**SCHOOL FOR PRESIDENTS** — Area Lions shown above last week attended a school held here for new presidents and secretaries. Deputy Dist. Governor Tut Tawwater of Plainview (at end of table) served as chairman. The meeting was held in the American Legion building with new secretaries meeting separately from the presidents after the general outline of the school was presented by Lion Tawwater. Lions above, from left to right, are Milton Cotten of Turkey, M. L. Roherson of Quitaque, Alton B. Ryan of Childress, Dub Scarborough of Petersburg, Zone Chairman Hugh Nance of Silverton, Dist. Governor Tawwater, Leon B. Wofford of Lockney, Carl Losson of Kress, Neal Williams of Plainview, M. G. Moreland of Silverton, and H. L. Smith of Roaring Springs.

### PADUCAH YOUTH DIES IN ACCIDENT

DEATH of a Paducah boy early Sunday cast a pall of gloom over this community as many residents were reminded of his recent visit to Matador.

Michael (Mike) Henry, 18, was killed about 1:45 a. m. Sunday when the car he was driving smashed into a truck-tractor about 8 miles east of Crowell. He was the son of Mr. and Mrs. Herbert Henry of Paducah.

A nephew of local resident, Bill Seale, the youth and his sister, Ann Henry, together with

Joe Powell and Billy Q. Richards as the "Off Beats" entertained for the Matador Lions Club at a recent Ladies Night and installation meeting.

Young Henry was one of the originators of the musical combo composed of high school students, and was the drummer with the group.

A friend, Lucien Weldon Grant, 22, also of Paducah, riding with Henry, was critically injured and was taken to a Crowell hospital where he was treated for concussion and internal injuries. Grant is the son of Mr. and Mrs. H. F. Grant of Paducah.

The two youths were returning home from Vernon where they had attended the final performance of the Santa Rosa Roundup.

Henry was a 1958 honor graduate of Paducah High School and had already completed plan.

### Small Quail Burn In Racing Terror

PRAIRIE FIRE driven by a high south wind Tuesday afternoon destroyed an estimated 3,000 acres or about 5 sections of luxuriant grass for the Red Lake Cattle Corporation. Located northeast of Old Teepee City in the Sand Mill area, the raging flames finally subsided when they reached broad, sandy North Pease River.

According to reports, Red Lake cowboys thought they had brought the fire under control earlier in the day after the damage had been confined to a small area.

High dry, hot winds probably spread embers in the early afternoon and caused the prairie fire to break out again. Appeals for help were answered as promptly as possible.

Cowboys from the Swenson and Matador ranches as well as small ranchers throughout the area responded. Swenson cowboys brought prairie fire fighting equipment. Due to the high, dry grass and the velocity of the wind it was almost impossible to effect any control of the fire, except to confine it to a narrower path.

The range land swept by the blaze had previously been chaidragged in effort to control mesquite, and dead mesquite added to the fury of the burning grass.

Quail Perish  
Cowboys heard piteous sounds at times as coveys of tiny quail too small to fly, perished in the flames. It is not believed that any livestock was lost in the fire. At one time more than 60 volunteers were fighting the prairie fire.

Cause of the fire is unknown. Some speculation is it may have

### Lone Star Moves to 2nd Place

The Senate Monday night gave final congressional approval to statehood for the vast and rich north territory of Alaska in an historic vote that added a 49th star to the flag.

The roll call was 64 to 20 in favor of admission. Several senators voiced hope that Congress would now make Hawaii the 50th state.

The measure, which first came before Congress in 1916, now goes to the White House where it is expected to receive President Eisenhower's prompt signature.

Admission of Alaska will mark the first time a new state has been added to the union since Arizona came in Feb. 14, 1912. Alaska is roughly 2 1/2 times the size of Texas.

The Senate's action came after five days of debate marked by frequent attempts by opponents to hamstring the bill or kill it on constitutional grounds.

But each attempt was beaten down by senators who maintained that the territory, rich in mineral resources, had waited long enough for statehood.

On the showdown, 33 Republicans and 31 Democrats voted.

### Absentee Voting To Begin Monday

Motley County voters who desire to vote absentee in the first Democratic primary may begin Monday (July 7). Order for the ballots has been placed with the Tribune as the omission of printing.

Error appearing in last week's Tribune was the omission of the names of W. F. Morris, chairman of the Dumont voting precinct, and T. M. Dixon, chairman of the Whiteflat voting precinct.

The omission was brought to the Tribune's attention by County Democratic Chairman Duke Lipscomb.

### Quiet Holiday Is Slated Here

A POLL this week indicated that most of Matador's business firms will close July 4th in observance of the national holiday. Flags will fly from places of business but otherwise the community expects to show little evidence that Friday is an anniversary of this republic.

Drug stores, cafes and filling stations will probably remain open, at least on a partial basis, although some indicated they may decide to close.

The First State Bank, post office, county and city offices and the West Texas Utilities office will be closed. Food and merchandise stores have also announced that they will be closed. Other stores and service enterprises indicated that they will probably close.

An announcement was made last week that the "Hep Cats" will play for a dance in the VFW.

### Two Towns Fight Financial Battle To Perfect Draw

Conditions are better in Amarillo and Lubbock. Financial conditions are better in both towns to the exact degree, however. Take bank deposits, for instance, there is exactly the same number of dollars deposited in Lubbock banks as are deposited in Amarillo banks.

Authority is the Dallas Morning News which Sunday published an Associated Press account of bank deposits in about 30 Texas towns on June 23, 1958 as compared with June 6, 1957. Most of the towns gained. Both Lubbock and Amarillo gained. Both gained the same amount.

The report shows that the deposits in Amarillo on June 7, 1957, were \$152,380,334. Total deposit in Lubbock on that date was exactly the same — to the even dollar.

The June 23, 1958 report shows that Amarillo had a total deposit in Lubbock on that date was exactly the same — to the even dollar.

These interesting figures were not compiled by the enterprising Chamber of Commerce employees who repaint the estimated population on the highway signs every morning. They are sworn figures made to the state banking commission. The possibility, however, is that a typesetter on the Dallas News made an error.

He may be a family man who fears the zealous agents of the two Plains rival communities.

### Utility Company Officials Visit Here

Cal Young, President and S. Phillips, assistant president of the West Texas Utilities Company, visited Matador Tuesday. Both men are of Abilene.

On a routine visit of the company's area properties and offices, the two officials also visited the Tribune plant, accompanied by local manager Jack Norman.

Payments totalling \$53,000 were made to Motley County farmers in two working days (Friday and Monday) by the Matador ASC office for cotton and wheat acreage re-

serve, according to Tommy Moore, office manager.

The payments were only the beginning of more than \$300,000 which will be paid for cotton and \$53,000 which will be paid on wheat. The office is working as rapidly as possible to distribute the checks with a minimum of delay.

He said some delay is to be expected in making the payments since the farmers who will receive the checks must be in compliance on all allotments before the check can be released.

Moore said the conservation reserve (soil bank) payments are scheduled at present to start about the first of October.

ASC office force is working with all possible speed to put the money into the hands of farmers as soon as possible and at the same time comply with the exacting requirements of the contracts.

### Benefit Barbecue Scheduled by VFW

A benefit barbecue and party is scheduled by the Motley County Chapter of Veterans of Foreign Wars for the evening of July 17, beginning at 8 p. m. Commander Leon Smallwood said the net proceeds of the barbecue will be used to install T lines in the East Mound Cemetery watering system.

Mark Smith, Lubbock attorney and son of John Lee Smith will make an address (limited to 20 minutes and non-political). Smith is past Post Commander of the Lubbock VFW Post.

Program for the evening following the barbecue, which will be held outdoors as last year, weather permitting, will include music for those who wish to dance, bridge, and domino games. Admission will be \$4 per couple, the same as last year.

The veterans organization netted in the neighborhood of \$250 from the barbecue held last year.

### Mike Groves Says Boys State Gave Beneficial Week

Mike Groves, son of Lion and Mrs. Algie Groves, as principal speaker Tuesday at the regular meeting of the Matador Lions Club luncheon, said the week he spent in Austin attending Boys State gave him a lasting experience.

He was the club's delegate (sponsored jointly by the Lions and American Legion) and arrived in Austin June 8, to participate with 537 other boys from throughout the state. Because of his outstanding musical ability, young Groves was selected to play in the Boys State band.

He explained how boys are taught to participate in government through actual experience. He said he especially enjoyed the spirit with which the annual Boys State is conducted and that he received much benefit from the week's training.

State leaders including Governor Price Daniel, Speaker of the House Waggoner Carr, judges and other officials spoke to the group of boys during the period.

Tuesday's luncheon was the first of the Matador Lions new fiscal year with new President Curtis Graham serving as chairman of the meeting.

### HAS CHECK-UP

Mr. and Mrs. Bert Ezzell and sons Johnny and Charles returned home Friday from a trip to Dallas and Austin in Dallas. Johnny had a check-up at Scottish Rites Hospital, Tuesday.

Wednesday the Ezzells traveled to Austin where Mr. Ezzell picked up the new school bus to be used on the Northfield route.

### Residents Attend Funeral for Uncle

Mr. and Mrs. J. D. Young and children attended funeral services Saturday at Wellington for her uncle, Solon C. Cleveland. Rites were held at 3 p. m. in the First Baptist Church.

Mr. Cleveland, about 40, drowned in City Lake at Petrolia late Thursday afternoon.

A resident of the Ponca Wholesale Mercantile Co., he drowned while attempting to rescue his 10-year-old son, Tommy, who had fallen into the lake.

Mr. and Mrs. Cleveland and Tommy were on a vacation trip. Another son, Clinton, 19, is employed in Plainview and remained there. The drowning victim's parents and other relatives live in Wellington.

### Oil Rig Skidded To New Location

Drilling problems in the wildcat oil test on Mrs. Carl Bird's land about 18 miles southeast of Matador, caused drillers to skid the rig 25 feet east. The new hole had reached a depth of 2200 feet yesterday, according to a report.

Attempts were still being made Monday to recover testing equipment lost in the E. E. Moss & Sons well on the Omar Parks land one mile west of Roaring Springs.

Oil news in the Sunday Lubbock Avalanche said a permit had been granted to extend the depth of the well when the equipment is recovered from the hole.

**CHIEF FLAME THROWER** — Fire Chief Freddie Welling is shown in the above photograph operating a butane-fired flame thrower in Matador last week. A manned fire truck is standing by in case the fire should get out of control. Purpose of the flame-thrower is to destroy dry grass and weeds when there is no wind and reduce the hazard of grass fires in the downtown area.

**BOYS RANCH CHUCK WAGON**—Authentic chuck wagon from the famous Cal Farley Boys Ranch near Amarillo will be a part of the Waddy Week celebration through July 6. The chuck wagon is an integral part of the ranch operation and is used several times each week on overnight campout trips where boys have their meals after riding through the Canadian breaks.

**Boys Ranch Boys Run Chuck Wagon**

Old days and new will meet at Amarillo July 4, when boys of the chuck wagon crew from Cal Farley's famous Boys Ranch and pioneers who came to the Golden Spread in covered wagons appear in the gigantic Waddy Week parade at 10:30 a. m.

The Boys Ranch unit has attracted wide attention with its

**Matador 'Toreadors' Take Part in Colorful Santa Rosa Round-up Parade at Vernon**

Season of rodeos has begun. Matador's drum and bugle corps, the Toreadors, helped to get things underway for one of Texas' largest western shows, Santa Rosa Round-up, Vernon.

Corps of 20 drummers and buglers left Matador Wednesday,

authentic, mule-drawn chuck wagon. Sixteen Boys Ranchers on horseback are outriders, while two other boys dressed as prospectors appear with three Mexican burros.

The chuck wagon itself is an integral part of the Boys Ranch operation, as it is used several times each week on overnight campout trips. On these occasions, groups of boys ride horseback through the Canadian breaks to the campsite, have their supper from the chuck wagon, spend the night, then have an old-fashioned range-style breakfast before returning to the Ranch.

Pioneers in the Waddy Week parade will ride in covered wagons, buggies and surreys, and will be honor guests during the afternoon at the Will Rogers Range Riders Rodeo. In the evening they will be honored at the Globe-News fireworks display at Amarillo Stadium.

The Waddy Week program will cover the entire week of June 30 through July 6, and is in celebration of the prosperity of the Golden Spread area, especially the first good dry land crop in eight years.

June 25, to participate in the first-day parade. Led by Jan Barton, drum majorette, the colorful Toreadors sparkled amidst gaily decorated floats and bright shirted cowboys.

Also lending a marching beat to the parade were military bands from Sheppard Air Force Base, Wichita Falls, and from Ft. Sill, Lawton, Okla. Other bands were from Vernon high schools, including one all Negro band.

Cool weather made the three mile march around city blocks more pleasant than usual. Laughter was plentiful as Muskat Shiner Clowns from Wichita Falls motored through the parade on foot-high scooters. A few clowns even tried their hand at blowing bugles.

Dabney-Harvey Chevrolet Company was host to the Matador corps and presented each member with a dollar for lunch. Santa Rosa Association also gave them free rodeo passes for the night performance. Most of the Toreadors remained for the night time show.

Those who marched in the morning parade were Mary Newman, Barbara Bird, Sandra Stevens, Christina Damron, Sandra Jenkins, Cherril Barton, Jan Bar-

ton, Janie Waybourn, Carol Campbell, Cissie Waybourn, Kay Norman, Frances McMahon, Joanne Darsey, Carolyn Pohl, Peggy Welling, Pat Seigler, Linda Seigler, James Stanley, Charlotte Campbell, and Melanie Brown.

Sponsor and wife, Mr. and Mrs. Ward Ratton accompanied the group. Others furnishing transportation were Mr. and Mrs. Tom Newman, Mrs. Gus Bird, Mrs. John Stevens, Pat Seigler, and James Stanley. Seigler and Stanley cars did not remain for the rodeo, and Mrs. C. M. Barton Jr. furnished rides for one carload of homeward bound Toreadors.

**John White Says Texas Farm Laws Best in the South**

AUSTIN, Tex.—A major advance for the Texas Department of Agriculture was claimed by Commissioner John C. White this week with the announcement that Texas now stands first among 12 southern states in the amount and enforcement of farm legislation.

"Since 1951, we have jumped from seventh to first position in modern farm laws," said White.

"These legal provisions have enabled us to increase our services in Texas by as much as 300%. As a result, Texas can no longer be regarded as an agricultural dumping ground for inferior products from other areas."

The 33-year-old commissioner, who is seeking re-election to the top farm job in Texas, added that "ten years ago we were a convenient 'garbage pail' for the nation. Today, we can put more trust in our production and know that farm goods shipped

into the state must meet certain quality standards."

Commissioner White cited his re-organization of the Department as major factor in modernizing and increasing farm services. It marked the first big overhaul in its previous 47-year history and helped put many programs on a self-supporting basis.

"Our goal during my past seven years in office has been to increase state services without making constant demands for new tax money," White stated. "The clean-up of the state grain scandals, better seed laws, more effective insect controls and establishment of a market news service are just a part of the accomplishments under this system," he added.

White is actively campaigning to continue the programs he inaugurated after taking office in 1951. He defeated two opponents without the necessity of a run-off in 1952 and 1956 and was unopposed in 1954.

Born and raised on farms in North Texas, said that "the challenge of most vital industry—agriculture. It calls for devoted leadership in the future."

Before election, Commissioner White was head of the Department of Agriculture of Western University, Wichita Falls. He and his wife and sons now live in Austin.

### Prairie Fire . . .

(Continued from page 1)  
been caused by the sun shining on a bottle with the concentrated heat igniting powder-dry grass and weeds. The theory is similar to sunlight shining through a fish bowl and igniting curtains in a home. Old time cowmen say that bottles left in a pasture can set off a prairie fire and that specific instances have been recorded.

The Red Lake Ranch fire fighting equipment was used throughout the battle to control the flames. John Stevens, manager of the Red Lake said the strip burned was about 3 1/2 miles long and one mile wide.

Mr. Stevens and some of the Red Lake cowboys spent the entire night at the scene of the fire to control possible outbreaks. The fire almost gained a new start yesterday morning when a whirlwind swept up smoldering mesquite wood and carried it into dry grass.

**Expresses Appreciation**  
Mr. Stevens yesterday asked the Tribune to express his thanks and the thanks of the Red Lake Cattle Corporation for the volunteer aid in bringing the fire under control.

"So many people helped us and we want to express our appreciation to each of them," Mr. Stevens said.

### Paducah Youth . . .

(Continued from page 1)  
to enter the University of Texas in the fall as a journalism major.

He served as editor and news editor of the high school newspaper, The West Wind, and won a fourth place award in column writing with his "Mike's Mumbings" in the Interscholastic League Editorial Contest in 1957.

During his four years of high school in Paducah he was drummer in the Dragon Band for three years. He made the All-Region band and was candidate for All-State band last year.

He served as president of his class during his junior and senior years, was vice president of the student council in 1958 and had served as president of the council. He was a member of Quill and Scroll, the national honor society.

Besides his parents and sister, he is survived by his grandparents, Mr. and Mrs. W. P. Seale of Vernon.

### Lone Star . . .

(Continued from page 1)  
for statehood. Opposed were 7 Republicans and 13 Democrats, most of them Southerners. Texas Lyndon Johnson and Ralph Yarborough were announced in favor of the bill but neither voted Monday.

The territory's first delegate to Congress, James Wickersham introduced the original Alaskan statehood bill in 1916.

Alaska was promised it eventually would become a state in a treaty signed after this country purchased the territory from Russia during the administration of President Andrew Johnson for \$7,200,000.

Once known as "Seward's Folly," after Secretary of State William H. Seward who arranged the deal, the vast area is expected to become a new star in the flag sometime in December.

Before then, however, the President must sign the bill, Alaskans must vote to accept statehood. They are virtually certain to accept it, but some opposition does exist in the territory.

Unprecedented celebrations broke out in Alaska where a river was dyed gold, bonfires roared skyward and a beauty queen astride a fire ladder pinned a 49th star on a 40-by-60 foot American flag.

Dan Keith, son of Mr. and Mrs. G. C. Keith of Whiteface visited in Matador Sunday with relatives and friends.

Nolan Fulkerson of Lubbock, was a Matador visitor Tuesday and Wednesday, making routine grocery calls for Schilling's.
