## Flomot Seniors to Hear Home Pastor as Former Teacher at Graduation

The seniors of Flomot school will listen to the home pastor in Baccalaureate exercises on Sunday, May 18, at 8 p. m. in the Baptist Church at 8 p. m. The exercises will be a duet by Mrs. Lalar Willard, school music teacher, and a solo by Rev. Gene Hawkins, Baptist pastor.

## Flomot Grads

ERVIN WILLARD  
Valetictorian

JUNE ROSS  
Salutatorian

Willard, son of Mr. and Mrs. Ervin Willard will be Valetictorian of Flomot Class having attained a four year average of 93.73. He has had many other honors in high school career. June Ross, daughter of Mr. and Mrs. Sam Ross will be Salutatorian. Her 4 year average is 88.87. She has received other honors in the school of her high school and is popular with the student body and faculty alike. They are a credit to their school and community.

## Peer History Sale Brisk

History of Harry Campbell's history of Motley County, Texas, published in book form, is being sold at a brisk pace. The publisher, Naylor Company for Harry Campbell, printing was limited to 500 copies. The book is small (about 70 pages) but of excellent print. It contains several pages of rare pictures of the Matador school from the Campbell collection. H. Campbell, one of the founding pioneers of the county and father of the school, founded the Matador school. Much of the text of the book is dedicated to the founding of the ranch and the establishment of the cattle business in the area. Retail selling price of the book is \$5 (postpaid) everywhere in US if ordered from the publisher.

## School Features In Two Editions

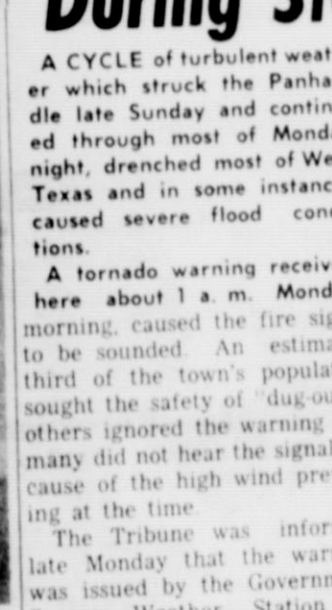

Features regarding the closing exercises of four area schools, Flomot, Roaring Springs, Matador and Patton Springs will appear in two editions of the Tribune. Pictures of graduates and congratulatory ads appear in this week's issue and will be continued in the edition of May 22nd. The Tribune established the policy several years ago because of the "staggered" closing dates of the various schools. Along with the newspaper's present production problems it would be almost impossible to publish all the features, pictures and congratulatory in one edition. An item elsewhere in this issue relates to the graduating exercises of the four schools. Mr. and Mrs. Raby Webb visited in Seymour, Sunday with her parents.

## Matador to Stage Memorial Service

Matador will pay respect to its war dead on Friday, May 30, in morning services scheduled at the First Baptist Church. The American Legion, Fleming Post, and Veterans of Foreign Wars will join in sponsoring the Memorial service. Speaker for the occasion will be Rev. Gene Hawkins, Baptist pastor.

## Panhandle 'Drenched' During Storm Cycle

A CYCLE of turbulent weather which struck the Panhandle late Sunday and continued through most of Monday night, drenched most of West Texas and in some instances caused severe flood conditions. A tornado warning received here about 1 a. m. Monday morning, caused the fire signal to be sounded. An estimated third of the town's population sought the safety of "dug-outs" others ignored the warning and many did not hear the signal because of the high wind prevailing at the time. The Tribune was informed late Monday that the warning was issued by the Government Severe Weather Station in Kansas City.

KARL L. LOVELADY

## Lovelady In Race For State Senator

The Tribune has been authorized to announce the candidacy of Karl L. Lovelady of Muleshoe for the office of State Senator, 30th Senatorial District. Mr. Lovelady placed his announcement with the Tribune last week, but too late for the May 8 issue. The 30th district is composed of the following counties: Deaf Smith, Farmer, Bailey, Lamb, Hale, Swisher, Castro, Floyd, Briscoe, Armstrong, Donley, Hall, Childress, Collingsworth and Motley. A full outline of Mr. Lovelady's platform may be found elsewhere in this issue.

## BASEBALL TEAM WINS DISTRICT

Matador athletics scored again this week when the high school baseball team won district championship by beating Turkey 12-0 on the home diamond. It was the fourth and final game of the season. Pat Green was the winning pitcher, and Hawkins (of Turkey) the losing pitcher. The Matador team, coached by Clifford Bradshaw, included Gerald Pipkin, Roger Scaff, Tommy Scaff, Pat Green, Bob Burkes, Bundy Campbell, Robin Darsey and Jimmy Welling.

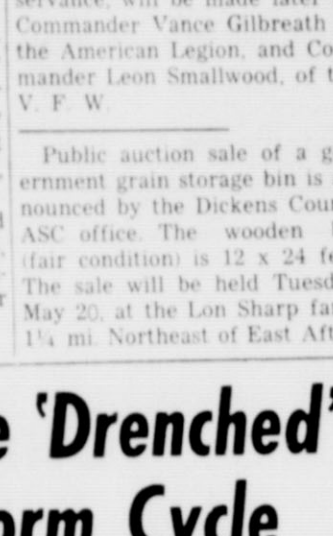

## BREAKS ARM IN FALL

Mrs. Henry Ford fell late Monday evening, and broke her left arm in two places. Examination at Stanley Hospital revealed. The accident occurred at the home of Mr. and Mrs. John Barnhill, as Mrs. Ford stepped from the back door to return to her home after a short visit. She was conveyed to Stanley Hospital for treatment, and X-rays disclosed the arm broken just below the shoulder, and above the wrist.

## Baccalaureate, Commencement Scheduled For Seniors; Rev. C. W. Williams is Speaker

Baccalaureate service for Matador High School graduates is scheduled for Sunday evening at the Methodist Church, beginning at 8 o'clock. Speaker will be Rev. C. W. Williams, pastor of the church. Miss Roberta Jameson, church organist will play the processional and recessional marches. Other features of the service will be, Invocation by Rev. H. T. Harris, congregational singing, Scripture reading by Rev. Gene Hawkins, special music by the choir, announcements by Supt. Bert Ezzell, and benediction by Rev. W. B. Vaughn.

## Honor Students

FRANCES L. FINCH  
Valetictorian

## HIGHEST HONORS for the 1958 graduates of Matador High School go to Frances Lancaster Finch, daughter of Mr. and Mrs. Luther Lancaster. Her average of 91.34 earned for her the place of class Valetictorian.

## Scouts Will Hold Court of Honor

Court of Honor for Matador Boy Scout Troop 60 is announced for Tuesday, May 20, at the Methodist Church. The public is cordially invited to the ceremonies, which will begin at 8 p. m.

## Fire, Storm Siren Elevation Lowered

Elevation of city's fire alarm siren (now being used as a storm alert signal) has been lowered on the water tower. The change was made Monday after the tornado alert signal which many residents failed to hear. Experts have declared that because of the prevailing higher winds, sound is carried better at a lower elevation. Fire Chief Freddie Welling said yesterday that a storm alert code is being studied, but that no definite policy of storm signal had been reached. Some type of "all clear" signal is also being considered.

## HERE FROM OKLAHOMA

### Dr. James R. Fish Is Specialist in Field of Urology

Dr. James R. Fish recently returned from Chicago where he was certified as a specialist in urological surgery (genito-urinary diseases) and awarded the title of Diplomate by the American Board of Urology. This board consists of outstanding urologists from throughout the nation who meet annually and give oral, written and microscopic examinations in the field of urology to determine which doctor candidates warrant being certified as specialists.

At least three years of specialized hospital training in genito-urinary diseases and two years in the private practice of urological surgery is required before a doctor may apply to the Board for certification.

Dr. Fish is a native of Matador, and son of Mr. and Mrs. J. Farris Fish.

After leaving Electra in 1950, Dr. Fish took his training in the Navy and in hospitals in Houston. He and his associate, Dr. M. K. O'Heeran, operate the Urology Clinic of Houston in Suite 1804, The Medical Towers, Houston, Texas. He and his wife, the former Mary Ellen Totten, and their two children, Jim and Cynthia Ellen, reside at 3603 Aberdeen Way.

The dinosaurs had cancer 50 million years ago, as revealed by a study of tumor traces in bone remnants. And they probably never did a thing about it. The American Cancer Society says: "Don't be a dinosaur." Fight cancer with an annual health check-up.

For centuries cancer was considered incurable. A decade ago one in four patients with this disease was saved; today we are saving one in three. This is progress, but according to the American Cancer Society we have a fifty-fifty chance against death from cancer, provided it is diagnosed and treated early enough.

Mr. and Mrs. Virgil Rattan had as their week end guests, their son and family, Mr. and Mrs. Lawrence Rattan and

Science has learned more about cancer since World War II than in all history, according to the American Cancer Society. Each year the army of scientists engaged in cancer research comes up with new knowledge—all building toward the day cancer will be eliminated as a threat to life.

### Free Publications

Three interesting and informative publications that may now be obtained from local county agents are Nos. 876, L-384, L-385. They are entitled Salinity Control in Irrigation Agriculture, How to Control the Imported Fire Ant, and Texas Guide for Controlling Citrus Pests, respectively. The latter two also may be obtained from the Agricultural Information Office, College Station, Texas.

Only Ford lets you choose from a steel-top convertible or a fabric-top beauty. Who else but Ford . . . world's largest convertible maker . . . could offer you two different kinds of convertibles. There's the fabric-top Ford Sunliner and the steel-top Ford Skyliner. They're both styled and powered in the Thunderbird tradition.

Nowhere else can you find so much convertible for so little money. Take the Ford Sunliner for example. A comparison of manufacturers' suggested retail delivered prices shows it's America's lowest-priced convertible. As for the Skyliner, it's the world's only 2-in-1 line car . . . a snug steel-top and a breezy convertible. Just touch a button. The all-steel top vanishes into the rear deck . . . and you're sitting pretty in the smartest convertible ever.

So if you're the sun-worshipping type, better see your Ford Dealer and get all the reasons why Ford outsells its nearest competitor in convertibles by a whopping 2-to-1 margin!

## MATADOR HIGH SCHOOL

By Kay Norman

I surely want to thank Charlotte for the nice job she did of editing the Matador Brand last week. Charlotte is going to be the Editor next year, and I wish her good luck.

Two more editions of the Brand, so I guess I had better make these last two pretty good. It really doesn't seem possible that in one week I will be out of high school for good. It has really been great, but I am like the rest of the seniors in my class, ready to go and find out what I can do in this big world by myself.

Our annuals are still being passed around for our classmates to sign them. Seems like it took a long time for our annuals to get passed around, but I guess everyone was just busy.

The cheerleaders for next year, Daphne, Patti, and Karen are going to cheerleader school this summer. They are going to go to Mid-Western at Wichita Falls. The Pep Squad has given them some of the money that was left in their

fund this year. I know that they will have loads of fun as well as learn a lot.

The senior trip was the greatest yet! I don't think I could have had more fun if we had gone to New York and stayed two weeks. Before we left I thought if we could only have a week, but now I don't know if I could have stood a week or not. Sunday I slept all the way home, and was still sleepy when I got back.

The library will be closed after the Saturday until next year. I guess Mr. Reeves will be glad of this, also the librarians.

Our baseball team is really doing good. They played Lakeview last Friday and beat them. We all wish them luck and hope that they can win District. That would be great wouldn't it? District in football and baseball both!!! Good luck Team.

News is short and I have an English six weeks test next period so I guess I had better study. See ya this next and last week.

## SOPHOMORE PICNIC

On Monday, May 5, we sophomores took our half-day holiday to Roaring Springs. Mr. Bradshaw sponsored the trip that we won through the Carnival Queen Race.

When we arrived at the swimming pool we brought out the sack lunches (which a few managed to leave at home) and then got dressed for swimming or for hiking down the river.

Linda Seigler and Daphne Lynn preferred to buy themselves a "big orange drink" instead of joining the swimming crew, and they had the good misfortune to run into two slimy black snakes taking a sunbath on the sidewalk. The girls took off running, naturally, because girls are supposed to be afraid of snakes. They were disappointed to find that the snakes were running too. . . In the other direction.

We are proud of our class members whose dresses won places in the home ec style show. They certainly worked

hard enough. We thought that all of the dresses were pretty, even if they didn't win top awards.

## ASSEMBLY PROGRAM

Going to school on Saturday is an awful thought, but the students of M. H. S. will do anything to get out of school a little earlier! In order to make Saturday pass a little quicker some of the students volunteered to give an assembly program. The groups which were on the program were the Queen-Teens, Hepcats, Melodettes, and the Melody Maids. The Melody Maids are eighth grade students and the rest of the students are high school students. The program was at 11:00 a. m.

## FIRST GRADE GIVES GRADUATION PROGRAM

Mrs. Vance Gilbreath's first grade class went through their graduation ceremony Wednesday morning, last week. They are getting an early start on things! About twelve years early!!

They were awarded their diplomas after a short program and the reading of the will and prophecy. The program included Class song, "School On The Range", by the class; Class poem, by Elaine Dixon; music by Stephanie Bethered; Class Will, Patricia Young; "Old Macdonald", accordion and bells, by Sue Robbins; and Kate Thompson, Class Prophecy, by Nancy Hawkins, and awarding of diplomas by Mr. Edwards.

The students were given a look into the future as the class prophecy was read. A few found out what the ten years following their 1970 graduation would hold. They learned that Brenda Moore was married and lived in Hollywood, Kurt Fromm was

playing Matt Dillon on T. V.; Billy Martin was grade school principal of Floydada; Stephanie Bethard was a ballet dancer in manager of the Matador Ranch; Lucretia Sandefer owned the Matador Theater.

Don Cox was a famous football star; Wanda Matney owned a beauty shop in Plainview; Sue Robbins was studying music in Europe; Nancy Hawkins was a famous movie star; Elaine Dixon was married and lived in Whiteflat; Franklin Jameson was a double for Elvis Presley; Vicki Jameson was married and lived in Lubbock.

The class's motto was, "Be kind to one another." Their flower was the pink carnation.

## Models Display Latest Fashions Recent Annual Spring Style Show

The latest in fashion apparel paraded across the Matador High Auditorium Tuesday last week (May 6) when making classes, under the supervision of their teacher, L. Fair, presented their Spring Style Show.

Winners went to three of each class. Winners were chosen from lovely spring fashions by the homemaking classes. The girls were appearance, poise, and of their ensembles.

When winners were announced, Linda Campbell, 1st, Linda Barton, 2nd, and Ida Fair, 3rd.

From the sophomore class, the finalists were, Carolyn Pohl, 1st; Linda Seigler, 2nd; and Jan Barton, 3rd.

All four junior entries in the show placed. They were Patti Craven, 1st; Charlotte Campbell, 2nd; and Betty Davis and Ray Davis tied for 3rd.

Balloons and bouquets set the theme for the revue as Francine Craven narrated. Mike Groves furnished piano music.

A short musical program followed the style show, while the judges made their decisions. Three of Mrs. J. R. Whitworth's speech students, Olivia Campbell, Karol King, and Max Barton, recited. Piano selections were played by students of Mrs.

## Church and Social Activities

Mrs. Charles Allen Bird

### RECENT RITES IN MICHIGAN UNITE NANCY MARTENS, CHARLES A. BIRD

A recent marriage of interest to friends here, was that of Miss Nancy Elizabeth Martens of Vicksburg, Mich., and Charles Allen Bird, of Midland.

The sanctuary of the First Methodist Church in Vicksburg, was the setting for the rites on April 26. The Rev. George P. Stanford, pastor of the church,

officiated. Parents of the bride are Mr. and Carlton C. Martens of Vicksburg. She attended Vicksburg Community High School and Western Michigan University in Kalamazoo, Mich. Before her marriage, she was an airline hostess with Continental Airlines.

The bridegroom is the son of Mrs. Ethel W. Bird, 2609 Lockwood Street, Midland, and the late F. A. Bird, formerly of Matador. He attended Allen Academy in Bryan and Texas Christian University in Fort Worth. He now is engaged in ranching. His grandfather, C. D. Bird, resides in Matador.

Following a wedding trip to Chicago, Ill., and Phoenix, Ariz., the couple will reside at 1100 West Kentucky Street in Midland.

The bride wore a ballet length gown of nylon organza Chantilly lace. The petal bodice was designed with a sweetheart neckline of Chantilly lace accented with seed pearls and short lace sleeves. The same lace pattern was repeated in the bouffant skirt. Her elbow length veil fell from a half-circle of white tulle and pearls, and she carried a white Bible topped with a white orchid and lilies-of-the-valley.

Joan Martens of Vicksburg served her sister as maid of honor.

T. O. Midkiff of Midland was the best man. Ushers were John Martens, Otto Kaak, Jr., and Robert Rainwater, all of Vicksburg. A reception was held in the social room of the church, and a buffet dinner was served to members of the bridal party and immediate family.

### Mothers Honored in Church Worship

Special recognition was given mothers in services Sunday morning at local churches.

At the Methodist Church, Mrs. Ellen New was honored as the oldest mother present, and Mrs. Roy Grundy of Silverton, the former Lucretia Edwards, was the youngest mother.

Mrs. Ben Keltz received the honor of "Mother of the Year" at the First Baptist Church. For the second year, Mrs. C. C. Renfro received the corsage for being the oldest mother present. Youngest mother was Mrs. Darwin Scott, of Brownwood, the former Sue McCaghen.

Pinning the corsages for the Baptist mothers, was Mrs. Elbert Reeves last year's "Mother of the Year."

### COME TO CHURCH SUNDAY

### Photography Takes El Progresso Club Down Memory Lane

Members of El Progresso Club were taken on a trip down "Memory Lane" Thursday as they viewed movies made in former years, and saw many familiar faces on the screen who are no longer here. Some have since died and others have moved away.

The program was on "Photography," with Mrs. W. N. Pipkin as leader. Meeting in the home of Mrs. G. E. Hamilton, they were greeted by the hostess, who was attired in a floor-length trapeze-type garment of the 1890 era.

Following a devotional stressing appreciation, Mrs. Pipkin paid tribute to Mrs. Hamilton for her unselfish service to the community in church and civic activities through the years.

The program, "Lest We Forget" was presented by Mrs. Hamilton and included a brief history of the beginning and progress of photography, followed by home movies made over a period of years. Shown were club officers and their families, and scenes of special occasions, including flower shows, a "Gay 90's" party and a costume party, shot by Mrs. John Hamilton. Some of the more recent scenes had been made by the late Harry Willett.

Presiding at the meeting was Mrs. W. F. Jacobs, president. Three guests who were welcomed, were Mrs. Charlie Pearson, of Paducah, Mrs. Ben Keltz and Mrs. Edgar Lee. Members present, other than those mentioned, were, Mesdames W. W. Clements, A. J. Daffern, W. D. Lipscomb, Frank Pohl, Fred Simpson, Ralph Stapleton, Freeman Thacker, A. C. Traweck, Jr., U. L. Wiile, J. L. Woodruff, Marvin Brotherton, Joe Bloodworth, A. W. Ford, Gene Hawkins, and Douglas Meador; and Misses Mary Keith, Sue Glenn and Amy Glenn.

Luncheon Planned  
Plans were discussed for the club's final meeting of the year, which will be the annual closing luncheon on May 22. Members may invite guests to

the luncheon and are requests to notify Mrs. Freeman Thacker of the arrangements committee, not later than Monday, May 19, whether or not they plan to attend, and the number of their guests.

### Couple United in Fort Worth Rites

Announcement is made of the marriage Sunday May 11, in Fort Worth uniting Mrs. Emma McMahan, of Dimmit, and the Rev. H. T. Harris, pastor of the Baptist Church at Whiteflat.

The ceremony was read at 2 p. m. in the South Fort Worth Baptist Church. Officiating was Rev. Harris' only son, Rev. Clifford Harris, and pastor of the church.

Relatives of the couple attended, and included several of Mrs. Harris' sons and daughters.

After spending several days in Fort Worth and Dallas, Rev. and Mrs. Harris are at home at the Whiteflat Baptist parsonage. They have known each other since 1929 when Rev. Harris was pastor of the Espuela Baptist Church near Spur, and the McMahan family were members of the church there.

### Worth of HD Work Told by Members

Matador Home Demonstration club met in the home of Mrs. W. W. Clements on May 1, with the vice president, Mrs. G. E. Hamilton, presiding. The meeting was opened by prayer by Mrs. W. B. Vaughn.

Roll call was answered with "What home demonstration work means to my family." A report was given by the council delegate, Mrs. Fred Simpson. Members were reminded of the all-day meeting on June 6 at Whiteflat, which will be conducted by Mrs. A. L. Fair.

BEST LOOKING—For the second successive year, Miss Pat Craven, daughter of Mr. and Mrs. J. D. Craven, received the vote as Most Beautiful Girl in Matador High School. She is junior, Richard Stafford, senior, and son of Mr. and Mrs. L. Stafford, was voted the Most Handsome Boy.

duct by Mrs. A. L. Fair. The club voted to pay \$10 on the water project for the cemetery.

Recreation was led by Miss Margaret Wilkerson and Mrs. Simpson, and refreshments of spiced tea and cookies were served to those mentioned and the following: Mesdames W. L. McWilliams, Floyd Henderson, Sterling Price, T. W. Campbell, Ike Rushing, H. S. Watson, C. P. Wayburn, and Lou Jones, and Mrs. Jones' mother, Mrs. Ollie Wallace, of Artesia, New Mexico, who was a visitor at the meeting.

After the club adjourned, the group made a tour of the south side of town to view the yards.

### ARRIVAL ANNOUNCED

Mr. and Mrs. Thomas Bourland of Lubbock are announcing the birth of a son, Monday night, May 12. He weighed 7 lbs. 14 ozs. and was named Boyce Earl. Their other son, Albert, 6, is spending the week in Matador with his grandparents, Mr. and Mrs. Fred Bourland.

### Former Senator Karl L. Lovelady Announces for State Senator

### TO THE VOTERS of the 30th SENATORIAL DISTRICT . . .

I take this means of announcing my candidacy for the office of State Senator of the 30th Senatorial District in the forthcoming Democratic Primary. I make this announcement after careful and considered appraisal of the voiced opinions of the many persons who have come to me and that I have gone to see, who have insisted that I make this race based on my past record in the State Senate of Texas to keep the state out of debt and to vote a vote for all the people and not a vote for the chosen few.

I base my candidacy on the following platform:

**HONESTY AND INTEGRITY—**  
The past few years have brought dark clouds of dishonesty and corruption in our state department, and I for one, if elected your State Senator, propose to do my part to see that the people of Texas shall once again have confidence in our government.

**FARMING —**  
I believe in a broader "Farm-to-Market" road program, by trying to get an additional \$50,000,000 per year to the amount now spent, for more farm roads.  
I believe in a much broader rural electrification and rural telephone program so that every farmer will benefit.  
I would like to see a state supported experimental farm, to be located in the heart of the vegetable growing district, for experimentation in the growing of vegetables.  
I would support a program to conserve our surface water supply by the state expending money for the construction of dams on all rivers and draws where needed. (In doing this we would also have places for recreation right here in West Texas.)  
I would amend the present employment law so that the TEXAS EMPLOYMENT COMMISSION would bring into any given area suitable labor to be used on the farm where said labor is not locally available, at the time when this labor is most needed by the farmer.  
I would vote for and support a stronger seed regulation law in order to put this state on a par with other states in seed regulation. I will always oppose any legislation to unionize farm labor.

**SCHOOLS —**  
A stronger emphasis on the teaching of the basic subjects of reading, writing and arithmetic in the lower grades, and on mathematics and science in high school, so that we can better equip our students to preserve our leadership as a nation in the world.  
Better pay for all school teachers, and more money for better school

plants should receive salaries equal to other professions of similar education and training.)  
I think we should have a state supported Junior College near the center of the district so that buses can run from the various towns carrying students to said college.

**BUSINESS —**  
I would abolish the State Store Tax, levied on stores that sell cigarettes and charge the collection of all taxes and cosmetics, etc., now collected by the merchant to that of the manufacturer who makes them. (In fact I think the merchant, farmer and all retail businesses should be taken out of the business of collecting taxes for either the state or the federal government.) It is about time the small business man got a break in this government of ours.  
The present "Hot Check" law should be amended so that when any person gives or passes a check whether for cash, to pay a bill or to receive merchandise, he or she may be handled by the proper court if said check is not honored at the bank for payment.  
Any person who makes a bill for groceries, clothing or drugs, same being necessities, the merchant should have stronger laws than we now have for the collection of said debts.

**LOAN SHARKS —**  
I would vote and support a law to place all loan companies under the same regulations as the Banks are now under.

**CITIES AND TOWNS —**  
I believe that all cities and towns in the state should be given aid from the state, based on population for use in building streets, alleys and for the purchase of highway rights-of-way through their cities and towns. (As you know all this expense is now carried by the property tax payer who already has all the burden he can carry.)

**PROFESSIONS —**  
I believe that the present laws regulating the illegal and unethical practice of law, medicine and healing arts should be strengthened so that the public may be better protected, and any professional person or so called professional person who, either in private, in public, or in print, willfully misleads the public to obtain a client or a patient should be prosecuted by law for so doing.

**WELFARE —**  
I would give additional aid to all persons under the welfare program where need can be shown to exist. (Any increase in pension checks, etc., would help our economy because they spend their money on the necessities.)

**OFFICIAL NOTICES AND CITATIONS —**  
I would vote for an amendment to the present law on official notices and publications to provide that all official notices and citations now posted at the court house door be published in a newspaper in the County so that the public will be properly informed, and that individual citizens affected will not be deprived of their just rights under our laws.

**FREE PRESS —**  
Our laws should be amended so that all government records and all government meetings shall be open to the press so that the people may be informed on all happenings and acts of the government of state, county and political subdivisions.

**TAXES —**  
The State Comptroller has estimated that by January 1, 1959, the State shall be about \$100,000,000 in debt, thus the next session of the Legislature will be faced with the duty of getting the state out of the "red." I think that this can best be done by the abolishing of needless jobs and the elimination of duplicate functions of various state agencies, none of which render any service to the tax payer. With times getting harder economy should start at Austin.  
I would abolish the State Property taxes, as the property tax payer now has too great a burden to carry in supporting our school, cities and county governments.

I am not supported by any clique or clan, nor am I fighting any group or individual in this campaign, but if elected your State Senator, I will be your State Senator in fact and in truth, and the fighting that I will do will be on the floor of the State Senate, fighting for your interest. I implore that each person reading this announcement check my past record in the legislative halls of Texas, and as a public spirited citizen in the community in which I reside.  
I am outspoken in my beliefs and never ride the fence on any issue.  
Trusting that you will take this announcement to your heart for the good and future prosperity of this district, and that we all go forward together with progress consistent with our times for the good of all of us.

SINCERELY,  
Karl L. Lovelady

### Taxpayers' Dollar Buys New Horizons For Youth in Obscure Eskimo Village

By Mary White

Are you a taxpayer? How easy to answer that with an expressive, perhaps explosive, yes! Do you know what your tax dollar buys? "Ah . . . . ."—and the clear, pithy retort some of us would like to make just is not forthcoming.

Witness with me a little drama. The scene is an obscure Eskimo village off the Bering Sea. Nineteen shacks, a church building, the ancient, leaning store, and a few scattered caches are the total of its tangible assets.

On a cliff overlooking the sea sits a modern, well-equipped school plant. It was built and is operated and maintained by federal tax money under the auspices of the Bureau of Indian Affairs.

The time is early September. A bush plane buzzes the village before landing. Hurrying up the path to the airstrip, the first villager to arrive learns from the pilot that he has come for the student going to Mt. Edgecumbe, a boarding high school for native boys and girls. It, too, is operated by Federal tax money.

Hearing the news cascade down the path, our star character, Aloon, runs to the school. She is instructed by the teacher to get her things and board the plane.

Aloon, the student, is ready for other teachers and higher education; but, there is more. Aloon, the girl, — what lies ahead for her?

Born in this village, her world for fifteen years has been the few miles up or down the coast that she has gone for fishing or berry picking. Her entire contact with Stateside civilization has been the three teachers who have served the village school during her grade years. She has never been away from her family of five brothers and four sisters, and family ties are strong.

Native economy in her area was always severe and of late years has become even more so. Hunger is her familiar enemy. In a dim way she has become conscious that to survive she must learn to earn money. Schooling, she has been told, is the answer.

So, with the bravery of a soul only "aeds zaino ojuq zuzunuaa ona plunges into four years of separation from her family and her familiar little world of the spruce-bordered cove. She will enter the seven-day, clock-regimented world of the white man. She will try to absorb his knowledge and acquire his skills.

As the plane takes off into the "awful unknown" for Aloon, her eyes must surely widen — with the fearful thrill that comes to each soul with its first glimpse of new worlds.

For new worlds, both geographical and mental, I like to think it was my tax dollar that pushed back the horizons for one brave little Eskimo girl.

**QUALITY DESIGN PERFORMANCE**

This beautiful new Sterling evaporative cooler is designed for lasting beauty and low-cost operation. With its clean, sharp lines and two-tone color styling, it represents the latest advances in functional design and construction. Equipped with push-button switches, air volume control, and 16-way adjustable plastic grilles, it provides complete control of the air for cooling or ventilating, plus all the other features listed below.

**4000 CFM \$119.95**  
completely assembled

- Heavy Hammertone Baked-Enameled finish — for beauty and long life.
- Positive Filter Pad Holders — prevents filter pads from sagging.
- Motors Mounted on Rubber Cushions — General Electric or Westinghouse motors on all units.
- Filters of White Aspen Wood — highly absorbent, assure maximum efficiency.
- Balanced Blower Wheels — for quiet, efficient, full-capacity operation.
- Plastic Grilles — adjustable 16 ways for complete air control — up, down, side-ways, straight out.
- 100% Hot-Dipped Galvanized Steel — for strength and long life.
- All-Welded Construction — for greater rigidity and trouble-free installation.
- Sleeve-Type Bronze Bearings with Oil Reservoir — insure quiet, long-life operation.

Completely Assembled with factory installed pump and float — ready to install in all double hung windows, even the small 24"

Adjustable Water Troughs — may be adjusted from outside with cooler in operation.

#### Awards Presented

Francine Craven, daughter of Mr. and Mrs. J. D. Craven was named FFA sweetheart and presented with the coveted FFA jacket. As a surprise gesture, Richard Stafford, in presenting the jacket, kissed the new sweetheart.

Five other awards were made. Bill Fish received the soil and water practices award made by the Future Farmers Foundation. Kent Gray received the award presented for outstanding work in farm mechanics.

Richard Stafford received the DeKalb award for leadership, project programs and general accomplishment.

Harry Campbell received the award designated for the boy who has best served the Matador FFA (next year the award will be given for the best project program).

Dayton Graham was presented the "Marvin G. Brotherton Memorial Award" which consists of a trophy and \$25 in cash. Presentation was made by Glen Brotherton, son of the late Rev. Marvin G. Brotherton who was a steadfast patron and sponsor of FFA work.

The program was concluded with the showing of a color film, "Here and There With FFA" which depicted the outstanding work being done by FFA boys throughout America. It was a dramatic testimony to achievements resulting from high school FFA training.
