

## U. S. O. Drive Goes Over Top

### Quota Of \$350 Is Reached

True to traditions of generosity of its people extending back more than half a century Motley county has exceeded its designated quota of \$350 for the United Service Organization, according to information disclosed by the county organization early this week.

County Chairman R. C. (Bob) Echols announced yesterday that a total of \$373.83 has been subscribed and expressed gratitude at the excellent response to the drive. Additional payments may be given to Mr. Echols or committeemen working thruout the county.

Local youths in training camps over the nation have written letters to officials here heartily approving of work already done by the USO organization. Almost all of the \$11,000,000 drive funds, which started June 3, has been raised, according to reports from Thos. E. Dewey of New York, national chairman.

The funds are being used to establish 360 service units to supply members of the armed forces and defense workers, both men and women, with social club facilities.

Mr. Echols was named committee chairman, when the drive began, by Jay Taylor of Amarillo, chairman of the 18th Congressional district. J. R. Whitworth is local secretary-treasurer and D. E. Pitts was appointed co-chairman.

Committees for towns in the county are as follows: Matador: Henry Ford, John A. Hamilton, U. L. Willie, Rev. W. M. Joslin, and L. C. Harp.

Roaring Springs: Harold Jones, John C. Turner, and John Meason.

Whiteflat: Joe Bloodworth, Rev. E. E. Terry, G. M. Acker, and Ed Jameson.

Flomot: R. Stapleton, Bill Meyer, and Harrison George.

Northfield: B. F. Simpson, Walter Bain, and C. M. McDonald.

### Childress To Stage Annual Dance Contest

Childress will stage its fourth annual old-fashioned dance contest—the largest event of its kind in this section—on an open air platform at Fair Park Stadium, Friday night, July 18.

More than 100 dancers are expected to compete for the almost \$100 in cash prizes and some 2,000 spectators are expected to see the show.

The contestants will vie in the schottische, new shoes, two-step, rye waltz, pop-goes-the-weasel, polka and square dancing. Winners in each event will receive cash prizes and a grand prize will be awarded to the best dancer on the floor. Then an additional cash prize will go to the best costumed couple. Old fashioned dancers from all of West Texas are invited to participate in the event.

Admission will be 25 cents for the spectators and the contest will start at 8:15.

The dance contest is a feature of the program of Childress' annual July 18 Founder's Day Celebration.

### Rev. Denison's Father Succumbs

Word was received by friends here this week, advising of the death Sunday morning of the father of Rev. D. D. Denison of Albany, former Methodist pastor here.

Funeral services and burial were at Woodland, Texas, near Detroit.

Amarillo visitors Sunday were Mr. and Mrs. Pat Sheridan and son, Patsy.

### Voters Will Decide On Road Bond Issue

#### \$70,000 Is Needed In Damage Repair For County Roads

Motley county property owners will go to regular voting places on August 9th and decide on the issuance of \$70,000 in county road bonds, according to a notice published in this issue of the Tribune by the Motley County Commissioners' Court.

Money from the sale of the bonds will be used to build and repair various farm-to-market and community roads in the county damaged and destroyed by the excessive rains over the area since the first of January. Included in the bond issue will be sufficient funds to rebuild the Pease river bridge between Matador and Flomot. It is estimated that \$15,000 will be required for the bridge alone.

Small Advance In Taxes It is estimated that the bond issue, which calls for interest not

to exceed 3 1/4%, will advance taxes approximately 10% on the present valuation. A property owner who pays taxes on \$1,000 valuation would pay only \$1.00 more per year, according to estimates furnished by county officials. The bonds will be dated to mature within 20 years.

Need of rebuilding and repairing the county roads is recognized by a large portion of the taxpayers, it is declared, since some communities are almost isolated from the county seat, while others find the roads in the present condition almost impossible to travel. There is hardly a road in the county, outside of the state and national paved highways, which are not badly in need of repair.

#### Property Owners To Decide

A petition signed by H. S. Gilbert and 85 other residents was brought to the court, asking that the election be held.

Regarding the road bonds, County Judge W. R. Cammack (See BONDS Back Page)

### FSA Loans Aid Purchase Of Thoroughbreds

The purchase of two registered Jersey bulls was made possible last week thru FSA loans to two groups of Motley County farmers. One group is composed of H. A. Armstrong, F. M. Casey, Dowell Garrison, and L. L. Lynn, all of Whiteflat; and a Flomot group includes G. W. Blackshear, I. E. Martin, and R. M. Morriss.

These loans were made on partnership basis, each owner contributing equal amounts, and sharing equally in care and use of the animals.

Purchased from the Tierra Blanca farms of Canyon, the bulls are from one of the leading purebred livestock ranches of Texas. Both animals have high production records, and their service is available to the public at \$150 in cash payments.

The FSA encourages this type of loans, and Walter Coulson, R. R. Supervisor, feels that farmers desiring to increase production in their dairy herds will take advantage of breeding to these choice bulls at the low service fee.

### Much Illness Is Reported

An unusual amount of sickness is reported in this area, according to local doctors. Especially prevalent are influenza and pneumonia cases, altho only one person is reported to be critically ill. That is the infant son of Mr. and Mrs. Oscar Goodman of Roaring Springs, who has a serious case of pneumonia.

Mrs. Alfred Barton is also ill with pneumonia, and among those recovering from the disease are Ruth Fite and C. M. Barton, Jr.

Influenza cases reported are Mrs. A. D. Burleson and Charlie Meador. Also recently ill were Linda Gilbert, daughter of Mr. and Mrs. Clay Gilbert, Mrs. M. C. Green, Sara Frances Springer, daughter of Mr. and Mrs. E. F. Springer, Dorothy Woodruff, daughter of Mr. and Mrs. J. L. Woodruff, and W. F. McCaghen son of Mr. and Mrs. Bill McCaghen.

#### RETURNS HOME

Mrs. Roy Burleson, who recently underwent a major operation in Lubbock, returned home Saturday. She was accompanied by Mr. Burleson and Mrs. J. R. Moore.

Mrs. Stafford Forbis, of Carlsbad, N. M., daughter of Mr. and Mrs. Burleson, also arrived Saturday for a visit. Mr. Forbis, who accompanied her here, returned home Tuesday.

### New Humble Test Well Is Started

The fourth Humble Oil Company test well on the Matador Land and Cattle Company lease, was started this week.

Location of the new test is two miles east and south of Russellville, in the Devil's Gap sector of the Matador pasture. Truck loads of drilling equipment are being moved to the new location as Humble employees make drilling plans.

Some equipment is being moved from the Turtle Hole location where drilling was discontinued last year. Several families are moving here from Hale county where the company has completed another test.

Operation will be conducted out of Matador but the number of men engaged for the test was not disclosed.

Depth of the new Devil's Gap test well probably be 5,000 feet or more as the other wells have been of similar depths.

It is assumed that the derrick will be raised immediately and actual operations start in the immediate future.

### Drive On Weeds Is Stressed

Condition of streets, alleys and vacant lots in Matador has been pronounced deplorable by city officials and civic leaders. Unusual rainfall during the past six months has produced a condition which demands the interest and effort of every resident to eradicate the growth of weeds and undesirable grass.

County health officer Albert C. Traweck has stated that a serious health menace is created by the weeds and that the illness now prevailing over the city, will increase unless a united effort is made to destroy the weeds and cleanup trash and rubbish.

Owners of vacant lots are especially urged to clean up their property to avoid the necessity of more drastic measures being employed. With the health and welfare of the entire community at stake, it is pointed out that the dangerous condition can not be allowed to continue.

The movement, sponsored by the Matador Lions Club, welcomes the support of every civic spirited citizen to unite in the cause which affects every person in the city.

Trash and rubbish, when placed in barrels, boxes or sacks, is removed free of charge by the city. Plans are being considered to engage a powered field-mower to cut down the weeds on vacant lots at a minimum price to the property owner.

### County To Stage Aluminum Drive

County Judge W. R. Cammack announced Tuesday that he had been requested to accept the chairmanship of a drive to secure all possible used and scrap aluminum in Motley County. Judge Cammack said that he would give more details of plans for the drive in a subsequent issue of the Tribune, however, anyone who has aluminum to donate, may bring it to the courthouse where provisions have been made to collect it.

Announcements of the drive have been made in the various churches of the county.

#### TONSILS REMOVED

Betty Ruth Smalley, young daughter of Mr. and Mrs. N. J. Smalley, is recovering from a tonsillectomy performed Sunday at the Richard Memorial Hospital, Paducah.

REV. J. I. CARTLIDGE

REV. DEE CATES

### Baptist Revival Begins Sunday

Rev. J. I. Cartledge, pastor of the Nacodoches Baptist Church, is expected to arrive Monday and conduct his first service that evening. He will be visiting preacher during the annual two-weeks' Baptist revival, which will officially begin Sunday morning with Rev. W. M. Joslin, local pastor, in charge of the service.

Rev. Dee Cates of Olton, former choir director here, and student at Wayland College in Plainview during the past year, will be musical director during the meeting.

Rev. Joslin announced that morning services will be held at 10 o'clock, and evening services will begin promptly at 8 o'clock.

The visiting pastor is recognized as a leading Texas evangelist. Mrs. Cartledge, who with her children will arrive during the latter part of the meeting, is a granddaughter of Mrs. C. L. Glenn.

Full cooperation of church members of any denominations, choir members, and others is desired in order for success of the revival.

A special choir practice to be held at the Motley Hotel Friday evening at 8 o'clock has been announced by B. F. Tunnell, choir director.

#### CHOIR PRACTICE TO BE AT MOTLEY HOTEL

The Baptist choir will meet Friday night at the Motley Hotel to practice songs for the revival which will start Sunday.

Members of the Methodist choir, and all other singers in the community are cordially invited to join in the practice, for the purpose of forming a more successful choral background for the services, not only of the Baptist church but those of the other churches which will follow later.

### Yearling Price Sets Top Record

What is believed to be the highest price ever paid for off-the-grass yearlings in this section of Texas, was received this week by Harry Campbell, prominent Motley county rancher.

Mr. Campbell sold 40 head of yearlings for \$66 each. He said the herd was cut-back calves from last year and taken directly off the range. Purchase was made by upper Panhandle ranchers whose names were not disclosed.

Mr. Campbell, a veteran cattleman and son of Henry Campbell, founder of the vast Matador

ranch, declared he believed the price to be the highest ever paid in this country for range yearlings.

Ranchers in all sections of the county declare range conditions the very best ever known in the history of the country, with the exception of some loss from screw-worms, apparently more severe than in past years.

Prices of beef cattle which have maintained a high average for over three years, now indicate more advances to reach a point beyond the expectations of the most optimistic cattleman.

### Grand Jury Selected

District court grand jury for Motley county, to meet at 10 a. m. Monday, July 28, has been selected and includes the following residents:

M. S. Patton, Glenn Dobkins, Joe Bridges, Sr., Ben Edwards, T. E. Cammack, R. H. Tanner, J. E. Payne, T. W. Turner, Mack Read, T. B. Simpson, Tom Moore, Ralph Stapleton, A. K. Wilkinson, Theodore Bain, W. F. Jacobs, and J. D. Mitchell.

### Marine Officer To Be In Matador

A marine corps recruiting officer is expected to spend Thursday, Friday, and Saturday here. Sgts. Oscar Filippo and L. S. Waters of Oklahoma City arrived in Lubbock Monday to make headquarters for two-weeks recruiting tour.

Earlier in the week the two men were in Plainview and Tulla and they will now work here and in Floydada, one man in each town.

### WORKERS NEEDED FOR RED CROSS

Persons interested in making Red Cross garments for war relief are requested to call for the cut material at any hour Saturday at the Red Cross sewing room, adjacent to Sheats Hardware.

Mesdames L. R. Bihop and D. E. Keith, chairman, announce that 20 of each of the following garments are ready for sewing: shirts, layettes, girls' dresses, and nightshirts.

### C. M. GLENN WINS TOURNEY

C. M. Glenn won the visitors' tourney of the season Tuesday of last week in the first of the blind bogey tournaments sponsored by the Colorado Springs, Colo., Junior Chamber of Commerce, according to an announcement received here.

Legal Notice  
THE STATE OF TEXAS,  
COUNTY OF MOTLEY

TO THE RESIDENT QUALIFIED ELECTORS OF MOTLEY COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 9th day of August, 1941, in Motley County, Texas, to determine whether or not bonds shall be issued by said County in the amount of \$70,000.00, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in Motley County, Texas, and whether or not ad valorem taxes shall be levied annually on all taxable property in said County for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity, in obedience to an ELECTION ORDER passed by the Commissioners' Court of Motley County, Texas, on the 14th day of July, 1941, and which said order is in words and figures as follows, to-wit:

ORDER OF ROAD BOND ELECTION

ON THIS the 14th day of July, 1941, the County Commissioners' Court of Motley County, Texas, convened in Regular session, at the regular meeting place thereof in the Courthouse at Matador, Texas, the following members of said Court, to-wit:

W. R. CAMMACK, COUNTY JUDGE, presiding; and J. S. LAMBERT, COMMISSIONER, Precinct No. 1; J. M. JAMESON, COMMISSIONER, Precinct No. 2; A. B. SIMPSON, COMMISSIONER, Precinct No. 3; H. L. SMITH, COMMISSIONER, Precinct No. 4;

being present and participating, came on to be considered the petition of H. S. Gilbert, and 85 other persons, for an election to be held in said Motley County, Texas, to determine whether or not bonds be issued by said Motley County, Texas, in the amount of \$70,000.00, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in Motley County, Texas, and whether or not ad valorem taxes shall be levied upon all taxable property of said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and,

IT APPEARING to the said Court that said petition is signed by more than fifty (50) qualified resident property taxpaying voters of said Motley County, Texas; and,

IT FURTHER APPEARING that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Motley County, Texas;

IT IS, THEREFORE, CONSIDERED AND ORDERED by the said Court that an election be held in said Motley County, Texas, on the 9th day of August, 1941, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said Motley County, Texas, shall be issued in the amount of SEVENTY THOUSAND DOLLARS (\$70,000.00), in conformity with the Constitution and laws of the State of Texas, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in Motley County, Texas. Said bonds to bear interest at a rate not to exceed THREE AND ONE-FOURTH PER CENTUM (3 1/4%) per annum, and to mature serially not to exceed twenty (20) years from the date thereof; and whether or not an ad valorem tax shall be levied annually upon the property of said Motley County, Texas, subject to taxation, for the purpose of paying the annual interest on said bonds and to provide a sinking fund for the redemption of said bonds at maturity.

THE SAID ELECTION shall be held under the provisions of the Acts of the Thirty-ninth Legislature, First Called Session, Chapter 16.

ALL PERSONS who are legally qualified voters of said Motley County, Texas, who are resident property taxpayers of said County and who have duly rendered their property for taxation, shall be entitled to vote at said election.

ALL VOTERS desiring to support the proposition to issue the bonds shall have written or printed upon their ballots, the words:

"FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

Stamp Plan Reduction Is Liberal

It is possible for Motley County cotton producers to dispose of cotton to bring their acreage reduction in line with the reduction indicated on their intention sheets, W. I. Rushing has announced.

This is made possible, Mr. Rushing explained, by the recent amendment to the 1941 Agricultural Conservation Program which provides that acreage will not be considered as planted to cotton if the cotton is disposed of before reaching the bolling stage or within 10 days after notice of the seeded acreage is given, whichever is later.

"Under no circumstances, however, may a cotton producer re-

ceive cotton stamps for reducing more acreage than he signed on his original intention sheet on the cotton stamp program," Mr. Rushing pointed out.

"To make this ruling clearer," Mr. Rushing said, "assume, just for illustration to bring out my point, that a cotton producer has a 1941 cotton allotment of 50 acres, and to receive cotton stamps, indicated a 'reduction of two acres.' This would permit 48 acres to be planted to cotton for this year. However, when the cotton acreage was measured, he showed 49 acres planted. He would be allowed to dispose of one acre to come within his intended 48 acres but he would not receive cotton stamps on more than 2 acres since this was the amount signed on his original intention sheet."

Under the original definition of cotton, the acreage of cotton disposed of below the acreage allotment would still be classified as acreage planted to cotton.

The amendment also provides that if cotton is seeded but does not reach maturity, the smaller of

(1) the acreage seeded to cotton, (2) 3 acres, or (3) 3 per cent of the 1941 cotton allotment will be considered as having been planted to cotton. This provision was made, the A. A. official pointed out, so that farms will not show zero acres of cotton when cotton was actually seeded.

The new amendment also permits producers to dispose of cotton acreage to come within total-soil-depleting acreages. By this method, deductions for overplanting total soil-depleting allotments will be avoided.

Local Teachers Wed Saturday At Fort Sumner

The marriage of Miss Wyleta Smith, daughter of Mr. and Mrs. Albert J. Smith of Lubbock, and Wilmer Greene, son of Mrs. W. Greene of Gainesville, was performed Saturday at noon in the home of the Rev. R. P. Drennon, Fort Sumner, N. M.

The bride wore a black sheer costume suit, trimmed in white with white accessories and she carried pink rosebuds.

The couple was accompanied by Miss Zona Beth Faulkner, local home economics teacher, and other Childress friends.

Mrs. Greene taught English in the Matador High School during the past year. Reared at Roaring Springs, she was graduated from Texas Technological College and has done graduate work at the University of Colorado, Boulder, Colo. She taught in Amherst High School for three years before coming here.

The groom has been assistant football coach here for the past two years and taught in the Matador Grade School. He is also a graduate of Texas Tech, where he was an outstanding member of the Red Raider team.

The couple will be at home in Lubbock until fall when Mr. Greene will become head coach at Quitaque.

Robert Meason Is Married In June 27 Rites

Announcement is being made here of the recent marriage of Miss Edna Marie Butler, daughter of Mrs. Delina Chapman of Kingsville, and Robert Meason of Corpus Christi, son of Mr. and Mrs. John R. Meason of Roaring Springs.

The ceremony was performed Friday afternoon, July 27, at Corpus Christi with the Rev. W. H. Wallace, Jr., pastor of the First Methodist Church of that city, officiating.

The bride's attendants were her sister, Mrs. W. E. Edgar of Victoria, and her sister-in-law, Mrs. I. F. Butler of Mathis. Attending the groom were William Heddon and Herbert Graves, both of Corpus Christi.

Mrs. Meason wore a blue crepe frock trimmed in brown, brown hat and white accessories.

The groom was reared at Roaring Springs, receiving his high school education there. He has attended business and law schools in Galveston and Austin.

Following a plane trip to San Antonio, the couple is at home in Corpus Christi, where Mr. Meason is employed in the office of naval defense work.

Pied 'Piniops BY MRS. M.

I must not be a very effective ambassador for the Lone Star state. I practically had a half-dozen prospective visitors signed on the dotted line when I left Missouri, and the deadline for their arrival has passed without a single one making an appearance.

Little more can be said either in favor of or against the habit of smoking by the feminine forces, than has already been said, except to point out that in the last analysis the men honestly and truly prefer their women sans nicotine. Few however, take the trouble to admit it anymore since opposition seems only to have fanned the flame of determination in the weaker sex to do as they please and thus show who's boss.

It was quite a surprise therefore, to read a letter this week from a local boy who was recently transferred from an army training camp in the south to one in an eastern state, stating among other things, that the girls he had met in that section were the nicest he had ever known, and adding that they neither smoke nor drink.

It is a matter of choice of course, but to me flowers are so much more enjoyable when gathered for the home than when left to grace the yard.

A most unlovely sight on the other hand is a vase of once lovedly flowers which have been allowed to remain until the blossoms wither and go to seed on the stem.

These "Looking Forward to Fall" advertisements are very depressing. Since summer is still in the offing, and altho not exactly looking forward to any season, we were still doing a little wishful thinking about a white dress for the sultry days ahead.

According to a fashion note, one of the charming tricks of the season is to contrast your dark, mid-summer sheer with pastel gloves and handbag as an alternative to the almost universal white accessories. Robin's egg blue, crushed strawberry pink and citron yellow are some of the delicate hues that are being used to set off blacks, navy blues and browns to perfection.

Peach Canning Season Here; Hints Given

In selecting peaches for canning don't let "a skin you love to touch" mislead you, cautions J. F. Rosborough, horticulturist of the Texas A. and M. College Extension Service. The condition of the skin is not always a dependable guide in determining sweetness and good quality. The best tasting peaches ripen from the seed outward to the skin. Many varieties of poor quality ripen from the skin inward to the seed.

Tree-ripened peaches have better flavor because the fruit zymes have an opportunity to function normally in the fruit at maximum sweetness. The fruit is picked too early may continue to ripen, but "peachy" flavor is lost, harvested before it is well ripened never becomes soft when eaten.

Deteriorate Quickly Peaches of finest quality a fresh appearance and when ripe are broken open are stored under the skin. Care should be taken with ripe peaches as they deteriorate quickly and should be eaten or canned as soon as possible after picking. If they are kept for several days, storage at 36 to 40 degrees is the best method of holding at the desired condition.

A standard bushel of peaches weighs about 48 pounds should yield about 30 pint or 20 quart jars. One bushel of peaches, if a light syrup is used, will need about three pounds sugar. For a light syrup, use cup of sugar to each three of water.

To prevent darkening of vitamin C in processing, drop the halves immediately into a solution of tablespoons of salt and two spoons of vinegar dissolved in gallon of water. Rinse the with clear water.

BOND

(Continued From Page One)

said, "The commissioners' court is taking no part in the election, other than to present it to the voters. The need is evident to any person who will examine the condition of the various roads in the County. I do not expect to vote in the election and I assume that other members of the court will have the same attitude. We feel that it is strictly an affair to be decided by the taxpayers.

"There is no other possible way to secure money to rebuild and repair these roads. We have secured expert advice on the amount of money that will be required and we now place the decision with those who are affected."

Some of the county's largest taxpayers have recognized the need for the bonds and have declared they will support the issue. It is pointed out that the progress and welfare of the entire county will be improved by the roads. It is further cited that some taxpayers who happen to not be affected by the damaged and destroyed roads, may feel that they should not pay to improve the condition of others less fortunate. This attitude, however, is believed to be small, as it is very evident that property owners who are paying equal taxes and do not have equal roads, are therefore not receiving honest consideration and fair treatment.

A full text of the election notice will be found elsewhere in this issue of the Tribune.

Stock Of Chickens Growing

Stock of fine white Leghorn chickens being produced by Lewis Newman, manager of the Matador Hatchery, has now reached a total of more than 500 pullets. The strain of chickens probably ranks with the finest in the world and was developed by Professor James E. Rice of Trumansburg, New York, who established the poultry department at Cornell University.

Some of the laying hens which Mr. Newman has produced, now weigh in the neighborhood of six pounds each. Egg records on each individual hen shows the flock to be high egg producers and the eggs to be of large and superior quality. The strain has the combined factors of viability, large body size, high egg production produced through years of scientific mating.

Plans To Aid Orphanages

Mr. Newman, who is a recognized poultry expert of unusual ability has philanthropic plans for the future of his breeding flock. Through arrangements with superintendents of various orphanage institutions who will make a study of methods by which sale of the superior chickens may be sponsored, he proposes to set aside a fund derived from 40% of the sales. The money will be used to pay all necessary college expenses of deserving students who indicate interest in poultry. He plans to devote the remainder of his life to the work.

Regarding his plan, Mr. Newman said, "Because of service provided me when in need, a desire is developed to offer my services to others less fortunate than myself. My present advantage of living in good health with all family obligations sufficiently cared for, is due to an orphanage institution and to the charity of a number of individuals, many of whom resent a suggestion of recompense. I consider that I am obligated, because of my American birthright, to offer my services during the remainder of my life, to improve the conditions of humanity."

Dalhart Goes Western For XIT Reunion

DALHART—This city went western with a bang Tuesday when official notice was served all citizens of the XIT capital to "dress western—or else" and the immediate response indicates there will not be a single tender foot in Dallam county by Saturday night when a grand Western Ball will be held at Legion Hall to celebrate the dressing-up campaign.

The Sixth Annual XIT Reunion will officially begin with a gala pre-vue dance August 2 and will be followed Sunday, August 3, with a city-wide memorial program that features an address by Dr. J. A. Hill, president of West Texas State College, Canyon, who will pay tribute to those hardy pioneers, both living and dead, that made XIT so famous. There will also be water sports and contests at Rita Blanca Lake that holds its official opening here Sunday.

Monday and Tuesday, August 4-5 will be the principal dates for the celebration expected to draw 20,000 visitors, a minimum of 20 bands, scores of floats and hundreds of horses and riders. The parade moves at 11 o'clock on the mornings of both days and one of the first entries for the procession was the Will Rogers Range Riders of Amarillo, some 50 strong and attired in costumes. That city will also send a special train to the celebration, according to Sam Elkins, goodwill chairman for the Amarillo chamber of commerce. The afternoons will be devoted to rodeo performances that will witness the southwest's best contestants riding and roping the saltiest stock that Beutler Bros., of Elk City, Okla., could muster. Lynn Beutler will also serve as arena director for all events.

At least three dances will climax each day's events. Huge delegations from all cities of the Panhandle of Texas, New Mexico, Kansas and Oklahoma are assured. XIT members from as far away as Alabama have written they would attend this year.

Judge J. D. Hamlin, Farwell, president and W. A. Askew, Amarillo, secretary of the XIT Association will arrive here Saturday, August 2, to complete arrangements for all celebration details.

LIONS

(Continued From Page 1)

Other speakers included Miss Billie Lawrence on "My Impressions of a Lions convention" and Lion William Moore of Lawton, Oklahoma, who was one of the charter members of the Matador club. He expressed his pleasure in being able to attend the meeting and the spirit in which the club operates. Other visitors included Charles Keith and George Pipkin of Crosbyton, brother of Lion Henry Pipkin.

**All Obligations Paid**  
Secretary-treasurer J. R. Whitworth reported that the club had all International dues paid and all other obligations settled. He reported that delegates would leave over the week end to attend the Lions International convention at New Orleans. Announcement was also made that directors' meeting at the Magnolia Cafe Monday morning had voted to continue to sponsor the custom of entertaining Matador schools honor students at Lions luncheons.

Report was made that two new Lions signs awarded the club in a District 2-T contest, had been erected on Highway 70, east and west of Matador. The club also voted to sponsor an aluminum drive soon to get under way in Motley county.
