BRIGHT BANNERS TO DECORATE STREETS

Mustaches Popular In Roundup-Rodeo Advertising Drive

Bright, gay banners swinging across streets in the business section of Matador and colorful decorations on the fronts of business establishments will greet visitors when they visit the Matador Roundup and Rodeo here May 17-18. An agreement was made Tuesday with the Oil Belt Flag and Decorating Company of Cisco and Berger, to place approximately 25 lines of banners across Matador's streets a week or ten days before the celebration.

James Haynie, representing the firm, will arrive here this afternoon and will contact local firms tomorrow to contract for the individual decorations. The building decorations will be leased for the celebration and will be placed in position and removed by the company. The charges will be \$3.00 for the average-size building. The lines banners will be arranged without cost in cooperation for the patronage by business firms.

Mustaches Are Popular

The plan of growing mustaches typical of the cowboy of the past has been accepted almost to a man in Matador and reports indicate cooperation in every community in the county. Local barber shops are offering to trim mustaches without charge when a shave is purchased and drug stores report a brisk sale in hair dye to those whose upper-lip decorations are off-color.

Prizes To Be Made Here

L. B. Robertson, president of the Roundup Association, declared (See ROUNDUP Back Page)

'39 Cotton Crop Yields 7,296 Bales

Motley county's 1939 cotton crop is now a matter of history, and the final ginning report, according to H. J. Marler, special agent, shows that 7,296 bales were ginned as compared with 13,795 bales for the crop of 1938.

During the severe drought of last summer and fall, many farmers and cotton men believed the country's crop might be less than 4,000 bales.

H. L. Smith Candidate For Commissioner

The Tribune is authorized to announce the candidacy of H. L. Smith of Roaring Springs for the office of county commissioner of precinct four, subject to the action of the Democratic primary, July 27, 1940.

Mr. Smith was born in Motley county, 44 years ago and has spent his entire life here with the exception of two years when he was away for military duty during the World War. He is well-known throughout the county.

With regard to his announcement, Mr. Smith declared, "I feel that I am fully qualified for the office of county commissioner and in event the voters of my precinct find it possible to elect me, I will devote my very best efforts to the duties for which I am responsible. I will, at all times, attempt to maintain a policy of fairness, which will meet with the approval of those whom I serve. I will appreciate the vote and support of everyone who may find it possible to aid me in this campaign."

IN MINERAL WELLS

Judge and Mrs. W. R. Cammack accompanied by his daughter and her husband, Mr. and Mrs. Wilbur Park of Hillsboro, left Sunday for Mineral Wells, where the judge will take hot mineral baths.

Mr. and Mrs. Park arrived here Friday night to spend the Easter holidays with her father, and will continue to their home from Mineral Wells.

Seeks Senatorship

MARSHALL FORMBY

Judge Formby Announces For State Senator

Judge Marshall Formby of Dickens county, candidate for state senator of the 30th district of which Motley county is a part, was a Matador and Motley county visitor Wednesday, meeting his friends here and laying groundwork for his campaign.

Judge Formby was reared at McAdoo in Dickens county and is the son of M. C. Formby of McAdoo.

In making his formal announcement, Judge Formby said he thought it would be beneficial to the agricultural interests of West Texas for the present 7000-lb. truck limit law to be raised to a sensible limit, and that he favored the immediate solution of the off-age assistance and other social security problems.

Favors Quick Solution

"These problems should have been disposed of during the last session of the Texas Legislature," Judge Formby said, "in order that other important legislation needed in Texas might be immediately taken up." "I favor the immediate (See FORMBY Back Page)

Box Supper Nets \$110.

The box-supper sponsored by the Matador Lions Club for the benefit of the Senior Girls Basketball Team and Boy Scouts, at the Matador gymnasium Thursday night, netted over \$110, according to officials.

Miss Onita Whitaker was voted the prettiest girl and Lion Tail-twister Henry Ford walked away with the ugly-man award. June Barton received the \$2.50 prize for the most attractive junior box, while the senior-box prize was divided in a tie between Miss Kara Hunstucker and Mrs. Don Martin.

Music was furnished by Riley Rigby and his band, consisting of the maestro, Amos Mize and Bud Allsup.

Officials of the Lions Club declared that sufficient funds were available to assure the basketball girls of receiving suitable awards.

Only Five On City Ticket

Only five names will be printed on the city election ballots for the election to be held at the city hall Tuesday, April 2.

No opponents will appear against the five officials now in office. The ballot as ordered for printing will include the following names: For Mayor, G. T. Edwards; For Secretary, Howard Edmondson; For Aldermen, W. N. Pipkin and M. S. Patton; For City Marshall, L. J. Barkley.

Mesdames Henry Ford, J. S. Lambert and J. R. Whitworth were visitors in Wichita Falls Friday.

Easter Rites Attendants Dety Norther

Despite one of the most disagreeable northers of the season, and the worst since the snow blizzard early last month, the Baptist church was filled to capacity Sunday evening when the community met in a union service to observe Easter worship.

Following Processional by Miss Roberta Jameson, pianist for the Methodist Church and Matador Choral Club, Rev. W. M. Joslin, Baptist pastor gave the Scripture Reading. Prayer was offered by Rev. W. B. Vaughn, pastor of the Methodist church, with offertory following. A splendid rendition of a cantata in two parts, by the Matador Choral Club comprised the service, which was closed with benediction by Rev. Vaughn.

The names of Billie Jean Dirickson and Mary Frances Hallford were inadvertently omitted from the membership list of the Matador Choral Club as it appeared in last week's issue of the Tribune.

Large Attendances

Special music and sermons were given at the Sunday School and morning services which were well attended at all churches of the city, it was reported, notwithstanding the inclement weather.

Lions To Wear Rodeo Regalia To Childress

Members of the Matador Lions Club attending the Zone meeting at Childress, Thursday evening, April 4, will wear full rodeo regalia according to plans, being made yesterday.

The western-getups will be worn to impress neighboring Lions with the Matador Roundup and Rodeo set for May 17-18.

Officials of the Lions Club are asking that a large delegation of members attend the meeting and a special committee will probably be appointed to contact all members within the next few days.

Mystery Play Is Announced

Thrills and chills are assured to those witnessing the presentation of "Murdered Alive", the Senior Class play, in the high school auditorium on Tuesday evening, April 2, 1940.

The cast of characters is as follows: Mrs. Libby Ryder, Tom Nell Darsey; Tillie Meek, Marie Hunstucker; Arden Ryder, Lela Carpenter; Mrs. Frank Backus, Aileen Russell; Iris Alda, Wandell Berryman; Warner Melton, Rudolph Carpenter; Otis Marvin, Kenneth Simpson; Luverne Speed, Onita Kimbell; Acton Chance, Raymond Rattan; Arline Evans, Willena Wilkinson; and The Mysterious Stranger, Aton Titus.

The plot is intriguing and exciting; it can't be told here. Don't forget to see "Murdered-Alive!" The admission prices will be 10, 15, and 25 cents.

TO MINERAL WELLS

J. Lancaster, Mrs. Jim Lancaster and Mrs. L. B. Archer were called to Mineral Wells Monday, to the bedside of Joe Lancaster, formerly of this place, who is seriously ill.

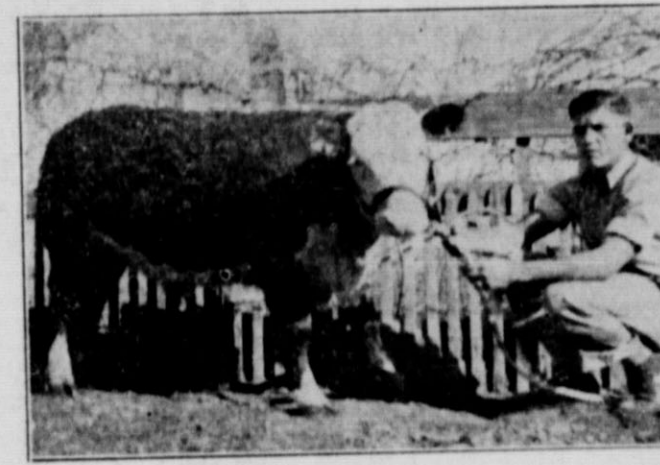

ARRIVAL ANNOUNCED

Mr. and Mrs. Algine Groves of Childress, former Matador residents, announce the arrival of a 7 1/2 pound son on March 20. He has been named Patrick.

Mr. and Mrs. Stafford Forbis of Lubbock visited here during the week-end with her parents, Mr. and Mrs. Roy Burleson and other relatives.

PLANS ARE COMPLETED FOR 4-H CLUB SHOW SATURDAY

SAMPLE OF SHOW ENTRIES...

The above photographs indicate a sample of the 23 fine calves which will be judged in the first 4-H Fat Stock Show to be held on the courthouse lawn here Saturday. The above pictures were all that were available in time to secure engravings for this issue of the Tribune. Besides the 23 calves, 8 pig and 35 rooster entries will be made. Five Motley county communities including Flomot, Whiteflat, Northfield, Matador and Roaring Springs will be represented.

Ranchers Amazed At Fine Quality Of Show Entries

All the entries in the 4-H Club fat stock show to be held on the courthouse lawn here Saturday afternoon, are groomed and in perfect condition for the judging which will begin at 1:30 p. m., according to County Agent J. Rufus Emmons, whose work is responsible for the exhibit.

Mr. Emmons said last night that the boys will bring their entries to Matador Saturday morning and probably add a few final touches before the judging is started. The exhibit and ground committee including Fred Bourland, Fred Simpson, and Elbert Reeves of Matador, Charles Long of Roaring Springs, and Tom Bynum of Flomot, will probably complete all arrangements by tomorrow.

Ranchmen Are Surprised

Mr. Emmons declared that J. R. Moore, prominent local ranchman, and Hawley Plemons, in charge of the Matador ranch thorough-bred herd, expressed amazement at the fine quality of stock which the boys will exhibit after a tour of inspection yesterday. "Mr. Moore declared he had no idea of the splendid projects which the boys have produced."

"Mr. Plemons declared that the calves were much better than he had expected, due to the fact that this is the first year of the show and also to the late start in getting plans under way."

To Discuss Marketing

C. B. Martin, county agent of Floyd county, will be here Saturday and discuss plans for marketing the calves in Kansas City.

Students Vie For Honors During Meet

Sharp rivalry was displayed by all the schools of Motley County here and at Roaring Springs, Friday and Saturday, during the annual County Interscholastic League Meet.

Matador carried away the track and field honors at Roaring Springs Saturday with a total of 71 1/2 points, while Roaring Springs received second place with a total of 51 1/2 points.

Johnny Allsup, of Matador, was high-point man with a total of 18 points to his credit. Second place as high point man went to Billie Tunnell, who totaled 13 1/2 points.

Official reports of the events held in Matador here Friday, are as follows:

DEBATE: Boys, Jack Nichols and James Harmon, Roaring Springs, first place. HIGH SCHOOL DECLAMATION: Senior Boys, L. M. Cox, Whiteflat, first; Senior Girls, Jewell McCoy, first; Jimmie L. Speer, Flomot, second.

Junior Girl, Oleana Wells, Whiteflat, first; Onita Whitaker, Matador, 2nd. RURAL SCHOOL DECLAMATION: Senior Boy, Jewell Lawrence, Fairview, 1st; Harris Johnson, Fairview, 2nd.

Senior Girl, Jane Warren, (See SCHOOLS Back Page)

AMARILLO VISITORS HERE

Mesdames Ernest Shearer, Bob Patton and J. H. Sheridan, and Miss Beulah Sheridan all of Amarillo were week-end visitors here with relatives.

Mrs. Sheridan and daughter visited their son and brother, Pat Sheridan and family; Mrs. Patton visited her sisters, Mrs. T. E. Cammack and Miss Maggie Bryan, and Mrs. Shearer spent the week end with her parents, Mr. and Mrs. Harry Campbell.

RETURN HERE

Mr. and Mrs. Bill Nelson and children, who have been living at Dublin, have returned here to again make their home.

Mrs. Nelson is employed at Simpson's Drug in the absence of Clinton Hobbs, who is seriously ill at his home, of an arrested case of chronic appendicitis.

CAFÉ INSTALLS NEW EQUIPMENT

The Magnolia Cafe here has recently installed two new pieces of kitchen equipment which, according to manager R. E. Campbell, Jr., will greatly aid the service, variety and quality of viands offered the public.

A modern Hobart Air-Whip pastry and dough mixer and a Hobart slicing machine have been placed in operation during the past week. The pastry mixer has many uses, but is being used mostly in preparing home-made pies and other pastries. The new automatic slicing machine is capable of slicing roasts while the meat is still hot, besides its many other uses in slicing, bread, vegetables and other foods.

Spur Pioneer Passes Away

Mrs. H. T. Garner, 84, pioneer of Dickens county, passed away at her home near Spur, Thursday, March 21, at 2:00 o'clock. Funeral services were held at the Progressive Christian Church in Spur, Saturday Morning at 10:00 o'clock.

Mrs. Garner was a sister of the late Mr. D. C. Keith and had made her home in Dickens county for the past 49 years.

Relatives from Matador attending the funeral were: Mr. and Mrs. D. P. Keith, Mr. and Mrs. M. S. Patton and son Keith; Mr. and Mrs. Charles Keith and children, Chas. Robert and David; Mrs. D. C. Keith and Miss Mary Keith.

# Harry Hines Favors Open Door To Press

**Policy Information The Public**

March 26—Harry Hines, Wichita Falls, Highway commissioner and candidate for Governor of Texas, declared here tonight he would, as "maintain an open door" to newspaper correspondents and editors since they have been the informers of the public as to what is being done, or taking place in the chief executive and state departments.

As speaker at a meeting of Morris County Posts of the Legion, talked on "The Two Chief Attributes of Speech and Freedom of the Press."

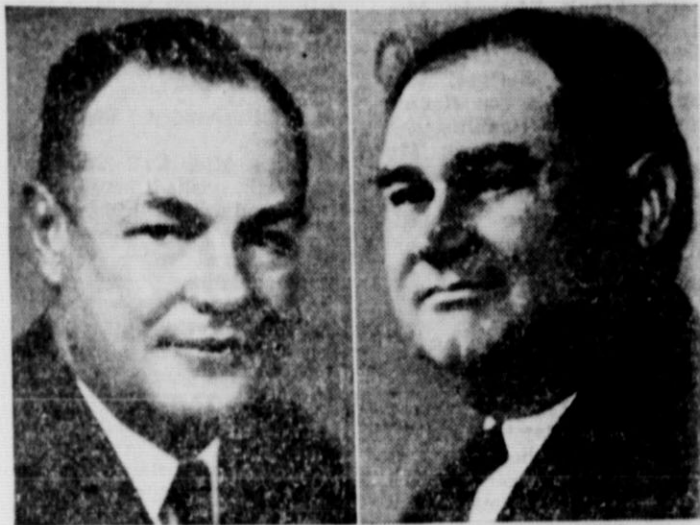

During attempts on the part of anyone "to abuse or distort the press in an effort to bring about a change in the faith of the public in the established knowledge

that the newspapers are their means of definite information," Hines, who is completing his six year appointive term as State Highway Commissioner, said:

"We should get back to the good method of co-operation between the Governor's office, not only with the Legislature and State administrative departments, but with the press and newspaper correspondents as well, for after all they are the public's means of daily learning accurately what is being done, or taking place in Austin, the State capital.

"As Governor," continued Hines, "one of the first things I would do would be to re-establish the custom of holding press conferences with the correspondents stationed in Austin for the purpose of sending accurate dispatches and reports to the newspapers in every city and county of our vast State. Also, I would be glad to confer with my newspaper correspondents or the

## TWO DIRT FARMERS TO WASHINGTON

CLAUDE R. WICKARD GROVER B. HILL

Two dirt farmers, with a combined experience of 54 years operation and leadership, are now in the No. 2 and No. 3 posts of the National Department of Agriculture. Grover B. Hill, who was named Assistant Secretary of Agriculture in December, has been a Texas rancher and farmer since 1911. Claude R. Wickard, newly appointed Under Secretary of Agriculture, has farmed a general grain and livestock farm near Camden, Ind., for nearly a quarter of a century.

Both men have been associated with administrative work of the AAA Farm Program in recent years.

Mr. Hill, 51, was named a field representative of the AAA in 1934, after serving on a committee which drafted the AAA Range Program. Since 1936 he has been in charge of the range program for the Southern Region of the AAA. During the drought of 1934

he directed the regional cattle-buying program in New Mexico, Texas, and Oklahoma. He studied at the University of Texas from 1909 to 1911, after which he went into ranching and farming near Amarillo.

The new Under Secretary first became connected with the Agricultural Adjustment Administration in 1933 and in 1936 he was made director of the North Central Division of the AAA. As director of the division, which includes the Corn Belt States, Mr. Wickard stressed farmer-administration of the AAA. Mr. Wickard, now 47, has operated the same Indiana farm which was farmed by his father and grandfather. He graduated from Purdue University in 1915 and in 1927 was named a Master Farmer of Indiana in recognition of his work as a farm leader and the improved farming practices which he followed.

## PONY EXPRESS HEADED BACK

NOCONA, Texas, The pony express is heading this way again. A delegation of seven Noconans reported today that Bexar county court No. 1 in San Antonio had granted a change of venue to Montague county in the suit of V. H. Henderson, a disappointed express rider, against the Nocona Chamber of Commerce and sponsor of the pony express.

The delegation, composed of Glen Wilson, attorney, Miss Enid Justin, Bob Trent, R. E. Flynt, Chris Uelton, A. S. Gilbert, and Bill Billings, appeared before the court Friday of last week. Action on their request for a change in location of the trial was taken today. The case will come to trial in May.

Henderson, of San Antonio, is suing the chamber and pony express sponsor for the \$750 prize money offered the winner of the horseback marathon run last spring from Nocona to the San Francisco World's fair.

Henderson came in last. He

claims, however, that he alone took the officially designated route and that the other 10 riders went off on a tangent, altho they all arrived at the fair before him. Since his route was the official one, he charges, he is the official winner.

The Nocona Chamber of Commerce contends that the other 10 riders were on the right route, Henderson therefore coming in last and well out of the money.

## JERRY SADLER FOR GOVERNOR

editor of any daily or weekly newspaper at other times relative to any special inquiry they might have.

"The press conference custom is followed in Washington by the President and other high government officials and also in most all State capitals. It should be gotten back to in Texas as well. It is an essential part of our modern day life. The need is plain.

"The newspaper correspondents at the State capital representing the three principal press or news associations and the various newspapers are veterans of much experience in covering the State departments and sending their papers, for the people of Texas and the nation to read and be apprized of, reports of actions by officials, State Boards, Commissions and Courts.

"Newspaper correspondents and editors throughout the State see Governors and other officials of different administrations come and go as the years pass. They are not particularly interested in any of them as individuals, but merely chronicle their acts and official

performances so that the people may definitely be informed of what their public servants are doing.

"How long, gentlemen, have you been a subscriber to your local newspaper? There are men in this audience who for 15 years or more have paid their money for their subscription to their home town paper, to receive it day by day, or week by week. And, after all, people don't spend their money except for buying what they want.

"I take it you gentlemen, as all other citizens, purchase and subscribe to newspapers to keep abreast of the times and for educational and informative information, since newspapers are a popular source of information.

"News relative to international affairs, current events, national, state and local happenings, markets, commerce, industry, agriculture and social and spiritual enlightenment are found in their columns.

"And that is why the Texas and other American newspapers are subscribed to by the average individual. So, it follows, the people must believe in the American press.

"The press of Texas is manned by editors who are ruggedly independent and stand for a democratic government strictly limited to its sphere, a government to be respected and honored because of its competency and readiness to protect the rights and guard the interests of its citizenship. If such is the case, and I am sure it is, God forgive those who would lead us into a wilderness of economic thought.

We have only to look to warring Europe and the dictators over there to see what happens to liberty when freedom of the press and speech is throttled. The millions of people in the dictator States have been deprived of liberty and are regimented, herded about and thrown into war to die only because the rulers control the press and let the people read only what they want them to know.

"Perhaps some State or other public officials aver here might like to see the same system prevail here to further promote their ends. Perhaps there are those who would like to have the public read or hear only what they wanted them to know. Such people approve and welcome subservient newspapers that only praise such an official's conduct in office and never dare to print even constructive criticism.

"That, however, is not my conception of what our forefathers fought for more than 100 years ago to bring freedom to Texas, or the American revolutionists battled for to establish this great nation of liberty, with freedom of speech and the press its two cardinal principles, or you Veterans went to France during the World War to preserve.

"For almost six years as State Highway Commissioner I have noted that the press of Texas has been very fair in its criticism of the Highway Department. Also, its suggestions and constructive criticism, when made, have been very valuable. The confidence the press has expressed in our Department and our official conduct as Highway Commissioners has

## We Congratulate the 4-H Club Boys

### YOU CAN'T LOSE...

THE HEIGHT OF ALL AMBITIONS IS "SUCCESS" AND WE FEEL THAT YOU BOYS WILL ALL HAVE A PART IN THIS AMBITION WHEN YOU TAKE YOUR STOCK INTO THE RING TO BE JUDGED. THERE WILL BE ONLY ONE CHAMPION IN EACH DIVISION; BUT YOU WILL ALL BE OUTSTANDING FOR YOUR ABILITY TO GROW FINER LIVESTOCK. AND THESE ANIMALS THAT WILL BE SHOWN HERE WILL REPRESENT SEVERAL MONTHS OF HARD WORK. AND IT IS OUR HOPE THAT EACH OF YOU WILL RECEIVE HIS JUST REWARD.

### PROGRESS . . .

Each year brings new ventures, new ideas and new hopes. If your animal does not take first place, try again and overcome the mistakes you have made this year.

## Matador Variety

## Leadership in 1940

# IT'S FORD

## ACROSS THE BOARD

### Leadership in all 7 BASIC ESSENTIALS OF A GREAT LOW-PRICED CAR

In the major things, the big things, the real things that make you want a car—all 7 of them—Ford takes commanding leadership. Here is where Ford excels:

- 1 **GOING POWER:** The kind of power that only the V-8 engine can provide—the instant response, lightning acceleration, marvelous economy and swift, smooth, faithful performance. 6,000,000 Ford V-Eights—more than all other Eights combined—say this is the power plant for you!
- 2 **STOPPING POWER:** The big, straight-line stopping hydraulic brakes of the Ford V-8 are far and away the biggest in the low-priced field—a safety factor you've got to have in the new car you buy.
- 3 **POWER TO HOLD THE ROAD:** No car in any price field excels Ford in roadability—in keeping "all four feet on the ground" under all driving conditions. This means safety plus comfort.
- 4 **SMOOTHNESS:** Not only in amazing power does the Ford V-8 engine excel, but in the smoothness that gives velvet quiet. Everyone knows no car of fewer cylinders can match an Eight in smoothness.
- 5 **STAMINA:** In staying power there is no car that can take the rough with the smooth like Ford. There are more Fords on the highway than any other make of car. This sturdy Ford is made to take it!
- 6 **STYLE:** Ford set the current modern trend in beauty of lines. And Ford's unequaled paint job makes its beauty permanent.
- 7 **COMPLETE ECONOMY:** The combination of low price, low cost of operation, high trade-in value and more extras at no extra cost, makes the Ford the great economy buy for 1940.

FOR A BETTER CAR, AND A BETTER TRADE, SEE YOUR FORD DEALER FIRST

# Matador Auto Co.

Matador, Texas

ONLY FORD LEADS IN ALL 7 GREAT CAR ESSENTIALS

Approximately 52,000 dry holes were drilled in Texas between 1889 and 1939 in the search for oil.

Commercial production of oil began in Texas in 1878, but in the eight years 1930-38 nearly sixty per cent of all the oil produced in the entire half century came from the Texas Wells.

Now Relieved From Pains and Sluggish Feeling

Loudly Praises Herbal Remedy. Many Years Had Been Wasted In Search For Something To Help Him.

Never Feels Dizzy Now And Aching Pains In His Joints All Gone Since Constipation Was Relieved. Great Medicine He Says.

"I can never thank Herbtex enough for the amazing relief it brought me, yet it seems so simple after having tried so many expensive treatments which did not help me at all."

MR. HORACE F. GEORGE

"There is no doubt but that constipation is what was causing my troubles, but I thought almost everything was wrong with me. I

ached so bad that I could hardly keep at work. My back was so stiff and I ached all over my body most of the time. Every time I stooped over I'd feel so dizzy I had to grab hold of something. My nerves kept me awake for hours every night, then the next morning I felt all tired out.

"I have thanked a friend of mine many times for telling me to try Herbtex. I wish I had started taking Herbtex years ago. Herbtex worked off my bowels thoroughly, yet no griping or pains, and now I'm regular every day. I feel like I've had a bath inside. All the poisons seem to move out regularly instead of staying there and causing trouble.

"Since Herbtex cleaned my bowels I am free of backache and pains in my body, neither do I have sour gas that I always belched after eating, all the dizziness has passed off and my nerves have calmed down so that I can now enjoy restful sleep at night. "I wouldn't take anything for the good that Herbtex has done for me. I know that Herbtex is really a good medicine. Herbtex gives relief for common ills like Stomach Trouble, Sluggish Liver, Weak Kidneys, Painful Joints, Aching Muscles, when due to constipation."

SPECIAL OFFER: regular price of Herbtex is \$1.25, send only \$1.00 Money Order Cash or Check to Herbtex Co., Dept. XT14, Wheeling, W. Va., and a package of Herbtex (over a two weeks supply) will be sent you postage paid.

Advertisement, 4-4-40.

Like the shadow of a rock in a weary land is the sight of a friend's face when you're far from home.

Don Burger a dozen years ago was All-State tackle on a great Abilene High School football team. After completing his schooling, he became a hotel clerk in Cisco; then manager of the Hilton in Abilene; after that, manager of the Hilton in El Paso and now he is in charge of one of the greatest hotels in the West—the Sir Francis Drake in San Francisco.

When I walked into his office not long ago, he shoved the papers on his desk aside, quit dictating a bunch of letters, grabbed me by the hand and for an hour we "played" some of the old Texas high school games over again, including that 21-14 loss by Abilene to Waco for the State crown on the Cotton Palace gridiron in '27.

Then Burger called the officials of the San Francisco World's Fair and in a few minutes a long, sleek, new limousine was at the door to escort this Texas scribe out to Treasure Island. Of course the exposition is closed at this time of year (it will re-open in May) but it was my privilege to be taken for a tour of the beautiful buildings and grounds; then for a scenic drive about the city and that night Jack James, director of publicity for the exposition, and Mrs. James escorted me for a view of famous Fisherman's Wharf, Telegraph Hill, Chinatown and, as a climax, a seafood dinner at Joe Dimaggio's cafe.

All this because Don Burger used to play football in Texas and I used to write up the games.

Any Texan is sure to receive a genuine Texas welcome at the 23-story Sir Francis Drake, which is the center of San Francisco life, with its famed Persian Room (which has 8,000 lights with changing colors)—because, besides Burger, there is another Texan, Hal Hammons, formerly of Abilene, who is executive assistant manager.

The SNAPSHOT GUILD HOW TO TAKE BABY PICTURES

It's easy to take good baby shots indoors with any camera—and easier if you have a camera with fast lens. With photo bulbs, box-camera snaps can be taken at night.

GOOD baby pictures are easy to take indoors, with photo lights, —provided you follow a few simple rules.

Probably the chief difficulty, in indoor shots, is that your subject likes to crawl about—and thus gets away from the spot illuminated by your photo lights. There are two simple solutions for this. Either give the baby a toy to amuse him and help him "stay put," or else place him where his movements are restricted. For example, in the crib or play pen.

Here is a simple routine which will help you get better baby pictures indoors. First, load the camera with high speed film. Pick a suitable spot for the pictures, and arrange your photo lights for a soft, diffused lighting, with no harsh shadows. A No. 1 and a No. 2 "food" bulb in cardboard reflectors, four feet from the subject, are correct for box-camera snapshots on high speed film.

Turn on the lights before you place the baby. Put him in position—give him a bright-colored toy or one that makes a noise—and start shooting. Wind the film immediately after each shot, so as to be ready for the next pose or change of expression. A whole series of good pictures can be

taken in a few minutes, and the best expressions will usually come within that time. Five minutes is long enough for the average session of baby pictures.

A fast camera is an advantage in taking these pictures. Use a shutter speed of 1/50 second, with f/8 lens opening, or 1/100 second at f/6.3—and you are more sure of a sharp picture, even if the baby moves slightly at the moment of exposure.

With a fast lens, you can also take indoor pictures by daylight or sunlight coming through a window. The baby picture above was taken in that manner. An f/6.3 or f/4.5 lens is fast enough, if you use high speed film and a 1/25 second shutter speed. In the picture above, the bedspread acts as a reflector, throwing light into the shadows. This is desirable, as there should be no harsh, black shadows in a baby picture.

Every parent should have a full album of baby pictures, tracing the child's growth. The more of these pictures you take, the easier it is to take them, because you gain a bit of experience with each shot. And a complete record of the baby's early life—especially that first year—is a precious thing . . . one that you will always treasure.

John van Gulder

Treasure Island is a beautiful spot—with its 400-foot Sun Tower which has a 40-bell carrillon and is surmounted by a golden figure, symbolic of San Francisco's emergence from the ashes of 1906, the Court of Pacifica with the sculpturing that tells the story of the meeting of East and West, the spot dominated by an 80-foot statue; the huge murals of the Court of Nations; the Court of the Moon; the Court of Flowers with giant ferns, fountain and statuary; the colorful exhibit halls of Japan, Dutch East Indies, Italy, China and other nations. Add to all this the swirl and gaiety of a throng; the radiance of many soft hues of light at night—and you have something. And such a setting—the ocean, the neighboring islands, the ships, the bridges and the skyline of San Francisco.

If a feller is a liar, he needs a good memory so he can remember what he told before, as my grandpa ust to say.

One of the many advantages of visiting Mexico with a large group such as composed the Texas Lions good will pilgrimage last year—is that you meet new and interesting folks, form friendships and are sure of sympathetic companionship in viewing beautiful and novel scenes. Such a chap as John Dideigh for instance.

Kidneigh, head of the Salvation Army for the State of Utah, is six feet, two inches tall; weighs 220 pounds; is a Ph. D.; has a good sense of humor and is a regular fellow. Called on at the banquet which was given by the

Mexico City Lions, Kidneigh told a story about a "lusty and gusty" cowboy who entered a saloon and demanded a drink composed of equal parts of milk and whisky. Just as the beverage was set out, a tenderfoot preacher entered. The newcomer was thirsty and, seeing the cowboy drinking apparently a glass of milk, he ordered, "One of the same." The parson took a swallow, then another, smacked his lips as he finished the glass, and exclaimed: "Brother, what a cow!"

Two other interesting members of the group were Thomas W. Clatworthy and his brother, William, of Fort Morgan, Colo. Both were past 80 but were tireless and always eager for the day's activities. Each had snow-white hair, close-clipped mustaches and pink complexions, and they were known as "the boys." This chronicler toiled up the steep slope of a pyramid at Cholula on top of which was a beautiful church built by the Spaniards, and as I stood there panting, waiting on the church steps sat "the boys", smiling and fresh.

This year's pilgrimage, April 4-15, will again be headed by Julien C. Hyer of Fort Worth, past Lions International president, and not only Lions but friends of Lions may go. All in the party will be given special courtesies and banquets from Mexico Lions and officials that will make the visit doubly enjoyable.

"Noah threw Ham out of the Ark for telling this one", writes H. W. Allen of El Paso in nominating an entry in the "old joke" contest:

A country boy yoked himself to a calf but the calf got scared and tore down a country lane at full speed. As they were passing a farmhouse, somebody yelled, "Where you going, son?" The boy answered, "Durned if I know; ask the calf."

SERVICE A LA CARTE

CHILDRESS, Tex. One of the Panhandle's score of snow storms this winter was raging—and sales were scarce—when the postman brought Lynn Harris, commercial salesman for the West Texas Utilities Company, the following letter from a refrigerator manufacturer:

"A Mr. Bob Scott, R. R. No. 1, Dodsonville, has requested of our factory information and literature on milk coolers and refrigeration, with which he has been supplied. Will you arrange therefore to contact this prospect in an effort to sell him? We would appreciate hearing from you when Mr. Scott has been contacted."

Harris braved the snow and wind to drive the 70-mile round

SAVING MONEY With Cotton Bags

The vogue for quilted things particularly keen right now quilting is a pleasant pastime that is needed to make an attractive baby's quilt is two large ton Bags and three quarters yard of cotton batting. The material in Flour and Sugar Bags especially suitable for this purpose. Amusing little animals are illustrated on the top of cover. If you are a beginner quilting don't start with a complicated design. The entire quilt done in a design of simple squares will be almost as effective. Edges of the quilt may be finished with colored bias bands to match the motif or scalloped edges, bound, is a practical finish.

Other Cotton Bag Sewing are illustrated in a free booklet. Send to National Cotton Bag Co., Box 18, Memphis, or Textile Co., 100 N. LaSalle St., Chicago.

trip to Dodsonville, mostly on country roads. Upon returning wrote the factory:

"Thanks for the trip. This prospect proved to be a high school student, 18 years old, who was some information in order to write a theme."

A recent survey by an oil company showed that its employees received 15.6 cents of each dollar it spent, while the stockholders got 3.7 cents. The tax collector, however, got 23 cents, or more than both groups combined.

Three hundred billion feet of sour gas, unfit for any other commercial use, are converted to carbon black each year in Texas.

New Amazing DENTURE CLEANER Makes Stained Discolored FALSE TEETH LOOK LIKE NEW

No Brushing. No danger of burning. No acid. Safe and harmless. Simply place your denture in solution of KLEENITE. Leave 15 or 20 minutes—while you sleep or overnight. Rinse—replace. BRUSHING.

Now look at your teeth—gleaming, lustrous, stainless, natural-looking teeth and plate clean and sweet from all unpleasant taste or odor.

# CONGRATULATIONS... TO THE 4-H CLUB BOYS

FOR YOUR OUTSTANDING SUCCESS WITH YOUR PROJECTS  
WHICH WILL BE EXHIBITED IN THE FIRST ANNUAL

## Motley County Fat Stock Show Saturday, March 30th.

### WE BELIEVE

IF the best minds produced on the farm can be retained as farm leaders, then the agricultural problem will be partly solved. Agriculture needs wise leadership more desperately than any other important industry in the United States. This is but one of the many reasons we endorse and support the work of the 4-H Club Boys.

THIS PAGE IS PAID FOR BY BUSINESS FIRMS AND INDIVIDUALS WHO WISH TO SHOW THEIR INTEREST IN THE YOUTH OF MOTLEY COUNTY WHO WILL EXHIBIT THEIR LIVESTOCK IN THE SHOW HERE SATURDAY, MARCH 30, 1940.

We Are Interested In Better Livestock And Congratulate Motley County's 4-H Boys

CHURCHES - - CLUBS

**Around The Circles...**

**METHODIST SOCIETY**

A general meeting was held Monday night by all circles of the Methodist Missionary Society, with Miss Ethel Jameson leader of the program which was presented by the Business & Professional Women's Circle.

Scripture was read by Miss Mary Frances Hallford; Meditation, by Mrs. Don Martin, and a talk from the Missionary leaflet was given by Mrs. Curtis King. Mrs. F. G. Simpson read a poem. A business session was conducted by Mrs. Harry Willett, general chairman.

Those present in addition to the ones on the program, included Mesdames H. H. Schweitzer, Ethel Payne, J. P. O'Conner, J. R. Whitworth, Homer Sheats, R. P. Moore, W. Y. Higgins, Raymond Bradley, Clarence Sparks and Henry Ford, and Misses Mildred O'Conner, Ona Jameson and Dora Jameson.

The Baptist W. M. U. met Monday afternoon at the church for a general meeting and Royal Service program, presented by the Dorcas Circle with Mrs. J. A. Groves as leader. Those taking part were Mesdames Joe Campbell, M. P. Fulkerson, Clarence Kifer, Walter Carpenter, A. A. Tipton and L. A. Carlisle.

A business meeting was conducted by Mrs. Carlisle, general chairman, and following adjournment, a box of clothing was ap-

praised and packed for Buckner's Orphans Home at Dallas. Wearing apparel valued in the neighborhood of \$45.00, was donated, in addition to which at least three crates of eggs will be included in the shipment.

Ladies present, other than those appearing on the program, were: Mesdames Boshier, Eldred Seigler, W. D. Herring, A. D. Burlison, L. Rattan, Lula Carpenter, Pearl Moorman, Bert Estes, T. E. Cammack, R. E. Campbell, D. P. Keith, Scott Bolton, Elbert Fulfer, W. M. Joslin, Fred Clower, Vernon Doss, Elbert Seigler and Ben Meador.

**LUNCHEON IS GIVEN BY MRS. TRAWEEK WED.**

A lovely two course luncheon was given Wednesday of last week by Mrs. A. C. Traweck Sr. with places laid for twenty guests.

Following luncheon five tables of bridge were in progression, with Mrs. Elmer Stearns winning high score and Mrs. J. F. Hughes a cut prize.

Others present were: Mesdames L. R. Bishop, A. A. Harp, D. I. W. Birnie, Albert Traweck, H. H. Campbell, E. B. Jones, J. R. Moore, Farris Fish, U. L. Willie, L. C. Harp, Leonora Luckett, Charlotte Hunsucker, A. L. Fryar, L. J. Barkley, Alvin Stearns, W. W. Clements, Margaret Newman and J. S. Stanley.

Messrs. W. L. McWilliams and Henry Ford were business visitors in Lubbock Saturday.

**SOROSIS CLUB HAS EASTER PROGRAM WED.**

The Sorosis Club met Wednesday afternoon of last week in the home of Mrs. Melvin Meason for one of the most interesting programs of the year.

The subject was "The Easter Parade", with this quotation: "O Risen Christ, O Easter Flower, How dear thy Grace has grown."

Group singing of "The Old Rugged Cross" by the club, was followed by papers on the following Easter customs: 1. The Easter Lily, by Mrs. Elbert Reeves; 2. The Easter Rabbit, Mrs. Elbert Seigler; and 3. The Easter Fashions, by Miss Zona Beth Faulkner, Home Economics teacher in the High School. An unusual feature of the program was the display of up-to-date wearing apparel with which Miss Faulkner illustrated her talk. Apparel was furnished by local dry goods merchants. A piano solo, "The Easter Parade" by Mrs. Bryan Cammack concluded the program.

In addition to those on the program, others present were: Mesdames Antone Freeman, Mike Hoyle, Freeman Thacker, Ben Edwards, David Guest, Frank Pohl, Hugh Gray, Tom Newman, and the hostess.

**JUNIOR CLUB HAS PROGRAM ON HEALTH**

The sub-junior El Progreso Study Club met Wednesday afternoon of last week with Ruth Rushing as hostess, and Mary Ola Tipton, leader of a program on "Health".

Only one person on the program Myrnavae Barkley, was present, and after her talk, the meeting was adjourned and refreshments served to the following: Wanda Nelson, Dorothy Wason, Frances Stearns, Aileen Russell, Marion Clements, Juanita Mize, Mary Ola Tipton, Zona Ruth Scoff, Myrnavae Barkley and the hostess.

**MRS. TUDOR IS CLUB HOSTESS**

Mrs. Annie Tudor was hostess Tuesday afternoon to the Four O'clock Club with a two table party.

High score at the conclusion of the games was won by Mrs. L. J. Barkley, with Mrs. T. J. Daffern holding second high.

Lovely refreshments were served the following members: Mesdames U. L. Willie, L. R. Bishop, L. J. Barkley Jack Edwards, W. W. Clements, Robert Collier and Daffern, and one guest Mrs. Forrest Campbell of Abilene, Texas.

**Birthday Luncheon Is Given Sunday**

Mrs. Joe Stephens entertained Sunday with a surprise birthday luncheon for her husband, at their home on the Mrs. W. W. Moore ranch in Floyd county.

Before lunch was served, music was furnished by Marvin Patton and C. R. Brandon Jr. In the late afternoon the guests were amused by bronc riding and games of "42".

Guests for the occasion were: Mr. and Mrs. Marvin Patton and son Keith; Mr. and Mrs. Charlie

Parks; Mr. and Mrs. Earl Stephens and daughter Mary Helen; Mr. and Mrs. C. R. Brandon Jr.; Mr. and Mrs. Frank Edwards; Mrs. Cordie Stephens; H. A. and Minnie Kathleen Stephens; Boyd Perkins, Miss Ona Barton, Mrs. Beulah Jameson and son Horace, Mr. and Mrs. John Hamilton and sons Thomas and Richard; Mr. and Mrs. L. R. Bishop; A. B. Aubrey, and Doris Stephens; Morris and Billy Joe Stephens and the host and hostess, Mr. and Mrs. Joe Stephens. Mr. Stephens received many nice gifts.

**Timmons' Are Hosts To Club Thursday**

Mr. and Mrs. Leland Timmons were hosts Thursday evening to the "42" Club. At the conclusion of the games high scores were held by Miss Helen Simpson for the ladies and Wilmer Greene for the men.

Lovely refreshments of salad and cheese wafers, cake and punch, were served to Mr. and Mrs. Bennie Cox, Mr. and Mrs. Cecil Pipkin, Mrs. Geneva Worsham, Misses Helen Simpson and Julia Davis, and Messrs. Julian Edmondson, Ben Dickerson and Wilmer Greene.

**MARRIAGE ANNOUNCED**

W. J. O'Conner of Matador and Miss Opal Odell of Petersburg, Texas, were united in marriage Wednesday afternoon at Lockney, by the Methodist pastor, Rev. Armstrong, of that place.

The groom is the son of Mr. and Mrs. J. P. O'Conner of this place, and is associated with his father in operating the locker system here. He is a graduate of the high school at Floydada, their former home, and joined his family here about three months ago. The bride is a graduate of the Petersburg High School.

The young couple will make their home here.

**LOCALS**

Mr. and Mrs. J. D. Strickland and small daughter Gene, of Lubbock spent the Easter vacation with Mrs. Strickland's parents, Mr. and Mrs. Roscoe Fort. Mr. Strickland is a professor in the Animal Husbandry Dept. at Texas Tech.

Mr. and Mrs. Dell Tudor of Fort Worth, visited here during the weekend with his mother, Mrs. Annie Tudor. Also visiting Mrs. Tudor and other relatives was Mrs. Phil Kendrick of Abilene.

Dr. and Mrs. Ernest Jones had as their guests from Thursday until Sunday, his mother, Mrs. M. M. Jones, brother, Marvin and sister, Carrie Lou, of San Angelo.

Mr. and Mrs. Tom Newman visited relatives in Spur Sunday.

Mr. and Mrs. A. B. Groves, Hattie Tee and Dick Groves, and Misses Willie Sue George and Madge Nichols, visited in Childress Thursday, in the home of Mr. and Mrs. Algie Groves.

**SALESMAN WANTED**

WANTED: A good reliable man to supply customers with Rawleigh Products. Write Rawleigh's, Dept. Txc-495-127M, Memphis, Tenn., or see L. B. Martin, Floydada, Texas. 3-28-40.

L. Byrd and Pete Coffman were transacting business in Matador Saturday. P. A. Simpson was a business visitor in Matador Monday.

Road System Is Improved By The WPA

West Texas Gets 1,270 Miles In Past Five Years

LUBBOCK—District Manager J. O. Jones reported today that 1,270 miles of highways, roads and streets have been built or im- proved by WPA workers in this section of Texas since the in- ception of the Federal Works Program in July, 1935.

Jones' report on WPA improve- ments to transportation facilities in the Lubbock territory was the first in a series of four statements to be issued outlining WPA's physical accomplishments in this section during the four and one- half years of the agency's ex- istence.

Of the total mileage improved by WPA workers, 1,193 miles were on farm-to-market roads. Pavement was applied to 76 miles rural roads, including 61 miles of new construction and 15 miles of reconstruction.

WPA workers built or improved 70 miles of streets and alleys in cities in this territory. Of this total 41 miles were paved. New streets built and paved by WPA workers numbered 39 miles.

In addition, to highways, coun- try roads, and city streets, WPA built and improved six miles of drives in parks and recreational centers.

Included in WPA's Lubbock Dis- trict road-building program was the construction of 28 bridges and viaducts and improvements to an additional 14 such structures. Of these there were 17 wood bridges and viaducts built and one im- proved; six steel bridges and viaducts were built and 12 im- proved; five masonry bridges and viaducts built and one improved.

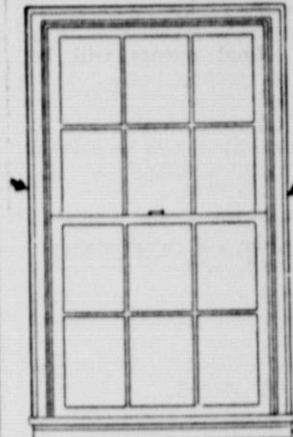

There were 721 culverts built by WPA workers and 195 such structures were improved. Road- side drainage was aided by the installation of 32 miles of ditch and 23 miles of pipe. In addition, 24 miles of drainage ditch were improved.

Sidewalks and paths totaling five miles were built. Of these, 419 miles were paved.

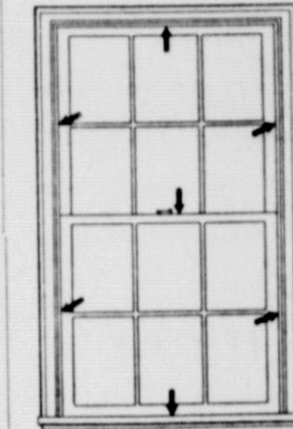

There were built 68 miles of curbs, 18 miles of gutters and WPA workers built 13 miles of guardrails and guardwalls. There were erected 3,042 traffic signs. Landscaping was improved along 23 miles of roadside.

EASIEST TIME TO CURE DRAFTS IS WHEN YOU BUILD!

WATCH THESE THREE PLACES IF YOU WOULD STOP THEM

Poor wall joint between window frame and wall causes drafts (see arrows).

Poor fitting window sash allow cold air to leak in causing drafts (see arrows).

A single pane of glass cools warm air quickly. Cool air drops to floor causing drafts.

There is just no excuse for drafts in your new home, because drafts are definitely curable if you will watch just three places—and all three places are around your windows.

First and foremost offender in the making of drafts in your new home is the window frame. Now you've never bought window frames so you don't know anything about them and that is one reason why so many home builders have drafty windows, because they were care- less about the window frame that went into their homes. Now, we aren't going to go into detail about window frames. We just want you to remember that the most important thing about a window frame is how it joins the wall. If it makes a permanent leakproof weather- tight joint with the wall—fine and dandy. If it doesn't, you'll have drafts, no end of drafts. How can you make sure about a weathertight joint? Just specify that the window frames used in your new home have wide blind stop construction. This special construction should be fa- miliar to your contractor.

Proper Fitting Necessary

Next in importance to window frame is the window sash (the part of the win- dow that moves within the frame). Many home builders buy window frames in one place and sash in another with the result that the sash and frame never fit prop- erly in spite of trimming and cutting on the job. And sash that don't fit properly cause drafts, and more drafts. The mod- ern trend is towards what is known as complete window units that are delivered with frame and sash precision fitted to each other at the factory. Many of these window units are even complete with weatherstrip. In any event be sure that the window sash are fitted properly to the window frame and you'll eliminate another big source of drafts.

Glass Cools Air

Now here is the third cause of drafts. It's warm air being quickly cooled against a single pane of glass. The cold air then drops to the floor. This flow of air causes drafts. What's the cure? A double pane of glass. Some windows are made so that this double pane of glass fits on the inside of the window, while the most common is the ordinary storm windows which are hung on the outside. Whether your double glass is inside or outside, the result is the same. The glass that is within the heated room is kept warmer by the dead air space between the double panes. Result: Warm air is not cooled so fast; no cool air—no drafts.

Dr. Geo. W. Cox, State Health Officer, Texas has many hundreds of persons that are blind or with impaired vision. These figures would be more tragic if given before the law was passed making it mandatory to use prophylactic drops in the eyes of new born babies. Since then blindness caused by birth infections has been greatly reduced.

In the examination of school children other diseases of the eyes are encountered quite frequently. Chief among these is trachoma. This disease is contagious and causes a destructive inflammation characterized by the formation of trachoma granulations. These gradually form scar tissue. Trachoma, if left untreated, will im- pair the vision and eventually cause blindness. This happens when the proper treatment is not given or the diagnosis and treat- ment is not given in its early stages.

Trachoma is most prevalent

Brewer Action Program Now in Twelve States

In twelve states—one fourth of the nation—the new "clean-up or close-up" program of the American brewing industry is now in full swing. The movement is to be gradu- ally extended into other states.

In these twelve states, brewers and beer distributors are engaged in active cooperation with law en- forcement officials to assure the maintenance of orderly, lawful con- ditions wherever beer is sold.

Since the first of the year three new states, Arkansas, Missouri and Georgia, have installed the indus- try's program of acceptance of the social responsibility of brewing.

Launched as an experiment in Nebraska in 1938, this program proved so successful in eliminating anti-social conditions where they were associated with the sale of beer that it was adopted last year in Alabama, Kansas, Maine, Ten- nessee, North Carolina, Mississippi, Oklahoma and West Virginia.

The movement is being spon- sored by the United Brewers Indus- trial Foundation, representing brew- ers in all sections of the country. It is designed to protect an indus- try which contributes a million dol- lars a day in taxes, utilizes the products of three million acres of farm land annually and helps pro- vide employment for a million peo- ple, from the irresponsible actions of a small number of law-violating dealers.

The plan consists of systematic investigations of retail outlets, and prompt appeals to the constituted authorities for revocation of the licenses of persistent law violators.

The program in each state is ad- ministered by a State Director se- lected from outside the industry. Among these Directors are a former Congressman, two former State Senators, a former United States Attorney and two former Assistant United States Attorneys, two former State Alcoholic Beverage Board Administrators, and two former Assistant Attorneys- General.

where poor sanitary conditions exist. The prevention of this dis- ease consists not only in avoiding the infection but also in maintain- ing sanitary conditions. Parents should watch closely for any in- dication of anything wrong with the vision of their children. Many diseases of the eye readily re- spond to treatment in their early stages, but if allowed to develop, may affect the vision if not cause blindness.

Advertise It In The Tribune

Weekly wages in the oil indus- try have been increased 60 per cent since 1914 while hours worked per week have been re- duced 43 per cent.

Texas petroleum is produced to- day from an average depth of 4,- 000 feet or four-fifths of a mile. Before 1920 it was produced from an average depth of 1,200 feet, or less than one-third as deep.

In 1922 the average cost of drilling an oil well in Texas was \$15,000. In 1938 it was \$26,000 due to wage increases, deeper drilling and more expensive equipment.

Texas' carbon black, used by tire makers to toughen rubber, is made from sour gas, unfit for other commercial use.

Work Wanted Got an important egg laying job for a chick? TADOR HATCHERY

I'm just "fresh out," ready for any flockowner who wants to make more money on eggs and who knows he's got to get the right bird on the job. I'll show you what real production is. Here are my qualifications: I come from good strong, healthy parents. Take a look into my family history and see for yourself that I descended from a strong and vigorous flock. That'll show you what you can expect of me as an egg layer.

WE SELL AND RECOMMEND RED CHAIN FEED MATADOR HATCHERY Lewis Newman, Manager

NOW READY... the new FORD BUSTER-PLANTER

for Ford Tractor with Ferguson System It is planting time in Texas, and Ford is ready with the new buster-planter.

This powerful little tractor handles two 14" listers with remarkable ease, speed and economy. With this attachment it is possible to plant on the bed or in the drill.

The slotted foot-piece accommodates either the regular buster or a planting sweep. The planter has the Texas-type combination cotton and corn seed plates. It is available with disc- covers or shovel-covers.

The Ford tractor with Ferguson system is completely new. You've never seen anything like it. Tractor and implement are combined into the compact unit—making possible greater effi- ciency, control and economy! Hydraulic mechanism for easy, posi- tive control of implements insures not only constant depth while planting or cultivating, but effortless lifting and lowering of imple- ments.

You Get These Features at No Extra Cost Ferguson System of Hy- draulic Control, Pneumatic Tires, Self-starter, Power Take-off, Governor, Battery and Generator, Oil-bath Air Cleaner, Muffler, Independ- ent Brakes on Rear Wheels, Oil Filter, Adjustable Tread on Front and Rear Wheels (18" to 26").

\$585 for Tractor at Dearborn. Mich. Taxes (if any) and implements extra.

We will be glad to make a free demonstration on your farm and prove our claims for the Ford Tractor and Ferguson Equipment. —No Obligation.

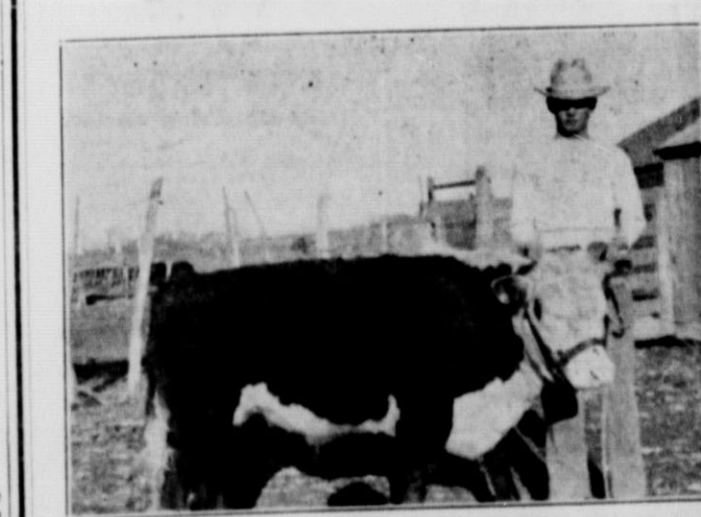

FERGUSON-SHERMAN 6% simple interest finance plan with small documentary and investi- gation fee.

Institute Of Student Opinion
FAVORITES ON THE RADIO

Question: What kind of radio program do you like to hear? What are two or three songs you like to hear on the radio.

Wiley Kennedy: I like any kind of program so long as it is not classical music. I like almost all of the songs sung by Billy's Melody Five and Orin Tucker.

Raymond Rattan: I like Jan Garber and his orchestra. Some songs I like are "Oh, Johnny" and "Tumbling Tumble Weeds."

Jewell McCoy: I like grand opera. I like the songs sung by Carman and Kay Kyser.

Leroy Nelson: I like Kay Kyser and his program. The songs that I like to hear are: "In an Old Dutch Garden", and "The Man That Comes Around", and "Dance with My Dolly."

Joyce Irby: Fibber Magee and Molly are who I like. Some songs I like are: "Indian Summer", and "If I Had My Way."

Aileen Russell: I like orchestra music. The songs I like are: "In the Mood", "Careless", and "You'd Be Surprised."

Tom Nell Darsey: I like Walter Winchell's program. The songs I like to hear are: "Darn That Dream" and "Careless."

W. T. Marshall: Charlie McCarthy is my favorite. "China Boy" and "Melancholy Baby" are the songs I like best.

Mary Ola Tipton: "I like Kay Kyser's program. The songs that I like are: "Darktown Strutter's Ball" and "The Isle of May."

Marion Clements: I like Kay Kyser's program. "Darn That Dream" and "In the Mood" are the songs I like best.

Kenneth Simpson: The Carter Family's program is what I like. Some songs I like are: "And The

Angels Sing", "Always on the Sunny Side", and "Street Cleaner Blues."

E. A. Day: Kay Kyser is my favorite. The songs I like are: "In an Old Dutch Garden", "In the Mood", and "The South American Way."

Keith Patton: I like to hear good music, classical, semi-classical, and dance. I love to hear Bob Crosby play "The Maxixe". I also like "Love is Such a Cheat."

TIMELY HINT TO PARENTS

Young people must be entertained, and it's up to the parents to see that they get the right kind of entertainments. If the parents just sit around and do nothing toward providing good times for their children, the children will get out and dig up a little fun themselves; and you know what high school kids can dig up. They'll have their fun; but it will probably be in a honky-tonk, country lane, or pasture.

Now parents can stop this by giving their children parties and dances in their homes. Some parents think that the churches and schools provide all the parties necessary for the young people. They are wrong. They do provide many enjoyable occasions, but not nearly enough. If parents entertain more for their children instead of for themselves, the young people wouldn't have so much idle time in which to get into mischief.

Spring is here now, and we hope the sandstorms are gone. So clean up the living room and in-

Units of Project Housing 1,102 Families

These attractively landscaped units are representative of those making up the vast Wyvernwood development at Los Angeles which provide modern accommodations for 1,102 families. Containing 4,425 rooms, Wyvernwood has a rental scale averaging \$9.34 per room, or an average of \$37.08 per family unit.

A \$3,000,000 mortgage on this property was insured by the Federal Housing Administration. Valuation of the development has been set at \$3,845,000.

The Wyvernwood project is one of the largest privately-financed rental housing developments in the country.

vite a group of young people in for an evening of fun; or shove out the furniture, roll up the rug and give them a dance; or take them on a picnic some sunny afternoon or moonlight night.

Young people must be entertained, you know; and you, the parents, are the ones to provide the right kind of fun for them.

DARING SOPHS GIVE PROGRAM

Those daring Sophomores entertained the students of MHS with an assembly program, Thursday, March 21. The program started with a play starring Junella Jackson and Johnnie Griffin. Its title was "An Old-Fashioned Girl." Then Johnnie Belle Willis gave a reading, "The Family Tree."

Following this was a play, "Elmer Cleans Up." The cast was: Dorothy Wason, Bennie Marshall, Wanda Nelson, Delbert Stone, and Billy Tunnell. Then came some songs by the Sophomore Hillbillies, Dorothy Wason, Junella Jackson, Johnnie Griffin, and Wanda Nelson.

Then, amid the swishing of the new curtain, came the most wonderful of it all, a pantomime of "Frankie and Johnny". J. W. Durbin sang to the accompaniment of his and Delbert Stone's guitars. Johnny Allsup was Frankie; Quinn Martin was Johnny; and Billy Tunnell was Nellie Bly. Oh! You just should have seen it! I think it shocked the teacher's modesty until they learned who it was.

Por la Escuela

The Roaring Springs Schools are supposed to present a chapel program here today. Will they put on the program? Will they fail to arrive? Will students get demerits for talking in chapel? Tune in next week for the third chapter of this new, exciting drama.

Speaking of "The Isle of May" why did they have to give such a name to such a beautiful song? The words "And it was June, June on the Isle of May", just slay us.

We certainly enjoyed our holiday last Friday. It was such a beautiful spring day. We hope for more beautiful holidays.

We wonder if any high school boys will grow any beards for the rodeo. One never knows what high school students will do; does one?

The Poet's Corner

Lucille Plumlee's big sister, Mrs. W. F. Webb, an ex-student of MHS writes poems as a hobby. As the few we have read seem exceptionally good, we think the public should know about them. So here is one.

WHILE I CAN

I think it is so nice to live, Yet I know Ere many years have come and gone, I must go. So thru the time I have to live, May I have more and more to give To others, as becomes His will Here below.

A kindly smile, a friendly word That I may say, Can greatly help some weary soul Through the day. Endowed anew with hope and cheer, Inspired to rise and conquer fear, Cold January, bleak and drear, Is turned to May.

This And That!

Hi Yi Hi Yi--The South American Way seems to be E. A. Day's favorite tune. He won't say why and its not for me to tell such a secret! Anyway he has been singing a lot lately and that's the tune!

Wonder why that senior and that certain soph mentioned in last week's news have been raising so much fuss. One can't tell--

can one?

Rudolph's glee over Lela's chicken pox puzzles us. Only one solution, Willena may take her part. Lela and Rudolph were cast as sweethearts, you know.

Stanley at last can be a lover! Alla Mae is the lucky girl. It's only a play; so don't get so excited!

Billy Tunnell was noticed sitting down gingerly the other day.

High Spots on Record-Breaking Run

Signs of the times in a motor age--these highway markers tell the story of a two-year, 100,000-mile truck test run recently completed by Chevrolet. In Canada, Mexico and every state of the Union, the truck operated on all types of highways and under every conceivable weather hazard, setting a new world mark for sustained and certified automotive operation, under the sanction and official observation of the American Automobile Association. The unit carried a 4,590-pound "payload." An average of 15.1 miles per gallon of fuel was maintained throughout the 100,000 miles, at an average operating speed of 33.07 miles per hour. Oil mileage was correspondingly high--1,071 miles per quart.

**Roundup ...**

(Continued From Page 1)

last week that contract have been let to H. H. Schweitzer to make two of his famous roundups as rodeo prizes and also with Fred Fulfer, local cowboy bootmaker for two pairs of cowboy boots to be awarded second-place winners. Saddles and boots made by the local men are known throughout the west for their exceptional quality.

The large banner to be placed across Highway 28 at the intersection of Main Street, announcing the Roundup and Rodeo, May 17-18, arrived yesterday but its erection will be delayed until stronger poles can be arranged. Due to the fact that the electric power and telephone poles at the location can not be braced, it was found the big sign offered too much wind resistance.

**ACCEPTS POSITION HERE**

C. T. Elza of Lubbock has accepted a position as day cook at the Magnolia Cafe, to fill the vacancy made when Raymond Barber resigned to accept a position with the Club Cafe at Paducah. Mr. Elza was formerly with the McGuire Cafe in Lubbock.

Mr. and Mrs. Elza are making their home in Matador.

**Formby ...**

(Continued From Page 1)

solution of these most important problems." Judge Formby is serving his fourth year as county judge of Dickens County. During his administration his friends pointed out, Dickens County is operating on a cash basis for the first time in 15 years and the citizens of the county are enjoying the lowest tax rate for that county in 22 years. Bank deposits for the county funds are the highest in 10 years.

It was also pointed out that the county's debt was reduced during this time almost 25 percent or nearly \$100,000. At the same time adequate relief projects were sponsored by the county to take care of the unemployed.

A graduate of Texas Technological College of the class of 1932, Judge Formby is president of the Alumni and Ex-Students Association, an organization composed of the 40,000 former students of Tech.

**Has Taken Lead**

Judge Formby is also president of the West Texas County Judges and Commissioners Association, an organization of 124 West Texas counties.

**School ...**

Northfield placed first in Rural School Spelling for the 4th, 5th, 6th, and 7th grades and also in the Rural High School Senior spelling. In Ward School Spelling for 4th thru 7th grade, Flomot placed first and Whiteflat 2nd; and in High School Senior Spelling, Matador placed first, Whiteflat 2nd, and Flomot 3rd.

**STORY TELLING:** Gydolene Wilkerson, Whiteflat, 1st; Walter Speers, Flomot, 2nd; and Marlene Dobbins, Northfield, 3rd.

**PICTURE MEMORY:** Billy Jo

Born in Hopkins County, Judge Formby moved to McAdoo with his parents when he was five years of age. Following his graduation from the McAdoo and Spur schools, he entered Texas Tech. During his senior year at Tech he was editor of the campus newspaper, "The Toreador." Following his graduation from Tech, he was a newspaper reporter and published at one time The Aspermont Star before he was elected county judge of Dickens County.

The Dickens County Judge said that he would issue a statement of his platform within the next few weeks. A 160-acre farmer himself, he indicated that he intended to champion the cause of the average farmer, and laboring and business man of West Texas.

"When these three prosper," he said, "the people of a whole enjoy prosperity." (This announcement paid for by friends of Marshall Formby.)

Thomas and La Juana Payne, Northfield, first.

The All-Round Championship Schools, Rural, Ward and High Schools, cannot be determined until the first week-end of May when the final events will be held in play ground ball.

A detailed account of winners in track and field events, and in the tennis matches, will be carried in next week's issue of the Tribune.

**HOSPITAL NOTES**

Mrs. Frank Cunningham of Flomot is a patient of the hospital this week.

Dick Taylor's baby of Quitaque is a hospital patient.

George Stapleton of Flomot is receiving medical attention at the hospital.

The three year old daughter of Mr. and Mrs. M. O. Buchanan of Turkey is improving following an appendicitis operation.

Eugene Fisher of Whiteflat was treated for shot gun wounds received when a gun which he was holding was accidentally discharged.

Charles Price, son of Mr. and Mrs. Grover Price is being treated for a broken arm.

Grant Carlson is recovering from an attack of ptomaine poison.
