MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, MARCH 11, 1971

PRICE TEN CENTS

TRAIL DUST

change abruptly from a gentle touch on the cheek to a savage shove that may result in one or both feet leaving the ground. As an invisible force, its presence can hardly be denied.

It would be interesting to rea a love letter composed and written by a computer. The content would, of course, be governed by the data fed into the machine, including whatever romance, passion and dreams that might be indicated by holes in a card. In the event of a breach-of-promise suit resulting from the epistle, the defendant might claim a malfunction of the machinery.

** The tone of a voice in a conver sation often conflicts with the subject to a point where the meaning of words is lost in sound; like greasing a delicate watch with lard into which sand had been spilled.

City Elections Are Scheduled

MOTLEY County's two incorporated communities, Matador and Roaring Springs have scheduled city elections for Saturday, April

Roaring Springs has three councilmen and a mayor who will not seek re-election. Mayor Dale King will not be on the ballot this year, according to an announcement received by the Tribune. Two members of the council, Elmer Parks and Elmer Hipp, have declined to run again. Another member of the council, I. W. Lefevre, is resigning and will not complete his unexpired term.

Matador is scheduled to elect three members of the, council whose terms expire in April. They are L. B. (Bundy) Campbell, Lewis Bostick and Joe P. Smith. They are the only candidates whose names will appear on the ballot.

Matador will hold the city election in connection with the school trustee and hospital board election, in the lobby of the courthouse.

Roaring Springs city election will also be held in connection with the school trustee and hospital board election, Saturday, April 2, in the high school study hall.

Consumers shop more carefully today. Here's why they buy Fords.

Ford LTD, quiet and strong, is the luxury car without the luxury car price.

Ford LTD is the car that can match the luxury of cars costing hundreds of dollars more. And LTD's quiet ride is the standard cars have to match themselves. That quiet strength is one reason for consumers choosing LTD over all other luxury cars in its class.

Torino is sized and priced right in the middle.Room for six, small car handling.

Consumers know the mid-size Torino gives them the roominess of a big car plus the easy handling of a small car. For a price that's that those same more expensive right in the middle. As a result, Torino has become the most popular 4-door in its class. Your Ford Dealer has thirteen other models

Maverick, the simple compact car, offers 2 doors or 4; 6 or V-8 power.

Take Maverick. Consumers know that the simple machine is simple to own and simple to run. And they learned recently that a leading independent survey found Maverick has the best frequency of repair record of any American car. That might explain why it's America's best-selling compact.

Wouldn't you know it would be fun to drive, stingy on gas, quick to service and built to last.

Of course you would. We wouldn't build a small car unless we figured it would give you more of what you want a small car for.

so it has a low, small-car price. But it's what you new Ventura n. get for that small price that makes Ventura II worth a close look.

Venturan is fun to drive. It should be, it's from the Wide-Track people. Which means you plenty of engine-compartment space, especialget a smooth, comfortable, Wide-Track ride.

The handling's quick. There's a nifty 111-inch wheelbase for easy parking. And both the 250- work on your car-well, you'll like Ventura II, too. cu.-in, six and available 307-cu.-in, V-8 respond Both the standard six and available V-8 are beautifully in city traffic or on the expressway.

Venturan is stingy with your gas

money. Both the standard six-cylinder engine and the V-8 you can order run beautifully on regular gas or the new low-lead and no-lead fuels. The carburetor on the six is an economical one-barrel, and the transmission for both six and V-8 is a practical 3-speed manual.

Take that low price. Ventura II is a small car, yourselfer, you'll like fiddling around with the tight and quiet.

The engine is uncomplicated, and there is

If you ever need to have somebody else tough, time-tested designs. Same goes for

transmissions. The standard 3speed manual and the available 2-speed automatic, Turbo Hydra-matic or floormounted 3-speed are all rugged, dependable

Venturan is built to last. There's nothing lightweight about this car. It's welded-not bolted-Ventura is quick to service. If you're a do-it- at hundreds of strategic points to help keep it

The body is heavy-gauge steel. And it has double paneling in the deck lid, hood and doors. You could probably sum it up best with three

little words. Body by Fisher. So, come on. If you're a small-car lover, stop by your Pontiac dealer's today.

Tell him you want to see the new Ventura II. It's the small car that

Ventura **II**—It's Pure Pontiac!

"I hope the boss realizes he's about to discourage this
