Boss Lion Names Year's Committees

Clean-up Week Is Planned By Group

Standing committees were appointed by Boss Lion Henry K. Ford at the regular Lions luncheon meeting Tuesday. The committees are to serve for one year, July 1, 1938, to July 1, 1939.

A suggestion passed at the meeting for a clean-up week was put into action that same afternoon, when the mayor issued a clean-up proclamation. Members of the clean-up committee of which Fay Jacobs is chairman, are C. A. Pitts and Frank Buckley.

R. E. Campbell extended an invitation to the community box supper Thursday night, and received the unanimous endorsement of the club for the project.

Several guests were introduced and a fried chicken dinner was served by the ladies of the Methodist Church, where the luncheon was held.

New Member
Weldon Bennett, minister, was presented with his Lion button as a new member, and R. E. Campbell received a perfect attendance award for the third year. Dr. A. C. Traweck, Sr., also qualified for the perfect attendance honor.

Mr. Ford announced that the club was beginning its new year with 56 members, and added that Matador has the distinction of being one of the strongest small clubs in District 2-T.

Missionary To Speak At M. E. Church

Miss Hester Dale West, who has spent five years as a missionary in China, and who plans to return there this fall, will speak at the morning service at the First Methodist Church here Sunday. Miss West, whose parents reside at Floydada, is an outstanding missionary, and is supported by the Northwest Texas Conference of the church.

Photographs and Chinese articles belonging to Miss West will be on display at the church during the morning services.

Rev. E. E. White, Presiding Elder of the Plainview District, will preach at the evening service, and will hold the Third Quarterly Conference at the close of the meeting.

The general public is invited to attend both services.

Matador Baseball Marred By Minor Mishaps Sunday

Two accidents and two victories one technical and the other actual, distinguished Sunday afternoon's baseball in Matador. The Quitaque team, which was scheduled to play here, failed to arrive, thereby defaulting the game to the Matador team. Then the Matador boys defeated the Whiteflat aggregation, 10 to 5.

The accidents, which occurred during the play, left W. D. Rhodes manager of the Matador team, with a sprained foot, and the Whiteflat third baseman with a broken finger.

CANON RETURNS

Jim H. Canon, state game warden, returned from Austin Saturday, after attending a five-day short course in game management and law enforcement. He passed the examination given all wardens which he will be required to wear at all times. Mr. Canon has contributed an article on the importance of improving the habitat for quail, which will appear in the Tribune next week.

TO CONDUCT REVIVAL HERE—

Rev. W. C. Ashford, above, is to conduct the Baptist revival here, beginning August 7. He is pastor of the South Side Baptist Church at Abilene. Singing will be led by Tom Ed Vaughn of Cooper.

Needed Rain Aids Crops

Welcome rains came near surpassing the election in interest this week, as needed moisture fell over the county Saturday and Sunday nights, and Wednesday morning.

The week-end rains gave much precipitation in the east and south parts of the county, while Wednesday's day-long showers were heavier in northern and western Motley.

The rain was expected to aid cotton, feed and pasture grass, so that both farmers and cattleman benefited.

As the Tribune went to press Wednesday night, the sky was still heavily over-cast, giving signs of colder weather and possibly more moisture.

Heat between rains was humid, although the mercury did not reach an unusually high mark.

Assembly Of God Revival Is In Progress

Evangelist J. B. (Jack) Singleton is conducting a revival at the Assembly of God Church, and is assisted by Wayne L. Pitts. Both are of Fort Worth.

Services begin each evening at 8:00 o'clock under an open-air tent.

The Booster Band begins at 7:30 o'clock each evening and the Young People's meeting at 7:45.

Everyone is cordially invited to attend.

Roaring Springs Gets First Set-Back, 6-4

After their first defeat of the season, 6 to 4, at the hands of the Ropesville undefeated nine last Sunday, the Roaring Springs baseball team is geared up this week to meet the Barwise team, (Floyd County's Best), next Sunday at Roaring Springs.

The game is to be called at 3:00 o'clock.

Nancy Blankenship of Abilene is visiting this week with Miss Frances Stearns.

Bidders For Boxes To Help Building Fund

Box Supper To Be Held In Baptist Basement

Bidding is expected to soar Thursday night, when Matador women-folk will present box suppers for auction in the basement of the First Baptist Church.

Proceeds of the box supper, which is being endorsed by the Matador Lions Club, will be used, in their entirety, to pay for material used in completing the interior of the New Baptist Church.

The supper is a community-wide affair, and married men and women, single men and women, and boys and girls, are all urged to attend, the girls bringing boxes and the boys and men their pocketbooks.

Three or four auctioneers will have charge of the sale, and will include Mr. H. K. Ford and E. C. Stearns.

The auction is to be divided into sections, for married women, single women, intermediate girls, and junior girls.

Following the supper, the new building will be open for the inspection of the public.

Methodists Plan Revival

Plans for the First Methodist revival, to be held beginning August 21, were announced this week. Rev. C. R. Hooten, pastor of the First Methodist Church at Plainview, will be in charge of the revival, and Rev. Frank Beauchamp, pastor of the McAdoo Methodist Church, will direct Young People's work during the meeting and direct the music.

Rev. Hooten, who is serving his fourth year at the Plainview church, is well known in this part of Texas as an outstanding member of the Northwest Texas Conference.

Rev. Beauchamp needs no introduction to the people of Matador, since he has taken part in the Methodist revivals for the past three years.

The meeting will continue for two weeks.

DENISON TO BAIRD

Rev. D. D. Denison left Sunday for Baird, where he will conduct a two weeks' revival with Rev. Wright, pastor of the First Methodist Church there. Mrs. Denison and their son, James Dickey, will visit in Elgin, Texas, with her parents while Rev. Denison is in Baird.

Rev. Denison is explaining that the poisoning campaign had made a dope fiend out of him.

Good-humored though people may be, they are still seriously fighting against the destruction so likely if grasshoppers are not killed out. The 40,000 pound shipment received is believed to be ample for present needs.

Charred window frames and damaged motor belts were the result of a fire last Thursday evening at about 7:00 o'clock in the cleaning room of the Matador Cleaners. Origin of the blaze was not determined.

No garments were injured by the blaze, which was discovered by Joe Gaines, who informed Riley Day, proprietor. The Volunteer Fire Department reached the spot and extinguished the fire before much damage was done.

The room is to be rebuilt later on.

Dorcas Circle To Have Sale

To raise funds to decorate the pastor's study in the new Baptist Church, members of the Dorcas Circle are sponsoring a pie and sandwich sale to be held on the courthouse lawn Saturday afternoon.

Circle members met with Mrs. M. P. Fulkerson Monday afternoon, with the following in attendance: Mesdames Ed Cammack, Walter Carpenter, A. A. Tipton, Moormon, Joe Campbell, Foster Fulfer, and two visitors, Miss Ada Shans and Miss Fostena Fulfer.

The group will meet next Monday with Mrs. Carlisle.

Mr. and Mrs. Clyde Weaver and daughters, Anne and Adrienne of Dallas, returned to their home Saturday after a visit here with Mrs. Weaver's mother, Mrs. Margaret Newman.

Voters Ponder Campaign Issues As Primary Nears

Mayor Sets Clean-Up Dates For Matador

PROCLAMATION

WHEREAS: the streets of the city of Matador present an untidy appearance, and whereas alleys and yards are not in good order, it is hereby decreed that, for one week, July 25 to July 30, citizens and business men of the town shall make it their duty and responsibility to see that trash and other debris is removed, and that unsightly weeds are cut down.

"This measure is passed for the public health and welfare, since trash and weeds offer adequate breeding places for mosquitoes, flies and other disease-bearing insects. Because of the public nature of this health menace, the city will haul cans and rubbish free of charge.

"All citizens of Matador are urged to cooperate in this movement, which is designed for the common welfare, and which can only be executed by cooperation."

George Edwards, Mayor.

"Do not let the weeds take Matador", was the battle cry this week, as members of the Lions Club, Chamber of Commerce, and the city fathers banded together to clean up the town.

Mayor George Edwards proclaimed the days from July 25, Monday, to July 30, Saturday, as the official clean-up days, and urged that all citizens cooperate. (See box above).

Presence of insect-bearing weeds and other breeding places in the business and residential section brought about the move. In order to facilitate the clean-up campaign, the city will haul off, free of charge, cans and rubbish, if they are put in containers.

Slight Damage Result Of Fire

Charred window frames and damaged motor belts were the result of a fire last Thursday evening at about 7:00 o'clock in the cleaning room of the Matador Cleaners. Origin of the blaze was not determined.

No garments were injured by the blaze, which was discovered by Joe Gaines, who informed Riley Day, proprietor. The Volunteer Fire Department reached the spot and extinguished the fire before much damage was done.

The room is to be rebuilt later on.

Rewards Offered For Stolen Saddle

A year-old saddle valued at around \$80, was stolen from John Russell Saturday night. The saddle, which was taken from a barn on the Cunningham place ten miles east of Matador, was discovered missing Sunday morning.

Mr. Russell is offering a \$25 reward for the recovery of the saddle, and \$25 for capture and conviction of the thief.

The saddle is an H. H. Schweitzer product, with a silver horn, strap rigging, square skirts, and a new lining.

A man was held for questioning in Matador early this week, but was released Wednesday. Sheriff's offices all over Texas are being informed of the theft and the rewards.

POSTCARDS POST PUBLIC ON PUBLISHER

A liberal sprinkling of postcards over Matador has given residents an accurate check on the whereabouts of Mr. and Mrs. Ben Douglas Meador, publishers of the Tribune, who left early last Thursday morning for a trip west. They have already visited the petrified forest in Arizona and the Grand Canyon. They plan to go to Salt Lake City, Utah, and through the Yellowstone National Park, and from there back towards home through Colorado's scenic attractions. Mr. and Mrs. Meador will be gone about two weeks.

Grocer To Post Election Returns Saturday Night

Curbstone politics took the center of attention in Matador this week, as business men and citizens in general foregathered to thresh out real and imaginary campaign issues before casting their votes in the primary Saturday.

Election returns are to be posted in front of the Commercial Grocery, on a large blackboard. Radio reports, those from the County Clerk's office and reports from the Floyd County Hesperian at Floydada will be used, in cooperation with the Tribune.

The consensus of opinion among impartial observers here gave W. Lee O'Daniel a possible majority of voters in this county, and opinion varied as to whether Ernest O. Thompson or William McCraw would come out second best.

Straw Vote Taken
In a straw vote taken here several weeks ago at the Spot Cash Grocery, in which only poll-taxpayers were permitted to ballot, out of 107 votes, O'Daniel received 64. McCraw followed with 27 supporters, Karl A. Crowley of Tarrant County next with 9 votes, and Thompson received 4.

Clarence R. Miller, who has withdrawn since, 2 votes, and Tom Hunter, 1. Since that time, however, Thompson has gained, to Crowley's loss.

CANDIDATE FOR

First Elective Term Since Appointment

DISTRICT ATTORNEY

110th JUDICIAL DISTRICT

Sincere . . . Honest . . . Ambitious

Capable . . . Proven . . . Deserving

Since his appointment by Governor James V. Allred to the office of District Attorney about a year ago, John A. Hamilton has proved to the citizenship of the 110th Judicial District that he is a fearless champion of justice. He has evoked the criticism of those who became entangled with the law, but he has won the praise of those who feel that society deserves an enterprising representative. John Hamilton is a young man, sincere, honest, ambitious and proven capable and deserving. He is asking for his first term after appointment and deserves the support of Democratic voting citizenship.

JOHN A. HAMILTON IS A NATIVE SON. Born in Motley County and reared here, he now seeks the support of his friends and neighbors in the greatest opportunity of his life. He has never neglected the duties of his office for the benefit of politics. He has struggled for what he believed to be justice, to the best of his ability, and with the exception of the usual amount of disappointments common to any young man during his first

year in office, John A. Hamilton has left no doubts as to his sincerity.

We, as a group of his friends and neighbors who have known him all his life, and entirely without his knowledge, make this appeal to the voters of Motley County: VOTE FOR JOHN A. HAMILTON, A NATIVE SON WHO APPEALS TO YOU THROUGH THE OPEN BOOK OF HIS LIFE AND RECORD, the first resident District Attorney Motley County has ever had.

It has been impossible for Mr. Hamilton to devote the usual amount of time to his race because of the duties of his office, and he has concentrated his efforts outside of his home county. If he has failed to solicit you for your vote, it is because he has not had the opportunity, and you may rest assured that both he and his friends will appreciate your leaving his name unscratched Saturday.

Gypsy Smith tells of a young couple with whom he once stayed. They had an only child to whom they were devoted. One night in summertime a thud was heard on the floor of the room above. Both parents realized their little son had tumbled out of bed, and hurried to the rescue. No harm, however, was done, and the next morning Mr. Smith chaffingly questioned the little fellow about the noise he had heard, who, when asked why he tumbled out of bed, replied, "Cos I stayed too near where I got in."

Services are being held both morning and night under the auspices of the Baptist Church. Every person in the community is cordially invited to attend, 10:30 A. M. and 8:30 P. M.

New York's Fair and Skyline, All in One Picture

NEW YORK—Proximity of the New York World's Fair 1939 to Manhattan is shown in this "location" photograph taken from the Bermuda Clipper "Cavalier" flying above the Government Zone of the exposition. The familiar skyscraper skyline of Manhattan is shown here nine miles away but within fifteen minutes ride by rail. Note the patterns of buildings, foundations, gardens, and thoroughfares emerging in the Central Exhibit Area and the fine finish

of landscaping about the steelwork of the 700 foot Trylon and 200 foot Perisphere and along the broad Constitutional Mall. Shown right, are the elevated tracks of the IRT-BMT subway systems and, nearer, the Long Island Railroad tracks crossing the lowered Grand Central Parkway Extension. The pontoon of the plane obscures view of the Triborough Bridge, one of the main approaches to the Fair. The buildings shown are among forty already under construction.

Snake Derby In Arkansas

NORTH LITTLE ROCK, Ark.—Already accustomed to horse, dog, mule and turtle racing, Arkansas added another today with its first annual rattlesnake derby. Barring unexpected scratches, more than 40 contenders will go to the post at 5 P. M. for the initial Marathon over a 400-foot circle. An electrical shock will send the "defanged" rattlers away from a box in the center of the circular course. The first reaching the

outside of the ring gets the wreath or whatever token is appropriate of victory in such crawls. "It's free-for-all and no tactics barred. Owners may poke hesitant rattlers with a stick or any handy object. Handicappers found the going rough after P. M. Brown, who brought his best sprinters from McCamey, Texas, explained that a rattler might win one race and then refuse to budge the next time out or become scared by spectators and run the wrong way with victory in sight. Responsibility for the derby goes to Joe Poch, druggist and sportsman, who blamed it all on

More Counties To Get Tenant Loans

AMARILLO.—With Congress having appropriated \$25,000,000 to make tenant purchase loans for the second year's operation of the Bankhead-Jones Farm Tenant Act the two advisory committees serving Region XII of the Farm Security Administration are planning to meet early this month and make recommendations to Secretary of Agriculture Henry A. Wallace of a few additional counties in which the program should be administered during the next fiscal year. This announcement was made this week by L. H. Hauter, regional director of the Farm Security Administration, serving New Mexico, West Texas, the Oklahoma Panhandle, Western Kansas and Southeastern Colorado. Twenty-three former tenant families in the above areas have become home owners since the program was inaugurated last year. This number is expected to be increased to two and a half times as a result of increased funds. Counties in Region XII where farm tenant purchase loans were made the first year are Bent in Colorado; Wallace in Kansas; Roosevelt in New Mexico; Floyd, Randall and Wheeler in Texas. Congress has recognized the rapidly growing menace of ten-

ancy in the United States, and a condition where more than one-third of all tenants move on to a new farm every year. They have little incentive to keep up fences, repair houses, plan soil-building crops, or check erosion. They have every reason to mine the soil for all they can get out of it, without thought of the future; they know some other tenant will have the farm next year. Officers of a corporation, whether or not they receive remuneration for their services, are considered as employees in determining liability under the Texas Unemployment Compensation Act.

Savings Clubs

BANKING institutions in thirty-eight States are now operating New York World's Fair 1939 Savings Clubs, according to a report just made to Grover A. Whalen, President of the Fair Corporation. The popularity of these clubs arises from the fact that they enable individuals and families easily to finance a trip to the Fair next year through gradual accumulation of the necessary funds instead of by single demand upon financial resources. The slogan of the plan is: "Save Today to See the World of Tomorrow."

Some of the banks which have instituted the World's Fair Savings Clubs are operating them in connection with Christmas and Vacation Clubs, these having for long been in successful existence. In one of the Southern States, such Fair clubs have been organized in colleges to aid students to set aside part of their allowances to provide means of visiting the Exposition next Spring. Banks are also utilizing the plan to encourage saving by school children. Attendance at the Fair is expected to reach 60,000,000, according to present estimates.

A poem lifted from the Plainsman's column of the Lubbock Avalanche seems to express the general feeling:

"HAPPY DAZE ARE HERE" "What are those sounds which rend the air (Hey! Pass them biscuits, pappy!) As Texans swear and tear their hair? (McCraw will make you happy!) Why, don't you know? Its voting time (Red Thompson stands for Action!)" The jolliest period of the year. (Hunter—and Satisfaction) For four more days we'll rip and roar.
