## TRAIL DUST

By DOUGLAS MEADOR

The citadel of youth is impressive in the sun with its bronze cannon of courage, unscathed by powder smoke, trained upon the territory of tomorrow. Fair winds stir the bold standard haughtily against the sky as if to challenge the future's charging battalions. After the conflict, when the drums of the heart throb silently, little of importance will remain to be inscribed upon the field reports of creation, except, perhaps, the manner in which the garrison fought and fell.

When the soul weighs anchor at the wharf of life to embark as a solitary mariner upon the wide expanse of eternity, the source of fear is no longer a mystery. No other adventure approaches in magnitude, this journey inspired by enchanting visions at the frontier of death. An unfamiliar but gentle light arranged to shine in such a manner that no shadows remain must reveal the secrets hidden from the prospectors in the gulches of the living. And here, perchance, the soul will look back as a child at a broken, discarded toy, and regret that fear of the grave had been allowed to infect and disfigure the seasonable flower of joy. Calm reasoning may ponder the enigma of terror at crossings and boundary of life while in the same hour, rejoice in birth as if any difference existed in the two transitions.

A yellow bull calf twisted from under my weight in a stubblefield while I still wore tight pants with three buttons at the knee and destroyed my earlier ambitions to be a cowboy. Since that day I have been satisfied to remain in the grandstand and watch others achieve the glory which might have been mine nor do I recall a single instance when I would covet an exchange of places. The man who has listened to the jingle of spurs to arouse his weary dreams as he toiled through spirit-breaking labor, deserved the occasional view from the doughy hills of romantic endeavor.

The memory has a certain price of embarrassment because it is number one act of a purposeless life and permits small hope for improvements after twenty five years. The knickerbocker trousers of my rough-woven mailorder suit, while equipped with belt loops, had suffered by neglect in construction and had not even one watch pocket while the suits of some of my companions boasted one on either side. My knowledge of tailoring was limited at that time and has changed little through a fourth of a century, but I secreted myself in the dug-out with scissors, cloth, needle and thread and made the alteration under constant strain of fear that my mother would find me before the work was completed. I am warmed with pride to this day of that work, however. I fear my parents did not share my enthusiasm nor appreciate my talent. They reminded me a number of times that I did not have a watch.

Good and evil are evidently everywhere planted beneath the surface as the seeds of flowers and weeds blown by the winds to become covered by dust and await the rains of effort to bring them to the light. A man once told me that his wife forbade his riding through Hollywood Boulevard in broad daylight because the film capitol is so wicked she feared for his safety. For six years my home was located but a few blocks from that famous thoroughfare and never in that time did I see one thing to warrant the lady's fears. God-fearing people, struggling with problems common to average cities everywhere. In fact my most impressive lessons on wrong were taught in a small west Texas cowtown after my return from Hollywood. I hope that I may not lose sight of the fact that human behavior is much the same regardless of the name of the community.

## CENSUS SURVEY OF BUSINESSES TO BEGIN HERE

### Joe Campbell Starts On Federal Job In County

Roy D. Chase, Supervisor of the Census of Business, today announced that an enumerator has been appointed in Motley County to present the Census forms to business houses and help them fill out the necessary information. He is Joe H. Campbell.

Mr. Chase stressed the fact that information given enumerators will be held in strict confidence. All enumerators and other persons connected with the census work are under a drastic Census oath not to disclose or discuss any information submitted for Census purposes. He stated that under the Census law it is a criminal offense to violate this confidence; that no access to individual reports is permitted, not even to other Governmental state or local agencies, and no information will be disclosed which would reveal any of the facts or figures in the returns. The Census is the oldest bureau of the Government, established nearly 150 years ago, and never has it been convicted of a violation of confidence.

Asks Cooperation

He asked all business concerns to cooperate with the enumerators who call upon them for business census data.

Describing the value of the Census, Mr. Chase said that from the results, banks and financial agencies are enabled to extend commercial credit more freely because of more accurate knowledge of what constitutes sound operating expenses and stock ratios; newspapers are enabled to establish the consumer market in their circulation fields; wholesalers are able to make better appraisal of their immediate and potential trade territories and thus avoid unproductive expense; advertising agencies can determine comprehensive and accurate markets for various products; retailers are supplied with needed data on their competitive situation, not only in their particular field but also regarding the extent of other kinds of competitive business. Real estate values, proper rentals and the basis for percentage leases are frequently determined from business census data, which have great weight because they are strictly factual statements without prejudice.

## LOCAL WRITER MARKETS SONG

### Copyrighted Melody on Sale in Matador

Matador has its own songsmith with the copyrighted melody, "Charming Girl of the Mountains," published by Raymond Alsup, son of Mr. and Mrs. T. B. Alsup of this city, now available.

The words of the song were written by Mr. Alsup and the melody arrangement was done by Aaron A. Clark, who wrote the music for the beloved, "When Its Springtime in the Rockies."

Mr. Alsup is employed by the Hamburger King Cafe here where copies of the song with music arrangement may be secured at fifty cents per copy. The embryo song writer, who has composed some forty other verses suitable for song arrangement, which he hopes to market later, has sent copies of "Charming Girl of the Mountains" to various radio stations for trial. Many copies of the song have already been sold and it is declared the haunting melody has wide possibilities once it is publicized. Mr. Alsup declares that profits realized from his song will be used to promote and publish other verse in arrangement with music, which he desires to study.

### TO LAWTON

Mr. and Mrs. W. Y. Higgins left Sunday for Lawton, Oklahoma, where they will visit their daughter and family, Mr. and Mrs. Dick Davis. They expect to be gone about a month.

Mr. and Mrs. Higgins were accompanied by Mr. and Mrs. Clay Gilbert, who returned home that evening.

## Two Cremated in Car Wreck

### Former Residents Die In Auto Tragedy Near Lubbock

Two former Matador residents, brother and sister, Mrs. V. H. Milligan and Leonard Moffett, whose father, W. G. Moffett, was night watchman here for a number of years, were burned beyond recognition as a result of an automobile head-on collision on the Shallowater road seven miles from Lubbock Tuesday evening.

Identification of the charred bodies was possible only through a license plate a farmer had jerked from the blazing machine before its markings could be effaced.

Two ambulances, a chemical truck from Lubbock Fire department, and peace officers sped to the scene as quickly as possible after an alarm had been sounded.

Rescue was made impossible however, by intensity of heat from the blazing machine. Despite efforts of firemen, the car still was smoldering when the bodies were removed.

Crashed Head-On

Reconstructed from officers, firemen, witnesses and others, the two machines met almost head-on. The front of the coupe was driven backward and, in the opinion of firemen, the fuel tank burst, scattering gasoline that immediately ignited from a spark.

## STATE BEGINS CAR OPERATOR LICENSE RULE

### Applications To Start Feb. 15 With Apr. 1 As Deadline

Everyone driving a motor vehicle in the state of Texas after April 1st will be required to carry a operator's license according to information received by the sheriff's department this week. Applications for the operator's license may be made any time after February 15th until the first day of April when it will become unlawful for anyone to drive without an individual permit. There is no charge for the license. While it is necessary that the application for an operator's license be witnessed by a notary public, or an authorized agent of the state Department of Public Safety, no notary public will be allowed to make a charge for the service. The minimum age limit for operators will be 14 years. Applicants under 18 years of age must secure signature of parent or guardian.

Application in Person

Applications for operator's license must be filled in person. Some of the questions asked on the application are: Have you ever been licensed as an operator? What year? What state? Have you ever had operator's or chauffeur's license suspended or revoked? Have you ever applied for Texas operator's or chauffeur's license and been refused? Age? Sex? Height? Feet—inches? Weight? Color of eyes? Color hair? Race? Normal use of both hands? Both feet? Are you married? Date of birth? Have you ever been afflicted with: Epilepsy, paralysis or insanity? Have you any disability which might affect your ability to exercise ordinary and reasonable control over a motor vehicle, if so give details? Have you ever operated a motor vehicle? How long? Are you able to read and understand?

### Nine Cent Sale At Variety Store

Attention of readers is called to the advertisement of the Matador Variety Store appearing in this issue of the Tribune announcing a nine cent sale.

A four-page circular carrying complete list of the many values offered will be circulated throughout this territory. Fay Jacobs, manager of the store, declared.

Enterprising Matador merchants are offering customers of this section, values that can not be equaled elsewhere.

## DEATH CLAIMS ANOTHER FROM PIONEER RANKS

### Final Rites For Miss Beulah Echols Are Held Sunday

Death selected another from the diminishing ranks of Motley county pioneers when Miss Beulah Echols, 69, succumbed at her home in north Matador at 9:45 Saturday morning. Miss Echols had been confined to her bed for the past three months because of a heart ailment and complications. She is survived by one brother, A. B. Echols, president of the First State Bank here.

Beulah Echols was born in Chattooga county Georgia, September 16, 1866. She moved to Parker county, Texas in 1881 and to Jack county, Texas one year later where she made her home until 1897 when she moved to Motley county where she continued to make her home until the time of her death.

Miss Echols was converted and joined the Matador Baptist Church in 1902 and has lived a devout, Christian life.

Services Sunday Afternoon

Funeral services were held at the Baptist church Sunday afternoon at 3 o'clock, conducted by Rev. A. L. Jordan, local Baptist pastor and assisted by Rev. D. D. Denison, pastor of the Matador Methodist church. Interment was made in the Matador East Mound cemetery.

Besides one brother, a number of nieces and nephews, the deceased is survived by a host of friends, who will mourn her passing.

Pall bearers were: Bob Echols, John Hamilton, Fred Bourland, Tom Hamilton, Ernest McWilliams and Jerry Cooper. Flower bearers were: Misses Dorothy Echols, Georgia Bourland, Selbia Burleson, Adele Burleson, Virginia Edmondson, Helen Simpson, Mary Hamilton, Jettie Moss and Mary Echols.

Honorary Flower Bearers

Members of Miss Echols' School class were honorary flower bearers at the funeral services. They were: Mesdames C. D. Bird, W. E. Reeves, A. D. Burleson, W. J. Drace, J. A. Groves, L. A. Stearns and F. M. Shira.

The following nieces and nephews residing beyond this county attended the funeral: Tom Hamilton, Seminole, Oklahoma; Mrs. L. K. Stewart, East Point, Louisiana; Mrs. James Vance, El Paso, Texas; Mrs. J. P. Moss, Com, Texas and Mrs. Frank Eiring, Plainview, Tex.

## LIIONS PLANNING MEETING TUES.

The Matador Lions Club is planning an interesting program for the next meeting to be held Tuesday, February 4th at the Methodist Church, according to information received from the secretary, J. R. Whitworth today.

One of the interesting features of the program will be a discussion on cattle brands by Marion F. Peters, recognized brand expert from Plainview, who will be accompanied to the meeting by former Matador Lion, E. M. Rice and Ed Bishop, secretary of the Plainview Chamber of Commerce. Mr. Peters was recently elected president of the same organization.

Another feature of the program will be music furnished by the Sunshine Girls Quartette.

All members are urged to attend the meeting.

## Trials Of Youths Set For Feb. 3rd

FLOYDADA, Jan. 27—Trials of Everett McAuthur and Melvin Ensey, charged by indictment with murder of J. B. (Uncle Ben) Speegle, 69, at Matador have been set tentatively for the week beginning Feb. 3, said District Judge A. J. Folley of the 110th district.

The cases were brought here on a change of venue from Matador. Speegle was beaten to death. District Attorney Alton B. Chapman will lead the prosecution.

District Judge Folley will open a regular term of 110th court here Monday. He will impanel a grand jury.

Special venire probably will be drawn Monday or Tuesday for the murder trials, said Judge Folley.

## HEAVY SNOW FALLS HERE

### Record Of Ten Years Believed Broken

Snowfall which began before daylight yesterday morning and fell without interruption throughout the day, to reach a depth of over five inches last night, is believed to have broken a ten year record in this section, observers declared.

Following bitter cold winds which had prevailed for several days as the western section of the nation has been held in the grasp of a blizzard, the snow is expected to result in some suffering and loss in livestock.

Changing Weather

At midnight Tuesday night, the thermometer suddenly raised to an extent where water pipes, frozen for several days, thawed, and a balmy east wind prevailed for a few hours. In a short time the thermometer began to drop and snow flakes started.

At daylight yesterday the temperature was at freezing with a radio report of 14 at Amarillo.

Farmers, stockmen and business men were rejoicing at the precipitation since less than one inch of moisture has been recorded here in the past sixty days.

Stockmen declared there would possibly be livestock loss in case the snow remained on the ground too long, that suffering would result from hunger.

## QUANAH COPS CAGE HONORS

### INDIANS RUB OUT TURKEY IN FINAL GAME, 29-14

The sixth annual basketball tournament to be sponsored here by the Matador Lions Club, ended Saturday night with the undefeated Quannah High School Indians taking home the lion's share of honors. The tournaments are rated as one of Northwest Texas' outstanding cage meets. B. F. Harbour was tournament director for the 1936 meet.

Quannah captured the tournament championship, placed three members on the all-star team, while an Indian—who was also high scorer—was voted the tourney's outstanding player.

Turks Are Stopped

In a fast and exciting game, marked by the superb guarding of the Braves, Coach Dan Salkeld's quintet stopped the vaunted attack of Turkey in the final game Saturday night to win the silver basketball trophy by a score of 29 to 14. Two nights before the Terrible Turks, also undefeated, had stopped Pampa's winning streak at 25 games by a close score.

Ance Edmondson, veteran guard who led Quannah attack, was the coaches' unanimous choice for the individual ability trophy. He was also placed on the all-star team. Edmondson was high scorer of the meet with 43 points in four games.

Quannah also placed Capt. A. L. Tate, forward, and George Franz, center, on the all-tourney five. Others to make this team were Young, forward, and Yarbrough, guard, both of Turkey.

Second Team Named

The second team was named as follows: Forwards, Lipscomb and Coker, both of Turkey; center, Bohner of Dumont; guards, Tanner of Flomot and Blackshear of Matador.

Semifinal round results were as follows: Quannah 53, Roaring Springs 2; Turkey 28, Girard 10. Quannah defeated Silverton by 43 to 16 in the opening round while Turkey was beating Matador 28 to 15 in the other bracket. Dumont fell before Quannah by 41 to 33 and Turkey defeated Flomot 29 to 20 in the quarterfinals.

Go To Church Sunday.

## SATURDAY CASH MOUNTS TO \$72

A crowd declared by many to equal that of the Christmas holidays filled the streets of Matador last Saturday, braving the freezing wind, to participate in the weekly trades day cash offered by Matador merchants and business men.

Parking space for automobiles and trucks was at a premium as the week's trades day cash offered by Matador merchants and business men.

Due to the arrangement of the free cash event, the amount has mounted each week until \$72. will be available next Saturday, February 1st.

The plan, proving a successful trade stimulator over the entire country, is paid for out of the pockets of merchants and business men of the city. The customer is obligated in no way, except that purchases be made in Matador.

With the amount of cash reaching \$72, many predict that an even larger crowd would participate in the event this week-end.

## IT'S ALWAYS WELL TO CHECK YOUR OWN HOUSEHOLD

PARKERSBURG, W. Va., Jan. 28.—U. S. Meteorologist R. P. Powell at the weather bureau warned: "Sub-zero temperatures are coming. Be sure and turn off your water lines at the meter lest the pipes freeze and burst." Plumbers reported but one case of frozen lines—at the home of Meteorologist Powell. He forgot to shut the water off.

## Over \$6,000 More To Go In County Roads

County Judge W. R. Cammack, received the following notice from the State Highway Commission this week:

Minute No. 11808 passed by the Texas Highway Commission January 21, 1936.

In Motley county, it is ordered by the Commission that an appropriation of \$6,148.35 be made to complete the caliche gravel base on Highway No. 18 from Matador 2 miles north to Whiteflat, a distance of 9.512 miles.

This appropriation is necessary to complete Force Account Construction Project No. 105-4-3, upon which the F. E. R. A. labor is not available and which is in a stage where additional work is necessary in order to derive full benefit from the work that has been done.

The work is to be done under the direction of the State Highway Engineer through the maintenance Division.

## RAINFALL FOR 1935 Close To Average

The rainfall registered in Matador by J. H. (Jim) Sample for the year of 1935 was near the ten year average record which Mr. Sample has charted. A total of 20.65 inches of rain fell in 1935 while the average over the past ten years is 21.94 inches.

Mr. Sample declares the amount of moisture falling is not as important as the time at which it falls as proven by his rain record. One of the most profitable years in the past ten, only a little over 13 inches was recorded, while another year over 29 inches did not prove profitable.

Third In One Month

One of the interesting phases of last year's rainfall record is the fact that over one-third of the total precipitation for the year, fell in the month of May. The record by months is as follows: January, none; February, .48; March, 1.30; April, .77; May, 7.44; June, 1.98; July, .83; August, 2.30; September, 1.88; October, 2.00; November, 1.10 and December, .57.

## Matador Hardware Opens Niner Sale

Through a four-page circular distributed here yesterday, the Matador Hardware and Furniture Co., announces a ten day sale. The circular lists many items priced at 9c, 19c, 39c, 59c and 79c.

Elsewhere in this issue of the Tribune will also be found an announcement of a beautiful bedroom suite to be given away by this progressive firm on Saturday, March 7th.

Full information and particulars will be furnished any one not understanding the award plan, by inquiry at the store.

## TO ST. LOUIS

Mr. and Mrs. G. E. Hamilton are in St. Louis, Mo., this week where Mr. Hamilton is looking after business interests.

They are expected home about the last of the week.

Mrs. A. L. Fryar and daughter, Miss Lorene Fryar, accompanied by Miss Minnie Nixon, drove to Lubbock, Saturday, where Miss Fryar remained to visit friends during the week-end.

Milton Thacker, manager of the Thacker Supply Company at Roaring Springs, was transacting business in Matador early Monday.

Age Proof For Pensions Needed

AUSTIN, Jan. 27.—Facing old-age assistance applicants will be the difficulty of proving their ages. Orville S. Carpenter, executive director of the Old Age Assistance Commission, said today when asked what he thought the most difficult problem of old people making application.

Application forms will be distributed to cities and towns over the State and will be available to all who want them on February 14, when the law goes into effect. As required by the new law, certain facts must be established by the applicant. The law grants assistance to the needy who are 65 years of age or more, and each applicant must definitely and conclusively prove his or her age.

Many Ways Available

"There are many ways by which a person can establish his age," Director Carpenter stated. "The Commission will consider any evidence that proves or helps to establish definitely the age of the applicant. However, it will be necessary in each case for the applicant to establish to the satisfac-

years of age." A number of evidence to be used in proving age are the following:

Birth certificates, Marriage certificates giving the ages of both parties, Birth certificates of children giving age of parents, Ages of sons and daughters when these are sufficiently advanced, Naturalization papers giving age at time of applying for same, Passports, Service books of immigrants, county records, Baptismal certificates, Insurance papers, Employment records, School records, Records of trade unions, fraternal societies, or other organizations, Federal or State records in the case of those who have been in civil or military service, D. A. R., U. D. C., Daughters of Texas Revolution, etc., Hospital records, or those of physicians vaccination certificates, Poll tax receipts that show the actual age of voter and not mere facts that he has passed a certain age, Local census records which may give birthdate and place, National Census Records, Dept. of Census, Washington, D. C., Old licenses of various kinds (such as hunting, fishing, and liquor licenses) sometimes carrying age, Tombstone records when stones have been erected in anticipation of death, Entries in a family bible or other genealogical records or memoranda of families of applicants, Bills of sale as a slave in the case of aged negroes, and such other evidence as the Old Age Assistance Commission may approve.

After the usual low down-payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing. Your cost for this extension of credit is only 1/2 of 1% a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to 6%. For example, if you owe a balance of \$400 for your car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by 6%. UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision, and protection against other accidental physical damage to your car. The Universal Credit Company has made these plans available through all Ford dealers in the United States. FORD MOTOR COMPANY

ers, with Kitty Carlisle and Allan Jones. The story is woven around two young, unknown opera singers Kitty Carlisle and Allan Jones, who are brought together through the antics of the Marx Brothers. From Italy the action is transferred to an ocean liner and then to New York where the Marx Brothers go into grand opera with a bang!

**"In Person"**

For movie fare Sunday and Monday the Rogue offers Ginger Rogers and George Brent in "In Person". Now do not get the idea that they will be here in person because they will be here only "In Person" on the screen. But you will enjoy it just as much as though they were her personally, and not merely "In Person". And personally, we say that "In Person" is their best personal appearance. Now as a person, you should go back and read this until you can understand it personally, and then make your personal appearance at the Rogue and see "In Person" personally. And remember that Ginger Rogers is your personal favorite movie star.

**Childress Annual Chamber Commerce In Meeting Tonight**

Noted Speaker To Be Presented As Feature Of Elaborate Function

Childress will hold one of the most elaborate banquets ever presented in the city tonight when the Childress Chamber of Commerce holds its annual meeting in the basement of the Methodist Church. The banquet will be served by the ladies of the Childress Methodist Church.

Three hundred tickets at \$1.00 each have been sold according to a statement issued by Jerry W. Debenport yesterday.

**Centennial Motif**

A decoration scheme with the Centennial motif will be employed in the banquet hall with a background of "Texas Under Six Flags" on the stage, and clusters of silk flags reminiscent of Texas history will alternate on the walls and tables with the Texas Lone Star flags. Hetrick's Rhythm Clowns, an eight-piece orchestra will provide music during the meal. As the high light on the program, Jimmy Gheen, nationally known after-dinner speaker will talk on some subject pertaining to Chamber of Commerce work. The menu, perhaps the most elaborate ever served at a banquet in Childress, will comprise grapefruit cocktail, potato salad on lettuce leaf, celery curls olives, turkey, dressing, giblet gravy, cranberry sauce, green beans, sweet potato croquettes, butter, rolls, coffee, ice cream and
