TRAIL DUST

By DOUGLAS MEADOR

The small and glittering jewel of freedom is never less secure than when it is hidden behind the sliding panel of apathy; nor is it better protected than when it is held from the grimy fingers of enemies.

My bowl is filled to the brim with luxury by the restaurateur who should be king. None less than a nobleman would require the crackers for my salad be crisp and heated.

Who can despise the poor who the rich frequently have more than money and that so coveted to their hearts that the thought of giving is painful?

The dreamer is heir to solitude, the scion of loneliness and sublime tranquility.

Society is never static. It must improve or decline in following the natural cycle. Its true quality, however, is frequently judged too hastily, depending upon the side currently exposed to view.

Mute clouds driven by the whip of winds, are slaves to the tyrant's whims. The tension of their eternal journeys might be less if an interval was left in which they could pause and sing, or cry in the arms of an understanding sky.

The tree does not always follow as the twig is bent. The modern plastic surgeons of character often graft a fragrant rose to the roots of a scrubby bush; props may train a tree to grow upright when it would sooner follow a natural bent of twisted design.

Gerald Fugit Named Ector County Judge
Attorney Gerald Fugit of Odessa recently assumed new duties as Ector County judge, to which post he was appointed by the county commissioners when former County Judge Selwyn Webber was named judge of a new county court-law created by the legislature recently.

Judge Fugit and his wife, the former Bette Fran Montgomery, visited here Friday and Saturday with her parents, Mr. and Mrs. Frank Montgomery.

The new Ector County judge is active in civic work, and receives high praise in a newspaper article from a recent issue of the Odessa American. A practicing attorney in Odessa since Nov. 25, 1957, he is active in the Odessa Junior Chamber of Commerce, the Ector County Bar Association, and in Boy Scouts, as well as in the Park Heights Christian Church of which his father, Rev. L. R. Fugit, is pastor. He is a men's class teacher and elder in the church and also is now acting Sunday School superintendent.

Judge Fugit was born in Indianapolis, Indiana. His parents moved to Odessa in April of 1948, when his father became pastor of the church there. On Valentine Day, Feb. 14, Fugit married Bette Montgomery of Matador, his college sweetheart. The two met at SMU after Bette enrolled and attended during his last semester.

and "Baggy Britches," with musical accompaniment by Mrs. Delmont Hays and D. H. McGinley.

Janie Waybourn, who executed the "Charleston" in an authentic manner circa the Roaring Twenties, won 2nd place and the "Teen Tones," girls sextette were third place winners. Dressed in blue jeans and in a dimly lighted setting, the girls sang "Hernando's Hide Away" and "Charlie Brown," with Sandra Stevens and Jeanie Spray as a supporting cast. The chorus included Vella Ree Edwards, Judy Hobbs, Melanie Brown, Cheri Barton, Vada Nichols and Dixie Barton. Accompaniment was by the Hep Cats, Gerald Pipkin, Mike Groves and Pat Seigler.

Show Replaces Carnival
The Amateur Show this year was presented as a replacement of the school carnival for entertainment and a means of raising funds for the high school classes.

Judging of the many acts of home talent and selecting the winners was a difficult task, as the entire program was well arranged and presented by the pupils in a manner which would give credit to veteran performers.

Ed D. Smith Jr., served as Master of Ceremonies, and in addition to the winning numbers, other entertainment on the program included the "Melodettes," Linda Rattan, Edna Williamson, Linda Seigler, Jan Barton, Ida Lee Fair and Carolyn Pohl, accompanied by the Hep Cats; the "Pre-Teens," Patricia Day, Janna Crenshaw, Karan Elliott, Joanie Barton and Sandra Sandefer, accompanied by Mrs. G. E. Hamilton; novelty reading by Mary Jane Hamilton; Sue Cross singing "St. Louis Blues," accompanied by Frances Martin; a skit, "Playing School," by third grade pupils, with Ann

Lions Schedule First Rehearsal

FIRST rehearsal of the 1959 Annual Lions Club Revue will be held in the high school auditorium Sunday, beginning at 2 p. m. Approximately half of the club's membership is in the cast. Date of the show is Tuesday evening, April 3. Rehearsals are also scheduled

for Sunday afternoon, March 22 and March 29. An automatic fine of \$5 has been set for non-attendance at a rehearsal, but Tailtwister Ralph Stapleton has announced that he does not want to collect the fines. He wants the Lions members to practice and help make the show a success.

Speaking without his usual levity at the conclusion of the club's last meeting, Lion Stapleton said: "Lions, this show is necessary to the club's success. It is the principal source of money on which we will operate for the next 12 months. Let's get into this show and make it the best we have ever produced. I don't want any Lion to 'buy' himself out of taking a part."

Abundance of Talent
Lions Bill Seale and Forrest Campbell declared the revue will have an abundance of talent in addition to the "fun episodes" in which Lions will appear in a variety of costumes and bear the brunt of jokes, musical and speaking talent will be placed intermittently in the program.

As directors of the Lions Revue Lions Seale and Campbell have been "scouting" other programs. They have secured some of the feature performers in last week's school talent show, to appear in the revue.

Tribune Completes Quarter Century Publication Here

When this issue of the Matador Tribune went into the mail last night the newspaper completed 25 years of continuous publication in Matador. A total of 1,300 issues that have varied in size from four to 40 pages have been printed.

Saturday is the Tribune's birthday. It was on March 14, 1934 that the Tribune Publishing Company purchased the Grover County News from Grover C. Mitchell. The two publications were merged into the Matador Tribune.

The Tribune was first printed in Matador in December 1933 when the Roaring Springs News was moved here and the name changed to the Matador Tribune. The publishing company was formed in January, 1934 with Douglas Meador and Howard Hamilton as partners. Meador purchased Hamilton's interest in March, 1935.

As a matter of record the first Matador Tribune was printed in Floydada by the Hesperian Publishing Company, in November 1931. It was a free circulation paper started by Meador and failed after seven issues. In October 1932 Meador assumed management of the handset Roaring Springs News which he operated until December 1933 when the paper was moved here.

Matador's first newspaper was the Motley County News which was established in 1894. The name was changed a number of times before it returned to the original title (later to be merged into the Tribune).

With this issue the Tribune starts the 65th year of weekly publication here (counting the 40 years of publication by newspapers it has succeeded).

The Tribune is planning a special Silver Anniversary edition this year when facilities are adequate.

Advertisement Sells Too Fast
Tribune advertising sells too fast! A classified advertisement in last week's issue sold the merchandise so fast the customer canceled three more publications.

A letter dated March 7th, from Plainview, describing results of Tribune advertising, is as follows: "Dear Sirs: Please cancel further advertising (ordered 4 issues) of the for sale items of posts and barbed wire."

"Received my copy of the March 5th issue of your paper on the 6th. Just a short time later a phone call informed me that a party from Roaring Springs was in town and wanted to check the wire and posts. He did not buy."

"This morning a phone call from Northfield advised he wanted all the wire and would arrive soon for pick-up."

"Your paper covers a lot of territory and is read by your subscribers. You get action. Thanks for prompt attention. Please forward statement of charges. Sincerely, T. C. Shepard."

and faith will be realities, not dreams." Two Matador girls, Ida Fair and Linda Thompson appeared on the entertainment program, in a skit which was also televised on "Cotton" John's KGNC-TV program Saturday at 1:30.

Chapter Birthday Meeting is Held

Gamma Eta Chapter of Delta Kappa Gamma Society held its birthday meeting in the home of Mrs. Bernice Drake of Lorenzo, Saturday afternoon. The meeting was called to order at 2 p. m. by Mrs. Stella Bowman, president. Mrs. Betty Wells, secretary, read the minutes and also presented correspondence received since last meeting.

Miss Margaret Elliott gave a sketch of the history of Gamma Eta Chapter since its organization.

Mrs. Virginia Elliott Williams has been awarded the Lalla Odom Scholarship for summer study at Texas Women's University, Denton, and was asked to read a letter she had received notifying her of the award.

Every member contributed thirty pennies to the scholarship fund and the treasurer was instructed to send it in to the proper officer with an offering for members not present, from the treasury.

The members circled the table on which the birthday cake, white with pink candles, was centered, and each lighted one of the twenty tapers, making a wish aloud as she did so. When the candles were all lighted and

the wishes made, the members blew out the candles.

Mrs. Evelyn Lowrie, Crosbyton, who last year served as secretary of the West Texas State Teachers' Association, District IV, brought a very timely message to the group concerning the legislation on education now facing the Texas legislative bodies and the present status of each bill in which education and other friends of education are vitally interested. Mrs. Lowrie was well qualified to bring the information, having sat in the executive sessions of the WTS-TA. She advised every member to contact a legislator from her own district and to acquaint at least four lay people with the proposed legislation.

The group voted to defray the expenses of the president, Mrs. Bowman to the Alpha State Meeting at the Galvex Hotel in Galveston the last Friday and Saturday in April. Mrs. Roxi Lewis, Roaring Springs, was named alternate.

A white elephant sale was held at the conclusion of the program, and approximately \$10.50 was realized from the exchange sale of articles brought by the members.

Baptist WMU has Annie Armstrong Missions Program

(Delayed)

The Annie Armstrong Week of Prayer for Home Missions was observed last week by the Baptist Woman's Missionary Union in three programs arranged by Mrs. Elbert Reeves, prayer chairman, and held at the church. Two programs were heard Tuesday and the third was presented Wednesday night at mid-week prayer service.

The morning program was in two divisions, "Telling the Multitudes" and "Telling the Isolated Inhabitants."

Scripture for the first division was Isaiah 40:9 and following the singing of the hymn, "Rescue the Perishing," parts were given introduced by Mrs. Reeves, as follows:

"Rescue the Perishing," Mrs. C. M. Barton, "Duty Demands It," Mrs. J. D. Craven; "Lift Up the Fallen," Mrs. John Barnhill; "Still He is Waiting," Mrs. Gene Hawkins. Closing meditation was given by Mrs. C. D. Bradshaw and Mrs. Harold Campbell.

He's "in" when he's out

thanks to the Electronic Secretary Automatic Telephone Answering Unit

This television repairman has solved the problem of being in two places at once. Now he can make his service calls and still answer the phone!

With the help of an Electronic Secretary Automatic Telephone Answering Unit, all incoming calls are recorded while he's out. By playing back the recordings upon his return, he knows immediately where he's needed next.

The Electronic Secretary Answering Unit automatically answers the phone and takes messages 24 hours a day. It permits proprietors of one-man businesses to leave their offices and shops, yet "stay in touch." It keeps their establishments "open" when they're away.

The Electronic Secretary Answering Unit makes any phone do more. Call your local telephone business office to find out what it can do for you.

TIRED OF BEING "ALL SHOOK UP" IN THE CENTER SEAT? Other cars make the tunnel so big there's almost no room for cushioning. The ride is hard, bouncy. See the difference in Mercury.

TIRED OF SITTING WITH YOUR KNEES UNDER YOUR CHIN? In other cars the tunnel "hump" is bigger than ever. But Mercury actually cut the hump in half! See how much more leg room there is for the man in the middle. And see (right) how Mercury pulls knee-cracking corner posts back out of your way.

MERCURY GIVES YOU MORE CUSHIONING, COMFORT AND ROOM THAN ANY CAR IN ITS FIELD

Here's how: Mercury, alone in its field, has a body designed for just one car. Other manufacturers give you—even on cars priced into Mercury's class—the very same body used on their lowest priced makes. That's why Mercury alone can cut the center hump in half, widen the door openings 4 inches, add 9 inches more knee room, provide unequalled 6-passenger visibility and comfort all around. Come on in. You'll see!

CAMPUS CUES:

During the first few grade school years, a student looks to high school as that part of the school ground that you do not enter unless for a very good reason.

High school students are the people who do not have recesses and who have to study all time out of five pound books. They have "dates?" and drive cars by themselves.

All this seems big, but when the grade schoolers finally reach high school they soon realize that they are not as big and smart as they thought they would be. Of course the recesses and the making of room decorations are missed, but there is

always something to replace these things.
It is a well established fact that the time spent in school is the best years of a persons life. See ya next week!

Mike Groves Earns Merit Certificate

Mike Groves of Matador High School reached the finals of the 1958-59 National Merit Scholarship Program and was awarded a Certificate of Merit Monday, Feb. 23, by Mr. Johnson, principal.

The senior distinguished himself by his high scores on the two college aptitude tests used in the National Merit Scholarship competition. About six-tenths of one per cent of the seniors in each state received the awards. A national total of 10,000 students were honored.

Over 478,000 students were tested in the 1958-59 National Merit Scholarship competition which began last April. The test results have panned the competitors down to the 10,000 finalists. Some 700 of the finalists will be named Merit Scholars this spring. They and the colleges they have chosen, will share in \$3.5 million in Merit Scholarship funds offered over eighty different organizations and individuals. The winners will be deter-

mined by the results of final judging now being conducted. The Merit Scholars will be announced about May 1.

The selection of the 700 finalists, who will be awarded Merit Scholarships in 1959, is performed by the Merit Scholar Selection Committee, a panel of experts in academic selection, and by special judging teams convened by various donors of Merit Scholarships. High school grades, leadership, citizenship and extra-curricular activities are considered, as well as test scores.

The fifth program will begin on April 28, with the National Merit Scholarship Qualifying Test, to be given in an estimated 15,000 high schools.

JANE EYRE
By Charlotte Bronte

This is a very interesting book about an orphan girl. Her parents were killed when she was very young. Jane had to live with her aunt. There she was treated very badly. When she was eight years of age she attended a boarding school. She was treated very badly there also. She was eighteen years old before she knew any kind of real love. This was when she and Mr. Rochester fell in love.

After the discovery of Mr. Rochester's lunatic wife, Jane left him and wandered around the country for days without food except two meals she begged from people. She was finally rescued by a very nice family. After several years, Jane inherited a great sum of money from her unknown uncle. She then decided to find her only love, Mr. Rochester.

This book has 457 pages and is found in MHS library.

SOPHOMORE SCOOP

Only ten more weeks of school! With this warm spring weather and everything beginning to get green, not to mention the sandstorms, we've got spring fever. We can't wait till summer when we can go swimming, have parties, run around and go to the show all time, and best of all not have any lessons to get!

But, I guess we'd better worry about lessons, and passing before we start dreaming about summer, but it's fun to think about it!

So long till next week and back to the drudgery again!

MANY EXHIBITS DISPLAYED BY GRADE SCHOOL

Grade school was really decked out for Public Schools Week. Here are the descriptions of the rooms.

Items in the eighth grade room that invited the most comment were salt figurines done on poster board, and chalk drawings of Mexico. Other items were posters on rocket distances and fire prevention.

Causing the most moans and groans from eighth grade parents were the individual folders of the students showing their work in various subjects.

For the big event the seventh grade put up some of their geography maps and made fire posters.

The students winning prizes on their posters are as follows: Thomas Edmondson, first; Virginia Nichols, second; Wilburn Terry, third; Don Hagel and Bob Brandon, fourth; and David Rattan, fifth.

A new student was added to the seventh grade last week. He is Donald Hagel of Goree, Texas.

The sixth grade had many displays. Some of them were posters on Russia, a miniature airport, colorful writing and spelling graphs, illustrated reading lessons, history maps, language helps, and a language train.

The fifth grade room was decorated in Mexican style. The day the mothers visited, each

student gave a report on customs, etc. of Mexico.

The students also made Mexican Joes, which were given to their younger brothers and sisters.

The fourth grade featured "Children of All Lands" as their display in room decorations. The room border featured the drawings of children from around the world, and free hand drawings of pictures of a typical scene from that particular land.

For open house in the evening, folders of the children's work were displayed on each child's desk to show samples of his work.

Several students from the fourth grade were featured in the Amateur Hour in a "Miss Universe Contest" which went along with the unit of study on "Children of Other Lands."

The third grade has been working on a unit on Texas, its emblems, wild life and shrines. The students made booklets of facts on Texas and wild life.

Mrs. Marshall's and Mrs. McGinley's second grades exhibited items on Texas. The students made booklets on the bird, flower, and the flags of Texas. The second graders also kept and drew weather charts in February, which were shown.

The first graders had a surprise for their Moms and Dads when they visited. They had drawn a life size paper doll of themselves. The parents identified their children by facial expressions, clothes, and color of hair.

New combinations of fruit juices are appearing on many store shelves. Cranberry and apple juice is one new combination. You may find combinations of apple and prunes, pineapples or grapes, too. These combined juices are often considered more pleasing than one juice alone — and they add variety too.

Do you need to get more milk into meals? One way that this is possible is to add dry milk

powder to fluid milk and milk beverages such as hot chocolate and put extra nourishment into the cupful. Another way is to use as much as 1/2 to 3/4 cup of dry milk to 1 cup of liquid in preparing soups, cereals, and other foods. This makes them at least twice as rich in milk as dishes made with fluid milk.

Mrs. Hal Courtney of Northfield, Mrs. Joe Degan, Flomot, Mrs. Ward Rattan, Matador, Mrs. C. M. Barton, Jr., Matador, and Mrs. John Harland, Roaring Springs have been selected to present the 4-H Club workshop at the District THDA Meeting in Graham April 7. Motley County

is one of the 6 counties in the district of 22 counties which has a part on this program.
