

THE MOTLEY COUNTY NEWS

MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, SEPT 24, 1925

NUMBER 39

MERCIAL CLUB MEETS

Motley County Chamber of Commerce met in regular session September 22nd 1925 at the Cafe. President Homer residing.

Minutes of last regular meeting approved.

C. L. Glenn stated that No. 18 had been discontinued Jayton west, and read in which he had prepared Highway Commission to redesignate No. 18 finally was made by Fred Simpson, by J. H. Sample that pet endorsed as read by Judge

Fair Committee reported Mr. Sheets that about all plans for the Fair had been made.

W. McKensie reported for the purpose of sending exhibits to the Fair, stating that nothing had been done.

From the State Fire Insurance Commission to the Chamber of Commerce was read. The report stated that fire losses last year were \$549,000,000, and that the Chamber of Commerce should take some action to reduce losses, and suggesting October 10 as fire prevention

Glenn moved and Mr. Sheets that the Chamber of Commerce make this week October 10 a "Clean-up week" to reduce fire losses.

Resolution of painting the streets and was discussed but definite was done.

McKensie suggested the planting of shade trees over the street and no action was taken.

EASTERN STAR

Matador Chapter of the Eastern Star will meet at 8:00 p. m. on Monday afternoon, October 1st. Arrangements are being made for setting, and all members are invited to be present.

GUNN - BARKER

Jewell Gunn and Lee Barker were united in matrimony at the home of Rev. C. D. in this city on Monday of the 20th. The contracting parties were well and favorably known to all. They left immediately for Sweetwater, Texas where they will visit a few days with the groomsman who are former residents of this county.

Tom Tilson, of Whiteflat was a Monday visitor and trader in town while here he handed us cash to keep the News coming to his address for another year.

J. J. Cooper who is living in town this winter sending his children to our schools, handed us cash on the street one day this week and instructed us to place his name on our list for a year's dope.

New Fall Millinery. Special Display at \$5.00, \$6.75 and \$7.50. Featuring Black and Colors. Pannet and Lyon's Velvets combined with Baronet and Satins. Clever trimmings in embroideries and tailored effects. Newest of colorings. Smartest of styling. Mrs. A. Watson.

Roy Scott purchased a new Chevrolet car this week from the Matador Chevrolet Co.

Mrs. Jack Luckett and daughter Misses Julia and Marie left Thursday for Dallas, Texas where the girls will enter S. M. U. for the fall and winter term.

WHAT'S DOING IN WEST TEXAS

Quanah—Natural gas for Quanah and other cities of the "Green Belt" is assured. The Upham Gas Co. of Texas has secured a franchise to supply gas to Quanah and expects to supply Memphis, Childress, Wellington, Vernon and Chillicothe. Gas will be piped from the Texas Panhandle.

Vernon—Contract for a modern hospital to cost \$50,000 let here by Dr. A. B. Garland. This institution will give Vernon four modern sanitariums with 125 bed total capacity.

Anton—The Anton Progress is a new publication for Hockley County. It is a weekly local newspaper devoted to the work of telling the world about Anton and Hockley county.

Midland—Business men of Midland have been boosting for Midland County farmer's but the farmers turned the tables and tendered a big picnic entertainment in honor of the Midland business men particularly honoring Midland's three winners.

Brownfield—Porter A. Whaley, manager of the West Texas Chamber of Commerce addressed a meeting of the Brownfield Chamber of Commerce on the "Importance of a Chamber of Commerce to each community." He pledged the assistance of the West Texas organization to every community of West Texas.

San Angelo Two new hotels are in prospect for San Angelo to replace the recently burned Landon Hotel. L. W. Walker is pushing to completion a three story 38 room structure and S. A. Naylor is planning a fireproof structure to be built on the Landon site.

Alpine—Jordan Marble Mountain near here will be utilized commercially. A \$200,000 company will quarry marble for shipment throughout the county. \$15,000 worth of machinery has already been installed and a complete quarry plant will be installed. Marble in every shade from ebony to pure white is available of finest texture. The marble is suitable for building, statuary and monumental purposes.

Crowell—The potash deposits of Ford and Cottle County are to be developed. The National Potash Company has taken leases on a large tract of land off Herring & Johnson Ranch and will sink several wells at once.

Stamford—The Service of the West Texas Chamber of Commerce to West Texas has been increased by the addition of a publicity department, whose work will be to give proper publicity to West Texas resources and institutions. E. H. Whitehead of Cisco is appointed subject to confirmation of the Executive Board.

Lamesa—Public improvements are under way here to catch up with the great growth of Lamesa and Dawson county. The city is laying four and one-half miles of water mains and three and one-half miles of sewer extensions. Contracts has been let for installing a modern white way and street lighting system. Three brick rural school buildings are under construction in different communities of the county averaging \$25,000 each. Business and residence building continues at a rapid rate.

Rising Star—Lines are being run for the new highway from this place to Brownwood via May. This is one of the many highway improvements under way in Texas. Gaps in the Bankhead Highway are rapidly being closed thru Palo Pinto County while progress is being made on plans for highway improvement in Taylor County where funds are available to pave the Bankhead. Castro County has voted a fifteen cent road tax and petitions are signed for bond elections in both Hale and Young County for highway construction.

Crosbyton—A high line is under construction from Rlals to Crosbyton. The Texas Utilities is supplying the service.

Production will be nearly uniform throughout the year," he said. "The seasonable peaks and valleys of production are being flattened out."

TRAFFIC BULLETIN

Furnished by West Texas Chamber of Commerce

Stamford, Texas Sept 21 — Western Rate Hearing Dec 2. The Interstate Commerce Commission has granted the request of Southwestern interests for a special hearing in the General Advanced Rate Case, and it will open in Dallas, Wednesday, December 2nd. Advance receipts from members of the committee attending the Chicago hearing that advances in the Western District are likely to be granted and these will probably be extended to the Southwest, unless we show conclusively that the Southwestern lines standing alone are now earning a fair return. The Traffic Committee is to meet in San Antonio on the 24th to further consider this matter as previously advised you in our traffic letter. Their report will be submitted to the Executive Board meeting at Lubbock, September 30 for final action.

New Reconsignment Rules: Changes in the present and reconsignment rules are now under consideration by the National Diversion and Reconsignment committee. The Assistant Director of Traffic of the Interstate Commerce Commission has been consulted and his individual views have been filed. Rules 11 and 16 are the rules under consideration.

General Gravel Adjustment: The Railroad Commission of Texas has instituted an investigation on its own motion, concerning rates on sand, gravel, crushed stone and related articles, moving between Texas points, hearing in connection with which is assigned for October 13th, in Austin. An entirely new scale is proposed for consideration. The proposed rates are much lower than those now in effect. The per-ton-mile method of stating rates is proposed and it is suggested that breaks be made for each 10 miles jump.

New Grain Rates, Oct 12th: In last week's Bulletin we reported rumor to the effect that the effective date of the new grain rates had been postponed to December 12th. We have now received official order of the Interstate Commerce Commission and find that this is in error, in part. The carriers are requested to establish the new scale from Oklahoma to Texas on October 12 but they are given until December 12th to line up the specific rates provided for in the recent decision. We understand that SWL Tarriff 39-Series will be amended on five days' notice so as to make the scale effective on October 12 and there is some talk of publishing this scale not subject to transit privileges; whether that will be done is doubtful. The Commission has denied our request for reopening and rehearing of these cases and we are now taking a poll of the central grain and grain products committee to determine whether we shall appeal to the courts.

Amending Transit Rules: There will apparently be considerable argument between carriers and shippers concerning amending transit rules in proposed interstate grain tariff, effective October 12th, so as to allow credit for full amount paid in to first transit point in settlement of charges on shipments moving out of second transit point. A conference between some of the grain and milling interests was held in Fort Worth yesterday for the purpose of preparing exhibits and testimony.

F. A. Leffingwell, T. M.

HIGH SCHOOL BOYS WAKE UP

Join the Oratory class and prepare for the future. Do you want to be a help or a draw-back to your community and country. Come on, Let's enjoy the coming year in school. Call 19 or see Edna-Germany.

F. J. Marler, of Flomot, called at the News office on Saturday and had us place his name on our subscription list. We were glad to make his acquaintance and to enroll him as a subscriber to the News.

Air Defense

Maj. Gen. James C. Harbord, U.S.A., retired, who is to head President Coolidge's new committee, named to study our aviation defense needs. The committee met the President before going into session.

Your boy is the citizen of tomorrow. What kind of a citizen is he going to be? He needs Oratory to awaken that desire to be the best citizen. Phoen 419.

A. L. Grace is the proud possessor of a new Chevrolet car which he purchased through the Matador Chevrolet Co this week.

Warren Newell of Lubbock, an old time friend of the News family spent Sunday night at the editors home. Mr. Newell is traveling salesman for the famous Lee Tire Company and is making a bug success of his work.

Mr. and Mrs. Sterling Price of Whiteflat were transacting business in the County Seat one day last week.

Mrs. Bernice Clayton home improvement specialist of College Station will give a yard improvement program in Matador, September 28th, at the court house, 3:00 p. m. She will be in the Follie community September 29th where she will give a program on bed room improvement. We are in hopes that a good crowd will attend these meetings.

Mrs. D. L. Stout, daughter and son Ray, of Shattuck, Oklahoma, and Mrs. E. A. Price, who are visiting Mrs. B. T. Smith in the Paducah vicinity, accompanied by Mrs. Smith and daughter Pearl drove over to Matador Tuesday to spend a few days with the News family.

FROM OUR EXCHANGES

New inventions are proving their worth in every line of work, and the field of medical science demonstrates the value of them as evidenced by the removal of a watermelon seed from the throat of a boy Friday by the aid of the bronchoscope. Dumot, little son of Mr. and Mrs. Clayton Bridges of Matador, had a watermelon seed lodged in his throat, and it could not be extracted. The lad was brought to Quanah Sanitarium and Dr. J. J. Hanna quickly removed the seed by the aid of the new bronchoscope.—Quanah Times.

The subscriptions that have been taken for the Texas Panhandle & Gulf Railroad for the past six weeks in this county were passed on to the final corporation at Fort Worth Tuesday, there to be arranged and classified in order that the brief may be prepared to go before the Interstate Commerce Commission at Washington the first of October. There was a little less than half of the amount raised that was asked by the company, we having raised only \$148,100,000. However there are a few large land owners yet to be heard from and they allowed any subscriptions that are taken this week to be sent in and they would count them for the final hearing.

Citizens generally are very anxious to know what the outcome will be. There is no "inside dope" in this proposition. We were repeatedly told that the full amount would have to be raised. The committee did its best and passed the subscriptions and ask that the railroad people "have mercy on us." A bunch of men never worked harder on any proposition than they have on this one. Men practically quit their business to go out and solicit, beg or get subscriptions any way they could. People generally throughout the county took a great deal of interest and from one side to the other were working and encouraging their neighbors to take stock. So it is now up to "the powers that be." If we lose we will have to content with the fact that we "fought a good fight." —Paducah Post.

Miss Clara Cammack who has been at Spur during the past three months, taking violin under Prof. Elkins returned to her home the latter part of last week. She was awarded a medal given by Prof. Elkins for the best grade in his class.

TO OUR CUSTOMERS

We want you to come around. Meet our officers, familiarize yourself with our methods of doing business, inspect our vaults, and above all feel free and easy with us. Your interest and ours are mutual, and we are nothing less than partners, and between us we can build up this section in every way, and at the same time increase business in every line.

Deposit with us.

 ed on application.

THE AMERICAN CREED

"I believe in the United States
 of America as a government of
 the people, by the people, for the
 people; whose just powers are de-
 rived from the consent of the
 governed; a democracy in a re-
 public; a sovereign nation of
 many sovereign states; a perfect
 union, one and inseparable, es-
 tablished upon those principles
 of freedom, equality, justice and
 humanity for which American
 patriots sacrificed their lives and
 fortunes. "I therefore believe it
 is my duty to my country to love
 it; to support its constitution; to
 obey its laws; to protect its flag;
 and to defend it against all
 enemies."

Standing so close to a dipping
 vat is hard on clothing, yet some
 of our younger set enjoy watching
 cows plunge in the vat.

There is generally greater har-
 mony when a husband's duties
 necessitate his remaining several
 hours of the day with his family.

It is said that Mother Eve wore
 fig leaves for her clothing, but
 hasn't anything on some of the
 modern "Eves". We have seen
 some of 'em wearing dresses made
 out of two colored ban-danner
 handkerchiefs.

One thing that will bring Mot-
 ley County to the front quicker
 than anything else is a few more
 dairy cows, hogs, and pure-bred
 poultry. We would like to see
 every farmer in Motley county
 specialize in pure bred dairy stock
 and poultry raising.

Don't be too hasty to credit ill
 reports. They are often the result
 of misunderstanding, or of evil
 design, or envy and jealousy, or
 they proceed from an exaggerated
 and partial disclosure of the facts.
 Wait and earn the whole story be-
 fore you decide, then believe just
 what evidence compels you, and no
 more.

It has continued to rain in a reg-
 ular down pour since Sunday
 night. The ground is thoroughly
 soaked, and the roads are almost
 impassable. However it is put-
 ting the ground in fine shape for
 wheat planting. We have never
 seen a better season for wheat,
 and we are in hopes that a bigger
 acreage will be planted this year
 than ever before.

As evidence that every resident
 of Motley county should be read-
 ers of our paper, we sight you to
 this instance. A man living about
 30 miles from Matador who was
 not getting the paper came to
 town last week for the express
 purpose of seeing a former resi-
 dent on business. After arriving
 in town he learned that the man
 he wanted to see had moved out
 of the country. Had he been a
 reader of the News he would not
 have had to make the trip, which
 no doubt cost him more than the
 price of the subscription for a
 year. A number of such instances
 might happen, whereby a reader
 of the News would avoid usch ex-
 pense. While in town however
 this man called at our office and
 was enrolled as a reader.

Dr. E. W. McKenzie has us place
 the name of Miss Hazel Walton,
 who is attending school at C. I. A.
 Denton, Texas on our subscription
 list. Miss Walton left Monday
 morning of this week.

Your Birthday
 Is it this week?

Sept. 27th—Oct. 3rd

If your birthday is this week, you are fascinating in personality,
 enthusiastic, impulsive and utterly unselfish, always showing the great-
 est kindness and consideration in both manner and speech. Your happy,
 amiable disposition wins for you many warm friends, and your suc-
 cess and advancement in life is likely to be all that could be desired.

Your intellectual and spiritual qualities are highly developed,
 and you are broadminded and liberal in your views. You love order
 and harmony above all things, and if your surroundings are inhar-
 monious you suffer most acutely. Love of the beautiful in all things
 is very highly developed in your nature.

When you have faults they are pronounced. You are impatient,
 impulsive, and apt to form your opinions too quickly. You are ego-
 tistical, vain, proud, and place undue value upon the applause and ap-
 probation of the multitude. You cannot stand personal criticism, even
 when you know it is just.

Men born during these dates make excellent mathematicians, scien-
 tists, buyers, and orators, and can capably fill any position of author-
 ity. The women make devoted wives and mothers; and excel in music,
 dramatic art, designing, and artistry.

**INCIDENT ALREADY IN
 WE AN OSTRICH?
 WHICH R. R. HOOKERS,
 U. S. PAUPERISM DYING.**

A Washington correspondent says President Coolidge will keep the Mitchell flight, referring to Colonel Mitchell's charges of general incompetency in the management of United States air forces, and the suggestion that Colonel Mitchell, levered in rank for military the truth, should now be accepted for telling the truth.

Who could the President, who is head of the Army and Navy, keep the Mitchell matter? It is not probable that his subordinates, knowing of the President's attitude, would undertake any action without his approval.

The people do not believe that the President will permit any action against Colonel Mitchell until the aviation question shall have been fully thrashed out, including the fiasco in the effort to fly to Hawaii, and the catastrophe of the Shenandoah.

It is to be hoped that the investigation, when it comes, will not be a mere formality.

The President will want to know why the protest of Commander Hunsucker, an experienced aviator who has flown across the Atlantic in a dirigible, was ignored. The President will not want any whitewashing or any offhand suppression of Colonel Mitchell, who isn't to be disgraced, by the way. He will want the facts, and will see that they get them.

The most disquieting thing in our military defense programme is this statement attributed to Judge Galtbur, Secretary of the War:

"The few of the experience of the Arctic expedition, the failure of the Hawaiian flight, and the Shenandoah disaster, we have come to the conclusion that the Atlantic and the Pacific are still our best defenses. We have nothing to fear from any aircraft that is not on this continent."

The experience in the Arctic, the failure of the Hawaiian flight, the Shenandoah disaster had nothing to do with capable and efficient management of our air force.

We should have, indeed, nothing to fear from foreign aircraft if we could give to foreigners such management as our aircraft has. Mr. Galtbur's statement that our oceans are our best defense sounds like the statement of some ostrich saying, "I have nothing to fear, the sand is my best defense. I can stick my head into it."

It is suggested that railroads be turned to combine in great transportation units, and that they make their own selections rather than have the Government do the choosing for them.

Why not have a selection of well-informed men, railroad men of course, acquainted with traffic conditions, make a survey of railroads, and let the Government choose which combination should be made in the interest of economy and efficiency?

President Coolidge will certainly not think it wise to have these combinations to selfish interests based on opportunities for stock peddling, combining broken down roads with grand roads for the sake of immediate profit, rather than more efficiency. Perhaps for the sake of unloading unprofitable railroads on the stockholders there are profitable railroads.

There is dying out in the United States thanks to better wages, pensions, more efficient medical care, and especially campaigns of health advertising, carried on by the great life insurance companies.

Of 91,000 in our population, only 91,000 are in poorhouses now. There are exactly 91,000 too many. In 1918 there were 91,000 out of the poorhouses. Things have improved since the war.

For Sale—160 acre farm 2 miles west of Matador. All in alfalfa. Priced right. See W. B. Herfing, 2944 Wagon Road—Man with car to sell Elbe quality Auto Tires and more. Exclusive territory. No commission necessary. Salary \$100 per month. The Rubber Company, Liverpool, Ohio.

Miss America for 1925

Miss Fay Lamphier, of Alameda, California, sent by Oakland and as the State's first choice was crowned America's most charming girl at the annual Atlantic City Beauty Show last week. She is nineteen years old—described as an ash blonde. She is 5 ft. 6 inches, weighs 138 and is a stenographer. She helps support her mother and five younger brothers. She studied art and wants to be a cartoonist. "Too busy for love," she says.

FORD NEWS LETTER

As people become more familiar with the attractiveness of the improved Ford cars interest not only increases, but orders for cars are growing in numbers, according to local dealers.

Probably the best evidence of the widespread interest manifested in these cars comes from the general offices of the Ford Motor Company at Detroit where it was stated that since the new cars were announced orders for more than 192,368 had been booked by dealers throughout the United States. Thousands of orders are coming in every day.

This is not only a striking example of public confidence in the company's products but is also a record without precedent.

Added significance is given the sales report by the fact that the public generally has not yet had an opportunity to inspect all the new types. Distribution of cars among dealers so far has been limited principally to touring cars.

In fact dealers in many sections are still waiting their first car. In spite of this, orders continue to come in from all points not only for cars of the type shown, but the rest of the open and closed line as well, an indication that prospective purchasers are impressed with the soundness of the redesigning and refining of the cars and are satisfied that they will find the same standard reflected in the type of their preference.

Assembly at the Dallas Branch of the company which supplies this territory is increasing daily and distribution among dealers will be much more rapid from now on than it has been up to the present time. However, those desiring a new Ford car for use during the coming fall and winter will do well to enter their orders early and avoid delay in delivery.

EXTRA LARGE BULBS FOR WINTER BLOOMING

Narcissus 3 for 25 cents. Freesias 4 for 25 cents. Also Evergreen Polo Grass seed for beautiful Lawns, 75 cents per pound. Orders filled promptly. Postage extra. Plainview Floral, Plainview, Texas.

FOR SALE—Plenty of seed wheat, barley and rye At Archer's Feed Store. 28 St.

RULES GOVERNING PICKING AND GINNING OF CONTEST COTTON

1. The Five Acres of Contest Cotton must be left intact after picking. The land must not be plowed or grazed by live stock and must not be disturbed in any manner till the official returns have been completed. In case of any dispute as to the yields made on any five acres the judges will inspect the stalks and burrs and calculate the possible yield. However where a farmer wants to turn under his green cotton stalks to prepare his land early for next year, he can leave three rows of unpicked cotton in three different parts of his five acres, making a total of, say, 900 feet in all for the committee to inspect.

2. Each entrant must keep six average cotton stalks from his five acres for the judges to view if they decide to do so. These should be kept in a dry safe place where nothing can happen to them.

3. The weight of seed cotton and lint for each bale of cotton must be supported by the ginned's affidavit. This affidavit must be pinned to the Crop Record and mailed to the Cotton Contest Department of the Dallas Morning News or The Semi-Weekly Farm News when all the cotton is ginned.

4. Each contestant after his cotton is ginned must submit commercial samples of his cotton, drawn from both sides of the bale, each sample weighing about 8 ounces, and parcel post them to the Textile Engineering Department, Dallas News Cotton Contest College Station, Texas, to be tested for staple, grade and quality. Please fill in the questions on the tag before mailing it.

A well qualified man is one of the first essential factors in compounding a prescription. We keep a man in charge of this department who knows his work thoroughly. Bring your prescriptions to Simpson's Drug Store for service.

Claude Martin of Flomot was a business visitor here Monday.

FOR SALE—Plenty of seed wheat, barley and rye At Archer's Feed Store. 28 St.

BARBECUED BEEF

Come to the City Meat Market for Barbecued Beef, cooked fresh every day, 25 cents per pound. This is the best and cheapest meat you can buy. L. M. Frier, Prop.

The News in the city after this week from the former of this place at Phoenix, Ariz., request place his name on our circulation list.

Mrs. H. A. Hunsucker, of Phoenix, who has been visiting relatives here returned home the last of last week.

Firestone
 will ALWAYS give
Most Miles per Dollar

No matter where crude rubber prices may go—Firestone advantages in securing raw material, in manufacturing and distribution are always active to make good the pledge of Most Miles per Dollar.

Racing drivers—hill-climbing and endurance record holders—taxicab, motor truck and bus operators—and hundreds of thousands of car owners—are daily emphasizing the unheard-of mileage and service delivered by Firestone Gum-Dipped Cords.

Gum-Dipping is one of the biggest factors in tire performance and long mileage, making Firestone Gum-Dipped

Cords the most economical tires ever offered motorists.

The cord from the fabric mills is first delivered to a separate plant where it is treated in a solution of gum, which insulates every fiber of every cord. This protects against internal friction and heat, giving the sidewalls greater flexibility and additional strength.

Prove Firestone's many superiorities for yourself. If you have never had the safety, comfort and economy of these serviceable, long-mileage tires—go to the nearest Firestone Dealer—for Firestone only builds Gum-Dipped Cords.

TEXAS

A number of families from over the country have moved to Matador to take advantage of our wonderful schools.

Mr. and Mrs. Randall Whitworth spent the week end with relatives at Amarillo.

The Matador band rendered a concert Saturday night to a large crowd of enthusiastic listeners.

A

Elmer Stearns returned the latter part of last week from a few days trip to Abilene. Mrs. Stearns who has been visiting for the past couple of weeks with relatives in that vicinity returned home with him.

A letter written on first class stationary is a mark of well breeding and refinement, so when selecting writing materials don't forget to look the splendid line of stationary over that is carried by Simpson's Drug Store.

For Sale or Trade—1925 Ford Touring Car just broke in.
C. C. Hutto,
Matador Texas.

School supplies of every kind, Simpson's Drug Store.

About Your Health
Things You Should Know

The Table Your Foe

Of the many sins against right living, overeating is perhaps the chief, especially in cases of individuals in whom age has laid its restricting hand on bodily activity. Many men have retired from business, only to inaugurate a system of dietary that is an infinitely worse hazard. In such cases, a pasta, or proteins, become the visible foe. "Baked beans" and "dressings" are heavy protein foods. Fresh meats are laden with even their evil effects to protein in excess. Enough for you to know, that protein is stimulant and if pushed, a dangerous intoxicant.

Age brings in many people, torpor of the eliminating channels of the body. Obstruction and over-supply of food become a deadly enemy. Stupor after meals, dizzying, hardened arteries, heightened blood-pressure, auto-intoxication, apoplexy, not a very enticing chapter. Many fatal cases of brain hemorrhage can be traced to overeating. People just won't stop and think! That neighbor of yours, that died suddenly of paralysis at sixty years of age; he should have lived to eighty—had he lived right!

Within the past year, I have known of a half-dozen men, found dead in bed after having eaten a heavy six-o'clock dinner, and retiring "in good health and spirits." Will we never take warning? Increased blood-pressure is a symptom of protein poisoning. Lessen the amount of protein, and it falls. Serious disease of the kidneys may be traced to the banquet-table. Over-work doesn't deserve half the blame it gets, while the innocent-looking sugar-bowl, the seductive mince-pie, and the rare beef-steak are working their havoc.

Next Week—
"The Stomach's Best House"

WHATEVER IS—IS BEST
I know as my life grows older,
And mine eyes have clearer
Sight,
That under each rank wrong, some
where
There lies the root of Right;
That each sorrow has its purpose,
By the sorrowing oft unguessed
But as sure as the sun brights
morning,
Whatever is—is best,
I know that each sinful action,
As sure as the night brings
shade,
Is somewhere, sometime punished,
Though the hour be long delayed
I know that the soul is aided
Sometimes by the heart's unrest,
And to grow means often to suffer
But whatever is—is best,
I know there are no errors
In the great eternal plan
And all things work together
For the final good of man,
And I know when my soul speeds
onward
In its grand eternal quest,
I shall say, as I look back earl-
ward,
Whatever is—is best.
—Ella Wheeler Wilcox

R

For Sale—Ford Sedan, just been over hauled and in good shape. Will sell cheap for cash. For particulars call at the News office.

I will sell a good young registered Poland China boar and two good brood sows worth the money

Your druggist will sell them to you at pre-war prices.

Regular package — 25 doses 25 cents.
Economy package — 125 doses \$1.00.

Goldberg's Cartoons for Our Readers

The famous "Rube" Goldberg will now draw a weekly comic strip cartoon for this newspaper, beginning with this issue. Mr. Goldberg has for years been one of America's highest paid cartoonists and we believe that our readers will be highly entertained by his clever and original work. Goldberg has originated more clever series than any other artist. Just now he has the country saying—"It's the boloney!" Look for Goldberg's comic every week in this newspaper.

DANDRUFF

CAUSES THE HAIR TO FALL OUT— AND THE HEAD TO BECOME BALD

Dandruff is a germ disease and known as a scaly form of Tetter or Eczema. This germ lives on the scalp and feeds on the scalp and rubs the hair of its proper nourishment, causing it to fall out and the head to become bald. Get rid of dandruff before it is too late. Wash the scalp well with hot water and soap with a soft towel and apply Homer's Tetter-Rem (Don't Scratch), rubbing it in well. Then steam the head with hot towels. Ask your barber for Homer's Tetter-Rem scalp treatment. Homer's Tetter-Rem is positively guaranteed for all scalp and skin diseases. Two sizes 75c and \$1.50. Sold and prepared by

Community Correspondence

WHITEFLAT MUSINGS

We were visited with an other good rain Sunday night.

Mr. and Mrs. Johnnie Redwine, of Paducah spent the week end with relatives here.

William Payne and son Vernon of Malakoff are visiting their mother and grand-mother, Mrs. Nannie Scott.

Mr. and Mrs. Homery Kingery and Miss Clark of Flomot were visitors here Sunday.

The Community Club met Saturday night. A very interesting program was rendered. We enjoyed the special number rendered by our visitors from Matador. Miss Germany gave a reading, Miss Hightower, J. R. Whitworth, A. Watson, Harry Morris gave several musical numbers. This was one of the most delightful evenings the club has ever enjoyed. Mr. and Mrs. T. P. Metcalf Miss Edith Wintel, Mrs. Baird, of Dallas were among the Matador visitors here last Saturday night.

Watt Keyes and family of Throckmorton are visiting Mrs. Keyes parents, Mr. and Mrs. J. W. Whitaker.

C. W. Whitaker and family are in Austin this week. They will leave their daughters Eula and Ruth there to attend school.

J. D. Jameson and family of Matador were visitors here Sunday.

Rev. Burnham filled the pulpit at the Baptist church Sunday.

Miss Connie Ross McWilliams entertained her friends with a party Monday night. The evening was spent in playing games. At a late hour the guests departed. Connie Ross is a charming hostess.

FLOMOT NEWS ITEMS

We are certainly having the rain and feel sure we will make lots of cotton.

J. B. Grundy who is attending school at Memphis spent the week end with home folks.

Mr. Victor Smith, of Whiteflat was a Flomot visitor Saturday night.

Jack Bynum and family returned from a trip to New Mexico last Monday. They report rain all the way.

Mr. and Mrs. H. G. Kingery and Miss Clark and Mameson were Whiteflat visitors last Sunday.

Mrs. Crowell and Mrs. Stephens were called to the bedside of their sister at Electra last week.

Mr. and Mrs. Floyd Gilmore spent the week end with relatives at Turkey.

Mr. Ike Grundy was a business visitor in Memphis one day last week.

WHO OWNS THE BOTOM OF THE RIVER?

This question is of national importance to sportsmen and conservationists throughout the country, according to a report issued this week by the Izaak Walton League of America, with headquarters at Chicago.

The decision now pending in the courts of Michigan determines that riparian rights on a river include the privilege of excluding all trespassers, the average American fisherman might just as well discard his rods and tackle box, and the state might as well destroy its hatcheries, the report states.

Frank Collins, wealthy Toledo, Ohio, business man, owns 1,500 acres of land along the banks of the Pine River in Lake County Michigan.

Gedeon Gerhardt, a local sportsman, is charged by Collins with having trespassed on his property. Gerhardt, it has been brought out in the trial, fished in a section of the Pine river where property owned by Collins formed the banks on both sides.

Gerhardt was arrested. A justice court decision was given in his favor. Collins appealed the case and intended to continue to appeal it until it reached the United States Supreme Court. Sportsmen of Michigan, members of the division of the Izaak Walton League, are collecting funds to carry on Gerhardt's trial.

If, the Walton League points out, the supreme court decides the

case in favor of Collins, not only will the average fisherman be unable to enjoy his favorite sport, but the hundreds of thousands of dollars paid in annually from fishing licenses will be lost and the large sums already appropriated for the propagation of fish will be lost at it will benefit only ushmen as are financially able to own their own streams.

CHEVROLET NEWS LETTER

The Chevrolet Motor Company has added another record to the series of sales and production marks established this year.

The new record is represented by the deliveries to Chevrolet dealers during August. A final check of August deliveries places the figure at 41,500, a larger number of cars than the company ever has placed with its dealers during any preceding August.

The August deliveries even exceeded those made during either June or July of this year.

The achievement of the August record preceded by only a few days production of the two-millionth car by the Chevrolet Motor company, the first manufacturer of selective gear shift automobiles to attain that figure.

Maintenance of deliveries thru the summer months is cited by R. H. Grant, general sales manager of the Chevrolet Motor Company, as endorsement of his statement made several months ago that the automotive industry is approaching a more stable and uniform basis.

"Eventually automobile prod-
