## Rain Keeps Crowd From Lamb's Show

### Vivid Pictures Of Matador Rodeo And Ranch Work Shown

Torrential rains and electrical storms kept crowd away from the school auditorium Tuesday night where Jack Lamb, world famous sportsman and photographer exhibited motion pictures of the 1940 Matador rodeo and scenes of actual cattle work on the Matador ranch.

Without exception, the pictures represent some of the most vivid color and action ever shown upon the screen. The audience of about 200 which witnessed the picture was enthusiastic in approval of the entire show which included scenes from old Mexico, Arizona Indian dances, bass fishing in Florida and hunting scenes made in Dickens county, in addition to the Matador pictures.

**Cowboys Fail To Arrive**

Cowboys of the Matador Ranch for whom the picture was brought here, failed to arrive for the show, due to high water in Wolf creek, which prevented their crossing, the range wagon being on the south side. Mr. Lamb reserved a section of the auditorium for his cowboy guests and kept it for them until after the show had started.

In many of the street scenes in Matador during the 1940 Rodeo, members of the audience were able to identify themselves and friends. Due to the fine technicolor photography the scenes were as realistic as life.

**Proceeds About \$40**

While only a small crowd was able to reach the auditorium, gate (See SHOW Back Page)

## Death Claims Pioneer

Thomas J. D. Doran, 74, resident of Motley county for more than 20 years, died at Whiteflat Sunday afternoon at 5:30 p. m. Mr. Doran was born in Lamar county, Texas, March 7, 1867. Funeral services were conducted by Rev. H. L. Burnam, assisted by Rev. J. J. Terry and interment made in Matador East Mound cemetery, Monday afternoon.

Thomas Jefferson Dudley Doran grew to manhood in Lamar and Erath counties and moved to Motley county in 1900. He was married to Miss Julia Sykes, in Matador, December 20, 1908.

He was converted early in life and later in years joined the Whiteflat Missionary Baptist Church, to which he remained a consecrated member until his death.

He is survived by his wife, Mrs. T. D. Doran of Whiteflat, three sons and one daughter, Eddie Doran of Tacoma, Washington, now in the United States military service, Tommie, Royce and Miss Bertha Doran, all of Whiteflat. He is also mourned by a host of other relatives and friends.

Mr. Doran was of the true pioneer character and contributed much to the progress of the county. His extensive friendship included other pioneers who aided in developing this country.

## VOLUNTEER LEAVES FOR CAMP TODAY

Pete Knight, volunteer for military training, will leave Matador for Lubbock this morning. At Lubbock he will board a special bus for Ft. Bliss, Texas, where he will enter training.

No new calls for draftees have been announced by Frank Pohl, clerk for the local draft board.

Mr. and Mrs. W. E. Ballard transacted business in Pampa Friday. They were accompanied by Mr. and Mrs. A. D. Beauchamp and Mrs. John Briscoe who had been visiting her parents here.

### Called By Duty

GOVERNOR W. LEE O'DANIEL told the voters of Texas that duty called him to enter the race for U. S. Senator, in a radio address Monday evening. He pointed out the success of his work as governor in solving many problems in the state, which remain to be solved for the government, and stressed his cooperation with "my old friend, the President."

## Governor To Seek New Job

Gov. W. Lee O'Daniel Monday night announced his candidacy for the United States senate.

In a statewide broadcast, he told the people of Texas "We have got the job done" and asked their support in the race for the seat of the late Morris Sheppard.

The governor said nothing could induce him to give up the governorship except the call of duty and he would be derelict in duty if he did not make the race.

He declared he would take to Washington with him the Ten Commandments and the Golden Rule, which in his campaigns he has held up as the tenets of his personal and political life.

Asked by newspapermen immediately after the broadcast at the mansion whether he would resign O'Daniel replied:

"No, I should say not! A moment later, he added: "And you know the reason why."

Eighteen other men had filed applications for places on the ballot of the special election to be held June 28 and at least one other had announced his candidacy.

**Fight Largely Won**

The governor said he had considered all phases of the problem, that thousands had written him, urging that he continue as governor even for a third and fourth terms.

## Sheriff May Go To Dallas

Sheriff H. H. Courtney who has been confined to his bed since February 11 as result of an automobile accident at the Lions ladies' night program, may be moved to Dallas for examination and treatment, it was announced this week.

Mr. Courtney's condition is declared satisfactory, however, his physician feels that inspection by a bone specialist might be advisable and the trip to Dallas may be made within the next week or ten days.

Mr. Courtney has expressed his desire to extend sincere appreciation to friends for their loyalty and countless acts of service and friendship since the accident. He is anxious to be up and able to walk again, but in the meantime appreciates the visits of those who can find it possible to spend even a small amount of time calling by to see him.

**\* Local Negro's \*  
\* Automobile Gift \*  
\* Reduced To Junk \***

Hesekiah Jones (colored) was brought to Matador in a critical condition early Tuesday, as the result of a gift of a Model A Ford automobile from a generous nephew at Levelland. The nephew had joined the army and notified his Matador uncle that the car was his for the driving home.

Hesekiah went after the car and started towards Matador late Monday. At Dickens he failed to negotiate the necessary turn on Highway 18 and continued in the direction of Guthrie. Somewhere in the Croton Brakes he turned off the pavement at the approach of a bridge, to land 29 or 30 feet in the canyon below. Pinned beneath the total wreckage of his automobile, and suffering serious injury, Hesekiah spent the night.

Early next morning a well-driller looking for a location found the hapless negro and removed him. He was brought to Matador by Fred Henry of Roaring Springs and is declared to be improving.

## High Honor Students Are Named

### Roaring Springs Schools To End Term Next Week

Gerene Bannister, daughter of Mr. and Mrs. W. S. Bannister has been selected as valedictorian of Roaring Springs Senior Class of '40, with an average of 94. Lanell King, daughter of Mrs. F. C. King, formerly of Roaring Springs will represent the class as salutatorian. James Harmon will receive the scholarship for the high honor boy of the class. Morris Britton, with an average of 93, is not eligible for the scholarship, since regulations demand that students attend the same school two consecutive years. He was the highest-ranking honor student of the Quanah high school junior class of 1940.

**Baccalaureate Sunday**

Baccalaureate program will be held at the Roaring Springs Baptist church, Sunday morning, May 25, 1941, at 11 a. m. The program includes Professional, "Humaroske" by Mrs. Homer Kingery; song by the congregation; invocation by W. A. Lewis; song "America" by the congregation; song "Just Singing Along" by Marion Moore, Nona Helen Kingery and Char-mai Merrell; scripture reading; announcements by superintendent (Continued On Back Page)

## Cars Are Damaged

Four automobiles were damaged in a series of automobile accidents in this county over the week-end, which resulted in only one minor injury.

Two Chevrolet coupes collided in north Matador about 10 o'clock Saturday morning near the Dub Drace home. Dr. W. M. Moore driving his own automobile and William Earl Briscoe driving Roy Smith's automobile, failed to see each other due to high wheat and lowered street. Result \$99.88 damage to the Moore car and \$65.27 damage to the Smith car.

Billie Ray Bishop, accompanied by James Rufus Fish and Jack Martin collided with a bridge banister opposite the new roadside park south of town Sunday night after the Baccalaureate services. Result \$118.09 damage to the car and a small amount of needlework on Jack Martin.

Saturday "Man" Bird, small son of Mr. and Mrs. Glenn Bird, of Bird's Ranch, allowed the family automobile to get out of control and crashed in a tree resulting in considerable damage. All four automobiles in the three accidents were Chevrolets.

# \$50,000 WHEAT CROP IN PERIL OF WORMS

## Lions Hear Patriotic Address

### Billie Lawrence Is Guest Speaker At Tuesday Meet

"We face the most dangerous era ever faced by the world," declared Miss Billie Lawrence in an address on "Americanism" at the regular meeting of the Matador Lions Club held in the basement of the Baptist Church.

Lion members were unanimous in their praise of Miss Lawrence's address, presented in her usual forceful manner. "America is a target for Nazi conquest," she said, "altho we have only 7 per cent of the people in the world, we possess half the wealth, half of the railways and 9 per cent of the automobiles... the fate of slavery faces millions of children in the world... your America and my America."

**Dr. Stanley Is Chairman**

Dr. J. S. Stanley, vice president acted as chairman of the meeting in the absence of Boss Lion G. E. Hamilton. Miss Frances Stearns, chairman of Senior Class committee composed of herself and Frances Carpenter, dedicated the high school annual, "La Arena", to the Lions Club members and other businessmen of Matador.

Other visitors included Billy Jo Archer, valedictorian and Harry Louis Willett, salutatorian of the Matador grade school, and Curtis Martin, Jr., a winner in the 1941 Matley County 4-H Club show.

Announcement was made that due to continued rainy weather, the annual clean-up campaign would be continued until June 1. (See LIONS Back Page)

## Area Hit By Heavy Rainfall

Torrential rains fell generally over Motley county early this week. With continued cloudy skies last night Matador had received in the neighborhood of 2.5 inches since Sunday according to the U. S. rain gauge maintained by Geo. Springer. However the rain was much heavier in other sections, resulting in considerable damage to young row crops, destruction of terraces and making planting-over necessary in many instances.

During the severe rain and electrical storm here Tuesday afternoon, city streets were flooded curb high in many places, but quickly drained away.

**Basement Is Flooded**

Basement in the home of Mrs. Leonora Luckett in south Matador was flooded as result of the storm and the Matador Fire Department was summoned to pump the water out Tuesday night. Amount of damage was not disclosed.

Heavy rains fell in Whiteflat, Flomot and Northfield communities. Roaring Springs reported 3.03 inches during Tuesday. A small cyclone caused some damage in the Darden Canyon community. High water in Wolf Creek prevented cowboys with the Matador range wagon from reaching here Tuesday night to witness the showing of Jack Lamb's motion pictures of the 1940 rodeo and scenes from Matador range round-ups.

## E. B. Jenkins Is Elected Alderman

E. B. Jenkins was unanimously elected to a place on the city council in an election held here Saturday. Mr. Jenkins received all of the 14 votes cast.

He will replace Dub Drace, who resigned when he accepted a position in Fort Worth.

## Changes In Scout Meeting

Drastic changes in the Scouts camporee here for Friday and Saturday, were made at a meeting of Scout officials in Spur last night. The camporee has been postponed until July 2-3 and will be held in Spur instead of Matador. Reasons for the changes were graduation exercises being held in many schools and final examinations in others and the unusual rainy weather which hinders Scout work during the meeting.

The camporee was changed to Spur in order to combine it with the annual swim meet. The swim meet will be held Wednesday, July 2 and the camporee will be held on Thursday, July 3rd, thus avoiding needless travel by holding the two meetings simultaneously.

C. A. Pitts, Neighborhood Commissioner of the Eastern District returned from the meeting last night, where he said it was the unanimous opinion of all Scout officials to make the changes in order to avoid conflict with school work and reduce the need of extra travel expense in bringing the groups together.

## Singers To Meet Sunday

Motley County Singing Convention will meet at the Whiteflat Baptist church at 3:00 p. m. Sunday afternoon for a special call meeting, it was announced Tuesday by F. M. Casey, president of the organization. Special music will be provided, and an abundance of good singing is assured.

Mr. Casey explained that this is not the regular meeting but important, and urged all singers and all interested in singing to attend.

## Swimming Pool Open

Announcement is made that the Roaring Springs swimming pool is open for the season, under the same management of the Matador Company.

The famed springs equipped with modern swimming facilities has long been the mecca of picnic groups and pleasure-seekers of this territory. Besides the abundance of pure water, wood and shade which is always available, the resort is reached by easy access from paved Highway 28.

Due to new tax requirements, prices will be slightly higher this season, than before, since swimming pools are required to pay on all admittance charges in excess of 20c. Prices this year will be 30c and 40c.

## Summer Home-Ec Class To Meet

A meeting of the annual summer home economic class for adults which will be conducted by Miss Zona Beth Faulkner, has been announced for Wednesday morning, May 28, at 10:30 a. m. The meeting will be held in the home making department of the high school. Time of the day and days of week in which the class will meet, will be decided. Also problems in a course of fitting will be discussed.

## ARRIVES IN MISSOURI

Mrs. Douglas Meador, wife of the Tribune editor, who left Matador Saturday for two weeks vacation in Caruthersville, Missouri, has arrived wearily, but safely in her old home town after an absence of 13 years.

## Five Tons Poison Mixture Ordered To Combat Insects

Army worms have been found in 75% of Motley county's 2,700 acres allotted to wheat. Despite the fact that the county is not considered wheat territory, conservative estimates show that farmers may probably receive \$50,000 from this year's crop, in addition to other small grain, if the insects can be brought under control.

County Agent J. Rufus Emmons returned from Paducah yesterday where he attended a meeting of farm agents and A. & M. experts planning attacks on the small worms which vary in color from blue gray to light brown. Farmers in Foard, Hardeman, Childress and Wilbarger counties are working day and night applying poison mixture to the infested areas.

### Five Tons Poison Mixture

Mr. Emmons said that bran and hulls to make five tons of poison mixture had been ordered for this county and would be available within a few days. The same mixture as used in grasshopper combat work will be used which includes a small amount of sodium arsenite mixed with bran and cottonseed hulls to prevent lumping. Growers are asked to call at the county agent's office for information regarding the poison.

Mr. Emmons said that he estimates 4,500 acres in the county are planted in small grain endangered by the worms. He said that he inspected 12 fields this week and that all but 3 were found to be infested. The worms stay near the earth during the daytime but at night they crawl up the plant and feed upon the seed in the heads.

**Small Danger in Poison**

Mr. Emmons said that he had been informed by A. & M. experts that little damage to livestock will result from poisoning, since only 8 to 10 pounds of the mixture is applied to the acre and only a small amount of poison is contained in each pound of bait.

It is pointed out that about the time the worms stop destruction of small grain they will move to young cotton and feed, so that the (See WORMS Back Page)

## Matador Wins In Soft Ball

Matador won four first places in the interscholastic league games played here last week. The local players won honors in high school junior boys, high school junior girls, grade school junior boys and grade school junior girls' matches.

The games were played on the Matador school campus, Tuesday, May 13.

## Hen Lays Huge Egg

A Rhode Island Red hen on the W. J. Hicks farm in the Darden Canyon community has increased production to the extent of creating an egg almost equal to two of the ordinary variety. The hen nest levitian measured 7 3/4 inches by 9 inches in circumference. It was brought to the Tribune office Saturday after having been found in the nest Friday.

It is believed the egg may contain two or three yolks.

## AREA SUPERVISOR VISITS LOCAL WELFARE OFFICE

Mrs. Johnnie M. Weaver of Spur, area supervisor of the State Department of Public Welfare, visited here last week to approve W. P. A. Federal Surplus Commodity and CCC applications made through Mrs. Welcom Armstrong, County welfare supervisor.

While here, Mrs. Weaver discussed the matter of public health with the local workers. Her duties are to approve all work and to supervise work done by county welfare workers and old age assistance workers in departments of public area. 32.

**Secret Marriage Is Announced By Roaring Springs Couple, Saturday**

A marriage, which had been kept a secret since May 25, 1940 was announced Saturday evening when Mrs. M. S. Thacker entertained in honor of the bride, Mrs. Troy Vaughn.

The bride was Miss Lena Barnett, daughter of Mr. and Mrs. William Barnett and the groom is the son of Mr. and Mrs. W. M. Vaughn, a pioneer family of this section.

The young couple were students in the Roaring Springs High School this year; Mr. Vaughn being a Senior and Mrs. Vaughn a Junior.

The guests were met by Joyce Thacker as they arrived. Johnnie June Mitchell, Thelma Beardon and Nina Lee Green presided over the punch bowl, which was a block of ice in which was frozen a bouquet of roses.

Miss Ruby Peck played selections on the piano during the evening.

Miss Clyda Mitchell presided at the lace trimmed brides book in which the following registered:

Mesdames Fred Christopher and daughter of Dickens, Brown Hinson of Spur, C. E. Mitchell, William Barnett, W. M. Vaughn, J. N. Fletcher, J. N. Scrivner, Mike Hoyle, Harold Jones, Ezra Bowen, J. D. Mitchell, Bill Darby, W. P. Cooper, E. C. Smith, W. H. Nichols, C. W. Giesecke, Misses Bess Medlin and Marcia Ann Gilbert.

Mr. and Mrs. Vaughn will make their home in Big Spring where Mr. Vaughn has employment.

The young couple have many friends who are interested in their future happiness and join in extending best wishes.

**Mrs. W. P. Cooper Is Dinner Hostess**

Mrs. W. P. Cooper entertained Monday evening with a dinner party in her home at Roaring Springs. The evening was spent in playing several games of bridge in which Mrs. Mable Greene of Matador won high score and Mrs. Jessie Roberts, low score. They were presented with lovely traveling prizes.

Those present were Mesdames Harold Jones, M. S. Thacker, Maggie Keahey, Jessie Roberts, Mable Greene, Faye Clements, Misses Freda Keahey and Bessie Mae Smiley.

Go To Church Sunday

**Pied 'Pinions BY MRS. M.**

Caruthersville, Missouri—

Thirteen years is a mighty long time, and 800 miles a long distance away. Face change, and so do places but out of the kindness of their hearts my friends say "she hasn't changed a bit"—overlooking such minor changes as dimmed eyesight which have necessitated the use of spectacles—the extra poundage and bulges which accompany advancing years, and the gray which streaks a head of hair that failed to hold its own.

However, contrary to the predictions of my family and associates at home, I am not disappointed. My friends have changed too, for which I am glad. I shouldn't have wanted to return and find them still youthful and unchanged while I had gone thru the process; I would have been at a disadvantage then.

People here have displayed very little interest concerning the "wild and woolly" west. They are probably forming their own secret opinions. Only one has asked whether or not I can ride a horse. I had to confess that the only time I had been on one was when I first went to Texas, and then only long enough to have a snapshot made while a cousin held the reins, altho that precaution was hardly necessary, judging from the unconcern look of the sway-back animal.

In fact, not being the outdoor type to begin with, I find exercise and sports of any nature, rather fatiguing, although it can be said to my credit that with comfortable walking shoes, I can usually outdistance anyone who wants to hike.

It's just that I find lethargy a comfortable companion for advancing age.

Bus companions are interesting specimens. Having received a bit of criticism from Mr. M. concerning my hatbox which I persisted in bringing along, it pleased me to see others loaded with superfluous articles. One young lady got on with an armload of garments, including a fur jacket, and in the other hand was bearing a fruit-jar of roses which she managed to keep upright on the floor between her feet.

To the surprise of myself, and I am sure to my family, I arrived intact, with all bags and baggage.

They didn't have the band out to greet me, but I think a few friends are going to let me go to a picnic with them "sometime" while I'm here, which isn't too definite. At least, with a few advance hints, I've managed to wangle one dinner invitation.

**Child Welfare Association In Final Meeting Wednesday**

A style review by students of the homemaking department of the high school, was the feature attraction on the program when the Child Welfare Association held its final meeting Wednesday afternoon of last week in the school auditorium.

Dresses were modeled by the students who made them, and Miss Zona Beth Faulkner, teacher, introduced each student. The dresses represented the work completed in the last project of the school term. The first year class modeled school dresses, the second year class, general-wear dresses and the third year class wore special occasion dresses for both street and evening.

Other features of the program were songs by the pupils of the second grade, accompanied at the piano by Dorothy Woodruff; and the presentation of a bouquet of roses to the class mother, Mrs. Albert Traweck.

New Officers Named

Following the program, Mrs. Traweck, president of the organization, conducted a business meeting. The second grade was awarded the picture, "Blue Boy", and the sixth grade received the picture, "Texas Bluebonnets", for having the most mothers in attendance in their respective divisions, during the nine months of school. Grades were divided in two groups, from the first thru the third, and from the fourth thru the seventh. The tenth grade in the high school division had the most mothers attending during the year, and received the book which was awarded each month.

New officers of the organization for the coming year: President, Mrs. Albert Traweck, Jr. (re-election); first president and program chair, Mrs. Chas. Keith; second president and entertainment man, Mrs. Katie Jones; vice-president and finance man, Mrs. David Guest; vice-chairman and welfare man, Mrs. Vernon Doss (re-election); secretary, Miss Reeves, and Treasurer, Mrs. Keith, (re-election)

**LOCAL COUPLE ANNOUNCE WEDDING TAKEN APRIL 15**

Marriage is announced of Homer T. Jenkins and Miss T. Fogle at Lovington, New Mexico, April 15, 1941.

Mrs. Jenkins is the daughter of Mr. and Mrs. C. E. Fogle of Abilene.

Mr. and Mrs. C. E. Fogle, a nurse at the Traweck hospital since last October. She is a graduate of the Hendrick Memorial at Abilene.

Mr. Jenkins is the son of F. M. Jenkins of Matador and lived in this community most of his life. He is employed as a barber in the City Barber Shop.

The marriage ceremony performed by Justice of the Peace John W. Green of Lovington, Jenkins has resigned her position at the hospital and the couple will continue to make their home where their friends wish them happy on their journey thru life together.

**Yuma, Arizona Wedding Unites Popular Young Matador Couple**

Miss Doris Whatley and Mr. Paul Fulfer, both formerly of Matador, were united in Marriage at Yuma, Arizona, Saturday morning, May 17, 1941 at 11:30 a. m. The couple were married by Rev. I. L. Gillingwater at the Yuma Baptist parsonage and left immediately for Wilmington, California where they embarked for Catalina Island to spend their honeymoon.

Mrs. Fulfer is the daughter of Mr. and Mrs. Y. O. Whatley of Matador. She graduated from the Matador High School in 1939 and immediately accepted a position with the West Texas Utilities Company as cashier, where she was employed until she resigned.

Mr. Fulfer is the son of Mr. and Mrs. Elbert Fulfer of Matador. He graduated from the Matador High School in 1934 and later entered Howard Payne College in Brownwood where he graduated in 1940.

The bride wore a navy blue chiffon dress with pink accessories and a corsage of pink roses.

After their honeymoon, Mr. and Mrs. Fulfer will live in Ontario, California where Mr. Fulfer is employed with the Cal-Aero Corporation.

The young couple have many friends who join in wishing them a very happy married life.

Mrs. J. H. Sheridan of Amarillo visited in the home of her son, Pat and family over the week-end.

MRS. PAUL FULFER will make her future home in Ontario, California, after her marriage in Yuma, Arizona, last week. She and Mr. Fulfer will return to Ontario after their honeymoon on Catalina Island off the coast of Southern California.

**Mrs. Millsap Has Party Thursday**

Mrs. L. B. Millsap was hostess Thursday afternoon to two tables of guest. At the conclusion of the bridge progressions, Mrs. Bryan Cammack held high score and Mrs. D. I. W. Birnie second high.

Dainty refreshments were served to: Mesdames W. N. Pipkin, J. S. Stanley, Hugh Gray, Melvin Meason, Cammack and Birnie and Misses Zona Beth Faulkner and Ruth Groves.

Ober Johnson of Lubbock visited with friends here over the week-end.

**Summer OR Winter**

**It PAYS To Insulate**

Insulation is one of the most satisfying steps you can take toward improving your home. This scientific method of keeping a house cool in summer and warm in winter more than pays for itself in fuel economy and year 'round comfort. Insulation is easy to install and economical, too. We'll be glad to give you full particulars about any type of insulation.

**ON THIS YEAR'S BIG FORD!**

ANYBODY WITH A CAR TO TRADE will find it smart to see how much his car is worth in trade on a Ford this year!

In size, the Ford is the biggest car in passenger room in its price field. In comfort, it offers a soft and quiet ride that's new this year right down to a rigid new frame and long, soft springs.

Its hydraulic brakes are bigger than any other car's near its price.

Its engine is the only Eight in its field. Its economy was proved again this year when it was first in its class for gas mileage in the official Gilmore-Grand Canyon Economy Run.

Your Ford Dealer's certainly the man to talk trade with now!

FORD GOOD DRIVERS LEAGUE. Boys and girls, here is your opportunity to win one of 98 University Scholarships for skillful driving. For details, write Ford Good Drivers League, Dearborn, Mich., or see your Ford Dealer.

**Y'DO TELL?...I NEVER KNOW'D THAT MYSELF!**

**MADE-TO-ORDER Motor Trip Guide that even gives FREE pointers to the natives... Yours Now FREE**

YOU get it *scot free*. No mere fistful of maps, but a metal-hinged, color-illustrated, well-written travel book—your custom-made Conoco Touraide\*—FREE—for your car trip this Summer.

ONLY FROM YOUR CONOCO MILEAGE MERCHANT... NOW

Today—tell him where you're heading—give him your ideas. And soon Your Mileage Merchant delivers your Conoco Touraide—FREE. Just for fun, look up some familiar places first. Note the new things you learn! Yes, even "the natives" can get pointers from your Conoco Touraide.

OPTIONAL ROUTES AND SIDE-TRIPS ALL MARKED

Even the rates and facilities at camps and hotels are included in your one-piece Conoco Touraide book. Likewise full information on resorts and sports, as per your request.

YOU SIMPLY ASK! NOTHING TO PAY. NO OBLIGATION

Though your Conoco Touraide antiquates haphazard "tips," it's FREE. Nor does anybody pay extra for equally advanced Conoco Bronz-7-Z gasoline and Conoco Germ Processed oil. Then how is this free Touraide service possible? Only because of greater loyalty shown by greater numbers of Conoco users. They refuse to sacrifice any of their Conoco Bronz-7-Z mileage. And they refuse to sacrifice their engines! No "dry starts" with their engines OIL-PLATED. And an OIL-PLATED engine can stand Summer speeds. OIL-PLATING becomes close-bonded to inner engine surfaces... can't all quickly drain down. And speed can't whirl away all this close-joined OIL-PLATING. Hence, few stops for another quart, with the engine OIL-PLATED by Germ Processed oil... And no stops at all for roadside questions, with your Conoco Touraide—ENTIRELY FREE. Drive in today at your nearby Conoco station. Ask freely and get all the answers FREE.

CONOCO BRONZ-7-Z GASOLINE GERM PROCESSED OIL

**SCHOOL . . .**

(Continued From Page One)  
 C. W. Giesecke, "The Bells of Eventide" by Ada Blenkhorn, Morris Britton, James Harmon, Millard Williams, and Jack Nichols; sermon by Roy E. Stevens; Benediction by J. D. Mitchell and recessional by Mrs. Homer Kingery.  
**Grade School Operetta**  
 Annual grade school program and operetta will be presented Friday evening at 8:30. The operetta, "Sonny Of Sunnyside", directed by Misses Wanda Liner and Freda Keahy, includes the following cast: John Green, Dora Bannister, John Roy Hunter, Grady Glenn, J. M. Carpenter, J. C. Smiley, Milda Jean Scrivner, Patsy Ann York, Lillie Mae Guinn, Peggy and Pansy Dunlap,

Lucile Hall, Betty Sanders, Gordon Wayne Guinn, Sidney Capshaw, Malcolm Dodson, Mary Lou Newberry, Leon Williams, Ramona Freeman, George Britton, Lyndell Roberts, chorus and dancers. Mrs. M. D. Freeman is pianist.

**WORMS . . .**

(Continued From Front Page)  
 danger is not confined to the small grain crop. Mr. Emmons said that estimates for the average yield of small grain in the county are 25 bushels per acre for wheat and 40 bushels per acre for barley. All wheat growers are urged to inspect their crop immediately to determine whether or not it is infested by the worms.

**LIONS . . .**

(Continued From Page 1)  
 At a meeting of the board of directors at the Magnolia Cafe Monday morning, Miss Reatha Rayne Robertson, was selected to represent Matador at the Floydada rodeo, May 28.  
 A nominating committee consisting of D. E. Pitts, J. Rufus Emmons and Earl Laughlin, was selected to nominate officers for the club's next fiscal year.  
 Miss Lawrence will represent the local club in the state and district Lions convention to be held in Amarillo on June 8-9-10. She will have a problem on the program and will probably deliver the address on "Americanism", heard by the local club Tuesday.  
 Delegates to the convention have been named as follows: Boss Lion G. E. Hamilton, Secretary J. R. Whitworth, W. F. Jacobs and Henry F. Pipkin.

**SHOW . . .**

(Continued From Page 1)  
 receipts were in the neighborhood of \$40, school officials declared. The entire net proceeds will go to the school athletic fund, since the Gulf Refining Company made no charge for Mr. Lamb's service of the use of the films and equipment.  
 Mr. Lamb said that ten copies of the film have been shown throughout the United States and that 800,000 people have seen it. Since much of the action scenes are of the Matador rodeo and on the Matador ranch, much publicity favorable to tourist interest has been created. The great expense of producing and showing the pictures is paid by the Gulf Company in interest of tourist travel to the southwest.  
 Two new projection machines were ordered by Mr. Lamb especially for the show here Tuesday night since no other machines were immediately available. In addition a new loud speaker was ordered and shipped from New York by air express especially for the show.  
 Due to his crowded schedule, Mr. Lamb said it would be impossible to hold the picture over, or to show it again for the cowboys who were unable to reach Matador in time for the exhibition. While here for the past two days he has been making more pictures of the wagon and roundups but the heavy rains Tuesday made it impossible for him to continue.

**Dumas Will Hold Rodeo May 30-31**  
 Response from small towns and cities over the Panhandle indicate that the Dumas Rodeo and Old Settler's Reunion to be held May 30 and 31 will break all records for size and attendance.  
 From Dalhart will come an eye-filling prelude of the famous XIT celebration in the form of a huge and colorful delegation and the XIT Dalhart High School Band.  
 Guymon will contribute much of the color that has made their Frontier Day one of the great celebrations of the southwest and will send along the famous Guymon Cowboy Band.  
 Amarillo's delegation will include the newly formed Will Rogers Rangers outfit, mounted on beautiful horses, the Sons of the American Legion Drum and Bugle Corps and another crack school musical organization to be chosen for the trip by the Amarillo Chamber of Commerce.

**NEW ARRIVAL**  
 Mr. and Mrs. H. E. Odom are the proud parents of a baby boy born May 16th.  
 One out of every three-and-one half wells drilled by Texas oilmen to date has been dry.  
 More than 45,000,000 acres of Texas land are now under lease and gas production or exploration. Approximately 55,000 dry wells have been drilled at a cost of one billion dollars by Texas oilmen in their search for additional oil reserves.

**WHY RISK DISEASE**  
 With Antiquated Sewer Disposal?  
 Cleanliness in any community must depend upon adequate sewer disposal. Carefully covered garbage, well screened houses and installation of modern sanitary sewerage are the first essentials.  
 FALSE ECONOMY . . .  
 There can be no economy in risking the dangers of antiquated sewer disposal when the facilities of a modern system are so inexpensive.  
 Do your part in helping to make Matador a cleaner town. Install modern sanitation!  
**Southwestern Sewer Co.**

**Buy chicks that return a profit on your investment**

**MATADOR HATCHERY**  
 chicks do

. . . and hundreds in this county know it

How long has it been since you really sat down with pencil and paper and figured your flock on a business basis—egg income against cost, feed, and labor? Maybe profits are hard to make—but you'll come out better if you start with our chicks.  
 Hundreds of people in this community have—and we're ready to show you production records you'd like to have for your own. We can give you plenty of evidence you just can't ignore—especially if you're in poultry for money.

Our chicks do a real laying job because they're hatched from carefully selected breeding flocks—flocks that are strong and healthy, flocks that have been developed to produce under the year 'round weather conditions found on your farm.  
 You'll be proud of chicks like these as they grow into layers. Get your order in today by phone—or letter. Best of all stop in and let us show you why more flock-owners than ever are buying our chicks right now.

**Healthy Chicks**  
 MEAN POULTRY PROFITS

More chicks die during the first six weeks from poor care and improper feeding than from any other cause. Having tested numerous feeds and methods, we recommend with each shipment of our baby chicks that Red Chain Feed be used in their care.
