

Matador Tribune

YEAR—No. 17 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, JULY 2, 1959 PRICE SEVEN CENTS

Four New Wells to be Drilled

OIL DEVELOPMENT is moving rapidly in Motley County and four or five new wells are scheduled in the Roaring Springs area. The Tribune has reliable information that at least four and perhaps five new wells are scheduled within the next 60 days. Locations and the names of drilling companies are not available at the present time.

The spurt of new interest is declared to be the result of the excellent showing indicated by the Hamilton Estate well. The Hamilton well is still to be tested. Base was being poured yesterday for the location of a pump.

The new General Crude test on the Birnie Ranch northwest of Matador started drilling Sunday night. It is significant of the interest in Motley County oil development that four or five new wells are scheduled in the Roaring Springs area while drilling activities in West Texas generally are declared somewhat below normal.

A rumor is circulated that another new wildcat is scheduled in the area northwest of Matador but the Tribune has been unable to connect it with authority.

One source said that if a new wildcat is projected for the area it will probably be started after the present test on the Birnie Ranch is completed.

RAIL DUST

By DOUGLAS MEADOR

MAIN STREET in Matador looking north to the new bridge construction over Hackberry Branch of Ballard Creek. The new bridge is being built by the Texas Highway Department.

Farmers In "Dither" Because Of Rainfall

NATURE in the form of recurrent rainstorms is posing a problem for area farmers. With the absolute deadline for cotton planting at hand, farmers are in a "dither" to get into their fields and bring the weeds under control. Many reports have been received of farmers who could not get into their fields and replant cotton destroyed by washing rains.

More rainfall late Tuesday increased the problem as furrows again filled in a wide area of the county. The rainfall registered here was 2.20 inches.

An ironical situation that damaged a number of fields of young cotton Saturday, was produced with a summer sandstorm. Heat and the high winds burned and covered the tender crops. Sandy areas suffered from the unusual weather while farmers plowed desperately in an effort to control the blowing sand. No estimate of the loss has been reported, although some crops were completely destroyed.

Some farmers have planted three and four times as a result of the series of washing rains. Cotton planted at intervals allowing time for it to "take root" is growing rapidly.

Feed crops and gardens are showing exceptional growth. In many places, however, weeds and grasses have gained strong positions in fields too wet to plow.

Rains All At Once
Earlier months of the year indicated a possible drought condition might be starting. Then the rains started. Heavy rains fell in such close sequence that it was almost impossible for many to plant.

The total rainfall for the year as recorded by Bob Stanley, is 16.62 inches, as compared with 11.05 inches for the same date a year ago.

Rainfall at Roaring Springs Tuesday night was 1.42 inches and 2.20 inches reported east of town. Flomot reported from one-half to 1 1/2 inches.

Rains Delay Work On Matador Bridge
Continued rains have delayed work by the Texas Highway Department on the new bridge across Hackberry Branch of Ballard Creek at the north end of Main Street evening rains again brought the work to a halt and required extra time in restoring the construction to its previous position.

Traffic in the meantime, is experiencing difficult travel. Dirt road crossings of the creek were closed Tuesday night because of high water. North side residents and travel over the Northfield road were routed over State Highway 70 to the intersection of Hackberry Street.

Mr. and Mrs. L. D. Webb and children of Albuquerque, N. M., formerly of Matador, visited here last week with friends and relatives.

Mr. and Mrs. John Farris Fish and daughters, Daryle and Doreese returned home Sunday night from a visit in Raymondville with her parents, Mr. and Mrs. Gorman Fox.

Mr. and Mrs. Forrest Campbell went to Meridian Wednesday to accompany their son, Gary, home from Big State Baseball Camp.

Mr. and Mrs. R. E. Campbell, Jr., and daughter, Carol, accompanied her other daughter, Mrs. Charles Cullin and her baby daughter, Charise Lynn, to their home in McLean Saturday.

Major and Mrs. Jack Robinson and children of Dyess Air Force Base, near Abilene, visited friends here Tuesday, as they were en route home from a vacation trip.

Twister Reported At Patton Springs

Some damage resulted from cyclonic-type winds in the Patton Springs area Tuesday night, according to a report received here late yesterday.

Mrs. Nathan Morris, a teacher in the Patton Springs schools, said the school bus shed was damaged, a house trailer was turned over and some farm building damaged by the night twister.

Rainfall in the Patton Springs area was about 2 inches, she said.

BENNIE COX IS LIONS DELEGATE

Lion B. C. (Bennie) Cox, accompanied by Mrs. Cox, left by plane from Lubbock Saturday, for New York City, where they are attending Lions International convention as delegates of the Matador club.

The Matador club has a convention "kitty" fund which each year helps defray the expense of convention delegates. Names are usually drawn until a member who can attend the international convention accepts the delegate place. Lion Cox is a director of the Matador club.

Speaker Secured For VFW Banquet

Speaker for the VFW dinner scheduled here July 14 will be Victor Afferback of Lubbock, Senior Vice-Commander of Veterans of Foreign Wars Department of Texas, it was announced yesterday by Vance Gilbreath, Commander of the Matador VFW.

Accompanying the speaker will be Commander Jack Diamond of the Lubbock VFW, and possibly others, Gilbreath said.

The annual barbecue is held as a benefit for Matador East Mound Cemetery, and the proceeds used for improvements and maintenance of the cemetery.

Tickets are now on sale for \$4, each ticket admitting two persons.

Mr. and Mrs. L. D. Webb and children of Albuquerque, N. M., formerly of Matador, visited here last week with friends and relatives.

Mrs. John Farris Fish and daughters, Daryle and Doreese returned home Sunday night from a visit in Raymondville with her parents, Mr. and Mrs. Gorman Fox.

Mr. and Mrs. Forrest Campbell went to Meridian Wednesday to accompany their son, Gary, home from Big State Baseball Camp.

Native Daughter Of County Returns As New Pastor Of Two Methodist Churches

METHODIST Churches in two Motley County communities, Whiteflat and Flomot, have a new pastor. She is Mrs. Ruth S. Cooper, daughter of Mr. and Mrs. Fred Simpson of Matador. Mrs. Cooper, who is a licensed minister, was born and reared in Matador and is a graduate of Matador High School.

Rev. Cooper and her family moved from Muleshoe to Whiteflat June 23. The family includes her husband, Arthur Cooper, and their four youngest daughters, Sandra, Linda, Frances and Doris.

Rev. Cooper, in addition to filling the pastorate of two churches and caring for a large family, will in her "spare time" become a new news correspondent for the Tribune in Whiteflat.

EDITORS NOTE: Having known Ruth Simpson Cooper for over 30 years, I predict she will serve the two churches with distinction and outstanding success. She is a devoted and dedicated woman of unusual ability who deserves the support of the people of her native Motley County. We hope in the near future, to publish an article on her interesting human story of becoming a Methodist minister. We believe the new responsibility will open an avenue of rewarding opportunity.

HARRY CAMPBELL NAMED TO ATTEND 4-H RANGE CAMP

Harry Campbell, son of Mr. and Mrs. Harold Campbell of Matador has been selected to attend the 5th annual Texas Range Camp to be held at Junction, August 16-22.

Fifteen 4-H club and 15 FFA boys from Texas have been selected to attend the camp.

Harry was selected to represent Motley County 4-H clubs on the basis of his work on the Motley County 4-H grass judging team that placed first in the Aspermont contest, 2nd in the District 4-H contest, and 5th in the State contest held in connection with the 4-H Roundup.

He won top honors in the Aspermont contest and was second high individual in the district contest held at Wichita Falls.

The week's camp will include trips to ranches, plant, animal and wildlife study, brush control methods, judging range condition and making range condition demonstrations.

Sponsoring the local delegate to the camp is the Matador Lions Club.

LEAVE FOR OMAHA
Mrs. B. E. Shaw Jr., and her father, Elmer Stearns left Saturday to return to the former's home in Omaha, Nebraska, after a 10-day visit here with relatives and friends. His brother and wife, Mr. and Mrs. Alvin Stearns accompanied them to Lubbock and they continued by train from there.

Three Injured Here In Truck-Car Crash

A FIERY DEATH was close to a dozen people in Matador about noon Saturday when an automobile struck a loaded butane transport truck carrying more than 7,000 gallons of the highly inflammable gas. The accident was at the intersection of U. S. and State Highways 70. The big truck driven by Alton L. Jones of Lubbock was struck by an automobile driven by Mrs. Mary Alice Self of New Boston. Three of the six passengers in the automobile were treated at Stanley Hospital. Mrs. Mary Addie Raney, also of New Boston, is still a patient, recovering from a fractured arm and leg. Mrs. Vivian Bean and Mrs. Self were treated for lacerations, shock and bruises.

Don Self and Mrs. Bean's two children were not injured. The injured were conveyed to the hospital by a Eudy-Seale ambulance.

The accident was investigated by State Highway Patrolman W. A. Richardson of Paducah. The truck owned by Flash O'Gas was headed north on State Highway 70. The automobile was headed west.

Deputy sheriff Jody Graham said the point where the car struck the tank truck was not over one inch from a valve which might have been broken from the impact and released the dangerous cargo.

It is believed that had the gas been released it might have become ignited thus bringing flaming death to the occupants of the two vehicles and perhaps others at the intersection. The 1959 Plymouth driven by Mrs. Self was badly damaged.

Off 30-foot Bluff
Jim Haney of Matador narrowly missed death or serious injury about 9:30 Saturday night when his car plunged off a 30-foot bluff on U. S. Highway 70 about one mile west of the Tongue River bridge. Mr. Haney was blinded by the lights of an approaching car, causing him to hit guard posts on the highway and plunge off the embankment. His car landed right side up and he was uninjured.

Figures show that one person was killed every 3 hours and 44 minutes in Texas traffic in 1948, one was hurt every four minutes, a crash occurred every 83 seconds and economic loss cost \$660 every minute.

The figures show that 14 Texans out of every 1,000 were injured in traffic and that 76,000 vehicles were smashed. And car insurance costs rise \$50,000,000 a year in 1958.

Church of Christ To Hear Bob Harp

Announcement was made this week that Minister Bobby Harp of the Broadway Church of Christ, Lubbock would preach at the 11 o'clock service Sunday, July 5 at the Matador Church of Christ.

In addition to serving the Lubbock church (said to be the world's largest Church of Christ congregation) as one of its three associate ministers, young Harp is director of the denomination's Junior-Senior Bible Chair.

His colorful background in the ministry includes mission work on "skid row" for the Manhattan Church of Christ in New York, and a year with the Church of Christ in Bangor, Maine, before returning to Texas three years ago.

Mr. Harp was reared here, and with his wife and sons, Scottie and Eric, will be guests of his parents, Mr. and Mrs. A. A. Harp.

Tribune Wins Two 2nd Place Awards

The Matador Tribune last weekend was awarded two second place certificates in newspaper contests conducted by the Texas Press Association at the 80th annual convention held in Brownsville.

The Tribune certificates were for news writing and appearance. A third place certificate was also presented for news pictures.

Editor and Mrs. Douglas Meador accompanied Mr. and Mrs. Glen Brotherton to Brownsville. The Brothertons visited friends in San Antonio enroute to the convention city.

Mr. and Mrs. Harold Renfro and children, Robert and David, of Plainview visited in the Algie Groves and James Renfro homes Sunday. They were accompanied home by their other two children, Becky and Melvin, who have been visiting here.

Businesses Here To Observe 4th

Matador business firms will observe Saturday, July 4th as a legal holiday. Most of the places of business in town will close for the day, allowing employees and employers extra time in which to rest or "go places."

An advertisement appearing in this issue of the Tribune bears the name of many firms (and individual offices) that will close Saturday.

Bob Stanley Pharmacy and Vaughn Drug will close for the holiday although their names do not appear on the advertisement.

Exception is filling stations, and cafes. Matador postoffice, county and city offices will be closed as well as the First State Bank and the West Texas Utilities office. Major cities throughout the state will observe the holiday, except businesses of essential services.

July 4th weekend is expected to bring a grim total of highway deaths since the number of vehicle accidents peaked.

Drivers Cautioned
Gov. Price Daniel, in continuing his statewide traffic safety crusade, has appealed to the motoring public to use greater caution when on the highways.

Last year Texas had a reduction of almost 8% over the previous year, yet 2,342 persons were killed, although travel in Texas increased 3% from 42 billion plus miles to almost 44 billion miles.

Figures show that one person was killed every 3 hours and 44 minutes in Texas traffic in 1948, one was hurt every four minutes, a crash occurred every 83 seconds and economic loss cost \$660 every minute.

The figures show that 14 Texans out of every 1,000 were injured in traffic and that 76,000 vehicles were smashed. And car insurance costs rise \$50,000,000 a year in 1958.

Twirlers Selected For Drum & Bugle

Twirlers and drum majorette for the Matador Drum and Bugle Corps were selected in tryouts held Saturday morning. Judging the majorettes were Misses Shirley Hagan and Connie Kelly, twirling instructors.

Janie Waybourn was chosen as head twirler, with Cherri Barton and Carolyn Pohl as the other two members of the team. Alternate twirlers chosen were Barbara Bird, first; Vella Ree Edwards, second; and Dixie Barton, third. Jan Barton will lead the Drum and Bugle Corps as drum majorette for the third consecutive year.

MATADOR LEAGUERS WIN OPENING GAME

Matador Little League baseball team won its first game of the season, Monday night, June 22, at Quitaque, in a 15-0 score.

The game was called at the end of 1 and 1/2 innings in accordance with the rule stating if one team gets as much as 8 runs ahead, it is a game.

Matador score 2 runs in the first inning and had scored 13 in the second when the game was called.

The winning pitcher was Tommy Green. Those collecting two hits were Tim Green, Rusty Jackson, Larry Burks, and Richard Campbell. Pat Green is manager.

A game scheduled for Monday night of this week did not materialize.

Thomas Young of Lubbock is visiting here with Carl Thompson.

Donnie Pyle of Austin is visiting his sister, Mrs. Bryan Martin, and family Mrs. Martin met him in Levelland and accompanied him here.

Mr. and Mrs. John L. Green looked after business and visited in the home of her sister and family, Mr. and Mrs. Algie Groves, Monday.

Wayne Tucker, who is working at Ceta Canyon this summer, spent the week end here in his home.

Matador, Matley County, Texas, Thursday, July 2, 1959

Senate Elects Rogers to Highest Honor

Signal honor has been accorded Senator Andy Rogers of this District by his election as President Pro Tempore of the Second Session of the 56th Legislature in Austin. This makes Rogers the third ranking state official and the Acting Governor in the absence from the state of both the Governor and the Lieutenant Governor.

On that date, July 9th, Senator Rogers will perform all the customary functions of the Governor, including holding a press conference, signing proclamations, land patents, pardons and other duties. During the morning hours, from 9:30 to 12:30 and in the afternoon from 2:00 to 5:00 p. m. Acting Governor and Mrs. Rogers will receive friends and guests in the Governor's Reception Room on the second floor of the State Capitol Building. At noon, he and his immediate family will be honored with a luncheon at the Governor's Mansion. That evening Senator Rogers and his family will be given a banquet and program in their honor at the Villa Capri Restaurant in Austin. All occasions of the day, with the exception of the noon luncheon, are open to the public and a cordial invitation is extended by Senator and Mrs. Rogers to their many friends all over the state and especially those in the 30th Senatorial District to participate in this full day of activities.

Since it is necessary that arrangements for the dinner be made in advance, it is urgently requested that those desiring to attend the banquet in Senator Rogers' honor, write or call Jimmy Wilson, Jr., Chairman in Charge of Dinner Arrangements, P. O. Drawer 788, in Pfluguda, not later than July 9th. There is no charge for the dinner but it is essential that arrangements for the number planning to attend be made in advance.

This is the first time that the people of a Senator from our Senatorial District have been so

recognized and honored and it is hoped that a large number of people from the 30th Senatorial District will be able to attend this "once in a lifetime" occasion. Senator Rogers stressed the fact that since the time element and the distance between Austin and his District made it impossible to send out individual invitations to his many friends and supporters, he asked that each and every person consider this public announcement a cordial personal invitation to attend.

Homemaker's Hints

By Ruth Odean, Home Demonstration Agent

To keep cool during this hot weather, another hint is to avoid overcrowding your rooms with extra furniture and "nic-nacs." Leave space for family living. It makes cleaning easier, too.

July's list of plentiful foods contain the following: fresh plums, peaches, lemons, limes, eggs, ice cream and small-sized turkeys. Of course summer vegetables will show up in wide array throughout the area.

TEXAS PRESS ASSOCIATION Member 1959

Peanut butter and vegetable fats and oils complete the July list of plentiful foods announced by the USDA's Southwest Distribution Division, in Dallas. Each item is expected to be in heavier-than-normal supply and menu planners usually will find it economical to rely heavily on these foods.

Average Mileage Of Cars is 9,391

DALLAS — The average American car traveled 9,391 miles in 1957, and averaged 14.40 miles per gallon doing it.

Half of that driving was in the city, according to figures released Saturday by the U. S. Department of Commerce, Bureau of Public Roads.

The total travel miles for 1957 was 647 billion said George S. Thompson, manager of the Dallas Commerce Department field offices.

It was about 665 billion last year, he said, and will be almost 700 in 1959.

"Picture a line of cars two

abreast stretching for eight blocks," Thompson said. "Imagine a convoy of that size leaving Portland, Maine, for Portland, Ore., every minute for a year. That's 700 billion vehicle miles."

The nation has 3,400,000 miles of roads and streets, Thompson said. In 1957, 40 per cent of the travel was on main rural roads and 46 per cent on city streets. The remaining 14 per cent was on local rural roads, he reported.

VISIT CHILDREN HERE

Mr. and Mrs. Bert Estes of Colorado Springs, Colorado, are visiting here this week with their children, Mesdames Bill Pipkin, Robert Darsey, R.E. Campbell, Jr., and W. F. Jacobs. Mr. and Mrs. Bob York and children, Sharon and Barry, of Oxnard, California, visited with her parents and sisters here Sunday. She is the former Shirley Estes.

Mr. and Mrs. C. B. Pipkin and son, Gary Bob, of Lubbock visited over the week end with his mother, Mrs. C. D. Pipkin, and brother and family, Mr. and Mrs. Bill Pipkin.

New Process for Making Costume Jewelry Introduced by Hardin-Simmons Professor

A piece of pewter and common colored glass in the deft hands of Miss Suella Lacy, Hardin-Simmons University assistant professor in art, are blended into objects of unique jewelry by a new process.

Miss Lacy takes glass and designs free-form stones by fusing several colors together. The glass retains its sparkle and color after being heated to temperatures as high as 1,600 degrees Fahrenheit.

After the stone is designed it is caged with the pewter to get a pleasing and unusual effect. When the jewelry is equipped with a sterling silver chain, it becomes a pretty ornament.

The professor is believed to be the first person to utilize this new method of jewelry construction. Neither she nor Dr. J. B. Smith, chairman of the H-SU division of humanities, has seen the process used in this country.

Pewter is any of various alloys made up primarily of tin and sometimes combined with lead. It closely resembles ster-

ling silver and is shaped quite easily.

Process Is Unique

The new method of jewelry making, which soon will be used by university art classes, is unique because the stone is fused glass and the pewter is shaped to fit the form of the individual stones.

In the process a new method of anchoring the stone in the background of the metal used. In traditional jewelry making it is necessary to use bezel or prongs to attach the stone to the metal. By the new method, the stone is caged, or encircled, with the metal.

One of the ingredients of the jewelry — the colored glass — is available in large quantities and without cost. Glass which has been used in making the stones has come from medicine, snuff and other colored bottles. Other stones have been fused from glass marbles of the playground variety and telephone line insulators.

Cost of the pewter is about

\$4.50 for a piece 9x9 inches and it will make more than a dozen pieces of jewelry, Miss Lacy explains.

One advantage of the new construction is the ease with which it may be adapted to laboratory instruction. "I think it is a stepping stone to advanced jewelry making," the professor said.

The first showing of Miss Lacy's unique creations was at a Creative Art Club display recently in Abilene. During the show, she displayed 16 pieces of the new-type jewelry and 13 of them were sold.

Mr. and Mrs. Fay Tipton of Wichita Falls were visiting friends and relatives and attending to business here Saturday.

Mrs. Marvin Sherbert of Petersburg visited Mrs. Bob Martin Saturday and was accompanied home by her daughter, Judy, who has been staying with the Martins while attending twirling school.

Mrs. J. M. Harper and son, Chris, of Lubbock visited her mother, Mrs. R. P. Moore, last week.

Shower is Given For Recent Bride

A bridal shower in the home of Mrs. Bill Jameson on June 15, was a courtesy for Mrs. Billy Ray Webb, the former Rosemary Shanks.

The hostess list included Mesdames Jameson, Givens Lawrence, Billy Jim McKeivey, R. A. Stafford, J. D. Craven, Bryan Martin, J. C. Cross and Gene Hawkins, and Misses Peggy Welling and Ray Davis.

Mrs. Stafford registered the guests during reception hours from 3 until 5 p. m.

Arrangements of cut flowers decorated the house and the honoree's chosen colors of blue and white were featured in table decorations.

A blue cloth was overlaid with a crocheted table cover, and blue candles in crystal holders were used with a miniature bridal couple on a mirror, for a centerpiece which was surrounded with net.

Hostesses alternated in presiding at the crystal punch service.

Married in Levelland
The home of the officiating minister, Rev. Calvin White, pastor of the Trinity Baptist Church

of Levelland was the scene of the ceremony uniting the young couple on May 9.

They were accompanied by Mr. and Mrs. Calvin Gilbert of Lubbock and Miss Karen Webb of Matador, sister of the bridegroom, whose parents are Mr. and Mrs. R. S. Webb.

At the time of her marriage, the bride was a Matador High School senior. She is the daughter of Mr. and Mrs. Ned Shanks.

MISSION STUDY HELD BY BAPTIST CIRCLES

Mission study from the book, "The Holy Spirit in Missions," by J. B. Lawrence is being held by Baptist W. M. U. circles.

Meeting Tuesday, June 23 in the home of Mrs. Harry Carter, the Burleson Circle was taught by T. E. Long. Members and visitors present were Mesdames Long, Carter, R. E. Campbell Sr., Leonora Luckett, Joe Campbell, T. L. Rippetoe, and D. P. Keith.

Mrs. Elbert Reeves taught the study for the Dorcas circle which met in the home of Mrs. Bess Patton. Others present were Mrs. Bertha Garrison and Mrs. Alfred Barton.

Joe Fair, who is working out of town, spent the week end in his home here.

Bessie Cleveland and James Chambliss Repeat Vows in Candlelight Ceremony

A June wedding of interest to friends here was that of Miss Bessie Cleveland and Mr. James Chambliss, who are now at home in Abilene, where Mr. Chambliss plans to attend McMurry College.

Vows were repeated by the

Background for the ceremony was an archway of greenery, flanked by floor baskets of white gladioli. White candelabra were arranged behind the archway.

Given in marriage by her father, the bride wore a street-length dress of ivory white satin featuring a full skirt and a lace covered jacket. She wore matching ivory white satin pumps and a shoulder-length veil of net attached to a satin floral headpiece.

Mrs. W. E. Sonnemaker rendered a prelude of nuptial music at the piano and also played the traditional wedding marches.

Attending the bride as maid of honor was Miss Dean Helm, and bridesmaid was Miss Harriett Bean. They wore identical dresses of light blue taffeta. Mrs. Cleveland, mother of the bride, wore an off-white linen dress with white accessories.

Brother is Best Man

Mr. Ray Chambliss of Matador attended his brother as best man, and Gregory Smailey formerly of Matador was usher.

Flower girls were Vickie Sue Holt and Mary Ann Holt, nieces of the bridegroom. They wore identical light blue dresses with white accessories. Miss Doris Ann Brinson, cousin of the bride registered the wedding guests in the bride's book as they arrived.

A reception was held immediately following the ceremony in the home of the bride's parents.

Table decorations featured the bride's chosen colors of blue and white. A three-tiered wedding cake and punch were served by Misses Helm and Bean to relatives of the couple and close friends.

For a wedding trip to Corpus Christi and other places of interest in South Texas, the bride chose a turquoise two-piece dress with white accessories.

Mrs. Chambliss is a 1937 grad-

uate of Matador High School and has attended McMurry College in Abilene for the past two years. Her husband has served in the air force and is a 1939 graduate of Matador High School. He is the son of E. B. Chambliss of Matador.

THANK YOU

Thanks to each of you who remembered me when I was in the hospital. The cards, letters, gifts, and lovely pot plants, also the delicious food that was brought to our home were all appreciated so very much. It was so nice to be remembered by you in this manner. May the Lord bless you and yours.

Mrs. Chas. Posey

WEEK END VISITORS

Mr. and Mrs. Robert Shilling of Dallas came Thursday to accompany two nieces, Misses John and Betsy Reeves of Durham, N. C., for a week end visit with their grandmother and aunt, Mrs. W. E. Reeves and Miss Helen Reeves, and in the home of Mrs. Elbert Reeves. They were joined here by Dr. Robert Reeves of Durham, who accompanied his daughters on their return trip home.

Mr. and Mrs. Vance Gilbert and Mrs. A. W. Ford were in Lubbock Tuesday of last week attending to business.

Miss Betty Neighbors is employed in Lubbock this summer in Hester's Office Supply.

City Bakery

Mr. Tax-payer:

Which of these pipes will your city use?

Texas-made Lone Star cast iron pressure pipe will last over a hundred years!

The use of cheap substitutes, such as foreign made cement-asbestos pipe, is wasteful and means probable replacement in a very few years. (This pipe was taken from a Texas city's water system. Photo is unretouched.)

Officials of most Texas municipalities know that when they buy and install cast iron pipe they are helping to support the American economy and the high standard of living we all enjoy. They are buying products made in America for use by Americans. They are not fooled by the slightly lower initial cost of foreign goods because they realize that this "paper savings" will be more than offset by the cost of excessive maintenance.

Domestic cast iron pressure pipe is time-honored, centuries-proved, and is backed by strong, resourceful American companies that will be in business for years on end to guarantee their product.

Really, who backs foreign-made pipe? Who answers for it when it fails? To whom will the few all-advised pipe-buyers look for the answers to these questions when trouble develops? Were they penny wise and pound foolish?

Take a look at some of these important factors back of the initial price tag, then pick up the telephone and call the first city official you think of and tell him you appreciate his good judgment in buying American-made cast iron pipe with your tax dollars. If he has been buying Lone Star pipe, tell him that we, too, appreciate the business!

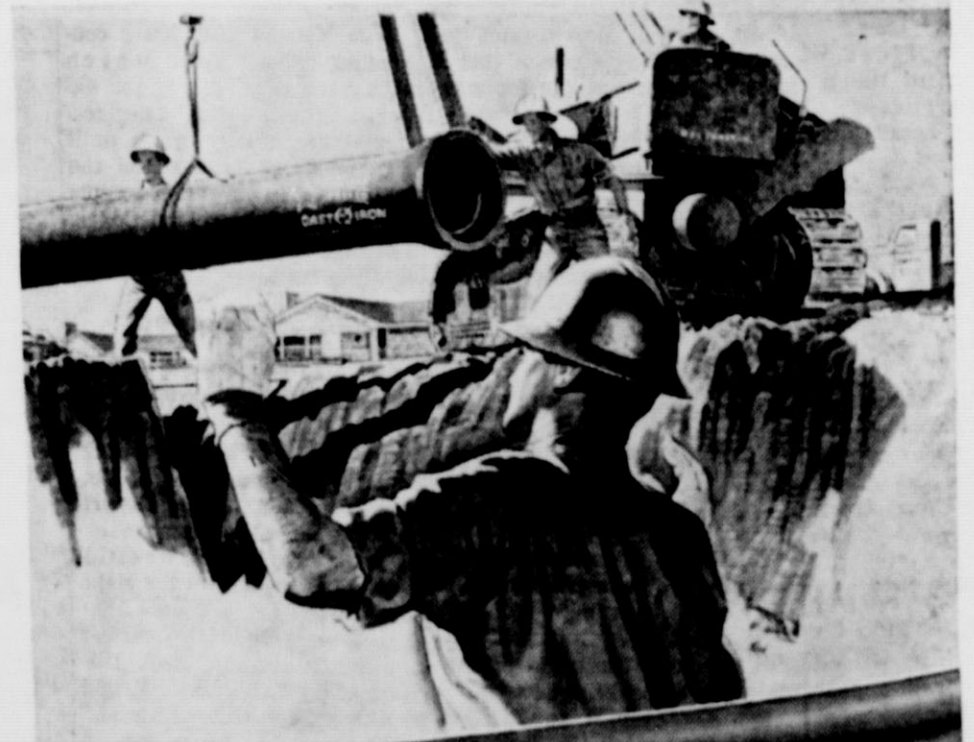

Foreign products used in America deprive Americans of work

Cast iron pipe, such as Lone Star's dependable pressure pipe, will last for over a hundred years. It saves millions in tax dollars by eliminating repeated repairs that are inherent in cheap, foreign-made substitutes. Lone Star pipe bears the "quality check" of the Cast Iron Pipe Research Association and the approval of Underwriters' Laboratories, Inc.

Roaring Springs NEWS

Mrs. L. E. Cooper
Correspondent
Phone 981, Roaring Springs

Mr. and Mrs. Delbert Sprberry and son, Daryl, of Muleshoe were week-end guests of her parents, Mr. and Mrs. Ben Dillard.

Susan Payne, Lou Vaughn and Michelle Smith. Mothers present were Mesdames Loyd Thomas, Lester Davis and John A. Beck.

Phone Directory Changes Requested

"It won't be too long before all telephone users, residential and business customers alike, will receive new telephone directories for 1959", E. L. Jenkins, District Manager for the General Telephone Company of the Southwest announced today.

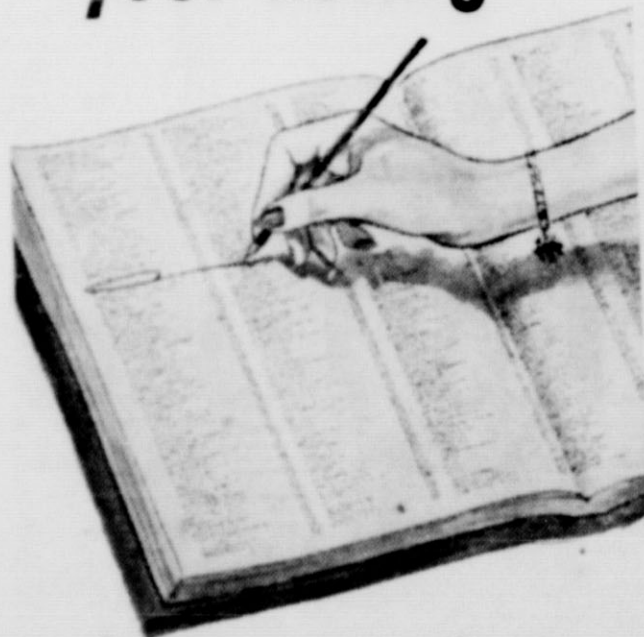

"Correct initials, names, addresses, are necessary to a sure complete and adequate representation in the alphabetical section and the Yellow Pages as well", he said.

The final closing date for making changes or adding listings to the new telephone directory will be July 20, 1959.

Jenkins urged that all subscribers wishing to make changes should call the business office as soon as possible to enable the telephone company to make the corrections or additions before the new directory is printed.

COME TO CHURCH SUNDAY

The new telephone directory goes to press soon—**please check your listing**

Is your present listing correct?
Want to add other family members?—extra names cost very little!
Want your business listed under more classifications for customer convenience in the profitable Yellow Pages?
Call our Business Office now.
There's not much time left.

Farley Tells Nation About Boys Ranch In Broadcast Recently From New York

Cal Farley told of the start of Boys Ranch at Tascosa as a haven for homeless youth 20 years ago in a nationwide radio broadcast recently.

Cal cited "lack of discipline and supervision as one of the great problems of youth today." He spoke from New York, where he is for talks and observances in connection with a month-long celebration of the anniversary of Boys Ranch.

Don Russell and Frank Blair, announcers on the NBC program, "It's Network Time," referred to Farley's "lifetime of service to unwanted boys." The program was carried by KGNC AM-FM and some 200 other radio stations throughout the country.

The announcers also referred to a biography of Farley, "A Shirttail To Hang To," by Beth Day, published this week by Henry Holt & Co. of New York.

Farley recalled that when he was an Amarillo businessman (tires and accessories and a department store), police were always bringing him problem boys with the explanation that if something wasn't done for them they would wind up in a reformatory.

Boys Ranch stemmed from a youth organization called the Maverick Club. Boys Ranch has graduated 1,384 boys, counting 251 there now, said Farley.

"We lost 42 boys who went on to the reformatory," Farley said. "If we had had the stuff and know-how in the early years we could have saved half of them."

Most of the boys come from broken homes, said the speaker. He said one of the first signs of delinquency is when a boy starts "ducking school."

A truant boy has to find someone to play with and naturally he becomes associated with other boys out of school, Farley explained. Pretty soon the boys are stealing. There are no rules in the alley, the playground of many of these boys, said Farley, and from then on, unless someone takes hold of them, it's a

steady march downhill. Athletics, religion and chores all play a part in the rehabilitation of a boy, asserted Farley. Milking cows and other chores at Tascosa provide some of the discipline these boys need, he said.

Boys Ranch has a busy schedule, keeping the boys active from 6 a. m. to 9 p. m. daily, Farley said. He pointed out a boy might run 9 miles—and after a few minutes of rest complain there is nothing to do.—The Amarillo Daily News, Amarillo, Texas

NORTHFIELD NEWS

Mrs. Hal Courtney
Phone KI 5-2422

Mr. and Mrs. Rush Timmons of Muleshoe and Mr. and Mrs. J. D. Elliott attended the Santa Rosa Rodeo in Vernon Thursday night.

Mr. and Mrs. Al Roberson of Houston were house guests this week of her sister and husband, Mr. and Mrs. M. H. Leary, also the latter's granddaughter, Susan Leary of Midland.

Mr. and Mrs. Boone Simpson accompanied by Johnny Meyer, are spending the week end at Ruidoso, N. M.

Mr. and Mrs. Walter Timmons and son, Mark, visited in Cee Vee Thursday night with Mr. and Mrs. R. L. Lyons and their daughter and husband, Mr. and Mrs. George Randolph of Austin.

J. T. Persons of Quitaque attended to business here Friday of last week.

Allan Thomas accompanied by Mr. and Mrs. Ebb Thomas and son, John, were in Amarillo last week where the latter Mr. Thomas received dental treatment.

Mrs. Tom Moore has been spending a few days with her daughter and family, Mr. and Mrs. Calvin Nimmo and children of Matador and receiving medical treatment at Traweek Hospital.

Mr. and Mrs. Hal Courtney and son, Quinn, visited with Mr. and Mrs. Lewis Bostick and sons, Larry, Steve, and Berry, Sunday night.

Mrs. Bill Bethany returned home Friday after having spent the past week with her daughter and husband, Mr. and Mrs. Sonny James, of Vernon.

Recent visitors in the Allan Thomas home were Mr. and Mrs. Tullis Pistole of Cee Vee and Mesdames J. T. Hudson, Pete Hudson and Fannie Earnest of Childress.

Mr. and Mrs. Walter Timmons and son, Mark, accompanied by their daughter and family, Mr. and Mrs. Donnie Dawson and son, Ray Don, of Amarillo attended the Santa Rosa Rodeo Saturday night.

Carol Campbell, Kay Rattan, and Donna Williams accompanied by R. E. Campbell Jr. of Matador stopped in for a short visit with Mr. and Mrs. Reece Timmons last week.

BIRTHDAY PARTY GIVEN

Mesdames Pete Timmons, N. L. Cook, Reece Timmons, and Paul Cruse entertained the latter's son, Paul Don, with a birthday party at the Childress Park Thursday, June 25. The group all being cousins, Randy and Eddie Cook, and Ann and Aaron Timmons enjoyed swimming and a picnic lunch afterwards.

HO CLUB COMPLETES PLANS

Northfield Home Demonstration Club completed plans Thursday afternoon of last week, at the regular meeting for the club quilt to be given away Saturday night, July 4, at the community meeting and supper.

Club members answered roll call with an idea for maintaining good mental health. Mrs. B. F. Simpson gave a very interesting talk on mental health.

Hostesses, Mrs. J. W. Timmons and Mrs. Homer Davis entertained with bingo games and served refreshments of iced fruit drink with canapes to the following: Mesdames Walter Timmons, R. E. Hoover, Claud McDonald, B. F. Simpson, Delmona Hays, Nolan Thomas, Homer Davis, J. W. Timmons, and Hal Courtney.

About Your Health

A weekly public service feature from the Texas State Department of Health.

Henry A. Hells, M. D., Commissioner

The discarded nail was hidden in tall grass. The mower blade hit it and suddenly it was buried an inch deep along side the shinbone of the 23-year-old Williamson County secretary.

Accidents of this type will be on the increase now—this is lawn-mowing time, you know—until fall weather brings a welcome respite from the weekly chore.

The State Department of Health does not keep statistics on non-fatal accidents, so the extent of injuries from carelessly handled power mowers is unknown. But a random check of private physicians and an emergency hospital confirms the fact that the number is considerable.

Like the man who stopped his car at the curb, intending to say hello to his perspiring neighbor busily mowing the grass. Neighbor wheels up with mower to return the greeting. Man in car—elbow resting on window—finds his forearm pinned to bicep with a five-inch piece of wire flung at him by the whirling blade.

Power equipment is a tremendous boom to the man who likes to keep his yard neat with a minimum of effort. But it takes constant concentration to do the job safely. Even experience is no substitute for concentration.

A garden club member in a major Texas city used to pride himself on his safe and sane use of power tools that helped him maintain the sharpest yard in the block.

But no more. One afternoon recently, while trimming his driveway with a power trimmer, he reached down to lift a bloom-laden branch of a rose bush out of the way.

When he withdrew his hand two fingers were missing. "I wasn't alert," he wryly explained.

One of the most frequent mower accidents has this sequence.

A stick or wire or rock jams between cutting bar and blade.

The operator attempts to clear the jam without going to the trouble of killing the motor. Results: Badly cut or severed fingers when the surge of power spins the freed blade.

Most power mowers come equipped with safety guards. Trouble is that guards are removed by owners for one reason or another and never replaced.

But use one carelessly and you're liable to become a candidate for a quick trip to the emergency ward of City Hospital. (A weekly feature of the Health Education Division, Texas State Department of Health.)

COUNTY AGENT PALLMEYER SAYS:

For those of you who are using ground equipment to spray brush with chemicals, here is a "rule of thumb" to keep in mind. Always treat the herbicide spraying equipment as if it were contaminated.

This event happened at Tex-

as A & M College. "When the department of Range & Forestry first started using chemicals to control brush and weeds, a piece of spraying equipment was used to spray a test plot. The sprayer was washed and sorted. Several months later the same sprayer was used to spray insects on a plot of plants under a special test, and the plants were nearly all killed. The department knew that the insecticide was not the cause of the plants dying so a study was made to find out what killed them."

"It turned out that the herbicide was still active in the sprayer after it had been washed and stored for a long time."

The same experience has happened in Motley County several times, and even though you may get by several times, you never know when the herbicide is going to catch up with you and cause a loss.

Always treat brush control equipment as if it were contaminated. You may destroy a whole crop if you don't, because herbicides can not be removed completely from spray-

ing equipment, no matter how large a tractor sprayer, or a small hand sprayer.

WHEAT REFERENDUM

Marketing quotas for 1960 wheat crop were claimed on June 1 by Senate of Agriculture Ezra Taft Benson. This seventh successful clamoration of wheat marketing quotas is required by a supply that is 99.6 percent above ten normal supplies.

The Texas share of the allotment will be 4,000 acres, which is nearly 100 percent less than the 1958 allotment of 4,099,094 acres.

Benson proclaimed a wheat acreage allotment of 4,000,000 acres, the minimum permitted by law, and announced State shares of the national allotment. He also set July 1, 1959, as the date for a referendum to determine approval or disapproval of state commercial and noncommercial wheat production area for 1959.

WHITEFLAT NEWS

By Mrs. Arthur Cooper

Church Organizes Youth Fellowship

Young people of the Whiteflat Methodist Church were organized last Sunday night into a Methodist Youth Fellowship. Officers elected were: Daphne Lynn, president; Glenda Lynn, vice-president; Frances Cooper, secretary-treasurer; Vella Ree Edwards, publicity and music; Doris Cooper, Christian Faith and Witness; Scottie Robbins, Christian Fellowship. Adult counselors are Mrs. Scott Robbins and Mrs. Arthur Cooper. All youth of the community are invited to meet with the group for weekly services.

RECENT VISITORS

Last week end, Mr. and Mrs. Ralph Cooper and daughter, Brenda, of Putnam, and Harold Cooper and Miss Joanna Winn, both of Lubbock, visited at Whiteflat in the home of Mr. and Mrs. Arthur Cooper, parents of Ralph and Harold; and in Matador with their grandparents, Mr. and Mrs. Fred Simpson.

RESIDENTS RETURN HOME FROM EXTENDED VISITS

Several local residents have returned to their respective homes here after extended visits with relatives elsewhere.

Mrs. Jim Ford arrived home Tuesday from a two-months visit with her son and family, Mr. and Mrs. Norris Ford of Manchester, New Hampshire.

C. T. Heller, who spent the past three months in California visiting his daughter and family, Mr. and Mrs. Lott Vickers of Novato, and a son and family, Mr. and Mrs. R. V. Heller of Richmond, returned home Friday.

Mrs. Ben Keltz arrived home Thursday night from a month's visit with relatives and friends in Los Angeles and San Diego, Calif. She traveled by train and was met in Lubbock by her children, Mr. and Mrs. J. E. Edwards and Mrs. Bennie Keltz, and Mrs. Harold Campbell.

Mr. and Mrs. Herman Wagley and children of Pampa accompanied his mother, Mrs. H. M. Wagley to her home here Sunday, after several weeks as guest in their home. They were accompanied by Mrs. Lela Gomer. Mrs. Herman Wagley's mother, who visited in the home of a nephew and family, Mr. and Mrs. Freddie Welling.

IN APPRECIATION

The kindnesses of friends who remembered me with cards, letters, flowers and visits during my recent hospitalization and since I have been at home are deeply appreciated, and I wish to take this means of thanking each of you for your thoughtfulness.

Mrs. Tom Spears, Flomot

Rev. and Mrs. Gene Hawkins and children, Nancy and Keith spent several days last week in Colorado Springs, Colo. En route home Friday they visited relatives in Bovina, where Nancy remained to visit.

Important Notice!

Little General would like you to read a portion of the rules and regulations which constitute a contract between General Telephone and all of their subscribers.

"Directories are the property of the Telephone Company and are loaned to subscribers only as an aid to the use of the service. Subscribers may only use with or attach to directories furnished by the Telephone Company, binders, holders, inserts, auxiliary covers or attachments which do not contain advertising and which are not so attached as to impede reference to essential service information, or otherwise interfere with service. No other binders, holders, inserts, auxiliary covers or attachments of any kind not furnished by the Telephone Company shall be attached to or used with directories furnished by the Telephone Company nor shall any subscriber to the Telephone Company's service induce or encourage violation of this provision by distributing, disseminating or otherwise making available to other subscribers to the Company's service any binders, holders, inserts, auxiliary covers or attachments, the attachment or use of which by such subscribers would be a violation of this provision."
