# .. Climaxes Continental's Roy Laminack left Thursday for an extended visit with relat-ves in Oklahoma. 59 Years of Leadership!

Continental Oil Company's half-century of quality leadership reaches a climax in New and Improved Conoco Germ Processed Motor Oil! It is the result of over two years of research and experiment and 963,000 miles of road tests.

This great new oil has these advantages:

1. Two to four times greater film strength than any straight mineral oil. 2. Penetrates and combines with metal surfaces-the "Hidden Quart that never drains away." 3. Stability under all conditions; will not thin out. 4. Prevents carbon and sludge troubles.

Here's proof that it gives you greater motor protection and lower oil consumption: Tested at Indianapolis Speedway against five other nationally known oils in identical cars, five quarts of New and Improved Conoco Germ Processed Motor Oil carried its car 4,729 miles-3,015.8 miles farther than the first oil to fail, 1,410.2 miles farther than the best of the five other oils!

18,000 Conoco Stations in 40 states have this great new motor oil for you in refinery-sealed cans and in bulk. Fill with New and Improved

THE SMALL CITY .... A Pacemaker of Progress

More and more the signs point to the greater importance of the small and medium-sized community.

We are proud of the part electric power is playing in laying the groundwork for this greater progress and prosperity.

Gone is the day when the larger metropolitan centers had a monopoly of power supply I cf in ! growth and development.

Widespread networks of transmission lines have given the smaller communities the same high-rade electric service as the larger cities have.

On this firm basis, industries are increasingly recognizing the advantages of location in small communities.

This trend will react most favorably to West Texas, the "Land of Opportunity"-efficiently, dependably and inexpensively served by the West Texas Utilities Company.
