGE TO HOST SENIORS

Plainview, Feb. 13 (Spl.)—High school seniors will be honored guests at Wayland Baptist College on Mar. 7 for the seventh annual Pioneer Day for High School Seniors and more than 600 young people and their counselors are expected for the spend-the-day affair, according to Dean Cecil Cosper, chairman.

Prospective students will also have an opportunity for conferences with college officials and faculty members to talk about Wayland's offerings in the various liberal arts fields. By writing to Dean Cosper in advance, special times may be arranged ahead of coming to the campus.

Little Change In Small Grain Test

February indications of the small grains test planted South of the J. D. Craven house in Matador were practically the same as the January check revealed.

as favorable as they have been, but a close check of the test showed that all grains have developed a good root system. Considerable rabbit damage was also noted, which is the case all over the county.

BARLEY: Rogers, Harbine & Cordova, with not much difference between Rogers and Harbine for 1st and 2nd place.

OATS: Alamo an easy first, followed by New Nortex for an easy 2nd. Mustang 3rd and Bronco 4th, with not much difference between the two.

WHEAT: Wichita, Comanche & Quana for the first three places with very little difference in any of them.

Wheat was harder to rate than either the barley or oats, because of the similarity of growth.

ATTEND TWO STUNTS
Mrs. J. P. Neighbors and son, Stanley drove to Denton Saturday, where they attended the Annual Class Stunts presented by the students of Texas Woman's University.

Mr. and Mrs. D. P. Keith visited in Houston with their son and his wife, Mr. and Mrs. Don Paul Keith, from Thursday until Sunday.

Legal Notice THE STATE OF TEXAS

American Cancer Fund and its unknown members, shareholders, officers, and representatives, and the persons who own stock or interests in and who constitute American Cancer Fund as an entity, corporation, association, firm, company or partnership, if it be any of such; and to the unknown devisee or devisees under a purported will of Clifford Mooers, deceased, dated September 24, 1956, admitted to probate in Kendall County, Texas, on December 10, 1956, and the unknown owners or claimants of any interest in or in any property standing in his name at the time of his death on November 13, 1956, including the lands and interests therein described in such suit and as described and identified in this citation, which are owned or claimed by such unknown claimants as devisee under such purported will. Defendants, each of whose identity and residence are unknown other than claimants American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, who have been joined as defendants in such suit for personal service.

GREETING:
You and each of you are hereby commanded to appear by filing a written answer to plaintiff's petition before the Second 38th Judicial District Court of Kendall County, Texas, in the Courthouse in the City of Boerne, Kendall County, Texas, at or before ten o'clock a. m. on the Monday next following the expiration of 42 days from the date of issuance of this citation, said Monday being the 17th day of March 1958, and then and there to answer the original petition of Dolores Mooers, a widow, as plaintiff, filed in said court on the 30th day of January, 1958, against H. B. Fuqua as Independent Executor under a purported will of Clifford Mooers, deceased, and in which suit the other named defendants are those persons first named in this writ and to whom it is above directed, and other defendants to be cited personally are:

American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, and Betty Nuss, Chester Green, R. J. Kelly, Mrs. Gladys Van Pelt, Genevieve Conroy, Ralph Dahlstrom, Swen Lundahl, Russell Baughman, Charley McClaskey, Allan H. Ellingson, Paul S. Oles, and Mrs. A. G. Koenig, as executrix under the will of A. G. Koenig, deceased, and the said Mrs. A. G. Koenig, a widow, and Elizabeth Koenig, a feme sole, as the only heirs of A. G. Koenig, deceased; John T. Claybourne, Frank Demus, Mrs. C. W. Farley (and husband, C. W. Farley), Tom Walters, Leonard Ward, Bruno Brandt, W. B. Davis, and John W. Clark, individually and as constituting and representative of that class of five-year employees given cash legacies of \$500.00 each under the terms of such purported will of such decedent.

Said suit styled "Dolores Mooers, A Widow, v. H. B. Fuqua, Independent Executor, et al.," being numbered 1525 on the docket of such court and a brief statement of the nature of the suit being as follows:

Plaintiff seeking equitable review asks to set aside a settlement made with her husband, Clifford Mooers, dated May 1, 1956, and this Court's decree of approval entered the next day in cause No. 1464, styled "Ex Parte: Clifford Mooers and Wife, Dolores Mooers," recorded in the minutes, Vol. 6, p. 636, and asks an accounting and for a declaration fixing the identity of the residuary devisee under a purported will of such husband as admitted to probate December 10, 1956, in which suit it is claimed that plaintiff as the wife of such decedent

for 27 years before his death was induced to consent to such property settlement and decree by the fraud of her husband and his agents, consisting of false representations and concealment of material facts as to the nature, extent and value of the community property and of plaintiff's true interest therein at such time, and because of further false promises to bequeath and on account of mistake induced by fraud of her said husband and coercion; and it is claimed that a fraud was also practiced by such decedent on this Court, and that the proceedings did not comply with Article 2624a.

It is further claimed in such suit that all or substantially all property in decedent's name at the time of such settlement and at the time of his death was community property, and that had the wife received those properties awarded to her in such settlement, such were greatly less than her share at such time, and such contract was grossly unjust and disadvantageous to her, but that there was further material fraud and deceit practiced on her as to those properties which it was recited she was to receive under such settlement because of failure of title and of consideration in material part and inability to deliver and failure to deliver personal property of the kind and value which it was represented such wife should receive.

Plaintiff offers to do equity and makes a continuing tender to restore that which she has received and asserts that due to her situation, inexperience, ignorance and deception she could not sooner have discovered such fraud and brought this action.

It is further claimed that since such husband's death the defendant H. B. Fuqua, acting as Independent Executor under

the purported will of such husband, has come into possession of but has not distributed all of those properties which the husband wrongfully took under such settlement and decree and in which plaintiff had a continuing equitable ownership and interest, and that the other defendants are claiming to own or have some interest in such properties and estate as the respective cash legatees and residuary devisee under such purported will; and that among such properties are lands and interests in lands within the State of Texas including those described, listed and identified in such petition, including the following:

IN HUMBLE THANKS

We are thankful beyond measure for all of our good friends who helped us so much during our recent bereavement. May we offer our humble thanks for your comfort and love, your many acts of kindness, and beautiful floral offerings. We pray God's richest blessings on each of you.

The Family Of Mrs. G. T. Edwards

WITH GRATITUDE

We are deeply grateful to those who shared our days of watchful waiting and hours of grief, and for your many kindnesses expressed in so many thoughtful ways. Your comforting expressions of sympathy can never be forgotten and have brought to us a greater appreciation of our friends, whom we shall never be able to repay.

NOBODY LOVES ME

There are some service stations where your car's battery will be treated like a stepchild. The attendant forgets all about it.

But not at Phillips 66 Stations! Among the first things we look at when you drive in is that very important little character—your battery. We check the water, inspect the terminals, give it loving care. After all, if it goes dead... so does your car.

When you do need a new battery, we'll install a powerful new Phillips 66 Trop-Artic® Battery, and we'll back it with a written guarantee!

Drive in and see us soon. You'll like our service... and our products!
