Eastern Star Tournament Success

Trail Dust

An organization known as the Citizens Anti-Sales Tax Committee buys full page advertisement in a daily paper urging citizens to write or wire their representative to defeat the Sales tax. It would be wise for interested citizens to be sure they want the sales tax defeated before they make any move toward defeating it. It would be well for them to consider that under the homestead exemption tax law the State of Texas will be forced to cut the school apportionment from two to four dollars per scholastic. In other words the schools of Texas will be the greatest losers in case the sales tax is defeated.

As Dale Fuller of The Texas Weekly says: "Now that the damage has been done and the revenue is lost (through homestead exemption) to the school fund, there is a loud outcry against new taxes of any kind. The circumstance that there is a pressing emergency is the fiscal affairs of the state, and especially in the school fund, is dismissed by those who are making this outcry as though it did not exist. If the Legislature fails at the present regular session to make any provision to meet the emergency—it will be the rural schools especially that will suffer."

Every thinking tax payer in Texas is against any more taxes, but we must face the present emergency with our schools and see them through and the only way this can be done is by sales tax. It is the fairest and easiest tax ever advocated. It is foolish to assume that it would bring about more of an economic disaster than any other kind of tax. Tobacco and gasoline have been sold under a sales tax for years and we see little if any evidence of its harm to these industries. Texas without schools would be far worse than Texas without sales tax.

There is a certain satisfaction in seeing so many new automobiles on the streets and highways. Some people still have money—or credit. The horse, that has until recently given his place on the highways to the soft tired, snorting demons of speed, again climbs from the borrow ditch to his rightful place in the road. Faithful slave of the farmer, altho forsaken, comes back to tighten the plow traces in the time of need.

SUBSCRIPTION BARGAIN

We wish to call your attention to the advertisement on another page of this paper offering a very unusual subscription bargain. Five of the highest type farm and home magazines and the Roaring Springs News one year all for one dollar and fifty cents. The Roaring Springs News regular rate being one dollar per year, and by taking advantage of this club offer, the magazine average a cost of only ten cents each per year.

City Gets Reduction of 12 Per Cent On Insurance Because of Good Fire Record Last Year

Lourena Ferguson, local fire insurance agent, received the following statement from the State Fire Insurance Department recently. "Statements showing that the loss ratio of Roaring Springs for the years 1930, 1931 and 1932 is .389, have been filed with, checked and approved by the Fire Insurance Department. Under the provision for credit for good fire record in cities and towns shown on pages 27-28 of the 1932 Edition of the Texas General Basis Schedules this record entitles Roaring Springs to a credit of 12 per cent, which local agents are to deduct from the final premium on all policies written on or after March 1, 1933, to February 25, 1934, only covering property within the corporate limits of Roaring Springs."

PRICES OF HORSES AND MULES CLIMB IN DRAFT ANIMAL SHORTAGE HERE

With silent dust-laden tractors in sheds and many un-licensed and tireless motor cars standing beside farm houses, the lowly horse, man's faithful friend, comes forward to aid his troubled master. So popular has become the animal draft power of a past decade that the prices of horses and mules in this section has suddenly risen head and shoulders above any other product of the farm. The scarcity of horses is so acute that the owner of a good work horse can almost name his price. The average horse, age of, being little if any discount, is bringing from fifty to sixty dollars.

By actual count there was on one vacant block in Roaring Springs last Saturday, fifteen wagons and teams. There is but little doubt that the motor tax exemption law which expires April 1st, will greatly increase the use of wagons and teams in this section by farmers who cannot afford to drive a motor car or wish to economize as much as possible by using wagon and teams.

THREE CHAMPIONSHIP TROPHIES ARE WON BY MATADOR FRI. AND SAT.

ROARING SPRINGS CLASSIFIED AS SECOND BEST ALTHO NO PRIZE AWARDED

Matador carried off all three trophies in the County Basketball Tournament held in the Matador school gymnasium last Friday and Saturday. The trophies, provided by the Matador Lions Club, were presented to the Matador Junior Boys, Matador Senior Boys and Matador Senior Girls after the final game.

Altho no award was provided, Roaring Springs Junior Boys and Roaring Springs Senior Girls were classed as second best teams.

T. A. McDonald is coach for the local junior boys and Miss Medlen is coach for the senior girls.

SCHOOL GETS TENNIS COURT AS R. F. C. WORK CONTINUES ON GROUND

With 15 to 20 men working on the school grounds during the past week, much change is being made in the appearance of the athletic field and the surrounding property. Mesquite trees have been cleared away and "grubbed" out, dirt haul-p in for the low places, shade trees have been pruned and adequate drainage ditches provided.

Included in the school ground improvement is a tennis court which promises to be very popular with students.

All work and improvement is made possible by funds furnished by the Federal Reconstruction Finance Corporation to give employment to needy in making civil improvements.

CHEVROLET BUILDS MANY NEW CARS

Chevrolet built 64,594 new cars and trucks in January for the latest single month's production since July of 1931. W. S. Knudsen, president and general manager of the company, announced here today.

The figure exceeds by 2,500 units a preliminary estimate made ten days ago. The January total compares with 52,465 units in January of last year, and with 40,656 in December. Production held at a steady rate of 2,500 cars a day for most of the month, with half the company's assembly plants operating six full days a week, Mr. Knudsen stated.

Of the January total, 58,400 units went to domestic dealers, and the remainder into the Canadian and overseas markets, Mr. Knudsen said.

Despite the high rate of operations for the domestic market, no over accumulation of stocks in dealers' hands resulted, due to the heavy demand for new 1933 models for immediate delivery. By the end of January dealers had delivered at retail about 55,000 of the new 1933 cars which were first announced December 17, Mr. Knudsen stated.

Operations will ease somewhat in February, a normal seasonal trend with the company, but the total promises to run at least to 50,000 units on present schedule setups, Mr. Knudsen declared. Last year's February total was 42,000 units.

The increased plant operations are in line with the expanded program which Chevrolet has embarked on for 1933 over last year. The company expects to sell from 450,000 to 500,000 cars this year as compared with 378,000 in 1932, Mr. Knudsen said. He added that he expects the industry generally to do better this year than last.

Factory payrolls are now about 34,000 men, with an additional 23,000 working for the Fisher Body Corp. exclusively on Chevrolet-Fisher bodies.

'RASPBERRY RED' PLAYS CAPACITY HOUSE WHILE HILARITY WINS FAVOR

RALPH LONG AND MRS. GEORGE GREEN ARE PRIZE WINNERS

Shades of Huckleberry Finn played before the capacity audience that witnessed the Gypsy Maidens' rollicking comedy, "Raspberry Red," at the High School Auditorium last Thursday night. The well-cast and human characters won the approval of the audience almost from the curtain on the first act and with an achieved hilarity uncommon on any stage kept the increasing interest until the final curtain. Delightful specialty acts provided entertainment for every moment of the show.

Ralph Long was the fortunate tick taker for the first prize offered by the players, a beautifully fitted week-end case.

Mrs. George Green won the second prize, a year's subscription to the Roaring Springs News, offered by the local newspaper.

WALLACE BEERY STAR OF 'FLESH'

PLAYS WRESTLING CHAMP IN DRAMATIC FILM OPENING AT PALACE THEATRE IN SPUR

Although "Grand Hotel" is now history, Wallace Beery carries at the scene of his triumph in "Flesh," his new Metro-Goldwyn-Mayer starring vehicle, which comes Sunday to the Palace Theatre.

"Like "Grand Hotel", this gripping drama of the wrestling ring opens in Germany. But where the whole of the former story was laid in that country, "Flesh" eventually brings Beery back to America, where he finds the heartaches and joys of winning a world's championship.

INVOLVED IN "RACKET"

The story's wrestling atmosphere invites a comparison between sport in other countries and the attitude of commercial promoters here. Starting as a wrestling waiter in a beer garden, Beery wins the championship of Germany, but when he crosses the Atlantic in quest of larger honors he runs afoul of conditions which smack of the well known "racket."

Beery was to fight his way to a square deal, even at the hands of Karen Morley and Ricardo Cortez, who have the leading roles in support of the star. Others of note in the cast are Jean Hersholt, John Miljan, Vince Barnett, Herman Bing, Edward Brophy and Greta Meyer.

John Ford, of "Arrowsmith" fame, directed "Flesh," which was adapted from an original story by Edmund Goulding, who, incidentally, directed Beery in "Grand Hotel."

GOES TO ABILENE

Ben West, Minister Church of Christ, left Tuesday to attend the lectureship at Abilene Christian College.

Ralph Long and Miss Boss Medlen Winners

Masonic Hall Scene of Pleasant Entertainment Wednesday Evening

The "42" Tournament held by ladies of the Roaring Springs Eastern Star in the Masonic Hall Wednesday evening for the purpose of raising funds to meet payments on their piano, proved an enjoyable and financially successful affair.

The games began shortly after eight o'clock with every available table filled. After the games Mr. Ralph Long was declared winner over the men, and Miss Boss Medlen winner over the women. Both were presented with prizes. At this time delicious sandwiches and coffee were served, credit being claimed to the perfect Hostesses for the dispatch with which the large crowd was served and the goodness of the refreshments.

Despite friendly rivalry and concentrated playing, the mutual opinion was that of a very successful evening.

A total of 58 tickets were sold with a net receipt of \$22.

Farmer Raises 3000 Bales of Cane On Four Acres

J. J. DAVIS OF CHANDLER FLAT GETS 77 BALES OFF 75 ACRES

J. J. Davis, well known farmer of the Chandler Flat community south of Roaring Springs is an enthusiastic believer in the fertility of the soil in this section. Mr. Davis, who has lived here for the past six years, cut 3000 bales of shoulder high cane from a four acre patch of land last year. From 75 acres of terraced sandy land he gathered 77 bales of cotton.

He grazed his work stock and milk cows on a ten acre rye patch until July when he planted the stubble in red top cane and from this acreage averaged 500 bales to the acre.

Regarding the future outlook, Mr. Davis said, "The farmer may be the first to recover from the general condition. We have plenty of everything we need but money."

JETER CAFE PURCHASED BY FLOYDADA MAN

A deal was completed Monday by which W. L. Laminack of Floydada became the owner of the Jeter Cafe, formerly owned by J. S. Jeter of Roaring Springs.

Mr. Laminack and family and also his father, J. W. Laminack and family, will move to Roaring Springs immediately, or as soon as it is possible to secure housing facilities.

Mr. Jeter has not announced any plans for the future.

The News wishes to welcome these two new families to Roaring Springs.

NOTICE TO THE PUBLIC

Any erroneous reflection upon
the character, standing or reputa-
tion of any individual, firm, con-
cern, or corporation that may ap-
pear in the columns of The News
will be gladly corrected when called
to the attention of the editor. It
is not the intention of this news-
paper to wrongly use or injure any
individual, firm, concern or corpora-
tion and corrections will be made
when warranted as prominently as
was the wrong published, reference
or article.

There is glory enough for any
man to live and die a Texan.

Should I Become A Teacher

The young man or woman who
will graduate from high school this
mid-term or in June is faced with
and unusual problem. He surely
will be puzzled to know which
further step is best to take along
educational lines.

There seems to be one of the
largest surpluses of teachers ever
known. Thousands will be unable
to secure schools. Those who are
fortunate enough to get a school
will be faced with a diminished in-
come on account of the financial
distress in which the states find
themselves. This is surely a dis-
couraging outlook for the young
person who has ambition to teach.

Other professions, too, seem to
be overcrowded. There is a surplus
of young lawyers who are barely
eking out an existence. There are
too many doctors for the number
of patients; the talking pictures
have killed the profession of music,
and so on down the line.

At this time, we would advise
young people to divert their minds
toward the field of business. It
seems to offer a quicker comeback
than most of the professions. Busi-
ness is dignified. It offers remun-
erative responsibilities. It is now
considered by the masses as one of
the few lucrative professions. "If
I were starting my career now,"
says a well known educator, "I
would first finish high school and
then enter some reputable Business
College and get a business training.
Then I would become connected
with some large business concern
and work hard and soon I would
find my name listed as one of the
executives." Quoting further, "From
my knowledge of various Business
Colleges, I surely would investigate
the Business College at Tyler, Tex-
as. I am told this school is the
best in the South."

This editor agrees with the gen-
tleman quoted above and if you
will write to the Tyler Commercial
College and School of Business Ad-
ministration at Tyler, Texas, they
will send you a catalog. Or, drop
by our office and we will let you
look over the copy of their catalog
which we have in our files.

J. A. Clary and Charley Grey of
Paducah were in Roaring Springs
Thursday buying hides.

Constipation

If you are troubled with consti-
pation—the chief cause of nearly
all other common ailments—you
will be glad to hear of the natural
relief that Crazy Water has given
to thousands of others.

Constipation must be corrected
if a worse condition is to be avoid-
ed. There is just one way to re-
store the body to normal good
health—thrt is to let Nature have
a chance. Poisons that collect in
the digestive tract must be eliminat-
ed before Nature can do her work.
That is why Crazy Water is so ef-
fective in relieving constipation. It
literally washes the poisons away.

Crazy Water is not another of
those disappointing remedies. It
washes the waste away naturally,
without irritation. Crazy Water
Crystals is not a drug or patent
medicine—it is the minerals ex-
tracted by open kettle evaporation
from the natural Crazy Water—
nothing added. It will produce
through elimination, with no bad
after-effects. It is not habit-form-
ing. Let us tell you about this
wonderful natural product today.

Churches

BAPTIST CHURCH

Services Sunday, 10 o'clock Sunday School, J. D. Mitchell Supt. All BYPU's will meet at 7, J. B. Clifton director.

METHODIST CHURCH

Sunday School 10. Preaching 11 and 7:15 p.m. Intermediate Hi League 6:15. W.M.S. Monday 3:30. You have a cordial invitation to all services. "The Friendly Church"

CHURCH OF CHRIST

Bible School 10 a.m. Preaching 10:45 a.m. and 7 p.m. Children, young people and adults of all churches will have a thirty minute program every Sunday preceding the sermon at night. You are welcome to participate. This church urges unity of all professed believers, the preacher preaches it and we throw open wide the door of opportunity for all to worship here. We do not ask that you join us nor join the church, only that you join the Lord in obedience. Bring your Bibles and let's study, teach and preach the Book 2 Timothy 2:15; Acts 17:11 and Acts 5:42. Ben West, Minister.

Being without envy is a mark of great quality.

Methodist Church

One of the greatest privileges that one is permitted to enjoy is the privilege of service. The very finest kind of service comes thru the channel of the church. "Inasmuch as ye have done it unto the least of these, my brethren, ye have done it unto me." To really serve God one must serve his fellow man. Live up with the church and place yourself in position to be of service. This pastor and church wants to serve—call on us.

Sunday was a good day. Good attendance at Sunday school. A good number of our people went to the Quarterly Conference at Dickens.

Fine Quarterly Conference and services at Dickens. The work there goes well.

The pastor will be present next Sunday for the services here. Trust each one will be in his place for Sunday school and the church services. Any and all visitors will be welcome at the services.

If not in Sunday school and church elsewhere, come with us.

"The Friendly Church."
T. MARVIN McBRAYER, Pastor.

Church of Christ

"There is a fountain filled with blood
Drawn from Immanuel's veins
And sinners plunged beneath that flood
Lose all their guilty stain."
Attendance and interest were excellent at all four Sunday services.

Visitors from Matador and points near Glad to have many from the local Methodist and Christian churches. You are always welcome. Of all groups in any locality the professed Christian people should foster the spirit of fellowship and kindly relationship. Read Matt. 5:47 and Acts 2:47. It does not speak well of ones religion to be intolerant.

This church will attempt to do its part in being helpful to all the saved and unsaved. We shall endeavor to hinder no one.

This minister is here to serve all the community in any good way. He wants the friendship of every man and woman. There is enough sorrow, trouble and difficulties in the lives of every person. The business man, professional, the elderly, the young, the laborer, the farmer. All of us need the sympathy, prayers and good-will of all the others. The preachers need all this too.

Next Sunday's sermon topics: "So Spake"—Acts 14:1; "So Shine"—Matt. 5:16; "So Loved"—Jno. 3:16. At night "What Must I Do To Be Saved?"—Acts 15:30.

Preceding the night address Mrs. Benson and Miss Gladys Johnston will present a program.
BEN WEST, Minister.

PROGRESS and POWER

Present-day industrial progress of small communities is based in a large measure on ample and economical power facilities which deliver a practically unlimited power supply at once—when and where needed.

Small local plants, serving single communities, generally lack these facilities—lack the variety of volume and demand which is necessary if the road to industrial growth is not to be blocked.

The transmission system, which has resulted from a group of towns pooling their power requirements and resources, can deliver this power easily, economically, at any time or place.

Progress and Power go hand in hand in the small city—and the West Texas Utilities Company is aiding this desired progress in 125 alert cities and towns in West Texas, the "Land of Opportunity."

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

SECOND GRADE PARTY

(By Johnny June Mitchell)

Friday afternoon our room gave a party and invited the first grade. As the children came in our room, John Billy Smith and Helen Ferguson gave them a paper hat. We played game records on the portable and some of the children told about the Oriole and Frances Overstreet told about the Red Bird. We served cookies, and the first grade pupils and their teacher thanked us for a nice time and passed back to their room.

TO ATTAIN SUCCESS

(By Birdie Nell Nichols)

The person who succeeds is the person who tries until success is attained. There are several old sayings which we might well remember. For instance, "Where there's a will, there's a way." This one saying is certainly true for never in this world has a person succeed unless they have the will to back their plan up. "If at once you don't succeed, try, try again." In every success there are trials and hardships that we must overcome. The highest peak in life is success.

If Columbus had said when he met his first hardship, "There are those who have everything to succeed with, money, friends and influence, while I have neither." This great country might have an entirely different history.

If you could look into the lives of our great men, you would find

that they did not give up at the first or second trial. Every one that has met with success has met with hardships. If it had not been for those who met and conquered their hardships, we would not have the comforts, or even the necessities we enjoy today.

(This short essay was written by this student in approximately twenty minutes. It was selected from a group of ten. This little girl is to be complimented on this work. Let's have more expressions like this from all the grades.)

SCIENTIFIC ADVICE TO YOUNG MEN

If she gets mad—Controller.
If she gets up in the air—Condenser.
If she will come half way—Meter.
If she will come all the way—Receiver.
If she is a poor cook—Discharger.
If you think she is unfaithful—Detector.
If you like her—Sparker.
WHERE, WHO AND YOU
Where can a man buy a cap for his knee
Or a key to the lock of his hair?
Can his eyes be called an Academy
Because there are pupils there?
In the Crown of your head what jewels are found?
Who travels the bridge of your nose?
If you want to shingle the roof of your mouth,
Would you use the nails of your toes?
Can you sit in the shade of the palm of your hand?
Or beat the drum of your ear?
Can the calf of your leg eat the corn of your toes?
Then why not grow corn on the ear?
Can the crook of your elbow be

sent to jail?
If so, what did it do?
How can you sharpen your shoulder blade?
I'll be darned if I know, do you?

WONDER-WORKER

A woman driver ran into another vehicle and bent a mud guard. It worried her. So she went to the garage and asked the mechanic: "Can you repair this mud guard so that my husband won't know that it has been bent?"

The mechanic looked at the bent mud guard and then at the woman and replied: "No madam I can't. But I can fix it up so that in a few days you can ask your husband how he bent it."

"Com-pa-nee, attenshun," bawled the drill sergeant to the awkward squad. "Com-pa-nee, lift your left leg and hold it straight out in front of you."

By mistake some man held up his right leg, which brought it out side by side with his neighbors left leg.

"And who is the galoot over there holding up both legs?" Shouted the hard boiled sergeant.

"Poppa," said little Oswald, "What becomes of baseball players who lose their eyesight?"
"They make umpires out of them," growled the old man.

Mother: "Why are you reading that book on the education of children?"
Wyleta Smith: "To see if you are bringing me up properly."

Hammer Mill

We are now equipped to grind your feed with a Hammer Mill. Will grind every Saturday. Price 10c, 12c and 15c per hundred pounds. Cargile & Long.

Piano Recital

Mrs. W. C. King presented Rosalind Mitchell and Donnie Long in a piano recital in her home Monday evening. An interesting program was rendered and refreshments served to Mrs. M. S. Thacker and daughter, Joyce, Mrs. M. E. Long, Mrs. J. D. Mitchell and daughter, Marion Alice, and Mrs. Frank Ferguson.
