Panhandle Gets Snow Blanket

Six Inches Fall Here as Winter Plays Return Engagement; Moisture .42-inch

SIX INCHES OF SNOW fell here early Wednesday as stage-struck winter returned to the footlights. Many Matador residents were not aware of the snowfall until they awakened. The snow spread across all of the Panhandle, including much of eastern New Mexico, the Oklahoma Panhandle and parts of Kansas. It changed to freezing rain east and south of here.

It looks like the beginning of a beautiful friendship between Old Man Winter and Spring. Drizzle and showers that continued Thursday afternoon, changed to violent thunder storms in the Abilene area, with storm warnings out along a line between Abilene and Cisco.

Heavy rains fell in Abilene but the storm warnings were lifted before 10 p. m. At the same time four inches of snow fell in Amarillo.

Moisture-laden clouds moved into this area Friday night and developed into a violent thunder storm. Lightning did considerable damage to a fireplace chimney at the Dr. A. C. Trawick Jr., home and also disabled some power circuits in other sections of Matador.

Light showers again fell before midnight Sunday night. The mercury dropped to about 25 degrees Monday night.

Clear skies early this morning indicate that the snow may soon disappear, although the mercury registered 25 degrees at daybreak.

SCHOOL FOOTBALL GROSS IS \$5,000

High school football is a good business, but like other enterprises, after the expenses are deducted, very little remains.

The following figures were obtained from a report handed out Tuesday at the Lions luncheon in the school lunch room. They represent a financial report of the Matador High School 1957 football season. (Amounts are in round figures)

Balance, March 1, 1957, \$978; Spur game \$799; Loraine game \$406; Petersburg game \$550; Crowell game \$303; Estelline game \$340; Lakeview game \$183; Turkey game \$315; Silvertown game \$113; Quitaque game \$101; Wheeler game \$1,257; Groom game \$185; Whiteface game \$453; Misc. (money rec. for trophies, \$44. Total \$6,033.

Expenses, March 1, 1957 to March 1, 1958: Game officials \$361; Visiting teams \$1,566; Equipment \$1,542; Lights \$201; Water \$49; Meals \$219; Gasoline \$98; Laundry \$43; Coaching school \$50; Misc. \$60; Other expense \$42; Awards \$528. Total \$4,762.

The balance on hand is \$1,270, or about \$300 more than was on hand a year ago. Deposit slips, invoices and cancelled checks are available for inspection.

New Schedule Complete

The Matador Matadors' 1958 schedule has been completed. The club is now in a new district (Dist. 9B-Region III) with Turkey, Quitaque, Lakeview and Estelline. With only four conference games, Matador is forced to schedule six non-conference games.

The schedule is as follows: Sept. 5 at Silvertown; Sept. 12, Paducah here; Sept. 19, Idalou here; Sept. 26, Crowell here; Oct. 3, Spur, there; Oct. 10, Lorenzo, here; Oct. 17, Estelline, there; Oct. 24, Lakeview, there; Oct. 31, open; Nov. 7, Quitaque, here and Nov. 14, Turkey, here. (Place of games is reversed for 1959).

Winner in the new district will play such teams as Rule, Aspermont and Rockstar.

Bank Report Reflects Top Economic Trend

TRAIL DUST

By DOUGLAS MEADOR

My wife has suggested that distance no longer separates friends and relatives but that they are farther apart than a few decades ago because time has rolled its uncompromising bulk in the path.

Silence has returned to the melancholy hills, once the stage for one of the world's greatest oil bonanzas. The immaculate hands of decay have removed the wooden bull-wheels, the steam boilers, and the rancid kitchens of small cafes with their barrels of hot cake batter.

Tall grass has covered the rutted roads and wild flowers wait for the warmth of another spring to bloom in forgotten streets. The ravished earth has regained its character; sheep are grazing in a sandy valley that once echoed man's profanity. Rainbows raise their splendid bails on the horizon where shabby shantys stood and trees have sunk their roots into soil that has caught blood and tears. Time is an inn-keeper with grass seeds in the pocket of her apron.

Romance's past and future is mortgaged to the perfection of lipstick and the permanent wave.

Every time I push my good fortune and try to wash the feet of Lady Luck, she kicks me in the mouth.

The interest on respectable conduct finally amounts to enough to purchase a few shares of character.

DEATH CLAIMS AREA RESIDENT

Benjamin F. Hughes, long-time resident of this area, died Thursday, in the Plainview hospital, where he had been a patient for only ten days. He had been in failing health for some time.

Funeral services were held Friday at 2:30 p. m. at the First Baptist Church, Turkey. Purdy was in charge, assisted by Rev. L. D. Reagan. Burial was in Quitaque cemetery. Eudy-Seale Funeral Home was in charge of arrangements, and pallbearers were, Jess Browning, Bly Shannon, Milton Cotton, John Lane, Richard Nail, and Donnie Martin.

Mr. Hughes was born June 13, 1892, at Rockdale, Texas, and died March 6, 1958, at the age of 65 years, 8 months and 18 days. He had been a resident of this area since 1922. He was married to Miss Bulah Loving, August 4, 1920, at Burneyville, Okla. He was a veteran of World War I.

He is survived by his wife, Mrs. Bulah Hughes, of Flomott; two daughters, Mrs. Thelma Pierce, of Lubbock and Mrs. J. B. Cooper, of Matador; four sons, Lon, of Elk Hart, Kansas, Austin, of Odessa, Donald, of Flomott, and Bill Hughes, of Floydada; 7 grandchildren; 1 brother, four sisters, and his mother, Mrs. Paralee Hughes, of Oklahoma City.

Attending funeral services, from here, were Mr. and Mrs. J. B. Cooper, Mr. and Mrs. B. C. Cox, Mrs. Hub Swearingen, Mr. and Mrs. Jim Cooper, Mrs. W. H. Rogers, Mrs. R. L. Vineyard, and Mrs. Freeman Thacker. Mrs. Jimmie Worsham and daughter, Sharon, of Stinnett, also attended the funeral.

TALK of a depression is re-futed in this area by the March report of the First State Bank here. Deposits are up more than \$100,000 over a year ago. Agriculture and business loans are \$495,842 as compared with \$443,000 a year ago. Soil and water loans (irrigation, etc) are \$46,222 as compared with \$30,680 a year ago.

John Barnhill, vice-president of the bank says the area is in sound economic condition. He points to the bank's deposits of \$2,864,576 as compared with \$2,752,925 in the same month a year ago.

"It is true our loans have increased about \$50,000," Mr. Barnhill said, "but much of this is to new customers. We are in daily contact with business customers and the general atmosphere is one of optimism."

"With the price of cattle the highest in many years and the abundance of fine wheat pasture and natural grass, it seems to me the economic condition of this area is better than it has

been for years," Barnhill said. He did not mention the advent of oil production in the county during the past year, but pointed to the excellent farm and ranch conditions upon which the county's economy was founded.

Texas Banks Gain Banks throughout Texas are reporting a gain in deposits despite the national alarm of "recession." Most of the agriculture and stock-raising areas of the state escape the employment problems associated with industrial areas and thus reflect a more stable economy during periods of change.

Randall Whitworth Has Heart Attack

J. R. (Randall) Whitworth is a patient in Stanley Hospital, where he was conveyed early Saturday morning, after suffering a heart attack at his home. His condition is much improved, according to reports. However, he is not permitted visitors.

Noble Whitworth, of Amarillo, has been here this week at his brother's bedside. His wife accompanied him here Saturday and remained through the week end, returning Monday to teaching duties.

Methodist Men, members of Matador Lions Club, and other friends are alternating in sitting through the night with the popular First State Bank official, who has given so unselfishly of his time in service to friends and community. And to (Rat) Whitworth, the term "friends" means anyone he can help.

Cooking School Scheduled Here

Delicious, delectable and highly tempting foods will be prepared here Tuesday, March 18, at the West Texas Utilities Company's "all-electric" cooking school.

Two hours of modern cooking methods will be demonstrated at the American Legion building, starting at 2 p. m., under the direction of Mrs. Abbie Andrews, a senior Home Economist for Frigidaire Sales Corp., who will present the new recipes and ideas. She will be assisted by Helen Hurst of West Texas Utilities Company's district staff.

All women communities are invited to attend the "Live Better-Electrically Cooking School." Door prizes will be provided for the women visitors and favors will be distributed among the children.

Announcement of the school says the Frigidaire electric range will be featured during the demonstration.

PLEDGES INITIATED Alpha Tau Omega, national social fraternity at Texas Tech, has initiated 11 new members. Initiates included Raymond Speer, senior civil engineering major. He is the son of Mr. and Mrs. J. L. Speer of Flomott.

Water Is Now Piped To East Mound Cemetery

AN OLD DREAM of an abundance of water in East Mound Cemetery has become a reality. The VFW project of laying a two-inch plastic pipe 2700 feet to the cemetery was finished late last Wednesday. The line goes directly through the burial ground to the east boundary, then turns 150 feet north.

The water line has excellent pressure according to Commander Leon Smallwood of the VFW. The ditching was done with the aid of county road equipment.

Matador was temporarily out of water Wednesday night when VFW members and members of the Matador water department broke an old valve at the eastern extremity of the city's water line.

It was impossible to stop the flow of water without cutting off the entire city service. When a new valve was installed, service was restored and the cemetery line tied into it.

Commander Smallwood expresses the appreciation of the VFW post to Commissioner Clyde Gilbert and the Commissioners Court for the use of equipment to dig the ditch for the water line.

Windbreak Program UPSCD to Sponsor

Supervisors of the Upper Pease Soil Conservation District will again sponsor a windbreak tree planting program. Meeting in regular session at the courthouse in Matador Friday morning the board voted to participate cooperatively with the Kress Nursery of Plainview to make potted Arizona cypress seedlings available to district cooperators for windbreak planting purposes.

The seedlings, four to six inches in height, will be sold through the Upper Pease SCD at 25c per tree, according to Varner McWilliams, chairman of the board. He asked that no request be made for less than 50 trees. He said any public or non-profit organization such as a church or school would also be assisted in obtaining trees for windbreaks.

Applications are now being taken at the County Agent's office and the office of the Soil Conservation Service in Matador.

Grady Lane Jr., head of the SCS work unit, pointed out that with abundant moisture now available and the soil beginning to warm, conditions are ideal for transplanting the seedlings. He recommends at least two rows of the trees for farmstead windbreaks with three rows preferable. He said rows should be at least 10 feet apart with the trees spaced 6 to 8 feet in the row.

In other business the Board of Supervisors approved the annual report of the District for 1957, this report to be made public at a later date. One new conservation plan was approved for J. C. Clary on his 706 acre ranch.

Attending the meeting other than Chairman McWilliams were Supervisors Clifford Martin, Flomott, and Loyd Mayes, Paducah. Others attending were George Cullin, clerk, County Agent Bill Palmeyer, and Lane, representing the SCS, all of Matador.

Donkey Ballgame Draws Good Crowd

A large crowd was present Monday night at Patton Springs for the FFA boys annual Donkey Ballgame. Participants in the different games were, Stanley Lewis, J. W. Joplin, Oscar Hughes, Tommy Lawson, Max Edwards, Ronnie Mullins, Buddy Melton, Jerry Gage, Billy Goodwin, Geary Blasingame, Horace Tom Hughes, Jerry Lewis, Tommy Green, Jerry Rainbolt, Gary Porter, Gene Hobson, Johnny Hayman, and Junior Wilmon.

Later in the evening the crowd cheered as a group of FFA girls rode the donkeys. Included in this group were, Virginia Wilcher, Sherry Porter, Rylene Partidge, Brenda Hobson, Nan Jo Puteh, and Martha Flood.

The donkeys for this game were furnished by Cliff Durham, of Crescent, Oklahoma. The money received will go into the FFA fund.

Tech Group Makes Trip to Cloudcroft

Miss Ruth Marie Stanley, president of the Tech Spanish Club, was in a group of students from Texas Tech who went to Cloudcroft, New Mexico last week-end for annual retreat of the Board of Student Organizations. She is the daughter of Dr. and Mrs. J. S. Stanley.

VAL QUEEN—Miss Linda Beth Seigler, daughter of Mrs. Eldred Seigler, won the coveted honor of reigning annual Matador High School carnival Thursday. Her escort is Bundy Hal Campbell, son of Mr. and Mrs. Campbell.

High School Carnival Breaks Past Records

Matador High School carnival broke past records and was a roaring success. The event, held Thursday at the school auditorium, drew a record crowd of over 1,000 people.

The carnival featured a variety of games, contests, and entertainment. The most popular event was the dance, which was held in the gymnasium.

The carnival was a great success and the proceeds will be used for school activities. The school board and faculty are proud of the students' participation.

Women File as Candidates Here

Two local women, Evelyn Meason and Mrs. Elvin Meason, have been filed as candidates for the Matador Independent School District trustee ballot.

The ballot, according to information obtained from the County Judge and Ex-County Superintendent J. G. Gilbreath, will be held on April 5.

Other candidates for the school board here are Pohl (re-election) Stewart Curtis, Graham (re-election) Hal Courtney.

Candidates on the county to elect 2) are J. P. (re-election) of Roaring Precinct 4, and Del Hayes of Northfield, Precinct 3.

Candidates have filed to fill two vacancies on the Springs Independent Board. They are: Billy Joe Melton Thacker (re-election) Avery Payne (re-election) Hollis Godfrey, Carl Tardy D. Townsend.

Not has two candidates to fill two vacancies on the Independent School District. They are: A. D. and D. M. Gilbert. See election will be held April 5.

Salem Buys Barton Store

Salem of Turkey, owner of Dry Goods here, Thursday purchased the Chapman Dry firm in Silvertown. The store became effective immediately and name of the store changed to Salem Dry.

Three stores now (Matador, Turkey and Silvertown). Mr. Salem felt the buying had been increased to a point that he can offer prices than ever before.

He is proud to acquire the store. Mr. Salem feels that all members attend to have a voice in the important issues. We hope that the election of officers will be representative of the entire membership.

VFW Will Elect New Officers

A meeting is scheduled for Tuesday night, March 18, by the Veterans of Foreign Wars, for the purpose of electing new officers.

Commander Leon Smallwood urges all members of the veteran's organization to attend and take part in the election.

"We have a great amount of business which requires attention," he said, "and it is important that all members attend to have a voice in the important issues. We hope that the election of officers will be representative of the entire membership."

Patton Springs Teacher Honored At Recent Shower

A pink and blue shower honoring Mrs. Ralph Marshall was given Wednesday, March 5, in the home of Mrs. Carney Roberts of the East Afton Community. Guests called between the hours of three and five p. m., and were greeted at the door by Mrs. Roberts.

Mrs. Leonard-Clements presided at the blue lace covered table where the guests were registered in Mrs. Marshall's Brides Book. The receiving rooms were cleverly decorated in pink and blue featuring tiny figurines and pink carnations. Mrs. Luther

Harris had charge of the gift display.

Spiced tea, coffee, blue cake squares centered with pink storks, nuts, and mints were served by Mesdames Buck Partidge, Frank Ragland, and Jack Lawson from a table attractively set with silver and crystal. The centerpiece was an 18-in. high silver tree blooming with pastel rosettes fashioned from rolled baby socks and net nosegays with tiny miniature doll centers. A stork at the base was surrounded by cunning Kewpie figurines.

Plate favors were pink diapers forming a cup for mints and the pink napkins were printed with name suggestions.

Other hostesses were Mesdames Albert Rattan, Coy Morris, Gaston Jackson, James Cook, W. M. Hayman, Maurice Goodwin, Jim Koonsman, Paul Baxter, Melvin Hickman, and Frank Forbis.

Guests attending were Mesdames Gene Slaton, Charlie Gage, Emma Peak, John Young, Newman Young, Wade Roberts, Jeff Randolph, D. W. Hughes, B. F. Carothers, Burnett Haney, A. S. Fox, Sam Porter, Peyton Legg, and Miss Wanda Hayman, Melinda Ligon, Linda Carothers, Marion Peak, Marion Morris, and Debbie Hughes.

The honoree, who is the popular Patton Springs Band Director and former third grade teacher, was the recipient of many gifts from friends unable to attend the Wednesday's affair.

New Bible Study Started By WSCS

The Woman's Society of Christian Service of the Methodist Church met Tuesday afternoon for the opening session of a new Bible study, using the text, "Disciples to Such a Lord", and the book of St. Mark.

The meeting opened with a short business session, led by the president, Mrs. Sterling Price.

The hymn, "In the Cross of Christ I Glory", was sung, with Mrs. G. E. Hamilton at the piano. Those on the program, besides Mrs. Fred Simpson, were Mesdames C. O. Middlebrook, B. M. Eubank, and Clarence Jinkins. Mrs. Woodrow Williams prayed the dismissal prayer.

The second session will be held next Tuesday, at 3:30 p. m., using the 3rd and 4th chapters

of the text and chapters 3-7 in the Gospel of Mark.

An invitation is extended all women of the church, and others in the community interested, to attend. "You are urged to come and take this study with us," the invitation stated. "We feel that it will mean a personal enrichment to each one who attends."

HOME MISSIONS PROGRAM HEARD BY BAPTIST WMU

Baptist Woman's Missionary Union met Tuesday morning, March 4, at the church for a program on home missions, with special emphasis on the Annie Armstrong offering for furthering home mission work in this country.

Mrs. Edgar Lee led the day's program, with the theme, "Faith Working Through Love." The worship period was conducted by Mrs. Clifford Bradshaw and Mrs. Gene Hawkins.

Members of Henrietta Shuck Circle presented talks on "A Moving Mission Field", concerning the migrant populace. Mrs. John Barnhill, Mrs. Odie Killingsworth, Mrs. Bill Dunning and Mrs. Hawkins gave parts. "Increased Opportunities", led by Mrs. T. E. Cammack, included parts by Mrs. Forrest Campbell, Mrs. E. L. Blasingame and Mrs. Bradshaw, with Mrs. D. P. Keith speaking on the subject, "Big Cities Mission Program." Dorcas Circle was in charge of this portion of the program.

"Cuba and other Outposts" was the subject of Burlison Circle's section of the program, and concluded the morning worship period. Parts were given by Mesdames Bill McCaghen, R. E. Campbell Jr., H. S. Watson, Joe Bloodworth and Manly Thompson.

Special music was a solo by Rev. Gene Hawkins, who sang, "O, For a Faith That Will Not Shrink."

Following a covered dish lunch in the church basement, Mrs. Forrest Campbell presided at a short business session, after which the program was continued. Titled, "Doors of Faith", letters from missionaries were read by Mesdames C. M. Barton Jr., E. L. Blankenship, Ben Meador, Forrest Campbell, Gene Hawkins, Bill McCaghen, and Y. O. Whatley, a visitor.

A program on the home missions theme was also given Wednesday night in mid-week prayer

services. Mr. and Mrs. Forrest Campbell assisted Mrs. Lee in presenting this program.

Matador HD Club Hears Book Review

A book review by a guest speaker was highlight of the regular meeting of the Matador Home Demonstration Club, Thursday, March 6th.

The meeting was held in the home of Mrs. G. E. Hamilton, with Mrs. Bernice Knight, president, presiding.

The program was opened by reading the club prayer in unison. Mrs. Sterling Price, secretary of the club read the minutes of previous meetings. The introduction of Mrs. Ralph Johnson, of Floydada, who reviewed the book, "Please Don't Eat the Daisies" followed. At the conclusion of the program refreshments of cookies, candy balls, nuts, and tea were served.

Those present in addition to the above mentioned were Mesdames Lou Jones, Ike Rushing, Jim Sturdivant, W. L. McWil-

liams, Edgar Lee, Turner Campbell, Warren Clements, Fred Simpson, Ralph Stapleton, A. J. Daffern, C. P. Waybourn, Duke Lipscomb, Floyd Henderson, W. B. PONTIAC SWEEPS NASCAR SAFETY HIGHWAY PASSING TESTS!

DAYTONA BEACH, FLA.

Pontiac again proves it is AMERICA'S NUMBER 1 ROAD CAR in the year's toughest test of SAFETY, HANDLING AND PERFORMANCE!

HOUSEWIFE VICKI WOOD AND HER '58 PONTIAC taught men drivers a lesson in winning the 50 m.p.h. safe passing event. The elated Mrs. Wood reported, "... our new Pontiac handled and performed like a dream ... so smooth and easy I couldn't believe it!"

Winner of the 30 m.p.h. passing event and high over-all winner of the safety tests with his standard 4-door Pontiac Catalina, magazine auto expert Jim McMichael cracked, "I could have told them before the tests started—this '58 Pontiac is in a class by itself!"

Chances are you'll never be up against the precise and exacting demands that NASCAR puts on test cars and drivers.

But you can put Pontiac through your own everyday driving paces and learn why test drivers call Pontiac America's Number 1 Road Car.

You'll discover that the industry's hottest team of engineers has created a car so advanced in basic design that it brings with it a totally new kind of driving.

Give the nod to its Tempest 395 V-8 with power trimmed precisely to your wish. Corner it, park it, maneuver it to

the point of abuse and you marvel at your absolute command in every type of driving situation.

Come in—drive and safety-test America's Number 1 Road Car. You'll discover it's by far the biggest money's worth on the market!

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

motorists to obtain their 1958 inspection stickers immediately. In doing so, he said that 64 per cent of the registered vehicles in Texas have not been inspected for the current year.

"At the present rate of inspection it looks as though the usual ten per cent who wait until the deadline for inspections will be waiting in line on April 15. With crowded inspection stations on this deadline date immediate service cannot be rendered and car owners will suffer an unnecessary loss of time and inconvenience."

Nearly half of the vehicles already inspected have required some adjustments or repairs which require more time for both the owner and the inspection station and can be handled better when not rushed.

The state police director said much time can be saved if car owners obtain their 1958 inspection stickers early.

Idalou Baby Has Nine Grandparents

Mr. and Mrs. Wilber Floyd, of Idalou announce the arrival of an 8-lb. 4-oz. girl. She was born Feb. 9, at 11 a. m. at the Peoples Hospital in Floydada, and was named La Donna Rae. The mother is the former Iris Harris.

The little lady has nine living grandparents. Mr. and Mrs. Frank Floyd and Mr. and Mrs. Herb Harris, of Idalou, are the paternal and maternal grandparents. In addition, there are five great-grandparents. Mr. and Mrs. J. F. Prather, of Muleshoe, Mrs. F. L. Loyd, of Snyder, Mrs. L. C. Harris, of Flomot, and Mrs. Mattie Cartwright, of Floydada.

Mr. and Mrs. Jack Nichols of Pampa, Mr. and Mrs. Harold Renfro and children, of Plainview and Mr. and Mrs. A. B. Nichols of Roaring Springs were week end guests in the Algie Groves home.

Marvin Patton and Mike Groves made a business trip to Lubbock recently. Carroll Wayne Cooper of Grants, N. M. visited here during the week end with his father, Carl Cooper.

Study guides are being sent out by the Hale-Aikin Committee which is to report to the next Legislature on school needs. County leaders will distribute the 44 page study guides to the local school districts. It is hoped that answers and suggestions will be worked out in a series of group meetings in each area.

Rep. L. DeWitt Hale, vice chairman of the study committee, said local groups should feel free to add more topics of their own. Study guide has 167 questions.

If people all over the state respond with facts, ideas and suggestions, the committee will have some 42,000 replies to serve as basis for its recommendations.

MORE COTTON ASKED — Texas should be allowed to produce more cotton this year to meet a demand for better grades, says Agriculture Commissioner John White.

Despite the cotton surplus in storage, there is a shortage of middling grades and an active demand for better grades, said White. Because of the end of the drought, he said Texas had an excellent chance to produce high quality cotton this year for the first time in eight years.

WELL WATERED — Texas goes into the 1958 growing season with the best soil moisture conditions in years, reports the U. S. Dept. of Agriculture.

High plains wheat prospects are considered the best in years. Most areas have enough moisture to carry the crop well into spring.

In many areas growers now want "open" weather. Said USDA, "Many fields in East Texas have turned pale as water-logged soil prevents root aeration."

Panhandle grain farmers need sunshine to prepare for spring planting and Valley vegetable growers to harvest the winter crop.

FLU UP AGAIN — Number of flu cases in Texas climbed in January, but was no where near

the October peak. According to State Health Department officials, estimated number of cases at end of December was 3,411. In successive weeks totals went up to 4,301, 320, and 8,800.

But during the October outbreak the total reached 40,000.

Gov. Price Daniel was among the recent victims.

COME AND SEE US — Texans can garner many millions in out-of-state dollars by learning to be good hosts to tourists.

Said Tom Taylor, manager of information and statistics for the State Highway Department, "The tourist industry is one of the easiest in the world to promote. Every community has something to offer. But many Texans don't know enough about their own communities to give directions."

Considering the scarcity of promotion said Taylor in a speech to the Texas Motor Transportation Association, it was surprising to note that Texas is fifth among the states in number of tourists. It was a \$500,000,000 industry in 1957, he said, bringing Texans more income than

cotton, cattle and wheat combined.

But, Taylor noted, competition from other states is getting stiffer, and Texans will have to work harder to get out-of-staters to spend their vacation money here.

BY GOV. DANIEL — Texas is facing its most serious economic threat in 25 years. "Mandatory federal controls" are apparently the only way to stop excessive importing.

BY STATE COMPTROLLER ROBERT S. CALVERT — Continuation of the present oil production pattern for another 90 days would put the state \$20,000,000 further in the red by the end of the current fiscal period. This would mean a \$32,000,000 shortage rather than the \$12,000,000 deficit estimated earlier.

BY MAURICE ACERS, TEXAS EMPLOYMENT COMMISSION — Employment in the Texas oil industry has declined 8,000 since last July. A drop of five per cent in oil employment takes \$50,000,000 in wages from the Texas economy.

FIGURES WITHOUT FACTS

By Charlotte Campbell
 Every once in awhile I change the title of my little essay, not because I want to be especially funny, but, after all, variety is the "spice" of life. Usually the title doesn't have too much to do with the column anyhow. Only the people who have made private and public efforts to write will know what it means not to inspire. Now that I have become seventeen and settled, I have time to reflect upon my life and travels. My travels con-

sist of trips to basketball tournaments, football games, school exchange programs, and two conventions, the Lion's and the F.H.A.'s. As I sat musing one night before my butane stove, gazing into the butane bluish flame, I made some observations. Observations closely resemble inspirations, so I have decided to pass a few on.

The only honest opinion comes from the person who believes in the things he says. But this doesn't necessarily make him right or wrong. . . . just honest.

High schools have a way of becoming "affected" in order to be effective.

Not all people are laughed at because they are funny. Some special laughs are reserved for the people who like to make civil cases out of all trivial matters.

Some may doubt that conventions serve a good cause. I recently attended a convention of 3,000 girls. I think it must take a good cause to get 3,000 girls up, dressed, and out before 8:30 on a Saturday morning, or any other morning for that matter.

"One reason for not cutting a class is that if something funny were to happen you wouldn't be there to see it."

If no one is happy then I know some MHS freshmen who are great actors. I suppose that you are happy when you can sit for hours in constant giggles.

One final observation: I didn't come forth with the answer to a clipping of confusing English quotation in my February column "Saville, Der Dagoa Touzin Bussis Inaro, NO CHOE! Demis Troux, Summit Couzins Summit Doux." The answer? "Say Will, there they go! A thousand buses in a row. No Joe! Them is trucks. Some with cows and some with ducks."

F. H. A. NEWS

During a recent F. H. A. Meeting the Matador Chapter of Future Homemakers adopted a point system. This system will be used as a guide for selecting an F. H. A. Girl of the Year. It is based on the member's chapter activities and community activities.

With the Area Convention over plans are underway for the State Convention to be held in San Antonio during April.

March 23-29th is F. H. A. week. The Matador Chapter will observe this week with a chicken dinner, secret sister week, and "all school" assembly, and red and white day.

The date for the assembly has not been set but an invitation will be extended to all who wish to attend.

SENIOR NEWS

By Joyce Lynn

Well, since Spring is almost here, everyone has got a bad case of the Spring fever. It sure is a change from all the snow and rain that we have been having!!!

The school carnival turned out to be a great success, and we thought that Glenda Smith, the senior nominee for Queen, and Richard, Stafford, her escort really looked nice. We haven't won the Queenship any year that we have been in high school but can't say we haven't tried!!!

If you happen to have seen any of the senior class running around this week, mumbling to themselves, don't be alarmed because it was only the English IV class trying to learn their poetry.

Did you see??? Martha's haircut? Joyce and Glenda's striped T-shirts? The Lion's Queen Nominees? The school Carnival? The red hair styles? Cissie's blue velvet skirt? Francine's baton? Joe Harcrow singing? The Calendar-only 57 more school days!!! See ya' Next week. . . .

"FISH FUN"

By Janie Waybourn

The "fish" had a party at the Bill Waybourn home last Friday night. Everyone must have enjoyed it because it turned out to be a big bang!

The girls in home ec are studying the types of personalities and dress that go together.

We were glad to have visitors in our classes during Public School Week last week. Mrs. Sterling Price visited in algebra

class on Friday, and Mr. and Mrs. Jinks Wilson visited the science class. We always welcome our parents to visit us at school.

SOPHOMORE NEWS

By Daphne Lynn

If you are trying to find a nickname for yourself, I have found a way to do it. All it takes is two capsules of red hair tint, added to one head of light brown hair. The result is the nickname of "Red".

As you all know last week was Public School Week, and a few names on the desks in each of the classrooms had to be erased. Most of these were boys names, but some of the boys' girlfriends had to erase them. Wonder why?

Last week three of our high school students attended the livestock judging contest in Pampa. The boys were Ed Smith, Andy Fish, and Dink Wilson, and they were accompanied by Mr. Bill Moss. Ed and Andy are soph.

These girls were selected from the sophomore class as nominees for Lions Club Queen, Kay Rattan, Daphne Lynn, Jan Barton, Carolyn Pohl, and Linda Seigler.

SUBSTITUTE TEACHERS

By Cindy Smith

Wednesday, February 26, M. G. S. had quite a change of teaching methods. Linda Seigler, sophomore, Frances McMahan, Kay Norman and I, seniors, invaded the three lower grade's teaching positions. How much the students learned probably wouldn't do to say, but we learned plenty. . . . And how!!!

Various things happened to each teacher and though I don't know of any particular incident occurring to the rest of them,

here's an example of one of mine. Two brothers in the first grade were having a slight disagreement over who was going to carry the lunch sack home. I, not knowing what to do, just said for them to sit down and not worry about it. A little girl came up and was telling me about the boy across the aisle kicking things out from under her desk while she was trying to put them up at the same time a little boy was complaining about someone hitting him on the head. I looked up just in time to see the lunch sack flying across the room. Fortunately, it was time to go by this time and I wasn't pressed for reprimanding of the children. But what could I do in this case. What would you?

MATADOR HIGH SCHOOL

By Kay Norman

This queen's race has really been going some. As well as working hard so that you may win, it surely is a lot of fun too. All these clean cars that you may see in town, well the credit belongs to the Sophomore and Junior class. These two classes and also the Fish class are having bake sales. To night's the night to find out what class has the most money, so I imagine everybody will be working today after school.

We surely did enjoy the Paducah bunch coming over to give us a chapel program. We are looking forward to going over there.

Last Thursday there sure were a lot of kids staying after school. The reason—lot of kids like to practice writing their names. Of course this alone is not bad, unless you consider the fact that they practice writing on the desks in their class rooms. For some reason Mr. Johnson doesn't like this. But I guess it's things

like that that take the dullness out of school. We did have lots of fun cutting up and kidding every body about it.

Mrs. Fair is taking a lot of the girls to Amarillo for the Area Meeting. I know that they will have a lot of fun, as well as enjoy all of the meetings.

THE QUEEN'S RACE

By Daphne Lynn

(delayed)

It looks as though the rush of the queen's race has made a poet out of one of our sophomore students, Ed D. Smith. I have always heard that a poem expresses one person's idea on a certain topic. Below is Ed D.'s idea on the queen's race.

"If you are a sophomore, with me you should agree, Vote for Seigler and tonight a queen she will be.

The Juniors have won it for two years; they have work hard I know, I'll bet that after the race is over; they'll be feeling mighty low.

The freshmen are working also, but they do it on the sly. They wait until the sun goes down, and darkness fills the sky.

Now if your Coke bottles should disappear,

Keep your eyes on the man and your bottles appear.

As for the seniors, they lots of chores. So for the queen's race, don't want all the votes—yours!"

We want Seigler! The second year home Ec. department. These are to be fifteen hundred long.

Recent Meeting Held by Chapter

Gamma Eta Chapter of Delta Kappa Gamma met in Paducah, Texas on March 1.

Preceding the business meeting, a selection was played on the piano by Miss Brenda Kay Moses and Mrs. Clifford Graves of Paducah.

Following committee reports, the following officers were elected to serve the chapter next year: Mrs. Stella Bowman, Lorenzo, president; Miss Gladys Peck, Roaring Springs, first vice president; Mrs. Irene Stobaugh, Lorenzo, second vice president; Mrs. Betty Mae Wells, Ralls, recording secretary; Mrs. Norma Barkley, Ralls, corresponding secretary; Mrs. M. H. Galbreath, Girard, parliamentarian.

The program, "Are Your Investments Protected?" was given by Miss Gladys Peck. While speaking of the teachers' investments, which are the pupils, several educational problems were discussed. It was stated that the quality of teachers is declining on all levels of education.

This is partly caused by increased quantity. Other problems included too much emphasis on extra curricular activities, lack of training for all abilities, and over crowded classrooms. Society as a whole has been blamed for many of these deficiencies in education. One suggestion which was given was the teaching of the so-called basic subjects for two years with a thirteenth year added for vocational training.

Members present for the meeting were: Mrs. Norma Barkley and Mrs. Dewey Wells, Sr., Ralls; Mrs. John Belaska, Mrs. Mary

Rattan, and Mrs. Clark Forbis, Afton; Miss Margaret Elliot and Mrs. Louis Williams, Spur; Mrs. L. D. Wilkerson, Matador; Miss Gladys Peck, Roaring Springs; Mrs. Suttle Majors, Mrs. Jessie Thomas, Mrs. Whitlock, Mrs. L. L. West, and Mrs. Clifford Graves, of Paducah.

Local Men Attend Rites for Uncle

Elmer Stearns and his brother, Alvin Stearns attended funeral services at Olton, Sunday for their uncle, Ed Burrus, 86, pioneer resident of Lamb County since 1897. He was also a former county judge of the county.

Funeral services were held Sunday afternoon at the Olton Church of Christ, and interment was made in Floydada cemetery.

Mr. Burrus was a brother of the late Mrs. L. A. Stearns.

Gamma Eta Chapter of Delta Kappa Gamma met in Paducah, Texas on March 1.

Preceding the business meeting, a selection was played on the piano by Miss Brenda Kay Moses and Mrs. Clifford Graves of Paducah.

How do you tell a drunk?

The man was acting strangely. You know what people thought. But the neighborhood pharmacist had a hunch, took a close

look, gave the man sugar. Then he called a physician who found the man was in insulin shock. Too much insulin, not liquor. Without prompt treatment, he might have died. This story illustrates the potency of modern drugs. Before using powerful drugs you should see a physician and then follow directions to the letter when taking them. There's a happier moral. Without modern drugs, the druggist in this story wouldn't have had a life to save.

MORE SIZE IN AND OUT MERCURY

Now you don't have to be rich to own a really BIG car. For Mercury is not only the biggest, roomiest car in the medium-price field—it compares in some dimensions with the most expensive cars built.

And you get more power to match The Big M's bigness—up to 360 hp. Entirely new Marauder V-8's with Cool-Power design cut heat and friction, give you more power from less gas.

More styling news, too! Mercury's design is keyed to the style of those modern homes and furnishings you so much admire. We call it Clean Line Modern Styling.

More comfort—this longer, wider, heavier Mercury gives you a ride that feels expensive, but isn't, as you'll discover. Stop in today.

FREE PUBLICATIONS AVAILABLE TO PUBLIC

Are you using the free publication service offered through the County Agents Office to your full advantage? Free publications of the Texas Extension Service and the USDA are available at the county agent's office on all subjects of Agriculture, Home Economics and related subjects for the asking. These may be obtained by calling or writing and giving the subject desired.

In 1957, 2,885 of these free publications were distributed to people of Motley County, and this year, many of the old bulletins have been brought up to date. If you need information on any of the subjects listed above, don't hesitate to ask for one.

Recently a bulletin holder was placed in the First State Bank for the purpose of making copies of THE AGRICULTURAL TREND available to Motley County people. This is a summary of economic conditions as well as the latest research findings.

Old bulletins have been brought up to date, including information on hybrid sorghums, and new insecticides and fertilizer recommendations.

NATIVE SHRUBS ATTRACTIVE

Native shrubs of ornamental value are found in all parts of Texas. They add interest to farm and home grounds and also save dollars.

Shrubs can be marked now and transplanted to the grounds this winter. It's easy to spot shrubs which have attractive berries and bright fall leaves at this time of the year. It's also easy to select the evergreen shrubs you may be looking for.

Valuable native plants often are found growing in nearby pastures, canyons and breaks. Those found near your home will be especially well adapted to the soil and climate and will usually thrive when moved to the home grounds. They take less care than introduced plants.

There are many possibilities. Examples are evergreen sumac, kinikinn, mountain laurel, Texas Madrona, Texas Arbutus, cedars, Arizona Cypress are found growing wild in Central and West Texas.

Shrub hunting can be fun for the whole family. This is the time of the year to enjoy it.

HINTS ON KILLING WILD RYE IN LAWNS

Recently many people in Motley County have been bothered with rye in their lawns. Even though the green looks good at the present, it will hurt summer lawns, and kill out patches of grass where it is the thickest. For those interested in killing the rye, the following suggestions are offered, having been secured from E. M. Trew, Agronomist of the Texas Extension Service of College Station, and forwarded to County Agent Bill Pallmeyer.

Most rye grass can be killed with an ammonium nitrate spray. The spray is made as follows: Dissolve one pound of ammonium nitrate per gallon of water. This solution should be allowed to settle and then strained into the sprayer. It is applied at the rate of four gallons per 1,000

square feet. After using the sprayer to apply this solution, it should be rinsed very thoroughly, because ammonium nitrate is very corrosive.

The lawn grasses will utilize the nitrogen in the spray, and generally a weed problem will arise, as it is impossible for the grass to utilize all of the fertilizer provided by the spray. Sprays should be applied before lawn grasses start to green up, as the weaker grasses, such as buffalo may be burned by the application.

For more detailed information, contact your county agent.

REGISTRANTS CALLED FOR PHYSICAL EXAMS

Three registrants from Motley County have received their call to report at Plainview March 20, for Armed Forces physical examination. They are, James Melvin Graham, J. C. Vaughn, and Floyd Hughes, who is a transfer from California local board No. 49.

Six from Hale County, three from Floyd County, and three from Swisher County, are also called.

Mrs. Bert Schweitzer and son, Mike, and Mrs. James Moss and sons, Randy and Ricky, of Lubbock visited here Wednesday and Thursday with their parents, Mr. and Mrs. A. A. Harp and Mrs. H. H. Schweitzer.

About Your Health

A weekly public service feature from the Texas State Department of Health.

Henry A. Holle, M. D., Commissioner

AUSTIN—The State Department of Health has been engaged for many years in the promotion of housing hygiene because of the direct relationship between insanitary housing conditions and the spread of communicable diseases.

The Urban Renewal and Slum Clearance Act of 1949 (amended in 1954) provided a means for systematically attacking the problem. The 55th Texas Legislature provided the needed State legislation.

The State Department of Health was made the official planning agency by act of the Texas Legislature for city planning programs undertaken by cities with populations of less than 25,000 according to the 1950 census.

Since August, 1957 (the effective date) 18 Texas cities have applied for planning assistance under the urban planning assistance program. They are Texas City, Rosenberg, La Marque, Brownwood, Irving, McAllen, Victoria, Edinburg, Mesquite, Kleberg, Mission, Deer Park, Grand Prairie, Denton, Haltom City, Greenville, Richmond and Donna.

The total cost of the planning applied for is \$504,456.50, over \$242,000 of which will be Federal matching funds. The remainder of the planning funds will be raised by the cities.

All these cities had less than \$242,000 of which will be Federal matching funds. This is one of the basic prerequisites under the program. However, seven of these cities—Texas City, Brownwood, Irving, McAllen, Victoria, Grand Prairie and Denton—have present populations in excess of this figure.

Cities contemplating participation in the program are Linden, Mineola, Quitman, and Panhandle, although they have initiated no active steps in that direction as yet. Other cities are working with a consultant, and their applications will be filed soon.

All cities with less than 25,000 population according to the 1950 census and who cannot financially bear the entire cost of planning are eligible to receive the aid offered by the matching funds. The grant may not exceed 50 percent of the cost of the work for which they are made, local funds making up the remainder of the cost.

Games Announced By Eternas Club

A games tournament, under the auspices of the Eternas Study Club, is announced for Friday night, March 14, in the VFW building. Bridge and forty-two will be played.

Tickets may be purchased from the study club members, or may be obtained at the door

Friday night. Admission will be \$1.00 per couple. Proceeds will be used by the club for its various projects, including the Girl Scouts and Brownie Troops. Refreshments will be served during the evening.

Everyone is extended cordial invitation to attend.

Party Concludes Attendance Race

A supper and party Tuesday night in the basement of the Baptist church was the concluding feature of an attendance and membership contest conducted the past several months by the Men's Bible Class, taught by R. E. Campbell Sr.

The self-termed "Pappy's Reprobate" class held a spirited contest, with Mike Hoyle and E. F. Springer leading the opposing forces. Hoyle and his cohorts nosed out the Springers, by only few points, to become the winners. Losers served the sumptuous supper of baked ham, salads and pies. Guests were wives of the class members, and others in the women's classes taught by Mrs. R. E. Campbell Sr., Mrs. Harold Campbell and Mrs. Ben Keltz.

Mrs. George Cullin was in charge of entertainment, which included a skit and several games. Academy Award Oscars are anticipated by the cast of characters in the skit, Mrs. D. P. Keith, Mrs. Douglas Meador, J. E. Edwards, Eddie Russell and Elbert Reeves.

IN QUANAH HOSPITAL

Miss Annie Mae Jackson underwent major surgery Wednesday morning, in Memorial Hospital at Quanah. She was accompanied there Tuesday by her mother, Mrs. J. M. Jackson, and going Wednesday were her sister, Mrs. Pat Sheridan, and a brother and sister-in-law, Mr. and Mrs. John Jackson, of Hale Center.

Mrs. Ivy Cooper will be in charge of Modern Beauty Shop during Miss Jackson's absence.

RANCH OFFICIAL HERE

J. M. Cross, of Dillon Montana, manager of the Beaver Head Ranch, a branch of the Matador Cattle Company, was the guest of Mr. and Seth Sager at Matador ranch headquarters here, from Friday until Tuesday. Also a guest from Thursday until Saturday, was Dr. A. M. Sorensen Jr., Associate Professor in the department of animal husbandry, at A&M College.

NEW PASTOR

Rev. O. L. Bost, of Lexington, Mo. has accepted the pastorate of the Assembly of God Church, filling the vacancy made by the recent resignation of Rev. Postelle. Rev. Bost will be joined here by his wife and two sons, ages 17 and 15, at the close of the present school term.
