MASS MEETING FOR NEW COURT HOUSE CALLED

Now, If Ever ...

According to information received here the Federal WPA grants, which amount to an outright gift of 45 percent of cost of construction of approved projects, will be abolished on the 30th of September. It is probable that never again within the lifetime of any reader of these lines will the government make a similar offer, which also includes longtime, four percent interest loans on the remaining 55 percent.

If the citizenship of Motley county feels that the present court house should be replaced with a new structure, then, surely, now is the time to make application for a WPA project which will allow the government to carry our burden. It is because of the obvious need for a new structure to replace the antiquated building now situated on the court house square, that a mass meeting has been called for Tuesday afternoon. The citizens and tax-payers will have an opportunity to voice their attitude on the problem, and majority opinion will determine whatever action may follow.

Motley county is possibly in better financial condition than any county in this section of West Texas and any bonds voted by the people would receive a ready market. Motley county is wealthy in resources and potential possibilities, yet to the world beyond its borders it carries the scar of drought-stricken poverty because of a court house which has fallen behind in the pace of progress.

Now the issue rests with the desires of the citizens. There is no movement planned ahead; no one has an ax to grind. This mass meeting is called to determine the attitude of the people; nothing more. The only essential needed to qualify for admission is an open mind. If Motley county wants a new court house it can have one and the government will bear the burden and at the same time provide employment for men who need it.

Allotment For Highway 18 Is Approved

Commissioners Group Successful In Request

Reinstatement of a \$45,000 allotment for surfacing of Highway No. 18, from 2.0 miles north of Whiteflat to the Hall County line, was made July 30 by the State Highway Commission. It was learned here this week. The move was the result of a visit made last week by members of the County Commissioners Court and County Judge W. R. Cammack to San Antonio, where the group, aided by Representative Bob Alexander, asked that the project be placed under S.R.W.R. in order to provide work for the local unemployed. Judge Cammack stated that "the expense of the trip amounted to less than \$90, thru which was secured the reinstatement of the allotment."

State Highway Engineer Julian Montgomery was authorized by the Highway Commission to proceed with the construction of an adequate type of surfacing, by either force account construction. S. R. W. R. construction, or by contract, "as he may consider desirable under existing conditions," it was stated. Efforts are being made to secure S. R. W. R. construction, as was stated in last week's Tribune, so that around 100 men in the county will receive employment which is badly needed to lessen the relief burden.

County commissioners are J. S. Lambert, precinct 1, Matador; A. K. Wilkinson, precinct 2, Whiteflat; A. B. Simpson, precinct 3, Northfield, and T. E. Long, precinct 4, Roaring Springs.

Lions Plan Football Program

The Matador Lions Club will meet in regular session next Tuesday in the basement of the Methodist Church, according to an announcement made by Secretary J. R. Whitworth.

A special athletic program has been arranged to include talks by Supt. B. F. Tunnell, Coach Don T. Martin, and Bert Ezzell, Principal.

The Athletic Committee of the club will make its report on the results of its canvass for funds with which to maintain training camp for the Matador football squad, to start Monday.

All members are urged to be present for the meeting.

Echols Steer Head In Bank

The head of a giant steer, weighing over 1,700 pounds, raised on the Bob Echols ranch, has been mounted and placed in the First State Bank here, after the animal had been sold to market.

Mr. Echols asked for the head of the large steer in making the sale to the packing house and turned it over to the taxidermist, with the result of a very life-like reproduction. The taxidermy work is of the very highest class, with a leather covered base which also enhances the completed appearance. The steer was six years old. Mr. Echols presented his father, A. B. Echols with the mounted steer head, and he hung it in the bank.

Revival To Begin At Northfield Sun.

Announcement is made to the effect that a revival meeting will begin Sunday, August 14, at Northfield, with Rev. B. A. Etheredge of Oklahoma City doing the preaching.

A cordial invitation is extended to the public to attend this good, old-fashioned revival meeting by Rev. L. R. Bradley, Baptist pastor of the Northfield community.

Soil, Moisture Conservation Celebrated

County Agent Is Studying Work At A. & M. Now

The week of August 7 to 13 inclusive, has been proclaimed by Governor James Allred as Soil and Water Conservation Week in Texas. The A. and M. College Extension Service and other agencies engaged in conservation activities, as well as civic clubs, Chambers of Commerce, churches, and rural groups, will observe the week with special programs and celebrations throughout the state.

Frank A. Buckley, county agent of Motley County, is engaged in a three weeks study of advanced methods of soil and water conservation. The school is being conducted by Dr. Luther G. Jones, acting head of the Department of Agronomy at Texas A. and M. College and an eminent authority in soils and soil conservation. The course is given for the purpose of acquainting county agents and teachers of vocational Agriculture with practical methods of soil and water conservation which may be used in their own communities.

As a special feature of the course, Dr. Jones has requested Mr. Buckley to present to the class a thirty minute discussion of the syrup-pan system of soil and water conservation which has been used so successfully by Motley county farmers.

R. Springs Wins Third

Suffering a decided hitting fielding and general ball-playing slump, Roaring Springs' hitherto successful baseball team dropped two games last weekend in the Amherst tournament, to finish up third Sunday.

Most bitter and unjustified defeat of the two games was that Saturday afternoon, when the nine men handed a nice game, 4-1, to Sudan. Sudan's clicking outfit, with Minary pitching, took clever advantage of poor Springs' fielding to begin scoring in the second inning. The Springs' lone score came when Goodwin, left fielder, hit one over the fence for a homer.

Saturday Slump

Undeafed until Saturday, Roaring Springs, after squashing Oklahoma Flats last Sunday, took the Lubbock Black Hubbers to an easy 8-2 victory Wednesday, a triumph marked, as seems to be usual, by a series of runs in the latter part of the game.

Came Saturday, and defeat, followed Sunday by a demoralized session with Amherst, previously beaten by Sudan, when Pitcher Aldrich and Catcher Bennett, of the Amherst crew, reaped at least seven strike-outs, and finished with a score of 5-1. Floyd Bridwell was credited with the sole run for the Springs.

Batteries were: Wednesday, the Bridwells, Jack and Ace; Saturday, Cunningham, pitching, to start; and Sunday, Bridwell to start, subbed by Faircloth, then Slover, who pitched nicely, but too late.

Former Teachers Are Visiting Here

Mr. and Mrs. B. F. Haysbour, former teachers in the Matador schools, with their young son, Bruce now of Olney, are visiting here in the home of Mr. and Mrs. W. N. Pipkin and other friends. Coach Harvey Stanford and Mrs. Stanford, with their children, visited here Sunday and Monday with friends, as they were enroute from Lewisville, where they have been spending the summer, to Las Vegas, Nevada, where they now reside.

OPERATION

Miss Lou Ida Fletcher of Roaring Springs, underwent an appendicitis operation at Traveek Hospital here, the first of the week.

Cotton Estimate For This Year Is 11,938,000

WASHINGTON—The agricultural department Monday forecast a 1938 cotton crop of 11,938,000 bales, the smallest since 1935. The estimate was based on the condition of the crop Aug. 1, when it was 78 percent normal.

Last year, the crop totaled 18,946,000 bales, record production. The condition of the crop indicates an acre yield of 217.9 pounds as compared to 226.9 last year.

The acreage estimated for harvest is 26,347,000.

Crop Here Good

Motley county's 1938 cotton crop continues to make satisfactory progress, but some farmers report need of moisture.

Cotton in all sections of the county will hold up for several days without moisture, but rains by the middle of the month will increase chances for a big yield.

The acreage in the county this year is well below normal, due to the government curtailment program, but the present outlook is for high yields.

Feed crops are also progressing and much of the early grain is heading out.

Softball Tournament Begins Monday At Floydada

Entries received yesterday from thirteen Softball teams for the District Tournament to be held at Floydada beginning August 15th, are as follows:

Silverton, Dickens, Cone, Plainview (Cloverlake Creamery) Plainview (Lions), Ralls, Floydada (Piggley Wiggley-Pennes), Floydada (Oden Chev. Co.), Giard, Childress, Spur, Petersburg, and Estelina.

Other entries expected in the mails today.

The Cone, Ralls, Silverton, and Petersburg Tournament Teams have practice games scheduled with Floydada teams this week, and much interest is being shown in these exciting games.

LOST—Ladies glasses, plain, yellow gold frame. Mrs. Rita Groves.

Reunion Plans Include Many Amusements

Tribune Will Devote Edition To Settlers

"True experiences" will be the order of the day when members and friends of the Motley-Dickens County Old Settlers Association meet August 25 and 26 at Roaring Springs for their sixteenth annual reunion. Innovations this year will include the commemoration of the event by the Matador Tribune, which will publish a special historical section devoted to the lives and works of those old timer members who have lived in either of the two counties for forty years or more.

Program plans, formulated in their final form this week, include an "experiences meeting"

Ambitious though the Tribune may be, common sense, lack of time, and limited space have ordained that the Old Settlers edition be devoted only to those registered members of Motley and Dickens County, who have been here forty years or longer. However, pictures covering the last forty years of the history of the two counties are still welcome. The Tribune assures contributors that photographs will be unharmed and returned intact. Further, if you know of an old timer who was not registered last year at the Reunion, but who qualifies for a sketch in the edition, the staff will deeply appreciate the name and any biographical material available.

to be conducted on the first day, to be known as Pioneer Day, to give several oldsters a chance to tell the why and wherefore of their presence in this section. Marvin Patton of Matador is arranging for true-story tellers from this locale, while Mrs. Bud Morrison will organize the Spur representatives, and Mrs. Bill Stafford the Afton Group.

Car Plunges From Bluff At Springs

An automobile driven by A. V. Bullock of Lubbock, district NYA supervisor, was damaged Tuesday night when the machine rolled off a high bluff just east of the Roaring Springs swimming pool. No one was in the machine at the time of the accident.

In leaving the car, Mr. Bullock neglected to place it in gear or apply the emergency brake and upon looking back when a short distance away, saw the automobile rolling down a slight incline toward the high, rocky bluffs. It plunged over the precipice, crashing over rocks and trees below, lodging against a small tree about half way to the river bed level.

Despite the terrific impact, the car righted itself and sustained only moderate damages, estimated in the neighborhood of \$35. The automobile was lowered by block and tackle Wednesday morning and driven to Matador under its own power.

VISITS HERE

Miss Irene Knight, former District Case Supervisor of this District, who holds a similar position at Dalhart, is spending her vacation here visiting with her mother, Mrs. P. E. Knight.

Miss Knight, together with her mother and younger brother, Byron, drove to Paducah Tuesday afternoon, where the latter underwent a major operation Wednesday morning.

Miss Leta Fern Wells of Wellington was a guest in the home of Dr. and Mrs. A. C. Traveek, last week.

People To Have Voice

Wichita Architect To Present Plans For Federal Loan

To sound out public opinion with regard to possibilities of obtaining a new courthouse for Motley County, a mass-meeting is planned for next Tuesday afternoon, August 16, at 2:00 o'clock at the courthouse. A government-approved Wichita Falls architect will present and explain the PWA grant plan, whereby 45% of the building cost is donated outright, and the other 55% is loaned to the county on four percent long-time bonds.

Every person in the county who is interested, pro or con, in replacing Motley County's 34-year-old courthouse, is urged to attend the meeting, where each individual will be given the opportunity to express his views.

Officials of the county and others have been discussing the possibilities for some time, with an eye on the newly initiated government spending program. The County Commissioners Court is not empowered to call for a bond election without proper petition and it was generally felt that public opinion should be gauged before any efforts to swing a bond election are made.

The present courthouse was built in April of 1904. Its eight rooms house offices of the county judge, county clerk, county treasurer, sheriff, county agent, the courtroom, jury room, and all files and records of the county.

Road Group Visits Here

Members of the Turkey Lions Club and Chamber of Commerce were here Wednesday afternoon contacting local officials in the interest of cooperation to secure a state designation on Highway 19 from Turkey to Clarendon. The project has received very favorable consideration from the Texas Highway Commission since it would complete one of the few unpaved stretches on the proposed Canada to Mexico Highway.

The delegation had been contacting various towns along the route in order to present a more organized front toward seeking the designation.

The Turkey representatives included: Roy Russell, Hall county commissioner; Lee Vardey superintendent of Turkey schools; G. A. Nipper, principal and Bill Hardcastle, undertaker.

COTTON POOL FORMS TO BE CANCELLED

The manager of the Cotton Pool, United States Department of Agriculture has been authorized to purchase, take up, and cancel the Form C-5-1, or Brown Participation Trust Certificate issued by the 1933 Cotton Producers Pool to pool members when they received the last distribution of \$7.60 per bale on the Form C-5-D Pool certificates.

This last distribution is in the amount of \$1.00 per bale. Necessary application forms for those who have Form C-5-1 may be secured and executed at the office of county agent Frank A. Buckley.

Provision is made for producers who have lost or destroyed Form C-5-1 to write to the Examination and Claims Section, Room 206, Old Post Office Building, Washington, D. C., submitting the facts of the case, and State, County, and serial number of the certificates and an approved affidavit form will be sent direct to the producer, which he may execute and submit with the application in lieu of the certificate C-5-1.

Mr. and Mrs. W. D. Rhodes are visiting relatives and friends in Wichita Falls. Mr. Joe Mobley of Paducah is assisting at Bob's Foodway during Mr. Rhodes' absence.

BAPTIST CHURCH NEWS

The greatest test of the success of the revival meeting is its lasting effect in the hearts and lives of the Christian people. Our great Christian Sunday School and church report Sunday showed that some who received spiritual life from Rev. George C. Hutto's inspirational messages have been working; some have been praying; some renewed faith and zeal for the ongoing of God's work. We are thankful for will-
ing workers.

A devotional program rendered by Mrs. Garland Murphy, John Green, and Miss Elsie Godfrey, Brother Bristow, and an appealing and challenging sermon on "God's Measure-Line for Christians." His message was based on Paul's First Epistle to the Thessalonians, 5: 4, in which Paul admonished "Children of Light" to "put the breast-plate of faith and

love, and for a helmet the hope of salvation"; "to esteem highly those who labor for God," "be at peace among yourselves"; "warn them that are unruly, comfort the feeble-minded, support the weak, be patient toward all men"; "see that none render evil for evil unto any man"; "but ever show that which is good, both among yourselves and to all men." "Rejoice evermore"; "pray without ceasing"; "quench not the spirit"; "prove all things; hold fast that which is good." "Abstain from all appearance of evil."

Next Sunday we hope to have a still greater Sunday School record. Our lesson will be on Intemperance and there will be a special program. Visitors are always welcome.

Archie Brawley is reported to be considerably improved.

Aubrey Davis of Lubbock visited here over the weekend.

POLITICAL ANNOUNCEMENTS

We are authorized to announce the following names for public office, subject to the Democratic Election, August 27, 1938.

For State Representative, 121st District R. A. Harp Bob Alexander, re-election

H. J. R. No. 28. HOUSE JOINT RESOLUTION proposing an Amendment to Article XVI, Section 1, of the Constitution of the State of Texas;

changing the form of the oath of office for members of the Legislature and all offices of the State of Texas; providing for an election upon such Constitutional Amendment and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI, Section 1, of the Constitution of the State of Texas be amended to hereafter read as follows:

"Article XVI, Section 1. Official Oath Members of the Legislature, and all officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation:

"I, do solemnly swear (or affirm), that I will faithfully execute the duties of the office of

of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly nor indirectly paid, offered, or promised to contribute any money, or valuable thing, or promised any public office or employment, as a reward for the giving or withholding a vote at the election at which I was elected. So help me God."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State, qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1938, at which election each ballot shall have printed thereon the words:

"FOR the Amendment of Article XVI, Section 1, of the Constitution of the State of Texas, changing the form of the oath of office for members of the Legislature and all officers of the State of Texas."

"AGAINST the Amendment of Article XVI, Section 1, of the Constitution of the State of Texas, changing the form of the oath of office for members of the Legislature, and all officers of the State of Texas."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed Amendment.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor

Putting The Blame Where It Belongs

(An Editorial)

Texas, when the apple cart was upset in Saturday's Primary with W. Lee O'Daniel "passing the biscuits" in a big way, stepped to the center of the Nation's stage and had the floodlight of the Nation's press spotted squarely upon her.

Unfortunately and unjustly, Texas did not appear before the onlooking world in her rightful characterization, but took, instead, a comedy role. This was no fault of Texas, nor of the supporters of Mr. O'Daniel nor of Mr. O'Daniel himself. It was the fault of the big newspapers of Texas.

Chiefly because Mr. O'Daniel chose the aerial route as his medium of advertising and spent no money with the newspapers and an insidious campaign of insinuations was used against him with biased news stories (when any news stories were published) and he was ridiculed before the world as somewhat of an ignorant illiterate clown.

While the winning candidate did not have the support of the News in his campaign, he is the choice of many of our friends and it is with pleasure that we join you in extending Mr. O'Daniel the friendly hand of welcome as OUR governor too, pledging ourselves to give him, in any way we are able, our support in carrying out his program as he has it outlined.

Any man who can capture the love and admiration of so great a number of intelligent people as did Mr. O'Daniel, merits our respect and loyalty.

And it is squarely up to the press of Texas to gracefully do an

FARMER WRITES POEM ABOUT COUNTY AGENT

Luke L. Ballard, former county agent of Motley County, and now Scurry County Agent, submitted the following poem to the Agricultural Leaders' Digest. The poem was written by J. F. Woodson, a farm operator of Scurry County. It follows:

GO ASK THE COUNTY AGENT!

"If there's anything you wish to know, Go ask the county agent. For he's the guy that runs the show. Our local county agent. When you start out to make a crop.

If you don't want to make a flop, Before you start you'd better stop And see the county Agent. "No matter what you wish to plant.

Go ask the county agent. He'll tell you if you can or can't. For he's the county agent. He seems to know what's best for us.

And there's no use to raise a fuss. Just grit your teeth and grin and cuss— For he's the county agent. "He gets his dope from up the line.

I mean the county agent. So smile as though you liked it fine. When you ask the county agent. Be ever humble, mild and meek. And always turn the other cheek. And three days out of every week Go see the county agent.

"If you find a hopper in your crop, Go tell the county agent. And poison until he says stop For he's the county agent. If you think that has become a shame, And you don't like to play the game.

It's you and I that are to blame— And not the county agent."

CARLOADINGS ARE LESS THAN LAST YEAR

The Santa Fe Railway System carloadings for the week ending July 16, were 25,243, compared with 28,139 cars for the same week last year. Received from connections were 4,637 cars, compared with 5,757 in the same week last year. Total cars moved were 29,880, compared with 33,896 for the same week 1937. The Santa Fe handled a total of 29,963 cars during the preceding week of this year.

"about face," acknowledge the injustice of the newspaper attitude in the recent campaign, combine their efforts toward rectifying the wrong they have done Texas, her Governor and her citizens when they held Texas up before the world as an object of ridicule for purely selfish business reasons, and in setting her aright before the nation.

Come on fellow members of the Texas press, let's don't be poor losers. —The Childress County News.

Popular Mechanics And Tribune Are Offered At Bargain

A double-barreled bargain in good reading has been made available to present and future subscribers of this newspaper through an arrangement with the editors of Popular Mechanics Magazine.

Readers now can obtain a year's subscription to this nationally known magazine and a year's subscription to this newspaper at a special low price quoted elsewhere in this issue.

Popular Mechanics, virtually a month-by-month record of human progress, needs no introduction to most readers, but some of the facts about its contents may be surprising even to those who read it regularly. For instance, it prints each year more than 6,000 interesting photographs and other illustrations, many of them in beautiful colors, and more than 3,000 articles, including about 150 big, full-length feature stories dealing with the latest achievements in science, mechanics, industry and a wide variety of other subjects.

There are hundreds of money-making and labor-saving ideas, farm aids and household hints. For the home craftsman there are tips about the care of tools and scores of stories telling how to build furniture, boats, radios, toys and models. In addition, the home mechanic will find practical suggestions for taking care of his car, his radio, his boat and his household and farm equipment.

CHAMPIONS LEARN FROM AMERICAN BOY MAGAZINE

Many famous athletes in all sports credit much of their success to playing tips and suggestions received from sports articles carried in THE AMERICAN BOY Magazine.

Virtually every issue of THE AMERICAN BOY offers advice from a coach or player. Football, basketball, track, tennis, in fact, every major sport is covered in fiction and articles.

This is just one feature of THE AMERICAN BOY Magazine. Adventure, exploration, sports, humor, flying, science, travel, detecting, animals, are well represented in stirring stories.

THE AMERICAN BOY sells on all newsstands at 15c a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. To subscribe simply send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich.

S. P. Fair To Celebrate 25th Exposition

LUBBOCK, Texas.—With excavation work already under way on the new \$18,000 Merchants Building for the Panhandle South Plains Fair, plans for the 25th annual exposition and silver jubilee, whose gates will swing open Monday morning, September 26, call for a complete week of educational and entertainment attractions.

Beginning the first day with the formal opening ceremony to be broadcast over the radio, a quarter of a century of progress on the South Plains can be viewed. Agricultural, livestock, and commercial exhibits, together with home manufactured products, will attract thousands this year to the "Show Window of the South Plains."

Entertainment will be at its best. Gay colored lights, thrilling rides, interesting and amusing shows, sensational acts, all to amuse the young and old, will mark the silver anniversary of the outstanding event of West Texas.

A total of 890,781 acres of land was terraced in Texas in 1937 and 2,166,898 acres was contemplated in the state, which means that practically 3,000,000 acres of land will hold its own in 1938.

days, giving the crowd a chance to see the Roaring Springs team in a home tournament. Three games will be played, or more, depending on the outcome, with a cash prize awaiting the winners.

The Dudley Shows are to provide carnival atmosphere, and both modern and old-time dances are being sponsored, for both evenings of the reunion. Skating facilities will also be available.

In the arbor, now occupied completely by the Association, the general get-together will be held, in addition to the Memorial Services for those members who have died since the last reunion. This year the tabernacle will be dedicated, formally, to the Association.

Basket lunches are to be brought to the gathering, according to H. C. Halle, who has been president for eight years.

Prominent speakers are to be invited for both days of the Reunion, and special badges for all registrants who have lived in Motley or Dickens counties for 40 years or over will be given.

The Tribune's special Reunion edition will be available on the grounds, and proceeds of its sale will be split 50-50 with the Old Settlers Association.

Old West Relived At XIT Reunion

DALHART—This strapping cowboy, situated along the last frontier of the Old West, today rolled back time a half century for the third annual XIT reunion that yearly honors all cowboys who once rode for the 3,000,000-acre Panhandle spread with which Texas in 1880 paid for the \$3,000,000 capital at Austin.

Brilliant in full western regalia, an estimated crowd of 20,000 rolled into Dalhart like the old-time trail herds rolled into the XIT, recalling the days when old Tascosa near here was a roaring town of range wars, private feuds and buxom belles of the 90's.

Leading a parade of old-time trail riders and cattle barns were Ab Blocker, 82, of Big Wells, Texas, who delivered the first trail herd of 3,000 longhorns to the owners of the XIT at Buffalo Springs, then designed and burned the first XIT brand.

Harry Willett was expected back Wednesday or Thursday from Dallas, where he has been buying new fall merchandise since last week for Harry Willett and Company.

Bob Alexander Replies to Harp's Challenge

An open letter from Bob Alexander to Mr. R. A. Harp, Candidate for the legislature

Mr. R. A. Harp, Roaring Springs, Texas.

Dear Allen:

I have read with considerable interest advertisements placed by you and your friends in The Childress Index of August 4th, and in other papers of the district. I feel that some of the statements you have made therein will require a reply from me.

At the outset I must decline to apologize for the fact that most of the newspapers of this district are supporting me for reelection. The publishers of these newspapers, in my opinion, have a perfect right to support anyone they please for any public office. Since I have never solicited their editorial support nor asked any of them for free publicity, I am rather proud of the fact that my activities as a member of the legislature on behalf of the people of my district have been such that the papers, not only in this district, but throughout Northwest Texas, have frequently seen fit to comment favorably on my services in the legislature. Any political advertising which I have authorized has been paid for at regular rates just as has yours.

In spite of what you say about my telegram to the Hon. W. Lee O'Daniel, Governor-elect of Texas, pledging him my cooperation and congratulating him on his nomination, I can still find no reason to be ashamed of this action. You will find that nearly every person in public life in Texas, from the Vice President of the United States on down to many members of the legislature, have taken similar action. Mine was a sincere statement of my feeling on the matter, and I shall not apologize for having sent the telegram.

With reference to my record on the matter of old age pensions, I want to call your attention to several statements you made in your advertising, and to quote you certain references from the House Journal of the regular session of the 44th Legislature to which you refer. You make reference to House Joint Resolution No. 6, and my vote against the same. You then state, "THIS WAS THE RESOLUTION WHICH AMENDED THE CONSTITUTION AND WAS SUBMITTED TO A VOTE OF THE PEOPLE FOR THE AUTHORIZATION OF PAYMENT OF OLD AGE PENSIONS." Further on in the second paragraph of your advertisement you say, "AS YOUR REPRESENTATIVE, MR. ALEXANDER WENT TO THE LEGISLATURE AND VOTED AGAINST IT BY REFUSING THE PEOPLE THE RIGHT TO VOTE ON THE IMPORTANT QUESTION." For your information I will say that House Joint Resolution No. 6 was never submitted to the people, nor voted on by them. It was one of five proposed constitutional amendments introduced on the subject of old age pensions, but you will find by referring to the files of the Matador Tribune of May 23, May 30, June 6, and June 13, 1935, that House Joint Resolution NO. 19 was the constitutional amendment which was adopted by them at the polls. If you will look on Page No. 863 of the House Journal to which you refer, you will find that on March 25th, 1935, this resolution (No. 19) was passed by the House of Representatives by a vote of 125 yeas and 3 nays, and that I voted to submit this resolution to a vote of the people. The vote to which you refer on House Joint Resolution No. 6, was taken on April 30th, 1935, while the resolution which was submitted (No. 19) was pending in the Senate. You will find on page 224) of the same House Journal that after the Senate of Texas had amended House Joint Resolution No. 19 it became necessary for the House of Representatives to agree to these amendments before the resolution could be properly submitted to the people for their vote, and that I again voted for this resolution. This was the final action in respect of this question to the people. It would have been utterly foolish and silly for the legislature to have submitted two similar propositions on the same subject at the same session of the legislature. Bear in mind that the vote on House Joint Resolution No. 6 to which you refer occurred after I had already voted favorably for the submission of the constitutional amendment which the people later adopted.

Now, Mr. Harp, we are dealing with the public records of the State of Texas. You have made the statement that I voted not to let the people vote at all on this question, which statement is not correct, and the facts can be determined in any court house in Texas. These House Journals are in the county clerk's office at the court house in Matador, Texas. I say that the statements you have made as above quoted are contrary to what the records show. However, there is no need for us to fuss over this matter like two school boys. One of us is right, the other wrong. Let's let the public records of Texas determine which one of us is correct. I also have in my possession the permanent bound volumes of the House Journal and would be pleased to show them to you or any other interested party.

Now, Mr. Harp, I have the following proposition to make you. Let us decide this controversy by submitting the record to three intelligent disinterested parties. Let me pick one, you pick one, and then let these two men select a third party. It will only be necessary that these three men, however, have the ability to read and write the English language in order to determine the true facts in our little dispute. If these three men, after an examination of the records, will issue a statement that I voted against the resolution which was submitted to the people of Texas and which had for its purpose the amending of the constitution so as to provide for a system of old age pensions, as you have charged in your advertisements, I will then publicly acknowledge this fact. If you will agree to make a public acknowledgement of your mistake, if I am correct, I believe this is a fair proposition and will appeal to your sense of fairness. Let us not carry on this harangue as to who is correct in this matter, but let the record speak for itself. Let us both agree further not to be deluded by our over-enthusiastic friends into misquoting the records and misleading the voters in any way.

I am pleased to note that you state that you hold no grudge against me, and could not be induced to bring personalities into this race. I also quite agree with you that the people deserve to know the man's record who serves them. I have no hard feeling toward you, and have had only the kindest things to say about you during this campaign. I cannot, of course, permit incorrect statements to be made about my record.

In closing I would like to say that I am in sympathy with the need of the aged men and women of this state, have voted for what I consider their best interests at all times, as a member of the legislature. I believe that the state law can and should be liberalized and that the federal law on the subject should also be changed materially. In spite of your vigorous objections, I am renewing here and now my pledge of cooperation with the next governor of Texas, to the end that deserving aged citizens of this state shall receive their just dues in their declining years.

I would appreciate hearing from you on the proposition I have outlined above at your earliest convenience. You may address me at Route 2, Childress, Texas.

With warmest personal regards, I am sincerely yours,

BOB ALEXANDER
