## FUNERAL RITES TRAWEEK CHILD HELD HERE SUN.

Entire Community Is Grieved As Victim of Mad Dog Is Buried

Charles Traweck, 3, son of Dr. and Mrs. Albert Traweck of San Diego, California, and grandson of Dr. and Mrs. A. C. Traweck, who died the victim of a bite from a rabies infected dog, arrived here Saturday and interment was made in East Mound Cemetery, Sunday, following funeral services held at the Methodist Church at 3 p. m.

Dr. Albert Traweck, father of the child had planned to fly here from the west coast in time for the funeral, but because of his own dangerous physical condition due to treatment for possible rabies infection, was advised by Naval physicians to abandon the trip. Dr. Traweck is a Naval doctor stationed at San Diego and should the trip have been advisable, would have been furnished with a Naval plane and pilot for the trip to attend his son's funeral. Mrs. Traweck, who had also been quarantined and receiving treatment was declared by doctors unable to make the trip.

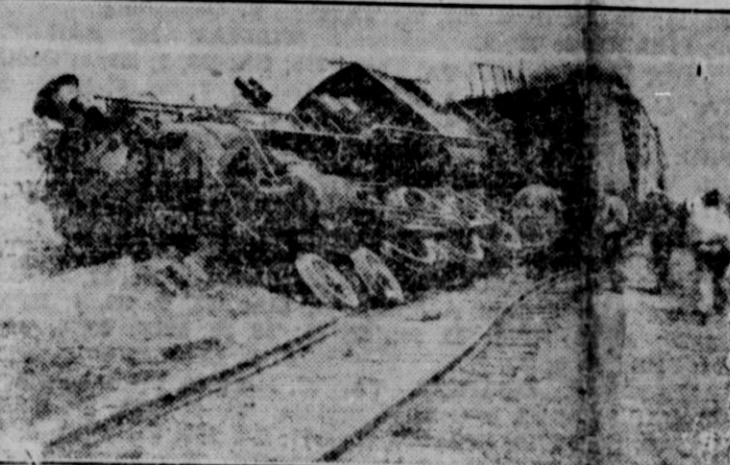

The funeral service, one of the most impressive ever held in Matador filled the Methodist Church to capacity as grief-stricken friends of the unfortunate little boy and bereaved relatives, gathered to pay final tribute.

Beautiful floral offerings were tendered in such vast quantities that the grave and surrounding ground was completely covered by the flowers, many of which accompanied the body from California.

So great was the grief that vehicles were still leaving Matador when the hearse reached the cemetery.

Friends and relatives from out of town, who attended the funeral were: Mr. and Mrs. L. J. Bratten, Brady; Mrs. May L. Barnes, Mrs. E. V. Huffstodler, Mrs. A. A. Lawler and Mrs. S. L. Barnes, all of Dallas; Mr. and Mrs. E. E. Last week a mule ran over John  
Irwin, breaking his collar bone.  
Dr. Garner of Turkey treated the  
fracture, and John is improving  
rapidly.

Some of the farmers have cot-  
ton up and they would welcome a  
good rain to keep it growing.

The White Star school took its  
annual picnic last Friday. The  
site of the picnic was along the  
Quitaque River on the Matador-  
Turkey highway.

Derwood Amonett won the  
prize last week offered by Mr.  
Spencer for the solution of eight

nor, Lionel Barrymore, Richard  
Cromwell and Robert Young.

From all the reports I can get  
on this picture (and believe you  
me I get plenty if the picture is  
punk) it is the best picture Janet  
Gaynor has ever made. They say  
it even surpasses "Sunnyside Up"  
and "Seventh Heaven," and if it  
does that, then it certainly is good.

Talk to your friends a bit and  
just see if you can find anyone  
who will knock this picture.  
"Carolina" is one of the years'  
most liked pictures; personally I'd  
make the assertion that I'd mas-  
ticate your last year's fedora if you  
walk out on this little picture. Its  
good and no fooling.

I've been reading a column that  
some fellow writes in the "Mot-  
ion Picture Herald," entitled "The  
Public be Damned," the subject of  
this little dissertation being con-  
cerning the degree to which a per-  
son likes a picture as concerned  
with the time he gets in to see it.

Its a known fact that if you come  
in the middle of a picture you  
cannot enjoy it nearly so much  
as if you get there on time. I  
don't have the attitude the title  
mentioned above would suggest; I  
would like for everybody to get  
to the show at the beginning so  
as to get the most out of a pic-  
ture possible; hence become a bet-  
ter customer. I know my sound  
is punk, but puleeze, puleeze,  
don't blame it more than you  
have to when we get some pic-  
ture with a lot of foreign accents,  
musical background and a lot of  
crazy women talking at the same  
time. You're not even supposed  
to be awake when this takes  
place, much the more get it all.  
Take this picture "Carolina." I'll  
eat that hat again if you can't  
understand every word of it. Now  
for the hats!

proportion of each class to the to-  
tal in terms of cents of the loan  
dollar, are as follows:

ely classified, including mortgage

GULF WINS MORE "HILL TEST" THAN 32 GASOLINES COMBINED

Will your car have more power than one gasoline? HERE'S YOUR CHANCE. Gulf tested a total of 33 gasolines on American hills—12 hills in Louisiana and 21 hills in Massachusetts to Georgia—and they found... The power of different gasolines is widely different. And of all 33 gasolines tested, Gulf was the uniformly best. 7 out of 12 times a car and load up mountain hills, Gulf was the best. The power of different gasolines is widely different.
