Gasoline Delivery By Tank Car Halted In Southwest, Midwest

WASHINGTON, Aug. 21 (AP)—Petroleum Coordinator Harold Ickes today prohibited railroad delivery of automobile gasoline in 20 states in the middle west and southwest to move to release an estimated 5,000 to 7,000 tank cars for supplying the east.

The states brought under the ban were Texas, Louisiana, Mississippi, Kansas, Nebraska, Iowa, Illinois, Indiana, Ohio, Michigan, Wisconsin, Minnesota, North and South Dakota.

aid the east's gasoline rationed motorists since the railroad cars would be used almost exclusively to build up fuel oil stocks in the east, particularly in New England, against the coming of winter.

A spokesman from the coordinator's office said the diverted tank cars would add approximately 100,000 barrels to the more than 1,000,000 barrel daily movement of all types of petroleum into the east.

He said that the east's present needs including allowances of fuel oil for storage with an eye to winter requirements, is in excess of 1,400,000 barrels of petroleum of all types and that the needs for the first three months of next year would be boosted to approximately 1,600,000 barrels daily.

Besides the additional tank cars, a pipe-line under construction is expected to provide a net gain of 150,000 barrels daily to narrow further the excess of eastern requirements over shipments, the spokesman said.

Davies explained that the diversion of tank cars was ordered because the railroads and oil companies had increased their efficiency in handling tank car movements to a point where they now would be able to use the additional cars in the Atlantic coast service.

He said that the number of tank cars assigned to the east coast run had risen from approximately 1,000 to approximately 70,000 in the 20 months since January 1941. Formerly, most of the oil deliveries to the east were made by seagoing

tankers, but the submarine menace has virtually eliminated delivery by sea.

AUSTIN, Aug. 21 (AP)—Gasoline will flow freely in Texas from refinery to market despite an OPEC order banning tank car movement of motor fuel in 20 states, including Texas, Chairman Ernest O. Thompson of the railroad commission asserted today.

"The order will create no trouble in Texas because we have long since been hauling by tank from refineries to all markets within a 150-mile radius," he said.

Thompson declared refineries were so thoroughly spread through the state that truck hauling of gasoline assured continued, uninterrupted delivery of all automobile gasoline needed.

Dieppe Attack Trims German Air Strength

Allied Mastery Is Claimed For Whole Channel Area

LONDON, Aug. 21 (AP)—The clipped wings of the German air force in Western Europe was rated by British observers today as the first big dividend of Dieppe.

Allied mastery of the air, they asserted, is complete beyond challenge, not only over Britain and the channel but even deep into enemy territory itself.

These commentators, whose identity could not be disclosed, said this was proved by the extraordinary show of Allied airpower yesterday, with virtually no opposition and apparently without the loss of a single plane, over German-held soil.

In broad daylight, 600 fighters swept across the French coast—where never before had more than 200 planes made such a raid at one time—and a force of the United States' big four-engine flying fortresses rained explosives on the Amlens railway yards without even sighting a Nazi fighter over the target.

The smoke of battle has lifted from ruined Dieppe. The natural surge of enthusiasm over the masterful assault on the most strongly guarded point of Nazi coast has given way to sober reasoning.

But even in the cold light of fact and figure, Britons regarded Wednesday as a day of Allied triumph from every angle—as a victory on the field itself, as a help to Soviet Russia, as a step forward in the whole master plan of the United Nations.

A communique summarizing the raid called it a "successful demonstration of coordination of all three services"—land, sea and air.

Although the official announcement labelled the attack merely a "reconnaissance in force," it said the raid had a "vital part" in Allied policy. Here was its profit and loss account:

- GAINS: Ninety-one German planes definitely destroyed with "about twice that number probably destroyed or damaged"; Two gun batteries destroyed; Two small vessels sunk; Heavy casualties inflicted on the Germans; Prisoners captured. LOSSES: Ninety-eight Allied planes lost; The destroyer Berkeley, 904 tons, sunk; "Fairly large number" of landing craft destroyed; The loss of some tanks which the attackers were ordered to blow up; Heavy casualties although there still was no official figure on the invaders' number or their ratio of losses.

The air triumph was generally regarded as the biggest of all the successes. British observers said the Germans lost more than one-third of their operational aircraft in the west in one day and now must divert bombers and fighters from the Russian front.

SEA BATTLE REPORTED

LISBON, Aug. 21 (AP)—A report from Algarve province tonight said a fierce naval and air battle was raging off Cape Saint Vincent, the southwest tip of Portugal.

In the Caucasus, the Russians conceded new reserves as hard-fighting Soviet troops executed a further retreat south of Krasnodar, only 60 miles from the Black sea naval base.

But the Russians declared they had taken a toll of more than 2,000 Nazis, destroyed 14 tanks, seven armored cars, 103 trucks and many guns in a three-day battle below Krasnodar.

Half way down the Caucasus, the land bridge to the middle east, the Russians acknowledged that German vanguards had made some advance southeast of Pyatigorsk in a drive toward the Grozny oil fields.

New Bomb Attack On Jap Ships Reported

'Fearful Retribution' Is Promised Axis Nations For Civilian Horrors

WASHINGTON, Aug. 21 (AP)—President Roosevelt warned enemy nations in a formal statement today of "fearful retribution" to come for what he called "barbaric crimes" against civilian populations in Axis-occupied countries.

The chief executive issued his warning after Secretary of State Hull had given him a communication from the Netherlands ambassador and the Yugoslav and the Luxembourg ministers calling attention to Nazi slaying of hostages.

Describing these as acts of desperate men, and promising that they would result in fearful retribution, the president said the government of the United States had been receiving information on Axis atrocities from numerous sources and would welcome more.

When the United Nations achieve victory, he asserted, it is their purpose to make appropriate use of the amassed evidence.

The time will come, Mr. Roosevelt said, when the guilty persons will have to stand up in courts of law in countries they now are oppressing and answer for their acts.

Asked at his press conference whether he could commit the people of ravaged countries to acting through courts of law once "they got a chance at their oppressors, the chief executive admitted probably he could not do so, but said he was expressing a hope that judicial processes would prevail.

Nazis Annihilated As Drives Smashed

By The Associated Press Bayonet-charging Russian troops were reported today to have slaughtered all but a few Germans who stormed across the Don river before Stalingrad for the second time in 12 hours, and Soviet dispatches declared the invaders had suffered another setback in bloody fighting south of the great Volga steel city.

In the Western Caucasus, Soviet dispatches said hundreds of Nazi parachute troops descended on the steppes at the approaches to Novorossisk, Black sea naval base, only to be cut down by Kuban Cossacks. Warships of the Soviet Black sea fleet left the Novorossisk base more than a week ago.

Dispatches said several hundred sky troops were annihilated in a two-hour battle west of Krasnodar. German troops and large infantry forces also were reported attempting to break through the northwest Caucasus foothills to the Black sea port.

A bulletin from Red army headquarters said Russian infantrymen and tank crews, battling to hold the head of the Don as a final barrier before Stalingrad, "almost completely annihilated an enemy group which crossed the river."

"More than 600 Germans were killed," it said. The fighting centered in the Kletskaya-Kalach region, 50 miles west of Stalingrad. Other Nazi forces which crossed the river yesterday were said to have been completely wiped out.

In the Kotelnikowski sector, 95 miles below Stalingrad, the Russians reported they had driven back German tanks and motorized infantry in a fight for a railway town after the invaders had driven a wedge into Soviet defenses.

"The Hitlerites abandoned on the field hundreds of killed," the Soviet command said. "More than 20 German tanks were destroyed."

Dispatches to the Russian government newspaper Izvestia said a great area was set aflame when Nazi tanks hit a Soviet minefield. Five German columns of tanks and infantry were reported moving behind aerial and artillery bombardment in a thrust from Kotelnikowski along the rail line to Stalingrad.

In the Caucasus, the Russians conceded new reserves as hard-fighting Soviet troops executed a further retreat south of Krasnodar, only 60 miles from the Black sea naval base.

But the Russians declared they had taken a toll of more than 2,000 Nazis, destroyed 14 tanks, seven armored cars, 103 trucks and many guns in a three-day battle below Krasnodar.

Yanks Act To Guard Marines On Solomons

Nips Gathering For A Try At Dislodging American Forces

By ROGER D. GREENE Associated Press War Editor Giant U.S. army flying fortresses were reported launching a big attack on Japanese warships off the Solomon Islands today as the enemy apparently moved to strike back at American Marines now occupying at least three islands in the southeast of the 900-mile long archipelago.

A British broadcast indicated the attack was developing and said details were being awaited.

Previous reports from New Zealand had said the enemy was massing naval forces for a counter blow against the marines in the Tulagi area.

Meanwhile, Imperial Tokyo headquarters asserted today that a small force of American troops effected a landing at dawn Aug. 17 on Makin Island in the Gilbert Islands, 2,400 miles southwest of Hawaii, but were "repulsed completely" by the Japanese garrison.

The Japanese report, unconfirmed elsewhere, said the landing party consisted of about 300 troops.

Seized by the Japanese at the outset of the war, the former British-owned Gilbert Islands lie on the Equator, just below powerful enemy bases in the Marshall Islands and 1,100 miles northeast of the Solomon Islands.

Such a raid presumably would be little more than a commando thrust to test out the enemy's defenses.

In the 16-day-old battle of the Solomons, Gen. Douglas MacArthur's air scouts searched the vast island-dotted south seas in quest of Japanese naval activity and said reports that the enemy was massing new strength for a counterblow against U. S. marines in the Tulagi area.

A navy communique announced last night that the marines now were engaged in mopping up remnants of Japanese garrison troops on islands "recently captured" at the eastern end of the 600-mile-long archipelago.

The navy said a Japanese destroyer or cruiser had been seen at sea by allied aircraft and declared that bombardments by enemy planes, destroyers and submarines had inflicted only minor damage on allied shore positions.

Enemy destroyers could hide easily in the maze of islands, escaping detection by day, and make hit-and-run attacks on the marines' shore positions under cover of darkness.

The navy's announcement that several islands had been "recently captured" indicated that the marines, cutting through the mountainous jungles, had virtually completed occupation of the strategic bases. The leathernecks were known to have gained beachheads on at least three and perhaps six of the eastern Solomons.

Striking at Japanese supply bases far to the west, allied bombers again attacked enemy forces on Timor Island and touched off great explosions in the town of Macbasse, General MacArthur's headquarters announced.

"We saw a lot of Jap soldiers running for their lives for the shelter of the jungle," an allied pilot said, adding that the raiders dropped to low levels to machine-gun and bomb fuel or ammunition dumps and other targets.

Sen. Rogers Kelly Into Air Forces

AUSTIN, Aug. 21 (AP)—The state senate's second army officer was ready for duty today.

Senator Rogers Kelley of Edinburg reported a first lieutenant's bars after he took the oath at San Antonio yesterday. As a member of the U.S. army air force he will report to Miami Beach, Fla., for training and then return to San Antonio for assignment.

Celebrates 50th Year Of Ranching

ALBANY, Aug. 21 (AP)—Fifty years of cattle ranching in Stephens and Shackelford counties were celebrated here this week for W. Henry Green, Texas landowner and oilman, when men from Albany, Moran, Adkins and surrounding areas gathered at a luncheon to celebrate Green's anniversary as a young man entering the cattle business.

Voters Will Have Final Say Saturday

Latest Estimates Are For A Heavy Poll Saturday

Howard county democrats prepared to go to the polls along with hundreds of thousands of others over Texas Saturday, to write the final chapter on selection of public officers for another biennium.

Although earlier predictions were that the runoff vote total would be considerably under that of the July balloting, final campaign developments caused some forecasters to revise the estimate. In Howard county, absentee balloting passed that of the first primary, and the same story was told in several other counties. This indicated a heavy turnout Saturday.

The shorter ticket indicated a rapid compilation of returns, with results due to be known fairly early.

Polls are open from 8 a. m. to 7 p. m. Under state law, liquor and beer sales are prohibited Saturday from 7 a. m. to 8 p. m. Locally, banks will remain open for business, not suspending activities as they did for the first primary.

The heated senatorial campaign was the chief topic of interest, as W. Lee O'Daniel and James V. Allred wound up their aggressive stump tours. Allred winds up at Houston tonight, O'Daniel at Arlington.

Other state races to be decided were those of lieutenant governor, between John Lee Smith and Harold Beck; railroad commissioner, with Pierce Brooks and Beauford Jester as opponents; and state treasurer, with Jesse James and Gregory Hatcher contesting.

On the local front, there were four races. On the county ticket, Anne Martin and Walker Bailey contest for the county school superintendency. In precinct races, Jim Crenshaw and L. A. Coffey are opponents for constable, pt. 1; Ed Brown and Walter Long contest for commissioner, pt. 1, and E. E. Prather and Alvin Simpson are competing for the pct. 4 commissionership.

Strikes Threatened In Several Plants

By The Associated Press Government officials worked today to try to avert a strike vote by the CIO Aluminum Workers of America in seven plants of the Aluminum Company of America as 200 workers in an eighth plant at Vernon, Calif., remained idle protesting what they said was a company lockout of 30 skilled workers.

In Detroit a Chrysler Corporation spokesman, Vice President H. L. Weckler, said that 475 AFL construction workers stopped work at the Detroit tank arsenal this morning on orders of Ed Thal, secretary of the Detroit Building Trades Council.

Weckler said Thal threatened to call off the job if AFL men on the job unless all subcontractor handling installation of paint booths and ovens fired CIO employees and hired 40 AFL men. Weckler described the stoppage as "sabotage against the government."

Labor Party May Put Out Candidate

NEW YORK, Aug. 21 (AP)—A three-way race for the New York governorship loomed today with the power-balancing American Labor Party believed likely to enter its own choice because of the nomination by the democrats of State Attorney General John J. Bennett, Jr.

Leaders of the labor party, which convenes here tomorrow, announced last Saturday that if Bennett won the democratic nomination over U.S. Senator James M. Mead they would name an independent state ticket headed by Joseph D. McDermick, New York City comptroller.

Decision Day For Texas

(AN EDITORIAL)

Tomorrow is decision day for Texas—winning the war and writing the peace to prevent another war is the biggest thing that was ever before them in their whole history. The senate will play a vital part in both enterprises—and a single wrong vote there can wreck the whole works.

We can't all bear arms or build airplanes or raise food for the armies, but as sovereign voters we can exercise our right of suffrage intelligently and dispassionately. We can do this even if we don't like the man we are voting for, or if we hate Roosevelt, or if we love the other fellow. We can be realistic about it and practical about it, without getting our emotions all tangled up with the grim business of making war and winning victory.

Granted that a good many of the senate isolationists have done an about-face since last December 7. But on the basis of their record before that date can they be trusted to stand hitched when the dark days come—as they will—and insidious issues creep in that would nullify our chances of total victory?

We don't believe that Texans will ever have to inquire where Jimmy Allred stands in the tight places, up there in the senate, when the heat is on and a vote one way or the other might change the whole face of our war effort.

You can forget everything else, for winning the war is all that counts now—that and writing a peace that will keep the war won.

We have faith that Jimmy Allred will follow our leadership in all matters affecting the war and the peace. So believing, we hope to see him elected tomorrow.

US Plane Gets Another Sub

By The Associated Press. Enemy submarines in South American waters have picked off two more merchant victims but reports from Rio De Janeiro today said a U. S. plane had sunk another—undersea raider—the third destroyed in recent days in that area.

That the pack of axis submarines is meeting stiff resistance off the Brazilian coast was indicated by dispatches from Fortaleza crediting an American plane with destroying a sub. United States fliers also were reported to have sunk one other submarine of the three.

The latest officially disclosed ship sinkings—those of a Brazilian coastal steamer and a British cargo carrier—put at 433 the Associated Press tabulation of announced Allied and neutral wartime merchant losses in the Western Atlantic area.

President Getulio Vargas announced that henceforth all Brazilian merchantmen moving through the usual sea lanes would be conveyed by the navy and air force in cooperation with United States naval and air units.

Some Damage As Gale Hits Port Arthur

PORT ARTHUR, Aug. 21 (AP)—Sailboats and yachts at anchor were sunk, plate glass windows blown in, city power disrupted in places, and roofs damaged by gale force winds here today.

No loss of life was reported, and damage was confined principally to the waterfront.

The wind blew up to 64 miles an hour, and residents of coastal lowlands were warned by the coast guard of dangerously high tides.

The United States weather bureau's advisory from New Orleans indicated high tides from High Island (east of Galveston) to Sabine, Tex., with damaging winds inland to northern and middle Galveston bay and over Chambers and Jefferson counties.

In nearby Beaumont, gale winds leveled trees, blew down signs, and disrupted power supplies in some sections of the heavily-industrialized area, but most large manufacturing operations were operating normally.

Efforts to check on damage and possible loss of life in beach districts of the entire heavily-populated Sabine district were hampered through lack of communications. Many telephone lines were down, but there had been no reports of injury or loss of life.

The weather bureau's 9:15 a. m. (CWT) advisory from New Orleans reported a southwest wind of 64 miles an hour at Port Arthur. If previous storm patterns are followed, winds of approximately the same velocity should blow from the opposite direction following a period of calm.

Coast guardmen in the Port Arthur area were on patrol.

Politicians Wonder About Effects—Farley Wins Over FD In NY Race

WASHINGTON, Aug. 21 (AP)—Senators split today on the significance of the nomination of John J. Bennett, Jr., for governor of New York over Senator James M. Mead, who had the support of President Roosevelt.

Most legislators begged to be excused from commenting on the victory scored yesterday by James A. Farley, democratic state chairman, who had backed Bennett. But among those willing to talk on or off the record were some who believed the state convention result increased Farley's political stature

Worm Infestation Is Some Heavier

Recent showers made the infestation of cotton leaf worms heavier, but County Agent O. P. Griffin said this week that he believes farmers will be able to control them.

Many farmers are poisoning the leaf worms at this time, with most of them using mixtures containing calcium arsenate. Although a shortage of this poison is apparent, plenty of arsenate of lead will be available, Griffin said. Although not used much in this section, arsenate of lead is better for spraying purposes, as it stays on for a longer period.

Willkie To Take US Message To Middle East

WASHINGTON, Aug. 21 (AP)—President Roosevelt said today that Wendell L. Willkie, who opposed him for the presidency on the republican ticket in 1940, was going to the Near East and Russia to tell those countries the truth about the American war effort and the unity behind it.

The president told a press conference that in addition to Russia, Willkie's itinerary would include Egypt, Arabia, Palestine, Syria, Turkey, Iraq, and Iran.

The best thing to call him, Mr. Roosevelt said, is a special representative of the president, since he will carry letters not only to various Americans but also to officials of other countries, including Premier Stalin of Russia.

In each country, the president said, in replying to a question as to Willkie's specific mission, his principal task will be to tell them the truth, reporting as the leader of the minority party in this country. As the leader, he said, Willkie's words would carry very great weight.

Downtown Stroller

Got introduced to CAMELIA PASMORE, formerly of Houston, who is working here with the construction company on the airport. She and Mrs. FETTER were making plans for a picnic at the park in case it doesn't rain!

Had a post card from Mrs. W. G. WILSON, JR., from Texarkana where she is having a visit with relatives. Mrs. WILSON wrote that they planned to visit in Hot Springs for a day before returning here on Saturday or Sunday night. Incidentally, don't tell anybody how ignorant we are, but we thought Texarkana claimed to be in Texas but it claims both Texas and Arkansas for its states.

Mrs. W. H. SCOTT and Mrs. C. L. SWAGERTY both appeared downtown for luncheon the other day dressed in dark fall dresses that really looked nice. Mrs. SCOTT wore a black ensemble trimmed in black sequins with an off the face black felt hat. Mrs. SWAGERTY was dressed in navy blue with red and white trim. Made those fall-winter summer numbers and whites look positively dated on everybody else.

One of the most engaging grins we've ever seen belongs to DOUGLASS CORRIGAN, the man who started in one direction and ended up in Ireland. Local folk who were here when he made a stop over here in 1933 say that he makes one of the cleverest talks on record, and we don't doubt that statement.

Formal Tea And Shower Held For Recent Bride In J. B. Ewing Home

Formal tea and shower was held for Mrs. H. L. Kirkham, the former Jerry Woods, in the home of Mrs. J. B. Ewing by a group of hostesses. Hours were from 5 o'clock to 8 o'clock.

Hostesses were Elizabeth McCrary, Margaret Johnson, Mrs. Jackie Carter, Ila Mae Dunning, Clara Sue Vestine, Mrs. June Lacey, Mrs. Ed Haines, Mrs. Jerry Johnson. Other members of the house party were Mrs. Joe Clark, Mrs. Ray Godfrey, Mrs. Beattie Woods. Hostesses and members of the house party dressed in formal gowns. Miss Vestine presided at the bride's book and Mrs. Louise Griffin played piano music during the evening.

The table was centered with a reflector holding a bowl of gladioli, asters and amaryllis. Red, white and blue candles were on either side of the centerpiece. Presiding at the punch bowl were Mrs. Godfrey and Mrs. Lacey.

Bowls of roses were placed at vantage points throughout the house. Guests included Mrs. Marcella Childers, Mrs. H. C. Hamilton, Mrs. Guy Mitchell, Mrs. Marvin Wood, Mrs. Leonard Skiles, Mrs. J. L. Billings, Mrs. Murlan Smith, Anita Bee.

Borger Man Named State Legion Head

FORT WORTH, Aug. 21. (Sp.)—The American Legion closed its two-day annual convention yesterday after electing Charlie Maisei of Borger department commander to succeed Andrew Dilworth of San Antonio.

Other officers: Dr. W. J. Danforth, Fort Worth, executive committee; Lou J. Roberts, Borger, alternative executive committee; Herman Naul, San Antonio, lodge advocate; Rev. H. H. Black, Colorado City, chaplain; C. Wilcox, Waco, historian; Johnnie Jenkins, Waco, sergeant at arms, and W. F. Spigal, Fort Arthur, treasurer.

Selection of a convention city was deferred pending decision as to whether a 1943 convention should be held.

In Wrong State
SPOKANE, Wash., Aug. 21. (Sp.)—Joe Albi, campaigning for congress, left Newport, Wash., on a rural tour and received a hearty welcome at every hamlet.

Encouraged, Albi came right out and asked an old-timer to vote for him. "Be glad to," the bearded man replied, "only I can't vote in Washington. This here's Idaho."

Thousand Dressings Completed At First Day Of New Institute

26 Women Turn Out Many Bandages

First day of work at the surgical dressing institute in the Petroleum building yesterday netted 1000 dressings completed by 26 women who worked either in the morning or afternoon shift on the gigantic plant sponsored by the Red Cross to supply 15,000 dressings a month for use by the armed forces.

Captains for the morning were Mrs. Horace Wooten and Mrs. Marvin House, Mrs. R. V. Middleton and Mrs. Nell Hillard were afternoon captains.

Leaders, Mrs. R. L. Beale and Mrs. B. T. Cardwell, as an outcome of yesterday's work believe that if production continues at this rate that the six day work week will be cut to four days a week eliminating Mondays and Saturdays when workers were hard to find. Those who did agree to work on these two days will be changed to some other day, in the week.

Other women who attended the first day of the dressing program were Mrs. R. T. Piner, Mrs. D. A. Koons, Mrs. Fred Mitchell, Mrs. M. K. House, Jr., Mrs. J. L. Le Blau, L. Sullivan, Mrs. T. C. Thomas, Mrs. Max Jacobs, Mrs. E. Eckhaus, Mrs. Bernard Fisher, Mrs. C. J. Staples, Mrs. H. Frank, Mrs. L. S. McCowall, Mrs. J. G. Foster, Mrs. Cliff Wiley, Mrs. Lina Lewellen, Mrs. George Wilke.

Pierce Brooks Will Win Rail Post Race

DALLAS, Aug. 21: The unanimous declaration of Texas voters is "Pierce Brooks will win the race for the unexpired term of Railroad Commissioner."

Throughout Texas everyone is discussing and approving the qualifications of Pierce Brooks.

In these times of stress it is of vital importance that a man of Brooks' ability be a member of the Texas Railroad Commission, and coherent with this unanimous decision Texas will go to the polls on August 22, cast their votes for Pierce Brooks, the business man, to be their war-time Railroad Commissioner.

Brooks polled more than 64,000 plurality votes over his nearest opponent in the July primary. In 1940 Brooks polled 430,000 votes. "We'll finish the job we started in 1940," declare Texas voters.

Brooks stated: "I want to thank the voters of Texas for their consideration and support. I will faithfully and conscientiously serve as a member of the Texas Railroad Commission." (Pol. Adv.)

Says Baseball Must Operate For Profit

DALLAS, Aug. 21 (AP)—Tart-tongued George Schepps read where Branch Rickey, vice-president of the St. Louis Cardinals thought baseball should continue during the war without emphasis on profit and commented: "Phooie!"

But the Dallas club president isn't that reticent. He immediately launched into a blast that ran like this:

"That statement to me seems extremely funny. Although baseball has made my heart bleed (his team is on the bottom of the Texas league) I can still laugh at statements by certain individuals that the game should operate without worry over whether it will make expenses."

"It is very easy for men who draw \$25,000 and more a year and have none of their own money invested in baseball to make such observations."

"It's very easy for presidents in the name of chain store operated baseball clubs to want baseball to continue without profit for they know the parent club will bear all losses."

"I know a certain chain-operated club in the Texas league which, during the past week, received a check for \$35,000 for player contracts from the parent club. This makes it fine for presidents of chain organizations to insist on baseball continuing because they know they will always be able to get their salaries."

Schepps declared he knew all about operating without profit. "I've been doing it for three years," he explained.

Wakefield Named Most Valuable In The Texas League

HOUSTON, Aug. 21 (AP)—Dick Wakefield, the \$51,000 beauty who graduated from Michigan university to the Detroit Tiger farm system, today began paying off dividends on the Tigers' huge investment.

Wakefield today was named the most valuable player of the Texas league by sports writers.

The Beaumont rightfielder is leading the league in hitting, over the 350 mark, leading in number of hits, in two base hits and in runs scored.

Wakefield received 51 points. Hank Oana, Fort Worth's star pitcher who was converted from an outfielder early in the season, was second with 27 votes. Earl Caldwell, veteran Fort Worth hurler, was next with 21. Paul Dean, staging a fine comeback with the Houston Buffs, was next with 15, and Doyle Lade of Shreveport trailed with 10.

College Grid Game Will Give Heavily To War Relief

NEW YORK, Aug. 21 (AP)—College football, which one coach said made its biggest war contribution "in turning out well-conditioned young men for the country's armed forces," also intends to help financially.

Already the University of Oklahoma has dipped into its athletic funds for a \$50,000 war bond. Ohio State has promised \$25,000 and the military and naval academies have sold the broadcast rights for their game for \$100,000 with the sum going to the two services' relief funds, an Associated Press survey discloses.

NAS Team Out For S'west Grid Honors

CORPUS CHRISTI, Aug. 21 (AP)—The U. S. Naval Air Station here must be figuring on becoming uncrowned champion of the Southwest conference this fall.

The NAS team has already scheduled three conference games—including the "championship" favorites—and is expected to add a fourth soon.

The fliers open the season Sept. 19 with the University of Texas at Austin. The critics are predicting Texas and Texas A. and M. will battle it out for the title.

NAS makes it unanimous by playing A. and M. at Corpus Christi Oct. 10.

Sept. 26, the fliers take on Rice Institute at Houston. Rice, you know, is expected in most quarters to give the Aggies and Texas their most trouble.

Down for Oct. 24 at Dallas—as soon as certain formalities are carried out for a definite announcement—is a game with Southern Methodist University, another tough one.

Texas Christian University ranks with the first division teams, you say, and NAS hasn't got a game with the Frogs. Well, the fliers take care of that by playing Pensacola naval air station twice—at Corpus Christi Oct. 31 and at Pensacola, Fla., Nov. 14. Texas Christian, you see, has a game with Pensacola—so that ought to give a good comparison between NAS and TCU.

Late Rallies Win For Softballers

State Hospital trimmed Architect-Engineers 6 to 4 and Brown-Bellows turned back Radford 5 to 3 in two closely contested softball games at city park Thursday night.

In the first game both teams went scoreless for the first three innings and then counted three each in the fourth. Architect-Engineers added another in the fifth and held their one-run margin until the last half of the seventh.

Coming to bat for their last time, the Hospital team pushed across three runs to bring a victory.

A last inning rally also put the Brown-Bellows crew out in front over Radford in the second game. Radford started off with two runs in the first, and Brown-Bellows came right back with two in their turn at bat. Both clubs went scoreless until the fifth, when Radford pushed across another tally, which for a time looked like enough for a win. Coming to bat in the sixth Brown-Bellows crossed the plate three times.

Tonight the Glider Pilots meet Wallace-Heyne in the only league game scheduled.

Dallas Team Has Its Difficulties

DALLAS, Aug. 21 (AP)—Baseball as it is played by the Dallas Rebels of the Texas league:

There's a catcher in center field, a pitcher in right field, and the left fielder has to pitch every four or five days.

Sales, losses to the armed forces and injuries have cut the squad to eleven—and four of them are pitchers.

Home games, though, aren't so bad. Three young fellows who have to work daytimes can help the team at night home games.

WILSON JOINS SQUAD

NEW HAVEN, Conn., Aug. 21 (AP)—The arrival of Private Jack Wilson, 1941 Baylor University captain, from Camp Wolters, Tex., brought Col. Bob Neyland's army squad here to 62 men yesterday.

When engine troubles developed on the trip yesterday, Corrigan, who makes many flights over this territory, knew the local airport was the biggest in the vicinity, so he made this a stopping point. Flying with Corrigan is Lieut. John Whalen of Vincennes, Ind., who claimed that although this is his first trip with the "Wrong-Way" flier, so far they had kept to their course.

The short, sandy haired flier still grins his well-known grin about that trip to Ireland that was just "compass trouble."

SPORTS ROUNDUP

By HUGH FULLERTON, JR., Wide World Sports Columnist.

NEW YORK, Aug. 21 (AP)—Looks as if the two all-star teams will have to play all the army's "big league" football this season.

Yesterday's order cancelling competitive football for the air corps technical training school not only wiped out the Keesler field program, which looked like the most ambitious of them all, but it provided a hint as to what may be going on in other branches.

Maybe you noticed that Camp Lee, Va., scheduled several good college teams then called the whole thing off to concentrate on intra-camp sports.

ONE-ROUND KNOCKOUT

As a golfer, Fred Apostoli apparently throws as many hooks as he ever did in the ring. . . Fred played a round with fast bowling down at the Norfolk naval training station the other day and afterward he confessed: "I've never felt so lonesome in my life. . . . Sam was straight down the middle and I was all over the course—by myself."

The world series broadcast will include short-wave transmission around the world to reach American soldiers and sailors on foreign service. . . The Chicago Bears have used George Wilson as decoy on forward pass plays so often that his teammates call him "Quack Quack."

TODAY'S GUEST STAR

Howard Preston, Cleveland News: "Cleveland wins a second place award in a national contest for the elimination of needless noise and it is understood that the fact that Indian rosters had nothing to cheer about this year didn't influence the achievement."

SERVICE DEPT.

If there's any truth in the rumor around New York that Pvt. Billy Conn is about to be shipped out to an officers' training school, one guy who doesn't believe anything about it is William David Conn. . . First West Pointer to join up with the western army all-star footballers is Lieut. Bill Gillis, who played center for Army in 1938, '39 and '40. . . Corp. Smokey Joe Coomer, Pittsburgh Steelers' tackle last season, writes his old boss, Bert Bell, that he has been sent overseas but he's still hoping to organize a football team at his new post.

Champs Knocked Out Of Semipro Tournament

WICHITA, Kas., Aug. 21 (AP)—The upsetting Oklahoma City Bellis knocked the two-time defending champion, Enid, Okla., out of the 1942 national semi-pro baseball tournament last night.

They did it with a three-run spurt in the eighth, winning 10-7, after a six-run rally in the seventh had tied the score.

In the running are the Waco, Tex., Dona, 1941 runners-up. Their 8-4 defeat last night by the Fort Riley, Kas., CRFC army nine was their first loss.

The Talladega, Ala., Bemistons eliminated the Portland, Ore., Bellermakers 7-3 in the third game of the night.

Tonight's schedule: 6 p. m.—Lancaster, Anchor Hooking Glass vs. Milwaukee, Wis., Hells. 8 p. m.—Wichita Boeing Bombers vs. Hawthorne, Calif., Northrop Bombers. 10 p. m.—Phoenix, Ariz., Thunderbirds vs. Waco, Tex., Dona.

Doug Corrigan, Now Ferry Pilot, Is Visitor Here

Not traveling in the wrong direction this time, just halted by engine trouble, Douglas (Wrong-Way) Corrigan, now with the Long Beach branch of the Ferry Command, is stopping here briefly while plane repairs are being made.

Corrigan, who made headlines a few years ago on a flight to California that turned out to be a trip to Ireland, has had that "Wrong-Way" hung on him ever since.

With the Ferry Command for the past six months, there is no going the wrong way now, and when this native Texan takes off in one direction he gets there.

As to having people still kid him about his sense of direction, Corrigan says that now he's taken off that leather jacket, people don't recognize him anymore.

Corrigan spoke of his visit to Big Spring in 1938 when service clubs honored him with a dinner and the whole town turned out to hear him make a talk. He even remembered some of the tricks that Big Spring people played on him about going on backward trips.

When engine troubles developed on the trip yesterday, Corrigan, who makes many flights over this territory, knew the local airport was the biggest in the vicinity, so he made this a stopping point. Flying with Corrigan is Lieut. John Whalen of Vincennes, Ind., who claimed that although this is his first trip with the "Wrong-Way" flier, so far they had kept to their course.

The short, sandy haired flier still grins his well-known grin about that trip to Ireland that was just "compass trouble."

Catches His Fish After Two Days

ATHENS, Ala., Aug. 21 (AP)—Dee Hill is telling how he landed a 300-pound catfish after fighting it for two days and a night.

Hill said he caught the big fish on a line strung across the Elk River. He tied two cedar posts on each end of the line, followed the posts until the fish gave up a mile and a half after entering the Tennessee river.

Wyatt Holds Giants To One Blow, Dodgers Win

Letter To The Editor—

Gives Reasons Why Allred Should Be Elected Over W. Lee O'Daniel

Dear Sir:

Remember the nation faces the most critical situation since its formation, and the Commander-in-Chief must have the most loyal and trusted assistants available to insure victory. One unfriendly Senator can play havoc with the efforts of the President. And, after the war, such a Senator can balk the efforts of this nation to secure a permanent peace—just as did a little handful of willful obstructionists defeat Woodrow Wilson in securing a League of Nations to end wars, at the close of World War I.

This is no time for rabble rousing or to vote for a man because he is a good salesman, a good radio crooner or a good wise-cracker—you may hold the fate of this nation when you cast your ballot.

Since folks have begun to consider who honestly believes for the World War, and the need for a real statesman who can be depended upon to give 100 per cent cooperation to our Commander-in-Chief, President Roosevelt, the sentiment for James V. Allred to be U. S. Senator is growing at a rapid pace.

Just a few reasons why you should vote for James V. Allred for U. S. Senator in the run-off primary, tomorrow, August 22.

Do you honestly believe that a fact of the matter is that the man who can be depended upon to give 100 per cent cooperation to our Commander-in-Chief, President Roosevelt, the sentiment for James V. Allred to be U. S. Senator is growing at a rapid pace.

Boston Bests Yanks, Taking 3 Out Of 4

By AUSTIN BEALMEAR Associated Press Sports Writer

The Brooklyn Dodgers still have a little matter to settle with the St. Louis Cardinals before they will be ready for the world series, but their ace right-hander, Whitlow Wyatt, is as fully prepared for the October classic today as he can ever hope to be.

Wyatt, who never has pitched a no-hit game in his dozen years around the major leagues, came as close as possible without actually achieving it yesterday when he left the New York Giants down with one blow as the Dodgers triumphed, 3-1, in a twilight-arc light game.

That is a sobering thought. Six years of O'Daniel . . . six full years of legislative clowning in Washington . . . 72 months of misrepresenting the people of Texas in the world's greatest legislative body . . . 512 weeks of demagoguery.

That is what Texas will get in Washington . . . through the years of 1943, 1944, 1945, 1946, 1947, 1948 and part of 1949 . . . if O'Daniel is elected senator on August 22.

Texas is a great state, in many respects the greatest. Our voters have elected their representatives in Washington with care and thought, and, as a result, we have outstanding men there. Men like Speaker Sam Rayburn of the House of Representatives, Senator Tom Connally, Congressman Hatcher Sumners of Dallas, George Mahon of Colorado City, Albert Thomas of Houston, Ewing Thompson of El Paso, Dick Latham of Fort Worth, Dick Kliberg of Corpus Christi, Luther Johnson of Corsicana.

The plain truth is that O'Daniel is not in their class. He does not represent the high type of congressman and senators Texas normally sends to Washington.

During the next six years, we will need the highest type of representative as our junior United States Senator in Washington.

Looking as far as any of us can down the next six fateful years, are you content with the prospect of having O'Daniel represent you in Washington until January of 1949?

Do you think it is safe to put in O'Daniel's hands the vital decisions the United States Senate must make between now and January of 1949?

Do you think Texas should permit a political clown and a demagogue represent this great state in the Senate until January of 1949? Think of these things when you go to the ballot box to cast your vote in the run-off primary on August 22.

T. E. JORDAN.

Consumers Still Spending More Than Government

WASHINGTON, Aug. 21 (AP)—War spending by the treasury is higher than any government ever attained before, but official statistics showed today that American consumers are still spending more than the treasury.

Government economists figured that, despite the War Production Board's efforts to curtail the manufacture of consumer goods, the public spent \$38,900,000,000 for all purposes in the first half of this year compared with \$24,500,000,000 for the government. Capital expenditures by private business amounted to \$6,000,000,000.

However, WPB restrictions are and by the end of the year the economists figure that spending totals for the last half of 1942 will reach \$38,100,000,000 for consumers, \$28,500,000,000 for government, and \$4,000,000,000 for private capital expenditures.

If these estimates pan out, 1942 will set a record of \$181,000,000,000 of combined government and private spending for all purposes. This will be at least \$30,000,000,000 more than the national income for the year, reflecting the fact that the government, particularly, is spending borrowed money.

Now let us not make a mistake on August 22nd, that will injure Texas and the Nation by electing a misfit who always blames his

Sports Edge Up With Win Over Indians

Second-place Shreveport swept up on the Beaumont Exporters last night, by winning 7-0 against the Oklahoma City Indians while the Shippers, leading the Texas league by three games, were going noisier out by Tulsa 3-0.

The Dallas Rebels lost a 3-1 decision to the Missions at San Antonio in the only other game of the day. The Fort Worth at Houston contest was postponed.

The Sports scored eight straight wins by beating the Indians at Shreveport. Ralph Hamner pitched a two-hitter to win his sixteenth victory of the season, fanning every man in the line-up once and striking out nine.

At Beaumont the Exporters were helpless against the hurling of Chambers, who distributed eight hits so effectively that they didn't mean anything to the Beaumonters. Tulsa scored its sole run in the fourth inning.

Today's schedule: Tulsa at Beaumont (day). Dallas at San Antonio (night). Fort Worth at Houston (night-two games). Oklahoma City at Shreveport (night).

Amateur Trapshoot Tournery Underway

VANDALLA, O., Aug. 21 (AP)—Clay targets, leaden pellets and the roar of 12-gauge shotguns filled the air along the amateur trapshooting association's quarter-mile firing line today as the 43rd annual Grand American got under way.

The weekend program calls for "tune-up" events as the nation's premier marksmen sharpen shooting eyes for the championship races running from Monday through next Friday.

The victory, opening an important four-game series, boosted the Dodgers' National league lead to seven games over the Cardinals, who were idle.

In the only other National league game, the Cincinnati Reds snapped a six-game losing streak and crept up on the third-place Giants by turning back the Pittsburgh Pirates, 5-3.

Johnny Vander Meer pitched six hit ball for his 14th win and missed a shutout when Vince DiMaggio blasted a three-run homer in the eighth.

The Boston Red Sox, refusing to concede the American league flag to New York's front-running defending champs, walloped the Yankees, 7-4, and rounded out a four-game series with three triumphs.

Jim Tabor, who hit a pair of two-run homers in leading the Sox to victory the previous day, homered with two mates aboard yesterday.

At the other end of the junior circuit, the Philadelphia Athletics took a doubleheader, 9-2 and 6-1, in their earlier series with the Washington Senators.

The Chicago White Sox came from behind with six runs in the fifth inning to stop the St. Louis Browns, 8-5, in a night game.

All Texas Needs BEAUFORD JESTER of Navarro County for Railroad Commissioner

Now, of all time, experience and qualifications are of utmost importance in filling the vacancy on the Railroad Commission of Texas. . . The Commission which is charged with regulation of oil production and with regulation of transportation is doing Texas' biggest war job. . . Proper regulatory measures for these industries are as essential to the national effort as the production of Guns, Planes and Tanks. . . Beauford Jester is qualified by experience and education and nature to fill the requirements of this important war-time agency. . . These are the reasons.

1. Fought for you in World War I in the trenches of France. 2. Served you as a member of the Board of Regents of the University of Texas. 3. Believe we should prepare now to take care of our fighting men when the war is won. 4. Is acquainted with legal and business problems of Commission, equipped by 22 years of law practice in oil field areas. 5. Endorsed by independent oil men in Houston, Corpus Christi, Corsicana and throughout East Texas. 6. Believe the Railroad Commission should protect the consumer's interests, which he recognizes and will defend. 7. Believe in an "open door" policy for all commission hearings.

Reynolds Unruffled Over Criticism of Views on India

WASHINGTON, Aug. 21 (AP)—Chairman Reynolds (D-NC) of the senate military affairs committee proclaimed his scorn for criticism today after being rebuked by administration leaders in the senate for advocating immediate independence for India.

The strapping, ruddy-faced former North Carolina lawyer expressed neither surprise nor resentment at the "dressing down" he received yesterday from Democratic Leader Barkley of Kentucky and others, but said he would not be deterred in the future in his desire to speak his mind "in the interest of my country's welfare."

Barkley, Senator Connally (D-Ten) chairman of the foreign relations committee, and Senator George (D-Ga) its ranking member, all expressed fear that speeches such as Reynolds' on "delicate" international matters tended to create disunity in the United States' war effort.

All expressed hope for ultimate Indian independence after the war and said that without victory no nation could be assured of independence.

**Death Claims
Mrs. Lamb**

Rites were to be said at the
Eberley Chapel at 3 p. m. Saturday
for Mrs. Ollie Oretta Lamb, 36,
who succumbed at 2 a. m. Friday
following a brief illness.

A native of Oklahoma, Mrs.
Lamb had resided in and near Big
Spring for the past 16 years.

She leaves her husband, Sidney
S. Lamb, who is working in Baird;
two sons, Paschall and Doyle; and
one daughter, Lou Ann. Other
survivors include her parents, Mr.
and Mrs. L. W. Butler; a brother,
Tracy Butler; two sisters, Mrs.
Lucille Hollis and Mrs. Annie Ruth
Miller, Walter Lamb, Talco, and
Mrs. Mattie Simmons of Oklahoma,
brothers and sisters of Mr. Lamb,
were to be here for the services.

The Rev. Howard Hollowell,
Methodist pastor at O'Donnell, will
officiate, assisted by the Rev. C.
T. Jackson, pastor of the Central
Point church. Burial will be in
the city cemetery.

**Two Enlistees Are
Sent To Lubbock**

Two men have been accepted for
enlistment in the U. S. Army and
sent to Lubbock for a final check,
Sgt. Edwin R. Turner, recruiting
officer, said here Friday.

Benjamin C. Bell, Big Spring,
signed to enlist in the armored
forces at Camp Perry, Ohio while
Earl Joe Green, Big Spring, en-
listed as an air corps specialist in
automobile.

Sgt. Turner reported that he had
received two inquiries for enlist-
ment in the Women's Army Aux-
iliary Corps and that if and when
the applications are approved the
women will be sent to the Lubbock
examining center for a check.

**Camp Arranged
For Harvest Hands**

City and county officials are
making arrangements for camp
facilities for transient cotton pick-
ers, who will come to this county
soon to work in the harvest of the
fall crops, Judge Walton Morrison
said today.

The camp this year will be lo-
cated just west of last year's site,
as the property used last year has
been sold.

Sanitary facilities are nearing
completion, and accommodations
will be for more than 400 work-
ers.

**Spanish Version
Didn't Stand Up**

Jose Menjosa entered a plea of
guilty and paid a \$15 fine in city
court Friday on a charge of petty
theft, partly because Police Chief
J. E. Bruton "nabbed" enough Span-
ish to catch on now and then.

Up for questioning in connection
with theft of a coat, the lad jab-
bered in Spanish to some of his
younger companions about the
story they all would tell in regards
to the article, how it had been
bought off a drunk man, etc.

But Bruton, whose previous fed-
erally guilty and thrown him in
contact with considerable Mexi-
can population, understood just
enough of the conversation to shat-
ter the youngster's story when he
began to weave it in English for
benefit of officers.

**USO Center Likely
To Be Sought Here**

Big Spring probably will seek
an USO center as the solution to
heading up an adequate soldier
recreation program, it was indi-
cated Friday.

This is a course of action which
the city appears to favor, regard-
less of what happens to its WPA
recreational program, proposed
several months ago as a combina-
tion civilian and military arrange-
ment.

In the original project, WPA
agreed to furnish (that is pay
rental on) a soldier center and the
city was to furnish utilities. Since
then, however, WPA backed down
and asked the city to furnish the
center, and odds were that the city
would decline to do this.

Meanwhile, WPA was due to
send in a supervisor of recreation
to replace H. F. Malone, whose re-
signation after five years of ser-
vice, became effective this week.

Contacts have been made with
USO representatives, and it is pos-
sible that the city, backed by the
local soldier entertainment coun-
cil, will negotiate for bringing that
organization into play here.

People in the airport vicinity
have been invited by the East
fourth Baptist church to attend
Sunday school and preaching ser-
vices Sunday at the Airport Ex-
tension Baptist church.

It is a mission unit of the East
Fourth Baptist church, one such
as was established on the north
side and recently became a church
in its own right as the North Nolan
Baptist church.

Teachers for every age have
been provided for the Sunday
school, which starts at 9:30 a. m.
and Chester O'Brien, Jr., young
Big Spring minister, will preach
the Sunday morning service at
10:30 a. m. There will be no evan-
gelist service.

**TO THE VOTERS OF COMMISSIONER'S
PRECINCT NO. FOUR OF HOWARD
COUNTY, TEXAS:**

I want to thank those of my friends who voted for me in
the primary election held Saturday, July 25. Your vote has placed
me in the second or runoff primary.

I want to solicit the vote and influence of every voter in the
precinct in the final primary election to be held on the 21st day
of August.

If I am elected your commissioner, I promise that every
citizen of the precinct will receive the same consideration and
courteous treatment from me as commissioner, and I promise
that all of my official actions shall be for the best interest of
the precinct and for the best interest of Howard County.

I will appreciate the vote and influence of every voter of
Precinct No. 4.

Very truly yours,
C. E. FRATHER
(Pd. Pol. Adv.)

**Navy Recruit
Total Gains**

Four more men were shipped to
Dallas for enlistment in the U. S.
Navy on Wednesday and Thursday,
A. H. Walker, recruiter at the local
sub-station, said Friday.

One, however, will not count to-
ward the August recruiting quota
for the district. He is Clayton
Henderson, Colorado City, who
went in for V-6 (aviation cadet).
No credit is allowed recruiters for
signing aviation cadets. This is
the second such recruit within a
week.

Others who were enlisted were
Gerald Edwin Tyler, Snyder, Okla.,
V-6 (fireman); Doyle Millhollon,
Big Spring, V-6 (cook); and Lee
Hampton Webb, Jr., Odessa, V-2
(aviation groundwork).

Walker was hopeful that the dis-
trict would finish the third week
of its drive for 108 recruits in Aug-
ust on schedule. Total number of
recruits thus far is somewhere be-
tween 70 and 80, exact reports not
having been received from the dis-
trict office as yet. S. L. Cooke,
recruiter in charge, was in La-
messa Friday interviewing men in
that area who contemplate enlist-
ment.

Many more enlistments are an-
ticipated next week when another
construction unit interview will be
observed Aug. 26-27-28 in Dallas.
Those seeking ratings with the
unit must first apply through the
Big Spring station and have their
papers in order.

**Women Get Results
On Listing Rooms**

Women are getting the housing
job done for women.

That was the picture Friday, a
check on the activities of the spe-
cial women's committee headed by
Mrs. A. L. Eubanks showed Friday.

Army officials estimated that
there would be an urgent need of
finding accommodations for 60 to
80 young women who will be as-
sociated with the Army Air Force
Advanced Flying school here.

Committee women working with
Mrs. Eubanks reported Friday
that they had secured accommoda-
tions for 41 girls, and that the
quest for more rooms was by no
means ended.

Hotel men forecast a greater
need for rooms for these young
women than did the army, for
added to the estimates from the
military are many school teachers
who soon will be returning to Big
Spring. Many of these formerly
stayed in hotels, but now hotels
are filled and these teachers will
be unable to get accommodations
as in the past.

**ICC Men To Confer
On Transportation**

A quartet of Interstate Com-
merce Commission representatives
will confer with various types of
carriers here Tuesday on current
transportation problems.

The meeting is one of three be-
ing arranged in this territory by
Ray Martin, Austin, serving as
advance man for the hearings.

In the party will be S. J. Cole,
John Ross, Frank Lanotte and
George Meyer.

They are desirous of meeting
with representatives of common
carriers, contract carriers, and
those of community transportation.

Plans are to hold the meeting at
the Settles hotel at 8:30 p. m.
First of the three sessions will be
Monday evening in Abilene and
there will be another at 1:15 p. m.
in San Angelo on Tuesday. Car-
riers who wish counsel on their
problems from the ICC men were
asked to attend the meeting most
convenient to them.

night for a visit with her parents,
Mr. and Mrs. Jim Crenshaw.

Somebody lost about a pound of
rubber Friday if tire tracks are
any indication. Some vehicle had
evidently avoided an accident at
5th and Main Friday morning by
taking up the curb and onto the
sidewalk.

Scouts of troop 3, sponsored by
the Kiwanis club, are to have an
extended weekend outing. Scout-
master W. D. Berry is taking a
group of the lads on a three-day
camping trip, to the L7 ranch be-
tween Junction and Menard.

The Rev. and Mrs. R. E. Dun-
ham and family have as a guest,
Mrs. Nell of Texas Tech, who is
here for a visit.

Oh well, let's not get excited,
maybe this fellow does this sort of
thing every day. But it's permis-
sible to be interested—for police
were when they got the report
Thursday that a man was lying on
a sidewalk and writing on a pad
at 1605 Scurry. They hurried up
to look over his shoulder, but alas,
he had gone when they arrived.

Mr. and Mrs. A. P. Kasch have
received word from their son, Ar-
thur Kasch, who is in the air corps
ground crew service, that he has
been transferred from Florida to
New Jersey, just where his parents
do not yet know.

Clyde E. Thomas is wondering,
too, about the whereabouts of his
son, Richard. He and Mrs. Thom-
as were expecting Richard home
on furlough soon, but days ago
they received a telegram that said
nothing much and contained word-
ing which definitely was not Rich-
ard's. He has been stationed in
the East.

Police Friday recovered a car
reported stolen from Midland on
Wednesday.

PENALTIES DOUBLED

VICHY, Aug. 21 (AP)—Fines and
penalties for persons or firms con-
victed of black market operations
in industrial products were doubled
today in an effort to check a re-
ported steady increase in illegal
trading attributed to a growing
lack of raw materials.

**War-Bond Film
Shown To ABC**

Motion sound picture, "The Free
American Way" was presented to
the American Business club Fri-
day noon at the Settles hotel in
connection with a plea for mem-
bers to join the ten percent club in
buying bonds. Ira Thurman, chair-
man, and Jack Roden, assisted by
Charles Girdner, presented the film.

Pledges to buy more bonds were
made by many volunteers in the
club following the showing of the
picture which depicted the Ameri-
can way of life as compared with
the tragedy of the town of Ladoce.

Douglas Corrigan was a guest of
the club and spoke briefly of his
former visit here in 1938 and of
some of his work now with the
Ferry Command.

Boyd McDaniel spoke on the sal-
vage campaign and a resolution
was passed by the club to pledge
full cooperation in the coming
drive that is to last not for just
a week but for the duration.

Mrs. Clyde Thomas and Mrs. V.
A. Whittington, leaders of the
troop sponsored scouts, introduced
Doris Taylor and Elizabeth Bond,
girl scouts, who thanked the club
for making their troop possible.
