CITY CONTROL TO REST ON YOUNG SHOULDERS

Fireman Meet And Plan New Organization

Group Makes Plans To Produce Play In Fund Drive

A new program was outlined for the Matador Fire Department during a meeting held at the City Hall Monday night, which is designed to re-organize the group and create greater interest in the work, according to Fire Chief, Clay Gilbert. Sixteen members attended the enthusiastic meeting.

Plans were made to produce a play for the benefit of the organization, details of which will be announced in the immediate future. Funds derived from the play and an advertising plan to be conducted in connection, will be used for the needs of the department.

Benefits Are Cited

Regarding the local fire department, chief Gilbert declared, "We would like to call the attention of the property owners of the city to the fact that the department is composed of non-taxpayers and non-property owners. Naturally all the benefits derived from a modern fire department will be received by those who own property and who pay insurance on their property. Each year a great amount is saved by the property owners because of the fire department which keeps the key rate in Matador as low as possible. Each year the fire department and equipment is inspected by the state fire insurance commission and it is essential that we keep a highly trained group of men and adequate equipment. We seek your full cooperation in the movement when solicited for a small contribution, that you, and not the department, will receive the greatest benefit."

Alton Chapman Announces For Re-election

The Tribune has been authorized to announce the candidacy of Alton B. Chapman for District Judge of the 110th Judicial District composing the Counties of Floyd, Motley, Briscoe and Dickens.

In announcing his candidacy Judge Chapman said that he wished to express his appreciation to the people of Motley county for the many courtesies shown him four years ago when he was elected District Attorney and for the splendid cooperation given him by the people of Motley county during the time he served in that office and during the eight months he has served as District Judge.

During the time that Judge Chapman served as District Attorney he handled approximately two hundred felony cases and out of these there were only three verdicts of acquittal on contested cases. In addition to his regular duties as District Attorney, Judge Chapman, with the help of the County Attorney of Dickens County, contested the application for probate of a will. They alleged the will to be forged and won

D. E. PITTS AT FAMOUS CLINIC

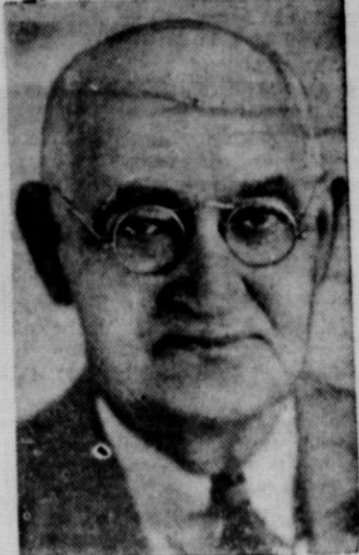

D. E. Pitts left last week for Rochester, Minn., where he entered Mayo Brothers clinic for an examination subsequent to a recent decline in health. However, since visiting the famous institution, Mr. Pitts' condition is reported to be progressing satisfactorily and he is expected home in the near future.

City Will Observe Tribute To Pioneer

According to plans late yesterday, most places of business in Matador will close today between the hours of 10 and 12 a. m. in final tribute to 'Judge' C. L. Glenn.

The flag on the school campus will be lowered to half-mast during the two hours while funeral services are being conducted.

PIONEER PASSES

'Judge' C. L. Glenn, 82, who was summoned by death at his home here Tuesday evening at 8:30, had an active part in the history of Matador and Motley county. He moved here in 1900 and engaged in the mercantile business, later to be elected county judge and served three terms. He also served as mayor and held other important offices.

Death Claims C.L. Glenn At Home Tuesday

Death again broke the ranks of Motley county pioneers late Tuesday and summoned C. L. Glenn, 82, at his home in southwest Matador. Mr. Glenn had an active part in the early history of Matador and Motley county. He moved here with his family in 1900 from Weatherford and formed a partnership with C. M. Currie and Newt Gains in the Matador Mercantile Company, with Mr. Glenn as manager.

Mr. Glenn moved to Plainview in 1911 where he resided for seven years during which time he was active in religious and civic work and was trustee of Wayland College. He returned to Motley County to be elected county judge in 1920, in which capacity he served three terms. He served in the office of mayor of Matador for one term, retiring upon being elected to the office of secretary and treasurer of the Matador Farm Loan Association, where he was active until last August.

Born in Georgia

Charles L. Glenn was born in Oglethorpe, Georgia, December 24, 1855 where he grew to manhood. He attended college at Delonoy, Georgia and was married to Miss Julia Braselton of Gainsville, February 16, 1879. To this union ten children were born, six of whom survive, besides his widow. They are Mrs. T. T. Bouldin of Mineral Wells, Mrs. T. P. Metcalf of Franklin, Texas, Miss Sue Kathryn Glenn of Greensboro, N. C., Miss Amy Glenn, C. M. Glenn and Mrs. J. L. Woodruff, all of Matador.

Active in Community Interests

Mr. Glenn who was of kindly nature and beloved by all who knew him, was active throughout his life in civic and religious work. He joined the Baptist church shortly after his marriage and was

Office Force Rushed With Farm Program

County Agents Adds Help To Work Five Major Activities

The office of county agent Frank A. Buckley is a beehive of industry this month as eight employees labor on five major activities. Final applications for payment under the 1937 farm program are being signed by producers and turned into the county agent's office at a rapid rate. There they are checked, completed, and submitted to the state office at the earliest possible moment. The required seventy five percent should be ready in the near future according to Mr. Buckley, so that actual payments may start.

Price Adjustment or Subsidy payments cannot be made, Buckley states, until all cotton land in the county has been placed under 1937 Work Sheets regardless of whether the operator has entered the reduction program. "This work is being carried on at the present time so that no delay will be occasioned when producers are authorized to apply for the payment. In order to speed up these payments still further, cotton sale certificates are being corrected, classified and arranged, ready for listing on the final papers.

Applications under the range program have been completed by most of the ranchmen, and payments should be made at approximately the same time as under the farm program, according to those in charge. Ranchmen are turning their attention toward qualifying for 1938 payments.

The attitude of the citizens of Matador received a tribute in the amount of public subscription received in aid to those who had met with disaster. A total of \$116.16 in cash was presented to the Sain brothers besides merchandise valued at about \$75. Thurman Sain, who manages the Phillips Service Station here declared solicitors received only two donations in the amount of \$5 and that the remainder of the amount was made up of small donations. He expressed his sincere appreciation for the great aid rendered during his hour of trial.

High Wind Drives Flames Started By Oil Stove

Fire, believed to have been started by an oil stove, destroyed the home occupied by Thurman Sain and his brother Buford Sain, located just west of Bob's Oil Well about 10 o'clock Friday morning. The flames driven by a brisk southwest wind, were well under way before being discovered and the Matador Fire Department was unable to bring water to the scene until over 1,000 feet of hose had been lain due to the distance to a fire connection. While Buford Sain and family who occupied half of the house, saved most of their possessions, the part occupied by his brother, Thurman, was a mass of flames and the latter family lost all clothing, furniture and other possessions.

The fire is believed to have originated from an oil stove in the part of the house occupied by Thurman Sain and his family after Mrs. Sain had placed some food on the stove and gone across the street to speak to a neighbor.

The house which belonged to Mrs. Mollie Wasen, was partly covered by insurance.

EXPECT 100 TO ATTEND FATHER SON BANQUET

Tech College Head Principal Speaker Monday Evening

A Father and Son banquet in honor of the youths of the city will be held Monday night in the basement of the Methodist Church, sponsored jointly by the Matador Boy Scout Troop and the Lions Club, but open to the men and boys of the entire community, who wish to attend.

All boys between the ages of 9 and 18 years are eligible to attend the banquet, and any man who will purchase a 50 cent ticket, which will admit him and a companion. It is necessary however that every man be accompanied by a boy, unless unavoidably hindered. A committee in charge of arrangements will provide "sons" for men not having one of their own, if requested to do so.

Since the entertainment is provided in the interests of the boy scout movement and for the purpose of increasing the membership of the local troop, it is expected that around 100 boys and dads will plan to attend.

According to arrangements, Jack Robinson Jr., will act as Toastmaster of the following program: Songs; eats; Recognition of Visitors; playlet, "What is a Boy Worth?"; Address, Dr. J. O. Ellsworth, head of the Economic and Business Administration Department of Texas Technological college, Lubbock.

LOCAL LIONS ATTEND FLOYDADA BANQUET

Traweck, Mr. and Mrs. John Hamilton, Mr. and Mrs. J. R. Whitworth, Mr. and Mrs. Henry Ford, Fay Jacobs, Henry Pipkin and Misses Vivian Estes and Bertha Castevens.

Lion Joe Pond, District Governor for Dist. 2-T, was the principal speaker and guest of honor at the meeting.

Mr. and Mrs. L. M. Smith and family left last week for Childress where they will make their home.

Mr. Smith, who has been employed here as electrician for the West Texas Utilities, has been transferred to a similar place with the Childress office.

DOG BAGS EIGHT HENS BY REMOTE CONTROL

DALLAS, Jan. 10.—Roast chicken will be the main course at Henry Lemond's house for at least eight days.

Lemond, a member of the Dallas police force, heard a noise in his chicken coop, last night. With only house shoes and an old-fashioned night shirt to shield him from the weather, he went out to investigate. He cocked both barrels of his shotgun and waited.

Curious to know what his master was up to, the family dog came sniffing along. Finally the cold canine nose came in contact with an unprotected portion of Lemond's anatomy.

Both barrels went off as Lemond loosed a yelp of surprise. Eight hens fell dead.

Mr. and Mrs. George Spears made a business trip to Oklahoma City Okla., during the week-end.

REFORM PARTY IN LANDSLIDE

Boys Will Control Municipality Of Matador Saturday

BOYS PROGRAM

SATURDAY: City under boy's management for day.

SUNDAY: Court of Honor program at Methodist church Sunday evening at 7:15

MONDAY: Father-Son banquet at Methodist church Monday night.

"King for a Day," was the cry at the local high school Wednesday as the students marched to the polls to vote for their favorite candidates who will take over the reins of city government Saturday, February 12, in observance of Boy's week.

Mayor Fred G. Simpson led the Reform Party in a smashing victory over the powerful Mugwumps in winning every place on the ticket. The party pledged to clean up the city and promised to place four gold-plated cuspidors at every street corner.

Drivers and pedestrians as well are warned to observe all traffic regulations or suffer the consequences. All fines collections will be turned over to the Boy Scout fund to be used to purchase equipment.

Stringent Curfew Laws

Police Commissioner Boyd Willett will cooperate with Chief of Police Rudolph Carpenter in maintaining a police force adequate to patrol the entire business district. "Too long has the curfew bell been silent, leaving the youth of our fair city to roam the streets after 9 p. m.," was the comment of Municipal Judge Kenneth Simpson when interviewed immediately after his election. "This evil must be checked at any cost."

UNFAIR TO BACTERIA

What with the coast to coast march of the CIO and the growth of the AF of L, we've been prepared for most any labor news, but we hardly expected the labor organizers to find time to unionize the world of microbes.

Yet now word comes from Dr. Francis E. Clark and Dr. N. R. Smith, two Department of Agriculture scientists, that they have discovered unmistakable signs that the nation's bacteria are organizing. Faced by a water shortage, the germs unite in co-operative societies, and move in picketlike formations across the microscopic field. In military platoons of fifty units, they march out of view of the peeping-tom scientists in a few minutes.

There are just two questions we'd like to ask the scientists in Washington. Are craft or industrial unions favored by the Federation of Bombarding Bacteria? Is their march a vertical or horizontal parade?

With those answers on our desk, we'll be in a position to name the winner in the current labor strife. With the backing of Bacteria Local No. 1, victory ought to come easily to the CIO or the AF of L. Think what the union could contribute to the war chest, not to mention what they could do to the chests of the enemy.

we should use them.

Gerald Mann In Race For Att'y General

Football Star To Fight Political Racketeering

AUSTIN, Feb. 5.—Gerald C. Mann of Dallas, one of the greatest football backfield men in Southwest Conference history, tonight formally announced his candidacy for attorney general.

The Southern Methodist University quarterback of a decade ago

will lock horns with an imposing array of political leaders, including Lieut. Gov. Walter F. Woodul, Robert W. Calvert, speaker of the House of Representatives, District Judge Ralph Yarbour of Austin and District Attorney Lewis Goodrich of Shamrock.

The announcement of Mann, who is a former secretary of state and assistant attorney general, contained a declaration of war against "political racketeering," which he said had become a disgrace to the state.

After receiving his bachelor's degree, Mann went to Harvard to complete his law studies, working his way as a shipping clerk in a factory. When the factory closed during the depression he tried out for the pulpit of an interdenominational church in a nearby suburb and was called by the congregation. During the remainder of his law course he devoted his Sundays to preaching.

The Dallas lawyer is a member of the state Democratic executive committee.

Mr. and Mrs. Vance Gilbreath and the latter's mother, Mrs. A. W. Ford, of Falls, were business visitors here Saturday.

Earnest Norman of Laurinburg, N. C., has sneezed three times in the last four months, and each time he has had to go to a hospital for treatment of a dislocated shoulder.

YOUR MILEAGE MERCHANT ADVISES

THERE'S A KNACK to quick starting... here's how

Regarding the Ignition... Insert your key, but at first keep the ignition switch OFF.

Next—the Choke... Pull it out (unless it is the automatic type, of course).

Now for the Hand-Throttle... Move it to approximately one-third open position.

Then the Clutch... "Put your foot down" on the pedal and keep the clutch clear out.

Finally the Starter... After it has turned the engine three or four times, switch the ignition ON.*

If you do this with just anybody's gasoline, you will know that you gave it every chance. But do it with Special Winter Blend Conoco Bronze and you'll know you START! You'll notice you are always through with the starter and choke much sooner, saving your gasoline, your oil, your battery.

Memorial To Noted Detective

Above is an architect's drawing of the proposed \$40,000 gymnasium, which Cotton Center, Texas, hopes to erect and dedicate as a memorial to J. Frank Norfleet, noted West Texas detective. Funds are being solicited now by a memorial association, chartered by the State of Texas, for the school annex. J. C. White, Cotton Center, is treasurer of the association. He reports numerous contributions have been received to date for the building. Many of them have been anonymous.

Inset picture is of Norfleet, who, in 1917, set out to round up a gang of swindlers who fleeced him of \$45,000. He was successful in his chase, rounding up all seven men and placing them behind bars. Since then, he has been employed by numerous other victims of swindlers—and has been successful in bringing to justice more than 100 operators of games, rackets and other swindle schemes. The memorial building will be erected on a site just a few yards from the original Norfleet ranch.

Local Dealer To Convention

L. C. Harp, manager of Matador Hardware Co., returned home yesterday from Amarillo, where he attended the 29th annual convention of the Panhandle Hardware and Implement Association this week.

J. A. Blackwell of Friona was elected president of the association in the business session of the convention Tuesday afternoon. In a discussion of "Hardware Merchandising Today," Veach C. Redd, vice-president of the National Retail Hardware Association, said: "Advertising is the greatest necessity of hardware merchandising today. Advertising is an investment—not an expense. Competition in the future will be competition in advertising. The struggle will be to keep up with the depression, when it was necessary to cut expenses, the successful merchant was the one who reduced everything but his advertising. Advertising is the keynote of successful hardware merchandising."

The convention closed Tuesday night with a banquet and dance in the Crystal Ballroom of the Herring Hotel.

SPOILED SQUIRRELS

Discussing the habits of various animals in preparing for winter's cold, Dr. W. Reid Blair of the Bronx Zoological Park commented on the well-known thrift of squirrels, which are unsurpassed for their foresight in storing nuts and other food.

In recent years, however, he has observed that the squirrels in the park have become improvident, and take little interest in putting by supplies for winter. He attributes this to the fact that the animals have learned that they will be fed, whether they store provisions or not. In other words, they have been spoiled.

Dates Are Set For Clothiers' Meeting

Lubbock, Tex., Feb. 7—March 31 through April 3 were the dates set for the 15th semi annual market week to be held in Lubbock this spring. According to Luther Godwin, president, the name of the West-Tex-New Mex Wholesale Clothing Market Association was changed to that of the Western Wholesale Market Association.

"We have been steadily growing each year," Godwin explained, "and have been registering buyers from over a wide area, who have been attracted to this market by the elaborate fashion displays. From all indications, the spring market week should be the largest ever held in Lubbock."

One of the features of the spring market will be a dinner-dance to be given the first evening of the market. This entertainment will be free to the retail merchants of the area, a limit of three tickets allowed each firm registering. It was explained. It is anticipated by association officials that this phase of the program, in lieu of the style show, will prove most entertaining.

Lubbock To Be Host To Music Festival

LUBBOCK, Tex., Feb. 7—Plans have been announced for an annual music festival, March 17 to 19, in Lubbock, to be sponsored by the South Plains Music Teachers Association, according to Miss Los Mangum, publicity chairman. Theory examinations will be held in Lubbock March 5, and public school music contest will not be held until April 14 and 15. Judge for the April contest will be Oscar Bowen, director of public school music in Tulsa. The Lubbock Public Schools are planning to present a program during Mr. Bowen's visit.

Miss Gertsude Rasco of Brownfield is contest director and those who desire to enter the contest must submit his or her name to Miss Rasco one month in advance of the contest. The association is anxious that prospective contestants from all towns of the area

enter their names as soon as possible and that contestants in the public school music division will be many.

SANTA FE GETS 6 NEW ENGINES

The Santa Fe has received delivery of six high-speed passenger locomotives, one streamlined, from the Baldwin Locomotive Works, for passenger service between Chicago and La Junta, Colorado. On a recent test run one of these engines hauled the Santa Fe's fast mail train from Los Angeles to Chicago, 2,227 miles. The first time a steam engine has been operated the entire distance. The engines are of the 4-6-4 type, having three pairs of driving wheels and a four wheel truck at each end. The tenders, carrying 21,000 gallons of water and 7,000 gallons of fuel oil, are mounted, each, on two six wheel trucks. This provides 26 wheels under locomotive and tender. The driving wheel diameter is 84 inches, the largest thus far used in a six-coupled locomotive.

The streamlining design of "Engine 3460" offers further impression of speed and power combined with decorative effect. The streamlining blends with the con-

Chain Stores Get Tax Bill For 3 Years

Local Firms Are Affected As Forms Are Received

AUSTIN, Tex., Feb. 8.—Comptroller George H. Sheppard issued notice Monday that three years of chain store taxes are due and payable immediately, since he has been advised officially the Fifth Court of Civil Appeals at Dallas has made final the decision upholding the validity of the tax.

Sheppard estimates \$1,000,000 will be derived annually from this tax and that under the new law every store of every kind will pay a tax.

"We anticipate little difficulty," Sheppard explained, "in locating all chain units; but it may not be generally understood that every person selling goods, wares and merchandise is by the terms of the law subject to the occupation tax. Regardless of whether these merchandising units are members of a chain, they must pay the filing fee of 50c a year for three years, and the minimum tax on one unit, which is \$1 a year a store. Hence every single store in Texas, excepting those specifically exempt, now owes under the chain store tax law a minimum of \$4.50, and \$1.50 each year hereafter.

The penalty for failure to display the mercantile establishment license is a misdemeanor, providing for a fine of \$25 to \$500, and each day constitutes a separate offense.

Many Matador firms reported

that they had received application forms yesterday and more are expected today, it was declared.

the contest in both the County Court of Dickens County and the District Court of that County.

The case is now pending in the Court of Civil Appeals at Amarillo and a final verdict by the higher Court in accordance with the verdicts in the two lower courts will mean that an estate worth approximately fifteen thousand dollars will be recovered for the State of Texas.

Judge Chapman has tried conscientiously to operate the Court with as much speed and economy as possible, and the people who have served as jurors know that there has been very little time and money wasted since he has been District Judge.

Judge Chapman said that most of the time between now and between election will be taken up in the discharge of his official duties, and it will be impossible for him to talk with each voter personally; therefore, he has asked that this announcement be considered as his personal solicitation for the vote and influence of the people of Motley County.

Final Rites Held For E. W. Edwards February 3rd.

E. W. Edwards, 79, died at the family home in Roaring Springs Tuesday evening following an illness of several weeks duration. He had been in ill health for several months, his condition became critical only recently.

Funeral services were conducted at the Roaring Springs Baptist Church, Thursday, at 3 P. M., with Rev. H. C. Bristow, Baptist Pastor in charge. Interment was made in the Roaring Springs cemetery.

Mr. E. W. Edwards was born in Chicago, Ill., November 16, 1859, and spent the early part of his life in Illinois and Michigan. He came to Texas in middle life and event-

ually located at Matador where he resided for a time before moving to Roaring Springs in 1927. His first wife died in the early part of 1931 and in the latter part of 1932 he was married to Mrs. Ida Cooper at Fredrick, Oklahoma.

Deceased is survived by his widow, four step children: Mrs. E. A. Waters, Mr. L. L. Cooper and Mrs. Oran Nichols all of Wichita Falls, and Mrs. J. E. Hewitt of Amarillo, Tex. He is survived by two brothers.

In the passing of Mr. Edwards we have lost a progressive and respected citizen. He became a Christian at the age of 24 years, he never affiliated with any church, but was always ready to support the cause of Christ.

The SWING is to the Two-Cylinder tractors built by JOHN DEERE

Farmers have found that the John Deere two-cylinder tractor is an economical tractor—economical in fuel consumption, in maintenance costs, in comparative freedom from upkeep and repairs.

They know that two-cylinder design insures the utmost in simplicity. Everything is readily accessible—easier to understand.

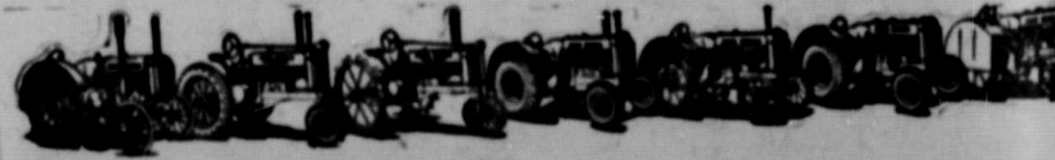

Greater compactness . . . better distribution of weight . . . transmission of power in a straight line are other superiorities of John Deere's fundamental two-cylinder engine design.

In addition, there is the very profitable advantage of burning low-cost fuels successfully—fuels that not only cost less than gasoline but that are also more powerful.

Come in—inspect this money-saving, money-making line of tractors. There is a size and style for every farm and every type of crop raising—heavy duty, general purpose, standard tractor and orchard.
