TRAIL DUST

By DOUGLAS MEADOR

Permanent salvation to an erring man often comes through experience and hours of private meditation...

The evil of drink is overcome by the few who turn away from the cup without the aid of any outside agency...

Two women clinging to the last few flimsy threads of youth, approached the cross-roads at that restless hour when nomads of the highways become aware of the sun's ultimate intention...

When fate used to bellow at him he would throw back his head and laugh because he loved the fight of life...

Trails lead in from the past to the head of a dry ravine where the wheels ceased turning on an old buckboard...

The orb, ploughed by these scattered hoops of steel, remains as the space where a lost planet blazed an unknown course before falling back into oblivion...

Carnival, Jubilee Festival, gigantic  
fireworks program and dedication  
of a memorial shaft to the Pioneer  
men and women of Houston.

One of the most spectacular of  
the Water Carnival attractions  
will be the aquatic parade of  
lighted boats and illuminated  
floats moving down the Houston  
ship channel along the bayshore.  
Beautifully costumed girls, riding  
the floats will dance to music  
from a "floating orchestra." The  
mammoth fireworks display is  
designed to eclipse anything of its  
kind ever staged in the Southwest  
both as to size and beauty. Hous-  
ton's Jubilee Festival will convert  
Main Street into a veritable Coney  
Island with entertainment galore  
and street dancing to the accom-  
paniment of several bands.

A series of patriotic services will  
be held on August 30 commemo-  
rating the founding of the city of  
Houston including dedication of  
the impressive monument—Pioneer  
Memorial—erected by the  
San Jacinto Association.

**The Capital Onlooker**

(By Charles E. Simons)

AUSTIN, Texas, Aug. 19.—Now  
that the personnel of the next  
legislature largely has been de-  
termined in the recent Democratic  
primary election, this politically  
minded capitol of Texas is turn-  
ing its attention again to issues  
that will confront the new group  
of lawmakers. The list of prospec-  
tive legislation is replete with  
many major subjects and members  
of the 45th legislature will find  
their work sheets dotted with  
knotted problems.

Because of the scores of im-  
provements recently undertaken  
with the aid of federal emergency  
funds, much attention doubtless  
will be given to plans for addition-  
al public betterment by the next  
legislature. During the last legis-  
lature laws were enacted, some  
only after bitter fights, creating  
the Lower Colorado River Author-  
ity, giving effective working  
machinery to the Brazos River  
Conservation and Reclamation  
District and establishing many  
other water control and improve-  
ment projects.

**Additional Projects**  
That there will be additional  
projects along the lines of these  
improvements proposed at the  
next session of the legislature, or  
changes suggested in laws already  
enacted, appears certain. The  
necessity for flood control work  
has been forced to the attention  
of the public by the disastrous  
high waters of the past few  
months on the state's large water-  
sheds, particularly the Brazos and  
Guadalupe. Had flood control  
plans for these watersheds been  
in actual operation many lives  
and millions in property would  
not have been destroyed.

In connection with the Brazos  
River agency the legislature voted  
to relinquish the state property  
tax in several counties in the  
district to aid in financing this  
important project. This was the  
only district so favored and the  
tax relinquishment feature was  
the most hotly contested factor.  
Leader in the strategy in this  
campaign was Senator Albert  
Stone of Brenham who worked  
tirelessly in drafting a law that  
was agreed to a majority and  
yet provided the necessary ma-  
chinery to effectively carry out  
plans for the watershed.

Senator Stone's strategy with  
respect to the Brazos River bill is  
regarded by observers as one of  
the high points in finesse in the  
last legislature and was successful  
despite the opposition of a strong  
and capably managed group who  
vigorously opposed, in principle,  
the relinquishment or diversion of  
any of the state's taxes for im-  
provements of this nature. The  
relinquishment of the taxes was  
the key in financing the project  
and without it the improvement

could not have been undertaken.

**Army In Charge**

Army engineers are in charge  
of the construction of the first of  
the series of dams in the Brazos  
River project. This is the Possum  
Kingdom Dam, the upper of three  
projected for Palo Pinto county.  
Here the Army is sinking holes,  
some of them three feet in diamet-  
er, into the foundation formation  
to determine its geology. Some of  
the 36-inch holes will go down  
200 feet and elevators will be in-  
stalled so geologists and engineers  
may make a first hand inspection  
of the formation.

Bids on the dam probably will  
be received about October 1.

**Thirteen Dams**

Thirteen dams are included in  
the master plan for the district.  
They will control the variations in  
the flow of the river, keep flood  
waters in check and conserve the  
surplus supply for periods of  
drought. That the sometimes lazy  
old Brazos can get up and roar  
with terrifying devastation is  
shown by records of the state  
board of water engineers. At Waco  
where the river has been gauged  
for 33 years, the river's flow rang-  
ed from zero to a maximum of  
134,000 second feet, with an aver-  
age mean flow of 2,550 second  
feet. The flow at Mineral Wells  
ranged from zero to 95,600 second  
feet with an average flow of 1,450  
second feet.

Air maps and surveys have been  
completed by engineers on several  
of the reservoir areas and the dis-  
trict now is preparing to acquire  
land that will be submerged. When  
the project gets into full swing  
jobs will be provided in the  
watersheds for many thousands  
of workmen.

**Hospital Notes**

**SPICE GINGER BREAD**

- 1 cup molasses
- 1 cup butter
- 1 cup brown sugar
- 1/2 cup buttermilk
- 3 eggs
- 1 cup hot water
- 1 tsp. soda
- 3 cups flour

1 tsp. each of ginger, cloves, cinnamon, nutmeg and salt

Dump molasses, milk, melted butter, sugar and unbeaten eggs into a bowl and beat until well mixed. Dissolve soda in hot water, pour into molasses mixture and beat until it begins to foam. Add flour and spices which have been sifted together 3 times. The batter should be very stiff. Pour into an oblong baking pan and bake in a moderate oven 350 degrees F. for about one hour. Let cool in pan, remove and cut into squares.

**LEMON CHIFFON CAKE**

- 3 cups flour
- 1 1/2 cups sugar
- 2-3 cup butter
- 1 1/4 cups water
- 4 eggs
- 3 tsp. baking powder

juice and grated rind 1 lemon

Cream butter and sugar thoroughly with the hand. Add well beaten egg yolk. Sift flour, baking powder and a pinch of salt together 8 times. Add to butter mixture alternately with water. Beat egg whites stiff and fold into them the lemon, then fold into batter. Pour into slightly greased tin and bake for 1 hour in moderate oven 375 degrees F. Let stand in pan until cool.

**LEMON CHEESE CAKE**

- 1/4 cup butter
- 1 cup sugar
- 1 tsp. grated lemon rind
- 1/2 cup cream
- bread crumbs
- yolks of 4 eggs

Cream butter and sugar together thoroughly, add unbeaten eggs one at a time beating thoroughly. Sift flour and baking powder together four times and add to creamed mixture alternately with milk,

- 1 tsp. lemon juice
- 3/4 cup flour
- whites 4 eggs
- 1 lb. cottage cheese

Cream the butter. Add the sugar and cream together. Add the unbeaten egg yolks, one at a time. Beat each into the mixture well before adding the next one. Add the juice and rind of the lemon. Mash the cheese through a strainer before mixing it with the flour and cream. Add the cheese mixture to the butter mixture. Combine the two thoroughly. Beat the egg whites until stiff and carefully fold into the mixture. Pour into a deep greased baking pan which has been dusted with fine bread crumbs. Bake in a very moderate oven (325 degrees F.) until the cake is set or until it is firm when touched with a finger, about 1 hour

**MY GRANDMOTHER'S POUND CAKE**

- 1 lb. butter
- 1 lb. sugar
- 1/4 tsp. salt
- 1 lb. flour
- 11 eggs
- 1 tsp. nutmeg

Cream butter and sugar together with the hand and it must be creamed until every grain of the sugar is dissolved. Add the well beaten egg yolks which have been beaten until light, creamy colored and full of air. Then fold in the flour that has been sifted three times with the salt. Beat 30 minutes. Lastly fold in the stiffly beaten egg whites and nutmeg. Mix thoroughly, but do not beat. Pour into well greased pan and bake in slow oven 300 degrees F. for 2 hours.

**PINEAPPLE CAKE**

- 6 slices pineapple
- 3/4 cup salted almonds chopped
- 1 cup powdered sugar

Roll pineapple in powdered sugar and place close together in a buttered tin. Sprinkle chopped almonds over each piece of pineapples. Pour over this the following cake batter:

- 2 cups flour
- 3 tsp. baking powder
- 1/2 cup butter
- 1 cup sugar
- 2 eggs
- 3/4 cup milk
- 1 tsp. almond extract

Cream sugar and butter together thoroughly, add unbeaten eggs one at a time beating thoroughly. Sift flour and baking powder together four times and add to creamed mixture alternately with milk,

then add flavoring and beat for a second or two. Pour over pineapples and bake at 450 degrees F. until brown. Remove from pan when cool. Cover with any good frosting and sprinkle heavy with cocoanut while frosting is soft. Serve by cutting into squares of any desired size. This cake is to be eaten with a fork instead of the fingers as most cakes are.

**RAINBOW CAKE**

- 3/4 cup butter
- 4 eggs
- 3 tsp. baking powder
- 1 1/2 cups sugar
- 3 cups flour
- 2 tsp. vanilla
- 1 1/4 cups milk

Sift flour and baking powder together four times. Cream butter and sugar together, then well beaten egg yolks, vanilla and beat well. Add flour and milk alternately beating constantly, then fold in stiffly beaten egg whites. Divide batter, color one-half with chocolate and the other half with red color paste. Pour chocolate batter in greased loaf tin, then pour red batter in on top of chocolate batter and bake in 375 degrees F. oven for one hour. Let cool and cover with white frosting.

**Parole Conference To Take Place At Galveston In Fall**

AUSTIN, August 19—The eyes of the nation have been turned on Texas and Governor James V. Allred's novel experiment in setting up volunteer county parole boards to handle paroled convicts, it was declared today by W. W. Halcomb of the State Department, in charge of detail work in handling the county boards.

As a result of this interest Governor Allred, at the insistence of national leaders, has called the First Southwestern State Parole Conference which will be held in Galveston, September 2 and 3. Model state laws governing parole

as well as interstate supervision and uniform procedures for release of men from penal institutions will be discussed thoroughly. The theme of the conference will be "Breaking the Vicious Circle of Crime." It is expected that as a result of the conference the delegates will be in a position to suggest helpful legislation in their respective states.

**Governors Cooperate**

Five Governors, other than Governor Allred, have either expressed their intentions of attending or sending representatives. These are the Governors of: Arkansas, Louisiana, Oklahoma, New Mexico and Arizona. Prison and parole officials and Attorneys General of the participating States will likewise be present. Arrangements for the entertainment at Galveston are under the direction of C. P. Evans, Chairman of the Galveston County Parole Board. Governor Allred will, of course, be the host for the occasion joined by Attorney General Wm. C. McCraw. Program arrangements are in charge of W. W. Halcomb.

Among the distinguished guests who have declared their intention of attending is Warden Lewis Lawes of Sing Sing Prison. Ray L. Huff, National Parole Executive for the Department of Justice will likewise be present.

Special section of the conference will be devoted to the Press and will be headed by leading newspaper publishers and editors of the Southwest.

**Accept this Advice!**  
before you buy ANY Refrigerator!

**BASE YOUR CHOICE ON PERFORMANCE!**

- A Good Refrigerator must . . .**
- Keep Foods Safely!
  - Freeze Ice Quickly!
  - Operate at Low Cost!

**FOR TRUE VALUE . . . BUY AN ELECTRIC REFRIGERATOR!**

- All refrigerators are not alike. All do not offer the same value or provide the same performance. Neither price nor appearance determine true refrigerator worth. The basic test of any refrigerator is its ability to provide satisfactory trouble-free performance all the time. Many buyers overlook this fact.
- Buy your refrigerator this way!
- First, and most important, demand that it maintain temperatures below 50 degrees. Many refrigerators cannot. Yet in temperatures over 50 degrees, food spoils quickly and endangers health.
- Second, demand that your refrigerator freeze ice quickly. If it cannot, you are not receiving true refrigerator value. You must have fast-freezing ability in summer when ice needs are many and when frozen desserts are an important part of menus.
- Third, look for low operating cost. But remember, low operating cost is worthwhile only when the above performance is maintained.
- Demand evidence of such performance when you buy. If you do, you will choose a modern electric refrigerator and receive the utmost for your money!

**Thompson Leads Morris In All But 12 Counties**

The map above shows the positions of Ernest O. Thompson, chairman of the state railroad commission, and Frank S. Morris, second man, in the first primary vote in the road commission race in July. Last figures on the race showed that Thompson had led Morris 288-170 votes and had almost carried the election by a majority over all of his opponents.

Despite the overwhelming lead his opponent, Morris is making a campaign in the run-off primary

Aug. 22 against Thompson. The shaded area shows the counties in which Thompson led Morris. The white ones were the only ones in which Morris ran ahead of the forceful railroad commission chairman. In the white counties, Morris' lead was only 9,666.

to the attention of officers here. For the past several months there has been but few reports of cattle stealing.

A. O. Coog of Northfield reports that two heifers and one cow were taken from his place during the past three weeks, and it was also reported that three yearlings were stolen from the Ross place north of Childress.

**McDonald Receives Support In Speech**

ROUND ROCK, Tex., Aug. 18.—Hon. George A. Davisson, Jr., Representative of the 106th District in a speech at Round Rock Friday night announced his support of the candidacy of J. E. McDonald, for Commissioner of Agriculture. Representative Davisson discussed the investigation of the Agricultural Department stating that it was not a sincere investigation but that it was a premeditated move on the part of McDonald's political enemies and that he feels it is his duty as a citizen of Texas to let the people know the truth of the matter and his stand regarding McDonald.

Representative Davisson called on the people of Texas to re-elect McDonald in the August Primary in order that the 45th Legislature might have his cooperation in forming a plan necessary to be passed whereby Texas will cooperate with the Federal Government in the new Agricultural Program, and cited the fact that McDonald's opponent fought the National Administration at Washington and voted against important Farm Relief measures and that the citizens of his home county rebuked him for his failure to come to their aid at a time of dire distress.

**Soft-Ball League Reaches Play-Off**

The final and decisive games in the city softball league will be played today and tomorrow between the Cream Puffs, undefeated champions of the first half of the season, and the Lions Club, champions of the last half.

In case of a tie, another game will be played Monday to determine the seasonal champions. Games are played on the field north of town. Admission is free.

**Visitor Honored By Picnic At Springs**

Dorothy Fuller entertained her guest, Miss Florine Ellison of Rosebud, with an outing at Roaring Springs last Thursday.

Following a swim and games, the following guests enjoyed a picnic supper under the camp fire: Misses Ellison, Inez Pharis, Aileen and Louise Wright, and the hostess.

Miss Ellison returned to her home Friday, accompanied by her sister, Mrs. Gene McCauley of San Antonio, and her brother, Wright, all of whom have been visiting in the home of Mrs. W. W. Moore.

**FAIR TO OPEN SEPTEMBER 21**

**Tri-State Fair Will Be Larger; Offer More Features**

AMARILLO, August 17.—With increased cash premiums, more exhibit space, better amusement features and added departments, the Tri-State Fair will open its fourteenth annual exposition here September 21.

"Interest in the 1936 exposition has started earlier than ever in the history of the association and there is every indication of a banner year for the Tri-State Fair," declared O. L. "Ted" Taylor, secretary-manager.

Gene Howe—"Old Tack"—this year is president of the Tri-State Fair.

More than 4,000 catalogs, carrying a list of premiums amounting to approximately \$20,000 and all guaranteed for payment in full, have been mailed.

"The Tri-State Fair has the money in the bank right now to pay all the premiums offered," said Taylor.

Since the first catalogs were issued there has been a heavy demand for premium lists. Copies may be obtained by writing to the Tri-State Fair.

For the first time since 1932 the Tri-State Fair this year will have a full poultry department, arranged to meet the insistent demand of fanciers throughout the South-west. Earl Curry of Amarillo will be superintendent of the department.

Improvements Made  
"To accommodate the ever-increasing crowds that attend the Tri-State Fair the association since last year's exposition has spent approximately \$35,000 in improvements," explained Mr. Taylor.

The expenditures were made principally to increase exhibit space.

"The new poultry department will have a building of its own—so will the agriculture exhibits, both county and individual," explained Mr. Taylor. "The automobile building has been remodelled entirely, providing more dis-

play space for domestic arts, domestic science and other departments."

On the amusement zone this year will be the United Shows of America, which will come direct from the Michigan State Fair at Detroit, making a 34,000 railroad jump.

The fall meet of the Tri-State Fair races will begin Friday, September 18, at an improved plant. The races will continue throughout fair week.

**Texas Ex-Rangers Association Will Gather At Dallas**

DALLAS, Aug. 18.—All Texans and the American public at large are invited to participate in the picturesque festivities incident to the meeting August 20-22 of the Texas Ex-Rangers Association at the Texas Centennial Exposition. Major George R. Black, commander of the association, and the Exposition management, will be hosts to members of the organization. They will be housed, fed and entertained at Ranger headquarters on the Centennial exposition grounds. Major events of the

celebration are all open to the public.

Allred To Attend  
Governor James V. Allred will unveil the heroic bronze statue, "Texas Ranger", Friday, August 21, at 7 p. m. with impressive ceremonies. King Vidor, noted director will present the statue to the Rangers of Texas in behalf of Paramount studios. Jean Parker, Fred MacMurray, Jack Oakie and other famous picture stars will attend.

There are 12,000 square feet of floor space in Cheyenne Joe McIntire's night on the Yukon dancing place adjacent to Ranger headquarters. With the big public held on the night of Saturday, August 22, Rangers are privileged to ride into it on horseback and refresh themselves at the longest bar in the world. Old-fashioned square dancing in costume, and cowboy songs and skits will feature the program.

**Moving Pictures To Be Made At Dallas During Centennial**

DALLAS, Aug. 17.—Before the end of August, Republic Picture Corporation, a new and growing company in the film industry, will have officials in Dallas to make the first motion picture with an actual operating World's Fair as background.

Gene Autry, their leading man and star of many western films, is to have the lead in this picture, as yet unnamed. But Mr. Autry is the only actor to be brought into Texas for this film, according to Armand Schaefer, supervisor of Republic Pictures Corporation, who will direct the Centennial picture.

Seek New Talent  
"We are a young company," Mr. Schaefer said, "and we're honestly looking for new talent. Moreover, we expect to find it in Texas. We are not conducting a contest of any sort, with an optional contract as a prize. We will need forty or fifty characters for the filming of the picture, which we will start around September first. Any person in Texas is eligible. Dramatic training or affiliation with a dramatic group is not necessary. Public audition will be held at the Dallas Little Theatre. I myself will choose the actors for their personality and dramatic ability, whether trained or untrained.

"Work in the picture will then start immediately. There will be no waiting around. Those selected—and we must have about fifty—will be used immediately. And if out of this group we discover some unusual talent, we will, of course, take options on their services for Republic pictures."

Applications Invited  
Applicants throughout the state are invited to send in their pictures, names, ages, acting experience and training, if any. From this group the finalists will be selected for the public auditions at the Dallas Little Theatre, the date to be announced within a few days. All material should be sent to "Republic Pictures," Dallas

HOLLYWOOD  
By Marshall Fiske

Tetrazzini was booted in La Scala Theatre at Milan when she sang in La Traviata. This opera is based on the famous story of 'Camille'. Tetrazzini, weighing much over two hundred, in the last scene dies in the arms of her lover and supposedly of consumption. The Italians could not well reconcile her avoirdupois with the extreme emaciation that is peculiarly characteristic of tuberculosis, especially in its last stages—hence the booting.

CANDIDATES TO PLAY OFF TIE

REP. BOB ALEXANDER

Reading left to right, these candidates are Representative Bob Alexander of Childress County and S. R. Hodges of Hall County, who are in the run-off for state representative from the 121st district, comprising Childress, Hall, Motley and Cottle counties. Representative Bob Alexander only lacked 93 votes having a majority in the Democratic primary election July 25. He will speak at the Motley-Dickens County Old Settlers Reunion at Roaring Springs, Friday, August 28.

S. R. HODGES

Incidence, while others thought it was but a symbol of their great love—you know, a lot of devastating fire-works. Still others there were who would swear that their love-making caused all the trouble and the fuse could not stand the awful strain.

Mr. Taylor told me the first day of the picture that he had not slept a wink the night before—so nervous was he with delightful anticipation—none of this showed in their first scene together. All was poise and calm circumspection. He made an ideal 'Armand'. In the supporting cast of 'Camille' are many well-known people. Among others, Laura Hope Crews who plays 'Prudence' and is a finished actress from the New York stage where she has starred in many plays. Then there is the dark-haired and dark-eyed exotic actress, Lenore Ulrich, who plays the part of 'Olympie'. She was in her day a famous Belasco star in 'Tiger Rose', etc. Mme Aldrich plays a minor part and was in turn a singer of Wagnerian roles at the Metropolitan in New York. Besides these, there are Gertrude Astor and Maylon Hamilton, also well-known in their day.

The young daughter of Mme. Matzenauer, the singer, was originally scheduled to play the prima donna lead in the 'Can-Can' number on the stage of the theatre scene. At the last moment she was stricken with appendicitis and was rushed to a local hospital for an emergency operation. Her role was taken on the spur of the moment by Jean Acker, who, it will be recalled, was Rudolph Valentino's first wife and instrumental in getting him his first engagement in the movies.

So you see the supporting cast fairly bristles with 'names'. All this but adds interest to the picture.

Greta Garbo is a very fine actress but often mis-cast, but in 'Camille' she is ideal for the part. No other actress has impressed me as much as has Garbo. Her eyes, but above all her great magnetism that makes itself felt so strongly when you come within its range. You then not only see Garbo, but you feel her. You cannot keep your eyes off of her in consequence. It's very rude, of course, this staring—but practically impossible not to do so when she is near. No one, that is no outside visitor, is ever allowed on the set when Garbo is acting, so I feel it is a privilege to have the opportunity to do so.

So when 'Camille' comes your way, don't miss it—you will have a great treat in store for you.

GLORY IN PAY ENVELOPES

Not very long ago a city in Texas decided to have a show and in keeping with the generally accepted standards of this immense state, it was arranged that the show should be a big one. Naturally to stage a big show it was necessary that a big man be secured to manage it, so this city hired a big man for one hundred days, at a salary in keeping with his ability and Texas tradition. It was a nice amount to write in a letter to aunt Emma in Iowa with the also traditional Texan's pride.

However, if aunt Emma read the August 8 issue of the News-Week and was impressed by the article on the meteoric rise of Governor James V. Allred, she probably picked up a pencil and began figuring on an envelope as soon as she had read the last line. Aunt Emma or anyone could soon arrive at the result that one city in Texas paid a showman the same amount of salary for one hundred days work that the governors of Texas will receive in combined salary during the next twenty-five years. It will be just like aunt Emma and a lot of other people outside of Texas to figure it out.

The highly efficient Texas Highway Department pays a common laborer more money each month than does the state of Texas pay a Senator. Besides the extra voucher for glory a Senator cannot earn enough money on which to live.

Texas counties and cities know what Texas does not know. It is too expensive to seek a man big enough for any office and expect him to work for whatever glory he may be able to wring out of it. He may be proud of the honors that are bestowed upon him but he can not cash them at the bank, nor can he pay insurance premiums, buy a home, send his children to school or endorse them over to his grocer at the end of the month. Big men cost money and the purchase of their time and efforts represents the greatest economy it is possible to effect. It is essential that appearances of those filling the higher offices maintain a certain standard of dignity yet Texas has obviously overlooked the detail of costs which in most cases must come from the pockets of the office-holders and which unfortunately, can not be paid with checks drawn on balances of glory.

It is regrettable that this great empire, with eyes of the world focused upon its celebration of one hundred years of freedom and progress, should be forced to admit it openly invites disloyalty in state government by making it a choice between just compensation and poverty. Those in public office rarely reached their places by accident. They have paid in time and money for the ability to fill their positions and have the right to expect compensation in accordance with the responsibility that rests upon them. Less than that is to rob them of the most efficient days of their lives and at the end of office, leave them, wondering, perhaps, if the price of loyalty and service is not too dear.

In the State Amendments to be voted on in the general election the voters of Texas will have an opportunity to grant a modest request to raise the salary of several Texas offices. Fair-minded Texans will feel like writing-in double the amount named because it would be the best investment for the present and future of Texas that citizens and tax-payers could make. To pass the amendment will be to vote away the one little thing in an otherwise generous state.

FARMER'S LIFE

By ED HOLMES

I've been afraid sooner to write about the way I have turned my stock in the field but thus far it has worked fine—here are the facts:

For three weeks, 13 head of cattle and nine horses have been turned wild loose into 100 acres of crop land, consisting of 12 acres sudan, 60 acres cane, milo and hegari, 16 acres cotton and 14 acres of wheat stubble.

I really started it accidentally because I didn't have my sudan fenced separate and in herding my stock on the sudan until we could get the fence built, they would get into the feed occasionally. To my surprise, when I would drive them out they would only eat the careless weeds and grass. Well, I deliberately drove them out into the feed, left them and pretty soon they all came back to the sudan. If you know anything about a stubborn cow or her brothers, you will know I am telling the truth!

For a fact the 22 head of stock on the 100 acres in the last three weeks have about got sick, fat and have about cleaned the grass and weeds out of the field and fence rows.

People in passing come by to tell us the stock are in the field.

About every day I get afraid they have decided to eat the feed or cotton and go see. They are not. I don't believe they have ruined one dollar worth of feed or cotton. I have thus far sold at least \$30 worth of cream on your farm for nothing if you will do some planning and a little work.

Some of my feed is beginning to boot out and of course soon the stock will have to come out. You probably don't grow as much weeds and grass as I do and couldn't get by so easily.

Recently some fellows were talking and one remarked that it took good land to grow careless weeds. R. V. Tinnin spoke right up and said, "Ed Holmes has the best farm in the country then!" Good for R. V.

Again I wish to mention farmers and their grapes. Grapes are the one fine sure crop for this country. Chances are you have spent several dollars for medicine this late Spring and early Summer when plenty of good ripe grapes

would have been much better for you and certainly more pleasant to take.

Some people spend thousands of dollars going to France to take the grape cure. You can have the same good cure on your farm for nothing if you will do some planning and a little work.

RE-ELECT J. E. McDONALD OF ELLIS COUNTY Commissioner Of Agriculture

Continue A Progressive And Co-operative Administration

Records Are The Best Evidence

J. E. McDONALD... While Commissioner of Agriculture McDonald has, at all times, given close cooperation with both state and national agricultural agencies.

Confidence... The National Administration on numerous occasions called McDonald to Washington in conference with National agricultural leaders to aid in formulating measures to aid Texas farmers.

Action... J. E. McDonald was especially active in getting Farm Relief measures enacted into the National law, which entitled Texas farmers to receive millions of dollars from the National Government.

Terrill Vote... On the Farm Relief Bill, the House voted as follows: Yeas 387, HR page 4795; Nays 12 (including Terrill).

Courage... J. E. McDonald has met the problems of the farmer with courage and with constructive measures for relief.

TELEGRAM... "President Franklin D. Roosevelt Washington, D. C. Alto, Texas Feb. 6, 1934. We want you to know that George B. Terrill is not representing the sentiment of his home town in fighting the Administration."

The telegram was signed by F. L. Weimer, editor of the Alto Herald, Mayor E. P. Palmer and four members of the city council, C. L. Thomas, Clyde Coore, S. P. Fox and J. A. Shattuck.

Matadors To Receive Aid From Lions

Training Camp Will Open Monday At High School

Members of the Matador Lions Club will finance the two weeks' football training camp to begin next week at the high school.

At the Tuesday meeting of the club, Coach R. P. Terrell forecast a promising year for the team. A meeting of about 20 prospects was held Saturday afternoon, and about 28 to 30 boys are expected to attend the training camp.

The camp, originally scheduled to begin this week, was postponed because of a week's delay in the coach's arrival.

Terrell said that he would have a heavy team and promised a team of which the town could be proud after the boys have played two or three weeks.

The new coach pled for tolerance from sideline quarter-backs and grand-stand coaches. He disclosed that he builds his plays around the boys, and will announce details within the next few weeks.

Mr. Terrell will bring some of the prospective team members to a Lion's Club meeting in the near future for a demonstration of tactics and plays.

The boys will sleep, eat and practice at the high school for either two or three weeks. The entire group will remain at the camp, and eliminations will be made afterward.

Mr. Earnest, 52 years old, died of a stomach disorder at Carrizozo, N. M., after an illness of ten days. He is survived by his wife, who is an invalid, and his daughter, Mrs. Ted Hefren of Big Spring.

Brothers and sisters of Mr. Earnest, all of whom attended the funeral, are Dan Earnest of El Paso, Mrs. Lawrence Dorney of Los Angeles, Calif., Mrs. Mike Fronabarger of Abilene, Will Earnest of Lubbock, Mrs. Foy Bourn of Lubbock, and Mrs. Bob Echols of Matador. His mother was at Carrizozo at the time of his death, 6 o'clock Thursday afternoon.

Rix's Funeral Home of Lubbock was in charge of the burial. Mr. Earnest was buried beside his son in Lubbock Cemetery.

Miss Verlin Reeves, teacher in the local primary school, returned home Tuesday, from California, where she has been attending summer school with a unit of the Thompson Schools of Topeka, Kansas, specializing in tours.

Headquarters were maintained in Berkeley, California during the six weeks spent in California, with trips including visits to San Diego, San Francisco and Los Angeles. From California, the group proceeded to Vancouver, B. C. and returned home through

Starward-Bound

JANICE JARRATT Texas bids goodbye to "Sweetheart of the Texas Centennial" this week when Janice Jarratt, lovely San Antonio girl who found fame in New York as America's most photographed girl before returning to Texas as official state hostess for Centennial celebrations, signed a long-term movie contract and departed for Hollywood. Released from her duties by Centennial officials, the Texas beauty signed her contract in executive offices in Austin in the presence of Governor James V. Allred. J. Cheever Cowdin, chairman of the board of directors of Universal Pictures, and Harry Evans, Universal casting director, flew to Texas from New York to present the contract.

JUST PLAIN JOHN

The rugged men of the Southwest refused to observe the amenities when Vice President Garner visited the Texas Centennial Exposition. They had been warned the correct address was "Mr. Vice President." One glance at the ruddy features of the saga of Uvalde made him just "John" to the thousands.

Eat a pound of pecans and you have the equivalent of three pounds of beefsteak—with a consequent saving of cash. That is the analysis of pecan experts at the Texas Centennial Exposition who donned aprons and demonstrated the many ways in which pecans could be made appealing to jaded appetites.

Sistie and Buzzie Dall, the President's grandchildren, recently visited the Texas Centennial Exposition. In company with their father, they saw the educational sights, but had an eye only for the ferris wheel on the Midway, where they spent most of their time.

The champion soft drinker of the earth was recently unearthed at the Texas Centennial Exposition, but his name remains a mystery. Guests of an oil corporation for a day of special events, waiters announced that in eight hours he consumed two cases of a nationally famous beverage.

OLD SETTLERS ... (Continued from Page 1.)

Afton will lead a memorial service commemorating deceased members of the Association. Judge G. E. Hamilton of Matador will give the response, and a round table discussion will follow. Officers for the coming year will be elected.

Two Centennial markers will be dedicated with ceremonies, one at Tee Pee City and the other at Roaring Springs swimming pool.

Buttons On Sale Buttons are now on sale, and will be sold at the Reunion, as souvenirs of the celebration. They carry a picture of the old Roaring Springs falls, and the names of the officers of the organization, C. C. Haile, president, and Mrs. Smith, secretary. Proceeds from the sale of buttons will help defray expenses of the reunion.

Publicity for the celebration is wide-spread. In a colored folder issued by the Centennial organization, the event at Roaring Springs is described as follows:

"The picturesque little community that gets its name from the springs on Tongue River will observe Centennial commemoration with an old settlers reunion—the 14th annual gathering of pioneer descendants of that section."

Familiar Land-Mark The reunion at Roaring Springs which is sponsored by the Dickens-Motley Old Settlers Association, will be held on the site of an old familiar land mark. Here men and wild animals quenched their

thirst in the early days of West Texas. The springs were the only source of abundant water supply in this section. It is said that Quannah Parker, famous Indian chieftain, and his tribe pitched camp at these springs on numerous occasions while on hunting expeditions.

Included in the amusement program for the reunion will be horse races, goat-roping, tournament riding and ball games—two full days of entertainment.

The young fiddlers and amateur contests are open to all entries, and will take place on the afternoon of the second day of the reunion. Prizes are to be awarded. Congressman Mahon will speak at 2:30 Thursday afternoon, and will be followed immediately by Senator Nelson. The speakers will be introduced by Alton B. Chapman, district attorney.

Sound Equipment B. E. Needles of Lubbock is furnishing a loud-speaker system to be used on the grounds. All doors and windows of the gymnasium, where the Old Settlers hold their meetin, have been taken out. The gym has a total seating capacity of around 600.

In addition to awards in the various contests, a trophy will be presented to the winners of the softball tourney. The Brown Boys of Spur will furnish music. Concession stands will offer refreshments.

Mr. Haile, president of the Association, said, "We've got the best program that we've ever had." It is predicted that the crowd will number over 5000.

A mile-drawn merry-go-round which is 38 years old, operated by Harry Morris and Roscoe McWilliams, is an added entertainment feature.
