

Interest Is Manifest In Baptist Meet

Buckner Quartet Will Sing In Service Tonight

With attendance increasing at each service of the revival meeting which began at the Baptist Church, Sunday, to continue thru two weeks, the interest being manifest would indicate that successful results are in the offing.

Rev. Judson Prince, pastor of the First Baptist Church of Cisco, is delivering sermons replete with inspiration and revelation, while Rev. Volus Norsworthy of Vernon, accomplished and versatile musician, is conducting the song services. Vocal, accordion and vibratone selections are included in Mr. Norsworthy's offering of talents to the congregation.

Quartet To Sing

The Buckner Male Quartet of Vernon, will be introduced in special song services tonight and will contribute gospel messages in vocal selections. This well-known group is presented over radio station KVWC at Vernon each Friday evening in quartet singing.

Local businessmen and merchants are closing the doors of their establishments each morning between 10 and 11 o'clock for morning services, with the exception of Monday and Saturday.

The pastor, Rev. W. M. Joslin, and leaders of the church continue to extend a cordial invitation to all to attend the services.

Postmaster Re-Appointed By President

Local postmaster E. F. (P. Y.) Springer was included in the group of Texas postmasters re-appointed by President Roosevelt last Thursday.

The appointment is into the Civil Service, which is without term and no longer subject to political favor but based entirely upon merit of work performed.

The new law was confirmed by the Senate last week which places all first, second and third class offices under Civil Service. Fourth class offices have been under Civil Service for about 20 years. The Matador post office is third class.

Mr. Springer's appointment was made after he had attained a grade of 94.5 in Civil Service examination. He received 89.5 on the actual examination and received five points credit for experience, making the total of 94.5. He has been postmaster here since January 1935.

Record Crowds View Davidson Screen Debut

Enthusiasm ran high in Matador Friday and Saturday, as fans of Shannon Davidson from all over this section, arrived to attend showings of the pony express winner's first screen appearance.

Davidson, who had a part in Gene Autrey's most recent picture, "Colorado Sunset", which was shown at the Rogue Theatre Friday night, and continuously from 2 o'clock Saturday afternoon until midnight, appeared in several scenes.

Those who attended the show declared that altho he had a minor part, the scenes in which he was seen portrayed the rider in his customary attitude of ease and composure.

PREACHES AT CROSBYTON

Rev. C. D. Pipkin delivered the sermon at the First Methodist church at Crosbyton last Sunday morning in the absence of the pastor, Rev. Roy Lee. He was accompanied by his wife and a brother, Sam Pipkin; they also visited with relatives there.

City Placed On State Firemen's Roll Of Honor

Matador was among the 266 Texas municipalities that had their names placed on Texas' Fire Prevention Honor Roll recently, when they sent 559 firemen to the tenth annual Firemen's Training School at A & M College for a five-day course. Dick Groves, local fireman, represented this city.

As a result of sending a delegate to the school, Matador will benefit this coming year by a continuation of a three percent reduction in its key rate in fire insurance.

Attend Theory Classes

The delegates attending theory classes learned about protection of health, bodily hazards, life saving, and methods of body recovery. The drills and evolutions covered eight sections that included work with ladders, tools and safety, hose, salvage, attack theory, extinguishment, hazards, and disaster operations.

Each fireman spent three hours of actual work in each section and then at the conclusion of the course was required to pass a written examination.

The cost of the annual training school is covered by the \$12 fee charged each fireman attending. However, this fee also includes his room and meals while at the school for the five-day course.

LOCAL GOLFER WINS LAURELS IN COLORADO

L. C. (Hack) Harp, manager of the Matador Hardware and Furniture Company, who returned from Colorado Springs, Colorado, Friday, has evidence of his ability as a golfer.

For two weeks in succession, Mr. Harp won the Patty Jewett visitors' golf tournament held in Colorado Springs each week during the vacation season. He received his choice of several prizes on each of his successes and an account of his victories appeared in the Colorado Springs Gazette.

Over 50 players participated in the tournament which Mr. Harp won last Tuesday according to the newspaper report.

PRODUCE HOUSE MOVES INTO NEW QUARTERS

The Matador Produce and Cream Station, operated by W. B. Wason, is now located in the old bakery building east of the Truweek Hospital, the equipment having been moved last week from former quarters on the highway east of the Motley Hotel.

"With the additional space afforded by moving into a larger building we are in a position to give our customers better service than ever before," Mr. Wason stated in making announcement of the move, "and we earnestly solicit a continuation of patronage on the basis of courteous service and fair price for produce."

Mr. Wason also handles a well-known, standard brand of poultry and dairy feeds, priced reasonably, in connection with his produce and cream business.

LION DELEGATE RETURNS HOME

Boss Lion Henry Ford, delegate to the Lions International convention at Pittsburgh, Pa., and Mrs. Ford returned home Sunday evening from their eastern trip, which included in addition to the convention, visits to Niagara Falls, the New York World's Fair, and other points of interest.

VISITS MOTHER

Mrs. G. S. Craven was called to Cross Plains Sunday to be at the bedside of her mother who underwent an operation at Brownwood and is recovering. She was accompanied by Abilene pastor, Rev. Roy Lee. He was accompanied by his wife and a brother, Sam Pipkin; they also visited with relatives there.

GRAND JURY TALK PROVES EXPENSIVE

Ordinary talk may be cheap, but Cora Burks, local Negress has discovered that divulging the interest of the grand jury to the outside world is expensive.

After being sworn to refrain from mentioning any of the proceedings of the grand jury, before which she was being questioned, Thursday, the Negro woman promptly left the grand jury room and warned two negroes that an investigation was being conducted.

The Negroes told county officers that they had been warned by the Negro woman and she was arrested Saturday for violating the statute which provides a fine of \$100 to \$1000 or a jail sentence not to exceed six months, for divulging the proceedings of the grand jury and sentenced in the county court to 10 days in jail, according to county attorney Howard Traweek.

A strict enforcement of the statute will be followed in all grand jury questioning, county attorney Traweek declared.

More Showers Over County

Despite the fact that July has passed without sufficient rainfall in Matador to register on the U. S. rain gage maintained by J. H. Sample, local grocer, scattered showers have benefited other sections of the county during the past week. A thunder storm from the north Friday afternoon is reported to have resulted in as much as one and one half inches of rain northeast of town, with light showers in other sections. A storm from the south Sunday afternoon brought rain to a section of Roaring Springs, estimated to have been in the neighborhood of four inches in some places. The Roaring Springs swimming pool was flooded from the storm, but no serious damage resulted.

A survey of the mid-summer rainfall registered in Matador by Mr. Sample for past three years is as follows: 1938 (Year's total, 20.54) June, 5.74 inches; July 2-15 inches; August 2.60 inches. 1937 (Year's total 21.75) June, 2.24; July 1.94; August 4.35 (The heavy rains in August fell on 19th 20th, 21st, and 22nd.) 1936 (Year's total 23.09) June one inch; July, 2.86 inches and August 20. The August rainfall in 1936 fell on the 29th.

The last general rains here were registered on June 19, 20, and 26th, totaling 4.70 inches. Continued cloudiness last night bolstered hopes of farmers, ranchers and businessmen that precipitation in "crop-saving proportions" would be forthcoming.

Meeting Will Begin Sunday For Baptists

Summer revival meetings at various churches over the country are now in full sway, and preparations are being made for the annual series of services to be held at the Roaring Springs Baptist church, according to Rev. H. W. Graham, pastor.

Rev. Louis Hendricks of Tulsa, Oklahoma, will conduct the meeting which will begin Sunday. He is a forceful declaimer of the gospel, and his message should be enjoyed by all.

Rev. Graham will be in charge of the singing and music. He was an evangelistic singer for a number of years, and a feature of his work is his solos. All local singers are urgently requested to join the choir for the services.

COUNTY AGENT TAKES OFFICE

J. Rufus Emmons assumed duties as agricultural agent of Motley County, Tuesday morning, filling a vacancy made recently when Frank A. Buckley resigned to move to Temple.

Mr. and Mrs. Emmons arrived in Matador Monday evening from Henderson, Texas, and will occupy the Henry Solomon residence for their home, in the near future.

Dynamic Talk Highlight Of Lions Meet

Delegate's Report Held Over From Tuesday's Program

"Two great forces, religion and patriotism, have made America the leader of nations," declared Rev. Judson Prince, Baptist evangelist of Cisco, in a brief, dynamic address before the Matador Lions Club at the organization's regular meeting held Tuesday in the basement of the Methodist church. Using the subject, "Spark Plugs" and citing the spark plugs used by Colonel Charles A. Lindbergh in his historical flight across the Atlantic, Rev. Prince continued, "the sparkplugs were clean, and cleanliness and morality are at a premium in this great country—the spark plugs were strong and reliable because a destiny and life rested in their strength." Altho the address lasted but six minutes many members of the club declared that the message was one of the most powerful to which they had ever listened.

Outstanding Program

While the report of Boss Lion Henry Ford, returned delegate from Lions International convention at Pittsburgh, was crowded from the program to be delivered at the next regular meeting, the program was declared one of the best in the club's history. Volus Norsworthy of Vernon, conducting the singing at the Baptist revival, entertained the group with a number of musical selections which met with much response.

Despite a number of vacationing members, a good attendance was recorded Tuesday and the following visitors were introduced: J. A. Caswell, Julian Caswell, Volus Norsworthy, Rev. Judson Prince, Richard Stovall, Ralph Dockendorf, Mrs. Henry Ford, Bill Doty, and J. R. Emmons, county agent, a new member, transferred from the Henderson, Texas, club.

The program was sponsored by the Lion R. E. Campbell who substituted for his son, Lion R. E. Campbell, Jr.

City Well To Be Completed

The new city well now being drilled in the north section of town is nearing completion according to city secretary, Howard Edmondson. Contractor for the project is L. A. Peoples of Lubbock.

The well will have a depth of 300 feet, and 160 feet of this have been drilled. The first 155 feet were 30 inches in diameter, and the remainder will be 10 inches across.

During the month of July, 113,696 gallons of water were consumed by the city compared to 92,190 gallons used during the same month last summer. So far, the old well has been capable of supplying the amount of water needed, but the new one is expected to produce enough water to remove any danger of an exhausted supply. It will be completed in about ten days.

Grand Jury Called Back

The Motley county grand jury has been called back to session for tomorrow morning at 10 o'clock, according to District Attorney John Hamilton.

The nature of the investigation which will be conducted by the grand jury during the special session was not disclosed.

LOCAL MERCHANTS ATTEND MARKET

Harry Willett, local dry goods merchant, and W. F. Jacobs, owner of the Matador Variety, left Sunday for Dallas to attend the merchandising markets there. They will buy goods for the fall and winter seasons and attend style shows and other displays.

Miss Faye Mayes of Paducah, visited here last week with her aunt, Mrs. L. A. Carlisle.

City Makes Plans For Cleanup Drive

Motley County Wheat Tests High For CCC

Motley County wheat that has been offered as security for the 1939 loan program of the Commodity Credit Corporation, has shown a good grade and high protein test, according to Lowell Sharbutt, AAA Assistant. The wheat has been graded Number 1, Hard Winter, with a protein test of from 15.30 to 16.25.

The loan value of wheat stored in Motley County is 66 cents per bushel and the value of wheat stored in terminal or sub-terminal warehouses is 86 cents for grade Number 1.

The protein premium has added an extra three to four cents per bushel.

Farmers who have not had a wheat allotment during previous years on their farms, and who desire one for the year 1940, should make application to the County Committee at the agent's office before September 1st. The allotment reserved for these new farms represent three percent of the total allotment allowed for the county, and would be about 68 acres for this county. The Committee is anxious to have these requests filed just as soon as possible in order that these allotments can be approved before wheat planting.

Sewing Room Is Moved To Better Site

The sewing room for WPA projects was moved last weekend to the south part of the Luckett building from the front section. The new location affords the workers a much better light and improved ventilation.

Mrs. Sterling Price, project superintendent, reports that sixteen women are now employed by the government in the sewing project. A total of \$600 is spent each month for salaries, and the average sponsor's expenditures, paid by the county, are \$60 a month.

Since the project was begun, on January 1, 1938, 7,531 garments have been made, including clothing for all members of the family. A total of 375 garments is now made each month by the workers, and all of these are distributed among the needy families of Motley county.

CAMPBELL TO PLAY CENTER AT TARLETON

Coach Earl Rudder of the Tarleton College Plowboys indicated today that he expected Lyman Campbell of Matador, to add strength to his experienced football squad for this fall.

"Campbell is a hustler and has had enough experience to make a first rate center," said Rudder. The football mentor realizes, however, that the Plowboys may have rough going before the season is over.

"I have ten lettermen returning who will enter their second year, and that is not bad for a Junior College." The Plowboy coach predicted, however, that some of the more experienced men would lose their places to up and coming youngsters. Rudder also predicted that the combination of the Central Texas Conference and Texas Junior College Conference would add interest to Texas Junior College Football.

RETURNS HOME

Mrs. C. A. Galbraith left Wednesday for her home at Abilene, after a two week's visit here in the home of her daughter, Mrs. Garth Close, and family. Mr. Galbraith drove here to accompany his wife home.

GO TO CHURCH SUNDAY

Lions Sponsor In Movement Aiding City Appearance

Starting with a suggestion during the Lions Directors' breakfast at the Magnolia Cafe early Monday morning, a new city-wide cleanup for Matador is expected to get under way next Monday and continue thru the next week. While the drive will embrace war on all forms of unsightly appearance over the entire city, the attack is planned to concentrate on weeds and rubbish to be found on vacant lots and along the streets in both the business and residential sections.

Lions' secretary, Randall Whitworth, called attention to the directors Monday, of the many unsightly streets caused by neglect in cutting weeds, grass and other vegetation, and cited the lack of attractive appearance of the city as compared with other neighboring towns.

Approved By Lions

The movement was brought before the Lions regular meeting Tuesday and met with the approval of the organization after it had been explained that the city council would also cooperate in hauling away trash and rubbish.

Altho this is the third cleanup drive staged in Matador this year, it is believed that more interest will be shown next week than during the two past campaigns.

Gilbert Resigns As Fire Chief; Smith Is Elected

Clay Gilbert, fire chief of the local fire department since January, 1938, resigned that position in a meeting of the fireboys Monday night. He also sent his resignation in a letter to the City Council which met Tuesday night.

Roy Smith was elected by the fireboys as chief, and the action was approved Tuesday by the council. He has served as a voluntary fireman for 2 years and should make a very capable chief.

The city greatly appreciates the untiring efforts of Mr. Gilbert during the time that he has served as chief. The office is a voluntary one, and work done is on non-paying basis. The firemen, under the leadership of Mr. Gilbert, have done the city an excellent service in combating fires, and it is hoped that they will continue to do so in the future with Mr. Smith as fire chief.

More Pictures Offered For Pioneer Issue

The Tribune is in receipt of many more pictures of early-day scenes in Motley county from which to choose suitable material for the special Pioneer edition to be published August 24th in connection with the annual meeting of the Motley-Dickens Counties Old Settlers Association.

In the photographs offered during the past week are priceless records of this county during its pioneer period and they are certain to create greater interest in the issue and to be of much historic value.

Also many early-day residents are offering information to be used in preparing the stories and articles which will fill the issue and the Tribune desires to express its gratitude for the cooperation offered.

Many extra copies of the paper have already been ordered and it is expected that a much larger number will be required than last year, which more than doubled the regular circulation.

Meeting At Springs

All interested in planning the Old Settlers program are reminded that the program committee will meet tomorrow afternoon at the pavilion in Roaring Springs at 3 o'clock.

Mr. and Mrs. Roy Burleson and daughters, Mrs. Stafford Forbis and Mrs. Ray Patton, spent Tuesday in Lubbock.

**Drive Started
 To Increase
 Farm Gardens**
 A Texas-born movement to
 put more food on the farm fam-
 ily table reached national propor-
 tions when 100 state farmer-com-
 mitteemen met in Washington
 last week to draw up the 1940

farm program and provided for
 home gardening assistance by A.
 A. A. next year.

The conferees recommended a
 \$2.00 allowance for home gardens,
 and a \$2.00 deduction from pay-
 ments otherwise earned if the
 farm family fails to plant a gar-
 den.

It is reported that there are
 more than 200,000 gardenless
 farms in the state. Federated club
 women, Extension Service work-
 ers and home-makers, and mem-
 bers of the Texas Agricultural

Association recommended the
 practice.

The consensus of opinion among
 A. A. A. officials was that two
 dollars per garden wasn't much
 but in some cases it might mean
 the difference between an ade-
 quate garden and none at all.

**Brute Strength
 vs.
 Electric Service**

ONE KILOWATT-HOUR
 is equal to the muscle work of a man...

- PUMPING THREE DAYS
- LIFTING WEIGHTS FOUR DAYS
- HAMMERING SIX DAYS
- CARRYING BRICKS FIVE DAYS
- PUSHING WHEELBARROW TEN DAYS
- SHOVELING DIRT ELEVEN DAYS

SPEAKING OF Horse Power

Reddy Kilowatt is one-third stronger

ONE kilowatt-hour equals 1,000 watts of electric energy. This is one-third more than one horsepower. Therefore, we say: "Reddy Kilowatt is one-third stronger than a horse." And many times stronger than a man!

A man, for example, hammering eight hours does 480,000 foot-pounds of work. It takes 2,655,200 foot-pounds to make one kilowatt-hour. Thus we learn that the man with the hammer does 18 per cent of a kilowatt-hour's work in an average day. This is equal to 180 watts, or, in turn, 22.5 watts per hour. So it takes a man approximately six days to do the same amount of work that Electric Service does in one hour!

IT therefore seems futile—and unnecessary—for Men or Women to do work that Reddy Kilowatt can—and should—do. Electric cranes, pumps, hammers, etc., do hard jobs more cheaply and efficiently than men.

Why do Women continue to perform the hard tasks in the home? No one has taken time to figure the foot-pounds of energy she expends in washing clothes and dishes, cooking over flame-type stoves, sweeping and other similar distasteful work. Whatever the amount, it's safe to suppose it might be reduced by two-thirds if the home was ALL-ELECTRIC.

The average residential electric rate is LESS than 5 cents per kilowatt-hour

*Pumping all day—
 a man's work equals 45 watts, or enough to run small kitchen fan.

*Lifting 65 tons up 4 feet in a day—
 a man's work equals 33 watts, or enough for heating pad on "low."

*Hammering all day—

Rites Are Read For Two Couples

Nuptials were performed this week by Rev. C. D. Pipkin uniting in marriage two couples of the county. Ceremonies were read Friday night for Miss Moette Muse, daughter of Mr. and Mrs. V. Muse, and Elmo Jackson, son of Mr. and Mrs. Jim Jackson.

Also attending the marriage were the bride's mother and sister (Rowen), and the groom's father. Mrs. Jackson was a popular member of the junior class of Matador High School last year, having served in the pep squad for three years. The Muse family moved to this city three years ago.

Mr. Jackson was born and reared in this community. He is employed as a truck driver at Amarillo, where the couple will make their future home.

LESLEY-VAUGHN RITES

On Saturday afternoon at 4:30 o'clock, Miss Ruby Lee Lesley and Horace P. Vaughn, both of Roaring Springs, were united with Rev. Pipkin officiating.

The bride is the daughter of Mr. and Mrs. Sam Lesley, and the groom is the son of Mr. and Mrs. W. B. Vaughn. They plan to live at Jefferson, Texas.

The Tribune joins in wishing these two couples the best of success and happiness.

Epworth League Has Business Meeting

The Epworth League of the Roaring Springs Methodist church had its monthly business meeting Sunday night with Turner Hunter in charge.

Plans were revised for the report of the secretary's book, and Ols Saye Carpenter was appointed as program leader for the month. Plans were also made for those who wish to attend the district meeting at Knox City on Thursday and Friday. Approximately ten members plan to go.

The date for holding the council meeting was changed from the second Sunday of each month to the fourth Sunday in order that programs might be planned one month ahead.

The meeting was adjourned after the members repeated the league benediction. All young people of the community are extended an invitation to attend the league at any time.

IMOGENE SMITH TO BE MARRIED

Mrs. Pete Coffman of Tell, formerly of Roaring Springs, announces the engagement and approaching marriage of her daughter, Miss Imogene Smith, to Mr. Ralph L. Brown of Dallas. The ceremony will take place September 1.

Miss Smith was graduated from the Roaring Springs High School in 1937, and she has attended McMurry College at Abilene for the past two years.

Mr. Browne is an employee of the American News Company of Abilene. The couple plan to make their home in that city.

PICNICS HELD THURSDAY NITE

Throughout the summer months, Roaring Springs is attracting many groups of swimmers and picnickers as it offers respite from sky-rocketing temperatures and provides large shady areas for outdoor meals.

Last Thursday afternoon, eight members of Mrs. Alvin Stearns' Sunday school class enjoyed a picnic and swimming party at the springs. Those attending were Ruth Evelyn Keith, Virginia Briggs, June Jackson, Wanda Nelson, Bennie Wayne Marshall, Mary Ruth Muse, Faustena Fuller, and Mary Turner.

Also attending the entertainment were Mrs. Stearns, Mrs. G. S. Craven, Baptist intermediate superintendent, and a guest, Miss Frances Turner of Abilene.

Twenty-Five Enjoy Picnic

Thursday night, the members of the Baptist Young People's Department also enjoyed a similar outing at the springs. Following a cooling swim, a delicious picnic supper was served to the following teachers and members: Ruth Kingery, Maxine Green, Clotilde Willie, Geraldine Skaggs, Mr. and Mrs. R. E. Campbell, Mrs. Margaret Newman, Mrs. Farris Fish, Forrest and Harold Faulkner, Dee Cates, Harold Allen, Burrell and Mary Ola Tipton, and Kara Hunsucker.

Ten guests present were Marvin Jones, Peggy Pitz, Dr. and Mrs. E. B. Jones, Anne Weaver, Billie Tunnell, James and John Fish, Farris Fish, and Mack Jacobs.

DINNER CLUB ENTERTAINED IN JONES HOME

Dr. and Mrs. Ernest B. Jones were host and hostess recently to their dinner club, incorporating a surprise party for Mrs. Alvin Stearns in honor of her birthday.

The dinner consisted of wax string beans, new potatoes, lettuce and tomato salad, fried chicken, hot rolls and iced tea, with a dessert of orange ice cream served with a white Angel Food birthday cake which was adorned with lighted candles.

Guest prizes for high score

were won by Mrs. Charlotte Hunsucker for the women and Farris Fish for the men, with Dr. J. S. Stanley winning high club prize for the men and Mrs. Alvin Stearns club high for the women. Mrs. Stearns was also the recipient of a number of lovely birthday gifts.

Those present were Mr. and Mrs. George Gray, Mr. and Mrs. Farris Fish, Dr. and Mrs. J. S. Stanley, Mr. and Mrs. Alvin Stearns, Mrs. Charlotte Hunsucker, Mr. and Mrs. A. L. Fryar and Dr. and Mrs. Jones.

Mrs. Harp Is Club Hostess

Mrs. L. C. Harp was hostess to the Tuesday Club at a party Tuesday afternoon from four until six o'clock when two tables of bridge were in progress.

At the conclusion of six games, high score was held by Mrs. H. H. Campbell who was presented with a pair of hose, with Mrs. R. E. Donovan receiving a pair of linen guest towels for second high.

Novel tallies on which were depicted picturesque scenes of Colorado, were used.

Refreshments of ice cream and Angel Food cake were served the following club members and guests: Mesdames U. L. Willie, R. E. Donovan, D. I. W. Birnie, H. H. Campbell, Elmer Stearns, B. F. Tunnell, E. B. Jones and Leonora Luckett.

NEW BOOKS

Matador City Library

"Dry Guillotine"

"Dry Guillotine," by Rene Belbenoit, is the story of fifteen years among the living dead. It is the story of a man's dauntless courage in his struggle against death, insanity, and the atrocities of the French "Guiana Hell." This man was meant to die—but Rene Belbenoit's 160-pound body contained a spirit and will that were unconquerable.

Life holds but two alternatives for the men condemned to Devil's Island—"Escape or die!" On the one hand there was the impenetrable jungle, and on the other, the treacherous sea. Antirridged skeletons testified to the impossibility of escape thru the jungle.

To attempt the open sea in a raft was to tempt hungry sharks with human bait. Yet, he made no less than four desperate but abortive tries, each followed by recapture and brutal punishment, before finally succeeding.

Men Go Mad! Belbenoit knew the worst the penal colony could offer. He spent months of hell in the grave-life isolation cells of the dreaded Ile Royale, where men go mad from solitary confinement on bread and water, or else maim themselves to gain the privilege of seeing daylight again in the prison infirmary.

He witnessed the killing of victims who would not "crawl." He suffered from exposure, fever, vermin, worked naked in the jungle at felling and hauling timber—at the mercy of tropical ants and other insects.

The Living Death

His final triumph, after heart-breaking misfortunes that would have killed six ordinary men of driven them insane, meant two more years of rubbing shoulders with death through fever-infested jungles. Without food or equipment, beset on all sides by deadly reptiles, wild animals, and hostile Indians, he schemed and fought his way through South and Central America—the only survivor from Devil's Island ever to reach the haven of the U. S. alive and tell his story!

The truth, in its stark, damning details, is Rene Belbenoit's story, which he tells soberly and convincingly, not sensationally. You, the reader, will never forget it.

"Dry Guillotine" is a new book recently added to the Matador City Library.

FAULTY SHELL INJURES EYE

Gilbert Perry of Roaring Springs, who is employed at the springs swimming pool during the summer, received a serious eye injury Monday, July 24, when a defective shell exploded from a gun with which he was hunting rabbits in a pasture near the springs.

Bits of steel from the jacket of the bullet lodged in his eye, greatly endangering his eyesight. After being treated by a physician, he was taken to Lubbock by Tom Harris, manager of the pool. A Lubbock specialist has been treating the injury almost daily, and the condition of the eye is now considered improving and out of danger.

LEAVE FOR TRIP

Mr. and Mrs. Melvin Mease accompanied by Mr. and Mrs. Harold Jones of Roaring Springs left Tuesday for a vacation trip at Lake City, Colorado. They expect to be gone about ten days.

TRUCK DRIVER IS ARRESTED

Charges of drunk driving were filed here today against Norman Ward, Matador truck driver, following a traffic crash near Kirkland early Friday in which Fred Taylor of Floydada was slightly injured. An empty cattle truck driven by Ward with a loaded watermelon truck with Taylor as driver collided headon on highway 370 west of the Fixall Garage in Kirkland. Neither vehicle overturned, but Taylor was pinned under the wheels and suffered severe bruises. Ward was not hurt. Both trucks were badly damaged and the watermelons were scattered over the highway. Ward was arrested by Highway Patrolman O. K. Huddleston and brought to Childress where he waived examining trial and was released on bond of \$500. The case will go to the district court grand jury in January. Taylor received emergency medical attention in Childress.
