**Refreshing Norther Sweeps Panhandle**

**Cold Front Brings Beneficial Shower**

SUMMER departed late yesterday like an offended relative. The season which had long over-stayed its welcome, left in a huff, dragging a Panhandle full of near 100-degree heat. Windmills turned their wheels to face the north about 6 p. m. as "wet looking" clouds swept southward, partially hidden by dust. The cool air brought immediate relief and the dust was gone within a short time. Lightning started playing in the cloud bank and by 7 p. m. rain was falling. Rain fell vigorously for several minutes, registering over one-tenth inch in the north part of Matador, and leaving a strange-looking brown liquid in bar ditches and low places. Within an hour the mercury had dropped a refreshing 20 degrees. Cold-sounding winds continued to sweep southward at dawn today. The rain was extremely light across the county according to observations of "cloud-watcher's." A heavy cloud swept southward apparently along the west boundary of the county about 8:30 p. m. and is believed to have deposited moisture of sufficient quantity to benefit crops. The area was not extensive, however, because Floydada had received approximately the same amount of rain as Matador at 11 p. m. The "heavy cloud" was observed east of Floydada.

**DANIEL GRANTED GOVERNOR'S RACE**

Ralph Yarbrough announced Tuesday that he would not contest Price Daniel's apparent victory in the runoff primary for Texas' governor. There was speculation that Yarbrough's statement actually was a concession of defeat to pave the way for his announcement as a candidate for the U. S. Senate — when Daniel resigns. "I may have another announcement in a day or two, but I don't want to say anything about it now," he told reporters. The statement said Yarbrough trailing by 3,343 votes in the latest official count, did not intend to file a contest in the governor's race.

**MRS. RUBY THOMAS CLAIMED BY DEATH**

Mrs. Ruby Thomas, 68, resident of the county since 1914, died Tuesday at 1 a. m. in the Childrens General Hospital. She had been suffering from a heart ailment for several years. Final rites were held at 3 p. m. Wednesday in the Northfield Church of Christ by Cecil Ashford of Amarillo. Mrs. Thomas was born in Young County, Texas on June 24, 1868, and came to Northfield and Motley county in 1914, where she has lived since, with the exception of a few years when she resided in Matador. Pallbearers were Tom Moore, Newell and Pete Timmons, Bud Simpson, Sam Moore and Delmont Hays. She is survived by six sons: W. E. Nolan and Allen, all of Northfield; Vinson and Raymond of Amarillo; and Lee, of Pampa, Florida; one daughter, Mrs. Izora Lester of Lovington, New Mexico; and three sisters: Mrs. Oma Massey of Roaring Springs, Mrs. Ivy Cooper of Matador and Mrs. Vyna Grace of Morenci, Arizona. Burial was held in the Northfield cemetery under the direction of the Newberry Funeral Home of Childrens.

**More Showers Likely**

Beneficial showers may have fallen in parts of the Flomot area where crops have "held" to some extent against the prolonged drought and hot weather. Cloud formations indicated that showers may have fallen in the Northfield area. Weather forecasters held little hope that the cold front would produce but scant amounts of rainfall. A report from Lubbock last night said the rain was light and scattered. Some hail fell in the Shallowater area.

**School To Extend Milk Program Here**

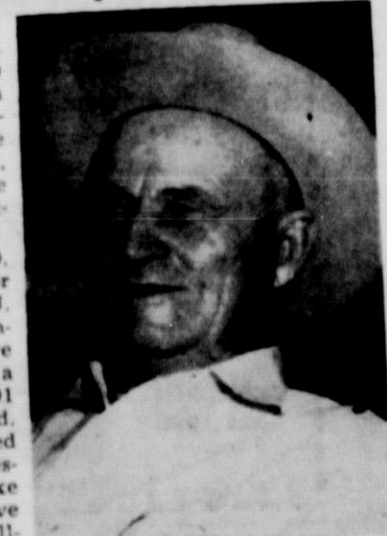

Special milk program in effect last year, has been extended by the Texas Education Agency, school officials have announced. The program provides extra milk during morning and afternoon recess periods and also additional milk for the lunch period. Only change is the price. Cost has increased one cent per half pint. The price to students has been three (3c) per half pint as compared with two cents last year. The program is made possible through cooperation of the United States government.

**ASSEMBLY OF GOD TO HOLD REVIVAL**

A revival meeting will begin Sunday, Sept. 9, at the Assembly of God Church, it was announced this week. Services will begin at 7:45 each evening. Speaker for the meeting will be Rev. Morris LeKovitz, of Oklahoma City. He will be accompanied by his wife, who will work with the children. A cordial invitation is extended to the public, by the pastor, Rev. Frank Postelle, to attend the meeting, which is scheduled for two weeks.

**Early Pioneer Tells Rattlesnake Story Phenomenal As The Country During 1890**

WILL DUNCAN doesn't think you will believe this story but he wants it in print, because it is true. He wants it to become a part of the history of West Texas. The Tribune didn't make the history—it just reports it. Now, if you are ready, here is the story as told to a Tribune reporter at Old Settlers reunion.

Will Duncan

Will Duncan was a boy of 10, gathering mesquite grubs for firewood, with his father, W. J. Duncan, in Dickens county (Duncan Tank and Duncan Flat were named for his father). It was a warm, lush spring, about 1891, and Will Duncan was barefooted. He came upon what appeared at first to be a bleached-out mesquite log. It was a rattlesnake — almost as big around as a stove pipe." Will Duncan's father pulled him back and cut the big snake's head off with an ax. They continued to load the wagon with mesquite grubs. Sometime later Will Duncan looked at the body of the big snake and it had another head, altho the first head was lying a few feet away. The snake did not really have another head. The big snake had swallowed another rattlesnake slightly smaller — tall first. The "inside" snake was not dead. It had pushed its head through the hole. They killed the second rattler and called witnesses: John Speers, Tom Stocks and Jim Davidson. They were also gathering grubs and firewood on Duncan flat. The group of pioneers killed 11 large rattlesnakes

on Duncan Flat that day but only one which had turned to cannibalism. Well, there is your story. Will, in print, for posterity. We believe it and its a rattling good story.

**Rosy Outlook In Coach's Address**

**IN CONTRAST** to general conditions, Coach Clifford Bradshaw has a rosy outlook for the 1936 Matadors gridiron season. He was principal speaker Tuesday at the regular meeting of the Matador Lions club held in the Methodist Church basement. The Matador captains Garland Cartwright and Clay Jameson were luncheon guests of the club. Coach Bradshaw believes in the Matadors. He made no predictions with regard to the win and lose tally at the end of the season. He said the Matadors would be ready. He explained the positions and versatile abilities of the top players in the squad. He also explained some of the plays he will use. Coach Bradshaw said 34 boys had come out for football and that all were working hard. He expressed no fears, above the possibilities of injuries.

**Violin, Organ Concert Offer Revival Variant**

Nightly violin and organ concerts preceding the revival services at the First Baptist Church are appealing to an increasing and appreciative audience. The violin in the deft hands of Rev. Carlos Gruber of Plainview, is complemented by the talent of Miss Juanita Haynes of Miami Hammond. The concerts begin nightly at 7:30.

The musical prelude provides an inspiring atmosphere for the dynamic messages of Rev. Louis B. Dendy of Richland, Washington, revival evangelist. The violin-organ concert is receiving much favorable response from church leaders, laymen and the public. The revival singing is under the leadership of Rev. Gruber.

**Roaring Springs P-T-A To Entertain Faculty Members**

Roaring Springs faculty members will be guests of Roaring Springs Parent-Teacher Association on Sept. 10, at 7:30, at an ice cream supper. The affair will be held in the Gymnasium.

Every family in the community is urged to attend, and to bring a freezer of cream, a cake or ice cream cones.

**County Designated For Hay, Roughage**

Continued drought conditions have brought Motley county under the Texas hay and roughage program, according to Delbert L. Kassahn, county FHA supervisor.

**Flowers Refute Drouth's Wrath**

A refreshing contrast from the brown prairie, pre-yellowed tree leaves and empty fields, may be found at the Texas Highway Department's plant on the west side of town. It is the unusually beautiful arrangement of flowers growing on the north side of the plant and facing US Highway 70.

**Program Features Roaring Springs School Opening**

Roaring Springs school opened Monday, Aug. 27, with an enrollment of 163. Rev. Weldon James addressed the group, after which Jerry Green led the pledge of allegiance to the flag.

**CHAPTER TO MEET**

Gamma Eta Chapter of Delta Kappa Gamma will meet at 2 p. m. Saturday, Sept. 8, in Roaring Springs. It was announced this week. The meeting will be held week in the First Christian Church, and all members are expected to be present.

**PIONEER RESIDENT SERVICES AT SPUR**

Funeral services for Mrs. Kate C. Buchanan, 90, who died at her home in Spur Tuesday morning, were held yesterday at 4 p. m. in the Spur Methodist Church.

Services were conducted by the Rev. Cal C. Wright. Burial was in the Spur cemetery under direction of Chandler Funeral Home.

Mrs. Buchanan was born Feb. 10, 1866, in Arkadelphia, Ark. On Nov. 24, 1882, she was married to Charles M. Buchanan and they came to Dickens county to homestead in 1889.

An Old Settlers Reunion in Roaring Springs two weeks ago, Mrs. Buchanan was recognized as being the Dickens pioneer present at the meeting who had resided the longest period of time in that county.

Mrs. Buchanan, who had 56 living descendants, recently entertained 28 of them at a family reunion, where they discussed the family's progress from living in a dugout in 1889 to the present when one grandson is U. S. Ambassador to Luxembourg.

Survivors include two daughters, Mrs. Emma Russell of Spur and Mrs. Buelah Roddy of Post; three sons, Albert Buchanan, Douglas Buchanan and Roy; 11 grandchildren; 33 great-grandchildren, and nine great-great-grandchildren.

**Whiteflat Church Announces Revival**

Rev. Woodrow Williams, pastor of the Matador Methodist Church will do the preaching in a revival meeting beginning Sunday, September 9, at the Whiteflat Methodist Church.

Services will be held twice daily, at 10:00 a. m. and 7:30 p. m. and will continue through Sunday, September 16.

Randall Whitworth of Matador, will lead the singing for the meeting, and pianist will be Mrs. Clovis Murphy of Whiteflat.

Everyone is cordially invited to attend all services.

**Early Building Razed At Flomot**

One of Flomot's oldest landmark buildings is being razed this week. It is the building which once housed the mercantile business of the late Leonard Crowell.

Crowell, who came to Motley County in 1904 and worked on the Flah ranch near Flomot, established the community's second general merchandising store there in 1911.

Dry goods and groceries were first offered to the public and later, disposing of the dry goods department, Mr. Crowell changed his business to a hardware and farming implement establishment. At one time he stocked coffins and other plumbing equipment.

**Mosquito Blamed For Sleeping Sickness Incidence On Increase In Plainview Area**

A mosquito (culex tarsalis) frequenting irrigation ditches may be the carrier that is spreading encephalitis (sleeping sickness) in the Plainview area. The incidence is spreading and causing considerable alarm according to the Plainview Herald.

A team from the Texas State Department of Health arrived Saturday to make a study of conditions that might be causing the higher incidence. Dr. Randall G. Heye, member of the Plainview Hospital and Dr. Henry A. Hollis, of the Texas Department of Health, have been contacted and appraised of the encephalitis incidence in the area.

Dr. Heye said that although encephalitis is more prevalent than normally, he would not say it is epidemic proportion. He estimated that 15 cases have been diagnosed in the Plainview Hospital and in the Clinic Hospital since this summer. He was unable to give data on where the cases originated but said most of them

**Henry Pipkin Is Hospital Patient**

Condition of Henry Pipkin, patient in Stanley Hospital since last week, was improved late yesterday as he ate heartily of his supper. Visitors also said he showed improvement.

Matador pioneer and Dean of the Peace Legion, Justice of the Peace Pipkin has been suffering from a stroke several months which has made it difficult for him to walk or drive his automobile. He was taken to the hospital last Wednesday.

in organizing the Senate, but made it clear he voted for Ike in '52, and would do so again.

He is a major threat to the Texas GOP's official endorsement, Thad Hutcheson, a young Houston attorney. Hutcheson promised "no token fight."

Congressman-at-Large Martin Dies indicated early in the summer that he would run.

Not all will run, of course, but such a rare political opportunity is sure to draw a crowded field.

Democracy will make a real fight to regain Texas in the November election, says U. S. Sen. Lyndon Johnson.

He has invited both nominees to speak in Texas this fall. Vice-presidential Candidate Kefauver was specifically urged to attend the Heart of Texas Fair in Waco to be held Sept. 29-Oct. 5.

School Bells Ring Out—For millions of Texans the political clamor is almost drowned out this week by the ringing of school bells.

As usual, a "biggest ever" public school enrollment is expected. Texas Education Agency estimates enrollment at 1,754,833, compared to 1,740,784 last year.

No official reports or estimates were available on how many additional schools will be integrated this year. TEA officials, alerted this year, are patrolling the school to prevent registration of Negroes.

**LETTERS TO THE MATADOR TRIBUNE**

Roaring Springs, Aug. 28.

Dear Mr. Meador: This clipping came from a recent issue of Lubbock Avalanche Thought it might interest you. Mr. Green and I enjoyed the "Old Settlers" very much; thanks to you and Mrs. Meador for your part in making it what it is. Your paper has contributed very much in getting people here. Sincerely, Mrs. Duff Green.

(The clipping, from the column "Down Memory Lane" quotes from old issues of the Avilancha and this particular one was from the files of the Lubbock Morning Avalanche for Aug. 27, 1936 twenty years ago, as follows):

"ROARING SPRINGS—The beautiful spot in southern Motley County, near the Dickens County line, will be the scene of the 14th annual Motley-Dickens County Old Settlers Association reunion, Thursday and Friday, with hundreds expected here from over a wide territory. Speakers for the two days include: Con. George Mahon, Sen. G. H. Nelson, Tahoka; State Rep. Bob Alexander, Childress, and Judge A. J. Fires, Childress. C. C. Haile, Afion, is president. The Association was formed in 1923."

The Associated Press Dallas, Texas August 31, 1956

Dear Doug: Enjoyed reading the Tribune's excellent news coverage of your Old Settlers' reunion. I don't know the people but your news accounts and pictures brought to life, and made most interesting, a significant era of history. Your paper consistently does such things well, but on this occasion, I just thought I would like to say so.

With warm regards to the Editor and the Associate Editor, Sincerely, Frank King (General Executive)

Additional teachers are needed, says the Texas State Teachers Association.

Business Record Still Expected—Despite a summer slump and farm troubles, forecasters expect Texas' total business volume to set another record in 1956.

According to the University of Texas' Bureau of Business Research, business activity declined two per cent in July. But the index was still two per cent above July, 1955.

Plight of the drought-stricken Texas farmer continues to be the most serious aspect of the state's business situation," said the report. "Farmer not only face falling prices, but have very little to sell."

Texas farm prices have fallen 36 per cent since 1951, livestock prices 48 per cent in the same period.

Proposals to streamline Texas' mental health code are being drafted by the University of Texas Law School.

Financed by the Hogg Foundation, the project is being conducted with the guidance of the Board for State Hospitals and Special Schools.

Suggested changes would (1) encourage earlier care for mental cases to speed recoveries and reduce expense to the state and (2) modernize administrative procedures for the state hospital system.

Crimobile Unleashed—Texas' unique new crimobile is on the road. It was officially launched in Austin last week with a flask of "truth serum" (sodium amytal) substituted for traditional champagne.

Dallas was first stop for the 40-foot trailer truck with its educational display of modern crime detection equipment. Other major cities are to be visited soon.

Texas Law Enforcement Foundation assembled the crimobile with contributions from industry.

Short Snorts—University of Texas will have its final admission tests for the fall semester at the main campus Sept. 10. Total students tested before school's opening will be about 4,500, officials estimate.

**Record Exhibits Scheduled For Tri-State Fair**

AMARILLO, Texas, Sept. 6.—A record number of agricultural livestock, FFA and 4-H exhibits had been received by Tri-State Fair officials prior to the last habit space had been sold four weeks prior to the fair's opening, which set a new all-time record for interest in the Golden Spread's biggest annual event, Sept. 17-22.

Thirty-three bands from cities throughout the Golden Spread region and 1,000 troops from Amarillo Air Force Base, with musical units from the insti-

lution, will participate in the fair's opening parade at 11 o'clock Monday morning, Sept. 17.

The Stamps Ozark Quartet has been booked to sing at the fair's third annual Country Singing Festival on the closing afternoon of the fair.

This free event, to which everybody is invited to attend and join in the fun, will be held in the fair's sports arena, beginning at 1:30 PM on Saturday.

The Tri-State Fair, second in size and crowd appeal only to the Dallas State Fair, this year has assembled entertainment designed to encompass thrills for all ages. Interest to date indicates record crowds will attend the week-long presentation.

Mrs. Pearl Martin visited Mrs. Harvey Wimpee who is ill at Stanley Hospital in Matador.

Mr. and Mrs. L. W. Crowell and children visited her parents, Mr. and Mrs. Brock Pinkard of Amarillo, over the week-end and were accompanied home by Mrs. Pinkard.

Mack's Cafe opened Saturday in their new location in the newly finished quarters of the Robert Thomas Filling Station. Mrs. Fred McNeely, the proprietress, served coffee and doughnuts to the public.

Odus Crowell of Amarillo was here Friday to visit his mother, Mrs. Lizzie Crowell.

School opened Monday, August 27, with the registration of 101 students.

Mr. and Mrs. Doyle Barham and son of Tulla visited his mother, Mrs. Cordie Barham over the week-end.

## 'Esplanade of Light' Planned for Fair

Artists' impression of how the Esplanade will look at night shows how it will utilize enough electricity to light a small city and a total of 1,772 fountains of water shooting high into the air. The manmade scenic wonder is co-sponsored by the State Fair and Dallas Power and Light Company.

## 'Atoms For Peace' To Be Displayed As Attraction Of Tri-State Fair, Amarillo

AMARILLO, Texas, Sept. 6.—The world's first sight of the city's most famous exhibit on the peaceful use of atomic energy will be one of many featured attractions at the 1956 State Fair, Sept. 17-22.

"Atoms For Peace—The World Tomorrow" is a fabulous, multimillion dollar display conceived by the Atomic Energy Commission. It succeeds the one constructed in 1953 and contains working models of wonder machines which use atomic energy for health, food preservation, agriculture and industry.

Located in the new \$55,000 building at the Tri-State Fair, "Atoms For Peace" exhibit will not be shown at any other Texas fair this year, according to Atomic Energy Commission officials.

Men, women and children of Golden Spread area, said President Delbert Dalby of the State Fair Association, "are fortunate that Amarillo was selected as the first site to show this startling exhibit. It is something that no school child will want to miss see."

Other free features at this year's Tri-State Fair include acts from Ringling Brothers circus. These acts, to be staged daily, include the world's wisest chimpanzee act, high-

# Turkey Dedicates New Grade School Building

A SPLENDID tribute to the progressive spirit of the citizens of Turkey Independent School District was crowned Sunday afternoon with the dedication service and open house held in the new Turkey grade school building.

One of the most modern and best equipped school buildings in the Panhandle was opened to the public and the tax-payers who had voted the cost upon themselves. The desire of the people of the district to give their children the best and safest facilities possible had been achieved. Turkey PTA was in charge of the program and served punch and cookies in the new cafeteria.

Superintendent O. K. Edmondson said the district approved a \$140,000 school improvement bond issue after the need for new facilities had been explained. Less than 30 voted against the issue. The new building cost \$125,602 and contains eight class rooms, a book room, modern rest rooms and school cafeteria.

Class rooms are decorated in pastel shades, have asphalt tile floors, venetian blinds, and built-in lockers in each room for each student.

Classroom furniture is designed to scale for the size of the students. The first four grades have individual desks and chairs similar in appearance to regular office furniture. Grades five through eight have chair desks which adjust to the individual comfort of the student. Heating (gas) in each room, including the rest rooms is furnished by individual units thermostatically controlled.

All halls and rest rooms have terrazo floors with polished tile wainscoting on the walls. Edmondson said the only flammable items are books, paper and some of the room furniture.

but that the building with the exception of windows and doors is completely fireproof.

**New School Cafeteria**  
The brick, tile, steel and concrete building is of the most modern construction. Rooms are 25x30 with furniture for 30 students but will accommodate 35 comfortably.

One of the most impressive features of the new building is the modern cafeteria kitchen and dining room. The dining room is 42x40 and the kitchen 42x22. All new dining room equipment seats 96 with additional room for more if needed. The kitchen is a marvel of modern cooking and serving equipment, including two deep freezers, a six-burner range, deep fryer, decked bakers oven, large size cafe toaster, refrigerator, vegetable wash tables, bakers table, automatic heat controlled dish washer with pre-wash sprayer, a four section hot milk box, steam table, refrigerated dispenser, etc. One of the modern kitchen items is an automatic potato peeler. Edmondson said the total amount of added kitchen equipment was \$2,928. School lunches are priced at 30 cents.

The adjoining high school building has undergone extensive repairs and improvement. Three sets of double metal doors have been installed and the south side of the brick building has been extended 20 feet to enlarge the school gymnasium. Plans were being made for an estimated attendance of 1,000 at the dedication and open house ceremony. Lee Vardy, former Turkey superintendent, was scheduled to speak.

**UNDERGOES SURGERY**  
Mrs. John Rogers of Hot Springs, N. M., who has been visiting here with her mother and other relatives, last Tuesday underwent major surgery in Quannah Memorial Hospital. At the hospital during the surgery were Mrs. Jackson, Mrs. Rogers' son, John Morgan Rogers, and her sisters, Mrs. Bert Hunter of Freeport and Miss Annie Mae Jackson and Mrs. Pat Sheridan, of Matador. Another sister, Mrs. Blawett Davis accompanied her to Quannah, Monday, before leaving with her husband for their home in Los Angeles, Calif. Jackie Rogers accompanied them as far as his home in Hot Springs. He had accompanied his mother here last week.

**IN APPRECIATION**  
We wish to take this means of expressing our profound appreciation to friends of Motley County for gifts and donations sent us when our home near Azle, burned last month. We shall always be grateful for these tokens of your friendship. Mr. and Mrs. Glen Bird and Family.

Mr. and Mrs. Burl Alsup and son, Jerry of Albuquerque, N. M. spent the week-end here with his parents, Mr. and Mrs. T. B. Alsup.

# It Always Rains In August!

**MATHIESON IRRIGATION PIPE**

## With Sprinkler Irrigation . . .

**DROUTH YEARS or rainy years, cotton must have rain in August. Sprinkler irrigation farmers always have rain when they need it, especially in the crucial month of August.**

In dry farming sprinkler irrigation insures moisture when the cotton farmer needs it most — always in August. Your sprinkler irrigation will prove a profitable investment, even in "wet" years. It will be your insurance against being "one rain" short of making a bumper crop.

**Sprinkler irrigation is paying its way ALL THE WAY** and making money for farmers in this area. The difference in the grade of the staple alone will soon pay for a well and equipment.

If you are tired of gambling with a crop, let us explain more about irrigation, the cost, financing, water areas, etc. We have more than five years experience in developing irrigation systems in the "below the Cap Rock" territory. We can deliver a "turn-key" job, including a developed well and all equipment. All you do is start an engine and enter the profitable irrigation farming business.

He has lived in New Mexico for 42 years.  
Will Duncan was not a cowboy on the Matador Ranch. He broke broncos for \$1 per head, and worked as a cowboy on his father's holdings. In 1900 and 1901 he participated in the Motley County Cowboy's Reunion held annually for several years at Roaring Springs. Bronco riding and roping contests were held in the river bed. The organization later dissolved and the Motley-Dickens Counties Old Settlers Association was organized in 1923.

### ROARING SPRINGS BAND PROSPECTS TO BE DISCUSSED

A movement is underway by parents and other interested citizens of Roaring Springs, to organize a band for the young people of the community, and a meeting has been called for 4:30 p. m., Tuesday, Sept. 11, at the scout hut in Roaring Springs for this purpose.

Mrs. Ralph Marshall, band instructor in the Patton Springs school, will direct the band for Roaring Springs, it was announced.

J. D. Schoonover, a representative of Caldwell Music Co., of Abilene, will be present at the meeting, with an assortment of band instruments from which selections may be made. Mr. Schoonover taught band in Hardin-Simmons University for 21 years and is familiar with all types of instruments. He has informed leaders in the band movement, that the instruments can be rented for a period of two months, until purchasing arrangements might be completed.

All parents are urged to attend the meeting Tuesday, with those children interested in taking band music.

### Demo Convention To Be Subject Of Stapleton Address

A man who was there is going to tell his impressions of the 1956 National Democratic convention held in Chicago District Attorney John Stapleton of Floydada, is going to make the principal address Monday night at the regular meeting of Fleming Post American Legion. He was a delegate to the convention. The address will follow a covered dish buffet supper held jointly by the Legion and the Auxiliary. All members are urged to attend.

The public is also invited to attend the meeting, according to James Pridy, Commander. "Bring a covered dish if you want to eat with us," he invited. "Otherwise, you may come at 8:30 and hear the speaker. We feel that this will be an informative and interesting program."

### Work Advancing On Athletic Building

Construction work is advancing rapidly on a new athletic and physical education building on the Matador school campus, it was announced last week by Curtis Graham, President of the board of trustees.  
The building, 50x37-feet, will be used to house all outside activities of high school and grade school boys. The building will contain dressing rooms for high school and grade school boys, office space for coaches and a large storage room.

Of brick veneer construction, lumber in the building is being salvaged from an old barracks obtained from Reese Air Base. Construction is by J. C. Green, Jr., with the school providing the material, most of which was on hand.

Officials said the building will relieve crowded conditions in the gymnasium and eliminate many other problems in the small dressing rooms in the grade school building. Completion is expected in time for the conference season.

### HOME AFTER SURGERY

Walker Williams has returned to his home here after spending three weeks in the Veteran's Hospital in Amarillo, where he underwent major surgery. He is improving satisfactorily, and is able to be up and in town.

### IN APPRECIATION

I would like to take this means to say "Thank You" to my many friends for the thoughtfulness and kindnesses shown during my illness. I have received many nice letters and beautiful get-well cards. For this, I am indeed grateful. I am home from the hospital and my recovery is slow but improved.

Sincerely yours,  
F. Z. Martin,
