Heavy Rains Again Sweep Territory

Rainfall of unusual proportions again blanketed this area during the past week with the greatest precipitation being registered Monday night. Approximately 2.5 inches of rain has fallen in the county since Friday. Roaring Springs reported a similar rainfall, while reports from other sections of the county indicate about the same.

The rain Monday night changed from the slow drizzle to storm proportions, accompanied by heavy lightning display. No reports of hail damage in the county have been received, while certain sections of the plains area suffered some losses.

For the first time in years farmers were looking to the sky yesterday for sunshine to make possible early planting and an opportunity to destroy the rapidly growing crop of weeds.

Vegetation of every form is showing unusual growth since there has been no time during the spring when rain was needed.

Ranchers are elated over the prospects for improved range conditions, however reports indicate that weeds are dominating many sections.

Some "old-timers" declare the season to be the most favorable here since the spring of 1891. Others say it is the most promising season they have ever witnessed.

Continued cloudiness and higher temperature prevailed yesterday which "forecasters" said indicated more rain.

J. W. Drace Goes To Fort Worth

J. W. (Dub) Drace, who has been connected with the Magnolia Service Station here for the past nine years, left this morning for Fort Worth, where he has accepted a position with the Texas and Southwestern Cattle Raisers' Association.

Mr. Drace will be employed as brand inspector, and after the first of June, will be located at San Angelo, Texas.

Mrs. Drace accompanied her husband to Fort Worth, where they will remain thru the month of May, during which time Mr. Drace will familiarize himself with his new duties.

SENIOR CLASS PLAY MAY 13

Announcement is made of the Senior Class play at the high school auditorium on Tuesday evening, May 13, with curtain at 8:15. The play, a 3-act comedy, is titled "Simple Simon Simple", with the following cast:

Simon Simple, an inventor, Le-Roy Nelson; Sophie Simple, his wife, Helen Hill; Stella Simple, his daughter, Frances Stearns; Sammy Simple, his son, Lowell Barkley; Sally Ann, maid at the Simple home, Dede Barton; Minerva Webb, who boards at the Simple home, Estelle Martin; Hazel Hawthorne, Estelle's fiancée, Ruth James; Sammy Varlow, who manages the Hotel Elite, Merritt Faulkner; Elwood Elkins, just returned from the city, Bob Jones and Dortha Ducksworth, from the city, Lucille Plumlee.

Between-acts music will be provided by Holeman Knoy and Juanita Mize.

Motley Fat Stock Brings \$2,938.73

County Agent J. Rufus Emmons said late yesterday that he had received report of receipts from the 2nd Annual Motley 4-H Club Show calves, sold in Kansas City, following the Plainview show.

Averaging over 10c per pound the Motley county calves totaled 27,380 pounds, for which the youthful owners received \$2,938.73.

KARA HUNSUCKER IS NAMED BY TECH IRC
Kara Hunsucker, sophomore Journalism student from Matador, was elected president of the Texas Technological college International Relations club for the 1941-42 school year at a regular meeting of the club Monday night. Miss Hunsucker will succeed Mayo Boucher of McAdoo.
—Lubbock Avalanche

First Bond Sold Here

M. J. Reilly, manager of the Matador Land and Cattle Company purchased the first National Defense bond to be sold through the Matador post office according to a statement released yesterday by postmaster Edward F. Springer. With official sale of the various types of bonds starting today, Mr. Springer declared that many other citizens have already expressed desire to make purchases, and that he expected extensive sale here.

The Defense Savings Bond will be offered for 75 per cent of its maturity value, with maturity of 10 years. Thus, a Defense Savings Bond bought in May, 1941, for \$18.75 will be redeemable in May, 1951, for \$25.00. This is an increase of 33 1-3 per cent, equal to an interest return of 2.9 per cent per annum, compounded semi-annually. This bond is not transferable, will not fluctuate in value and may be redeemed at any time before maturity at values printed on its face. Intended chiefly for people of small income, ownership is restricted to individuals in their own right, with a limit upon holdings of \$5,000 maturity value of bonds issued in any one calendar year. Denominations are \$25, \$50, \$100, \$500, and \$1,000. The Defense Savings Bond will replace the present "baby bond" series and will be available to all subscribers under the Regular Purchase Plan familiar to many thousands of small investors.

The new Series F Savings Bond intended for larger investors, for trustees, and for reserve funds, is offered for 74 per cent of its maturity value, with maturity of 12 years. It can be held not only by

(See BONDS Back Page)

Local Store Starts Sale

"True Value Week" annual selling event of the Matador Hardware and Furniture Company starts this morning and will continue thru May 10. Customers are urged to make purchases early since many of the popular items offered at especially low prices are limited in supply, according to L. C. Harp, manager of the firm.

An advertisement listing a few of the many bargains appears in this issue of the Tribune, while a large 4-page circular has been mailed to all post office box holders.

The sale is made possible by the cooperation of Hibbard, Spencer, Bartlett & Company of Chicago, the world's largest wholesale hardware dealers. Prices offered on the items featured "meet or beat all competition," and the sales have become increasingly popular each year.

FISHERMEN LEAVE

A group of local fishermen left Wednesday for a few days fishing in the vicinity of Lake Kemp near Wichita Falls.

Making the trip were: Alvin Stearns, R. P. Moore, Henry Ford, D. E. Pitts and Harry Campbell.

APPOINTED TO WEST POINT

Allen Academy has been informed that Congressman Worley of Texas has appointed Cadet Otto Godfrey Pitz Jr., a student there, as principal to fill a vacancy in the United States Naval Academy. Cadet Pitz is well known here, having made his home here on several occasions with his grandmother, Mrs. Margaret Newman. He is the son of Colonel O. G. Pitz of the United States army, and Mrs. Pitz, who was reared here.

Lions Need Scrap Iron

Members of the Matador Lions Club are "locating" scrap iron to deliver at the Higginbotham-Bartlett Company yard before the next regular meeting of the organization, Tuesday, May 6th. A weigher's certificate showing that at least 100 pounds of iron has been delivered will be necessary to gain admission to the meeting. The requirement is a part of the club's drive to secure scrap iron for Britain.

Tail Twister Laughlin has intimated that penalties will be heavy and that he may resort to automobile wheels, doors that can be removed or any other metal which members possess, to bring up the quota.

A good program is assured with a new program committee functioning, which includes Farris Fish, W. B. Vaughn and Walter Coulson. The luncheon will be held at the Methodist church basement.

Dairy Show Group Will Visit City

A group of Plainview businessmen will visit Matador Friday at 2:30 p. m. in interest of the Panhandle-Plains Dairy Show, according to information received yesterday by county agent J. Rufus Emmons.

The 14th annual Panhandle-Plains dairy show will be held in Plainview, May 6-10, inclusive. The boosters have asked to meet with local business men and have requested Mr. Emmons to call a meeting for that purpose. The statement from Plainview expressed a hope that Matador might be represented at the show.

The group, headed by Walter Thatcher, is expected to arrive here about 2:20. The meeting will be of brief duration.

Lodge Holds Anniversary Meet Here

Matador I. O. O. F. lodge celebrated the 122nd anniversary of the order in a special program held in the local Odd Fellows hall, Tuesday evening.

Principal address was made by Rev. L. B. Smallwood of Crosbyton, a former pastor of the Matador Methodist church, during 1926-27. Quartet singing was provided by Jim Edmondson and T. B. Edmondson, Mrs. Earl Laughlin and Miss Mable Jameson, while Miss Roberta Jameson provided the piano accompaniment.

Delicious refreshments were served to a group of 66 guests and visitors attending the meeting.

CHANGE MADE IN BARBER SHOPS HERE

Effective Monday, changes were made in the ownership of Matador's two barber shops. Warren Clements purchased half interest in the Sanitary barber shop, which will be operated in the future under the combined management of Mr. Clements and Pat Sheridan.

Henry F. Pipkin purchased Mr. Sheridan's interest in the City Barber shop and will in the future operate the shop under his own management.

Previous to the transaction the two shops were owned by Messrs. Pipkin and Sheridan, each in charge of the shop where he worked.

Carl Tardy, formerly employed by the Sanitary barber shop, has purchased a barber shop at Roaring Springs, where he has assumed management. Mr. Clements will take his chair in the Sanitary shop. No other changes in personnel is announced.

Methodist Conference Is Concluded Tuesday

City Clean Up Drive Is Started

The most aggressive spring clean-up drive in Matador's history gets under way this morning, to continue thru May 10, according to city officials and officers of the Matador Lions Club, sponsors of the drive.

Residents are asked to make special efforts to clean all grass, weeds and trash from their premises and adjoining property which may be unkept. Trash, junk and other unsightly objects which can not be burned, will be hauled away free of charge by the city. However, junk and trash must be collected and placed in boxes, barrels or sacks so that it can be removed easily and quickly.

Stress is placed upon the fact that this section has received more than usual spring rains and that grass and weeds are growing rapidly, thus creating additional unsightly areas.

Every resident of the city is urged to take part in the drive that Matador may become "the cleanest city in West Texas."

Farm Votes To Determine Wheat Quota

The wheat marketing quota, on which farmers will vote May 31, offers a double protection—protection of supplies for the consumer and protection of the market for wheat growers themselves, says W. I. Rushing, chairman of the County A. A. A. Committee.

The marketing quota insures plenty of wheat for every probable demand by consumers in this country and abroad. Mr. Rushing said. A quota on wheat may be proclaimed only when the total supply exceeds a normal year's domestic consumption and exports by more than 35 per cent. With exports practically shut off by military blockade, Mr. Rushing reports that there will be almost 2 bushels of wheat on hand for every 1 which is likely to be consumed this year in the United States.

In view of this supply, marketing quotas are necessary to protect the income of all wheat farmers, Mr. Rushing declared. In the last 2 years, the wheat program, principally the loan, has held the United States wheat price 30 to 40 cents above the world price. However, on the face of the large supply in prospect for the coming year, the loan needs the added protection of the marketing quota, he said. Because loans on an uncontrolled surplus would involve too much risk.

MANY ENJOY JUNIOR PLAY TUESDAY NITE

The junior class play, "Billy's Goat" drew a large crowd Tuesday night in the high school auditorium, for an evening of high entertainment with hilarity rampant thruout the performance.

Scene of the three-act comedy was in the library of the home of Henry Carter, a financial giant in a large Eastern city, played by Billy Tunnell. Other characters were: Violet Carter, a daughter, Wanda Nelson; Beulah, a maid, Mavinee Russell; Mrs. Susan Carter, Henry's wife, Bennie Wayne Marshall; Miss Davis, his secretary, Janelle Jackson, Miss Cool, his wife's secretary, Margie Marshall; Billy Hays, a salesman, McElton Skags, Midge Carter, another daughter, Dorothy Wason, Arthur Angelo, a poet, Norris Fulmer, and Harold Hollinghead, an Englishman, Douglas Pitts Jr.

The play was directed by Miss Zora Beth Faulkner, with makeup by Mrs. J. R. Whitworth. Johnnie Belle Willis furnished music between acts.

Rate Named On '41 Farm Parity Pay

With the recent determination of 1941 parity payment rates, Motley County farmers can now estimate the amount they can earn thru full participation in the 1941 A. A. A. farm program, according to W. I. Rushing, chairman of the county A. A. A. committee.

Parity payments, based on the normal yields on allotted acreages, will be made at the rate of 1.38 cents per pound on cotton, and 10 cents per bushel on wheat, the A. A. U. official said. Farmers who participate in the 1941 A. A. A. program and plant within their farm acreage allotments of these crops are eligible to receive payments at these rates, he declared.

In addition to parity payments, cooperating farmers will receive conservation payments based on the normal yield of the farm acreage allotments. As previously announced, conservation rates for 1941 are 1.37 cents per pound on cotton, 8 cents per bushel on wheat, and an average of 89c per acre on general soil-depleting crops for Motley County. All payments are subject to deductions if acreage allotments are overplanted.

Farmers, also, may earn payments under the Agricultural Conservation Program, for carrying out approved soil-building practices up to the maximum allowance available to the farm. In most cases, this information has been made available to the farmer on his 1941 farm plan sheet.

May Fete Tonight

A record attendance is expected at the fifth annual May fete which will be held tonight in the gymnasium in the grade school building, as interest in the entertainment has gained momentum.

Over two hundred grade school children will be presented in the colorful patriotic pageant of folk dances representing various phases of the country's development, and centering about the ever-popular winding of the May pole.

Deviating from the customary coronation ceremonies usually associated with the fete, the procession will be led by students protracting "Uncle Sam" and "Miss Liberty."

MUCH ILLNESS IS REPORTED IN VICINITY

Many cases of illness are reported in Matador and adjoining communities, with the majority of the patients as victims of Pneumonia.

R. A. Day, manager of Matador Cleaners, is again at his place of business following an absence of three weeks when he was confined to his bed of pneumonia.

Vernon Doss was able to return to his duties as teacher in the grade school, last week, following an extended illness of bronchitis.

The small son of Mr. and Mrs. Mike Hoyle of Roaring Springs, has been seriously ill at the home of his grandparents, Mr. and Mrs. T. B. Edmondson, here with an arrested case of pneumonia.

Mrs. Ernest Hall of Roaring Springs, has also suffered an attack of pneumonia.

Arnold Patton, son of Mrs. Bess Patton, of Matador, is a patient in the Richards Memorial Hospital at Paducah, following an appendectomy performed Sunday morning.

ATTEND FUNERAL

Mr. and Mrs. Frank Pohl attended funeral services Monday at Slaton, for M. H. Edwards, 63, who passed away following a short illness.

Mr. Edwards who was a cement contractor, had been employed in Matador recently.

Attendance Slowed By Rainy Weather; Olton Is Selected

Heavy rain, hail and electrical storms over the area retarded attendance of the Methodist District Conference meeting here Monday and Tuesday. However, reports were made from 26 pastors in the district and the meeting was acclaimed very successful. It was Matador's first time to entertain the conference since 1928.

The conference opened Monday afternoon at 2:30 with Rev. L. N. Lipscomb, district superintendent of Plainview, presiding. Welcoming address was made by G. E. Hamilton of Matador. All pastors of the district were present with the exception of Rev. C. W. Foote of Abernathy, who was ill. Two former pastors of the local Methodist church, Rev. L. B. Smallwood of Crosbyton and Rev. E. A. Thorp of Ralls, attended.

Rev. Frank L. Turner, president of McMurry College made an address concerning the institution's work and Rev. Cecil Matthews reported on student work being done at Lubbock.

Laymen Have Charge

The service Monday evening was in charge of church laymen, with Jim Willson of Floydada presiding. One of the outstanding addresses of the conference was made by District Lay Leader Ray Nichols of Vernon, Monday evening.

Although more extensive plans had been made, only 40 delegates remained in Matador Monday night, many from nearby cities returning to their homes and driving back here for the conclusion of the conference Tuesday.

Rev. Earl G. Hamlett, pastor of the Amarillo Polk street Methodist church was unable to attend, with his place on the program being filled by Rev. J. B. Baker pastor of the McAdoo church. Rev. H. H. Hamilton of Sudan was elected secretary of the organization with Rev. Horace Brooks of Kress as his assistant.

Olton was selected as host city for the conference in 1942. Reports from every section of the district showed vast progress in all forms of church activity.

Special music was provided by the local choir and male quartet. Special duet singing was offered by Mrs. W. F. Jacobs and Mrs. Thelma Dirickson.

CUBS PRESENT FINE PROGRAM

An interesting program was presented by Cub Scouts of Pack 60, when they met Friday evening in the high school auditorium.

The program was opened with a play by Den 1, in which the honest qualities of a Boy Scout, were stressed. A three-act drama was then presented by Mr. and Mrs. Hart Harris and their son, Buddy. This drama depicted the home life of a business man and his family, teaching a fine lesson to the people connected with Cubbing. A play entitled "Six Little Doctors" by Den 2, concluded the program, and emphasized the importance of good health.

Den Chief's shoulder cords were presented to George Doss and Marshall Lee Morton, who have completed their Den Chief's training course.

Boys between the ages of 9 and 11 are urged to join the Cub Scouts, and anyone interested is asked to see Hart Harris at the Mission Service Station, or Mrs. H. H. Courtney, Den Mother.

—Marshall Lee Morton, Master of Den Chiefs.

ATTEND GIVENS FUNERAL AT CHILDRESS TUESDAY

Mrs. G. E. Hamilton and Mrs. J. H. Nebbett drove to Childress Tuesday where they attended funeral services for Mote Givens, 52, a resident of Childress county for a half century.

Mr. Givens, who died Sunday night in a hospital at Waco, was a brother of Miss Ora Givens, former teacher here. Other survivors are three brothers, Kenneth, Frank and Harry Givens, all of Childress.

Miss Dorothy Jean Harp, Texas Tech, Lubbock, student, spent the week end at her home here.

Coming Clean! . . . by Squier

FSA Named As Agency Of Defense

Farm Security Administration, United States Department of Agriculture, has been designated as a National Defense Agency, according to word received here by Walter D. Coulson, rehabilitation supervisor for the FSA in Motley County.

Federal programs contributing directly or indirectly, or both, to national defense have been given a defense rating by the Federal Government.

Mr. Coulson said a chief contribution of Farm Security to national defense is its rehabilitation of farm families who have suffered the plight of economic insecurity.

"The Farm Security Administration does far more than merely loan money to low-income and needy farm families," Mr. Coulson said. Although this agency does make low interest loans to farm families unable to obtain credit from any other source, it has many other programs to assist America's rural families.

"Farm Security," Mr. Coulson continued, makes it possible for many low-income rural people to find security of tenure, improved housing and sanitation facilities, improved diet, more stable income and, in many cases, improved medical attention.

Families Are Cooperating

"There is another phase of the defense program," Mr. Coulson added. FSA families are cooperating in the soil conservation program. They are using sound farm and home practices, rotating their crops, planning to plant cover crops, and they are growing feed for their stock as well.

The rehabilitation supervisor reported that many of the landowners in Motley County have given their tenants long term leases so that live-at-home and soil conservation programs can be carried out. This program, he notes, is also a defense program.

Mr. Coulson pointed out that "in these times of stress, long term leases . . . three to five years . . . are needed to give stability to the tenants and share-croppers. These leases are beneficial to the landowners as well as tenants, because it gives the tenants an opportunity to improve the fertility of the soil and take advantage of the environmental program of the FSA."

Approximately 85% of the families in Motley County have long term leases and all have written leases for one or more years with an option to renew. "In designating the Farm Security Administration as a National Defense Agency," Mr. Coulson said, "the National Defense Commission recognizes the fact that a nation that has too many low-income, inadequately housed, fed and clad persons in it, together with those who suffer ill health, cannot be a strong nation in time of peace or war."

Trade agreements between the United States and Canada have been modified to permit free entry of oranges into Canada during the months of January to June, inclusive.

HIS JOB IS TO BREAK GLASS

DEARBORN, MICH.—This man's job is to break glass. He's been at it for years. Yet he keeps on breaking it, trying to find a kind of glass that will bend instead of break.

After the first success with a glass that would break in a way that would not leave jagged edges, continued experiments have produced a glass which will crack and bend but not smash into dangerous cutting edges. In the 1920s, when the jagged glass in broken windshields was a major menace in even minor accidents, the Ford Motor Company pioneered safety glass in automobiles.

This picture, taken at that company's glass plant, shows a 2-pound ball falling five feet upon a piece of safety glass. The glass merely cracks slightly. There is a newer glass now which will withstand the ball dropping 16 feet. This glass has a rubber-like quality and bends slightly when hit.

Ordinary plate glass of quarter-inch thickness shatters into jagged pieces when the balls drop only 18 inches.

Safety glass is made on the sandwich principle. This principle is to place between two layers of glass a sheet of plastic known as vinyl. Glass and plastic are formed into one unit under heat and pressure.

By early April, hundreds of thousands of acres in Central Texas are covered with the blue bonnet flowers.

The salary of a government clerk cannot be garnished.

New York city consumes a billion gallons of water every day.

Texas produced 14,362,000 pounds of cheddar cheese in 1939.

There are 300,000 Jews in Great Britain and Ireland.

Health Is Improved By Dental Care

The high prevalence of faulty dental conditions among draftees when they report for physical examinations is cited by Dr. Geo. W. Cox, State Health Officer, as emphasizing the need for early and regular dental care for children—both at home and under professional supervision.

Doctor Cox stated that dental disease has resulted in the rejection of as high as ten percent of draftees for regular military service. He attributed these dental defects to failure of the draftees to avail themselves of dental care—even when properly advised—during childhood. Another probable factor was the period of economic depression during which a great deal of needed preventive dental service was allowed to go unattended.

When the majority of the present draftees were of elementary school age there was little or no development of the present-day dental school health program. These programs, still not as nearly universal as they should be, aim at the double goal of educating the child in the importance of good teeth and securing needed dental care for the child from his family dentist or through school dental clinics. By the first of these two aims it is hoped that children will be led to continue regular dental care in their later years.

"Had the draftees received the initial care that results from this school program, the ill effects of the depression period would probably not have been so markedly reflected in the present day condition of their teeth. Every dental defect that results in the loss of a tooth had a small beginning. Had these and subsequent defects been noted early and corrected, the number of necessarily extracted teeth would have been materially reduced, with, in turn, reduction of the number of draft rejections because of dental defects.

"There is no cure for dental decay, once it is started, other than prompt corrective service by a dentist. It is believed that the efforts now being made to accustom the children to early and regular dental care will prevent the development of conditions similar to those that are now influencing the rejection of draftees. If it does this, it will also result in the improved health of our adult population whether or not a national emergency is faced.

"And good teeth in healthy bodies are as essential in normal as in emergency periods."

Read the Business Directory

FARMERS' COOP BUYING GROUP IS ORGANIZED

Sixteen farm families met in the district court room Friday, April 18th and organized a cooperative purchasing association with Mrs. Juanita Butler, District Home Management Home Supervisor of the Farm Security Administration, explaining cooperative purchasing and its benefits to the families. Harry Armstrong of Whiteflat was elected president, L. B. Boling of Roaring Springs, was elected vice-president and R. M. Martin of Flomot was elected secretary-treasurer. W. L. McWilliams of Whiteflat and Mrs. R. N. Martin of Flomot were elected counselors. Mr. Boling will also serve as third counselor.

"The purpose of this association is to purchase implements, food, household furniture, seed, feed, fuel and many other farm needs on a cooperative basis," stated Walter D. Coulson, Rural Rehabilitation Supervisor of Motley County.

The meeting was very successful and much enthusiasm was shown by those present.

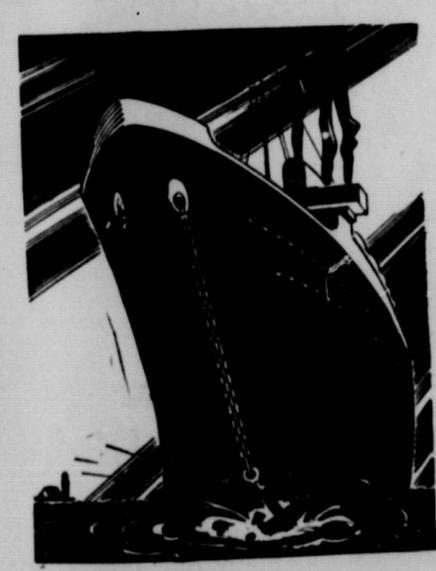

FRED SIMPSON IS CAST FOR PART IN PLAY

CANYON, May 1—Fred G. Simpson Jr., of Matador, a sophomore at West Texas State College, has been selected for the part of Fakar Englund in the senior play "Room Service." The play, which is a farce comedy by both Broadway and screen fame, which will be presented May 16, is under the direction of James Butler.

Simpson has appeared in two other college productions during the school year: "You Can't Take It With You" and "The Night of January 16th."

Moving pictures were given to the world by Thomas A. Edison in his basic patent of 1893. With the invention of the "gramophone" in 1878, he laid the basis for sound pictures.

The salary of a government clerk cannot be garnished. New York city consumes a billion gallons of water every day. Texas produced 14,362,000 pounds of cheddar cheese in 1939. There are 300,000 Jews in Great Britain and Ireland.

Mrs. Lewis Patton and Mrs. Roswell, New Mexico, returned here this week with his wife, Mrs. Bess Patton. Mrs. Patton, student at Texas Tech, visited his parents at Mrs. M. S. Patton during the week end. Evangeline Williams, who was in Albuquerque and Taos, Mexico for the past year, returned home Sunday. E. B. Jones, formerly of Texas, who recently moved to Texas, was a business here over the week end. Mrs. W. F. McCaghen and Mrs. W. F. Jr., made a trip to Sunday afternoon. Mrs. Frank Eiring of former Matador resided here Sunday with his wife, Mrs. D. I. W. Birnie. Mrs. Birnie. Verlin Reeves spent the week end in Abilene. She was accompanied by Mrs. Foster Fulfer, visited her parents there. De Cates of Wayland Col. visited friends Sunday. Mrs. Henry Solomon and Mrs. Frank Stafford to Pampa Saturday night, where they visited their daughter, Mrs. John Briscoe, and Mr. Briscoe. Mrs. John Brandon also accompanied them, and visited her sister, Mrs. T. J. Brandon, of Pampa. Norman Harp, Texas Tech student of Lubbock, spent the week end here with his parents, Mr. and Mrs. A. A. Harp. He was accompanied by his room-mate Morris Neel. Mr. and Mrs. L. C. Harp and Mr. and Mrs. Elmer Stearns were week-end guests at Plainview, of Mr. and Mrs. A. L. Fryar, formerly of Matador.

Texas Senate Passes \$23,000,000 Tax Bill

CRUDE OIL IS HIT WITH LEVY OF 4.125 PER CENT

AUSTIN, April 28.—The Texas senate late Monday passed an omnibus tax bill estimated to levy between \$23,000,000 and \$24,000,000 new special taxes annually. The bill allocates \$1,750,000 a month to pay old age pensions, and was a substitute for a \$25,600,000 omnibus tax bill previously passed by the house of representatives.

Oil Carries Burden

Oil production, 4 1/2 cents a barrel; gas production 5.2 per cent of the value at the well with proviso the tax shall not be less than one-fiftieth of a cent per 1,000 cubic feet; sulphur production, \$1.37 1/2 per long ton; motor vehicle sales, 1 per cent; liquor, \$1.28 a gallon; franchises, \$1 per \$1,000 of capital investment. The tax on crude oil, at present is 2 1/2 per cent. The levy was set at 4.5 per cent by the house, and the reduction to 4.125 in the senate bill was brought about largely thru the efforts of Senator George Moffett of Chillicothe. Ag passed by the senate the oil tax will be 4.125 cents per barrel when the price of oil is \$1 or less, and 4.125 per cent of value when the price is above \$1. Also liquor prescriptions 22

Miss Aileen Bloodworth accompanied Mr. and Mrs. Frank Stafford to Pampa Saturday night, where they visited their daughter, Mrs. John Briscoe, and Mr. Briscoe. Mrs. John Brandon also accompanied them, and visited her sister, Mrs. T. J. Brandon, of Pampa. Norman Harp, Texas Tech student of Lubbock, spent the week end here with his parents, Mr. and Mrs. A. A. Harp. He was accompanied by his room-mate Morris Neel. Mr. and Mrs. L. C. Harp and Mr. and Mrs. Elmer Stearns were week-end guests at Plainview, of Mr. and Mrs. A. L. Fryar, formerly of Matador.

Young Kingery, who volunteered and was accepted for service at the beginning of the selective service movement, was unable to continue training due to broken arches received during the first few weeks he was in the army. He was hospitalized for treatment around the first of the year, where he had remained until receiving his discharge.

SOLDIER RETURNS HOME

Kyle Kingery, son of Mr. and Mrs. Orvel Kingery of the Darden Canyon community, returned home Friday after receiving an honorable discharge from the United States Army, Fort Sam Houston at San Antonio. Young Kingery, who volunteered and was accepted for service at the beginning of the selective service movement, was unable to continue training due to broken arches received during the first few weeks he was in the army. He was hospitalized for treatment around the first of the year, where he had remained until receiving his discharge.

cents each; sales of cosmetics and radios, 2 per cent; stock transfers, 2.3 per cent of gross receipt; commodity and contract motor trucks 2.2 per cent of gross receipts; common carrier trucks and buses, intangible tax estimated to raise \$200,000 new revenue. Sliding scale taxes were included on telephones and utilities that were estimated to raise present telephone taxes \$82,600 a year and utility taxes \$121,000 a year. Gasoline Unchanged

The state gasoline tax was left at 4 cents a gallon but revised to stop leaks. Diesel engine fuel was taxed 8 cents a gallon. The increase on all motor fuel tax was estimated at \$1,000,000 a year. An allocation of the funds gives \$1,750,000 a month of the new money to old age pensions beginning Sept. 1, 1941. The other allocations were \$3,100,000 a year to teachers' retirement; \$1,500,000 to aid dependent children and \$400,000 a year to aid needy blind persons.

It was estimated that changes made in the division of existing taxes, together with allocation of the new taxes will result in a net increase of \$300,000 a year for the school fund and \$750,000 for the general revenue fund. Senator Karl Lovelady of Meridian, advocate of adequate old age pensions predicted the bill will permit \$20 a month average payments to between 160,000 and 170,000 pensioners.

Soft Drinks Untouched Cement production tax was raised from 1 1/4 to 2 1/2 cents per 100 pounds. Carbon black taxes were re-evaluated with an estimated \$825,000 increase. A levy of 2 per cent gross receipts on bottled soft drinks which had been voted for by the senate last week was stricken from the bill today leaving soft drinks tax-free. The house ordered engrossed but failed to suspend rules for immediate final passage a bill making changes in the liquor control act.

The bill's new provisions include: 1. Twenty per cent of the qualified voters must petition to call an election to change either wet or dry status and such elections can be held no oftener than every two years. Ten per cent of the voters now may petition for an

election each year if they desire. 2. Wholesalers can sell liquor for cash only. Sponsors said cash transactions would reduce the number of "fly-by-night honky-tonks and package stores." 3. Elimination of conflicts in penalties under the present liquor law.

sure the registrant against military training or to procure for him deferment of service under the Selective Service Act. It is reported that some of these racketeers are impersonating army officers, and in one instance investigation developed that a colored 'sergeant' was threatening hesitant victims with induction into the army on 'a moment's notice.'

General Page pointed out that, with the exception of ministers and students of divinity, there is no such thing as an "exemption" under the Selective Service Act, and that local boards alone have the authority and responsibility for determining whether a registrant may be deferred from military training. He said: "Registrants are classified according to their order numbers and when the time comes for classification of a registrant, his case will be given separate consideration by his local board in accordance with the provisions of the Selective Service Act and Regulations. There is no way by which exemption or deferment may be purchased for any price or con-

sideration whatsoever." Registrants are urged to report immediately any instance of this nature, together with all evidence collected, to his local board or to a United States attorney.

"The Selective Service Act is a Federal Law," General Page said, "and any violation of it is a federal offense and will be prosecuted by the United States Department of Justice."

Trainees Warned Of Swindlers

Prospective trainees were warned to day by General J. Watt Page, State Selective Service Director, against subscribing to "deferment or exemption insurance". "It has come to the attention of State Headquarters," General Page said, "that swindlers are operating in Texas, and particularly among the colored registrants, selling for a cash fee policies or papers which are purported to in-

sure the registrant against military training or to procure for him deferment of service under the Selective Service Act. It is reported that some of these racketeers are impersonating army officers, and in one instance investigation developed that a colored 'sergeant' was threatening hesitant victims with induction into the army on 'a moment's notice.'

General Page pointed out that, with the exception of ministers and students of divinity, there is no such thing as an "exemption" under the Selective Service Act, and that local boards alone have the authority and responsibility for determining whether a registrant may be deferred from military training. He said: "Registrants are classified according to their order numbers and when the time comes for classification of a registrant, his case will be given separate consideration by his local board in accordance with the provisions of the Selective Service Act and Regulations. There is no way by which exemption or deferment may be purchased for any price or con-

sideration whatsoever." Registrants are urged to report immediately any instance of this nature, together with all evidence collected, to his local board or to a United States attorney.

"The Selective Service Act is a Federal Law," General Page said, "and any violation of it is a federal offense and will be prosecuted by the United States Department of Justice."

OFFICIAL SCHOOL PAPER

It's Up To You: Your Own Record

"By their works ye shall know them." This familiar old quotation is heavy with meaning for high school students. They have come to that time in their lives when everything they do is making a perfect record for others to judge them by. Long after shameful events have been forgotten by the students, other people will remember them and judge them by their past action. It would be well for students to remember that the things they are doing now will play an important part in their future lives.

Evidences of one's record are usually filed away beyond one's reach, ready at any time to be brought out to credit or to discredit one, to help or to hinder one's employment or one's advancement. Record's stand.

Now that school life of many students is about over, they have begun to think of what they are going to do with their lives. Most of us have yet to face the probing eyes and questions of a prospective employer. We have yet to face with the act that "Your personal record will follow you all your life."

The youth that is someday to run the world should remember it is easy to drift or easy to be a success. It's up to you!

Girls are minors until they are 18; then they are gold-diggers.

Favorite Teacher Dislikes Make-Up And Smart-Alecs

This is an essay, this is an essay on principal bert ezell. It took several weeks of questioning and careful planning to get it written, but here it is. We did it because we knew he would love the publicity (untrue). Johnny says mr. ezell gets up at 6:45 and goes to bed at 10:00 o'clock. (we wonder about that last—how does johnny know?) mrs. ezell says he is a walking budget but that he does not like to walk barefoot. (except in mud). by the way, he knew his wife three years before vovs says the reason his hair is kinda bashful is because he pulls it all out reading, especially when he is studying History. (at last, a capital letter in this manuscript!) he likes ham and coco colas and his favorite color is blue. likes to read adventure stories and readers digest and stuff like that there. favorite recreation is golf and he believes in spanking. he does not like politics because of the insincerity so we don't know what he thinks about f. d. r. and governor o'daniel. the only person he really dislikes, we think, is secretary of labor "ma" perkins; and he just don't like her ways of managing (?) affairs. he likes any kind of music just so it is music, but there are things that he likes better than old bill shakespeare's works. (we english students should

about HOORAY). we suppose he is patient . . . he says most teachers have to be; and he does not (emphasized) like smart-alecs. played center on both high school and college football teams, and besides that, he was editor of the college annual (he went to A. C. C.), was the vice-presy of that students association, and a member of the A Club, which must have kept him pretty busy all the time he uses powder, not gun powder or face powder, but tooth-powder. likes moderate amount of make-up. shows his affection for babies by pinching them and tickling them under the chin. almost no make-up for blondes. mrs. ezell thinks he is o. k.; and believe you me, we do, too!

The Poetry Corner

ME
I think that I shall never see
A person quite so swell as me.
I think I'm swell!
You think so, too?
You think you're grand?
Well, I'll bet you
I'm the best of all the kids I know;
Compared to me the rest are low
They call me stuck-up.
But can't you see
That they're just jealous of me?
I'm nice to look at,
And I'm fun.
I outshine the bright old sun.
Without me this world would flop.
Believe me, kid, I'm the top!

about HOORAY). we suppose he is patient . . . he says most teachers have to be; and he does not (emphasized) like smart-alecs. played center on both high school and college football teams, and besides that, he was editor of the college annual (he went to A. KAMPUS KLATTER

"Scandal Marches On", but who cares? Hi ya, kids; are youse ready for all the snappy, flashy, educational' prevaricatin', good-for-nothin' dope that we high school students thrive on? Here's hopin' youse live over hit!
Here's what we've seen about the campus: Flora and Holeman walking slowly to class . . . and they don't even seem to mind if they are late . . . Johnny and Lucille getting along just swell . . . (Lela C. probably won't be too happy down at H-SU when she reads this, though) . . . Jack and Virginia together again . . . Juanita telling everyone how romantic Willey is . . . we wonder . . . Billy expressing his desire to see a certain Spur girl . . . Stonie wishing that he was a Senior . . . it couldn't be Helen, could it, Delbert . . . Frances and Leroy continuing to gate steady . . . gosh, it must be grand . . . Byron playing hands with all the girls in Economics . . . Bob eyeing Estelle and wondering if he could rate a gate . . . McElton and the Roaring Springs girl together again after a small misunderstanding . . . Dorothy and Bennie Wayne together quite often of late . . . Dorothy Lou admiring Charles is cute . . . Margie so-o-o-o glad Donald is back from Kansas City . . . she hadn't seen him for a week . . . George and Gracie still have eyes only for themselves . . .

W. E. declaring that he is definitely off the girls this time . . . Don't make your decision too quick, W. E. . . . The Biology students chasing butterflies again . . . Elsie day-dreaming in study-hall . . . suppose she could have been thinkin' about some handsome Whiteflat lad? . . . Lawrence wondering who the prettiest girl in high school it . . . he's been wondering that for two years now . . . Norris being quite a hit with all the girls . . . Duane looking twice every time he sees Laverne . . . Mack very jealous now that the Tom Ed and Betty G. case is a settled fact . . . James Edmondson trying to find somebody to love him . . . won't toots do, James? . . . Bill remaining MHS's foremost woman hater . . . so he says . . . Helen S. still thinking J. C. about the best-looking boy ever to land in Matador . . . congrats, Jake; that's a very cute car . . . or is it? . . . A certain boy from Paducah wishing Wanda would look his way instead of toward Roaring Springs all the time . . . Poor L. M! Mavinee has deserted him for Bert already! . . . Well, kids, are you happy now that spring is here? We think the only couple left out this time is the Jameson-Barkley case. They are cast to play as sweethearts in the Senior play, so I guess that case will soon be able to stand without our help. So, until next week, g'bye!
P. S. Just one thing more—very cute:

The rooster says cockadoodledo; the Yankee says Yankeedoodle; and the old maid says anybody'lldo!

Cracks At The Crowd

Stranger (at the post office):
"Got any mail for me?"
Bob: "What's your name."
Stranger: "You'll find it on the envelope."
A train ran over a bucket.
"Are you hurt?" inquired the rail.
"Oh, only the merest trifle,

I'm just a little pail."
Flora: What has two legs can jump higher than the house?
Holeman: "I'll bite; what's your name?"
Flora: James Rufus.
Holeman: But James can't higher than this building!
Flora: How high do you a building can jump, anyway?
Him walk middle of street
Him much crazy
Him big car meet
Him push up daisy.

\$11,000,000 Bomber Parts Factory Is 9th Major Ford Defense Project

DEARBORN, Mich.—With plans under way for an \$11,000,000 bomber parts plant, the Ford Motor Company now is engaged in nine major projects in behalf of the national defense program.
Mobilization of the vast Ford productive and experimental facilities represents one of the greatest single contributions being made to defense by American industry.
Henry Ford declared recently that "the Ford Motor Company is ready and eager to do everything within its power to help America and the President in this emergency. The entire Ford organization is working with one main purpose, and that is to do its utmost to speed the defense preparations of this country."
The principal Ford defense projects to date include:
1 An \$11,000,000 bomber parts plant east of Ypsilanti for mass production of wings, fuselages, noses, stabilizers, etc., for long-range Consolidated bombers.

- 2 A \$2,000,000 airplane engine plant completed in April which will go into production on an initial order of 4,256 Pratt & Whitney airplane engines.
- 3 Plans for production of huge tricycle-type landing gears for bombing planes.
- 4 An aircraft apprentice school equipped to train 2,000 students at a time to provide skilled airplane workers.
- 5 \$800,000 magnesium alloy foundry now producing lightweight castings for the aircraft industry.
- 6 A complete United States Navy service school at the Rouge plant to train navy recruits in mechanical and other trades.
- 7 Production of 1,500 pygmy four-wheel-drive reconnaissance and command cars for the U. S. Army.
- 8 Experimental plans for mass production of 1,500-horsepower airplane engines of original design.
- 9 Training women volunteers for active work in the Red Cross Motor Corps.

It is estimated that if terracing needed on farms in the United States were done it would call for moving as much earth as in the digging of 40 Panama Canals.
Eggs from hens getting a diet that is low in pigments but high in fishliver oil will have light-colored yolks rich in Vitamin A.

The South Plains region of Texas is the center of Sudan grass seed production in the United States.
Raw salads are necessary because they provide the important Vitamin C, which is a factor in preventing pyorrhea.

Eggs Vital To Defense

Poultry raisers are urged to produce every egg possible within the next 15 months according to information received by Lewis Newman, manager of the Matador Hatchery this week.
The need of additional egg supply as a vital part of National defense is cited by George P. McCarty, Extension Poultry Husbandman of Texas A&M College, who quotes the following telegram from H. W. Hochbaum, acting director of extension work:
"Secretary Wickard launches nationwide drive to produce every possible egg from present laying flocks this spring and summer in a press release today (April 23rd.) Goal to increase production from the whole country in the next 15 months, about ten million cases. Goal to be achieved partly by ample feeding, holding hens for late summer and fall production and filling poultry houses to capacity with laying birds this fall."
"Previous department announcement to support long term prices at about 22 cents Chicago basis until June 1934. Feed supplies are plentiful and if necessary department will release loan corn at the loan rate plus certain carrying charges."
"Eggs are among the foods selected for increase production because they are ideal for converting ever-normal granary feeds into defense foods. Recommend increase laying flocks up to housing capacity, especially in middle western states, but expansion in permanent new housing is probably not justified. Secretary urges poultry producers to feed for more egg production at once."

Whiteflat News By Ida B. Armstrong

Mr. and Mrs. Malcolm Jameson were Lubbock visitors Friday.
Mr. and Mrs. Joe Martin of Floydada visited in the C. H. Norton home Sunday.
Mrs. Sherman McCarty and son, Glynnel, and Mrs. Ted Stein were Floydada visitors, Tuesday.
Mr. and Mrs. Roy Wilkinson and children, Royce Joyce and Chris Dale of Lorenzo were overnight guests in the Harry Armstrong home, Tuesday.
(Delayed)
Mrs. W. R. Tilson, who has been visiting at Denton, returned home last week.
Miss Camella Wilkinson, student at Texas Tech, spent the week-end visiting her parents, Mr. and Mrs. Kim Wilkinson. She was accompanied by Miss Ollie Brown of Memphis, who was her guest for the week end.
Troy Perkins made a business trip to Lubbock Wednesday.
Mr. and Mrs. Guy Kimbell Sr. made a business trip to Floydada, Tuesday.
Rev. and Mrs. W. J. Knoy and children, Holeman and Bettie Sue, accompanied by Miss Estelle Morris, made a business trip to Floydada Saturday.
Mr. and Mrs. Sherman McCarty and son Glynnel, visited friends and relatives at Littlefield Sunday.
Mr. and Mrs. Hugh Vinson and family visited at Duncan Flat and Flomot Sunday.
Sherman McCarty and son, Glynnel, and Elza Cook, were Turkey visitors Saturday.
Mr. and Mrs. Guy Kimbell Sr. and Avis were Floydada visitors Wednesday.
Mr. and Mrs. Bob Martin and children, Elwanda and Dwayne, accompanied by Miss Estelle Morris, attended the Dairy Show at Plainview, Friday.
Mrs. Cliff Stephens and daughter,

Doris and Mrs. A. B. Stephens visited last week.

Pastor Leaves For District Council

Pastor C. H. Browning of the Assembly of God Church here, left Monday for Big Spring where he is attending the District Council of the West Texas District of the Assembly of God Churches. He will return home tonight.
Work on the addition of the church here has begun. The foundation has been run and material is ready for use. According to Pastor Browning volunteer labor is needed to finish the building.
"All work or help volunteered in any way will be appreciated," he declared.

CLAUD SWARINGEN BUYS BUSINESS AT DICKENS

A transaction was completed last week in which Claud Swaringen purchased a filling station and cafe business at Dickens.
The business buildings were constructed about a year ago by the Wilcher Motor Company of this place.
Mr. Swaringen will move his family to their new home in the near future.

MARRIAGE ANNOUNCED

Cecil Ray, son of Mr. and Mrs. G. A. Ray of the Fairview community east of Matador, and Miss Ruth McCAda of Floydada, Texas, were united in marriage in a ceremony performed at Lubbock on April 13.

Mr. Ray attended the Matador schools for two years, graduating with the class of 1937. He is employed at a cafe in Lubbock, and the couple will make that city their home.

PUBLISHING LEGAL NOTICES

Texas will discard a relic of horse-and-buggy days if the Legislature completes enactment of a bill, passed by the House Wednesday, to clear courthouse doors of legal notices and have all of them published in newspapers. In the pioneer era, when it was the practice for the head of a family to visit the courthouse every week or so—for social, if not for business, reasons—or at least to hear the legal news and gossip from neighbors who did make such visits, the mere posting of notices was sufficient.

That day has long since gone, even in the thinly-settled cattle country. The courthouse steps still hold a few loafers, but busy citizens do not go there unless they have some specific reason to do so. Most of the notices posted on doors and bulletin boards duplicate those published in newspapers. Modern efficiency calls for newspaper publication of all the notices and elimination of the obsolete posting at the courthouse.

Notices of delinquent tax suits, forced sale of property and other legal actions will reach many more people by newspaper publication than by posting. The change will enable the county departments and the courts to operate more smoothly, and with fewer delays.
The Hon. James E. Taylor of Corsicana is entitled to sincere commendation for his intelligent and persistent interest in this bill.
—Dallas Morning News.

Buy chicks that return a profit on your investment

MATADOR HATCHERY

chicks do

... and hundreds in this county know it

How long has it been since you really sat down with pencil and paper and figured your flock on a business basis—egg income against cost, feed, and labor? Maybe profits are hard to make—but you'll come out better if you start with our chicks.

Hundred of people in this community have—and we're ready to show you production records you'd like to have for your own. We can give you plenty of evidence, you just can't ignore—especially if you're in poultry for money.

Our chicks do a real laying job because they're hatched from carefully selected breeding flocks—flocks that are strong and healthy, flocks that have been developed to produce under the year 'round weather conditions found on your farm.

You'll be proud of chicks like these as they grow into layers. Get your order in today by phone—or letter. Best of all stop in and let us show you why more flock-owners than ever are buying our chicks right now.

Healthy Chicks

MEAN POULTRY PROFITS

More chicks die during the first six weeks from poor care and improper feeding than from any other cause. Having tested numerous feeds and methods, we recommend with each shipment of our baby chicks that Red Chain Feed be used in their care.

We Sell And RECOMMEND Red Chain Feeds

LYNDON JOHNSON ANNOUNCES FOR SENATE PLACE

Congressman Lyndon Johnson will open his campaign for the United States Senate Saturday night, May 3, at San Marcos where he worked his way thru the State Teachers College and which is in the heart of the Congressional District he now represents.

His opening campaign speech will be carried over the major radio networks of the state at 8:00 p. m., and a huge state-wide rally will be held.

Following the opening of his campaign in San Marcos Saturday night, Johnson will conduct an active speaking campaign, his itinerary calling for more than 200 speeches in every part of the state.

Johnson's record as a member of Congress and his close affiliation with the President and the Administration in Washington makes him a leading contender for the Senate seat left vacant by the death of the late Morris Sheppard.

Since his election to Congress from the Austin District in 1937, Lyndon B. Johnson's record has been an unbroken one of keen insight into the domestic problems of the America people and as the international crisis verged nearer and nearer to our shores, he was constantly a stalwart among our country's leaders who foresaw danger to this land and made steps to prepare this country to meet that danger.

West Texas campaign headquarters have been opened for him in Lubbock, and he is the first senatorial candidate to open a West Texas headquarters. Lloyd Crossland, Lubbock attorney, will be in charge of the Lubbock office.

Luther Burns made a trip to Oklahoma City, Oklahoma, where he is receiving treatment at a hospital.

individuals, but by trustees, associations, pension funds, and corporations, with a limit of \$50,000 cost price issued in any one calendar year, alone or in combination with Series G. If held to maturity, the yield approximates 2.53 per cent a year. The Series F Bond is not transferable, and may be redeemed on thirty days' notice after six months from date of issue in accordance with a table of redemption values printed on its face. Denominations are \$100, \$500, \$1,000, \$5,000, and \$10,000.

To meet demand for a current income bond, the new Series G Savings Bond, to be issued at par, bears interest during its 12-year term at 2 1/2 per cent, paid semi-annually by Treasury check. Intended for both small and large investors, the Series G Bond is not transferable, and can be registered like Series F in the name of individuals, associations, and corporations, up to a total of \$50,000 cost price issued in any one year, alone or in combination with Series F. Denominations are \$100, \$500, \$1,000, \$5,000 and \$10,000.

Series G Bonds will be redeemable before maturity on thirty days' notice after six months from date of issue at fixed redemption values printed on their face. In fixing these values, inducement is given to holders to retain their bonds until final maturity.

Defense Savings Bonds will be on sale today at 16,000 Post Offices, at Federal Reserve Banks and at the United States Treasury.

Hospital Notes

Miss Inez Moore of Lubbock, was admitted to the hospital Sunday, suffering from pneumonia.

Mrs. L. A. Nelson was conveyed to Traweek Hospital early Thursday morning, following an attack of undetermined nature. Although improving, Mrs. Nelson's condition has prohibited an examination to determine the cause of her ailment.

Mrs. J. T. Spears was stricken with pneumonia the first of the week, and conveyed to the hospital Tuesday night.

Mrs. O. P. Clark of Quitaque has been a pneumonia patient the past week, and Mrs. Hal Overstreet also of Quitaque, has been a medical patient.

Commissioner J. S. Lambert is confined to his bed at his home in north Matador, following a severe heart attack and other complications.

The five-year old daughter of Mr. and Mrs. H. E. Gohlke of Littlefield suffered severe bruises late Tuesday afternoon when she fell from the family automobile about 4 miles east of Matador. The family was enroute home from Childress when the accident occurred.

Series F and G Savings Bonds may be obtained on application to Federal Reserve Banks or to the Treasury. Arrangements are now being made thru which it is expected that orders for bonds of all three series will be accepted at commercial and savings banks generally.

CALLING ALL BOTTLED GAS USERS!
