## TRAIL DUST

By DOUGLAS MEADOR

Small and frightened against the mysterious silence of night, a guinea-fowl's call splatters on the rim of oblivion as raindrops falling in the white river of the moon. It is a wild cry overflowing the levees of domestication and draining back to untamed ancestry in an African jungle. Perhaps it is an unknown language of the spirit whimpering for a transition which may restore the lost empire of endless forest, with its mighty rivers that more as flowing seas; the terror and the beauty of a moon-drenched jungle night. Or the purpose which ignited the fuse of impulse to the throat of the sleepless fowl may come from an older fire burning unseen through the centuries at the altar of propagation, and accepted as affinity by a prevalent, dominating animal which is also prone to become restless when obsessed by a similar mood.

Young men bear the yoke of love into baked fields of reality when they enter the gate of a new day and the whip of labor cracks their backs. They have journeyed only a few hours from the garden of love with its halo flares and harp music of soft words while the silver bells of promises still echo in the enchanted temples of memory. Their eyes fail to conceal the discoveries they have made in paradise, and during the earlier hours the voice retains its modulations as if in fear that small, shell-pink ears might still be listening.

Some kind power has spared them the knowledge that a maiden can quickly forget what was written on a page of romance as one forgets the song of a bird by the side of an obviously long road.

No other ordeal spends my store of sympathies with the free hand of motion at parting with a loved one. I have gone many times to write back the words I dreaded to speak; to feel hot tears in some miserable solitude, that would cut too deeply had I lingered to say goodbye.

Fame dropped into his lap as a last year's bird-nest falling from the upper branches of a dead tree, motionless in the drowsy spring day. But the opium of dreams, smoked too long in a pipe of hope, had drugged his soul, and dry, bewildered eyes searched the strange object which seemed baroque when it lay, at last, at worn finger-tips. It might have been as if he had viewed low, crimson sunlight on a distant river like molten gold chilled against green velvet, and finally arrived there to find muddy water straining through the ribs of a horse's carcass and vultures perched in ragged trees along the shore.

In the shell of a barren moment he knew that long ago he had received the true reward as struggle, privation and the sacred labor for an ideal.

Somewhere there must be a hill possessing a view from its crest which will not disclose a higher ridge in the distance. But I hope I never find it.

Cattle drift to the east fence and face the wind, mud tears clinging to the lids of gentle eyes; tolerant refugees exiled on a flooded isthmus, confident that time will make satisfactory adjustments in their condition. And cloven hoofs plod on until the trail reaches a narrow, gray chute where a blunt hammer strikes between trusting eyes to shatter the prismatic reflections from lost horizon of fealty.

Blue mist hangs in canyons leading from the foot-hill of the plains and opalescent sunlight weaves a pavonine carpet for wide valleys where angels must find pleasant accommodations during sojourns as emigrants from the more consistent beauty of heaven.

Fate copies many of its patterns from the designs first traced on the walls of human hearts.

## Over 400 Children Victims

### RICH SCHOOL SOUGHT TO SAVE MONEY

NEW LONDON—First evidence Saturday in the court of inquiry to the determine cause of the explosion in the New London school building Thursday afternoon indicated that the richest school in the world had sought to save money by installing an unsafe heating system.

A. J. Belew, gas-steam radiator salesman, told the court inquiring into the school explosion that he warned school officials "it was dangerous" not to install a new gas regulator leading into the main building.

Superintendent Warned  
The James B. Clow and company salesman told the military court that he advised W. C. Shaw, superintendent of the stricken school, that he would have to reduce the gas pressure because it was dangerous.

Dr. E. H. Scoch, University of Texas authority on gas explosions, vigorously directed the questioning.

The salesman said his firm installed about 300 similar heating systems throughout the state since 1928, and said the radiator vents had not been checked regularly.

"You mean to say you didn't know whether the vents were checked up partly or completely or what?" the doctor sharply asked.

Salesman Protested  
Belew said no.  
"Did you raise a 'holler' for proper regulations after you found out the radiator was not the proper kind?" the doctor asked.

Belew quickly replied, "Yes, I raised a 'holler.' I told Dr. Shaw he was over-gassing radiators and that it was dangerous."

Funeral processions jammed the country roads of Rusk County and crowds thronged homes and churches at services for the dead. Traffic was cleared to a standstill at many places. About 175 pastors held the services.

Latest figures showed 455 students and teachers died in the explosion Thursday afternoon.

From Austin, Gov. Allred recommended that heating units in Texas schools similar to those at New London not be used until after examinations for safety. At the same time, he set Sunday aside as Texas' day of mourning, ordered the flags of the state at half mast and proposed a monument be erected at the scene of the disaster.

## WATER RATE IS REDUCED

According to an announcement appearing in a recent issue of the Tribune, the water rate charged by the City of Matador water department has been reduced beginning March 20, on excess minimum from 30c per 1000 gallons to 20c per 1000 gallons.

While the reduction has been made each summer for several years, city officials are of the opinion that greater use than ever before may be expected this year. Increased interest in gardens, lawns, flowers, trees and shrubs, during the past few years, is attributed largely to the summer water rate, making it possible for more people to avail themselves of the water supply in keeping lawns and grounds watered.

### RELATIVES MEET

Mr. and Mrs. R. A. Day were host and hostess at a chicken dinner Sunday, which was attended by a number of relatives including Mr. and Mrs. O. J. Day of Quanah, Mr. and Mrs. Ware Ferguson and Mrs. Walter Ferguson of Silverton, and Mr. and Mrs. George Birchfield, Matador.

### NEW MEMBER

Miss Sibyl Daffern, daughter of Mr. and Mrs. A. J. Daffern, Matador, and freshman on the Texas Wesleyan college campus, Fort Worth was initiated into the Korosophian literary society this week. Miss Daffern is a member of the Woman's Sports Association. Her major is biology.

## Saddle Maker Sells Wooden Horse; \$300

### Exquisite Miniature Of Spanish Saddle Sold At Ft. Worth

Some prize cattle brought a fancy prize at the Fort Worth annual stock show this year but the price of wooden horses reached the limit according to friends who watched Houston Schweitzer, local saddle maker, collect \$300 for a miniature Spanish saddle pony, which he could hold in his hand. The fine model was made of wood.

The tiny horse, covered with fine-haired calf hide, had been on display in Mr. Schweitzer's saddle shop here for a number of years and had evoked the admiration of all who viewed it because of the accurate detail of its construction.

The horse also bore a tiny cowboy saddle which was built exactly as a stock saddle; also the bridle and reins were made with the same painstaking care. Mr. Schweitzer had constructed the horse and saddle a number of years ago, at odd hours about his shop.

Hoofs Made Of Horn  
The hoofs of the small horse were cut from near the end of a cow horn and whittled to the exact shape of a horse's foot. They were mounted with small shoes made of metal and nailed on the horn. Every detail, including a small woven saddle blanket was declared perfect by hundreds who had viewed the miniature here.

Mr. Schweitzer, in a party of gentlemen from this county, including A. B. Echols, Bob Echols and Bob Echols, Jr., was persuaded to take the small horse to the Fat Stock Show. The large offer was made soon after he arrived in Fort Worth. A picture of Mr. Schweitzer and the miniature horse appeared on the front page of the Fort Worth Star-Telegram.

## GIRLS CLUB TO PRESENT PLAY

The Junior El Progreso Study club will present an operetta, "Big Day" at the Matador High School Auditorium Tuesday night, March 30th, beginning at 7:30 p. m. The play is under the direction of Miss Amy Glenn and music is under the direction of Miss Mable Jameson.

The cast includes Misses Lela Carpenter, Tom Nell Darsey, Marie Hunsucker, Jonita Smart, Marion Clements, Frances Carpenter, Zona Ruth Scalf, Mary Ola Tipton, Juanita Mize, Aileen Russell, Evelyn Lea, Pearl Hart and James Russell.

An admission of 10 cents for students and 25 cents for adults will be charged. The proceeds will go to the club's treasury and will probably be used to purchase new year-books.

## Scout Easter Egg Hunt Has Cash Prizes

### Northeast District Of Boys Will Search For 700 Eggs

One hundred or more Boy Scouts from Floydada, Lockney and Matador, comprising Northeast District, are expected to participate in the district egg hunt to be held here Sunday afternoon, at the Matador Golf course east of town, according to the committee in charge of arrangements.

Every detail for the hunt has been carefully worked out, and 700 eggs have been prepared and are ready to be hidden by the committee in charge, as outlined by General Director N. C. Beam, and Assistant Director J. R. Whitworth. Various committees included, U. L. Willie and J. C. Peeler in charge of securing eggs; Earl Laughlin and J. D. Craven, Dvoine committee, assisted by scouts Houston Schweitzer and Kenneth Simpson; Hiding Committee, R. A. Day, J. D. Craven, A. A. Harp, E. W. McKenzie, Farris Fish, D. E. Pitts, Fay Jacobs, Clyde Bartlett and L. R. Bishop; Prize Committee Solon Lea and L. R. Smith.

To Meet At Gym  
All Boy Scouts, together with Scout Masters, are scheduled to meet at the gymnasium located in the Grade school, at 2:00 o'clock, from where they will go to the golf course where the hunt will begin at 2:30. The field will be divided into three sections, and boys 12 years old and older will hunt eggs in one group, boys between the ages of 8 and 12 will hunt in another group and boys 7 years old and under will hunt in the third group. The purpose of this arrangement is to avoid any injury to younger children and to

(Continued On Back Page)

## County Digs From 'Worst' Sand Storms

### Damage Results From High Winds; Sandy Land Suffers

"It's the worst I've ever seen in this country and I've lived here all my life—", "well, anyway, its next to that Thanksgiving Day in 1926". And conversation of similar nature has been prevalent in Matador during the past week as two of the "worst" sand storms of the year have roared through the sky with mighty burdens of Texas Panhandle sand, dust and gravel.

Considerable damage has been reported from the first storm which struck the county Friday. The tall brick flue on the modern home of Jim Peeler, located in south Matador was toppled over on the roof with an estimated loss of about \$300; a large sign board on south Main street was blown from its scaffolding to the side walk; one Matador resident reports that the storm Friday beat the paint from the front of a new automobile, leaving the license bright.

Hat Is Total Loss  
Fay Jacobs, manager of the Matador Variety reports a total loss as a result of the storm. Mr. Jacobs reached too late to retrieve a new \$5 head piece and he has not been able to recover it. A farmer living south of Matador declared Saturday that he had a lister in a sandy field where he had been plowing and that when the storm had subsided only the seat of the implement was visible above the sand. Many had declared that their fences are buried to where it is possible to step over them.

Reports from the storm, which many declared to be more severe, Tuesday and Tuesday night, have not been received. Yet aside from the small losses which may result from destroyed wind-mills and other equipment, and the disgruntled housewives, many old timers declare we are having a "normal spring."

## Colorful Easter Sunrise Program Being Rehearsed

### COLD WEATHER FATAL TO SNAKE COLLECTION

The rattlesnake collection consisting of ten large specimens acquired by L. E. (Old Bob) Robertson, a short time ago during a raid on a rattlesnake den, has been lost. Cold weather last week wrote omega to their careers.

Mr. Robertson said that he did not think the rattlers would be endangered and did not place any protection over the wire cage when the "North-er" hit. The snakes, with nothing but screen wire for a bed, froze to death.

He is looking forward, however, to securing another supply for the entertainment of tourists visiting his filling station.

## First Day Of League Plans For Literary

### Program For Annual Meet Begins With Contests Here

The annual Interscholastic League meet for schools in Motley county will be held April 2 and 3rd, with an unusually large number of contests and contestants indicated. While an entire program of the activities for both days has not been furnished, a schedule of the literary events to be held Friday, April 2, has been announced by C. W. Gleske of the Roaring Springs school.

All tennis and play-ground ball contests will be held on the Matador courts, Saturday, March 27.

The events listed for Friday, April 2nd, to be held in Matador, include the following:

9:00 A. M. Friday  
9:15, Extemporaneous Speaking, in high school auditorium. Spelling, grades 8-11, room 11, High School. Spelling, grades 6 and 7, room 14, High School. Spelling, grades 4 and 5, room 13, High School. Typing, high school grades, office of High School.

10:00, Choral Singing, High School auditorium. Story Telling Contest, High School Study Hall. Debate, High School Office.

10:30, Readywriters, room 12, High School. Picture Memory contest, room 13, High School. Art Contest, room 14, High School. Rural School Declaration, room 7 but speaking in high school auditorium.

1:30, Three-R contest, room 12, High School. Declaration, Junior and Senior High School, speaking in auditorium; also Jr. Grade School.

## CITY TO STAGE CLEAN-UP WEEK

Following a proclamation of Mayor George Edwards, next week, March 29 to April 3, will be clean-up week in Matador.

Special efforts of the entire citizenship is urged in co-operation to make this the most effective 'clean-up' campaign ever staged in the city. Arrangements are provided for the hauling away of all rubbish when it is placed in barrels, boxes, sacks or other containers in the alleys so as to make quick and easy loading possible. No charge is made for this disposal service.

### PUBLISHER HERE

Charley Guy, editor and publisher of the Lubbock Avalanche, accompanied by his family, visited relatives in Matador Monday.

## Clothing For County Needy Being Sought

### Inadequate Supplies Distributed Last Year Listed

Unfortunate families of Motley county are in dire need of clothing, especially shoes, coats, hats, caps and other commodities not furnished by the Federal Surplus Commodities Corporation, according to Mrs. Rita A. Groves, Motley county case worker. "Although foods with a total retail value of \$5,605.98 and clothing with a total retail value of \$5,746.40, was distributed in this county during 1936, it was found to be entirely inadequate to cover the needs of county recipients," Mrs. Groves, said. The list of commodities distributed in the county during the past year is as follows: Food, Canned meats, 6,604 cans; fresh apples, 8,873 pounds; dried beans, 635 pounds; cauliflower, 255 lbs.; flour, 22,810 pounds; evaporated milk, 1,397 cans; rolled oats, 1,530 pounds; Bermuda onions, 1,150 pounds; dried peas, 128 pounds; dried prunes, 1,702 pounds; rice, 98 pounds; and canned vegetables, 402 cans. Clothing: children's clothing, 2,197 garments; infants clothing, 1,223 garments; men's and young men's clothing, 1,015 garments; women's and misses clothing, 2,036 garments; comforts and quilts, 121; mattresses, 5; pillow cases, 440; sheets, 270; towels (huck and terry) 11; miscellaneous 166 articles. Total retail value of food and clothing, \$11,352.38.

Needs Are Cited  
"We are badly in need of commodities," Mrs. Groves said, "and any one willing to contribute any article of clothing which can be used by man, woman or child, regardless of age or size, may donate to the local relief office where it will be gladly accepted and given to some needy person. Those who do not have means of delivering their donation to the office may leave word and a representative will gladly call for the articles."

## LUTHER ELLIS GETS 5 YEARS

Luther Ellis, 26, left by his companion, Roy Moony, who escaped jail here February 18, to face charges of implication in forging the name of Ed Whitaker to checks and passing them to Matador merchants last December, received a five-year suspended sentence in Judge A. J. Foley's court in session here this week.

The jury, which was impaneled about noon Monday, deliberated 4 hours. It is declared that Ellis' flawless former record may have had part in the light sentence which he received.

C. G. McGraw, finger-print and handwriting expert for the state Department of Public Safety, was here during the trial to examine the checks and announce his findings.

## HIGHWAY 28 TO GET MORE COAT

Highway 28 will receive coating on a 3.6 mile section east of the Floyd county line, according to information received by county judge W. R. Cammack, from the State Highway Department under date of March 20.

The minute, No. 13523, reads as follows: In Motley county it is ordered by the Commission that an appropriation of \$1,184.00 be made to cover cost of placing a light asphalt seal coat on a 3.6 mile section of Highway 28, from the Floyd county line east. This work is to be done under the direction of the State Highway engineer through the maintenance. (Signed) Gibb Gilchrist, State Highway engineer.

## Optimistic View Of Sunday Weather Is Held As Plans Are Near Final Stages

### HOOR CHANGED

### City Looks Forward To Possibility Of Annual Ceremony

Final arrangements have been completed for the proposed Sunrise Easter Services to be held in Matador City Park Sunday morning, according to statements made following choir rehearsal at the Methodist church Wednesday evening, which was the last practice of the group in preparation for special music.

Several minor changes have been made by the general committee, including a change in the time set for the beginning of the service, which will be 6:30, instead of 6:00 as previously planned. It is expressly urged by those in charge that the community take cognizance of this fact and make arrangements to be at the park promptly at the starting hour, in order that the continuity of the impressive program might not be interrupted by late arrivals.

It has also been suggested that those attending the service, bring blankets and cushions, since seating facilities will be limited. The program as outlined will include violin music, octet of mixed voices, choir selections by both adult and junior choirs, a Bible pageant, Scripture reading and the Easter message.

## CAR LICENSES MOVING SLOW; ACTION URGED

With the deadline of April 1, just 7 days distant, only 208 passenger cars, 9 commercial and 25 farm licenses for 1937 had been issued in Motley county, to date, is was announced at the office of Sheriff L. A. Carlisle, tax collector and assessor, Wednesday.

These figures fall short in comparison with those furnished for 1936, at this same time, when 320 passenger cars and 15 trucks had been registered at the sheriff's office, with 6 days remaining until the deadline.

Those who have yet to buy their motor tags are urged to do so as soon as possible, in order to avoid the confusion of a last minute rush, and to facilitate the problem for the office force of attending the needs of the waiting public.

It is also pointed out that all drivers must secure and carry a driver's license, which may be secured free of charge. However, this applies only to those who have not previously secured a driver's license, since they are in effect for 3 years following issuance and it is assumed that drivers who obtained their permits last year, still possess them. It is stressed that drivers carry their license with them at all times.

## L. C. Harp Attends Motor Truck Meet

L. C. Harp, manager of the Matador Hardware and Furniture Company returned from Amarillo late Tuesday where he was a guest at big dealer meeting of the International Harvester Motor Truck organization. The occasion was the announcement of an entirely new line of International motor trucks.

Mr. Harp is enthusiastic about various improvements incorporated in the new product. The complete new line consists of 26 models in 77 inch wheel-base, with gross vehicle weights ranging from 4,400 to 62,000 pounds. They include conventional four-wheel units, six-wheelers, with both dual drive and trailing axles, and multi-speed transmissions, especially in the heavy duty models permit accurate selection to satisfy many special hauling needs.

**"THERE IS GLORY ENOUGH FOR ANY MAN TO LIVE AND DIE A TEXAN."**

**Authentic Music For Cavalcade Of The Americas**

DALLAS, March 23—One of the greatest tasks in the production of "Cavalcade of the Americas", huge spectacle of the Greater Texas and Pan American Exposition, opening here June 12, for a run of 142 days, was the arrangement of authentic music for the big show. Music forms a harmonious background, accentuates the drama of the new world in its struggle for liberation, and expresses the romance of the Latin American countries. From the moment the performance opens, with the sacrifice of a beautiful maiden to the sun god, to the exciting closing act, in which the Inter-American Peace Conference hears the stirring message of President Franklin D. Roosevelt, the music is both authentic and fitting.

"Full credit for this splendid job goes to our musical director Lloyd Kerr," said Jan Isbell Fortune, author of the play which will be presented by some 300 actors on the world's largest stage.

"It was more of a question of what music to use in 'Cavalcade of the Americas' than in the 1936 show," said Mr. Kerr. "The new Cavalcade covers a period of five centuries, and opens in the land of the Aztecs, who knew little more than nothing about music. To be true, their only music was a dirge, or a rhythmic beat with little theme or harmony."

Religious music carries out the general theme of several scenes. When Columbus sets foot on soil of the new world in one of the early scenes, he proclaims the land Spanish territory, and the entire group sings "Te Deum", an ancient hymn.

Walter Damrosch, music council for the National Broadcasting Company, aided in the adaptation of period music for the show, as did Dr. Sigmund Spaeth, authority on period music, and more generally known as the "Tune Detective". The Pan American Union furnished material on period music of the Latin American people, and the New England Conservatory of

Music cooperated in making selections associated with the early history of the United States.

"Cavalcade of the Americas" presents one of the most varied assortments of music ever assembled for a production of its kind," said Mr. Kerr. "Each tune typifies the period and locale of the scene."

"South American music, as we know it, began to develop with Spanish colonization. The tango, which is not to be confused with the rumba, the latter being of Cuban origin, is typical of Latin American musical development," Kerr said.

From those scenes of the Spanish Conquests begins the "art" music of "Cavalcade."

In scenes depicting our own "gay nineties" we hear such tunes as "Sidewalks of New York", "Bird in a Gilded Cage", "A Bicycle Built for Two" and "Sweet Marie", all of which were popular at the turn of the century.

"Cowboy" tunes provide the musical background for the dramatization of episodes from the early days of Texas and the West.

The music keeps pace with the dramatic development of "Cavalcade of the Americas", which climaxes with President Roosevelt's history making visit to Buenos Aires, and the Inter-American Peace Conference.

"Stars and Stripes Forever", the music selected for the actual Conference at the insistence of the people of the Pan American countries, will be played for the "Cavalcade" scene.

Mr. Kerr is a graduate, teacher, and soloist of the New England Conservatory of Music.

**Security Board In Warning To Claims**

SAN ANTONIO, March 22—The Social Security Board today issued a warning against lavish promises made by self-styled "social security correspondence schools" and mail-order "training courses which prepare you for social security jobs."

Oscar M. Powell, regional director of the Board, said such courses are being offered by mail and personal solicitation, in some cases by salesmen posing as government representatives.

"I should like to emphasize," Powell said, "that all positions of the types which are being so advertised must be filled both for Washington and the field offices of the Board is now well established, yet I understand there are now on file more than 35,000 applications for positions.

"Civil service requirements must be met, regardless of the number or type of courses of instruction completed. Those who offer courses with a direct or implied promise that they will automatically lead to positions with the Board are either wilfully deluding their prospects or are unacquainted with the qualifications necessary for appointment," Powell declared.

The Civil Service Commission, it was said, is prepared to report

**New "Super-Chief" for Western Run**

THIS gleaming train, of light-weight, stainless steel will become the famous "Super Chief" of the Santa Fe railroad when it goes into service early in the spring.

The train, nine cars in length, now is under construction by the Edward G. Budd Manufacturing Company of Philadelphia.

Traversing the picturesque lands of the Navajo, it will take over the weekly run between Chicago and Los Angeles—a distance of 2,225 miles—and will cover the route on a schedule of 29 hours, 45 minutes.

Through use of light-weight construction principles, the new train will weigh only half as much as the train it will supersede and will be a radical departure from the conventional design of railway equipment.

The train will be Diesel powered. Now features for comfort and convenience have been built into it and it will have a striking decorative design. The nine cars include five sleepers, cocktail and lounge car, baggage and postoffice car, dining car and an observation car.

instances in which there is unlawful misrepresentation of facts, to appropriate federal authorities.

Powell also pointed out that the Social Security Board does not make appointments to state agencies administering Federal-State programs under the Social Security Act. These appointments are made directly through the state agency itself.

**Scout Training To Start In Floydada**

FLOYDADA, March 22—(Spl.) A great deal of interest has been created in the Leadership Training Course that is to open here on Monday, March 22, R. W. Cothorn in charge of the preparation announced.

Everyone of Scouters age, 18 to 80, are invited to attend the course to begin at the time announced. The purpose of the Course is to give training to the present leaders and make the fundamentals and objectives of the Scouting program available for mere people.

Assisting Cothorn in the arrangements for the course are Paul Conner, District Commissioner and George Kirk, District Chairman along with B. Nichols, Scoutmaster of Troop 57 and George L. Scoutermaster of Troop 58 both of Floydada.

Patrol Leaders have been selected and they will have their patrols present at the opening session of the Course. If anyone has not been asked to be in a Patrol, and are interested they are urged to be presented on the opening night and they will be placed in one, Cothorn said.

Go To Church Sunday

association, at Kansas City.

Show judges are well known here and much interest is being shown in the judging this year. W. L. Stangel, Head of the Animal Husbandry Department at Texas Tech, will judge the baby beef division March 30 at 1:30 p. m. Casey Fine, Tech professor, will judge the fat pig division. W. R. Nisbet, Specialist, Texas Extension Service, will judge the fat lamb division, and F. M. Regenbrecht, also with the Texas Extension Service will judge the cured meats.

The auction sale March 31 will be the major interest of the show as the results of the sale will tell the story of the feeding projects. Col. Earl Gartin will use the hammer.

**Students Approve Roosevelt's Court Plan, Poll Shows**

ABILENE, March 22—Hardin-Simmons University students voted 60 per cent in favor of Roosevelt's Supreme Court plan when more than half of the student body volunteered opinions on the issue this week.

The poll, conducted by the journalism department, showed a 60-40 per cent split among the students but reported faculty and administrative staff to be more than 2 to 1 against the retirement plan.

The New Deal proposal carried in all four classifications with seniors giving the plan its closest margin. Freshmen voted 2 to 1 for the plan, sophomores 5 to 4, juniors 3 to 2 and seniors nearly even.

Departments defeating the proposal were journalism, government, Bible and speech arts.

Correlating the figures gained, the students reported a 100 per cent poll would show students

divided 55-45 per cent in favor of retirement of the judges as Roosevelt proposed.

**Blondes In Blue Closer To Altar, Students Report**

ABILENE, March 23—Men prefer blue, women are partial to a touch of red, Hardin-Simmons journalism students reported this week in research work on color appeal in advertising.

Psychology of color shows red to be the most powerful. Blondes were not advised to wear more than a touch of red, if they are

serious about church bells. Invertly, men with matrimonial minds like their blondes in blue. Red, although second in popularity among men, is not a "domestic" color when worn by blondes, psychology of advertising teaches.

Colors graduated from cold to cool are blue, greens and light tints of purple or lavender.

Red, orange and yellow are similarly sizzling, hot and pleasantly warm.

Billboard advertising is most conspicuous when black on yellow background. Green on black on white ranks sixth. The weakest of all billboard color combinations is green on red.

**Did You Ever See Laundry Work 'Sparkle'?**

Most laundering comes to you clean and white. But that's not enough. Here is laundry expertness that actually makes clothes sparkle and gleam. You'll be delighted with the extra whiteness we put into laundering—the brilliance that tells you your washing is clean through and through. Careful scientific methods make those unusual results possible, and they do it with gentleness that adds months of wear. That's where economy comes in when you use this fast, efficient laundry service. Try it on this week's wash and note the improvement.

**STUDENTS WILL PLAN PROGRAM OF EXPOSITION**

Superintendents of schools throughout the state have given their whole-hearted approval to the essay contest on "Why I Want to See the Greater Texas and Pan American Exposition".

About 150,000 school children already are writing in this contest, none of whose essays must exceed 500 words. Forty-eight free trips to the Exposition, with all expenses paid, will be awarded as first prizes, but the real objective of the competition was to give Texas students a knowledge of the international fair.

The principle of world peace and friendship and goodwill between neighboring nations, the basis of the Pan American Exposition, will be stressed in the essays. Also, students competing for Exposition trips will become familiar with South and Central American customs, resources and industries.

Sixth and seventh grade school children and all high school students are eligible. In both the elementary and high school divisions in each of the 24 supervisory districts into which Texas is divided, first prizes of free trips to the Pan American Exposition will be awarded.

The Dallas Chamber of Commerce will accept entries in the contest up to April 21.

**Trailer Homes Free To Enter All Of States**

DENVER, Colo., March 22.—Trailers are free to come and go throughout the United States in spite of reports to the contrary, states Joe H. Thompson, director of the Conoco Travel Bureau with national headquarters in Denver, Colorado.

From a legal standpoint, they are still classed as motor car accessories, rather than dwelling places, in spite of the fact that they have many of the appointments of the modern home. Eighteen states do not even tax trailers as personal property.

There have been rumors concerning possible inimical legislation pertaining to trailers, but thus far only one state has passed legislation preventing trailers from passing state borders at will, provided the owner is not engaged in gainful occupation. Georgia enacts a \$3. registration fee from every non-resident trailerite crossing its borders.

The majority of the other states grant unlimited reciprocal privileges to non-resident trailerites who are properly registered in their home state, though ten of these do require them to procure a visitor's permit within a few days after entering the state. In most instances no fee is charged for this permit, according to Thompson. The few states with limited reciprocal privileges allow time limits of thirty, sixty, or ninety days, with some as long as six months.

Mr. Thompson states that house trailers have been popular in Europe since 1923 in spite of the passport and visa nuisances which hinder free travel there, and that it is remarkable that only recently the wonderful potentialities of trailer travel in the United States have been recognized.

There are some 300,000 trailers in the United States at this time, declared Thompson. The production in 1936 was about 30,000 units and although the demand is considerably higher it will probably be impossible to manufacture more than 75,000 units in 1937.

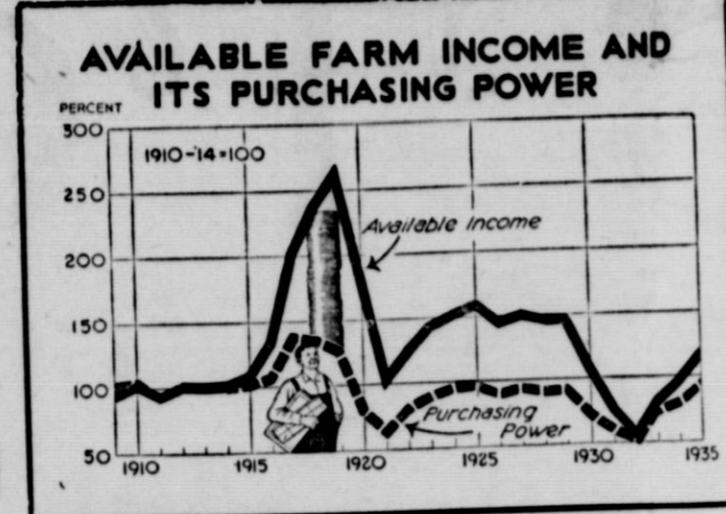

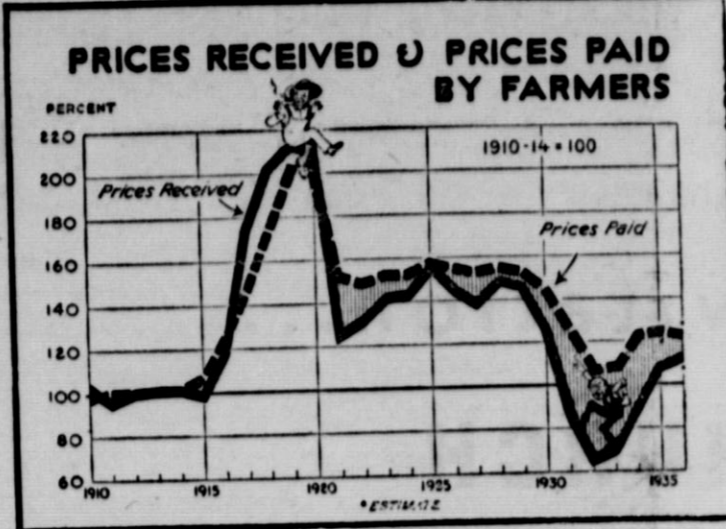

For this reason the progress of the industry will be somewhat slow, judged by the average American's standard of comparison, based on recent production methods in the manufacture of motor cars which doubtless will run about 5,000,000 during this year. The largest single manufacturer of trailers can make only about 6,000 units during any current year.

These figures lend belief to the fact that trailers themselves will present no problem in this country in the next several years. Facilities for trailerites are adequate and new camps and resorts catering to trailerites are constantly being constructed.

**SURVEY SHOWS ARSON BURDENS POLICY HOLDER**

AUSTIN, March 22.—Marvin Hall, Fire Insurance Commissioner of Texas, called attention today to the astounding number of incendiary fires which are costing the people of the state an enormous sum of money yearly. Sixty-eight indictments and 23 convictions for the offense of arson were obtained in 1936 Hall pointed out.

"Behind all incendiary fires there is a motive," said Hall, "and as a general rule such fires are considered profit fires brought about by financial distress, and there always is sufficient insurance coverage, and many times more than sufficient, to lend encouragement to the crime, which latter condition has long been referred to as over-insurance." The Fire Commissioner asserted that over-insurance to a large extent can be averted by a close inspection of the physical and moral hazards surrounding the risks in question by the insurance underwriters and their representatives. Such inspection feature is one of the fundamental requirements of good underwriting, enunciated the Commissioner.

**Arson Dangerous**

"Arson is a very dangerous thing and can never be carried out with any degree of safety although records disclose that it is being attempted continually."

Hall further declared: "It was through the efforts of City Fire Marshals and Fire Departments of Texas, cooperating with District and County Attorneys, Peace Officers and three Assistant State Fire Marshals, that 68 indictments and 23 convictions for the offense of arson were secured during 1936 and during the same year on indictments secured there were 3 acquittals for arson, 12 individual arson cases dismissed and 32 individual arson cases pending trial at the end of the year, many of the cases which should be disposed of during 1937. Since 1931 to 1936, inclusive, there have been 635 indictments and 204 convictions for the offense of arson."

**Fire Ratio Drops**

"The fire loss ratio in Texas dropped from 75 per cent in 1931 to 27 per cent in 1936, that is, the fire loss dropped from \$17,565,457 to \$6,008,363 in 1935, which decline was due no doubt to a gradual improvement in economic conditions, better underwriting, vigorous investigation of incendiary fires, the general improvement in fire prevention and fire protection activities of local fire departments, and last but not least to a general awakening on the part of the public that fire is taking a staggering toll each year in

**Towns Work**

"Much effective work in behalf of fire prevention has been accomplished in several Texas cities and towns through organized Fire Prevention Committees and it is sincerely hoped that all cities and towns will follow the constructive idea of fire prevention through duly organized Fire Prevention Committees, for it is only through such organizations that an effective procedure for holding down the annual fire loss in Texas to a low figure will materialize," he said in his final summation.

**TALENT SCOUTS CHOOSING CAST FOR CAVALCADE**

Southwest aspirants for radio, stage and screen fame are flooding the offices of the Greater Texas and Pan American Exposition in Dallas with applications for auditions for speaking parts in the big show, "Cavalcade of the Americas".

Preliminary auditions began Monday night, March 15, at Ligon Smith's studios in Dallas, with a brilliant array of talent from all over the Southwest. Winners, to be announced each week, will be heard in a thirty minute broadcast beginning Saturday, March 20, at 5:00 p. m. over WFAA and continuing for five weeks. These programs are sponsored by Dixie

**Trailways and Sunshine Bus Lines**

Twenty persons will be selected by April 17, to be coached and given further tests. The speaking cast will be announced May 1, and will start rehearsals immediately thereafter.

Singers have taken a back-seat at auditions so far; but impersonators, interpreters of every sort of dialogue and dialect, and musicians have found the occasion an opportunity to show their talents. Bob Burns, radio and screen star Spanish Senoritas, the old time negro, drunks, Italians, and girls of the gay nineties, have all been impersonated. "Cavalcade" dialogue can make use of each type.

Applications will be taken throughout the five weeks of preliminary tests according to Ed V. Goodin, co-director, and may be made directly to him at Cavalcade, Greater Texas and Pan American Exposition, Dallas. Enclose a stamped, self-addressed envelope.

A. L. Vollmann is producer of "Cavalcade of the Americas", which was written by Jan Isbell Fortune.

**MOVIE CHATTER**

By A. Rogue

**All American Chump**

Thursday night's fare for movie fans will be a laugh from beginning to end. It has been selected as the laugh hit of the season. What is it? "The All American Chump", starring Stuart Erwin, Betty Furness and Robert Armstrong. Miss Willie Hutto can tell you where to go on Thursday night. Ask her.

**The Road To Glory**

After months of waiting and several re-booking dates the Rogue presents the one and only "Road To Glory". And what a cast! Fredric March, Warner Baxter and Lionel Barrymore will play this picture just as you want it. You've heard so much about it! Now see "The Road To Glory" for Friday and Saturday.

**After The Thin Man**

For Sunday and Monday that smash hit, "After the Thin Man" with William Powell and Myrna Loy. Those of you who saw "The Thin Man" know what excellent entertainment to look for in this worthy successor "After the Thin Man", both having the same stars. William Powell and Miss Loy are at their best and you'll love every foot of it. James Stewart (of "Born to Dance" and next in "Seventh Heaven") and Elissa Landi are also in the cast. Sunday and Monday only.

# EASTER

## Sunrise Services

### In Matador's City Park Conducted By the Methodist and Baptist Churches of Matador

Regardless of your church affiliation, Matador extends a cordial invitation to you and your family to attend the Sunrise Easter Services to be held in the Matador City Park Easter morning. You will enjoy the impressive program of music and inspiring messages which have been planned... you will feel a greater purpose and zest in life because the Church needs you and you need the Church.

Make plans to arise early and aid in making this one of the most successful events for furthering religious influence ever conducted in Matador. Meet your relatives, neighbors and friends at the Easter Services in Matador City Park.

**NOTE:** In event of unfavorable weather, services will be held in the Methodist Church.

### Sunrise Program

- Violin Prelude "The Old Rugged Cross"
- Mixed Octet "Must Jesus Bear The Cross Alone"
- "The Old Rugged Cross"
- Pageant Bible's Easter Story
- Choir "He Arose!"
- Prayer Rev. H. M. Weldon
- Special Music Choir
- Junior Choir "The Day of Resurrection"

Easter Message Rev. D. D. Denison

Song: Congregation "Holy! Holy! Holy!"

Benediction.

## EASTER PLANS INCLUDE BOTH M. E. SERVICES

A continuation of Easter observances following sunrise service, Sunday will be in evidence at both the morning and evening worship hours at the Methodist church, according to the pastor, Rev. D. D. Denison, who has outlined the following program:

**MORNING SERVICES: 9:45 A. M.** Church School; Infant Baptism preceding church services; 11:00 Preaching hour, to include opening song by the congregation; prayer; anthem, "Christ Arose"; by choir; Scripture and responsive reading; them, "He Is Risen" by choir; special Easter message by the pastor.

**EVENING SERVICES: 7:00 P. M.** Epworth League; 7:45, Evening worship; two songs by congregation; prayer; them, "Glory In The Garden" by choir; message, "After Easter, what then?" by Rev. Denison, song by congregation; benediction.

A cordial invitation is extended the community to join this congregation in Easter worship.

## M. W. Chapman Of Spur Dies Monday

SPUR, March 22. (Special)—Illness of a year was terminated in death today of M. W. Chapman, 70, resident of Spur since 1919.

The father of District Attorney Alton Chapman of Spur and of 11 other children died at San Antonio where he had gone several months ago for treatment. He suffered a cardiac ailment.

Prior to his moving two miles north of Spur he had lived 20 years at Haskell.

The widow also survives.—Lubbock Avalanche.

### COTTON REPORT

Census report shows there were 7,271 bales of cotton ginned and to be ginned in Motley county from the crop of 1937 as compared with 11,507 bales from the crop of 1935.

H. J. Marler.

### SMALL SHOWING IN AUTO CARDS

With approximately 1,360 vehicles affected by the registration law, car owners of Motley County have returned to the Highway Planning Survey only 48 of the post cards that were handed to them at the

time they paid their 1937 automobile license fees at the office of Mr. L. A. Carlisle, County Tax Assessor and Collector. Car owners of Motley County have failed to respond to pleas of the Highway Survey to provide information on which the highway programs of the future will be based, a tabulation of returns received to Wednesday disclosed. The number of car owners sending in information on cards received when they registered their vehicles is insufficient to provide an accurate picture of the road needs of this County.

Mr. and Mrs. L. C. Harp and children visited relatives in Wichita Falls Sunday.

## BAPTIST WOMEN OFFER PAGEANT EASTER SUNDAY

A pageant, "The Light Dawns", representing the needs of Home Missions will be given Sunday night, March 28, at the Baptist church by members of the Young Women's Auxiliary, assisted by members of the W. M. S., and including the following characters:

Spirit of Home Missions, Mrs. Delbert Groves; Stewardship, Mrs. Bertha Casstevens; The Voice, Mrs. Bill Pipkin; W. M. S., Mrs. W. R. Cammack; Y. W. A., Miss Lucretia Estes; G. A., Myrnae Barkley; Sunbeam, Dona Ann Weldon; Spirit of Darkness, Miss Pauline Rister; Mrs. White, Mrs. J. C. Peeler; Mrs. Marigold, Mrs. J. L. Woodruff; Mrs. Black, Mrs. Earl Laughlin.

Representing our Negroes, Frances Stearns; Representing our French, Vivian Estes; Representing our Cubans, Mrs. Lloyd Fulkerson; Representing our Europeans, Clotelle Willie; Representing our Chinese, Ruie Hobbs; Representing our Japanese, Miss Zona Beth Faulkner; Representing our Jews, Miss Ruth Groves; Representing our Mountain Work, Miss Ruby Spears; Representing our Deaf Mutes, Miss Verlin Reeves; Representing our Sailors, Miss Wilma McCain; Representing our Indians, Misses Evelyn Fulkerson and Grace Barton and Mrs. George Spears; Children, Earline Laughlin, Dorothy Woodruff and Doris Peeler.

The entire community is extended a welcome and special invitation to attend this service, so appropriately arranged in keeping with the Easter season.

### LOCALS

Mr. and Mrs. J. C. Peeler and children visited in Meadow, during last week-end.

Mrs. M. S. Patton and Miss Bertha Casstevens visited friends in Kirkland Sunday.

Mr. and Mrs. U. L. Willie and daughter Clotelle, returned Sunday night from Fort Worth, where they attended the Southwestern Exposition and Fat Stock Show.

**DON'T SCRATCH!** Paracide Ointment is guaranteed to relieve any form of eczema, itch, ringworm or itching skin trouble within 48 hours or money refunded. Large 20 oz. jar 50c at City Drug Store. 4-6-37

Mr. and Mrs. Wesley Hall, Mr. and Mrs. Mark Hall and children, and Jim Ratcliff returned to Matador this week, from Monte Vista, Colorado where they have been residing the past few months.

Born to Mr. and Mrs. Fred P. Dawson, Roaring Springs, an 8 pound girl, on March 15, 1937.

Mrs. M. P. Fulkerson, who has been at the bedside of her injured son, Darius Fulkerson, at Sweetwater, returned home Sunday, accompanying Messrs A. L. Fryar and L. J. Barkley, who were business visitors there.

Mrs. R. P. Terrell visited in Lubbock during the week-end and was accompanied home Sunday by her cousin, Miss Wilma Brock, and Miss Doris Mullins, who returned to Lubbock late Sunday evening.

Messrs Gid Carlisle and W. C. Hagan of Childress, transacted business here Wednesday.

Mrs. Henry Ford, together with her mother, Mrs. J. S. Lambert, drove to Sweetwater Saturday, for a week-end visit with Mrs. Lambert's brother.

**SORE-THROAT, TONSILITIS!** Promptly relieved by Anesthesia-Mop, the wonderful new sore-throat remedy. Stops pain instantly and kills infection. Prompt relief guaranteed or money refunded at Simpson's Drug Store. 4-6-37

Mr. and Mrs. Raymond Davis and son Don Carlos, of Ralls, visited relatives here Sunday.

Mesdames J. R. Whitworth and Henry Ford drove to Paducah Wednesday afternoon.

Rev. and Mrs. H. M. Weldon and Mr. and Mrs. R. E. Campbell, attended the Wednesday session of the district meeting of Baptist churches held at Ralls Tuesday and Wednesday of this week.

Mr. and Mrs. Carlos Clowers announce the arrival in their home, of a 7½ pound girl, Barbara, born March 22nd, 1937.

### W. M. S. Circles In Regular Meetings

The various circles of the Baptist W. M. S. met in regular meetings Monday afternoon at the following homes:

The Sunshine Circle met with Mrs. A. D. Burleson for Bible study with five ladies, besides the hostess present, being Mesdames G. S. Craven, W. E. Reeves, W. R. Cammack, R. E. Campbell and H. M. Weldon.

The Blanche Simpson Circle, which met with Mrs. J. L. Woodruff also for Bible Study, was attended by Mesdames Earl Laugh-

lin, Solon Lea, Johnnie Brian, E. F. Springer and Vernon Doss.

Only three members of the Dorcas circle were present at Mrs. Pearl Mooreman's being the hostess, Mrs. T. E. Cammack and Mrs. W. W. Worsham. Illness of several of the members was the cause of lack in attendance at this meeting.

### Henrietta Shuck Circle

The Henrietta Shuck Circle met on Tuesday afternoon with Mrs. J. D. Craven, for a devotional program led by Mrs. B. F. Harbaur and including the following parts: "Peace for a Jimricksha Man", Mrs. W. N. Pipkin; "Finding the Way", Mrs. Jack Edwards; "The Language of Flowers", Mrs. Lloyd Fulkerson; "China Sends Missionaries to America", Mrs. H. M. Weldon.

Refreshments were served to Mesdames W. W. McDowell, Jack Edwards, W. N. Pipkin, Morris Gates, Lloyd Fulkerson, B. F. Harbaur, H. M. Weldon and J. H. Swearingen.

### General Meeting

Special announcement is made concerning the general meeting of all circles, to be held Monday afternoon at the church, with the Sunshine Circle in charge of the program. The ladies are reminded that at this meeting, the customary package of cookies for Buckner's Orphan Home will be prepared for mailing.

### Sorosis Club Has St. Patrick Theme

An enjoyable program portraying Irish customs was presented by the Sorosis Club at its regular

meeting, last Wednesday afternoon in the home of Mrs. B. F. Harbaur with Mrs. Melvin Meason as leader.

Included in the program was the quotation: "Time for work — yet take much holiday for art's and friendship's sake"—De Wilde; Response to roll call, Irish quotation: Irish Social Life and Customs; Miss Pauline Rister; Violin Solo, "My Wild Irish Rose", Mrs. Melvin Meason, accompanied at the piano by Miss Mable Jameson; Irish Poetry with selected readings, Miss Jameson.

A quartet composed of Miss Lorene Fryar and Mesdames John Hamilton, Bill Pipkin and J. W. Drace, entertained with two numbers, "When Irish Eyes Are Smiling" and "I'll Take You Home

Again Kathleen", accompanied by Miss Jameson.

### TO DALLAS

Mrs. L. F. Davis, with her daughter Juandell, left Tuesday for Dallas, where the latter will receive further examination at Scottish Rites Hospital in connection with spinal adjustments which she has received during the past year.

An average of 116 National Youth Administration boys have terraced 104,161 acres of farm land on 640 different farms in the thirteen counties of the Lubbock district. A. V. Bullock, district supervisor, reported to J. C. Kelham, acting state director.

Prehistorics Of Distant Age Being Collected In West Texas For Museum

Misfortune which directed the hooves of tiny giant-headed horses into the treacherous quicksands of the Texas Panhandle more than a million years ago is now being hailed by Dr. C. Stuart Johnston, West Texas State Teachers College paleontologist, as good fortune for science.

Supervising a small band of WPA workmen, Dr. Johnston is discovering that the long-dried skeletal remains of the extinct horses in almost perfect condition. The prehistoric animal is described by Dr. Johnston as being slightly smaller than the modern pony but with a head as large as that of the average draft horse.

The WPA workers are excavating and helping to reconstruct a veritable menagerie of strange and extinct animals which once roamed the western plains of Texas. For several decades the rich fossil beds of West Texas have been combed for scientifically significant deposits by representatives of out-of-state museums and scientific institutions. Dr. Johnston said. With the provision of federal funds it has been possible to employ workers and researchers to excavate Texas fossils for Texas institutions. Reconstructed skeletons of prehistoric animals are being placed in the Panhandle Plains Museum on the WTSTC campus at Canyon.

In one 3,700-pound block now on exhibit at the museum are the bones of rhinos, camels, sabertooth tigers, prehistoric dogs and horses all figures in the million-year-old drama of the Texas Panhandle which is being unfolded by the small band of researchers. One of the rarest specimens uncovered by the workmen is a complete skeleton of the giant ground sloth, unearthed in Briscoe County. Untrained workers rapidly become proficient in the unusual tasks involved in this project. Dr. Johnston reports, and several of the WPA workmen have been qualified as skilled workers in excavation and preservation of fossilized deposits.—Donley County Leader.

All Of Neighbor Nations Coming To Fair In Texas

DALLAS, March 22.—Central American republics, closest neighbors to Texas, already have accepted almost unanimously invitations to take part in the Greater Texas and Pan America Exposition, opening at Dallas June 12.

Director General Frank L. McNeny received reports at the Exposition offices in Dallas this week from two flying emissaries as they completed their swing through Mexico and the six Central American Republics, without a refusal at any point.

Mexico's formal acceptance is expected momentarily from President Cardenas, who was out of the capital at time of the visit of Dr. Roscoe B. Hill of Washington and Charles H. Abbott of the Exposition staff. His cabinet members already have signified acceptance.

Guatemala and Nicaragua have accepted. Unofficially, participation in the Exposition has been planned by Honduras and, it is anticipated, by El Salvador, Costa Rica and Panama. This makes the record perfect up to the envoys' entry into the South American continent with first calls at the capitals of Ecuador, then Peru and Chile. Crossing to the Atlantic seaboard, they will return through Argentina, Uruguay, Brazil, Venezuela and Colombia, then across to Cuba to complete their trip about mid-April.

The Capital Onlooker

By Charles E. Simons

AUSTIN, March 22.—The state highway fund would be in the red \$3,050,000 by March 10 of next year if a bill now pending before the legislature to alter a portion of the gasoline tax is enacted, an official calculation of the fund's resources and requirements discloses. This would mark the first time in ten years that the department would be off a cash basis. Calculations prepared by Gordon Lloyd, chief accountant for the Highway Department, show the fund will have a balance of \$1,120,000 on March 10, 1938, if the present income allocation is left undisturbed and revenues accrue at the anticipated rate. The annual diversion of \$4,180,000, as proposed in House Bill 363, would create a deficit in the fund of \$3,050,000 by March of next year and \$6,030,000 by March 10, 1939. The calculations were based on normal construction conditions and included reimbursements to

HE NEEDS A "NEUTRALITY ACT" TOO!

operations, one of the heaviest items of expense in the departmental budget. Operating on its present revenues the department has been strained to match federal aid and provide for meager improvements on 8,500 miles of state highways that are not eligible for federal aid. The diversion would make it impossible to match federal aid appropriations.

Federal aid to Texas is an item of considerable importance. During the next two years Texas will receive regular federal aid in the amount of \$7,957,610 and a special lateral road appropriation of \$1,591,522. Both the regular and special federal allocations must be matched. The regular federal aid will be expended on the federal aid system while the emergency lateral road appropriations will be used to improve county roads. Every dollar that Texas is unable to match will be apportioned to another state, to the detriment of Texas roads and labor and Texas will be denied the opportunity of bringing in an extra dollar for each dollar it spends on its main highways.

Social Security First Claims Are Approved For Pay

SAN ANTONIO, March 22.—The Social Security Board this week started another chapter in this Nation's social legislation history by placing its approval on the first eight claims filed for lump-sum payments since the inauguration of the Social Security Act's Federal old-age benefits program on January 1, 1937. More than 24,500,000 wage earners are now accumulating credits toward the monthly annuities for life, payment of which will begin to qualified persons in 1942, according to Oscar M. Powell, regional director of the Board.

The eight certifications for payment out of the "Old-Age Reserve

Account", set aside in the United States Treasury for this purpose involve small amounts, as the claims were filed with the Board shortly after the old-age benefits program went into effect. Seven of these claims are from wage earners who during the first few days of this year reached the age of 65. The eighth payment is in settlement of a death claim. Treasury checks will be sent in settlement of these claims to workers in Wilmington, Del., New York City, Louisville, Ky., two in Huron, Mich., and two in Minneapolis, Minn. A check for the death claim will be sent to Indianapolis, Ind.

Luxury Sky Sleeper Passes Strict Test

Exceeding every performance record of a transport airplane for its gross loading and type, the new 17-passenger TWA Luxury Sky Sleeper, first of a Royal fleet which will shortly inaugurate passenger service, yesterday completed Department of Commerce tests showing a speed of 218 miles an hour and gross loading of 24,000 pounds.

Eight engineering observers representing the government, Douglas Aircraft, Wright Aeronautical and Transcontinental and Western Air, Inc., announced that the two new-type power plants were rated at 1100 horsepower each for take-off, the highest ever achieved by a motor of similar type.

"One of the most important results of the flight tests was the single-motor performance," declared Harlan Hull, TWA chief pilot. "Exceeding our own expectations the new Super-Skyliner will do 128 miles an hour on one motor at gross loading, holding at altitude of 8500 feet. This is better than half the top speed. With normal operating load one motor will keep the plane at 10,500 feet, which is our average cruising altitude. The reliability factor of this performance is most gratifying."

Other performance figures at gross loading showed an absolute ceiling of 24,000 feet; landing speed of 64 miles an hour; a climb of 1050 feet per minute at sea level; a take-off distance of only 900 feet, and a landing distance of only

1640 feet. On one engine the climb is 375 feet per minute, 30 per cent better than its nearest competitor-type transport plane.

"TWA's new Super-Skyliner sleeper with the new 1100 horsepower engines is superior to any transport our pilots have ever flown."

NOTICE OF ELECTIONS

Notice is hereby given that there will be held an election in each of the various school districts of Motley County, Texas, on the third (3rd.) day of April, 1937, for the purpose of electing one county school trustee at large, and one county school trustee in commission precinct no. 1, and one county school trustee in commission precinct no. 2, to serve for a term of two years.

Also, at the same time and places there will be elected one school trustee in each of the common school districts in Motley County to serve a term of three years each.

W. R. CAMMACK, County Judge, Motley County, Texas.

Texas, the nation's largest producer of oil and cotton, converts approximately 67 per cent of the crude oil it produces into manufactured products, says the All-South Development Council, but only three per cent of its cotton is processed and manufactured at mills within the state.

Although Texas' population density is only 22.2 per square mile—about half the United States figure of 41.2—the all-South Development Council says the state's production of wealth from natural resources, principally oil, gas and sulphur, is greater per unit of area than that of the country as a whole.

YOU ARE DUE GOOD HEALTH, SUCCESS AND HAPPINESS

But you cannot enjoy these things if you have allowed your system to lag to such an extent that your bowels and liver do not function properly, causing you to suffer with headaches, loss of sleep, backache, coated tongue, bad breath, rheumatic pains, biliousness and gas pains brought on by inactive clogged bowel organs.

Lagatone is an efficient stimulant for increasing the flow of bile. Lagatone also stimulates liver action, relieving biliousness, worn out feeling and sick headache caused thereby. Lagatone acts on bowels as a laxative and helps clear out old decayed food waste. Lagatone is a compound of several ingredients. Thus Lagatone is like several medicines in the same compound. No wonder people begin to inform us of the good results they are receiving after using it a short time. If your system is lagging and run down, your food disagrees with you, if you are tired and sluggish and lacking energy, Lagatone will clean accumulated poisons out of your system and restore your vitality, your appetite and your good health. Go to your druggist today and buy a box of Lagatone and if after you have followed directions, written on the box, for ten days, you are not pleased with the results and if you do not feel new pep and energy, go back for your money. Price, 1 box 36 capsules \$1; 6 boxes \$5.

Lagatone is on sale with the City Drug Store in Matador. Please do not accept a substitute for Lagatone, for your own good. "Never Let Your System Lag."—Adv.

SAGA OF THE PRAIRIE

FRED G. SIMPSON, Editor Thursday, March 25th, 1937 MATADOR HIGH SCHOOL

STAFF Editor-in-Chief: Fred G. Simpson Assistant Editor: Marjorie Moore General News: Je Eda Berryman Girls' Sport Editor: Dan Browning Boys' Sport Editor: Boyd Willett Joke Editor: Lyman Campbell Sponsor: Pauline Rister

GENERAL NEWS

Some of the High School students put on a musical program at Cee Vee Friday night. Louise Edmondson, Elva Rhea Willis, Grace Kimble, Dan Browning, and Dorothy Jean Harp sang the following songs: 'Moon Over Miami', 'Winter Wonderland', 'Pennies from Heaven', 'Lights Out' and others. 'Turkey' Meador, Doc Vinson, and Trout Groves presented their Hill Billy act.

The Matador High School was visited by an ex-graduate, Hazel Ellithorp. The seniors have ordered their invitations and expect them to be here soon.

The Business Law class is studying a very interesting subject now. The class has from one to two trials each week which are very interesting.

The high school students that had perfect conduct grades the fourth six weeks: Seniors: Dan Browning, Etta Elmore, Tutt Harrow, Eula Seales, and Cletelle Willie. Juniors: W. T. Bogus, Jean Harp, Frances Carlson, Stuart Dixon, Bernice Hill, Ruth Hill, Viola Jameson, Twila Jarrett, Mary Beth Martin, Berndena Nelson, Truett Rattan, Claudie Sray, Corine Wilkinson, Elva Rhea Willis. Sophomores: Duward Allen, Vernon Chambliss, Jenaeite Jinkins, Jimmie Lee Irby, Opal Vivian. Freshmen: Grant Carlson, Myrnavae Barkley, Jundell Davis, Amon Jones, Bennie Keltz, Lloyd Latimer, Pauline Oden, Keith Patton, G. W. Ratcliff, Nellie Ray, Oliver Spray, Alton Titus, Glenn Woodruff.

The students with conduct grades from 90 to 99 are: Seniors: Eldren Adams, Kate Ballard, Fred Lawrence, Joeda Berryman, Billie

Lawrence, L. C. Groves, Lorene Kingery, Marjoria Moore, Inez Pharis, Lawrence Rattan, Furman Vinson, Velma Willis and Louise Wright. Juniors: Joe Campbell, G. W. Fulfer, S. M. Guthrie, E. D. Lawrence, Rhenard McCary, Jack Robinson, Hulon Phillips, Elmerine Russell, Fred G. Simpson, Dud Stafford, W. R. Tilson. Sophomores: France Barton, James B. Cooper, Thurman Fulkerson, Kara Hunsucker, Orva Latimer, Houston Schweitzer, Freshmen: Marion Clements, Wandell Berryman, W. T. Marshall, Lela Carpenter, Tom Nell Darsey, Evelyn Lea, Raymond Rattan, Aileen Russell, James E. Russell, Jonita Smart, Mary Ola Tipton and A. J. Willis.

GRADE SCHOOL NEWS

First Grade, (Miss Luckett) Dist. List: Oneta Hendricks, Nell Webb. Honor Roll: Kenneth Baldwin, Hal Courtney, Bobby Ray Griffin, Walter Higginbotham, Bob Rushing, Freddie Ralph Jones, Exie Mae Spray. Perfect Attendance: Kenneth Baldwin, Bobby Ray Griffin, Hal Courtney, Billy Jin McKelvey, Bob Rushing. Highest Average: Benneth Baldwin 94 1/2

Second Grade, (Mrs. Harbour) Dist. List: Martha Ray Cudd Jolene Bloodworth, Betty Price, Frances Schweitzer. Honor Roll: R. D. Clements, Tom Rufus Edmondson, John Farris Fish, Gordon Russell, Wanda Marshall, Dorothy Woodruff, Joy Harris, Earlene McCain. Perfect Attendance: R. D. Clements, Betty Price, Wanda Marshall, Margaret Cleitt. Highest Average: Jolene Bloodworth 98.

Third Grade, (Miss Glenn) Dist. List: Billy Jo Archer, Harry L. Willett, Bobby Harp, Gladys Marie Springer, Velda Mae Rattan Imogene Archer. Highest Average: Billy Jo Archer, 96.1; Harry L. Willett, 96.1 (tie).

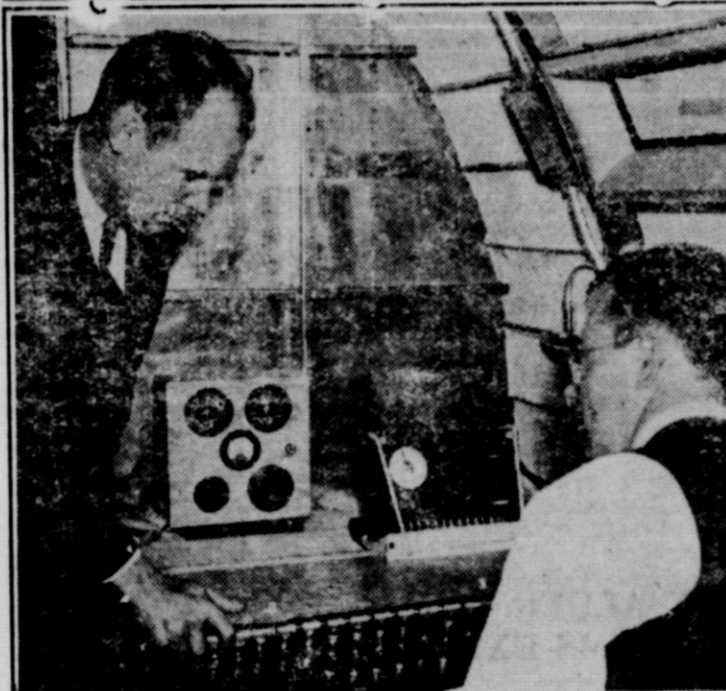

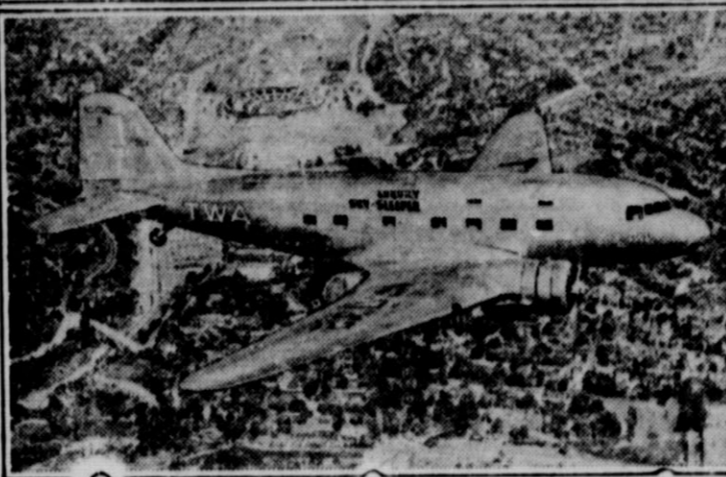

Fourth Grade, (Miss Reeves) Dist. List: Frances Seigler, Don Paul Keith, Glenda Nelson, Willis Higginbotham, Betty Joe Kingery, Dorothy Nelson, Mary Price, Ruby Burton. Honor Roll: Billy Wason, Math Barkley, Jane Bishop, Geo. Doss, Barbara Ann Springer, Anie Bell Hagle, Elwanda Martin, June Bishop, Margie Marshall. Perfect Attendance: Frances Seigler, Ruby Burton, Dorothy Jean Henderson, Margie Marshall, Elwanda Martin, Glenda Nelson, Willis Higginbotham, Earl Smith, Math Barkley, Don Paul Keith, Barbara Ann Springer. Highest Average: Willis Higginbotham, 96; Don Paul Keith 96; Ruby Burton, 96 (tie).

Fifth Grade, (Mrs. Meason) Dist. List: Norman Pitts. Honor Roll: Hazle Ruth Denson, Ruth Evelyn Keith, Doris Jean Pewler, Onieta Whitaker, James Dickey Denison, Tom Ed Jameson, J. L. Lea, John M. Russell, Lawrence Spray, Mary Ruth Muse. Perfect Attendance: Juanita Cartwright, Joyce Daniels, Hazle Ruth Denson, Reatha R. Robertson, Onieta Whitaker, Tom Ed Jameson, Estel Mize, Norman Pitts, Bill Rushing, Freda Jones. Highest Average: Norman Pitts, 97.

Sixth Grade, (Miss Fryar) Dist. List: Ella Mae Chambliss Jimmie Lee Guthrie, Dorothy Wilson, Bennie Wayne Marshall. Honor Roll: Marshall Lee Morton, Billy Pharis, Douglas Pitts, Jr., Franklin Price, Mildred Higginbotham, Junelle Jackson, Dorothy Kingery, Wanda Nelson, Mavinee Russell. Perfect Attendance: Dorothy Kinkery, Douglas Pitts, Jr., Mildred Higginbotham, Junelle Jackson, Dorothy Wilson. Highest Average: Jimmie Lee Guthrie, 95.

Seventh Grade, (Miss Casstevens) Dist. List: Frances Carpenter, Frances Stearns. Honor Roll: Alice Thompson. Perfect Attendance: Frances Carpenter, Ruth Rushing, Frances Stearns, Lowell Barkley, Byron Knight, Lory Nelson. Perfect Conduct Grades: James Rufus Fish, Frenchie Nell Brandon, Juanita Mize, Lucille Plumlee. Conduct 90 to 99: Gilbert Duncan, James Edmondson, Haskie Hamiter, Ruth Rushing, Bobby Jones, Byron Knight, Mary Ellen Barton, Eula Hamiter, Frances Carpenter, Pearl Hart, Joyce Irby, Edna Jackson, Hylolis Jackson, Justine Rattan, Frances Stearns, Pauline Jarrett. Highest Average, Frances Stearns, 96 8-9.

NEW "QUEEN" of TWA ROYAL FLEET

Top view shows the luxurious new 17-passenger TWA Super-Skyliner during government flight tests over Pasadena's Rose Bowl, proving the Sky Steeper to be first in speed, gross loading and power; and best in performance in take-off and landing distances, absolute and service ceilings, climbing time and single-engine characteristics. Top speed is 218 miles an hour with a gross load of 24,800 pounds. The plane can fly on only one motor at a speed of 128 miles an hour. With twelve sister sky giants, the Royal fleet will further reduce present flying time of 15 hours over TWA between Los Angeles and New York City on May 1st. Lower view shows TWA Chief Pilot Harlan Hull and Engine Inspector William S. Goodwin with eyes glued to special auxiliary instruments in cabin of the Super-Skyliner during rigid tests of plane, controls, motors and instruments that required 15 hours of flying over Southern California. TWA will further test the new fleet another 100 hours over its system before establishment of service.

had lived here and driven—first a horse and buggy and then later an automobile. We stopped before a very pretentious looking estate surrounded by a stone wall. Through the entrance gates one caught a glimpse of a large, rambling white house of Colonial style. My driver told me it contained some sixty rooms. This was the former residence of Mr. and Mrs. Marry Payne Whit-

ney of New York City. The late Mr. Whitney was a well-known figure in the sporting world. Mrs. Whitney was before her marriage, Gertrude Vanderbilt and has long been known for her artistic predilections especially in the domain of sculpture. This home is now occupied by their married daughter, Mrs. Miller. In connection with some of these estates one sees stables housing race horses and polo ponies, polo fields, race tracks golf courses and tennis courts and the like.

Another estate I saw was known as "Rosebank" and is the winter home of Eugene Grace, President of the Carnegie Steel Company of Pittsburgh. Nearby is the home of the world-famous pianist, Josef Hoffmann, and those of Milburn and Hitchcock, famous where sports are mentioned. "Hopelands" the Chicago tycoon, is the handsomest when it comes to landscape gardening. Here one sees flower-bordered walks adorned with stately tipped trees and splashing fountains. "Elmcourt" and "Rose Hill", the former home of Augustus F. Goodwin, the latter of Mrs. Sheffield Phelps, are a close second when it comes to beauty of natural surroundings. Then there are many more homes of northern men of wealth hailing from New York,

Massachusetts, Rhode Island and other northern states.

These people live here from the end of November until the middle of April and indulge in various sports: polo, golf, horse racing, drag-hunts, tennis and the like. Some great executives come here to relax, while others come here to relieve the boredom and ennui from which many vapid society people are apt to suffer while chasing continually the Blue Bird of Happiness, now here, now there. All this stamps Aiken with a sporty, aristocratic distinction and its quiet, formal beauty bathed in the balmy southern sunshine is far removed from the fierce storms, cold, howling winds, snow and sleet of northern climes. (To Be Continued)

SEASON UNDEFEATED

ABILENE—Hardin-Simmons Cowboy cagers battled 1000 per cent to finish their cage schedule with fifteen wins and no losses. Numbered among the victims were Baylor, S. M. U., T. C. U., Daniel Baker, West Texas State and St. Mary's. The Cowboys haven't had a loss in the field of sorts since Oct. 3—twenty-one straight victories.

the year around and those who come here only for the wintes to enjoy her balmy, salubrious climate. Greene street is a double street with a parkway running through its center. Amidst the grass and trees one notices here and there, some monuments. But after the fine ones I had seen in Savannah, these did not impress me greatly. They seemed small and 'dinky' by comparison. In fact the whole city of Augusta did not begin to compare with her great rival, Savannah. I did not tarry long in her midst, therefore, and soon left for Aiken, S. C.

Farewell To A Siren... Savannah, Georgia, is a handsome siren, and I loved her and hated to tear myself away. I felt the same way about her sister charmer, Charleston. Comparisons may be odious but they are certainly inevitable. Charleston captivated me by her quaint, picturesque charm and Savannah, by her sheer beauty. In her crown she wore three great jewels that flashed rays of beauty with every turn—her lovely squares, her wonderful necropolis—Bonaventure Cemetery—and her dreamy enchanted plantation home—Wormsloe Gardens.

LIPHAM'S WATCH REPAIR advertisement with a watch image and contact information for W. S. Duckworth and W. M. Lipham.

About Augusta, Georgia... The first thing that struck me as I arrived in Augusta, was her ubiquitous Confederate monument standing in a central area of the main thoroughfare—Broad street. Flanking it were small grass plots and some pyramidal formations composed of cannon balls.

Prehistorics Of Distant Age Being Collected In West Texas For Museum

Misfortune which directed the hooves of tiny giant-headed horses into the treacherous quicksands of the Texas Panhandle more than a million years ago is now being hailed by Dr. C. Stuart Johnston, West Texas State Teachers College paleontologist, as good fortune for science.

Supervising a small band of WPA workmen, Dr. Johnston is discovering that the long-dried quicksand beds have preserved skeletal remains of the extinct horses in almost perfect condition. The prehistoric animal is described by Dr. Johnston as being slightly smaller than the modern pony but with a head as large as that of the average draft horse.

The WPA workers are excavating and helping to reconstruct a veritable menagerie of strange and extinct animals which once roamed the western plains of Texas. For several decades the rich fossil beds of West Texas have been combed for scientifically significant deposits by representatives of out-of-state museums and scientific institutions. Dr. Johnston said with the provision of federal funds it has been possible to employ workers and researchers to excavate Texas fossils for Texas institutions. Reconstructed skeletons of prehistoric animals are being placed in the Panhandle Plains Museum on the WTSTC campus at Canyon.

In one 3,700-pound block now on exhibit at the museum are the bones of rhinos, camels, sabertooth tigers, prehistoric dogs and horses all figures in the million-year-old drama of the Texas Panhandle which is being unfolded by the small band of researchers. One of the rarest specimens uncovered by the workmen is a complete skeleton of the giant ground sloth, unearthed in Briscoe County.

Untrained workers rapidly become proficient in the unusual tasks involved in this project, Dr. Johnston reports, and several of the WPA workmen have been qualified as skilled workers in excavation and preservation of fossilized deposits.—Donley County Leader.

All Of Neighbor Nations Coming To Fair In Texas

DALLAS, March 22.—Central American republics, closest neighbors to Texas, already have accepted almost unanimously invitations to take part in the Greater Texas and Pan America Exposition, opening at Dallas June 12.

Director General Frank L. McNeny received reports at the Exposition offices in Dallas this week from two flying emissaries as they completed their swing through Mexico and the six Central American Republics, without a refusal at any point.

Mexico's formal acceptance is expected momentarily from President Cardenas, who was out of the capital at time of the visit of Dr. Roscoe R. Hill of Washington and Charles H. Abbott of the Exposition staff. His cabinet members already have signified acceptance.

Guatemala and Nicaragua have accepted. Unofficially, participation in the Exposition has been planned by Honduras and, it is anticipated, by El Salvador, Costa Rica and Panama. This makes the record perfect up to the envoys' entry into the South American continent with first calls at the capitals of Ecuador, then Peru and Chile. Crossing to the Atlantic seaboard, they will return through Argentina, Uruguay, Brazil, Venezuela and Colombia, then across to Cuba to complete their trip about mid-April.

The Capital Onlooker

By Charles E. Simons

AUSTIN, March 22.—The state highway fund would be in the red \$3,050,000 by March 10 of next year if a bill now pending before the legislature to divert a portion of the gasoline tax is enacted, an official calculation of the fund's resources and requirements discloses. This would mark the first time in ten years that the department would be off a cash basis.

Calculations prepared by Gordon Lloyd, chief accountant for the Highway Department, show the fund will have a balance of \$1,120,000 on March 10, 1938, if the present income allocation is left undisturbed and revenues accrue at the anticipated rate. The annual diversion of \$4,180,000, as proposed in House Bill 363, would create a deficit in the fund of \$3,050,000 by March of next year and \$6,990,000 by March 10, 1939.

The calculations were based on normal construction conditions and included reimbursements to

HE NEEDS A "NEUTRALITY ACT" TOO!

the state by the federal bureau of public roads for work completed on the federal highway system. The survey also considered completion of the current federal aid program according to schedule.

The cash balance in the highway fund on February 1 was \$4,981,806. Estimated receipts into the fund through February, 1938, including gasoline taxes, license fees, federal reimbursements and all miscellaneous income, totaled \$37,120,289 while disbursements were listed at \$39,669,539. The disbursements schedule included payments on contracts now in progress.

Placement of the 1938 federal aid and state surfacing programs under contract, maintenance of the highway system, support of the Highway Patrol, main office expenses, replacement of equipment, operation of the Galveston-Bolivar Ferry, operation of the testing laboratory, purchase of license plates and expenditures.

Disbursements would exceed receipts by \$2,549,250, leaving an estimated balance of \$2,432,556 on February 28, 1938. The deduction of \$4,180,000 from the gasoline tax receipts would push this balance over the line into the red to the amount of \$3,050,000 by March 10.

Informed highway sources see in the bill a threat to the federal aid programs and a consequent loss to Texas communities of badly needed roads and a denial to Texas labor of the opportunity to work on worthwhile public projects. They point out the state would either be forced to operate on a deficit, which would grow larger each year, or curtail its operations everywhere along the line.

With 21,000 miles of highways on the system, it is virtually impossible to curtail maintenance

Account", set aside in the United States Treasury for this purpose

involve small amounts, as the claims were filed with the Board shortly after the old-age benefits program went into effect. Seven carriers who during the first few days of this year reached the age of 65. The eighth payment is in settlement of a death claim. Treasury checks will be sent in settlement of these claims to workers in Wilmington, Del., New York City, Louisville, Ky., two in Huron, Mich., and two in Minneapolis, Minn. A check for the death claim will be sent to Indianapolis, Ind.

Powell said the names of the claimants would not be made public. This procedure, it was explained, is in line with the Board's policy of holding confidential all information concerning individual participants in the old-age benefits program.

Luxury Sky Sleeper Passes Strict Test

Exceeding every performance record of a transport airplane for its gross loading and type, the new 17-passenger TWA Luxury Sky Sleeper, first of a Royal fleet which will shortly inaugurate passenger service, yesterday completed Department of Commerce 15-hour showing a speed of 218 miles an hour and gross loading of 24,000 pounds.

GENERAL NEWS

Some of the High School students put on a musical program at Cee Vee Friday night. Louise Edmondson, Elva Rhea Willis, Grace Kimple, Dan Browning, and Dorothy Joan Harp sang the following songs: 'Moon Over Miami', 'Winter Wonderland', 'Pennies From Heaven', 'When Did You Leave Heaven', 'Lights Out' and others. 'Turkey' Meador, Doc, Vinson, and Trent Groves presented their Hill Billy act.

The Matador High School was visited by an ex-graduate, Hazel Ellithorp.

The Seniors have ordered their invitations and expect them to be here soon.

The Business Law class is studying a very interesting subject now. The class has from one to two trials each week which are very interesting.

The high school students that had perfect conduct grades the fourth six weeks: Seniors: Dan Browning, Etta Elmore, Tuti Harcrow, Eula Seales, and Clotelle Wille. Juniors: W. T. Bogus, Jean Harp, Frances Carlson, Stuart Dixon, Bernice Hill, Ruth Hill, Viola Jameson, Twila Jarrett, Mary Beth Martin, Berdena Nelson, Truett Rattan, Claudie Spray, Corine Wilkinson, Elva Rhea Willis. Sophomores: Durward Allen, Vernon Chambliss, Jenette Jinkins, Jimmie Lee Irby, Opal Vivian. Freshmen: Grant Carlson, Myrnavae Barkley, Juandell Davis Amos Jones, Bernice Keltz, Lloyd Lastimer, Pauline Oden, Keith Patton, G. W. Ratcliff, Nellie Ray, Oliver Spray, Alton Titus, Glenn Woodruff.

The students with conduct grades from 90 to 99 are, Seniors: Eldren Adams, Kate Ballard, Fred Lawrence, Joeda Berryman, Billie

Lawrence, L. C. Groves, Lorene Kingery, Marjorie Moore, Inez Pharis, Lawrence Rattan, Furman Vinson, Velma Willis and Louise Wright. Juniors: Joe Campbell, G. W. Fulfer, S. M. Guthrie, E. D. Lawrence, Rhenard McCary, Jack Robinson, Hulon Phillips, Elmerine Russell, Fred G. Simpson, Dud Stafford, W. R. Tilson. Sophomores: France Barton, James B. Cooper, Thurman Fulkerson, Kara Hunsucker, Orva Latimer, Houston Schweitzer. Freshmen: Marion Clements, Wandell Berryman, W. T. Marshall, Lela Carpenter, Tom Nell Darsey, Evelyn Lea, Raymond Rattan, Aileen Russell, James E. Russell, Jonita Smart, Mary Ola Tipton and A. J. Willis.

GRADE SCHOOL NEWS

First Grade (Miss Luckett) Dist. List: Oneta Hendricks, Nell Webb. Honor Roll: Kenneth Baldwin, Hal Courtney, Bobby Ray Griffin, Walter Higginbotham, Bob Rushing, Freddie Ralph Jones, Exie Mae Spray. Perfect Attendance: Kenneth Baldwin, Bobby Ray Griffin, Hal Courtney, Billy Jim McKelvey, Bob Rushing. Highest Average: Benneth Baldwin 94 1/2

Second Grade (Miss Nixon) Dist. List: Thomas Sanders, John Irwin. Honor Roll: Dona Ann Weldon, Rose Mary Edwards, Louie Beam, James Bartlett, Kenneth Peeler, Charles Ray Cox, Jackie Dennis, Albert Marshall, Wayne Thompson. Perfect Attendance: Louie Beam, Charles Ray Cox, John Irwin, Albert Marshall, Wayne Thompson. Highest Average: Kenneth Peeler, 94 2-3.

Third Grade (Miss Gleason) Dist. List: Billy Jo Archer, Harry L. Willett, Bobby Harp, Gladys Marie Springer, Velda Mae Rattan Imogene Archer. Highest Average: Billy Jo Archer, 96.1; Harry L. Willett, 96.1 (tie).

Fourth Grade (Miss Reeves) Dist. List: Frances Seigler, Don Paul Keith, Glenda Nelson, Willis

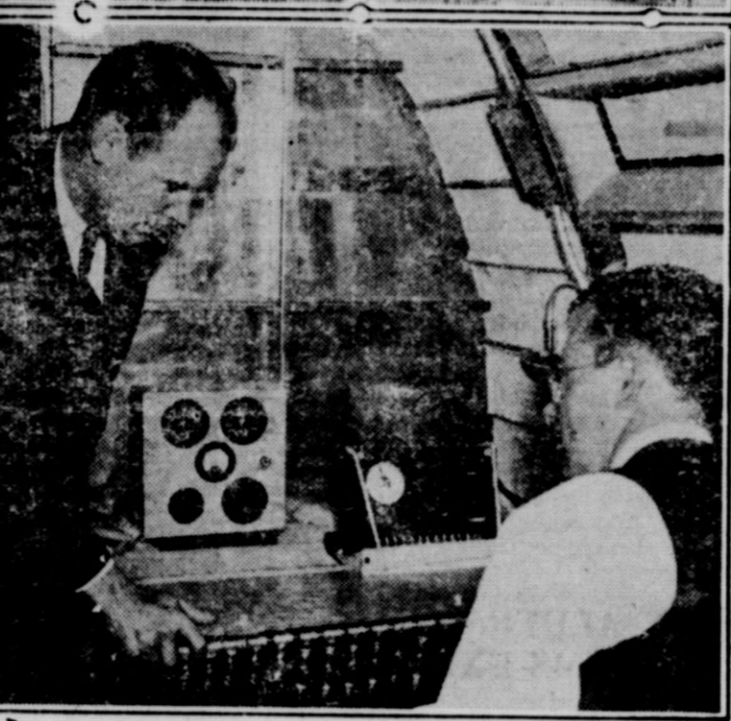

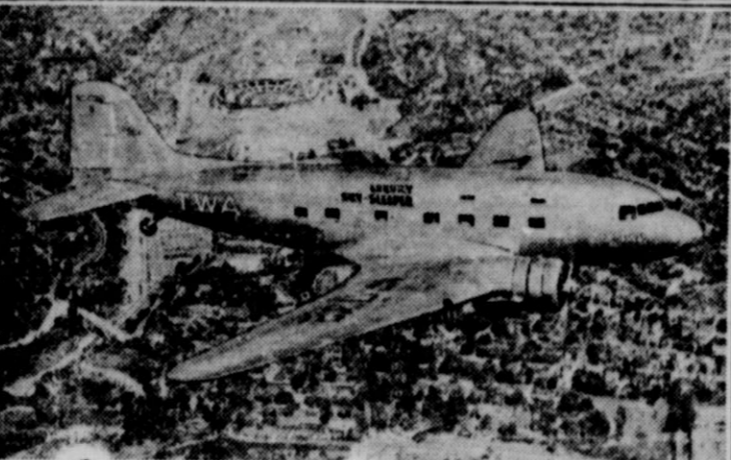

Higginbotham, Betty Joe Kingery, Dorothy Nelson, Mary Price, Ruby Burton. Honor Roll: Billy Wason, Math Barkley, Jane Bishop, Geo. Doss, Barbara Ann Springer, Anie Bell Hagle, Elwanda Martin, June Bishop, Margie Marshall. Perfect Attendance: Frances Seigler, Ruby Burton, Dorothy Jean Henderson, Margie Marshall, Elwanda Martin, Glenda Nelson, Willis Higginbotham, Earl Smith, Math Barkley, Don Paul Keith, Barbara Ann Springer. Highest Average: Willis Higginbotham, 96; Don Paul Keith 96; Ruby Burton, 96 (tie).

Fifth Grade (Mrs. Meason) Dist. List: Norman Pitts. Honor Roll: Hazle Ruth Denson, Ruth Evelyn Keith, Doris Jean Peeler, Onieta Whitaker, James Dickey Denison, Tom Ed Jameson, J. L. Lea, John M. Russell, Lawrence Spray, Mary Ruth Muse. Perfect Attendance: Juanita Cartwright, Joyce Daniels, Hazle Ruth Denson, Reatha R. Robertson, Onieta Whitaker, Tom Ed Jameson, Estel Mize, Norman Pitts, Bill Rushing, Freda Jones. Highest Average: Norman Pitts, 97.

Sixth Grade (Miss Fryar) Dist. List: Ella Mae Chambliss Jimmie Lee Guthrie, Dorothy Wason, Bennie Wayne Marshall. Honor Roll: Marshall Lee Morton, Billy Pharis, Douglas Pitts, Jr., Franklin Price, Mildred Higginbotham, Junelle Jackson, Dorothy Kingery, Wanda Nelson, Mavinee Russell. Perfect Attendance: Dorothy Kingery, Douglas Pitts, Jr., Mildred Higginbotham, Junelle Jackson, Dorothy Wason. Highest Average: Jimmie Lee Guthrie, 95.

Seventh Grade (Miss Casstevens) Dist. List: Frances Carpenter, Frances Stearns. Honor Roll: Alice Thompson. Perfect Attendance: Frances Carpenter, Ruth Rushing, Frances Stearns, Lowell Barkley, Byron Knight, Loroy Nelson. Perfect Conduct Grades: James Rufus Fish, Frenchie Nell Brandon, Juanita Mize, Lucille Plumlee. Conduct 90 to 99: Gilbert Duncan, James Edmondson, Haskle Hamiter, Ruth Rushing, Bobby Jones, Byron Knight, Mary Ellen Barton, Eula Hamiter, Frances Carpenter, Pearl Hart, Joyce Irby, Edna Jackson, Hylolis Jackson, Justine Rattan, Frances Stearns, Pauline Jarrett. Highest Average, Frances Stearns, 96 8-9.

NEW "QUEEN" of TWA ROYAL FLEET

Top view shows the luxurious new 17-passenger TWA Super-Skyliner during government flight tests over Pasadena's Rose Bowl, proving the Sky Sleeper to be first in speed, gross loading and power; and best in performance in take-off and landing distances, absolute and service ceilings, climbing time and single-engine characteristics. Top speed is 218 miles an hour with a gross load of 24,800 pounds. The plane can fly on only one motor at a speed of 128 miles an hour. With twelve sister sky giants, the Royal fleet will further reduce present flying time of 15 hours over TWA between Los Angeles and New York City on May 1st. Lower view shows TWA Chief Pilot Harlan Hull and Engine Inspector William S. Goodwin with eyes glued to special auxiliary instruments in cabin of the Super-Skyliner during rigid tests of plane, controls, motors and instruments that required 15 hours of flying over Southern California. TWA will further test the new fleet another 100 hours over its system before establishment of service.

had lived here and driven—first a horse and buggy and then later an automobile. We stopped before a very pretentious looking estate surrounded by a stone wall. Through the entrance gate: one caught a glimpse of a large, rambling white house of Colonial style. My driver told me it contained some sixty rooms. This was the former residence of Mr. and Mrs. Marry Payne Whitney of New York City. The late Mr. Whitney was a well-known figure in the sporting world. Mrs. Whitney was before her marriage, Gertrude Vanderbilt and has long been known for her artistic predilections especially in the domain of sculpture. This home is now occupied by their married daughter, Mrs. Miller. In connection with some of these estates one sees stables housing race horses and polo ponies, polo fields, race tracks golf courses and tennis courts and the like. Another estate I saw was known as "Rosebank" and is the winter home of Eugene Grace, President of the Carnegie Steel Company of Pittsburgh. Nearby is the home of the world-famous pianist, Josef Hoffmann, and those of Milburn and Hitchcock, famous where sports are mentioned. "Hopelands" the winter home of Iselin, the Chicago tycoon, is the handsomest when it comes to landscape gardening. Here one sees flower-bordered walks adorned with stately lipped trees and splashing fountains. "Elmcourt" and "Rose Hill" the former home of Augustus F. Goodwin, the latter of Mrs. Sheffield Phelps, are a close second when it comes to beauty of natural surroundings. Then there are many more homes of northern men of wealth hailing from New York,

Massachusetts, Rhode Island and other northern states. These people live here from the end of November until the middle of April and indulge in various sports: polo, golf, horse racing, drag-hunts, tennis and the like. Some great executives come here to relax, while others come here to relieve the boredom and ennui from which many vapid society people are apt to suffer while chasing continually the Blue Bird of Happiness, now here, now there. All this stamps Aiken with a sporty, aristocratic distinction and its quiet, formal beauty bathed in the balmy southern sunshine is far removed from the fierce storms, cold, howling winds, snow and sleet of northern climes. (To Be Continued)

SEASON UNDEFEATED

ABILENE—Hardin-Simmons Cowboy cagers battled 1000 per cent to finish their cage schedule with fifteen wins and no losses. Numbered among the victims were Baylor, S. M. U., T. C. U., Daniel Baker, West Texas State and St. Mary's. The Cowboys haven't had a loss in the field of sorts since Oct. 3—twenty-one straight victories. Go To Church Sunday

Farewell To A Siren... Savannah, Georgia... a handsome siren and I loved her and hated to tear myself away. I felt the same way about her sister charmer, Charleston. Comparisons may be odious but they are certainly inevitable. Charleston captivated me by her quaint, picturesque charm and Savannah, by her sheer beauty. In her crown she wore three great jewels that flashed rays of beauty with every turn—her lovely squares, her wonderful necropolis—Bon Adventure Cemetery—and her dreamy enchanted plantation home—Wormsloe Gardens.

But leave her I must, so when she was preparing for her night rest under the scintillating canopy of stars, I stole away, murmuring "Aufwiedersehen". About Augusta, Georgia... The first thing that struck me as I arrived in Augusta, was her ubiquitous Confederate monument standing in a central area of the main thoroughfare—Broad street. Flanking it were small grass plots and some pyramidal formations composed of cannon balls. Augusta was founded by Oglethorpe two years after the founding of Savannah. One sees here her old courthouse—erected in 1820—it was then called 'City Hall' A part of it has been enlarged and remodeled in 1892. Her Greene street is 'the' residence street here. In it one sees many fine homes of people who live here permanently

the year around and those who come here only for the winters to enjoy her balmy, salubrious climate. Greene street is a double street with a parkway running through its center. Amidst the grass and trees one notices here and there, some monuments. But after the fine ones I had seen in Savannah, these did not impress me greatly. They seemed small and 'dinky' by comparison. In fact the whole city of Augusta did not begin to compare with her great rival, Savannah. I did not tarry long in her midst, therefore, and soon left for Aiken, S. C. Wealth and Sports Winter... Augusta, Ga. is situated on the Savannah River which divides the state of Georgia from that of South Carolina. So, after crossing this river, I found myself in another state and soon thereafter I arrived at Aiken, S. C. The business section of Aiken is nondescript—no better, no worse than other small towns. For this I had not come, but to see the thing that had made Aiken famous among the fashionable winter resorts of the South. I engaged a cab in the public square and directed the driver to take me about and show me the estates of the Northern plutocrats who come here to winter and indulge in various sports. I was happy in my choice of the Jehu that I had selected. He was an old negro with gray hair, and he knew his Aiken. For 35 years he

EGG HUNT...

(Continued From Page One) give each boy present a chance to find at least one or two eggs. No Cars On Course A special request has been made that all drivers of cars observe the rules for parking, which have been made and emphasis is placed on the fact that cars are not to be allowed on the course, since there is ample parking space along the highway and in the lane bordering the course on the east. It has been necessary that these rules be made

in order that the greens which are in good condition, not be damaged or disfigured by vehicle tracks. A committee secured \$15 in small contributions late yesterday which will be given as cash prizes in the Boy Scout Easter egg-hunt. Prize eggs will be marked with the name of the donor and the amount, which will be paid the finder. Most of the amounts are ten to twenty-five cents, with one of fifty cents.

WANTED To buy Cream Separator. Must be a bargain and in good running condition. Write Box 128, Matador, Texas.

FLOMOT SCHOOL HEARS TANNING EXPERT'S TALK

Stories of schoolgirls who made their own fur coats from jack-rabbit skins or coyote pelts, and of schoolboys who converted hides of little value on the market into valuable leather were topics of interest to the science classes of the Flomot School Wednesday morning of last week. These and many other wonders of the arts of tanning and leather working were described by M. K. Thornton, tanning and leather specialist of the A. & M. College Extension Service, who visited Motley County by invitation of county agent Fank A. Buckley while on a tour of West Texas.

An exhibit of particular interest to the youngsters was a large and varied collection of articles made of home-tanned leather on farms in all parts of Texas. Processed skins from cow, horse, pig, sheep, goat, and deer were on display. A touch of local color was added when several plants of sour dock, or Indian rhubarb, with bunches of large tubers attached were added to the display. It was explained that these tubers contain a large percentage of tanning and may be used in place of oak, or other wood bark to impart the attractive tan color so often noticed in leather articles. The plants shown were obtained near Roaring Springs, they abound in all parts of the county. They may be planted and harvested much as Irish or sweet potatoes.

CITY ALDERMEN TERMS EXPIRE

The terms of three aldermen, H. K. Ford, G. M. Birchfield and L. C. Harp, expire to be filled through the city election on April 8th, according to information received from the City Hall. No candidates have announced, it was declared. Tom Harris, city secretary, declared that it was necessary for candidates to file applications for their names on the ballot 10 days in advance of the election.

PROCLAMATION

I, George Edwards, Mayor of the City of Matador, proclaim the week of March 29th to April 3rd as "Clean-up Week" and solicit the co-operation of every resident to make the campaign as effective as possible.

All trash and rubbish should be burned and that remaining should be piled so that easy access may be had in the alley. Trucking away trash is made without charge where it is placed in barrels, boxes sacks or other containers.

GEORGE EDWARDS, Mayor City of Matador

Grocery Here Buys Show's Prize Beef

An advertisement appearing in this issue of the Tribune announces the purchase of a Champion 4-H Club beef by Campbell's Food Market which will be offered for sale over the week-end.

The prize beef was secured through a major packing company after it had been purchased at premium prices. The price of the beef offered in the advertisement is slightly higher than local products.

R. E. Campbell, manager of the grocery, declared he purchased a prize beef and advertised it last year with the result that it was almost sold in one day, despite the higher prices. He believes there are many here, especially older cowmen, who know fine beef and are willing to pay a premium for it.

Gainesville Church Conducting Victory Drive For Big Fund

In an extensive and persistent drive for funds with which to erect an Educational Building, coupled with visions of a communion Church auditorium to follow later, the First Baptist Church of Gainesville, Texas, has completed a second "Victory Drive", with a third set for the 2nd of May.

Gifts totaling \$3,896.82, only \$103.18 short of a goal of \$4,000.00 were added on March 14 to the \$13,000.00 existing in the building fund, leaving \$3,000.00 to be raised in the May campaign in order to have \$20,000.00, the amount desired in order to begin the proposed \$35,000 plant.

Rev. A. L. Jordan, former Matador pastor, who is now pastor of the Gainesville church, stated in a recent communication, "We plan to raise at least \$5,000 during construction of the building and are determined to owe not in excess of \$10,000 when it is finished and equipped."

The proposed building will be a four-story structure and will accommodate about 950 persons.

County Committee Elects This Week

Meetings will be held to explain the farm and ranch program and to elect the new county committee on the dates and at the places show below. Come to the one in your precinct.

- Precinct 4, Roaring Springs, Methodist Church, Thursday, Mar. 25, 9 A. M.
Precinct 2, Whiteflat, Methodist Church, Thursday, March 25, 2:30 P. M.
Precinct 3, Northfield, Methodist Church, Friday, March 26, 2:30 P. M.
Precinct 1, Matador, Courthouse, Saturday, March 27, 2:30 P. M.

DISTRICT CASE WORKER URGES BILL INTEREST

Members of civic organizations, lay people and other interested persons favoring a Welfare Department, should express their interest by writing to members of the State Affairs Committee, Senate Chamber, Austin, Texas, according to a statement issued by Miss Irene Knight, district case worker, whose territory embraces Motley county.

In order that the state of Texas may keep abreast of the times in its welfare activities and receive all Federal benefits that are now available for the aged, dependent children, and the needy blind, the Texas Planning Board earnestly recommends the adoption of the proposed Public Welfare Bill which provides for this unified program, the statement avers.

Given Careful Study

This bill has been given careful study and it is fully in line with the type legislation which the Texas Planning Board believes is vitally needed in Texas and which is considered especially successful in other states. The statement declares the country in the midst of a new era of public welfare administration and for the first time in its history, the national government and the state government have recognized that they have concurrent responsibility in the public welfare field. To provide the various welfare services, a national system, a state system and even local systems are in the process of creation.

Section 13 of the proposed bill provides for the state rendering assistance to the blind; Section 25 provides for the assistance of any dependent children of the state and Section 30 provides for the assistance of all persons or families who are in needy circumstances as defined by the act. The Bill is entitled Department of Public Welfare Bill Number 7, by Roray and Davison.

FUNDS FOR RED CROSS WILL BE RECEIVED HERE

Homer Sheats, chairman of the Motley county chapter of the Red Cross received a communication yesterday which stated that the organization would receive funds to alleviate so far as possible the tragedy of the New London school disaster and meet any emergency

needs. The Red Cross in adjacent counties went into action immediately following the disaster.

In view of the generous response to the recent flood emergency no special appeal will be made for the New London tragedy, however it is not intended to deny those wishing to contribute to the disaster and funds will gladly be received by the local chapter.

Bodie Brown Makes Fort Worth Honors

Hubert (Bodie) Brown, grid star of the Matador High School football squad, brought home third honor in track and field events in which he, with other local athletes participated at a meet held at Ft. Worth during the Stock Show, March 18 and 19. Brown took third place in the shot-put.

Others who made the trip and entered the various contests were: Charlie Scaff, W. J. Brian, Jr., L.

C. Groves, Bob Gilmer, Truett Rattan. The boys were accompanied by Coach R. P. Terrell, and returned home early Sunday, having gone down on Friday.
